REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrative Committee of the

Connecticut Natural Gas Company Union Employee Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Connecticut Natural Gas Company Union Employee Savings Plan (the Plan) as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years ended December 31, 2006 and 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Connecticut Natural Gas Company Union Employee Savings Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the years ended December 31, 2006 and 2005, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at the end of year) as of December 31, 2006, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As described in Note 3 to the financial statements, the Plan changed its method of accounting for fully benefit-responsive investment contracts in 2006 by retrospectively adopting FASB Staff Position AAG INV-1 and SOP 94-4-1 as of December 31, 2005.

Connecticut Natural Gas Corporation
 Union Employee Savings Plan
 Notes to Financial Statements
 December 31, 2006 and 2005

1. DESCRIPTION OF THE PLAN

The following description of the Connecticut Natural Gas Corporation (Company) Union Employee Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was established by the Company under the provisions of Section 401(a) of the Internal Revenue Code (Code), and it includes a qualified cash or deferred arrangement as described in Section 401(k) of the Code for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. The Plan Administrator is the Company and an Administrative Committee has been appointed to serve as manager of the Plan.

The Plan is a defined contribution thrift plan open to union employees of the Company, as well as the union employees of Energy East Corporation's (Energy East) family of companies that elect to participate under the Plan's provisions. Energy East, the parent corporation of the Company, through its subsidiaries, delivers electricity and natural gas to retail customers and provides electricity, natural gas, energy management and other services to retail and wholesale customers in the Northeast.

Eligibility

Employees are eligible to participate in the Plan in the first payroll period beginning on or after the first day of the month following the employee's date of employment if they are at least age 21, are employed full time, have completed at least 1000 hours of service in their first year of employment and are covered by a collective bargaining agreement between the Company and any union which provides for participation in the Plan.

Contributions

Eligible employees may elect to participate in the Plan and authorize payroll deductions of 1% to 50% of base pay, on a pre-tax basis, and between 1% and 10% of base pay on an after-tax basis as savings contributions to their accounts during each year, subject to the applicable collective bargaining agreement and to Code limitations. As of January 1, 2002, participants age 50 or over by the end of the Plan year, who have also made the maximum amount of pre-tax contributions permitted for the Plan year, can make an additional contribution to the Plan in accordance with and subject to the limitations of Section 414(v) of the Code. The maximum additional contribution in 2003 was \$2,000 and increased by \$1,000 a year until reaching a maximum of \$5,000 in 2006.

As of April 1, 2002, the Plan accepts rollovers from other qualified plans, as well as 403(b) and government 457 plans, traditional Individual Retirement Accounts (IRAs), conduit IRAs (but not Roth IRAs), after-tax distributions from employer retirement plans and spousal death benefit payments.

The Company will match a percentage of a participant's compensation depending on age or years of continuous service. The amount of the Company contribution will be determined

Connecticut Natural Gas Corporation
 Union Employee Savings Plan
 Notes to Financial Statements
 December 31, 2006 and 2005

1. DESCRIPTION OF THE PLAN (Continued)

Contributions

(Continued)

according to the schedule below. However, if a participant's elected contribution is less than the percentage contained in the schedule, the Company will match no more than the percentage contributed by the participant.

<u>Years of Continuous Service</u>	<u>Or</u>	<u>Age Is</u>	<u>The Company Will Contribute</u>
20 or more		45 or more	4 1/2% of compensation
10 but less than 20		35 but less than 45	3% of compensation
Less than 10		Under 35	2% of compensation

An exception to the above schedule exists for those Plan participants subject to the collective bargaining agreement between the Company and the employees in its Greenwich division. Each such participant who, as of April 1, 1998, had either (1) attained age 50 or (2) completed 30 years of continuous service is grandfathered with respect to a previous Plan provision entitling such individual to a matching contribution of up to 6% of compensation or the amount of the participant's contribution, if less.

Plan participants direct their contributions among various investment options in 1% increments, and they may elect to change their investment options at any time.

The Energy East Corporation Stock Fund is an Employee Stock Ownership Plan (ESOP). Dividends from the ESOP may be reinvested or taken in cash.

Benefit Payments

Upon termination of employment due to retirement, disability or death, a participant (or the participant's beneficiary) may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in the participant's account as soon as practicable following the termination date or defer the distribution to some future date.

Participants may request the withdrawal of certain account balances prior to termination of employment. Application for withdrawal of after-tax contributions and employee IRA contributions may be made once a year, and there are no Plan penalties for such withdrawals.

