Note:

Puroflow Incorporated (" Company") or (" PFLW") is amending its Form 8-K (date of report - July 17, 2003) filed July 29, 2003 to include financial statements of businesses acquired and related pro forma financial information.

ITEM 2. Acquisition or Disposition of Assets:

On July 17, 2003, PFLW acquired Southern Maryland Cable, Inc. ("SMC"), by merger of SMC into PFLW's wholly owned subsidiary, PFLW\SMC Acquisition Corp. ("PAC").

SMC provides communications infrastructure installation and utility construction services to commercial customers and agencies of the United States federal government. For the year ended December 31, 2002, SMC had revenues of approximately \$8,808,000. The purchase price of approximately \$4,000,000 was satisfied in cash of which \$260,000 is being held in escrow. PFLW assumed approximately \$971,000 of SMC's debt. The Company consummated a private placement on April 29, 2003. The proceeds after offering costs were approximately \$9.6 million, a portion of which were used to acquire SMC.

ITEM 7. Financial Statements, Pro Forma Financial Information and Exhibits:

(a) Financial Statements of Businesses Acquired:

INDEPENDENT AUDITORS' REPORT

To the Stockholders  
Southern Maryland Cable, Inc.  
Tracy's Landing, Maryland

We have audited the accompanying balance sheets of Southern Maryland Cable, Inc. (an "S" corporation) as of December 31, 2002 and 2001, and the related statements of operations, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the 2002 and 2001 financial statements referred to above present fairly, in all material respects, the financial position of Southern Maryland Cable, Inc. as of December 31, 2002 and 2001 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

We have reviewed the accompanying balance sheet of Southern Maryland Cable, Inc. (an "S" corporation) as of June 30, 2003, and the related statements of operations and cash flows for the three and six months ended June 30, 2003 and 2002, and the statements of stockholders' equity for the six months ended June 30, 2003 (the "interim financial statements"). These interim financial statements are the responsibility of the management of Southern Maryland Cable, Inc.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews of the interim financial statements referred to above, we are not aware of any material modifications that should be made to the accompanying interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

## NOTES TO FINANCIAL STATEMENTS

### **Note 1. Summary of Significant Accounting Policies**

Southern Maryland Cable, Inc. (the Company), located in Tracy's Landing, Maryland, is in the utility construction and communications infrastructure installation business with operations throughout Maryland, Delaware, Virginia, and Washington, DC. The Company's work is performed under unit-price and fixed price contracts. The lengths of the unit-price contracts vary but are typically two and three years in length. Fixed price contracts are normally completed within one operating cycle.

On July 17, 2003, the Company merged with and became a wholly-owned subsidiary of Puroflow Incorporated.

Significant accounting policies not disclosed elsewhere in the financial statements are as follows:

#### Revenue and Cost Recognition

##### Unit-Price Contracts:

Revenues on unit-price contracts are recognized when the related service is provided to the customer.

##### Fixed Price Contracts:

The Company recognizes revenues from construction contracts on the percentage-of-completion method, measured by the percentage of direct cost incurred to date to estimated total direct cost for each contract. That method is used because management considers total direct cost to be the best available measure of progress on the contracts. Because of inherent uncertainties in estimating costs, it is at least reasonably possible that the estimate used will change within the near term.

Direct contract costs includes all direct material, labor and subcontractor costs and those indirect costs related to contract performance, such as equipment, supplies and tools where a reasonable allocation of such costs to the contracts can be made. Selling and general and administrative costs are charged to expenses as incurred. Provisions for estimated losses on uncompleted contracts are recognized in the period in which such losses are determined. Changes in estimated job profitability resulting from job performance, job conditions, contract penalty provisions, claims, change orders, and settlements, are accounted for as changes in estimates in the current period.

The asset, "costs and estimated earnings in excess of billings on uncompleted contracts," represents revenues recognized in excess of amounts billed. The liability, "billings in excess of costs and estimated earnings on uncompleted contracts," represents billings in excess of revenues recognized.

**Note 1. Summary of Significant Accounting Policies** (continued)

Depreciation

Depreciation is provided principally on the straight-line method over the estimated useful lives of the assets, which are generally from three to seven years for equipment and ten to forty years for buildings and leasehold improvements.

Income Taxes

During 1999, the Company changed its status from a tax paying "C" corporation to an "S" corporation whereby income taxes on the Company's net earnings are paid personally by the stockholders. As a result, a provision for income taxes at the corporate level is not required. However, the Company is liable for payment of federal and state income taxes on certain built-in gains on appreciated assets as they are recovered and settled during the ten year period ending December 31, 2009 following the "S" corporation election.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Cash and Equivalents

For purposes of reporting cash flows, the Company considers all cash accounts that are not subject to withdrawal restrictions or penalties, and certificates of deposit with original maturities of 90 days or less to be cash or cash equivalents.

Advertising

The Company's policy is to expense advertising costs as these costs are incurred. The amount charged to expense for the years ended December 31, 2002 and 2001 was \$5,155 and \$3,462, respectively.

Impairment of Long-Lived Assets

The Company tests for impairment of long-lived assets when events and circumstances warrant such a review.

**Note 2. Marketable Securities**

The Company owns various equity securities. At December 31, 2002, these securities were classified as available-for-sale securities and are reported at fair value, with the unrealized gains and losses included in comprehensive income. At December 31, 2002 and 2001, these securities had a fair value of \$14,979 and \$16,168, respectively, a cost of \$16,208 and \$17,448, respectively, and an unrealized loss of \$1,229 and \$1,280, respectively.

**Note 3. Accounts Receivable**

Accounts receivable consist of:

	<b>2002</b>	<b>2001</b>
Billed		
Service contracts	\$ 542,073	\$ 796,054
Completed contracts	111,158	224,608

Unbilled	24,239	52,104
	\$ 1,314,620	\$ 1,108,040

The Company considers all contracts receivable at December 31, 2002 and 2001 to be fully collectible. Accordingly, no allowance for doubtful accounts is required.

**Note 4. Uncompleted Contracts**

Costs, estimated earnings, and billings on uncompleted contracts are summarized as follows:

	<b>2002</b>	<b>2001</b>
Costs incurred on uncompleted contracts	\$ 1,638,374	\$ 82,946
