SOLICITATION OF PROXIES

This Proxy Statement is being furnished to the shareholders of Merit Medical Systems, Inc., a Utah corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies from holders of outstanding shares of the Company's common stock, no par value (the "Common Stock"), for use at the Annual Meeting of Shareholders of the Company to be held on Wednesday, May 25, 2005, at 3:00 p.m., at the Company's corporate offices at 1600 West Merit Parkway, South Jordan, Utah, and at any adjournment or postponement thereof (the "Annual Meeting"). This Proxy Statement, the Notice of Annual Meeting of Shareholders and the accompanying form of proxy are first being mailed to shareholders of the Company on or about April 25, 2005.

The Company will bear all costs and expenses relating to the solicitation of proxies, including the costs of preparing, printing and mailing to shareholders this Proxy Statement and accompanying materials. In addition to the solicitation of proxies by use of the mail, the directors, officers and employees of the Company, without receiving additional compensation, may solicit proxies personally or by telephone, electronic mail or facsimile. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the shares of Common Stock held by those persons, and the Company will reimburse those brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

VOTING

The Board of Directors has fixed the close of business on April 20, 2005 as the Record Date for determination of shareholders entitled to receive notice of and to vote at the Annual Meeting (the "Record Date"). As of the Record Date, there were issued and outstanding 26,515,247 shares of Common Stock. The holders of record of the shares of Common Stock on the Record Date entitled to be voted at the Annual Meeting are entitled to cast one vote per share on each matter submitted to a vote at the Annual Meeting.

Proxies

Shares of the Common Stock that are entitled to be voted at the Annual Meeting and are represented by properly executed proxies will be voted in accordance with the instructions on those proxies. If no instructions are indicated, those shares will be voted FOR the election of each of the three director nominees for their respective terms, FOR the ratification of the appointment of Deloitte & Touche LLP to be the Company's independent auditor for the fiscal year ending December 31, 2005, and in the discretion of the proxy holder as to any other matters that may properly come before the Annual Meeting. A shareholder who has executed and returned a proxy may revoke it at any time prior to its exercise at the Annual Meeting by executing and returning a proxy bearing a later date, by filing with the Secretary of the Company, at the address set forth above, a written notice of revocation bearing a later date than the proxy being revoked, or by voting the Common Stock covered thereby in person at the Annual Meeting.

Vote Required

A majority of the issued and outstanding shares of Common Stock entitled to vote, represented in person or by proxy, is required for a quorum at the Annual Meeting. Abstentions and broker non-votes will be counted as "represented" for the purpose of determining the presence or absence of a quorum.

Under Utah law, in connection with the election of directors, the three nominees receiving the highest number of votes will be elected. In order to approve the proposal in respect of the appointment of independent auditors, votes cast in favor of the proposal must exceed the votes cast against. Abstentions and broker non-votes will not have the effect of being considered as votes cast with respect to those matters.

The Nominating and Corporate Governance Committee currently recommends to the Board of Directors certain director nominees and the amount of director compensation. The Nominating and Corporate Governance Committee was formed during the fiscal year ended December 31, 2004, but did not meet during the 2004 fiscal year. The Board of Directors will consider recommendations for director nominees by shareholders if the names of those nominees and relevant biographical information are submitted in writing to the Secretary of the Company in the manner described for shareholder nominations below under the heading "Proposals of Shareholders." All nominees, whether submitted by a shareholder or the Board of Directors, will be evaluated in the same manner. The current director nominees were recommended by the Board of Directors including the independent members thereof. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's executive officers and directors to file with the Securities and Exchange Commission (the "Commission") initial reports of ownership and reports of changes in ownership of the Common Stock and other securities that are derivative of the Common Stock. Executive officers and directors are required by Commission regulations to furnish the Company with copies of all Section 16(a) reports they file. Based solely upon a review of the copies of those forms and written representations from the Company's executive officers and directors, the Company believes that all Section 16(a) reports required to be filed by the Company's officers and directors were filed. However, in connection with options granted by the Board of Directors on December 18, 2004, each of Fred P. Lampropoulos, Kent W. Stanger, B. Leigh Weintraub, Martin R. Stephens, Gregory L. Barnett and Rashelle Perry was required to file a Form 4 within two days of the option grants. All directors are also reimbursed by the Company for their out-of-pocket travel and related expenses incurred in attending all Board of Directors and committee meetings.

