PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
MAY 7, 2002

GENERAL

The enclosed proxy is solicited on behalf of the Board of Directors of Scios Inc., a Delaware corporation (the "Company" or "Scios"), for use at its Annual Meeting of Stockholders to be held at the Stanford Park Hotel, 100 El Camino Real, Menlo Park, California 94025, at 10:00 a.m. on May 7, 2002, and at any adjournment or postponement of that meeting. The approximate mailing date for this Proxy Statement and the enclosed proxy is on or about April 1, 2002.

The Board of Directors has fixed the close of business on March 11, 2002 as the record date for the determination of stockholders entitled to vote at the Annual Meeting or any adjournment or postponement thereof. At that time, there were 46,083,490 shares of Common Stock issued and outstanding.

VOTING

Each share of Common Stock issued and outstanding on the record date is entitled to one vote. In the election of directors, the eight candidates receiving the highest number of affirmative votes of the shares present and voting at the Annual Meeting at which a quorum is present will be elected directors. With respect to the election of directors, where no vote is specified on a proxy, the votes represented by the proxy card will be cast, at the discretion of the proxies named therein, for all the candidates nominated by the Board. An affirmative vote of a majority of the shares present and voting at the meeting is required for approval of the other proposals properly submitted to the stockholders for their consideration. Properly executed, unrevoked proxies will be voted for each of the proposals unless a vote against a proposal or an abstention is indicated in the proxy.

The presence at the Annual Meeting in person or by proxy of a majority of the shares outstanding as of the record date will constitute a quorum. For quorum purposes, abstentions and "broker non-votes" (proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owners or other persons entitled to vote on a matter on which the broker or nominee does not have discretionary authority to vote) are each included in the determination of the number of shares present and voting. Each matter is tabulated separately. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders, whereas broker non-votes are not counted for any purpose in determining whether a proposal has been approved.

REVOCABILITY OF PROXIES

Stockholders may revoke a proxy at any time before it is voted. It may be revoked by filing with the Secretary of the Company an instrument of revocation or a duly executed proxy bearing a later date. It also may be revoked by attending the meeting and delivering an election to vote in person. Attendance at the meeting will not itself revoke a proxy.

Edgar Filing: SCIOS INC - Form DEF 14A

SOLICITATION

Solicitation of proxies may be made by directors, officers and other employees of the Company by personal interview, telephone, telegraph, telefax or electronic communications. No additional compensation will be paid for any such services. The Company will bear the entire cost of preparing, assembling, printing and mailing this Proxy Statement, the accompanying proxy and any additional material which may be furnished to stockholders by the Company. Copies of solicitation material will be furnished without charge to brokerage houses, fiduciaries and custodians to forward to beneficial owners of stock held in their names. Upon request, the Company will reimburse the reasonable fees and expenses of banks, brokerage houses or other nominees or fiduciaries for forwarding proxy materials to, and obtaining authority to execute proxies from, beneficial owners for whose accounts they hold shares of Common Stock.

1

Please complete, date and sign the enclosed proxy card and return it promptly in the envelope provided. If your shares are held in "street name," only your bank or broker can vote your shares and only upon your specific instructions. Please contact the person responsible for your account and instruct him or her to vote the proxy card as soon as possible.

EMPLOYMENT AND SEVERANCE AGREEMENTS

See "Management Development and Compensation Committee Report--Chief Executive Officer Compensation" for a description of Mr. Brewer's employment agreement.

In January 2000, the Company entered into individual agreements (the "Agreements") with Mr. Brewer and each of the Company's executive officers to provide certain severance payments and benefits if their employment terminates following a Change of Control (defined below). The Agreements are intended to encourage the Company's officers to remain with the Company.

