1

Item 2.01 Completion of Acquisition or Disposition of Assets

On March 4, 2005, the Company sold its natural gas producing properties in Rush County, Kansas to Bear Petroleum, Inc. for \$2.4 million effective with gas production beginning February 1, 2005. The sale involved fifty three producing gas wells and saltwater disposal wells, and the associated gathering system as well as the underlying leases and rights of way, being all of the gas wells, leases, and gathering system in Rush County, Kansas that were purchased from AFG Energy by the Company in 1998.

The sale did not involve any of the Company's oil producing properties and leases in Kansas. The net proceeds of the sale were applied to reduce the principal outstanding on the Company's promissory note dated May 18, 2004 payable to Dolphin Offshore Partners, L.P. (Dolphin) from the original amount of \$2.5 million to \$150,000 as of March 4, 2005. It is anticipated that the balance of the note will be paid down from the Company's operations. Interest on the note to Dolphin is 12% per annum payable monthly which prior to reduction of the principal was \$25,000 per month. Dolphin is the largest holder of the Company's common stock and Peter E. Salas, controlling person of Dolphin, is a Director

of the Company.

In 2004, the wells that were sold produced 261,466 Mcf of gas resulting in revenues to the Company of approximately \$868,892. The Company's revenues from all of its Kansas properties in 2004 were \$4,435,709.