The Board of Directors will receive communications from shareholders. All communications, except those related to shareholder proposals that are discussed below under the heading "Proposals of Shareholders," must be sent to the Chairman of the Board of Directors at the Company's executive offices at 1600 West Merit Parkway, South Jordan, Utah 84095. Lampropoulos) (the "Employment Period") in essentially the position held prior to the change of control and at an annual base salary and average annual bonus based on the salary paid during the last fiscal year and the average of the bonuses paid during the three fiscal years prior to the change of control. In addition, during the Employment Period, the Named Executive Officers are entitled to participate in all retirement plans, benefit plans and other employee benefits in effect prior to the change of control or, if more favorable, in those benefit programs provided to employees after the change of control.

Upon termination of employment by the Company following a change of control, other than for death, disability or cause, or if the Named Executive Officer terminates employment for good reason, the Named Executive Officer is entitled to receive the sum of (i) his or her base salary and bonus through the date of termination, (ii) any accrued or deferred compensation or benefits, (iii) an amount equal to the Named Executive Officer's annual base salary and average annual bonus multiplied by the number of whole or fractional years remaining in the Employment Period, and (iv) continued coverage during the remainder of the Employment Period under the Company's benefit plans, programs, practices or policies. The Employment Agreements provide that the Named Executive Officers may voluntarily terminate employment during a 30-day window period following the first 12 months of the Employment Period and that such a termination will be deemed for good reason. If termination of the employment of a Named Executive Officer occurs that is not related to a change of control and is for other than death, disability or cause, the Named Executive Officer is entitled to receive the sum of

(i) and (ii) above, plus a sum equal to his or her annual base compensation and average bonus (based on the base salary paid during the last fiscal year and bonuses paid during the last three fiscal years).

If termination of employment of a Named Executive Officer occurs by reason of death or disability, he or she shall be entitled to payment of base salary and bonus through the date of termination, any deferred or accrued benefits, and other death or disability benefits equal to the most favorable benefits provided by the Company to other employees and their families. If the Named Executive Officer is terminated for cause during the Employment Period, the Company is obligated to pay to the Named Executive Officer his or her annual base salary through the date of termination, the amount of any compensation previously deferred, and any other benefits due through the date of termination, in each case to the extent not previously paid.

Report of the Compensation Committee

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, that incorporates by reference, in whole or in part, subsequent filings including, without limitation, this Proxy Statement, the following Report of the Compensation Committee, the Report of the Audit Committee and the Performance Graph set forth on page 13 hereof shall not be deemed to be incorporated by reference into any such filings.

General. The Company's executive compensation program is administered by the Compensation Committee, which is responsible for establishing the policies and amounts of compensation for the Company's executive officers. The Compensation Committee, composed of three independent directors, has oversight responsibility for executive compensation and the executive benefit programs of the Company.

Executive Compensation Principles. The Company's executive compensation program is designed to align executive compensation with the values, objectives and performance of the Company. The executive compensation program is designed to achieve the following objectives:

Attract and retain highly qualified individuals who are capable of making significant contributions to the long-term success of the Company;

Reward executive officers for long-term strategic management and the enhancement of shareholder value; and

Promote a performance-oriented environment that encourages Company and individual achievement.

Executive Compensation Program. The Company's executive compensation program consists of both cash and equity-based compensation. The components of the Company's executive compensation program and the policies that govern their implementation are outlined briefly below.

Cash Compensation. The Company's cash compensation policy is designed to provide competitive levels of compensation to attract and retain qualified individuals and to reward individual initiative and achievement. The Company's existing executive compensation program is a base compensation plan with a bonus compensation element.

The salary for Fred P. Lampropoulos, President and Chief Executive Officer, is based generally upon comparisons with levels of compensation paid to Chief Executive Officers of other comparably-sized medical device manufacturers. The overall performance of the Company and the Company's progress toward achieving specific objectives are also important factors in setting compensation for Mr. Lampropoulos.

Cash compensation for executive officers other than the Chief Executive Officer is based generally upon comparisons with comparably sized medical device manufacturers and is targeted at the mid-range of the salary levels of those manufacturers. Compensation of executive officers is based, in part, upon their respective responsibilities as compared to similar positions in comparable companies. The Compensation Committee also considers individual merit and the Company's performance. It is the practice of the Committee to solicit and review recommendations of the Chief Executive Officer when determining salary levels for executive officers other than the Chief Executive Officer.

The Compensation Committee has established an annual incentive bonus program for the Chief Executive Officer. In 2004, Mr. Lampropoulos qualified for the bonus when the Company achieved all of the goals in each of following categories: revenue and earnings growth over the prior year; completion of three major projects; expansion of facilities in order to increase production capacity; and assignment of inventions to the Company. For 2005, Mr. Lampropoulos will be entitled to receive base incentive compensation to be determined by the Compensation Committee if the Company achieves each new goal established by the Compensation Committee for revenue growth; earnings per share; project completion; and assignment of inventions to the Company. If a particular goal is not completely achieved, no portion of the base incentive compensation will be paid for that category. In addition, the Board of Directors may in its discretion declare and pay to the Chief Executive Officer additional bonus amounts in recognition of exceptional performance.

Equity-Based Compensation. The Company has adopted various stock-based compensation plans that are designed to promote and advance the interests of the Company and its shareholders by strengthening the mutuality of interests between the executive officers of the Company and the Company's shareholders. Since executive incentive compensation is based on shares of Common Stock, the value of those awards to executive officers increases as the value of the Common Stock increases.

Benefits. The Company's policy is to provide an attractive benefit package to all employees. Executive officers of the Company are generally eligible to participate, on the terms and conditions applicable to all eligible employees of the Company, in the Merit Medical Systems 401(k) Profit Sharing Plan, a contributory savings and profit sharing plan for all Company employees over the age of 18. Certain executive officers may elect to defer certain awards or compensation under the Company's employee benefit plans.

Report of the Audit Committee

The Audit Committee met eight times during the 2004 year to review the Company's accounting practices and procedures with the Company's management and independent public accountants and to review the quarterly and annual financial statements of the Company. All members of the Audit Committee attended all such meetings. Additionally, the Audit Committee or Richard W. Edelman, its chairman, met with the Company's independent auditors and management to review the financial information included in the audited financial statements. All members of the Audit Committee are "independent," as defined in Rule 4200(a)(14) of the National Association of Securities Dealers listing standards.

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditor is responsible for performing an audit of the Company's financial statements in accordance with generally accepted auditing standards in the United States of America and for expressing an opinion on those financial statements based on its audit. The Audit Committee reviews these processes on behalf of the Board of Directors. The Audit Committee has reviewed and discussed with the Company's management and its independent auditor the audited financial statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2004.

The Audit Committee also has discussed with the independent auditor the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committee), as amended.

The Audit Committee has received the written disclosures and the letter from the independent auditor required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as amended, and has discussed with the independent auditor its independence. The Audit Committee has also considered whether the provision of the non-audit services described below under the caption "Proposal No. 2 Ratification of Selection of Auditor" is compatible with maintaining the independence of the independent auditor.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, as filed with the Commission.

Deloitte & Touche LLP has acted as independent auditor for the Company since 1987. The Board of Directors anticipates that one or more representatives of Deloitte & Touche LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The Board of Directors recommends that shareholders vote FOR ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditor.

Pre-Approval Policies and Procedures

The Audit Committee ensures that the Company engages its public accountants to provide only audit and non-audit services that are compatible with maintaining the independence of its public accountants. The Audit Committee approves or pre-approves all services provided by the Company's public accountants. Permitted services include audit and audit-related services, tax and other non-audit related services. Certain services are identified as restricted. Restricted services are those services that may not be provided by the Company's external public accountants, whether identified in statute or determined in the Company's opinion to be incompatible with the role of an independent auditor. All fees identified in the preceding four paragraphs were approved by the Audit Committee. During 2004,

the Audit Committee reviewed all non-audit services provided by the Company's external public accountants, and concluded that the provision of such non-audit services was compatible with maintaining the independence of the external public accountants.