The Agreements provide various severance benefits to such officers in the event their employment is terminated involuntarily (other than for cause (as defined in the Agreements), disability or death) or voluntarily for Good Reason (defined below), in either case within one year after a Change of Control (defined below). In general, a Change of Control will occur if on or prior to December 31, 2002, (i) any person acquires fifty percent (50%) or more of the voting power of the Company's stock, (ii) any person acquires twenty percent (20%) or more of the voting power of the Company's stock unless such acquisition is approved in advance by the Board, (iii) the individuals who comprised the Company's Board of Directors on January 11, 2000 cease to comprise a majority of the Board, (iv) a merger, consolidation or reorganization of the Company occurs and the Company's stockholders do not own at least fifty percent (50%) of the voting securities of the entity resulting from such merger, consolidation or reorganization, (v) fifty percent (50%) or more of the Company's assets are sold, assigned, leased or conveyed to any person other than a subsidiary, or (vi) there is a complete liquidation of the Company. The Agreements will automatically expire if a Change of Control has not occurred by December 31, 2002, unless extended by the Board for up to one additional year. In general, Good Reason means (a) relocation of the Company's executive offices by more than 40 miles, (b) assignment of duties inconsistent with the officer's position or substantial adverse alteration in the officer's responsibilities from those in effect before the Change of Control, or (c) reduction in the officer's total annual cash salary and bonus opportunity.

The Agreements provide for the following severance benefits to each officer: (i) a lump sum payment based on a multiple of his or her annualized cash compensation, including target bonus, (ii) continuation of the health care benefits that were being provided by the Company to such officer and his or her family immediately prior to termination, and (iii) outplacement services at the Company's expense (up to a maximum of \$10,000). Each of the Agreements is substantially identical, except that the severance compensation multiple for Mr. Brewer is 2.25x and the multiple for the other officers is 1.5x, and the continuation of health care benefits is for twenty-four (24) months for Mr. Brewer and eighteen (18) months for the other officers. In addition, consistent with Mr. Brewer's Employment Agreement, his Agreement includes within the meaning of Good Reason a material change in the principal line of business of the Company without his concurrence, while the other Agreements do not. All benefits payable under the Agreements would be reduced to the extent necessary

Edgar Filing: SCIOS INC - Form DEF 14A

to preserve the ability of the Company to deduct the severance benefits paid and to prevent payments to any officer from exceeding the limit of Section 4999 of the Code applicable to "excess parachute payment" (as defined in Section 280G of the Code). The Agreements are not employment contracts and the Agreement with Mr. Brewer is intended to supplement his Employment Agreement only with respect to severance payments in the event of termination of employment following a Change of Control (as described above) and otherwise does not amend or modify his Employment Agreement.

10

Severance arrangements also are in effect for all other regular employees of the Company, conditional on involuntary termination or voluntary termination upon reductions in the compensation for such employees following a Change of Control, with the amount of severance benefits based on an employee's level with the Company.

MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE REPORT/(1)/

The Management Development and Compensation Committee of the Board of Directors (the "Committee") is responsible for establishing the Company's compensation programs for all employees, including executives. For executive officers, the Committee evaluates performance and determines specific compensation policies and levels. In 2001, the Committee was composed of Mr. Armacost, Dr. Rice, Dr. Sanders and Mr. Step. None of these directors were officers or employees of the Company.

COMPENSATION PHILOSOPHY

The goals of the compensation program are to link compensation with business objectives and performance, and to enable the Company to attract, retain and reward executive officers and other key employees who contribute to the long-term success of the Company and to build long-term stockholder value. Key elements of this philosophy are:

- .. The Company pays competitively with leading biotechnology and other companies with which the Company competes for management or employee talent. To ensure that pay is competitive, the Company regularly compares its pay practices with these companies and sets its compensation parameters based on this review.
- .. The Company maintains annual incentive opportunities sufficient to provide motivation to achieve specific business goals and to generate rewards that bring total compensation to competitive levels.
- .. The Company provides significant equity-based incentives for executives and other key employees to ensure that they are motivated over the long-term to respond to the Company's business challenges and strategic opportunities as owners as well as employees.

