INDEPENDENT AUDITORS' REPORT

The Board of Directors  
Webster Bank:

We have audited the accompanying statements of net assets available for benefits of the Webster Bank Employee Investment Plan as of December 31, 2002 and December 30, 2002 and 2001, and the related statements of changes in net assets available for benefits for the short plan period ended December 31, 2002 and each of the years in the three-year period ended December 30, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial

statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Webster Bank Employee Investment Plan, as of December 31, 2002 and December 30, 2002 and 2001, and the changes in net assets available for benefits for the short plan period ended December 31, 2002 and for each of the years in the three-year period ended December 30, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held at December 31 and December 30, 2002 are presented for purposes of additional analysis and are not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WEBSTER BANK  
EMPLOYEE INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Webster Bank Employee Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the full Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a qualified profit-sharing and deferred compensation plan under Section 401(a) of the Internal Revenue Code of 1986. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan was initially adopted effective as of October 1, 1984. Subsequent to this date, the Plan has been amended on various dates for reasons that include: certain legislative and regulatory changes, employer name change, plan merger, plan name change, plan year changes and various acquisitions. The Plan is sponsored and administered by Webster Bank (the "Bank"), a subsidiary of Webster Financial Corporation ("Webster" or the "Company"). The Plan covers all eligible employees who are employed by the Bank and its subsidiaries, who are members of the controlled group. The Plan also covers certain subsidiaries of Webster who are members of the controlled group. To be eligible to participate in the Plan, an employee must have attained age 21 and have completed one year of service (at least 1,000 hours of service). An eligible employee may join the Plan on the first day of any calendar quarter. Participants in the Plan may change their contribution amounts up to four times per year on specific dates and cease contribution at any time during the Plan year. All investments in the Plan are participant directed. Participation in the Plan is completely voluntary.

The Plan was amended on December 16, 2002, to incorporate a change in the Plan year. The amendment, effective December 31, 2002, changed the plan year end to December 31 from December 30. The 2002 plan year consisted of a regular year from December 31, 2001 to December 30, 2002 and a short plan period, which commenced December 31, 2002 and ended December 31, 2002. Effective January 1,

## Edgar Filing: WEBSTER FINANCIAL CORP - Form 11-K

2003, the Plan will have a calendar fiscal year.

Effective June 1, 2002, the trustee was changed to Riggs Bank, N.A. from UBS PaineWebber Trust.

On October 22, 2001, an amendment and restatement of the Plan incorporating "GUST" changes was adopted by the Board of Directors. The changes under "GUST" were required to be adopted by the Plan by December 31, 2001. "GUST" is the acronym for a series of statutes that were enacted between 1994 and 2000 that affected the rules governing qualified retirement plans. The statutes include the General Agreement on Tariffs and Trade, the Uniform Service Employment and Reemployment Rights Act, the Small Business Job Protection Act and the Tax Reform Act of 1997. Subsequent to implementing the changes required under "GUST", the Plan was submitted to the Internal Revenue Service ("IRS") for a favorable determination letter. The IRS has determined and informed the Bank in a letter dated September 13, 2002, that the Plan was in accordance with applicable sections of the Internal Revenue Code. Refer to Note 6 within this report for further tax information.

Webster, through its subsidiaries, the Bank, Webster Insurance, Inc. ("Webster Insurance"), Webster D&P Holdings, Inc. ("Duff & Phelps"), and Fleming, Perry & Cox ("Fleming"), delivers financial services to individuals, families and businesses primarily in Connecticut and equipment financing, mortgage origination and financial advisory services to public and private companies throughout the United States. The Bank provides business and consumer banking, mortgage lending, trust and investment services and insurance services through 111 banking and other offices, 219 ATM's and its Internet website ([www.websteronline.com](http://www.websteronline.com)).

### (b) Contributions

Employees who are members of the Plan, could make contributions of 1% to 15% of their pay on a pre-tax basis for the 2002 Plan year and 1% to 10% for the 2001 Plan year. Highly compensated employees could make contributions of 1% to 8% of their pre-tax pay for the 2002 and 2001 Plan years. Highly compensated employees, as defined in the Internal Revenue Code, are limited in the percent of their compensation which they can defer to the Plan based upon the average percent of compensation deferred by the non-highly compensated group of employees. Total salary deferrals were limited to \$11,000 and \$10,500 for the 2002 and 2001 Plan years, respectively. The Bank contributes a matching contribution to the Plan equal to 50% of the first 6% of a participant's salary deferral contribution. The cost of the matching contribution is allocated among the Bank and the participating subsidiaries of the Bank and Webster.

The Bank may also make a discretionary contribution to the Plan on behalf of employee participants.

During 2002, the Plan was amended to incorporate a "value sharing" component. Under the "value sharing" component of the Plan, the Bank can make a discretionary profit sharing contribution to the Plan for the benefit of eligible participants below the level of senior vice president. The contributions will be invested in Webster common stock and remain invested in such until the participant becomes fully vested in his or her account under Plan guidelines. The "value sharing" component of the Plan became effective for the Plan year beginning December 31, 2001 and ending December 30, 2002. Refer to Notes 8 and 9 within this report for further information concerning discretionary contributions.

Payment options under the Plan are either a single lump sum payment or a series of equal periodic payments in the form of an annuity. If the participant's vested account balance is no more than \$5,000, the balance will be paid in a single lump sum payment within 90 days after the end of the Plan year in which the participant becomes eligible to receive the payment. If the participant's vested account balance is more than \$5,000, the payout will be in the form of an annuity unless the annuity option is waived. Participant's who have an account balance of more than \$5,000 may have their balance remain in the Plan. The participant may also elect to have the vested account balance directly rolled over to another qualified plan. If the participant is married, a joint and survivor annuity will provide monthly payments for as long as the participant and the spouse live. In the event of a participant's death, the vested account balance will be paid to the participant's designated beneficiary or beneficiaries. If the participant dies before his spouse, the monthly annuity payment to a spouse will be 50% of the payments that would have been received prior to the participant's death.

Edgar Filing: WEBSTER FINANCIAL CORP - Form 11-K

NOTES TO FINANCIAL STATEMENTS

-----

If the participant does not want an annuity payout, the participant may choose another type of payment, such as a single lump sum or installment payments over a set period. In the event of a participant's total and permanent disability, a participant would receive their vested account balance as if normal retirement had occurred. All benefit payments to participants are recorded upon distribution.

(e) Loans

-----

Employees have the ability to borrow up to 50% of their account balances up to \$50,000. Interest on the loan is paid by Plan participants to their account at prevailing interest rates through payroll deductions. Loans must generally be repaid within five years or by the normal retirement date of the borrower, if earlier.

(f) Rollovers

-----

Under the Plan, transfers from other tax-qualified retirement plans are permitted even if the employee is not currently participating in the Plan. Rollovers must be deposited to the Plan trust fund within 60 days of receipt. All rollovers will be invested and distributed in accordance with the rules of the Plan.

(g) Withdrawals

-----

Hardship withdrawals are permitted under the Plan.

The Plan administrator is required by law to recognize obligations the participant incurs as a result of court-ordered support or alimony payments. The Plan administrator is obligated to honor a qualified domestic relations order ("QDRO"). (e) Use of Estimates

Actual results could differ from those estimates.

(f) Administrative Expenses  
-----

Total administrative fees for the 2002 Plan year were \$76,090 of which \$66,730 was paid by the Bank and \$9,360 was paid by the Plan. There were no administrative fees for the short plan period ended December 31, 2002.
