ACE MARKETING & PROMOTIONS, INC
 NOTES TO FINANCIAL STATEMENTS
 NINE MONTHS ENDED SEPTEMBER 30, 2005 AND 2004 (UNAUDITED)

The Condensed Balance Sheet as of September 30, 2005, the Condensed Statements of Operations for the three and nine months ended September 30, 2005 and 2004 and the Condensed Statements of Cash Flows for the nine months ended September 30, 2005 and 2004 have been prepared by us without audit. In our opinion, the accompanying unaudited condensed financial statements contain all adjustments

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10QSB

necessary to present fairly in all material respects our financial position as of September 30, 2005, results of operations for the three and nine months ended September 30, 2005 and 2004 and cash flows for the nine months ended September 30, 2005 and 2004.

This report should be read in conjunction with our Registration Statement on Form 10-SB which includes financial statements for the year ended December 31, 2004.

The results of operations and cash flows for the nine months ended September 30, 2005 are not necessarily indicative of the results to be expected for the full year.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REVENUE RECOGNITION - Revenue is recognized when title and risk of loss transfers to the customer and the earnings process is complete. In general, title passes to our customers upon the customer's receipt of the merchandise. Revenue is accounted for in accordance with Emerging Issue Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent." Revenue is recognized on a gross basis since the Company has the risks and rewards of ownership, latitude in selection of vendors and pricing, and bears all credit risk.

The Company records all shipping and handling fees billed to customers as revenues, and related costs as cost of goods sold, when incurred, in accordance with EITF 00-10, "Accounting for Shipping and Handling Fees and Costs."

ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NINE MONTHS ENDED SEPTEMBER 30, 2005 AND 2004 (UNAUDITED)

2. EARNINGS PER SHARE

Basic earnings per common share are computed by dividing net income by the weighted average number of shares of common stock outstanding during the period. Dilutive earnings per share gives effect to stock options and warrants, which are considered to be dilutive common stock equivalents. Basic loss per common share was computed by dividing net loss by the weighted average number of shares of common stock outstanding. Diluted loss per common share does not give effect to the impact of options because their effect would have been anti-dilutive.

3. STOCK OPTIONS

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10QSB

The Company has elected the disclosure only provisions of Statement of Financial Accounting Standard No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123") in accounting for our employee stock options. Accordingly, no compensation expense has been recognized. Had we recorded compensation expense for the stock options based on the fair value at the grant date for awards in the three and nine months ended September 30, 2005 and 2004 consistent with the provisions of SFAS 123, our net loss and net loss per share would have been adjusted as follows:

4. NOTE PAYABLE

Note payable to a stockholder in the original principal amount of \$25,000. The Note bears interest at a rate of 10% per annum.

Prior to the repayment of any of the principal and accrued interest, the holder can convert the Note into common stock of the Company at the conversion rate of \$1.50 per share. On January 13, 2005, the Company agreed to convert the principal and accrued interest into common stock of the Company at a reduced conversion rate of \$1.00 per share, which resulted in the issuance of 31,076 shares of common stock.

5. STOCKHOLDERS EQUITY

Private placement of securities - During the nine months ended September 30, 2005, the Company completed a private placement through the sale of 10 units (each consisting of 10,000 common shares and 10,000 Class B Warrants) at a purchase price of \$10,000 per unit for net proceeds of \$95,000, net of transaction cost of approximately \$5,000. Each Class B Warrant has an

exercise price of \$2.00 and expires on January 2, 2008.

6. STOCK OPTION PLAN

The Shareholders approved an amendment to the Company's Employee Benefit and Consulting Services Compensation Plan (the "Plan") and increased the number of shares covered by the Plan from 2,000,000 to 4,000,000 shares of Common Stock.

During the three and nine month periods ended September 30, 2005, the Company granted 180,000 and 2,672,000 options, respectively, under the Plan.

8

7. CONSULTING AGREEMENT

On June 10, 2005 the Company entered into a consulting agreement with a financial advisory firm. In connection with this agreement the Company granted a warrant for the purchase of 1,100,000 shares of the Company's common stock. The warrant has an exercise price of \$.10 per share and expires on June 10, 2010. In connection with this grant the Company recorded a charge of \$451,000, which is included in selling, general and administrative expenses.

