PROXY STATEMENT FOR 2004 ANNUAL MEETING OF STOCKHOLDERS

PROCEDURAL MATTERS

General

The enclosed Proxy is solicited on behalf of Nextel Partners, Inc., a Delaware corporation (the "Company"), for use at the 2004 Annual Meeting of Stockholders (the "Annual Meeting") to be held on Tuesday, May 18, 2004 at 10:00 a.m., local time, and at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Coast Bellevue Hotel, 625 116th Avenue N.E., Bellevue, Washington 98004.

These proxy solicitation materials were mailed on or about April 15, 2004 to all stockholders entitled to vote at the Annual Meeting.

Record Date and Outstanding Shares

Only stockholders of record at the close of business on April 2, 2004 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. The only outstanding securities of the Company entitled to vote at the Annual Meeting are shares of Class A Common Stock, \$.001 par value (the "Class A Common Stock"), and Class B Convertible Common Stock, \$.001 par value (the "Class B Common Stock," and together with the Class A Common Stock, the "Common Stock"). The Class B Common Stock is convertible into shares of Class A Common Stock at any time on a one-for-one basis upon a transfer thereof to a person other than Nextel Communications, Inc. ("Nextel"), a majority-owned Nextel

Edgar Filing: NEXTEL PARTNERS INC - Form DEF 14A

subsidiary or a person or entity controlling Nextel, and is subject to restrictions on its transfer contained in the Company's restated certificate of incorporation (the "Certificate") and in the Company's amended and restated shareholders' agreement.

As of the Record Date, 183,850,397 shares of the Company's Class A Common Stock were issued and outstanding and held of record by 270 stockholders and 79,056,228 shares of the Company's Class B Common Stock were issued and outstanding and held of record by one stockholder, Nextel WIP Corp., a wholly owned subsidiary of Nextel ("Nextel WIP"). See "Security Ownership of Certain Beneficial Owners and Management" below for information regarding beneficial owners of more than five percent of the Company's Common Stock.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked or changed by the person giving it at any time prior to its use by delivering to the Corporate Secretary of the Company a written instrument revoking the proxy or by submitting a proxy bearing a later date or by attending the Annual Meeting and voting in person. Proxies may be changed in any manner regardless of the method used to submit the proxy. However, changing a proxy by telephone or Internet will require the stockholder to retain a record of the unique control number that appears on the proxy card.

1

Voting and Solicitation

The holders of the Common Stock are entitled to one vote per share on all matters on which they are entitled to vote.

The Company makes this solicitation of proxies, and all related costs will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Certain of the Company's directors, officers and regular employees, without additional compensation, may also solicit proxies personally or by telephone.

Quorum; Abstentions; Broker Non-Votes

At the Annual Meeting, the inspector of election will determine the presence of a quorum and tabulate the results of the voting by stockholders. A quorum exists when holders of a majority of the total number of outstanding shares of Common Stock that are entitled to vote at the Annual Meeting are present at the Annual Meeting in person or by proxy. A quorum is necessary for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be included in determining the presence of a quorum at the Annual Meeting. Broker non-votes occur when a person holding shares in street name, meaning through a bank or brokerage account, does not provide instructions as to how his or her shares should be voted and the bank or broker does not have discretion to vote those shares or, if the bank or broker has discretion to vote such shares, does not exercise such discretion.

The seven nominees for election to the board of directors who receive the greatest number of votes cast for the election of directors by the shares present, in person or by proxy, will be elected to the board of directors. For the election of directors, abstentions and broker non-votes will have the effect of neither a vote for nor a vote against the nominee, and thus will have no effect on the outcome. Stockholders are not entitled to cumulate votes in the election of directors. The approval of the proposed amendments to the Certificate to increase the number of authorized shares of capital stock and to grant the board of directors the authority to adopt, amend or repeal the Company's bylaws without stockholder approval requires the vote of a majority of the total number of shares entitled to vote at the Annual Meeting. For the proposed amendments to the Certificate, abstentions and broker non-votes are not affirmative votes and therefore will have the same effect as a vote against such proposals. Approval of all other matters that properly come before the Annual Meeting, including the proposal to ratify the Company's appointment of independent auditors and the proposal to amend the Company's stock option plan, requires the vote of a majority of the shares represented in person or by proxy at the Annual Meeting. Abstentions will have the same effect as votes against such proposals because they are treated as present and entitled to vote for purposes of determining the pool of votable shares but do not contribute to the affirmative votes required to approve the proposals. Proxies that reflect broker non-votes will not be considered present for the purposes of determining the votes for these proposals and will therefore have the effect of neither a vote for nor a vote against such proposals.

All shares entitled to vote and represented by properly submitted, unrevoked proxies received prior to the Annual Meeting will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. If no instructions are indicated on a properly submitted proxy, the shares represented by that proxy will be voted as recommended by the board of directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that

any matters other than the election of directors, the ratification of auditors, the approval of the amendment of the stock option plan and the

approval of the amendments to the Certificate will be raised at the Annual Meeting. Signing and returning the proxy card, or submitting your proxy by Internet or telephone, does not affect your right to revoke your proxy or to vote in person at the Annual Meeting.

Deadline for Receipt of Stockholder Proposals and Nominations

Stockholders who intend to present proposals or nominations at the Company's 2005 annual meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), must ensure that such proposals are received by the Company no later than December 16, 2004. Such proposals or nominations must meet the requirements of the Securities and Exchange Commission (the "SEC") to be eligible for inclusion in the Company's proxy materials. The Company strongly encourages any stockholder interested in submitting a proposal or nomination to contact the Company's Corporate Secretary in advance of this deadline to discuss any proposal or nomination he or she is considering, and stockholders may want to consult knowledgeable counsel with regard to the detailed requirements of applicable securities laws. Submitting a stockholder proposal or nomination does not guarantee that the Company will include it in its proxy statement. In order for a proposal or nomination submitted outside of Rule 14a-8 to be considered "timely" within the meaning of Rule 14a-4(c) of the Exchange Act, the Company must receive such proposal or nomination no later than February 28, 2005. Any stockholder proposals or nominations must be submitted to the Company's Corporate Secretary in writing at 4500 Carillon Point, Kirkland, Washington 98033.

The board of directors has adopted additional requirements specifically with respect to stockholder nominations for the election of directors. See "Proposal One Election of Directors Director Nomination Process."

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of shares of the Company's Common Stock as of December 31, 2003 by:

each stockholder known to the Company to be a beneficial owner of more than 5% of the outstanding shares of the Company's Common Stock;

each of the Company's directors;

each of the Company's "named executive officers" (as defined below); and

all of the Company's executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. Shares subject to options, warrants and securities convertible into Common Stock held by each person that are exercisable as of December 31, 2003 or exercisable within 60 days thereof are shown separately in the column labeled "Number of Shares Underlying Options" and are deemed outstanding for the purposes of computing the number of shares beneficially owned and the percentage ownership of that person. Except as indicated in the footnotes to this table, the Company believes that each stockholder named in the table has sole voting and investment power with respect to the shares set forth opposite such stockholder's name, except to the extent shared by a spouse under applicable law. This table is based on information supplied to the Company by officers, directors, principal stockholders and filings made with the SEC. As of December 31, 2003, there were 262,242,662 shares of Common Stock outstanding, of which 183,186,434 shares of Class A Common Stock were outstanding and 79,056,228 shares of Class B Common Stock were outstanding.

In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many of the nominees listed below as possible, and in such event, the specific nominees to be voted for will be determined by the proxy holders.

The Board, Board Committees and Corporate Governance

The board of directors has determined that, after consideration of all relevant factors, Ms. Rapking and Messrs. Aron, Dodge, Perry and Weibling, constituting a majority of the Company's board of directors, qualify as "independent" directors as defined under applicable rules of The Nasdaq Stock Market, Inc. ("Nasdaq") and that such directors do not have any relationship with the Company that would interfere with the exercise of their independent business judgment.

The board of directors of the Company held a total of four regular meetings during 2003. All directors are expected to attend each meeting of the board of directors and the committees on which he or she serves. No director attended fewer than 75% of the aggregate of the total number of meetings of the board of directors and committees thereof, if any, upon which such director served during the period for which he or she has been a director or committee member during 2003. The Company's independent directors intend to meet regularly in executive sessions in 2004.

The Company has four standing committees: the audit committee, the compensation committee, the finance committee and the nominating committee. Each of these committees has a written charter approved by the board of directors. A copy of the audit and nominating committee charters can be found under the "Investor Relations" section of the Company's website at www.nextelpartners.com. Additionally, a copy of the current charter for the audit committee, as amended, is attached to this proxy statement as *Appendix A*. The members of the committees, including the chairperson of each committee, are identified in the following table.

All committees report their activities, actions and recommendations to the board of directors as appropriate.

Audit Committee

The audit committee has been appointed by the board of directors to oversee the processes of accounting and financial reporting of the Company and the audits of the consolidated financial statements of the Company. The audit committee is directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent auditors. Among other responsibilities, the audit committee pre-approves all auditing and permissible non-auditing services of the independent auditor (subject to *de minimus* exceptions); reviews the audited consolidated financial statements with management; obtains, reviews and discusses reports from the independent auditor; reviews major proposed changes to the Company's accounting and auditing policies suggested by the independent auditor; reviews with management correspondence from regulators that raise material accounting policy issues; assesses the independence of the auditors; reviews and discusses with management and the independent auditor the adequacy of the Company's internal controls, internal audit procedures and disclosure controls and procedures; and reviews and approves all related-party transactions. A full description of the responsibilities and powers of the audit committee are set forth in its charter, a copy which is attached as *Appendix A* to this proxy statement.

Edgar Filing: NEXTEL PARTNERS INC - Form DEF 14A

The board of directors has determined that, after consideration of all relevant factors, each member of the audit committee qualifies as an "independent" director under applicable rules of Nasdaq and the SEC. Each member of the audit committee is able to read and understand fundamental financial statements, including the Company's consolidated balance sheets, statements of operations and statements of cash flow. Further, no member of the audit committee has participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years. The board of directors has designated Mr. Dodge as the "audit committee financial expert" as defined under applicable SEC rules, who also is therefore deemed to possess the requisite "financial sophistication" required under applicable Nasdaq rules. During 2003, the audit committee held four meetings.

Compensation Committee

The compensation committee evaluates the compensation of executive officers of the Company to ensure that they are compensated effectively in a manner consistent with the stated compensation policies of the Company, internal equity considerations and competitive practices. The compensation committee also evaluates and makes recommendations regarding director compensation. Pursuant to the compensation committee charter, which was adopted by the board of directors on January 22, 2004, the compensation committee's responsibilities include:

Annually evaluating the compensation (and performance relative to compensation) of the chief executive officer; determining the amounts and individual elements of total compensation for the chief executive officer consistent with the Company's corporate goals and objectives; and communicating to the stockholders through the compensation committee report the factors and criteria on which the chief executive officer's compensation was based, including the relationship of the Company's performance to the chief executive officer's compensation.