Vesting

Participants are fully vested in their own contributions to the Plan. Participants who were employees of the Company or any of its parent, subsidiaries or other affiliates at the time of the merger of the Company's parent with Energy East, are also fully vested in the Company's matching contributions, as are any participants who, while they are employees of the Company or its affiliates, as described above, may die, become disabled or reach their 65th birthday. All other participants have a vested interest in their Company Matching Account in the Plan equal to 20% thereof for each full year of Continuous Service, as defined in the Plan, so that a participant shall be fully vested in such Account after five (5) full years of Continuous Service. If a participant leaves the Company prior to full vesting, the non-vested portion of the Company's contribution is forfeited. All forfeitures are used to reduce future Company contributions.

Connecticut Natural Gas Corporation
Union Employee Savings Plan
Notes to Financial Statements
December 31, 2006 and 2005

1. DESCRIPTION OF THE PLAN (Continued)

Participant Loans

A Plan participant may borrow a minimum of \$1,000 and up to a maximum of one-half of the participant's vested account balance or \$50,000, less the highest outstanding loan balance in the prior 12 months, whichever is less. The interest will be equal to the prime interest rate listed in the Wall Street Journal on the first business day of the month in which the loan is issued plus 1%. Security for each loan is provided by one-half of the Plan participant's vested account balance. Two types of loans are available to Plan participants - 'general purpose' and 'principal residence' loans. Full repayment of each of these types of loans is required within five and 15 years following loan origination, respectively, and loan refinancing is not permitted. All loans require level amortization with principal and interest payments made at least quarterly and, for those Plan participants who are active employees, payments are made

ratably through payroll deductions. No Plan participant may have more than one 'general purpose' loan and one 'principal residence' loan outstanding at any time. If a participant's employment terminates for any reason, the loan will become immediately due and payable and must be paid within 90 days from the date of termination or will be considered a taxable distribution to the participant. The interest rate on loans outstanding at year end range from 5.00% to 10.50% for 2006 and 2005.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's income, the participant's and the Company's contributions, and the participant's loan(s), if applicable. Allocations of Plan income are based on the share balances in the participants' accounts.

Reclassification

Certain amounts in the 2005 financial statements have been reclassified to conform to the presentation of the 2006 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements are prepared on an accrual basis and in conformity with accounting principles generally accepted in the United States of America, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment*

Companies Subject to the AICPA Investment Company Guide and Defined -Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because

Connecticut Natural Gas Corporation
Union Employee Savings Plan
Notes to Financial Statements
December 31, 2006 and 2005

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment for the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at the net asset value of the shares held by the Plan at year-end. The investments and wrapper contracts underlying the Stable Value

Fund are valued at fair value; the investments' fair value is based on the underlying net assets of the commingled trust funds and the wrapper contracts' fair values are based on a replacement cost methodology that compares replacement fees to actual fees on a discounted basis. The Energy East Corporation Stock Fund, comprised solely of Energy East common stock, is valued at its quoted market price at year-end. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Net Assets Available for Benefits

Net assets available for benefits are reported at fair value for all investments other than the Stable Value Fund, which is reported at an amount that reflects the contract value for the Stable Value Fund since that amount is the most relevant measure for the Plan's participants.

Payments of Benefits

Benefits are recorded when paid.

Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it has the right to discontinue contributions at any time and terminate the Plan subject to the Company's collective bargaining agreement. In the event of termination of the Plan, the net assets of the Plan are set aside, first for payment of all Plan expenses and, second, for distribution to the participants, based upon the balances in their individual accounts.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Connecticut Natural Gas Corporation
Union Employee Savings Plan
Notes to Financial Statements
December 31, 2006 and 2005

3. INVESTMENTS

In 2006, the Plan retrospectively adopted FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit Responsive Investment Contracts Held by Certain Investment Companies subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*. The FSP requires the Plan to report its fully benefit responsive investment contracts at fair value (rather than contract value as was the previous practice) and report net assets available for benefit based on the contract value.

A summary of the investments at December 31, 2006 and 2005 is as follows:

Edgar Filing: ENERGY EAST CORP - Form 11-K

	2006	
	Major Credit Ratings	Investments at Fair Value
Registered investment companies		\$19,594,816
Cash and cash equivalents		1,534

Participant loans		792,548
Total		29,476,770

Connecticut Natural Gas Corporation
 Union Employee Savings Plan
 Notes to Financial Statements
 December 31, 2006 and 2005

3. INVESTMENTS (Continued)

The adjustment from fair value to contract value for fully benefit responsive investment contracts of \$79,245 and \$67,624 at December 31, 2006 and 2005, respectively, relates entirely to the Stable Value Fund.