The primary components of executive compensation are base salary, annual incentives and long-term equity incentives. Over the last five years, the Committee has granted a salary increase to the CEO only in 2001 and has only granted relatively modest salary increases over the last four years to other executives. These actions reflect the Committee's intent to lower the relative percentage of fixed compensation and increase the relative percentage of performance-based compensation.

The Committee's objective in general is to set each component of executive compensation at the market average when compared to a nationwide survey of the

Edgar Filing: SCIOS INC - Form DEF 14A

biotechnology industry, or the comparator group. In 2001, the comparator group contained approximately 300 companies. Many of the companies included in the Amex Biotechnology Index used in the Performance Graph included in this Proxy Statement are included in the comparator group.

BASE SALARY. The Committee annually reviews each executive officer's base salary against the base salaries paid for similar positions by companies within the comparator group. A range of salary levels is established by this comparison based on the survey's weighted average salary for comparable positions. Within this range, the Committee considers individual factors, including individual performance, level of responsibility, prior experience and breadth of knowledge, as well as competitive pay practices and the extent to which the Company achieved its corporate objectives described in the section below entitled Annual Incentive. From year to year, the relative weighting of the individual components and the corporate performance component may differ from officer to officer, and can be expected to change over time in response to the Company's evolution.

ANNUAL INCENTIVE. The Employee Incentive Plan, an annual award plan, offers variable pay for officers and other employees of the Company based on the extent to which Company and individual performance objectives are achieved. At the start of each year, the Committee and the full Board of Directors review and approve the annual performance objectives for the Company and individual officers and key employees. The Company objectives consist of operating, strategic and financial

11

goals that are considered to be critical to the Company's long-term goal of building stockholder value. Individual performance objectives vary by individual and include both quantitative factors like attainment of specific goals and qualitative factors such as leadership and overall contribution.

After the end of the year, the Committee evaluates the degree to which the Company has met its objectives and, at the discretion of the Committee, establishes a total incentive award pool under the Employee Incentive Plan. Individual awards are determined by evaluating the Company's overall performance and by evaluating each participant's performance against objectives for the year. The incentive award pool is then allocated based on that assessment. Awards are paid in cash and distributions are made in February following the performance year.

The annual performance objectives established for 2001 included:

- .. FDA approval and successful commercial launch of Natrecor(R); execution of a license and collaboration agreement with a suitable partner for launch of Natrecor(R) in Europe; initiation of additional clinical studies on Natrecor(R), including an investigation of the drug for serial infusion in the outpatient setting; and the achievement of targeted year-end Natrecor revenues;
- .. Completion of phase I trials on SCIO-469, a p38 kinase inhibitor, and filing

Edgar Filing: SCIOS INC - Form DEF 14A

of an Investigational New Drug Application for SCIO-469;

- .. From the company's research and development pipeline of small molecules, the advancement of a new molecule from discovery to development; and
- .. Achievement of financial goals for operating expenses and year end cash position, including successful completion of a secondary offering.

The Company also has a Spot Bonus Award program under which it provides modest immediate cash awards to recognize outstanding performance by employees at any level of the Company.

LONG-TERM INCENTIVE. The Company's long-term incentive program for officers consists of the 1983 Incentive Stock Option Plan which expired March 5, 1993, the 1986 Supplemental Stock Option Plan which expired January 16, 1996, and the 1992 Equity Incentive Plan. The option program utilizes vesting periods which are generally four years to encourage key employees to continue in the employ of the Company and to look to achieve the Company's long-term strategic goals. Through option grants, executives receive significant equity incentives to build long-term stockholder value. Annually, the Committee reviews the equity incentives of executive officers and may make additional option grants to remain competitive with the comparator group and maintain appropriate long-term incentives for key individuals. All option grants have been made at or above 100% of fair market value on the date of grant. Executives receive value from these grants only if the Company's Common Stock appreciates over the long-term. The Company has also made restricted stock grants that vest over time to Mr. Brewer, Mr. Gryska and Dr. Schreiner as described under "EXECUTIVE COMPENSATION." The size of option grants and restricted stock grants generally is determined based on competitive practices at companies in the comparator group and the Company's philosophy of significantly linking executive compensation with stockholder interests. In addition, the Committee considers the terms and number of options previously awarded in determining the size of option grants. The Committee believes the approach of making grants that vest over an extended time period creates an appropriate focus on longer-term objectives and promotes executive retention.