Annually evaluating (in consultation with the chief executive officer) the compensation (and performance relative to compensation) of other executive officers; approving the individual elements of total compensation for each such person and communicating in the compensation committee report to stockholders the specific relationship of the Company's performance to executive performance.

Periodically evaluating the terms and administration of the Company's annual and long-term incentive plans to assure that they are structured and administered in a manner consistent with the Company's goals and objectives as to participation in such plans.

11

Periodically evaluating (and approving any proposed amendments to) existing equity-related compensation plans; evaluating and approving the adoption of any new equity-related compensation plans; and determining when it is necessary or desirable (after consultation with counsel as needed): (a) to modify, discontinue or supplement any such plans; or (b) to submit such amendment or adoption to a vote of the full board of directors and/or the Company's stockholders.

Periodically evaluating the cash and stock compensation of directors, including for service on committees of the board of directors, taking into account the compensation of directors at other comparable companies; making recommendations to the board of directors regarding any adjustments in director compensation that the committee considers appropriate.

Periodically evaluating the Company's employee benefits programs and approving any significant changes therein and determine when it is necessary or desirable (after consultation with counsel as needed) to submit any such changes to a vote of the full board of directors and/or the Company's stockholders.

The board of directors has determined that each member of the compensation committee (a) is a "non-employee director" for purposes of Rule 16b-3 of the Exchange Act, (b) satisfies the requirements of an "outside director" for purposes of Rule 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and (c) is an "independent director" under applicable Nasdaq rules. The compensation committee held two meetings in 2003.

Finance Committee

Edgar Filing: NEXTEL PARTNERS INC - Form DEF 14A

The finance committee's role is to monitor the present and future capital requirements and opportunities pertaining to the Company's business and to review and provide guidance to the board of directors and management about all proposals concerning major financial policies of the Company. The principal responsibilities and functions of the finance committee are as follows:

Reviewing and providing guidance to the full board of directors and management about all proposals concerning major financial policies of the Company, including: (a) the Company's financial strategies and capital structure, cash needs, stockholder distributions, share repurchases and investments; (b) significant monetary issues, including hedging policies; (c) tax planning; (d) proposed mergers, acquisitions, divestitures and strategic investments (other than mergers with or acquisitions by Nextel or any of its subsidiaries); and (e) other transactions or financial issues that management desires to have reviewed by the finance committee.

Designating the officers and employees of the Company who can execute documents and act on behalf of the Company in the ordinary course of business pursuant to previously approved banking, borrowing, and other financing agreements.

The membership of the committee consists of at least two directors, each of whom is to be free of any relationship that, in the opinion of the board of directors, would interfere with his or her exercise of independent judgment. The finance committee held two meetings in 2003.

Nominating Committee

The nominating committee identifies individuals qualified to become members of the Company's board of directors and recommends (a) whether incumbent directors should be nominated for re-election to the board of directors upon the expiration of their terms (other than Designated Directors (as defined below)); (b) whether the size of the Company's board of directors should be increased or decreased; (c) candidates to fill any newly created director positions or board of directors vacancies (other than vacancies for Designated Directors); and (d) directors to serve on committees of the board of directors.

12

The board of directors has concluded that each of the members of the nominating committee is an "independent director" under applicable Nasdaq rules. The nominating committee did not meet in 2003. After discussion at a meeting held in January 2004, the nominating committee nominated the incumbent directors for election at the Annual Meeting.

Director Nomination Process

The nominating committee's goal is to assemble a board of directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In making its recommendations, the nominating committee will consider such factors as it deems appropriate to assist in developing a board of directors and committees that are diverse in nature and comprised of experienced and seasoned advisors. These factors may include judgment, knowledge, skill, diversity (including factors such as race, gender or experience), integrity, experience with businesses and other organizations of comparable size, including experience in telecommunications, business, finance, administration or public service, the interplay of a candidate's experience with the experience of other board members, familiarity with national and international business matters, experience with accounting rules and practices, the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members and the extent to which a candidate would be a desirable addition to the board of directors and any committees of the board of directors. In addition, directors are expected to be able to exercise their best business judgment when acting on behalf of the Company and its stockholders, act ethically at all times and adhere to the applicable provisions of the Company's Code of Conduct.

Other than consideration of the foregoing, there are no stated minimum criteria, qualities or skills for director nominees, although the nominating committee may also consider such other factors as it may deem are in the best interests of the Company and its stockholders. The nominating committee does, however, believe it appropriate for at least one, and, preferably, several, members of the board of directors to meet the criteria for an "audit committee financial expert" as defined by SEC rules, and that a majority of the members of the board of directors meet the definition of "independent director" under Nasdaq rules. In addition, the nominating committee must consider that the Company is subject to the amended and restated shareholders' agreement (which has been in effect since February 2000). Specifically, the parties to the Company's amended and restated shareholders agreement (other than DLJ Merchant Banking and Eagle River Investments) have agreed to vote their shares of Common Stock to elect as directors (each, a "Designated Director"):

one person selected by Madison Dearborn Partners;

one person selected by Nextel WIP; and

the Company's chief executive officer.

With respect to nominees other than Designated Directors, the nominating committee identifies nominees by first evaluating the current members of the board of directors willing to continue in service. Current members of the board of directors with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the board of directors with that of obtaining a new perspective. The nominating committee will also take into account an incumbent director's performance as a board member. If any member of the board of directors does not wish to continue in service or if the nominating committee or the board of directors decides not to re-nominate a member for re-election, or if the nominating committee decides to recommend that the size of the Company's board of directors be increased, the nominating committee shall identify the desired skills and experience of a new nominee in light of the criteria described above. Current members of the nominating committee, other members of the board of directors and management are polled for

13

suggestions as to individuals meeting the criteria of the nominating committee. Research may also be performed to identify qualified individuals.

It is the policy of the nominating committee to consider suggestions for persons to be nominated for director (other than Designated Directors) that are submitted by stockholders. The nominating committee will evaluate stockholder suggestions for director nominees in the same manner as it evaluates suggestions for director nominees made by management, then-current directors or other sources. Stockholders suggesting persons as director nominees should send information about a proposed nominee to the chair of the nominating committee at the Company's address at least one hundred twenty (120) days prior to the anniversary of the mailing date of the prior year's proxy statement. This information should be in writing and should include a signed statement by the proposed nominee that he or she is willing to serve as a director of the Company, a description of the nominee's relationship to the stockholder and any information that the stockholder feels will fully inform the board of directors about the proposed nominee and his or her qualifications. The nominating committee may request further information from the proposed nominee and the nominating stockholder (including proof of ownership and holding period) and may also seek the consent of both the nominee and the nominating stockholder to be identified in the Company's proxy statement.

To date, the Company has not engaged third parties to identify, evaluate or assist in identifying potential director nominees, although the Company reserves the right in the future to retain a third-party search firm, if appropriate.

The Company did not receive any recommendations from stockholders of director candidates for the Annual Meeting. All of the nominees for election at the Annual Meeting, with the exception of James N. Perry, Jr., are standing for re-election by the stockholders. Mr. Perry has been a director of the Company since July 2003 and was appointed to the Company's board of directors as the designee of Madison Dearborn Partners pursuant to the terms of the amended and restated shareholders' agreement upon the resignation of Andrew Sinwell, the previous designee of Madison Dearborn Partners.

Stockholder Communications With the Board of Directors and Board Attendance at Annual Stockholder Meetings

Stockholders of the Company may, at any time, communicate in writing with any member or group of members of the Company's board of directors by sending such written communication to the attention of the Company's Corporate Secretary by regular mail at the Company's corporate offices, email to stockholders@nextelpartners.com or facsimile at 425-576-3666, Attention: Corporate Secretary. Copies of written communications received by the Corporate Secretary will be provided to the relevant director(s) unless such communications are considered, in the reasonable judgment of the Corporate Secretary, to be improper for submission to the intended recipient(s). Examples of stockholder communications that would be considered improper for submission include, without limitation, customer complaints, solicitations, communications that do not relate directly or indirectly to the Company or the Company's business, or communications that relate to improper or irrelevant topics.

The Chairperson of the board of directors is expected to make all reasonable effort to attend the Company's annual stockholder meetings in person. If the Chairperson is unable to attend an annual stockholder meeting for any reason, at least one other member of the Board of Directors is expected to attend in person. Other members of the board of directors will make reasonable efforts to attend the Company's annual stockholder meetings in person if it is reasonably anticipated that a significant number of stockholders will be in attendance. Mr. Chapple attended the

Company's 2003 annual meeting of stockholders.

PROPOSAL TWO RATIFICATION OF INDEPENDENT AUDITORS

A proposal will be presented at the Annual Meeting to ratify the appointment by the audit committee of the firm of KPMG LLP as independent auditors to audit the Company's consolidated financial statements for the fiscal year ending December 31, 2004. Although

ratification is not required by law, the audit committee believes that stockholders should be given this opportunity to express their views on the subject. While not binding on the audit committee, the failure of the stockholders to ratify the appointment of KPMG as the Company's independent auditors would be considered by the audit committee in determining whether to continue the engagement of KPMG.

Auditors

On May 20, 2002, the board of directors approved the selection of KPMG to replace Arthur Andersen LLP ("Arthur Andersen") as the Company's independent auditor for the fiscal year ended December 31, 2002. KPMG served as the Company's independent auditor for the fiscal year ended December 31, 2003 and has also been selected by the Company's audit committee to serve as the auditor for the current fiscal year. A representative of KPMG will be present at the Annual Meeting and will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.

The Company dismissed Arthur Andersen effective May 20, 2002. Arthur Andersen's reports on the Company's consolidated financial statements for the fiscal year ended December 31, 2001 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty or audit scope. The audit reports for the fiscal year ended December 31, 2001 contained an explanatory paragraph related to the Company's change in method of accounting, effective January 1, 2001, for derivative instruments and hedging activities. During the fiscal year ended December 31, 2001 and through May 20, 2002, there were no disagreements with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused them to make reference to the subject matter in connection with their report on the Company's consolidated financial statements for such years. Additionally, there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K promulgated under the Securities Act of 1933, as amended (the "Securities Act").

The Company provided Arthur Andersen with a copy of the foregoing disclosures and received from Arthur Andersen a revised letter addressed to the Securities and Exchange Commission stating that it agreed with the foregoing statements. A copy of this revised letter was filed on June 6, 2002 as an exhibit to the Company's Amendment No. 3 to Form 8-K.

During the fiscal year ended December 31, 2001 and through the date of KPMG's appointment as the Company's independent auditor on May 20, 2002, the Company did not consult KPMG with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K. The Company provided a copy of the foregoing disclosure to KPMG and provided it with an opportunity to provide the Company with any new information or clarification it deemed appropriate.