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2006 and 2005:

	2006	2005
Energy East Corporation Stock Fund	\$ 7,943,758	\$ 7,577,252
T. Rowe Price Equity Income Fund	5,003,849	4,226,247
Fidelity Diversified International Fund	2,793,352	2,219,508
JPMCB Intermediate Bond Fund	4,666,495	4,588,705
Vanguard Explorer	2,967,783	3,193,175

The Plan's Stable Value Fund is a deposit administration contract with J.P. Morgan (JPM). JPM maintains the Plan's deposits in a synthetic guaranteed investment contract, to which it adds interest at the contract rate. Deposits into this contract are guaranteed the contract minimum rate of return. Withdrawals are permitted at any time without penalty and the contract has been determined to be fully benefit-responsive. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the plan by JPM, represents

contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The credit rate is reset each calendar quarter based on a formula that considers the market value and yield of the underlying fixed income portfolio and the book value of the wrap contracts, the applicable modified duration and wrap fees as of the last business day of the month prior to the end of the quarter. All wrap contracts have a 0% minimum crediting rate. The following crediting rates were used in 2006 and 2005:

	2006	2005
The average yield earned on the investments	4.27%	3.43%
	2006	2005
The average yield earned on the investments, adjusted to reflect earnings credited to participants	5.09%	5.16%

The wrap contracts permit all participant-initiated transactions permitted by the Plan to occur at contract value. The wrap contracts contain a corridor that permits up to 20% of the fund to be redeemed in a given year for plan-initiated events, which include the following: (a) the failure of the Plan to qualify under the Internal Revenue Code of 1986, as amended (the "Code"); (b) the establishment of a competing defined contribution plan; (c) the making of a material amendment to the Plan such as changing the investment options offered by the Plan or

Connecticut Natural Gas Corporation
Union Employee Savings Plan
Notes to Financial Statements
December 31, 2006 and 2005

3. INVESTMENTS (Continued)

changes to the ability to transfer between Plan investment options; (d) the issuance of communications by the Company designed to induce participants to transfer assets from the wrap contracts. (e) the termination of the Plan; (f) the occurrence of any group termination, layoff or the offering of an early retirement incentive program; (g) the merger, consolidation, or spin-off of the Plan; (h) closing of work locations; (i) a change in law which results in outflows from the wrap contracts and (j) events similar to those described in(a) through (i). There are no events known to the Plan that are probable of occurring which will limit the ability of the Fund to transact at contract value with the issuers and also limit the ability of the Fund to transact at contract value with the participants of the Fund.

The wrap contracts can be terminated at a value other than contract value only under a limited number of very specific circumstances including termination of the plan or failure to qualify under the Code; material misrepresentations by the Company or investment manager or failure by these same parties to meet material obligations under the contract, or other similar type events.

Plan investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value during 2006 and 2005, as follows:

	2006	2005
Registered Investment Companies	\$ 1,585,591	\$ 389,879
Stable Value Fund	224,482	216,812
Energy East Corporation Stock Fund	666,305	(1,305,369)
	<u>\$ 2,476,378</u>	<u>\$ (698,678)</u>

4. INCOME TAX STATUS

In 2003 the Plan was amended and restated, and the Plan received a favorable determination letter from the Internal Revenue Service dated June 6, 2003. The Plan has been amended since receiving the determination letter. The Plan Administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the code.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of registered investment companies which are managed by T. Rowe Price Retirement Plan Services (T.Rowe Price). T. Rowe Price is the trustee as certified by the plan. Certain other investments are in the synthetic guaranteed investment contract managed by JPM or the Energy East Corporation Stock Fund. Transactions with these parties qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

6. ADMINISTRATIVE EXPENSES

Substantially all administrative expenses are paid for by the Company.

Connecticut Natural Gas Corporation
Union Employee Savings Plan
Notes to Financial Statements
December 31, 2006 and 2005

7. RECONCILIATION TO FORM 5500

Net assets available for benefits on the Form 5500 does not reflect the financial statement amount for the adjustment from fair value to contract value for fully benefit-responsive investment contracts; therefore, net assets available for benefits on the Form 5500 are lower than the related amounts reported in the financial statements by \$79,245 at December 31, 2006. Also, the net increase in net assets available for benefits for 2006 is lower than the related amount reported in the financial statements by \$79,245.