OVERVIEW

We are a full service advertising specialties and promotional products company. Specific categories of the use of promotional products include advertising specialties, business gifts, incentives and awards, and premiums. Through the services of our two in-house sales persons, who also serve as executive officers of our company, and the use of independent sales representatives, we distribute items to our customers typically with their logos on them. Several of our customer categories include large corporations, local schools, universities, financial institutions, hospitals and not-for-profit organizations.

The most popular products that we have distributed over the last two years and account for over 50% of our business are as follows:

- o Wearables, such as t-shirts, golf shirts and hats.
- o Glassware, such as mugs and drinking glasses.
- o Writing instruments, such as pens, markers and highlighters.
- o Bags, such as tote bags, gift bags and brief cases.

There are a number of trends in the advertising/marketing industry, the most significant of which is the trend toward integrated marketing strategies. Integrated marketing campaigns involve not only advertising, but also sales promotions, internal communications, public relations, and other disciplines. The objectives of integrated marketing are to promote products and services, raise employee awareness, motivate personnel, and increase productivity through a wide array of methods including extensive use of promotional products.

Price is no longer the sole motivator of purchasing behavior for our customers. With the availability of similar products from multiple sources, customers are increasingly looking for distributors who provide a tangible added-value to their products. As a result, we provide a broad range of products and related services. Specifically, we provide research and consultancy services, artwork and design services, and fulfillment services to our customers. These services are provided in-house by our current employees. Management believes that by offering these services, we can attempt to attract new customers.

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10QSB

Our revenues are expected by us to grow as economic conditions in the United States continue to improve, by adding additional independent sales representatives to our sales network and through one or more acquisitions of other distributors. We can provide no assurances that our expectations described above will be realized.

11

RESULTS OF OPERATIONS

The following table sets forth certain selected unaudited condensed statement of operations data for the periods indicated in dollars and as a percentage of total net revenues. The following discussion relates to our results of operations for the periods noted and is not necessarily indicative of the results expected for any other interim period or any future fiscal year. In addition, we note that the period-to-period comparison may not be indicative of future performance.

Three Months Ended September 30, 2005 versus Three Months Ended September 30, 2004

We generated revenues of \$750,957 in the third quarter of 2005 compared to \$735,793 in the same three month period ending September 30, 2004. The increase in revenues of \$15,164 in 2005 as compared to 2004 is primarily due to our utilizing additional sales representatives to obtain additional customers and our new and existing customers buying products with higher average prices.

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10QSB

Cost of revenues was \$477,466 or 64% of revenues in the third quarter of 2005 as compared to \$591,360 or 80% of revenues in the same three months ended September 30, 2004. Cost of revenues includes purchases and freight costs associated with the shipping of merchandise to our customers. Decrease in cost of revenues of \$113,894 in 2005 is related to the mix of items sold and the sale of products with higher average prices.

Gross profit was \$273,491 in the third quarter of 2005 or 36% of net revenues as compared to \$144,433 in the same three months ended September 30, 2004 or 20% of revenues. Gross profits will vary period-to-period depending upon a number of factors including the mix of items sold, pricing of the items and the volume of product sold. Also, it is our practice to pass freight costs on to our customers. Reimbursement of freight costs which are included in revenues have lower profit margins than sales of our promotional products and has the effect of reducing our overall gross profit margin on sales of products, particularly on smaller orders. The increase in gross revenue during the quarter ended September 30, 2005 relates to the mix of product sold and size of orders.

Selling, general, and administrative expenses were \$313,066 in the third quarter ended September 30, 2005 as compared to \$202,734 in the same period ended September 30, 2004. Such costs include payroll and related expenses, professional fees, insurance and rents. The overall increase of \$110,332 is generally related to our ongoing efforts to effectively increase our sales volume. It also includes an increase in officers' and other salaries of \$24,000 and approximately \$48,000 in costs of being a public company, including director and officer liability insurance.

Net (loss) was \$(39,563) in the quarter ended September 30, 2005 compared to a net loss of \$(58,301) for the same three months in 2004. No provision for income taxes is provided for in 2005 and 2004 due to the availability of net operating loss carryforwards.

Nine Months Ended September 30, 2005 versus Nine Months Ended September 30, 2004

We generated revenues of \$2,300,150 in the first three quarters of 2005 compared to \$1,856,859 in the same nine month period ending September 30, 2004. The increase in revenues of \$443,291 in 2005 compared to 2004 is primarily due to our utilizing additional sales representations to obtain additional customers and our new and existing customers buying products with higher average prices.