There were no fees billed for services rendered to the Company by Arthur Andersen, other than fees for audit and tax services, for fiscal year 2002.

Pre-Approval Policy

The audit committee pre-approves all audit and non-audit services performed by the Company's auditors and the fees to be paid in connection with such services in order to ensure that the provision of such services does not impair the auditor's independence. Unless the audit committee provides general pre-approval of a service to be provided by the auditor and the related fees, the service and fees must receive specific pre-approval from the audit committee. All general pre-approvals of services and fees are pursuant to the terms of a written audit committee pre-approval policy, which describes the services subject to general pre-approval and the maximum fees that the Company shall pay the auditors for such services. The term of any general pre-approval is twelve (12) months unless otherwise specified by the audit committee. The audit committee annually reviews and generally pre-approves the services that may be provided by, and the fees that may be paid to, the auditor without obtaining specific pre-approval. The audit committee most recently made such review and general pre-approvals at a meeting it held on March 10, 2004. The audit committee will review and revise the list of general pre-approved services from time to time as necessary.

Audit Committee Report

The audit committee operates pursuant to a written charter and is responsible for monitoring and overseeing the Company's internal controls and financial reporting processes, as well as the independent audit of the Company's consolidated financial statements by the Company's independent

17

auditors during fiscal year 2003, KPMG. As part of fulfilling its responsibilities, the audit committee reviewed and discussed the audited consolidated financial statements for fiscal year 2003 with management and discussed those matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) with KPMG. The audit committee received the written disclosures and the letter required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committee) from KPMG, discussed that firm's independence with representatives of the firm and considered the compatibility of non-audit services with the auditors' independence. In addition, the audit committee reviewed and reassessed the adequacy of its charter, a copy which is attached as *Appendix A* to this proxy statement.

Based upon the audit committee's review of the audited consolidated financial statements and its discussions with management and KPMG, the audit committee recommended that the board of directors include the audited consolidated financial statements for the fiscal year ended December 31, 2003 in the Company's Annual Report on Form 10-K filed with the SEC.

Vote Required for Ratification of Independent Auditors

If a quorum is present and voting, the vote of a majority of the shares represented in person or by proxy at the Annual Meeting is required to approve the ratification of the independent auditors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE APPOINTMENT BY THE AUDIT COMMITTEE OF KPMG AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2004.

**PROPOSAL THREE
AMENDMENT OF STOCK OPTION PLAN**

On January 22, 2004 the board of directors unanimously approved an amendment to the Company's existing Third Amended and Restated Nonqualified Stock Option Plan (the "Plan") to increase the number of shares issuable under the Plan by 6,000,000 shares. Stockholders are being asked to approve this amendment to the Plan to increase the number of shares reserved for issuance under the Plan by 6,000,000 shares. The complete text of the Plan, as proposed to be amended, is attached to this proxy statement as *Appendix B*.

Purpose and Effect of Proposed Amendment

The proposed amendment to the Plan will increase from 28,545,354 to 34,545,354 the aggregate number of shares of Class A Common Stock that may be issued upon the exercise of options awarded under the Plan. The Company recognizes the importance of attracting and retaining the best talent possible at all levels of the Company, and the board of directors believes that the Plan is critical to recruit and retain such employees and to stimulate their active interest in the Company's growth, development and financial success by closely aligning their interests with those of the Company.

The Company is seeking to increase the number of shares of Class A Common Stock available for issuance under the Plan. The Company has grown, since its inception, from a start-up to a company with approximately 2,800 employees. Of the Company's current employees, approximately 80%, including all executive officers, own shares or hold options to purchase shares in the Company. As a result, prior grants and awards have utilized a substantial number of the shares of Class A Common Stock available under the Plan. As of March 15, 2004, there remained available for issuance only 2,041,398 shares of Class A Common Stock under the Plan out of the 28,545,354 presently authorized. The absence of an adequate number of shares of Class A Common Stock available for issuance under the Plan restricts the Company's ability and flexibility to effectively attract, retain, compensate, provide performance incentives to and reward the highest performing employees. As a result, the board of directors believes that it is both necessary and desirable to increase the aggregate number of shares of Class A Common Stock available for issuance under the Plan.

18

Description of the Plan

The following description of the Plan is qualified in its entirety by reference to the full text of the Plan, a copy of which, as proposed to be amended, is attached as *Appendix B* to this proxy statement. The Plan as currently in effect incorporates amendments adopted by the board of directors on May 15, 2000 (to clarify and update the Plan and to allow greater flexibility in administering the Plan), October 17, 2001 (to increase the standard vesting schedule under the Plan from three to four years), and January 17, 2002 (to increase from 16,545,354 to 28,545,354 the aggregate number of shares of Class A Common Stock available for issuance under the Plan and to extend the period during which options may be granted under the Plan from January 1, 2003 to January 1, 2008). For more details, see the following discussion and *Appendix B* to this proxy statement. Terms used in this description are used as defined in the Plan.

Shares Available Under the Plan. Upon approval of the proposed amendment to the Plan, the number of shares of Class A Common Stock that may be covered by outstanding awards granted under the Plan and issued upon exercise shall not in the aggregate exceed 34,545,354 shares; provided that this number shall be increased by the number of shares that have been issued pursuant to any of the Restricted Stock Purchase Agreements and subsequently repurchased by the Company upon termination of a senior manager. The Company issued 8,834,994 shares of Class A Common Stock pursuant to the Restricted Stock Purchase Agreements, and to date none of those shares has been repurchased by the Company. Of this amount, 6,814,245 shares of Class A Common Stock remain subject to repurchase pursuant to the Restricted Stock Purchase Agreements.

Eligibility. As of April 2, 2004, the Company estimates that approximately 2,800 employees, including six executive officers and six non-employee directors, were eligible to participate in the Plan.

Edgar Filing: NEXTEL PARTNERS INC - Form DEF 14A

Options. Unless the board of directors (or a committee thereof) determines otherwise, the board of directors (or a committee thereof) may grant options that entitle the optionee to purchase shares of Class A Common Stock at a price equal to the fair market value on the date of grant.

Unless otherwise provided by the terms of a specific option agreement, option rights that were granted under the Plan prior to the October 17, 2001 amendment vest over three years in three equal annual installments and options that were granted after the October 17, 2001 amendment vest over four years in four equal annual installments, in each case generally beginning one year from the date of grant. Pursuant to the Plan, the board of directors (or a committee thereof), however, may in its discretion, upon the occurrence of a defined change of control of the Company, accelerate the vesting of some or all of the unvested option rights being held by employees (but not those held by senior managers). Option agreements entered into between the Company and the senior managers provide for 100% acceleration of vesting if a change of control satisfies certain return on investment criteria set forth in the option agreements.

The option price is payable in full at the time of exercise (i) in cash or by check or (ii) with the consent of the board of directors (or a committee thereof), (a) by the transfer to the Company of shares of Class A Common Stock that are already owned by the optionee with an aggregate fair market value at the time of exercise equal to the option price or (b) by any combination of the foregoing methods of payment.

No option right may be exercised by an optionee: (i) more than 10 years from the date of grant; (ii) except where such termination is by reason of death or disability or for cause, after (a) the expiration of three months from the date of the optionee's termination of employment for employees who are not required to file Forms 3, 4 and 5 under Section 16 of the Exchange Act, or (b) the expiration of seven months from the date of the optionee's termination of employment for officers who are required to file Forms 3, 4 and 5 under Section 16 of the Exchange Act; (iii) after the expiration of

19

one year from the date of optionee's termination of employment where the termination is due to disability or death; or (iv) after the date of termination where the optionee's termination is for cause.

Any option that has not been exercised, exchanged or converted, as the case may be, at or prior to the closing of any purchase by Nextel WIP of all of the Company's outstanding capital stock (pursuant to and in accordance with the provisions of the Certificate), shall be canceled and become unexercisable upon such closing.

Grants of options to senior managers under the Plan are to be based on criteria established by the board of directors and the chief executive officer, and grants to employees other than senior managers shall be made subject to the same performance criteria as senior managers, or such additional or different criteria as the board of directors may establish. The Plan's stated intention is that approximately twenty-five percent (25%) of the options subject to the Plan will be granted in connection with recruitment of new employees other than senior managers and that senior managers shall receive in the aggregate up to twenty percent (20%), and not less than 10% without the consent of the affected senior manager(s), of the total number of options granted in each year. See "Aggregate Option Exercises in Fiscal 2003 and Fiscal Year-End Option Values" for the percentage of total option grants to employees in 2003 that were made to named executive officers. Mark Fanning and Donald J. Manning were each granted an option to purchase 125,000 shares of the Company's Class A Common Stock in 2003. The option grants to Messrs. Fanning and Manning collectively equal 5.8% of the total options granted to employees of the Company in 2003. Each named executive officer and Messrs. Fanning and Manning are senior managers for purposes of the Plan.

Transferability. Unless otherwise determined by the board of directors (or a committee thereof), no options granted under the Plan may be transferred by a participant. Also, except as otherwise determined by the board of directors (or a committee thereof), options may be exercised during a participant's lifetime only by the participant or his or her legal guardian or legal representative. The board of directors (or a committee thereof) may, in its absolute discretion, impose restrictions on the transferability of shares purchasable upon exercise of an option; provided that any such restrictions shall be set forth in the option agreement. Except as set forth in the option agreement, no option or interest or right therein or part thereof may be used to satisfy the debts, contracts or engagements of the optionee or his or her successors in interest, nor may any option or any portion thereof be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means, voluntary or involuntary, or by operation of law, by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy). Any such attempted disposition would be null and void and of no effect.

Adjustments. If the board of directors (or a committee thereof) determines that any dividend or other distribution (whether in the form of cash, stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, reclassification, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of the Company's Class A Common Stock or other securities, issuance of warrants or other rights to purchase Class A Common Stock or others securities of the Company or other similar corporate transaction or event affects the Class A Common Stock such that an adjustment is determined by the board of directors (or a committee thereof) to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, the board of directors

(or a committee thereof) may, in such manner as it deems equitable, adjust any or all of the (i) number of shares of Class A Common Stock with respect to which options may thereafter be granted; (ii) the number of shares of Class Common Stock subject to outstanding options; and/or (iii) the grant or exercise price with respect to any options.

Administration and Amendments. The Plan states that it is the duty of the board of directors (or a committee thereof) to conduct the general administration of the Plan. The board of directors has delegated this duty to the compensation committee. The board of directors approves annual option

grants and quarterly sales performance grants to non-senior manager employees. All other option grants, including grants made to recruit new employees other than senior managers and grants made to senior managers, are approved by the compensation committee.

The board of directors may amend the Plan in whole or in part without obtaining approval from the Company's stockholders except when such approval is required under Rule 16b-3 of Section 16 of the Exchange Act or under any other legal or regulatory requirement; provided that the board of directors may not amend or modify the Plan if the proposed modification or amendment would be materially adverse to the senior managers as a group or to any individual participating employee without obtaining prior written consent of the senior managers or optionee, as the case may be.

The board of directors (or a committee thereof) may waive any conditions or rights under, amend the terms of, or alter, suspend, discontinue, cancel or terminate any option granted under the Plan, prospectively or retroactively, provided that any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that adversely affects the rights of an optionee or any holder or beneficiary of any option previously granted shall not become effective without the consent of the affected optionee, holder or beneficiary.

Federal Income Tax Consequences of the Plan

The following is a brief summary of certain of the federal income tax consequences of the issuance and exercise of options granted under the Plan based on Federal income tax laws in effect on March 1, 2004. This summary is not intended to be exhaustive and does not describe state or local tax consequences associated with the issuance and exercise of options granted under the Plan. This summary further assumes that any shares of Class A Common Stock held by an optionee (whether acquired by exercise of an option or otherwise) will be held by such optionee as "capital assets" (within the meaning of Section 1221 of the Code).

Tax Consequences to Optionees. The grant of an option will not trigger taxable income to the optionee. When any part of the option is exercised, the optionee is deemed to have received ordinary compensation income in an amount equal to the fair market value of the shares of Class A Common Stock received, minus the corresponding option price. If an optionee cannot sell shares acquired through the exercise of an option without incurring liability under Section 16(b) of the Exchange Act, the recognition of income is delayed (unless the optionee elects otherwise under Section 83(b) of the Code, within 30 days of the exercise) until the earlier of (a) the end of six months after the purchase of the stock or (b) the first day the restriction ceases. If a Section 83(b) election is not timely made, any nonrestricted dividends received with respect to shares issued upon exercise of an option during the period in which those shares are subject to the foregoing restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient.

Following the exercise of an option, the optionee generally will have a tax basis in the shares obtained through exercise of the option equal to the sum of (a) the exercise price paid by the optionee and (b) the amount taxed as ordinary income (if any) upon exercise of the option. The Plan provides that an optionee may, with the consent of the board of directors (or a committee thereof), pay the option price in whole or in part by the transfer to the Company of shares of Class A Common Stock that are already owned by the optionee with an aggregate fair market value at the time of exercise equal to the option price. If the optionee makes such a transfer, no gain or loss will be recognized by the optionee with respect to the shares so transferred. In that case, following the exercise of the option, the optionee will have a tax basis in the shares obtained through exercise of the option equal to the sum of (a) the tax basis of the shares transferred to the Company, (b) any additional exercise price paid by the optionee upon exercise of the option, and (c) the amount taxed as ordinary income (if any) upon exercise of the option.

Upon the sale of shares received upon exercise of an option, the optionee will recognize gain to the extent that the amount received for the shares exceeds the tax basis of the shares. Correspondingly, if the amount received upon sale of those shares is less than the optionee's tax basis

in the shares, the optionee will recognize a loss for tax purposes. The taxable gain (or loss) upon sale of the shares will be taxed as long-term capital gain (or loss) if the optionee has held the shares for more than one year. If the optionee has held the shares for one year or less at the time of sale, the gain (or loss) will be taxed as short-term capital gain (or loss).

The Plan provides that upon a Change in Control (as defined in the Plan) the vesting status of outstanding options may be accelerated. In addition, the Plan allows discretion for the board of directors (or a committee thereof) to provide for unique vesting terms in an individual option agreement. To the extent options become vested in connection with a Change in Control, the associated gain may be subject to an additional penalty tax of 20 percent, if the gain constitutes an "excess parachute payment." Section 280G of the Code generally defines a "parachute payment" as compensation paid to officers, shareholders or highly compensated individuals if (a) the amount is more than reasonable compensation, (b) the amount is paid in connection with a change in control, and (c) the amount is in excess of three times the individual's annualized compensation over the preceding five year period (the "base amount"). The term "excess parachute payment" is generally defined as the excess of any parachute payment over the portion of the base amount allocated to that payment.

Tax Consequences to the Company. The Company may claim a tax deduction equal to the amount of ordinary income realized by the optionee upon exercise of an option. Unless the optionee is an independent contractor or foreign resident, the Company is generally required to withhold the income and employment taxes applicable to the income the optionee recognizes on the exercise of an option. The Company may withhold from regular wages or supplemental wages, or otherwise ensure that the taxes required to be withheld are available for payment, including the withholding of an appropriate number of shares to be issued upon the exercise of the option.

A number of factors may limit the Company's ability to claim a deduction. First, deductibility may not be available to the extent the amount does not constitute reasonable compensation for services rendered. Second, the Company may not deduct amounts that constitute an "excess parachute payment" (as described above). Finally, Section 162(m) of the Code limits a publicly held company's ability to deduct compensation in excess of \$1 million paid to its chief executive officer or to any other employee whose compensation is required to be reported to shareholders (in accordance with the Exchange Act) by virtue of being one of the four highest compensated officers for the taxable year (other than the chief executive officer).

Vote Required for Approval of Amendment

If a quorum is present and voting, the vote of a majority of the shares represented in person or by proxy at the Annual Meeting is required to approve the amendment of the Plan. If the stockholders do not approve the proposed amendment, the Plan will not be amended.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO AMEND THE PLAN.

PROPOSAL FOUR AMENDMENT OF RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF CAPITAL STOCK

Proposed Amendment

The Certificate, as currently in effect, provides that the Company is authorized to issue 113,110,000 shares of Preferred Stock, par value \$.001 per share, and 600,000,000 shares of Common Stock, of which 500,000,000 shares are designated as Class A Common Stock and 100,000,000 shares are designated as Class B Common Stock. At a meeting on January 22, 2004, the board of directors authorized an amendment to the Certificate to increase the aggregate number of authorized shares of the Company's capital stock from 713,110,000 to 1,213,110,000, including an increase in the number of authorized shares of Common Stock from 600,000,000 to 1,100,000,000 and an increase in the number of authorized shares of Class B Common Stock from 100,000,000 to 600,000,000.

Shares of Class B Common Stock are convertible into shares of Class A Common Stock on a one-for-one basis at the option of any holder of Class B Common Stock concurrently with a sale or other transfer of such shares to a transferee that does not hold any shares of Class B Common Stock immediately prior to such transfer. Shares of Class A Common Stock are immediately and automatically convertible into an equal number of shares of Class B Common Stock upon the acquisition of such shares of Class A Common Stock by Nextel, by any of its majority-owned subsidiaries, or by any person or group that controls Nextel (collectively, a "Nextel Shareholder"). Pursuant to the terms of the Certificate, the Company has agreed that it will at all times reserve and keep available, free from preemptive rights, for issuance upon the conversion of the shares of Class A Common Stock and Class B Common Stock the maximum number of its authorized but unissued shares of Class B Common Stock and Class A Common Stock, respectively, as is reasonably anticipated to be sufficient to permit the conversion of all

outstanding shares of Class A Common Stock and Class B Common Stock, and shall take all action required to increase the authorized number of shares of Class A Common Stock and Class B Common Stock if at any time there shall be insufficient authorized but unissued shares of Class A Common Stock and Class B Common Stock to permit such reservation or to permit the conversion of all outstanding shares of Class A Common Stock and Class B Common Stock.

As of the Record Date, 79,056,228 shares of Class B Common Stock were issued and outstanding, all of which are held by Nextel WIP. The Company recently received a request from Nextel WIP that the Company amend the Certificate to increase the number of shares of Class B Common Stock that is authorized for issuance thereunder. In order to comply with this request and in accordance with the terms of the Certificate, the board of directors authorized an amendment to the Certificate to increase the authorized number of shares of Class B Common Stock from 100,000,000 to 600,000,000. The principal purpose of the amendment to the Certificate is to ensure that the Company has a sufficient number of shares of Class B Common Stock available for issuance in the event that a Nextel Shareholder acquires additional shares of Class A Common Stock, which shares would then be immediately and automatically converted into Class B Common Stock.

Although the purpose of the amendment to the Certificate is to ensure that there is a sufficient number of Class B Common Stock available for issuance upon the automatic conversion of any Class A Common Stock acquired by a Nextel Shareholder, if this amendment is adopted, 500,000,000 additional shares of Class B Common Stock of the Company will be available for issuance by the board of directors without any further stockholder approval, although certain issuances of shares may require stockholder approval in accordance with the requirements of Nasdaq or pursuant to the terms of the Company's amended and restated shareholders' agreement. At the present time, the board of directors does not have an intention to issue any additional shares of Class B Common Stock. In the event that the board of directors was to issue any additional shares of Class B Common Stock, such additional

23

shares could be issued at such times and under such circumstances as to have a dilutive effect on earnings per share and on the equity ownership of the present holders of Common Stock.

Vote Required for Approval of Amendment to the Certificate to Increase the Number of Authorized Shares of Capital Stock

The approval of the amendment to the Certificate to increase the number of authorized shares of capital stock requires the affirmative vote of a majority of the Company's outstanding shares of Common Stock as of the Record Date, voting together as a group.

THE COMPANY'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO AMEND THE CERTIFICATE TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF CAPITAL STOCK.

**PROPOSAL FIVE
AMENDMENT TO THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION TO GRANT THE BOARD OF DIRECTORS THE AUTHORITY TO ADOPT, AMEND OR REPEAL THE COMPANY'S BYLAWS**

The board of directors has proposed that the stockholders approve an amendment to the Certificate to grant the board of directors the authority to adopt, amend or repeal the Company's bylaws. The Certificate currently does not grant this authority to the board of directors. The Company believes that the amendment is important as it would grant the board of directors the ability to amend the bylaws without having to incur the costs and delays related to amending the bylaws by stockholder approval. This proposed amendment to the Certificate would not eliminate the stockholders' separate and existing right under Delaware law to amend the Company's bylaws.

The parties to the Company's amended and restated shareholders' agreement have agreed to vote their shares in favor of this proposal, and the Company and those parties have amended the shareholders' agreement to provide that the approval of holders of a majority of the shares of voting stock held by those parties will be required to approve any bylaw amendment proposed by the board of directors.

If granted the authority to amend the bylaws, the board of directors currently contemplates considering amendments that would, among other things:

grant the Company the authority to communicate with stockholders electronically and to hold stockholder meetings by means of remote communication;

fix the number of directors at seven, unless modified by approval of a supermajority of the directors then in office;

provide that only the Company's chief executive officer or a majority of the board of directors may call or propose matters to be discussed at a special meeting of stockholders;

require stockholders to provide 90 days advance notice and to comply with certain other procedural requirements when bringing matters before annual stockholders' meetings;

as to any special meeting of stockholders called to elect one or more directors, require stockholders making nominations to comply with certain notification and other procedural requirements; and

adopt procedures applicable to all stockholder meetings, including granting the meeting's presiding officer the authority to govern and/or adjourn the meeting.

Certain of the contemplated amendments described above, particularly the procedures applicable to stockholder proposals and the procedures for calling special meetings of stockholders, could make

24

more difficult or discourage attempts to obtain control of the Company. In addition, if the stockholders approve this proposal, the board of directors would be authorized to effect other amendments or repeals of the bylaws that could, depending on the terms of the amended bylaws or the new bylaws, make more difficult or discourage an attempt to obtain control of the Company by means of a merger, tender offer, proxy contest or other means, such as the imposition of super majority voting provisions. Except as described above, none of such amendments is currently proposed, nor does the board of directors currently contemplate implementing the same.

As amended, Article XII of the Certificate would read as follows:

ARTICLE XII BOARD POWER REGARDING BYLAWS

Except as otherwise provided in the Shareholders' Agreement, the Board of Directors is expressly authorized to adopt, amend or repeal the Bylaws of the Corporation.

The board of directors believes that this amendment to the Certificate is in the best interests of the Company and its stockholders. This amendment will provide the Company with increased flexibility to meet corporate needs that might arise. The board of directors believes that the delay occasioned by seeking stockholder approval of adoption of any new bylaws or any amendment or repeal of the bylaws in the future could be to the detriment of the Company and its stockholders.

Vote Required for Approval of Amendment to the Certificate to Authorize the Board of Directors to Adopt, Amend or Repeal the Company's Bylaws Without Stockholder Approval

The approval of the amendment to the Certificate to authorize the board of directors to adopt, amend or repeal the Company's bylaws without stockholder approval requires the affirmative vote of a majority of the Company's outstanding shares of Common Stock as of the Record Date, voting together as a group.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO AMEND THE CERTIFICATE TO AUTHORIZE THE BOARD OF DIRECTORS TO ADOPT, AMEND OR REPEAL THE COMPANY'S BYLAWS WITHOUT STOCKHOLDER APPROVAL.

Option Grants in Fiscal Year 2003

The following table sets forth certain information with respect to stock options granted to each of the Company's named executive officers during the year ended December 31, 2003. In accordance with the rules of the SEC, also shown below is the potential realizable value over the term of the option, the period from the grant date to the expiration date, based on assumed rates of stock appreciation of 5% and 10%, compounded annually. These amounts are mandated by the SEC and do not represent the Company's estimate of future stock price. Actual gains, if any, on stock option exercises will depend on the future performance of the Company's Class A Common Stock. In 2003, the Company granted options to acquire up to an aggregate of 4,357,800 shares of Class A Common Stock to employees, excluding options that were subsequently forfeited due to termination, all under the Company's stock option plan and all at an exercise price equal to the fair market value of the Company's Class A Common Stock on the date of grant.

Aggregate Option Exercises in Fiscal 2003 and Fiscal Year-End Option Values

None of the Company's named executive officers exercised any options in 2003. With respect to the Company's named executive officers, the following table sets forth information concerning exercisable and unexercisable options held as of December 31, 2003. The "Value of Unexercised In-the-Money Options at December 31, 2003" is based upon a price of \$13.45 per share, which was the

closing price of the Company's Class A Common Stock on Nasdaq on December 31, 2003, minus the per share exercise price, multiplied by the number of shares underlying the "in-the-money" option.

Executive Employment Contracts and Termination of Employment Arrangements

The Company entered into employment agreements dated as of February 24, 2003 with Messrs. Chapple, Aas and Satterlee and an employment agreement dated as of July 17, 2003 with Mr. Rowan. Pursuant to these agreements, each officer has agreed that while employed by the Company and for one year thereafter, he will not compete against, or solicit employees or business from, the Company or any of the Company's direct or indirect subsidiaries. Each agreement has an initial term and automatically extends for successive one-year terms unless the employee or the board of directors provides written notice of termination to the other party at least thirty (30) calendar days prior to the end of the then current term. Each agreement further provides that in the event the employee is terminated without cause or resigns for good reason, as defined in the agreements, the employee will be entitled to receive up to one year's base salary plus an amount equal to the employee's most recent annual bonus. At a meeting it held in January 2004, the compensation committee approved the amendment of Mr. Chapple's employment agreement such that his rights to severance shall include two years salary and bonus.

Includes an outstanding non-plan option granted to John Thompson on January 29, 1999 pursuant to an employment agreement to purchase 210,000 shares of Class A Common Stock at an exercise price of \$1.67 per share. As of December 31, 2003, all the shares underlying this option were fully vested. This option expires January 29, 2009.

Restricted Stock Purchase Agreements and Change of Control Arrangements

On November 20, 1998, the Company entered into restricted stock purchase agreements with each of Messrs. Chapple, Thompson, Aas and Satterlee in consideration of their employment, which agreements were amended on January 29, 1999. These agreements were amended and restated on May 18, 2000 and further amended on October 17, 2002. Pursuant to these agreements, the Company sold an aggregate of 6,781,662 shares of Class A Common Stock to these executive officers at a price of \$0.002 per share. These shares were subject to certain vesting provisions, but as of December 31, 2002, 100% of these shares had vested. Subject to certain conditions, vested shares may be repurchased by the Company at fair market value upon termination for cause or resignation without good reason.

On August 18, 2003, the Company entered into a restricted stock purchase agreement with Mr. Rowan. Pursuant to this agreement, the Company sold 50,000 shares of its Class A Common Stock to Mr. Rowan at a per share price of \$0.001. The shares sold to Mr. Rowan vest on August 1, 2007 so long as he is continuously employed by the Company or one of its subsidiaries. Vesting of these shares is accelerated 100% upon the occurrence of certain events, including a change of control of the Company or Nextel, a termination of employment due to death, disability or without cause or upon resignation by Mr. Rowan for good reason. If Mr. Rowan resigns without good reason prior to August 1, 2007, the number of shares considered vested will be determined based on a four year equal annual installment vesting schedule set forth in the agreement, with the first 25% of the shares vested on August 1, 2004. The Company has the option to repurchase vested shares at fair market value for 90 days after Mr. Rowan's termination for cause or resignation without good reason.

Employee Stock Option Plan

See "Proposal Three Amendment of Stock Option Plan" above for a description of the Company's stock option plan.

Employee Stock Purchase Plan

The Company's employee stock purchase plan was adopted by the Company's board of directors in January 2000 and was approved by the Company's stockholders in February 2000. Initially, a total of 3,000,000 shares of Class A Common Stock has been reserved for issuance under the employee stock purchase plan. The employee stock purchase plan, which is intended to qualify under Section 423 of the Code, is administered by the Company's board of directors. The Company's employees, including officers and employee directors, are eligible to participate in the employee stock purchase plan if they are employed by the Company or its subsidiaries for at least 20 hours per week.

The employee stock purchase plan is implemented by quarterly offering periods. The Company's board of directors may change the timing or duration of the offering periods. The employee stock purchase plan permits eligible employees to purchase shares of Class A Common Stock through payroll deductions at 85% of the lesser of the fair market value per share of the Class A Common Stock on the first day of the offering period or on the purchase date. Participants generally may not purchase shares if, immediately after the grant, the participant would own shares or options to purchase shares of Class A Common Stock totaling 5% or more of the total combined voting power of all of the Company's outstanding capital stock, or have purchased more than \$25,000 of the Company's outstanding capital stock in any calendar year. The purchase price is the lower of the market price of the shares on the first or last day of each fiscal quarter.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, as amended, requires the Company's executive officers, directors and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 and Form 5 with the SEC. Executive officers, directors and greater than ten percent stockholders are required by SEC

regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons, the Company believes that, during 2003, all filing requirements applicable to the Company's executive officers, directors, and persons who own more than ten percent of a registered class of the Company's equity securities have been complied with, with the exception that each of Messrs. Aas, Chapple, Fanning, Manning and Satterlee filed one late Form 4 report; Madison Dearborn Partners and Mr. Perry jointly filed one late Form 4 report; and Mr. Thompson failed to file one Form 4 report and instead timely filed a Form 5 report in February 2004 to report such transaction.

Compensation Committee Report on Executive Compensation

The following is the report of the compensation committee describing the compensation policies and rationale applicable to the Company's executive officers with respect to the compensation paid to such executive officers for the year ended December 31, 2003. The information

contained in the report shall not be deemed to be "soliciting material" or to be "filed" with the SEC and such information shall not be incorporated by reference into any future filing under the Securities Act, or the Exchange Act except to the extent that the Company specifically incorporates it by reference into such filing.

The role of the compensation committee is to evaluate the compensation of the executive officers of the Company and its affiliates (and their performance relative to their compensation) and assure that they are compensated effectively in a manner consistent with the stated compensation strategy of the Company, internal equity considerations and competitive practice. The Company's executive compensation structure has been designed to (i) achieve the Company's objectives of rewarding the Company's executive officers appropriately for their contributions to the Company's growth and profitability and the Company's other goals and objectives and (ii) align the interests of the Company's executive officers to the long-term interests of the Company's stockholders through a mix of long- and short-term incentives and features that include downside risk as well as upside potential.

The compensation committee believes that the compensation levels of the Company's executive officers, who provide leadership and strategic direction for the Company, should consist of (1) base salaries that are commensurate with executives of other comparable telecommunications companies and (2) cash bonus opportunities based on achievement of objectives set by (x) the compensation committee with respect to the Company's chief executive officer and (y) the Company's chief executive officer in consultation with the compensation committee with respect to the Company's other executive officers. The compensation committee also believes that it is important to provide the Company's executive officers with significant equity-related incentive compensation, which increases in value in direct correlation with improvement in the performance of the Company's Class A Common Stock, thereby aligning management's interests with those of the Company's stockholders.

In general, the compensation committee considers the following factors when determining compensation of the Company's executive officers:

the Company's financial performance as measured by attainment of specific financial objectives and operating results, including customer satisfaction scores and growth in revenues, Adjusted EBITDA and number of subscribers;

the Company's performance against long-range business plans and strategic initiatives;

the individual performance of each executive officer, including the achievement of identified goals by the executive or his or her functional group;

other relevant factors such as the overall labor market for qualified executives in the wireless industry, and the overall economic conditions both in the wireless industry and the country as a whole; and

historical cash and equity compensation levels.

Section 162(m) of the Code generally disallows a tax deduction to a publicly held company for compensation in excess of \$1 million paid to its chief executive officer or any of its four other most highly compensated executive officers, unless the plan and awards under which any portion of the compensation is paid meet specified requirements. The Company's incentive equity plan does not meet those requirements, and the compensation committee has determined that meeting these requirements may not necessarily be in the Company's best interest. Accordingly, the compensation committee has decided not to recommend any amendment to the Company's incentive equity plan to satisfy those requirements at this time. In any event, the Company does not anticipate having taxable income against which a deduction could be taken in the near future.

Cash Compensation

The base salaries for each of the Company's executive officers for 2003 other than John Thompson were set by their individual employment agreements. These agreements were entered into by each of the executive officers other than Barry Rowan in February 2003 and replaced their original employment agreements. Mr. Rowan joined the Company, and entered into an employee agreement with the Company, in July 2003. Mr. Thompson did not enter into an employment agreement, but continues to provide services to the Company as a non-executive employee. The level of base salary for each executive officer was determined by reference to officers' salaries at similarly situated companies with

operating results that compare with the operating achievements of the Company. Bonus compensation for these executive officers was determined based on a formula that ties a target bonus objective, which in most instances is established as a percentage of base salary (ranging from 75% for certain officers to 100% for other officers, including the chief executive officer), to the achievement of the Company's overall corporate goals. The employment agreements provide the compensation committee the authority to grant a bonus above the percentages of salary set forth above. In addition, for so long as each employment agreement is renewed, the compensation committee shall each year on or before the anniversary date of the agreement review the executive's base salary and bonus payment in light of the performance of the executive and the Company, and may increase (but not decrease) such base salary and bonus payment by an amount it determines to be appropriate.

As mandated by the employment agreements, the Company establishes a performance plan each year. Each annual performance plan establishes overall annual goals the Company wishes to achieve. For 2003, the overall goals were to:

meet operating cash flow, Adjusted EBITDA, revenue, expense and other budgetary targets;

meet targets relating to the addition and retention of subscribers on the digital mobile network;

meet targets relating to strengthening the Company's balance sheet and liquidity position and providing for an orderly distribution through a registered offering or otherwise of the Company's Class A Common Stock held by certain initial investors in the Company; and

expand and improve the Company's digital mobile network.

In 2003, all of these performance goals were achieved or exceeded. As a result, for 2003 all of the executive officers, including the chief executive officer, were paid cash bonuses that were equal to or greater than their target bonus objectives. The compensation committee believes the cash compensation for the Company's executive officers is comparable to industry salary and bonus levels.

Equity Compensation

The compensation committee administers and authorizes grants and awards to the Company's executive officers made under the Company's stock option plan. Periodically, the compensation committee authorizes grants of options to purchase Class A Common Stock under the Company's stock option plan to all employees who have been with the Company for a specified length of service. The compensation committee also authorizes awards for certain new employees as incentives to join the

Company. The compensation committee established the pool of options available for grant to all employees, including executive officers, in January 2003 subject to the achievement of the stated goals for 2003. By achieving 105% of the stated goals, 105% of the pool was available for grant to employees and executive officers for 2003 performance. The stock option plan is intended to provide additional incentives to the executive officers for the purpose of retention and to maximize stockholder value. Options are generally granted under the stock option plan at the then-current market price and are generally subject to four-year vesting periods to encourage employees to remain with the Company.

In determining whether and in what amount to grant stock options or other equity compensation to the Company's executive officers for performance in 2003, the compensation committee considered the amount and date of vesting of currently outstanding incentive equity compensation granted previously to each of the Company's executive officers, the committee's estimation of each executive's projected contribution to the long-term growth and profitability of the Company and to the achievement by the Company of its primary business objectives for 2003, including revenue growth, customer additions, operating cash flow and customer satisfaction. The compensation committee believes that continued grants of equity compensation to executive officers is an important tool to retain and motivate exceptionally talented executives who are necessary to achieve the Company's long-term goals, especially at a time of significant growth and competition in the wireless industry.

Compensation of the Chief Executive Officer

John Chapple, the Company's chief executive officer, received total cash compensation of \$744,711 for his services in 2003, including annual salary payments totaling \$351,000. The compensation committee increased Mr. Chapple's salary from \$240,000 to \$375,000 at a meeting it held in January 2003; the increased salary did not take effect until February 24, 2003. The compensation committee considered several factors in determining Mr. Chapple's annual salary for 2003, including the fact that the Company significantly out-performed the Company's revenue

growth and operating cash flow goals for 2002 and Mr. Chapple's contributions to the Company's strategic focus, market position, corporate culture and seamless operations with Nextel. Mr. Chapple was also awarded bonus payments totaling \$396,000 for services in 2003. \$2,250 of this bonus amount was paid to Mr. Chapple in connection with bonuses paid to all employees of the Company for satisfying quarterly customer satisfaction targets. Mr. Chapple received a bonus payment of \$393,750 in January 2004. This payment was made after it was determined that the Company met or exceeded all of its corporate goals (identified above in this report under the section "Cash Compensation") for 2003.

Summary

The compensation committee believes that the Company's compensation policies have been successful in attracting and retaining qualified employees and in linking compensation directly to corporate performance relative to the Company's goals and guiding principles. The Company's compensation policies will evolve over time as the Company moves to attain the near-term goals it has set for itself while maintaining its focus on building long-term stockholder value.

Compensation Committee Interlocks and Insider Participation

All members of the compensation committee during 2003 were independent directors, and none of them were employees or former employees of the Company. No executive officer of the Company has ever served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) have served on the Company's compensation committee or board of directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Amended and Restated Shareholders' Agreement. On January 29, 1999, the Company entered into a shareholders' agreement with Nextel WIP, DLJ Merchant Banking, Madison Dearborn Partners, Eagle River Investments, Motorola, the Company's senior management stockholders and all of the other parties who were stockholders prior to the Company's initial public offering. In that agreement, the parties agreed to certain matters relating to the Company's management and operations and the sale, transfer or other disposition of the Company's capital stock by these stockholders. This agreement also grants Nextel WIP certain preemptive rights to purchase shares of stock offered to the public by the Company, DLJ Merchant Banking or Madison Dearborn Partners. In addition, pursuant to this agreement, the Company granted to the DLJ Merchant Banking and Madison Dearborn Partners certain demand registration rights and to all of the parties "piggyback" registration rights. This agreement was amended and restated in February 2000 in connection with the initial public offering of the Company's Class A Common Stock. The current parties to the amended and restated shareholders' agreement are Nextel WIP, DLJ Merchant Banking, Madison Dearborn Partners, Eagle River Investments, Motorola, John Thompson, the estate of David Thaler and all of the Company's senior management stockholders other than Barry Rowan and Donald J. Manning. The amended and restated shareholders' agreement terminates on January 29, 2014.

Nextel Operating Agreements

The Company, through its principal subsidiary, entered into agreements with Nextel WIP that govern the build-out and operation of the Company's portion of the Nextel digital mobile network. Nextel WIP currently holds 30.1% of the Company's outstanding Common Stock, and one of the Company's directors is affiliated with it. Except as specifically set forth below, these operating agreements were executed on January 29, 1999 and, in some cases, were amended on September 9, 1999 and again on September 27, 2000, and have an initial term of ten years, which may be extended for up to an additional two and a half years and renewed for up to four ten-year renewal terms at the Company's option.

Joint Venture Agreement. The Company's joint venture agreement with Nextel WIP requires the Company to build and operate the Company's portion of the Nextel digital mobile network on time, make it compatible with Nextel's systems, meet or exceed quality standards applicable from time to time to Nextel's subsidiaries operating in the United States, and offer a set of core service features and upgrade the Company's system to comply with future Nextel standards.

This agreement also governs the transfer of licenses from Nextel WIP to the Company. To the extent that the Company requires additional frequencies to operate its business, the joint venture agreement sets forth the terms under which the Company may acquire such frequencies from Nextel WIP, from third parties or in auctions of spectrum by the Federal Communications Commission. All of the frequencies the Company acquired or may acquire from Nextel WIP are subject to transfer restrictions and rights of first refusal in favor of Nextel WIP.

Additional terms of the joint venture agreement are as follows: Nextel WIP has agreed to assist the Company with securing vendor discounts; the Company has agreed to obtain Nextel WIP's approval prior to taking certain significant actions, including making a material change to the Company's business objectives or technology; with limited exceptions, Nextel WIP has agreed that during the term of the joint

venture agreement, Nextel and/or its subsidiaries will not provide digital mobile wireless communications services within the Company's markets using the Nextel brand name; Nextel WIP has agreed to negotiate with the Company to give it the first right in the Company's territories to own and operate businesses using the 900 MHz frequency that Nextel currently holds; and the Company is generally required to adhere to the same standards for pricing structure, advertising, promotions,

customer care, telemarketing and related activities as the Nextel subsidiaries operating in the United States.

As described in further detail below, in the event of a termination of the joint venture agreement, Nextel WIP could, in certain circumstances, purchase or be forced to purchase all of the Company's outstanding stock. If that happens, Nextel WIP, at its option, would be entitled to pay the purchase price for the Company's stock in cash or in shares of Nextel common stock.

Other Operating Agreements. The Company has also entered into operating agreements with Nextel WIP with respect to: the license to Nextel trademarks and service marks; the ability of each company's subscribers to roam in the other's territory; Nextel's use of analog systems and services in the Company's territories; access to telecommunications towers space; access to information systems; and telecommunications switching services. For the year ended December 31, 2003, the Company paid to Nextel WIP approximately \$105.7 million for such services and received from Nextel WIP approximately \$115.9 million in roaming revenue.

Agreement Specifying Obligations and Limiting Liability of, and Recourse to, Nextel. All of the Company's operating agreements are with Nextel WIP, not Nextel. Pursuant to the terms of the agreement specifying obligations and limiting liability of, and recourse to, Nextel, the maximum cumulative, aggregate cash liability of Nextel and its controlled affiliates, other than Nextel WIP, for any and all actual or alleged claims or causes of action arising in connection with any aspect of the agreements governing or otherwise relating to the operating agreements is capped at \$200 million, subject to adjustments for amounts previously advanced. Some significant Nextel obligations, including any commitments that Nextel may make in the future to enable Nextel WIP to subsidize required upgrades and to buy the Company's stock from its other stockholders under certain circumstances, will not be subject to the cap.

Certain Obligations Under the Company's Charter

The Certificate, under certain circumstances, allows Nextel WIP, or allows holders of a majority of the Company's Class A Common Stock to cause Nextel WIP, to purchase all of the Company's outstanding Class A Common Stock. In any such event, Nextel WIP will have the choice of paying for any shares of Class A Common Stock in cash, in shares of Nextel common stock, or in a combination of cash and Nextel common stock. Events that trigger these rights and obligations include:

January 29, 2008, subject to certain postponements by the Company's board of directors;

If Nextel changes its digital transmission technology, the change is materially adverse to the Company and Nextel WIP determines not to provide the Company free of charge the equipment necessary to provide the Company's subscribers with service comparable to what they had been receiving;

If Nextel WIP requires a change in the Company's business, operations or systems, the change is materially adverse to the Company, Nextel WIP does not subsidize the Company for the costs of such change and the Company declines to implement the required change; or

Termination of the Company's operating agreements with Nextel WIP as a result of the Company's breach.

The holders of a majority of the Company's Class A Common Stock may cause Nextel WIP to purchase all outstanding Class A Common Stock upon the occurrence of certain triggering events. If a triggering event occurs and a majority of the holders of the Company's Class A Common Stock determine to require Nextel WIP to purchase all of the Company's outstanding Class A Common Stock, all stockholders will be required to sell their shares to Nextel WIP. In any such event, Nextel WIP will have the choice of paying for any shares of Class A Common Stock in cash, in shares of

Nextel common stock, or in a combination of cash and Nextel Common Stock. Events that trigger these rights and obligations include:

Change of control of Nextel;

If the Company does not implement a change in the Company's business, operations or systems required by Nextel WIP, the change is materially adverse to the Company, and the Company's board of directors provides non-Nextel affiliated stockholders with the opportunity to require Nextel WIP to buy their shares of Class A Common Stock and a majority of the stockholders vote to do so; or

Termination of the Company's operating agreements with Nextel WIP as a result of a breach by Nextel WIP.

Holders of the Company's Class A Common Stock also have the right and/or obligation to participate in any sale by Nextel WIP of all of its shares of the Company's capital stock to a third party occurring after January 29, 2011. Pursuant to the amended and restated shareholders' agreement, prior to January 29, 2011, Nextel WIP cannot transfer its shares of the Company's capital stock to a third party. In the event that the holders of a majority of the Class A Common Stock elect to participate in such sale, then pursuant to the Certificate, all holders of Class A Common Stock will be required to participate.

Motorola Agreements

Under the iDEN infrastructure equipment purchase and supply agreements and the subscriber purchase and distribution agreement between the Company and Motorola, who currently holds 2.3% of the Company's outstanding Common Stock, the Company agreed to purchase, and Motorola agreed to sell, infrastructure equipment and related software and services required for the build-out of the Company's portion of the Nextel digital mobile network, as well as telephones and other accessories.

The Company obtained pricing for the Motorola equipment and handsets on financial and other terms that the Company believes are substantially similar to those obtained by Nextel. For the year ended December 31, 2003, the Company purchased approximately \$180.1 million of infrastructure and other equipment, handsets, warranties and services from Motorola.

DLJ Merchant Banking Relationship

Credit Suisse First Boston, and one of its affiliates, Donaldson, Lufkin & Jenrette Securities Corporation, have served from time to time as initial purchasers of the Company's senior notes, convertible senior notes and senior discount notes and received customary discounts and commissions in connection with each such offering. In addition, Credit Suisse First Boston LLC also served as a dealer manager for the Company's tender offering relating to its 14% senior discount notes. Donaldson, Lufkin & Jenrette Securities Corporation also acted as the Company's financial advisor and as arranger, and DLJ Capital Funding, Inc., an affiliate of Donaldson, Lufkin & Jenrette Securities Corporation, acted as syndication agent, under the Company's previous \$475.0 million senior secured credit facility, and received customary fees and reimbursements in connection therewith. As of December 31, 2003, Credit Suisse First Boston, through its affiliate DLJ Merchant Banking and certain related parties, all of which are affiliates of Donaldson, Lufkin & Jenrette Securities Corporation, owned approximately 6.0% of the Company's outstanding Common Stock. Donaldson, Lufkin & Jenrette Securities Corporation was a co-lead manager of the initial public offering of the Class A Common Stock, and the Company may from time to time enter into other investment banking relationships with it or its affiliates. The aggregate amount of all fees paid to Credit Suisse First Boston and entities affiliated with DLJ Merchant Banking in connection with these transactions for the years

ended December 31, 2003, 2002 and 2001 was approximately \$5.2 million, \$437,500 and \$2.4 million, respectively.

1.2 "Board" shall mean the Board of Directors of the Company.

B-2

until action occurs that would otherwise cause a "Change in Control of the Company" as herein defined, *provided* that such rights were granted pursuant to a transaction in the financial markets and not as part of a strategic alliance or similar transaction;

(b) the Company sells, assigns, conveys, transfers, leases or otherwise disposes of all or substantially all of its assets to any Person (other than to a direct or indirect wholly owned Subsidiary of the Company);

Notwithstanding the foregoing, no "Change in Control of the Company" shall occur (i) merely by reason of any creditor of the Company foreclosing on or otherwise causing the sale, transfer or other disposition of all or any substantial part of the Company's assets (including, without limitation, the Company's equity interests in its subsidiaries) or (ii) merely by reason of a transfer by Eagle River Investments, LLC ("Eagle River") to another Person of the Capital Stock of the Company owned by Eagle River so long as Craig O. ARTICLE 2
SHARES SUBJECT TO PLAN

2.1 *Shares Subject to Plan.* The shares of stock subject to Options shall be shares of the Company's Class A Common Stock, par value \$.001 per share (the "Shares"). The aggregate number of such Shares which may be issued upon exercise of Options under this Plan shall not exceed 34,545,354; *provided*, that this number (i) shall be increased by the number of Shares issued pursuant to any of the Restricted Stock Purchase Agreements that are purchased by the Company upon termination of any Senior Manager and (ii) may be increased, at the discretion of the Board, by the number of Shares (if any) that are purchased by the Company pursuant to Section 4.05 of the Shareholders' Agreement.

2.2 *Unexercised Options.* If any Option expires, is forfeited, or is cancelled without having been fully exercised, the shares subject to such Option but as to which such Option was not exercised prior to its expiration, forfeiture or cancellation may again become shares with

respect to which Options may be granted hereunder.

2.3 *Changes in Company's Shares.* In the event that the Committee determines that any dividend or other distribution (whether in the form of cash, Shares, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, reclassification, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event affects the Shares such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under this Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the number of Shares of the Company (or number and kind of other securities or property) with respect to which Options may thereafter be granted, (ii) the number of Shares or other securities of the Company (or number and kind of other securities or property) subject to outstanding Options, and (iii) the grant or exercise price with respect to any Options, or, if deemed appropriate, make provision for a cash payment to the holder of an outstanding Option.

ARTICLE 3
GRANTING OF OPTIONS

3.1 *Eligibility.* Any Employee of the Company or of any corporation which is then a Parent Corporation or a Subsidiary shall be eligible to be granted Options in the sole discretion of the Committee. Notwithstanding any provision of this Plan to the contrary, officers or Directors of the Company, regardless of whether they are Employees, may be granted Options in the sole discretion of the Committee, in the same manner as if they were Employees.

3.2 *Granting of Options.*

(a) The Committee shall from time to time, in its absolute discretion:

(i) Select from among Employees (including Employees to whom Options have previously been granted under the Plan) such of them as in its opinion should be granted Options; and

(ii) Determine the number of Shares to be subject to such Options granted to such Employees; and

(iii) Determine the terms and conditions of such Options, consistent with the Plan.

(b) Upon the selection of an Employee to be granted an Option, the Committee shall instruct the Secretary of the Company to issue such Option and may impose such conditions to the grant of such Option as it deems appropriate. Without limiting the generality of the preceding sentence, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition to

B-6

the grant of an Option to an Employee that the Employee surrender for cancellation some or all of the unexercised Options which have been previously granted to him. An Option, the grant of which is conditioned upon such surrender, may have an option price lower (or higher) than the option price of the surrendered Option, may cover the same (or a lesser or greater) number of shares as the surrendered Option, may contain such other terms as the Committee deems appropriate and shall be exercisable in accordance with its terms, without regard to the number of shares, price, option period or any other term or condition of the surrendered Option.

3.3 *Limitations on Granting of Options.*

(a) The grant of Options to Senior Managers shall be conditioned on the criteria established by the Board and the chief executive officer of the Company. In making grants to Employees other than Senior Managers, the Board may make such grants subject to the same performance criteria as Senior Managers, or the Board may establish additional or different criteria.

(b) It is intended that approximately twenty-five percent (25%) of the Options subject to this Plan will be granted in connection with the recruitment of new Employees other than the Senior Managers ("Recruiting Options").

(c) No Options may be granted after January 1, 2008.

(d) The first Options (other than Recruiting Options) to be granted under this Plan will be awarded effective as of December 31, 1999, based on performance goals established for eligible Employees for 1999.

Edgar Filing: NEXTEL PARTNERS INC - Form DEF 14A

(e) It is intended that the Senior Managers will receive in the aggregate twenty percent (20%) of the total number of Options granted in each year, but in the sole discretion of the Committee such aggregate percentage may be reduced, but not below ten percent (10%) of the total number of Options granted in each year, unless such reduction below ten percent (10%) is with the consent of the individual affected Senior Manager.

ARTICLE 4 TERMS OF OPTIONS

4.1 *Option Agreements.* Each Option shall be evidenced by an Option Agreement, which shall contain such terms and conditions as the Committee shall determine, consistent with the Plan. Unless the Committee determines otherwise, the exercise price of each Option shall be equal to the fair market value of a share of Class A Common Stock as of the date of grant of such Option as determined by the Committee.

4.2 *Ordinary Vesting.*

(a) With respect to all Options granted on or after October 17, 2001 and except as otherwise provided herein or in any Option Agreement, the maximum portion of an Option (expressed as a percentage of such Option) that shall be exercisable (vested) in whole or in part shall be a function of the Optionee's years of service from date of grant as shown on the following table:

| Years of Service After Grant Date | Exercisable Percentage of Option |
|--|---|

(b) Options shall become exercisable at such times and in such installments (which may be cumulative) as shall be provided in the terms of each individual Option Agreement; *provided*, however, that by a resolution adopted after an Option is granted the Committee may, on such terms and conditions as it may determine to be appropriate, accelerate the time at which such Option or any portion thereof may be exercised.

(c) Subject to the terms of any Option Agreement, no portion of an Option which is unexercisable under Section 4.4 at Termination of Employment shall thereafter become exercisable.

4.3 *Accelerated Vesting.* Subject to the terms of any Option Agreement, upon a Change in Control of the Company, the Committee shall have the right, exercisable in its discretion (taking into account, among other factors, the effect on the availability of pooling treatment in connection with the Change in Control), to accelerate the vesting of some or all of the unvested Options then held by Employees other than Senior Managers.

4.4 *Expiration of Options.* The following terms shall govern the exercise and/or expiration of any Options:

(a) Except as otherwise provided in an Option Agreement, no Option may be exercised to any extent by anyone after the first to occur of the following events:

(i) The expiration of ten years and one day from the date the Option was granted; or

(ii) Except in the case of any Optionee who is terminated by reason of disability (within the meaning of Section 22(e)(3) of the Code), death or for cause, the expiration of three months, or, in the case of an officer of the Company, any Parent Corporation or any Subsidiary who is required to file Forms 3, 4 and 5 pursuant to Section 16 of the Exchange Act, seven months, from the date of the Optionee's Termination of Employment; or

(iii) In the case of an Optionee whose termination is due to disability (within the meaning of section 22(e)(3) of the Code), the expiration of one year from the date of the Optionee's Termination of Employment;

(iv) In the case of an Optionee whose termination is due to death, the expiration of one year from the date of the Optionee's death; or

(v) In the case of an Optionee whose termination is for cause, the date of Optionee's termination of employment.

(b) Subject to the provisions of Section 4.4(a), the terms of each individual Option shall provide when such Option expires and becomes unexercisable. The Committee may, either by the terms of any Option or by a resolution adopted after an Option is granted, extend any of the periods set forth in Sections 4.4(a)(ii), (iii) or (iv) on such terms and conditions as it may determine to be appropriate, *provided* however that in no event shall such extension be for a term longer than the original term of such Option.

(c) Except as otherwise provided in an Option Agreement, if NWIP purchases all or is required to purchase all of the outstanding Company Capital Stock (as defined in the Shareholders' Agreement) in accordance with any of Sections 4.01, 4.02, 7.03 or 7.04 of the Shareholders' Agreement, or any of the corresponding provisions of the Restated Certificate of Incorporation of the Company, any Option not exercised, exchanged or converted, as the case may be, at or prior to the closing of such purchase, as provided in the Shareholders' Agreement or the Restated Certificate of Incorporation, as applicable, shall be canceled and become unexercisable upon such closing, and the Company's books and records shall reflect such cancellation.

4.5 *No Right to Continued Employment.* Nothing in this Plan or in any Option Agreement hereunder shall confer upon any Optionee any right to continue in the employ of the Company, any

Parent Corporation or any Subsidiary or shall interfere with or restrict in any way the rights of the Company, its Parent Corporations and its Subsidiaries, which are hereby expressly reserved, to terminate or discharge any Optionee at any time for any reason whatsoever, with or without cause.

ARTICLE 5 EXERCISE OF OPTIONS

5.1 *Person Eligible to Exercise.* During the lifetime of the Optionee, only he may exercise an Option granted to him, or any portion thereof. After the death of the Optionee, any exercisable portion of an Option may, prior to the time when such portion becomes unexercisable under Section 4.4, be exercised by his personal representative or by any person empowered to do so under the deceased Optionee's will or under the then applicable laws of descent and distribution.

5.2 *Partial Exercise.* At any time and from time to time prior to the time when an exercisable Option or exercisable portion thereof becomes unexercisable under Section 4.4, such Option or portion thereof may be exercised in whole or in part, *provided*, however, that the Company shall not be required to issue fractional shares and the Committee may, by the terms of the Option, require any partial exercise to be with respect to a specified minimum number of shares.

5.3 *Manner of Exercise.* Except as otherwise provided in an Option Agreement or in accordance with exercise procedures established by the Company from time to time including cashless exercises and exercises managed on behalf of the Company by a third party, an exercisable Option, or any exercisable portion thereof, may be exercised solely by delivery to the Secretary of the Company all of the following prior to the time when such Option or such portion becomes unexercisable under Section 4.4:

(a) Notice in writing signed by the Optionee or other person then entitled to exercise such Option or portion, stating that such Option or portion is exercised, such notice complying with all applicable rules established by the Committee; and

(b) Payment as set forth in the following provisions and paragraph (c), below:

(i) Full payment (in cash or by check) for the Shares with respect to which such Option or portion is thereby exercised; or

(ii) Subject to the Committee's consent, full payment by delivery to the Company of Shares owned by Optionee duly endorsed for transfer to the Company by Optionee or other person then entitled to exercise such Option or portion, with an aggregate fair market value equal to the Option price of the Shares with respect to which such Option or portion is thereby exercised; or

(iii) Subject to the Committee's consent, any combination of the considerations provided for in the foregoing subsections (i) or (ii); and

(c) On or prior to the date the same is required to be withheld:

(i) Full payment (in cash or by check) of any amount that must be withheld by the Company for federal, state and/or local tax purposes; or

(ii) Subject to the Committee's consent, full payment by delivery to the Company of Shares owned by Optionee duly endorsed for transfer to the Company by Optionee or other person then entitled to exercise such Option or portion with an aggregate fair market value equal to the amount that must be withheld by the Company for federal, state and/or local tax purposes; or

(iii) Subject to the Committee's consent, full payment by retention by the Company of Shares to be issued pursuant to such Option exercise with an aggregate fair market value

equal to the amount that must be withheld by the Company for federal, state and/or local tax purposes; or

(iv) Subject to the Committee's consent, any combination of payments provided for in the foregoing subsections (i), (ii) or (iii);

provided that if the Optionee is an officer of the Company required to file Forms 3, 4 and 5 pursuant to Section 16 of the Exchange Act then if and to the extent required by Rule 16b-3 thereunder, an election to make full payment by the means described in Sections 5.3(c)(ii) or 5.3(c)(iii) shall be made more than six months after grant of the Option and either made and the Option exercised only during the period beginning on the first business day following the date of release of quarterly or annual summary statements of sales and earnings of the Company and ending on the thirtieth business day following such date, or irrevocably made more than six months prior to the date the amount of tax to be withheld is determined; and

(d) Such representations and documents as the Committee, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act and any other federal or state securities laws or regulations. The Committee may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer orders to transfer agents and registrars; and

(e) In the event that the Option or portion thereof shall be exercised pursuant to Section 5.1 by any person or persons other than the Optionee, appropriate proof of the right of such person or persons to exercise the Option or portion thereof.

5.4 Conditions to Issuance of Stock Certificates. The Shares issuable and deliverable upon the exercise of an Option, or any portion thereof, may be either previously authorized but unissued shares or issued shares which have then been reacquired by the Company. The Company shall not be required to issue or deliver any certificate or certificates for shares of stock purchased upon the exercise of any Option or portion thereof prior to the fulfillment of all of the following conditions:

(a) The admission of such Shares to listing on all stock exchanges on which such class of stock is then listed;

(b) The completion of any registration or other qualification of such shares under any state or federal law under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body, which the Committee shall, in its absolute discretion, deem necessary or advisable; and

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Committee shall, in its absolute discretion, determine to be necessary or advisable; and

(d) The lapse of such reasonable period of time following the exercise of the Option as the Committee may establish from time to time for reasons of administrative convenience.

5.5 Rights of Shareholders. The holders of Options shall not be, nor have any of the rights or privileges of, shareholders of the Company in respect of any shares purchasable upon the exercise of any part of an Option unless and until certificates representing such shares have been issued by the Company to such holders.

ARTICLE 6
ADMINISTRATION

6.1 *Duties and Powers of Committee.* It shall be the duty of the Committee to conduct the general administration of the Plan in accordance with its provisions. The Committee shall have the power to interpret the Plan, the Options and to adopt such rules for the administration, interpretation and application of the Plan as are consistent therewith and to interpret, amend or revoke any such rules. Any decision of the Committee on any issue of interpretation, fact or law that does not constitute an abuse of discretion will be final and binding upon all participants.

6.2 *Majority Rule.* The Committee shall act by a majority of its members in office. The Committee shall act in accordance with the Bylaws of the Company.

6.3 *Compensation; Professional Assistance; Good Faith Actions.* Members of the Committee shall serve without compensation. All expenses and liabilities incurred by members of the Committee in connection with the administration of the Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers or other persons. All actions taken and all interpretations and determinations made by the Committee in good faith shall be final and binding upon all Optionees, the Company and all other interested persons. No member of the Committee shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or the Options, and all members of the Committee shall be fully protected by the Company in respect to any such action, determination or interpretation.

ARTICLE 7
OTHER PROVISIONS

7.1 *Options Not Transferable.* The Committee, in its absolute discretion, may impose such restrictions on the transferability of the Shares purchasable upon the exercise of an Option as it deems appropriate, *provided*, that any such restriction shall be set forth in the respective Option Agreement. Except as set forth in any Option Agreement, no Option or interest or right therein or part thereof shall be available to satisfy the debts, contracts or engagements of the Optionee or his successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law, by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect.

7.2 *Amendment, Suspension or Termination of the Plan and Options.*

(a) This Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board without obtaining approval from the Company's shareholders except as such shareholder approval may be required pursuant to Rule 16b-3 under Section 16 of the Exchange Act or any other legal or regulatory requirement; *provided*, however, that the Board shall not modify or amend this Plan if such proposed modification or amendment may reasonably be expected to be materially adverse to the Senior Managers as a group or to any individual participating Employee without obtaining the prior written consent of not less than a majority of such Senior Managers or such individual participating Employee, respectively. Neither the amendment, suspension nor termination of the Plan shall, without the consent of the holder of any Option, alter or impair any rights or obligations under any Option theretofore granted. No Option may be granted during any period of suspension nor after termination of the Plan, and in no event may any Option be granted under this Plan after the expiration of ten years from the date the Plan is adopted by the Board.

(b) Subject to the terms of this Plan and applicable law, the Committee may waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Option

theretofore granted, prospectively or retroactively; *provided* that any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would adversely affect the rights of an Optionee or any holder or beneficiary of any Option theretofore granted shall not to that extent be effective without the consent of the affected Optionee, holder or beneficiary.

7.3 *Effect of Plan Upon Other Option and Compensation Plans.* The adoption of this Plan shall not affect any other compensation or incentive plans in effect for the Company, any Parent Corporation or any Subsidiary. Nothing in this Plan shall be construed to limit the right of the Company, any Parent Corporation or any Subsidiary (a) to establish any other forms of incentives or compensation for employees of the Company, any Parent Corporation or any Subsidiary or (b) to grant or assume Options otherwise than under this Plan in connection with any proper corporate purpose, including, but not by way of limitation, the grant or assumption of Options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, firm or association.

7.4 *Share Certificates.* Certificates issued in respect of Shares shall, unless the Committee otherwise determines, be registered in the name of the Optionee and shall be deposited by such Optionee, together with a stock power endorsed in blank, with the Company. When the Optionee ceases to be bound by any transfer restrictions set forth herein the Company shall deliver such certificates to the Optionee upon request. Such stock certificate shall carry such appropriate legends, and such written instructions shall be given to the Company's transfer agent, as may be deemed necessary or advisable by counsel to the Company in order to comply with the requirements of the Securities Act, any state securities laws or any other applicable laws. All certificates for Shares or other securities of the Company or any Subsidiary delivered under the Plan pursuant to any Option or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations and other requirements of the Securities and Exchange Commission or any stock exchange upon which such Shares or other securities are then listed and any applicable laws or rules or regulations, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

7.5 *Titles.* Titles are provided herein for convenience only and are not to serve as a basis for interpretation or construction of the Plan.

7.6 *Governing Law.* To the extent not preempted by Federal law, this Plan shall be governed by the internal laws of the State of Delaware without regard to its conflict-of-law rules.

7.7 *Effective Date.* This Plan shall be effective as of the date first above written.