Section 162(m) of the Internal Revenue Code limits the federal income tax deductibility of compensation paid to the Company's CEO and to each of the other four most highly compensated executive officers. The Company intends that the long-term incentive compensation paid to these executives will be deductible by the Company under Section 162(m). In 1998, the Board and stockholders approved amendments to the 1992 Equity Incentive Plan intended to meet the requirements of Section 162(m).

CHIEF EXECUTIVE OFFICER COMPENSATION

Richard B. Brewer became the Company's President and Chief Executive Officer in September 1998. Pursuant to his employment agreement with the Company, Mr. Brewer's base salary was \$400,000 per annum, subject to annual increases by the Board. Mr. Brewer is also eligible to receive a cash bonus, at the Board's discretion, which bonus will equal 50% of his base salary if he meets defined performance criteria and up to a maximum of 100% of his base salary if his performance substantially exceeds the targeted level; subject to guaranteed minimum levels of \$50,000 in 1998, \$200,000 in 1999 and \$100,000 in 2000. The employment agreement contains no guaranteed minimum bonus levels for subsequent years. The

Compensation Committee established Mr. Brewer's compensation package for 2001

Edgar Filing: SCIOS INC - Form DEF 14A

based on the general factors discussed above and upon an evaluation of the compensation paid to Chief Executive Officers at comparable companies. Mr. Brewer also received the stock option grants and restricted stock grant as described under "EXECUTIVE COMPENSATION." In 2001, the key factors considered in determining Mr. Brewer's bonus and stock option grants were FDA approval of Natrecor(R), the successful launch of Natrecor(R), the completion of phase I trials on SCIO-469 and the achievement of certain other financial, operating and strategic goals. The Committee believes Mr. Brewer's compensation is consistent with the special demands of the position, the compensation of chief executive officers in the comparator group and in accord with the compensation philosophy articulated above. See "COMPENSATION PHILOSOPHY--ANNUAL INCENTIVE" and "COMPENSATION PHILOSOPHY--LONG-TERM INCENTIVE" above.

CONCLUSION

In summary, the Compensation Committee believes that, through the plans and actions described above, a significant portion of the Company's compensation program and, in particular, the program for executive officers, is contingent on Company performance, and that the realization of benefits is closely linked to achievement of key corporate objectives that will produce increases in long-term stockholder value. The Company remains committed to this philosophy of performance-based compensation, recognizing that the Company is still in a developmental stage and that the competitive market for talented executives and the volatility of the Company's business may result in highly variable compensation for any particular time period. We will continue to monitor closely the effectiveness and appropriateness of each of the components of compensation to reflect changes in the Company's business environment.

Services provided to the Company and its subsidiaries by PricewaterhouseCoopers LLP with respect to the fiscal year ended December 31, 2001 included examination of the Company's consolidated financial statements, limited reviews of quarterly reports, services related to filings with the SEC and consultations concerning various tax matters.

PricewaterhouseCoopers LLP has audited the Company's financial statements annually since the Company's inception in 1982. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. They do not expect to make a statement, but will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the Board feels that such a change would be in the best interests of the Company and its stockholders.

Ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for fiscal year 2002 will require the affirmative vote of at least a majority of the shares of Common Stock represented in person or by proxy and entitled to vote at the Annual Meeting.
