Various inputs are used in determining the value of the Trust's investments. These inputs are summarized in the three broad levels below.

Level 1 - quoted prices in active markets for identical securities.

Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risks, etc.).

Level 3 - significant unobservable inputs (including the Trust's own assumptions in determining fair value of investments).

The following is a summary of the inputs used as of July 31, 2018, in valuing the Trust's investments.

^{*}Transfers are calculated on the beginning of period values. During the three months ended July 31, 2018, there were no transfers between Levels 1, 2 and 3.

Net change in unrealized appreciation (depreciation) of Level 3 investments still held and considered Level 3 at July 31, 2018: \$(147,050).

The following table presents additional information about valuation techniques and inputs used for investments categorized as Level 3 at July 31, 2018. These amounts exclude valuations provided by a broker.
