**THE TORONTO-DOMINION BANK
EARNINGS COVERAGE ON SUBORDINATED NOTES AND DEBENTURES
FOR THE TWELVE MONTHS ENDED OCTOBER 31, 2004**

The Bank's interest requirements on all subordinated notes and debentures and innovative Tier 1 capital, after adjustment for new issues and retirement of subordinated debt, amounted to \$441 million for the 12 months ended October 31, 2004. The Bank reported a net income, before interest on subordinated debt and innovative Tier 1 capital and income tax, of \$3,609 million for the 12 months ended October 31, 2004, which was 8.2 times the Bank's interest requirements. On an earnings before amortization of intangibles basis¹, the Bank's interest requirements on all subordinated notes and debentures and innovative Tier 1 capital, after adjustment for new issues and retirement of subordinated debt, amounted to \$441 million for the 12 months ended October 31, 2004 and the Bank's net income before interest on subordinated debt and innovative Tier 1 capital and income tax was \$4,235 million, which was 9.6 times its interest requirements.

The Bank utilizes earnings before the amortization of intangibles to assess each of its businesses and to measure overall Bank performance. To arrive at this measure, the Bank removes special items and the amortization of intangibles from reported basis earnings. The Bank views special items as transactions that are not part of the normal daily business operations and are therefore not indicative of underlying trends. Previously, the Bank reported operating cash basis earnings. Since the only distinction between operating cash basis and reported basis earnings in 2003 and 2004 was the amortization of intangibles (as there were no special items), the Bank now refers to earnings before amortization of intangibles as it is a better description of this measure. The majority of the Bank's intangible amortization relates to the Canada Trust acquisition in fiscal 2000. The Bank excludes the amortization of intangibles as this approach ensures comparable treatment with goodwill, which is not amortized. Consequently, the Bank believes that earnings before amortization of intangibles provides the reader with an understanding of the Bank's results that can be consistently tracked from period to period. As explained, earnings before amortization of intangibles is different from reported results determined in accordance with GAAP. Earnings before amortization of intangibles and related terms are not defined terms under GAAP and therefore may not be comparable to similar terms used by other issuers.