Cost of revenues was \$1,518,185 or 66% of revenues in the first three quarters of 2005 compared to \$1,352,433 or 73% of revenues in the same nine months of 2004. Cost of revenues includes purchases and freight costs associated with the shipping of merchandise to our customers. Increase in cost of revenues of \$165,752 in 2005 is related to an increase in revenues.

Gross profit was \$781,965 in the first three quarters of 2005 or 34% of net revenues compared to \$504,426 in the same nine months of 2004 or 27% of revenues. Gross profits will vary period-to-period depending upon a number of factors including the mix of items sold, pricing of the items and the volume of product sold. Also, it is our practice to pass freight costs on to our customers. Reimbursement of freight costs which are included in revenues have lower profit margins than sales of our promotional products and has the effect of reducing our overall gross profit margin on sales of products, particularly on smaller orders. The increase in gross revenue during the first three quarters of 2005 relates to the mix of product sold and size of orders.

Edgar Filing: ACE MARKETING & PROMOTIONS INC - Form 10QSB

Selling, general, and administrative expenses were \$1,310,147 in the first three quarters of 2005 compared to \$599,394 in the same nine months of 2004. Such costs include payroll and related expenses, insurance and rents. The overall increase of \$710,753 is primarily due to a non-recurring charge to operations of \$451,000 relating to the grant to a financial advisor of warrants to purchase 1,100,000 shares of common stock at an exercise price of \$.10 per share, expiring June 10, 2010. See Note 7 above. The remaining increase is generally related to our ongoing efforts to effectively increase our sales volume. It also includes an increase in officers' and other salaries of \$58,000 and approximately \$115,000 in costs of being a public company, including director and officer liability insurance.

Net loss was \$(532,581) in the first three quarters of 2005 compared to a net loss of \$(94,968) for the same nine months in 2004. No provision for income taxes is provided for in 2005 and 2004 due to the availability of net operating loss carryforwards.

LIQUIDITY AND CAPITAL RESOURCES

The Company had cash and cash equivalents of \$544,805 at September 30, 2005. Cash used by operating activities for the nine months ended September 30, 2005 was \$(122,556). This resulted primarily from a net loss of \$(532,581), an increase in accounts receivable of \$(29,057) and a decrease in accounts payable and accrued expenses of \$(77,761) partially offset by prepaid expenses of \$31,144 and stock based compensation of \$481,786. Cash provided from financing activities was \$101,076 resulting from a private placement of common stock and warrants which netted \$95,000 and the conversion of a note payable with accrued interest into common stock of the company at a reduced conversion rate of \$1.00 per share, which resulted in the issuance of 31,076 shares of common stock.

The Company had cash and cash equivalents of \$582,705 at September 30, 2004. Cash used by operating activities for the nine months ended September 30, 2004 was \$(126,318). This was the result of a net loss of \$(94,968) partially offset by an increase in accounts receivable of \$(137,356) and an increase in accounts payable and accrued expenses of \$107,756. Cash provided from financing activities was \$626,036, which relates to a private placement of common stock and warrants.

Our company commenced operations in 1998 and was initially funded by our three founders, each of whom has made demand loans to our Company that have been repaid. Since 1999, we have relied on equity financing and borrowings from outside investors to supplement our cash flow from operations. As of September 30, 2005, all borrowings from outside investors have been repaid or converted into our company's common stock. We raised net proceeds of \$95,000 from the sale of our common stock and warrants to purchase additional common stock in the first quarter of 2005.

We anticipate that our future liquidity requirements will arise from the need to finance our accounts receivable and inventories, hire additional sales persons, capital expenditures and possible acquisitions. The primary sources of funding for such requirements will be cash generated from operations, raising additional capital from the sale of equity or other securities and borrowings under debt facilities which currently do not exist. We believe that we can generate sufficient cash flow from these sources to fund our operations for at least the next twelve months.

ITEM 3. CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure based closely on the definition of "disclosure controls and procedures" in Rule 13a-15(e). In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. The Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and the Company's Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on the foregoing, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective at the reasonable assurance level at the end of our most recent quarter. There have been no changes in the Company's disclosure controls and procedures or in other factors that could affect the disclosure controls subsequent to the date the Company completed its evaluation. Therefore, no corrective actions were taken.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS:

As of the filing date of this Form 10-QSB, we are not a party to any pending legal proceedings.

ITEM 2. CHANGES IN SECURITIES.

(a) In the first nine months ended September 30, 2005 there were no sales of unregistered securities, except as follows:
