PROXY STATEMENT
FOR THE ANNUAL MEETING OF SHAREHOLDERS
to be Held April 24, 2012

This Proxy Statement is furnished to shareholders of SCBT Financial Corporation, a South Carolina corporation (herein, unless the context otherwise requires, together with its subsidiaries, the "Company"), in connection with the solicitation of proxies by the Company's Board of Directors for use at the Annual Meeting of Shareholders to be held at the Company's headquarters in the Orangeburg Conference Room on the second floor, 520 Gervais Street, Columbia, South Carolina at 2:00 p.m., on April 24, 2012 or any adjournment thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. Directions to the Company's headquarters may be obtained by contacting Keith Rainwater at 803-231-3539.

Solicitation of proxies may be made in person or by mail, telephone or other means by directors, officers and regular employees of the Company. The Company may also request banking institutions, brokerage firms, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of Common Stock of the Company held of record by such persons, and the Company will reimburse the reasonable forwarding expenses. The cost of solicitation of proxies will be paid by the Company. This Proxy Statement was first mailed to shareholders on or about March 23, 2012.

The Company has its principal executive offices at 520 Gervais Street, Columbia, South Carolina 29201. The Company's mailing address is P.O. Box 1030, Columbia, South Carolina 29202, and its telephone number is 800-277-2175.

ANNUAL REPORT

The Annual Report to Shareholders (which includes the Company's Annual Report on Form 10-K containing, among other things, the Company's fiscal year ended December 31, 2011 financial statements) accompanies this proxy statement. Such Annual Report to Shareholders does not form any part of the material for the solicitation of proxies.

REVOCATION OF PROXY

Any record shareholder returning the accompanying proxy may revoke such proxy at any time prior to its exercise (a) by giving written notice to the Company of such revocation, (b) by voting in person at the meeting, or (c) by executing and delivering to the Company a later dated proxy. Attendance at the Annual Meeting will not in itself constitute revocation of a proxy. Any written notice or proxy revoking a proxy should be sent to SCBT Financial Corporation, P.O. Box 1030, Columbia, South Carolina 29202, Attention: Renee R. Brooks. Written notice of revocation or delivery of a later dated proxy will be effective upon receipt thereof by the Company.

QUORUM AND VOTING

The Company's only voting security is its \$2.50 par value per common stock ("Common Stock"), each share of which entitles the holder thereof to one vote on each matter to come before the Annual Meeting. At the close of business on March 2, 2012 (the "Record Date"), the Company had issued and outstanding 14,056,363 shares of Common Stock, which were held of record by approximately 5,300 persons. Only shareholders of record at the close of business on the Record Date are entitled to notice of and to vote on matters that come before the Annual Meeting. Notwithstanding the Record Date

specified above, the Company's stock transfer books will not be closed and shares of the Common Stock may be transferred subsequent to the Record Date. However, all votes must be cast in the names of holders of record on the Record Date.

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. If a share is represented for any purpose at the Annual Meeting by the presence of the registered owner or a person holding a valid proxy for the registered owner, it is deemed to be present for the purposes of establishing a quorum. Therefore, valid proxies which are marked "Abstain" or "Withhold" or as to which no vote is marked, including proxies submitted by brokers who are the record owners of shares but who lack the power to vote such shares (so-called "broker non-votes"), will be included in determining the number of votes present or represented at the Annual Meeting. If a quorum is not present or represented at the meeting, the shareholders entitled to vote, present in person or represented by proxy, have the power to adjourn the meeting from time to time until a quorum is present or represented. If any such adjournment is for a period of less than 30 days, no notice, other than an announcement at the meeting, is required to be given of the adjournment. If the adjournment is for 30 days or more, notice of the adjourned meeting will be given in accordance with the Bylaws. Directors, officers and regular employees of the Company may solicit proxies for the reconvened meeting in person or by mail, telephone or other means. At any such reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally noticed. Once a quorum has been established, it will not be destroyed by the departure of shares prior to the adjournment of the meeting.

Provided a quorum is established at the meeting, directors will be elected by a majority of the votes cast at the Annual Meeting. Shareholders of the Company do not have cumulative voting rights.

All other matters to be considered and acted upon at the Annual Meeting, including the proposal to ratify the appointment of Dixon Hughes Goodman LLP, Certified Public Accountants, as independent registered public accounting firm, require that the number of shares of Common Stock voted in favor of the matter exceed the number of shares of Common Stock voted against the matter, provided a quorum has been established. Abstentions, broker non-votes and the failure to return a signed proxy will have no effect on the outcome of such matters.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS
FOR THE SHAREHOLDER MEETING TO BE HELD ON APRIL 24, 2012**

The Company's Proxy, Proxy Statement (providing important shareholder information for the Annual Meeting), and 2011 Annual Report to Shareholders (which includes its 2011 Annual Report on Form 10-K) accompany this Notice. **The proxy statement and 2011 Annual Report to Shareholders are available at <http://www.scbtonline.com> under the Investor Relations page.**

ACTIONS TO BE TAKEN BY THE PROXIES

Each proxy, unless the shareholder otherwise specifies therein, will be voted according to the recommendations of the Board of Directors as follows:

Proposal One: **FOR** the election of the persons named in this Proxy Statement as the Board of Directors' nominees for election to the Board of Directors; and

Proposal Two: **FOR** the ratification of the appointment of Dixon Hughes Goodman LLP as independent registered public accounting firm for the fiscal year ending December 31, 2012; and

Proposal Three: **FOR** the approval of the proposal to adopt the 2012 Omnibus Stock and Performance Plan

In each case where the shareholder has appropriately specified how the proxy is to be voted, it will be voted in accordance with his or her specifications. As to any other matter of business that may be brought before the Annual Meeting, a vote may be cast pursuant to the accompanying proxy in accordance with the best judgment of the persons voting the same. However, the Board of Directors does not know of any such other business.

SHAREHOLDER PROPOSALS AND COMMUNICATIONS

Any shareholder of the Company desiring to include a proposal in the Company's 2013 proxy materials for action at the 2013 Annual Meeting of Shareholders must deliver the proposal to the executive offices of the Company no later than November 16, 2012 if such proposal is to be considered for inclusion in the 2013 proxy materials. Only proper proposals that are timely received will be included in the Company's 2013 Proxy Statement and Proxy. In addition, a shareholder who desires to nominate a person for election to the Board of Directors of the Company or to make any other proposal for consideration by shareholders at a shareholders' meeting must deliver notice of such proposed action to the secretary of the Company no less than 45 days before such meeting. For a nominee for director, such notice should be addressed to the Governance Committee of the Company at P.O. Box 1030, Columbia, South Carolina 29202. The recommendation must set forth the name and address of the shareholder or shareholder group making the nomination; the name of the nominee; his or her address; the number of shares of Company stock owned by the nominee; any arrangements or understandings regarding nomination; the five-year business experience of the recommended candidate; legal proceedings within the last five years involving the candidate; a description of transactions between the candidate and the Company valued in excess of \$120,000 and other types of business relationships with the Company; a description of any relationships or agreements between the recommending shareholder or group and the candidate regarding nomination; a description of known relationships between the candidate and the Company's competitors, customers, business partners or other persons who have a business relationship with the Company; and a statement of the recommended candidate's qualifications for Board membership. For any other shareholder proposal, such notice must set forth the name and address of the shareholder making the proposal and the text of the resolution to be voted on.

The Company does not have a formal process by which shareholders may communicate with the Board of Directors. Historically, however, the chairman of the Board or the Governance Committee has undertaken responsibility for responding to questions and concerns expressed by shareholders. In the view of the Board of Directors, this approach has been sufficient to ensure that questions and concerns raised by shareholders are adequately addressed. Any shareholder desiring to communicate with the Board may do so by writing to the Secretary of the Company at P.O. Box 1030, Columbia, South Carolina 29202.

All directors attended at least 75% of the aggregate of (a) the total number of meetings of the Board of Directors held during the period for which he or she served as a director, and (b) the total number of meetings held by all committees of the Board of Directors of the Company on which he or she served.

Note: All directors other than Robert R. Horger and Robert R. Hill, Jr. meet the independence requirements of The NASDAQ Stock Market. Therefore, under these requirements, a majority of the members of the Company's Board of Directors is independent.

The functions of these committees are as follows:

Executive Committee The Board of Directors of the Company may, by resolution adopted by a majority of its members, delegate to the executive committee the power, with certain exceptions, to exercise the authority of the Board of Directors in the management of the affairs and property of the Company.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

Audit Committee The Board of Directors has determined that all members of the Audit Committee are independent directors under the independence requirements of The NASDAQ Stock Market. The Board of Directors has also determined that M. Oswald Fogle is an "Audit Committee financial expert" for purposes of the rules and regulations of the Securities and Exchange Commission ("SEC") adopted pursuant to the Sarbanes-Oxley Act of 2002. The primary function of the Audit Committee is to assist the Board of Directors of the Company in overseeing (i) the Company's accounting and financial reporting processes generally, (ii) the audits of the Company's financial statements and (iii) the Company's systems of internal controls regarding finance and accounting. In such role, the Audit Committee reviews the qualifications, performance, effectiveness and independence of the Company's independent accountants and has the authority to appoint, evaluate and, where appropriate, replace the Company's independent accountants. The Audit Committee also oversees the Company's internal audit department and consults with management regarding the internal audit process and the effectiveness and reliability of the Company's internal accounting controls. The Board of Directors has adopted a charter for the Audit Committee, a copy of which is located on the Company's website at www.scbtonline.com under Investor Relations.

Compensation Committee The Board of Directors has determined that all members of the Compensation Committee are independent directors under the independence requirements of The NASDAQ Stock Market applicable to directors who do not serve on the Audit Committee. The Compensation Committee, among other functions, has overall responsibility for evaluating, and approving or recommending to the Board for approval, the director and officer compensation plans, policies and programs of the Company. The full Board of Directors is then responsible for approving or disapproving compensation paid to the CEO and each of the other executive officers of the Company. The committee, which currently consists of seven independent directors, is required to be made up of no fewer than three independent directors who are recommended by the Chairman of the Board of Directors and approved by the Board. The Compensation Committee's processes and procedures for considering and determining executive compensation are described below under "Compensation Discussion and Analysis." The Compensation Committee charter can be found on the Company's website at www.scbtonline.com under Investor Relations.

Governance Committee The Board of Directors has determined that all members of the Governance Committee are independent directors under the independence requirements of The NASDAQ Stock Market applicable to directors who do not serve on the Audit Committee. The Governance Committee identifies and recommends individuals qualified to become Board members, reviews the corporate governance practices employed by the Company and recommends changes thereto, and assists the Board in its periodic review of the Board's performance. The Governance Committee charter can be found on the Company's website at www.scbtonline.com under Investor Relations.

The Governance Committee acts as the nominating committee for the purpose of recommending to the Board of Directors nominees for election to the Board. The Governance Committee has not established any specific, minimum qualifications that must be met for a person to be nominated to serve as a director, and the Governance Committee has not identified any specific qualities or skills that it believes are necessary to be nominated as a director. The Governance Committee charter provides that potential candidates for the Board are to be reviewed by the Governance Committee and that candidates are selected based on a number of criteria, including a proposed nominee's independence, age, skills, occupation, diversity, experience and any other factors beneficial to the Company in the context of the needs of the Board. The Governance Committee has not adopted a formal policy with regard to the consideration of diversity in identifying director nominees. In determining whether to recommend a director nominee, Governance Committee members consider and discuss diversity, among other factors, with a view toward the needs of the Board of Directors as a whole. The Governance Committee members generally conceptualize diversity expansively to include,

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

without limitation, concepts such as race, gender, national origin, differences of viewpoint, professional experience, education, skill and other qualities or attributes that contribute to Board heterogeneity when identifying and recommending director nominees. The Governance Committee believes that the inclusion of diversity as one of many factors considered in selecting director nominees is consistent with the Committee's goal of creating a Board of Directors that best serves the needs of the Company and the interest of its shareholders.

The Governance Committee has performed a review of the experience, qualifications, attributes and skills of the Board's current membership, including the director nominees for election to the Board of Directors and the other members of the Board, and believes that the current members of the Board, including the director nominees, as a whole possess a variety of complementary skills and characteristics, including the following:

successful business or professional experience;

various areas of expertise or experience, which are desirable to the Company's current business, such as general management, planning, legal, marketing, technology, banking and financial services;

personal characteristics such as character, integrity and accountability, as well as sound business judgment and personal reputation;

residence in the Bank's service area;

willingness and ability to commit the necessary time to fully discharge the responsibilities of Board membership to the affairs of the Company;

leadership and consensus building skills; and

commitment to the success of the Company.

Each individual director has qualifications and skills that the Governance Committee believes, together as a whole, create a strong, well-balanced Board. The experiences and qualifications of our directors are found in the table on pages 7-13.

The Governance Committee will consider director nominees identified by its members, other directors, officers and employees of the Company and other persons, including shareholders of the Company. The Governance Committee will consider nominees for director recommended by a shareholder if the shareholder provides the committee with the information described in Paragraph 7 under the caption "Committee Authority and Responsibilities" of the Governance Committee's charter.

The required information regarding a director nominee is also discussed in general terms within the first paragraph of the "Shareholder Proposals and Communications" section on page 4 of this proxy statement.

Policy Committee The primary purpose of the Policy Committee is to recommend and approve new policies and to review and approve present policies or policy updates and changes.

Wealth Management and Trust Committee The primary purpose of the Wealth Management and Trust Committee is to monitor and oversee the wealth management and fiduciary activities of the Company's subsidiary bank, including the business, products, services, operations and financial performance and results of such activities.

Code of Ethics The Board of Directors of the Company and the Board of Directors of the Company's subsidiary bank have adopted a Code of Ethics to provide ethical guidelines for the activities of agents, attorneys, directors, officers, and employees of the Company and its subsidiary. The

Code of Ethics will promote, train, and encourage adherence in business and personal affairs to a high ethical standard and will also help to maintain the Company as an institution that serves the public with honesty, integrity and fair-dealing. The Code of Ethics is designed to comply with the Sarbanes-Oxley Act of 2002, and certain other laws that provide guidelines in connection with possible breaches of fiduciary duty, dishonest efforts to undermine financial institution transactions and the intent to corrupt or reward a Company employee or other Company representative. A copy of the Code of Ethics can be found on the Company's website at www.scbtonline.com under Investor Relations.

Board of Directors' Corporate Governance Guidelines The Board of Directors of the Company and the Board of Directors of the Company's subsidiary bank have each adopted certain guidelines governing the qualifications, conduct and operation of the Board. Among other things, these guidelines outline the duties and responsibilities of each director, and establish certain minimum requirements for director training. Each director is required to read, review and sign the corporate governance guidelines on an annual basis. A copy of these guidelines can be found on the Company's website at www.scbtonline.com under Investor Relations.

Board Leadership Structure and Role in Risk Oversight

We are focused on the Company's corporate governance practices and value independent Board oversight as an essential component of strong corporate performance to enhance shareholder value. Our commitment to independent oversight is demonstrated by the fact that, except for two directors, (our Chief Executive Officer and our Chairman of the Board), all of our directors are independent. In addition, all of the members of our Board's Audit, Compensation, and Governance Committees are deemed independent based upon the Board of Directors evaluation.

See the discussion entitled Certain Relationships and Related Transactions on page 59 for additional information concerning Board independence.

Our Board believes that it is preferable for Mr. Horger to serve as Chairman of the Board because of his strong institutional knowledge of the Company's business, history, industry, markets, organization and executive management gained in his nearly 18 years of experience in a leadership position on the Board. We believe it is the Chief Executive Officer's responsibility to manage the Company and the Chairman's responsibility to guide the Board as they provide leadership to our executive management. As directors continue to have more oversight responsibility than ever before, we believe it is beneficial to have separate individuals in the role of Chairman and Chief Executive Officer. Traditionally, the Company has maintained the separateness of the roles of the Chairman and the Chief Executive Officer. In making its decision to continue to have a separate individual as Chairman, the Board considered the time and attention that Mr. Hill is required to devote to managing the day-to-day operations of the Company. We believe that this Board leadership structure is appropriate in maximizing the effectiveness of Board oversight and in providing perspective to our business that is independent from executive management.

The Board of Directors oversees risk through the various Board standing committees, principally the Audit Committee, which report directly to the Board. Our Audit Committee is primarily responsible for overseeing the Company's risk management processes on behalf of the full Board of Directors. The Audit Committee focuses on financial reporting risk and oversight of the internal audit process. It receives reports from management at least quarterly regarding the Company's assessment of risks and the adequacy and effectiveness of internal control systems, and also reviews credit and market risk (including liquidity and interest rate risk), and operational risk (including compliance and legal risk). Our Chief Risk Officer and Chief Financial Officer meet with the Audit Committee on a quarterly basis in executive sessions to discuss any potential risks or control issues involving management.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

Each of the Board's standing committees, as described above, is involved to varying extents in the following:

determining risk appetites, policies and limits

monitoring and assessing exposures, trends and the effectiveness of risk management;

reporting to the Board of Directors; and

promoting a sound risk management culture.

The full Board of Directors focuses on the risks that it believes to be the most significant facing the Company and the Company's general risk management strategy. The full Board of Directors also seeks to ensure that risks undertaken by the Company are consistent with the Board of Directors' approved risk management strategies. While the Board of Directors oversees the Company's risk management, management is responsible for the day-to-day risk management processes. We believe this division of responsibility is the most effective approach for addressing the risks facing our Company and that our Board leadership structure supports this approach.

We recognize that different Board leadership structures may be appropriate for companies in different situations. We will continue to reexamine our corporate governance policies and leadership structures on an ongoing basis in an effort to ensure that they continue to meet the Company's needs.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Although the Company is not required to seek shareholder ratification of the selection of its accountants, the Company believes obtaining shareholder ratification is desirable. If the shareholders do not ratify the appointment of Dixon Hughes Goodman LLP, the Audit Committee will re-evaluate the engagement of the Company's independent auditors. Even if the shareholders do ratify the appointment, the Audit Committee has the discretion to appoint a different independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interest of the Company and its shareholders.

The Board unanimously recommends that shareholders vote **FOR** the ratification of the appointment of Dixon Hughes Goodman LLP as the Company's independent registered public accounting firm.

If a quorum is present, the number of shares of Common Stock voted in favor of this proposal must exceed the number of shares voted against it for approval of this proposal.

PROPOSAL 3: TO APPROVE THE 2012 OMNIBUS STOCK AND PERFORMANCE PLAN

At the Annual Meeting, shareholders of the Company will be asked to vote on a proposal to approve the 2012 Omnibus Stock and Performance Plan (the "2012 Plan"), which was adopted by the board of directors of the Company on March 16, 2012, subject to shareholder approval. The purpose of the 2012 Plan is to help the Company attract and retain directors, officers and employees, to motivate these persons by means of appropriate incentives to achieve the goals of the Company, and to provide incentive compensation opportunities that are competitive with those of similar companies. The 2012 Plan is intended to assist the Company in securing and retaining the services of directors, officers and employees by enabling them to participate in the future success and growth of the Company and to associate their interests with those of the Company. If approved by shareholders at the Company's 2012 Annual Meeting of Shareholders, the 2012 Plan will become effective on that date (the "Effective Date").

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

The 2012 Plan, if approved, will replace the 2004 Stock Incentive Plan approved by shareholders of the Company in April 2004 (the "2004 Plan") and no new awards will be granted under the 2004 Plan. However, options granted and outstanding under the 2004 Plan and the 1999 Stock Option Plan will continue to be outstanding and governed by the provisions of the applicable plan.

If the 2012 Plan is approved by shareholders, it will allow awards under the 2012 Plan to qualify as tax-deductible performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"). Section 162(m) generally places a \$1 million annual limit on a company's tax deduction for compensation paid to certain senior executives, other than compensation that satisfies the applicable requirements for a performance-based compensation exception. To qualify as performance-based compensation under Section 162(m), the compensation must (among other requirements) be subject to attainment of performance goals that have been disclosed to shareholders and approved by a majority shareholder vote. The Company is asking shareholders at the 2012 Annual Meeting of Shareholders to approve the material terms of the performance goals under the 2012 Plan so that the Company may make awards that qualify as performance-based compensation under Section 162(m), and thus, would be tax-deductible. For purposes of Section 162(m), the material terms of the performance goals requiring stockholder approval include the following:

the employees eligible to receive awards under the 2012 Plan;

the business criteria used as the basis for the performance goals; and

the limits on the maximum amount of compensation payable to any employee in a given time period.

By approving the 2012 Plan, the shareholders will be approving, among other things, the eligibility requirements, performance goals and limits on various stock and cash awards contained therein for purposes of Section 162(m).

A summary of the 2012 Plan is set forth below. The summary is qualified in its entirety by the full text of the 2012 Plan, which is included in this Proxy Statement as Appendix A.

SUMMARY OF THE 2012 PLAN

General. Awards granted under the 2012 Plan may be in the form of non-qualified stock options, incentive stock options, stock appreciation rights ("SARs"), restricted stock, restricted stock units, performance units, cash awards, other stock-based awards or any combination of those awards. The 2012 Plan provides that awards may be made under the 2012 Plan for ten years following the adoption of the 2012 Plan by the Company's board of directors.

Administration. Under the terms of the 2012 Plan, the 2012 Plan will be administered by the compensation committee of the board of directors or such other committee as the board of directors may designate (the "committee"). The committee will consist entirely of two or more "outside directors" within the meaning of Section 162(m) and who are "non-employee directors" as defined in Rule 16b-3 under the Securities Exchange Act of 1934 (the "Exchange Act"). Under the terms of the 2012 Plan, the committee can make rules and regulations and establish such procedures for the administration of the 2012 Plan as it deems appropriate. Any determination made by the committee under the 2012 Plan will be made in the sole discretion of the committee and such determinations will be final and binding on all persons.

Eligibility. The 2012 Plan provides for awards to the directors, officers, employees and consultants of the company and its subsidiaries and affiliates. As of December 31, 2011, there were approximately 584 directors, officers and employees eligible to participate in the 2012 Plan.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

Shares Available. The 2012 Plan provides that the aggregate number of shares of the Company's common stock that may be subject to awards under the 2012 Plan cannot exceed 1,684,000, of which no more than 817,476 shares may be subject to full-value awards (*i.e.*, awards other than stock options and SARs), in each case subject to adjustment in certain circumstances to prevent dilution or enlargement. No participant may be granted, in each case during any calendar year, performance-based awards intended to qualify under Section 162(m) (other than stock options and SARs) covering in excess of 100,000 shares or stock options and SARs covering in excess of 200,000 shares. The maximum number of shares that may be granted pursuant to incentive stock options is 1,684,000.

As described above, if the 2012 Plan is approved by the Company's shareholders, no new awards may be granted under the 2004 Plan. However, awards previously granted and outstanding under the 1999 and the 2004 Plan will remain in full force and effect under such Plans according to their respective terms, and to the extent that any such award is forfeited, terminates, expires or lapses without being exercised (to the extent applicable), or is settled for cash, shares of common stock of the Company subject to such award which are not delivered as a result will not be available for awards under the 2012 Plan.

Shares underlying awards that expire or are forfeited or terminated without being exercised or awards that are settled for cash will again be available for the grant of additional awards within the limits provided by the 2012 Plan. Shares withheld by or delivered to the Company to satisfy the exercise price of options or SARs or tax withholding obligations with respect to any award granted under the 2012 Plan will nonetheless be deemed to have been issued under the 2012 Plan.

Stock Options. Subject to the terms and provisions of the 2012 Plan, options to purchase shares of Company common stock may be granted to eligible individuals at any time and from time to time as determined by the committee. An option may be granted with or without a related SAR. Options may be granted as incentive stock options, which are intended to qualify for favorable treatment to the recipient under Federal tax law, or as non-qualified stock options, which do not qualify for this favorable tax treatment. Subject to the limits provided in the 2012 Plan, the committee determines the number of options granted to each recipient. Each option grant will be evidenced by a stock option agreement that specifies the option exercise price, whether the options are intended to be incentive stock options or non-qualified stock options, the duration of the options, the number of shares to which the options pertain, the vesting terms and such additional limitations, terms and conditions as the committee may determine.

The committee determines the exercise price for each option granted, except that the option exercise price may not be less than 100 percent of the fair market value of a share of Company common stock on the date of grant. As of March 16, 2012, the fair market value (as that term is defined under the 2012 Plan) of a share of Company common stock was \$31.71. All options granted under the 2012 Plan will expire no later than ten years from the date of grant. The methods of exercising an option granted under the 2012 Plan is set forth in the 2012 Plan. Stock options are nontransferable except by will or by the laws of descent and distribution. The granting of an option does not accord the recipient the rights of a stockholder, and such rights accrue only after the exercise of an option and the registration of shares of Company common stock in the recipient's name.

Stock Appreciation Rights. A SAR will entitle the holder to receive, with respect to each share of Company common stock covered by the SAR, the amount by which the fair market value of one share of Company common stock at the time of exercise exceeds the fair market value of one share of Company common stock on the date of grant. A SAR may be granted with or without a related option. The exercise price of a SAR shall not be less than 100% of the fair market value of a share of Company common stock on the date of grant.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

Each SAR will be evidenced by an award agreement that specifies the exercise price (or base price), the number of shares to which the SAR pertains and such additional limitations, terms and conditions as the committee may determine. The Company may make payment of the amount to which the participant exercising SARs is entitled by delivering shares of Company common stock, cash or a combination of common stock and cash as set forth in the award agreement relating to the SARs. The method of exercising a SAR granted under the 2012 Plan is set forth in the 2012 Plan. SARs are not transferable except by will or the laws of descent and distribution. Each SAR will be evidenced by an award agreement that specifies the date and terms of the award and such additional limitations, terms and conditions as the committee may determine.

Restricted Stock. The 2012 Plan provides for the award of shares of Company common stock that are subject to forfeiture and restrictions on transferability as set forth in the 2012 Plan and as may be otherwise determined by the committee. Each grant of restricted stock will be evidenced by an award agreement that specifies the number of shares of restricted stock and such additional limitations, terms and conditions as the committee may determine. Except for these restrictions and any others imposed by the committee, upon the grant of restricted stock, the recipient will have rights of a stockholder with respect to the restricted stock, including the right to vote the restricted stock and to receive all dividends and other distributions paid or made with respect to the restricted stock (which dividends relating to restricted stock subject to performance vesting conditions will only vest upon the vesting of the restricted stock relating to such dividends). During the restriction period set by the committee, the recipient may not sell, transfer, pledge, exchange or otherwise encumber the restricted stock.

Restricted Stock Units. The 2012 Plan authorizes the committee to grant restricted stock units and deferred share rights. Restricted stock units and deferred share rights are not shares of Company common stock and do not entitle the recipients to the rights of a stockholder. Each grant of restricted stock units will be evidenced by an award agreement that specifies the number of restricted stock units and such additional limitations, terms and conditions as the committee may determine. Restricted stock units granted under the 2012 Plan may or may not be subject to performance conditions. The recipient may not sell, transfer, pledge or otherwise encumber restricted stock units granted under the 2012 Plan prior to their vesting. Restricted stock units will be settled in cash or shares of Company common stock, in an amount based on the fair market value of Company common stock on the settlement date.

Performance Units. The 2012 Plan provides for the award of performance units that may be valued by reference to a designated amount of cash, share of Company common stock or other property other than shares of Company common stock. The payment of the value of a performance unit is conditioned upon the achievement of performance goals set by the committee in granting the performance unit and may be paid in cash, shares of Company common stock, other property or a combination thereof. The maximum value of the property that may be paid to a participant pursuant to a performance unit in any year is \$2,500,000.

Cash Awards. The 2012 Plan provides for the award of cash awards on such terms and conditions determined by the committee, including, without limitation, performance goals that must be satisfied and the applicable performance period. The maximum value of cash awards that may be paid or payable to any participant in any calendar year is \$2,500,000.

Other Stock-Based Awards. The 2012 Plan also provides for the award of shares of Company common stock and other awards that are valued by reference to Company common stock, including unrestricted stock, dividend equivalents and convertible debentures.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

Performance Goals. The 2012 Plan provides that performance goals may be established by the committee in connection with the grant of any award under the 2012 Plan. In the case of an award intended to qualify for the performance-based compensation exception of Section 162(m):

such goals will be based on the attainment of specified levels of one or more of the following measures: stock price, earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes, depreciation and amortization), prescribed rating, earnings per share, return on equity, return on assets or operating assets, percentage of non-performing assets, asset quality, level of classified assets, net interest margin, loan portfolio growth, efficiency ratio, deposit portfolio growth, liquidity, market share, objective customer service measures or indices, economic value added, shareholder value added, embedded value added, combined ratio, pre- or after-tax income, net income, cash flow (before or after dividends), cash flow per share (before or after dividends), gross margin, risk-based capital, revenues, revenue growth, return on capital (including return on total capital or return on invested capital), cash flow return on investment, cost control, gross profit, operating profit, cash generation, unit volume, sales, asset quality, cost saving levels, market-spending efficiency, core non-interest income or change in working capital, in each case with respect to the Company or any one or more subsidiaries, divisions, business units or business segments thereof, either in absolute terms or relative to the performance of one or more other companies (including an index covering multiple companies); and

such performance goals will be set by the committee within the time period and other requirements prescribed by Section 162(m) and the regulations promulgated thereunder.

Change of Control. Unless otherwise determined by the committee, immediately prior to consummation of a change of control (as defined below), (i) all outstanding options and SARs will become fully vested and exercisable and (ii) all restrictions on any restricted stock, restricted stock units, cash awards or other stock-based awards that are not subject to performance goals will lapse, and these awards will become free of all restrictions and become fully vested and transferable to the full extent of the original grant and (iii) all restrictions on any restricted stock, restricted stock units, cash awards or other stock-based awards that are subject to performance goals will lapse, and these awards will become free of all restrictions and become fully vested and transferable, in each case, to the extent set forth in the applicable award agreement. The committee will, in its sole and absolute discretion, establish such terms and conditions as may be required to permit a participant to exercise an option or SAR that will terminate in connection with a change of control. Under the 2012 Plan, a "change of control" will be deemed to have taken place if:

any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than certain customary exceptions) acquires 30% or more of the combined voting power of the Company's then outstanding stock;

any merger or consolidation of the Company (other than certain transactions that do not result in a substantial change in proportional ownership of the Company);

during any period of two consecutive years there is a change in the majority of the incumbent members of the Company's board of directors (other than through election or nomination for election was approved by a vote of at least two-thirds of the directors then still in office who are incumbent directors); or

stockholder approval of the complete liquidation or an agreement for the sale of all or substantially all of the Company's assets.

Amendment. The Company's board of directors or the committee may amend, alter, or discontinue the 2012 Plan, but no amendment, alteration or discontinuation will be made that

materially impairs the rights of a participant with respect to a previously granted award without such participant's consent, except such an amendment made to comply with applicable law, including without limitation Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"), stock exchange rules or accounting rules. In addition, no such amendment will be made without the approval of the company's stockholders (a) if the amendment would permit the Company to reprice any outstanding options or SARs, (b) to the extent such approval is required (1) by applicable law or the listing standards of the applicable stock exchange as in effect as of the date hereof or (2) under applicable law or the listing standards of the applicable stock exchange as may be required after the date hereof, (c) to the extent such amendment would materially increase the benefits accruing to participants under the 2012 Plan, (d) materially increase the number of securities which may be issued under the 2012 Plan or (e) materially modify the requirements for participation in the 2012 Plan. No amendment will be made if the amendment would disqualify the applicable awards under the 2012 Plan from the exemption provided by Rule 16b-3 of the Exchange Act.

FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain federal income tax consequences of awards made under the 2012 Plan based upon the laws in effect on the date hereof. The discussion is general in nature and does not take into account a number of considerations which may apply in light of the circumstances of a particular participant under the 2012 Plan. The income tax consequences under applicable state and local tax laws may not be the same as under federal income tax laws.

Non-Qualified Stock Options. A participant will not recognize taxable income at the time of grant of a non-qualified stock option, and the Company will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) upon exercise of a non-qualified stock option equal to the excess of the fair market value of the shares purchased over their exercise price, and the Company generally will be entitled to a corresponding deduction.

Incentive Stock Options. A participant will not recognize taxable income at the time of grant of an incentive stock option. A participant will not recognize taxable income (except for purposes of the alternative minimum tax) upon exercise of an incentive stock option. If the shares acquired by exercise of an incentive stock option are held for the longer of two years from the date the option was granted and one year from the date the shares were transferred, any gain or loss arising from a subsequent disposition of such shares will be taxed as long-term capital gain or loss, and the Company will not be entitled to any deduction. If, however, such shares are disposed of within such two- or one-year periods, then in the year of such disposition the participant will recognize compensation taxable as ordinary income equal to the excess of the lesser of the amount realized upon such disposition and the fair market value of such shares on the date of exercise over the exercise price, and the Company generally will be entitled to a corresponding deduction. The excess of the amount realized through the disposition date over the fair market value of the stock on the exercise date will be treated as capital gain.

SARs. A participant will not recognize taxable income at the time of grant of a SAR, and the Company will not be entitled to a tax deduction at such time. Upon exercise, a participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) equal to the fair market value of any shares delivered and for the amount of cash paid by the Company, and the Company will generally be entitled to a corresponding deduction.

Restricted Stock. A participant will not recognize taxable income at the time of grant of shares of restricted stock, and the Company will not be entitled to a tax deduction at such time, unless the participant makes an election under Section 83(b) of the Code to be taxed at the time of grant. If such

election is made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of grant equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. If such election is not made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time the restrictions lapse in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. The Company is entitled to a corresponding deduction at the time the ordinary income is recognized by the participant, except to the extent the deduction limits of Section 162(m) apply. In addition, a participant receiving dividends with respect to restricted stock for which the above-described election has not been made and prior to the time the restrictions lapse will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee), rather than dividend income. The Company will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) apply.

Restricted Stock Units. A participant will not recognize taxable income at the time of grant of a restricted stock unit, and the Company will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of settlement of the award equal to the fair market value of any shares delivered and the amount of cash paid by the Company, and the Company will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) apply.

Performance Units. A participant will not recognize taxable income at the time of grant of performance units, and the Company will not be entitled to a tax deduction at such time. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding in respect of an employee) at the time of settlement of the award equal to the fair market value of any shares or property delivered and the amount of cash paid by the Company, and the Company will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) apply.

Section 162(m) Limitations. As explained above, Section 162(m) generally places a \$1 million annual limit on a company's tax deduction for compensation paid to certain senior executives, other than compensation that satisfies the applicable requirements for a performance-based compensation exception. The 2012 Plan is designed so that options and SARs qualify for this exemption, and it also permits the committee to grant other awards designed to qualify for this exception. However, the committee reserves the right to grant awards that do not qualify for this exception, and, in some cases, the exception may cease to be available for some or all awards that otherwise so qualify. Thus, it is possible that Section 162(m) may disallow compensation deductions that would otherwise be available to the company.

ESTIMATE OF BENEFITS

The Company currently is not able to estimate the number or terms of grants and awards that may be made under the 2012 Plan. However, the number of options granted by the Company during 2011 under the 2004 Plan (which will be replaced by the 2012 Plan), and the number of restricted share awards granted by the Company during 2011 under the 2004 Plan, are as follows:

No options or restricted share awards were granted during 2011 to any associate of any director, nominee for director or executive officer. Except as shown in the table above, no other person received more than five percent of the total number of options and restricted share awards awarded during 2011.

EXECUTIVE COMPENSATION Compensation Discussion and Analysis

EXECUTIVE SUMMARY

Company Performance

The primary goals of the Compensation Committee in 2011 were consistent with its established philosophy. The Compensation Committee seeks to provide compensation arrangements for executive officers that are designed to retain and attract executives who can perform and manage the company in the shareholders' best interest. These compensation arrangements are designed to be aligned with the performance of the company both on a short-term and long-term basis and are based both on the individual's contribution and the company's performance. Our company, although certainly impacted by the economic downturn of the past three years, has during this period experienced transformational growth while at the same time remaining profitable in every year during the downturn. The management team during the period 2009-2011 has been able to not only avoid some of the difficulties which banks in the southeast have encountered, but has also been able to significantly grow the size of the company and the franchise. As a result, our company has clearly outperformed many banking institutions in the southeast. In 2011, the management group continued to grow our company and take advantage of opportunities available in the turbulent banking environment. As described below, the company completed two acquisitions during 2011 and entered into an agreement for a third that is scheduled to close in 2012. At the same time there was organic core deposit growth and long-term growth. Considering the environment, the Compensation Committee views the performance in 2011 as a continuation of performance at a very high level under difficult circumstances. More detail on some of the achievements in the last three years and in 2011 is outlined below.

From 2009 to 2011, arguably the most difficult period in banking, the Company's tangible book value per common share has increased by \$4.85, or 28.5% and total assets have increased by \$1.2 billion or 44%. In 2011, shareholder's equity increased by \$52 million and the tangible book value per share increased by \$1.77, an 8.8% increase (both measures are net of dividends paid). Furthermore, our executive management team positioned our Company to continue to payout consistent and meaningful dividends.

The Company has attracted and retained access to the capital markets. In February of 2011, we raised \$35 million in capital (common stock) raised in connection with the Habersham Bank acquisition, and in May of 2009, \$31.2 million in capital (common stock) was raised.

The Company continued its disciplined growth strategy in 2011 with two additional FDIC-assisted transactions, which resulted in pre-tax gains of \$16 million. During the fourth quarter, 2011, the Company announced the merger with Peoples Bancorporation, which when complete will result in a company with approximately \$4.4 billion in assets, \$3.7 billion in total deposits, and \$3.1 billion in loans. The Company is one of the few active acquirers in the southeast.

While active on the merger and acquisition front, the Company also delivered strong organic growth, both in loans and deposits. During the year, the Company experienced organic core deposit growth, excluding certificates of deposit and acquired deposits, of \$315 million or 17%, and achieved overall growth of \$174 million in organic loans. Relative to its loan portfolio, the Company reduced its share in the higher risk segments by \$81 million or 21%.

Balance sheet growth and margin expansion both helped increase net interest income in 2011. Our net interest margin benefited from higher yields on the acquired loan portfolio, an increase in legacy loan volume, and lower rates on all of our deposit products. Core deposits now represent 72% of our total deposit base, compared to 62% as of year-end 2010.

Our customer base increased by more than 25,000 through a combination of organic and acquired growth. We also increased the number of transaction accounts by 20,000 during the year, and experienced an increase of over 30% in bankcard services income, over 28% in investment services income, and over 6% in service charge fee income.

The Company continues to focus on reducing the level of non-performing loans and associated credit costs. Provision for loan loss expense for 2011 totaled \$30.2 million compared to \$54.3 million in 2010, a decrease of over \$24 million. Non-performing assets, excluding assets covered under FDIC loss share agreements, totaled 2.44% of total assets at year-end, a level that is relatively stable from 2010, but higher than the management team desires. Most of its markets, where we operate have improved, with the exception of those on the coast.

Our executive management team executed a branch consolidation initiative which resulted in closing 10 branch offices. These closings reduced operating costs in the fourth quarter of 2011, and will result in approximately \$3 million in savings annually beginning in 2012.

The charts below demonstrate that despite the significant credit problems in the southeast; the performance of our Company has remained strong. Given the credit quality issues in the region in which it operates, the Company emphasized quality and regulatory compliance in its 2011 performance metrics. In particular, the Company placed a 20% weighting on each of the following Soundness measures: NPAs / Assets and Classified/ Capital. Other portions of the performance plan included a 40% weighted profitability component, a 10% loan growth component, and a 10% core deposit component. The Company's performance exceeded the profitability targets and the loan and core deposit growth targets during 2011. Details of the performance plan and the payout under the performance plan are outlined on page 31.

The Compensation Committee considered the performance metrics above, the continued turbulence in the banking environment, and the Company's performance compared to other financial institutions in the southeast as well as to our national peer group in making recommendations for executive compensation. Additional information about the national peer group is presented on page 30. The decisions were made with the intent to align compensation with the Company's overall performance for the year and with the best interests of the shareholders.

Summary of Key 2011 Compensation Decisions

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, we held an advisory vote on the compensation of our executive officers (the "Say on Pay Vote") at our 2011 Annual Shareholders Meeting. The results were that 80.26% of the shareholders who voted on our Say on Pay proposal voted in favor of it. While there was strong support for our executive compensation

programs, the Compensation Committee and our Board of Directors considered comments received from shareholders and advisors. Accordingly, the Compensation Committee and executive management addressed the following areas during the year.

Investor Outreach: Periodic discussions were held with certain large institutional investors to ascertain any concerns with our compensation and governance practices. In addition, we asked for their input on the most effective methods to communicate compensation decisions both past and present. Based on feedback received during our investor outreach, we enhanced our explanations regarding the replacement of traditional non-qualified supplemental executive retirement plans (SERPs) with restricted stock grants for three named executive officers in 2009 and incentive payments to executive in 2010. Explanations are provided under *Long-Term Pay Approach* found on page 30.

Executive Incentive Plan and Strategic Initiatives: During fiscal year 2011, the Compensation Committee approved executive annual incentive plan payouts based upon the achievement of a mix of predetermined financial and regulatory goals and key strategic initiatives. In using a mix of predetermined financial and regulatory goals in combination with strategic goals, the Compensation Committee felt that it can more readily take into account actions, circumstances and events which are not necessarily formulaic in nature, but are still important to the overall success of the Company. In particular, due to overall uncertainty of the southeast market, the Compensation Committee wanted the ability to review executive performance in light of the marketplace in which they operate, as well as any material items (e.g., bank acquisitions). The Compensation Committee believes that in order to align the interests of the executive to those of the shareholder, it is important for a significant portion of their compensation to be variable. Overall compensation for our CEO is 55% variable and 45% fixed and the compensation for other NEOs in the aggregate are 51% variable and 49% fixed. The basis for these decisions is documented in the "Elements of Compensation" section. As the market begins to stabilize, the recommendation will be for the 2012 plans to increase the weighting towards 75% formula-based and 25% goals-based.

Additional strategic actions and compensation decisions made in 2011:

The Compensation Committee approved a policy that for any compensation element to be approved, the Committee must review a tally sheet showing the impact of the element from both proxy disclosure requirements and from a total annual compensation perspective.

In addition, the Committee added a minimum performance condition to the annual performance based annual incentive plan. Under the performance condition, net income must be sufficient to provide for dividends prior to any payouts being made under the plan. This minimum performance condition protects shareholder interests and ensures that the Company can afford to pay annual incentives.

Governance Practices

Clawback Policy: The Committee is committed to adopting a formal clawback provision for adjustment or recovery of incentive awards or payments in the event that the performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment. The Committee intends to fully comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act regarding this issue once rulemaking has been completed with respect to these provisions. Until formal guidance is available, the Compensation Committee will address any situation that may arise and determine the proper and appropriate course of action in fairness to shareholders and award recipients.

Ownership Guidelines: The Company has had stock ownership guidelines in place for its NEOs since 2004 to ensure that the interests of the executive are aligned with those of the shareholder. The Chief Executive Officer is expected to hold stock of at least three times his salary and the remaining NEOs are expected to hold stock of at least two times their salary. Additional description of the guidelines is provided in the "Additional Policies and Procedures" section.

Long-Term Pay for Performance Approach

It is important for the reader to understand recent compensation decisions that impact the values reported in the summary compensation tables to follow, and that the Compensation Committee believes were critical to achieving its goal to promote the long-term growth and success of the Company. Material items over the past-few years that are directly related to this philosophy were:

- 1) In 2009, traditional non-qualified supplemental executive retirement plans (SERPs) were replaced with restricted stock grants that become 100% vested at age 60 for Messrs. Hill and Pollok and at age 65 for Mr. Burns. The long-term equity grants were put in place for a number of reasons. First, the use of the long-term equity grants for these three officers helps to ensure that their primary focus is on the long-term interests of the shareholders, in addition to motivating these officers to remain with the Company over a long-term period. The long-term equity grants provide increased incentive to ensure that our shareholders receive a superior return over a long-term period. Second, by utilizing the long-term equity grant, the Company will realize considerable accounting savings over the lifetime of the arrangement compared to the costs of a cash-based SERP which is approximately \$5.5 million over the span of the vesting periods for these executives. Lastly, the long-term equity grant concept was targeted to officers with sufficient remaining working life to ensure that present market volatility was not a detriment in taking the long-term equity approach.

- 2) Activities in 2010 resulted in two unique incentive payments. In February, NEOs received a retention bonus, of which a portion would need to be returned if employment is terminated within three years. Then, a transaction incentive was awarded to NEOs that correlated with performance of the Company based on results of the FDIC-assisted acquisition of CBT. Overall, 2010 resulted in ROAA of 1.43% and ROAE of 15.45% primarily from the acquisition gain from the CBT transaction of \$98.1 million on a pre-tax basis. Acquisitions such as the one with CBT are an important part of the Company's long-term success. This acquisition established a significant footprint in the state of Georgia and enabled the Company to strengthen its presence with an additional FDIC-assisted transaction in 2011 (Habersham) in many of the same Georgia markets. If the merger with CBT had not been bid and executed as well as it was, the subsequent transaction in Georgia would not have been as appealing to the long-term performance of the company.

The Committee firmly believes these actions were in line with the long-term focus and upon looking back, continue to be appropriate components of executive total compensation. Incentive plans for 2011 returned to a more normal level.

Highlights of Compensation Component Decisions

The following table summarizes the components of compensation paid or awarded to our executive officers who appear in the "Summary Compensation Table" below (referred to collectively throughout this section as our "NEOs").

Compensation Component	What the Component Rewards	Key Features
Base Salary	Reflects the scope of leadership and responsibility, individual achievement toward the objectives of their respective position, and their relative value in the industry.	The Committee approved increases for the CEO and other NEOs to bring them closer to the market determined by the compensation peer group median. Actual positioning varies above or below the median to reflect each executive's contributions to the success of SCBT.
Performance-Based Annual Cash Incentive	Focuses executives on achieving annual financial and performance objectives based on Soundness, Profitability, and Growth.	<p>The opportunity for performance-based annual cash incentive was based 50% on pre-set financial goals and 50% upon strategic initiatives. The Committee establishes the weighting on each of the categories for the formulaic goals to include 40% based on soundness, 40% based on profitability, and 20% based on growth with each goal having threshold, target, and maximum levels. The Committee can also recommend an award for the executives' achievement toward Strategic Initiatives which include each executive's contribution toward events and circumstances that are not necessarily formulaic. This includes the successful integration of bank acquisitions, improvement in credit practices, risk management, leadership development, succession planning, and improvement in customer relations.</p> <p>In 2011, 4 out of the 5 goals were met at the maximum achievement level and 1 goal was met at the target level resulting in 91% of the maximum payout opportunity. Strategic Initiatives were paid out to each executive at 50-70% of the total opportunity. The basis of the payout of strategic initiatives are outlined on page 37.</p>
Incentive Stock Awards (75% Restricted Stock Grants and 25% Stock Options)	Rewards the achievement of long-term business objectives that benefit our shareholder. Supports the retention of a talented management team over time.	Restricted stock grant opportunities are based 50% on pre-set financial goals and 50% upon strategic initiatives. Restricted stock grants vest on a "cliff" basis on the fourth anniversary of the award.

Compensation Component	What the Component Rewards	Key Features
		The Committee elected to grant stock options in 2011. The committee believes that granting stock options align executives' interests with those of the shareholders because these awards will only have value if the stock price increases. Stock options vest in 25% installments over four years. Stock options represent less than 10% of total direct compensation for 2011.

The burn rate of our equity plan averaged over a three-year period was 1.24%. This burn rate meets prescribed guidelines for banks.

In summary, the Committee concluded that the 2011 performance-based compensation together with 2011 base salary levels are well aligned with the Company's performance for the year and that the linkage between pay and performance is strong.

Compensation Philosophy

The fundamental philosophy of the Company's compensation program is to offer competitive compensation opportunities for executive officers that are (i) aligned with the performance of the Company on both a short-term and long-term basis, and (ii) based both on the individual's contribution and on the Company's performance. The compensation paid is designed to retain and reward executive officers who are capable of leading the Company in achieving its business objectives in a highly regulated industry characterized by complexity, competitiveness and change.

More than half of each of our NEO's target total direct compensation is in the form of performance-based compensation.

Role of the Compensation Committee

The Compensation Committee is responsible for the design, implementation and administration of the compensation programs for our executive officers and directors of the Company. The Compensation Committee presents its recommendations to the full Board of Directors and the Board of Directors makes the final decision on compensation for our NEOs.

The Compensation Committee seeks to increase shareholder value by rewarding performance with cost-effective compensation and striving to attract and retain talented executives through adherence to the following compensation objectives:

The Company's compensation programs are designed to reward our NEOs based on key standards that comprise the Company's culture: soundness, profitability, growth, ethics, execution of strategic goals, the ability to inspire and motivate, and sound corporate governance.

The Compensation Committee's philosophy is to provide competitive compensation to attract and retain key management to ensure a balance of soundness, profitability and growth while providing long term value for the shareholders of the Company.

Reward executives consistent with the Company's culture of being a meritocracy in regard to compensation for all employees.

The Compensation Committee has overall responsibility for evaluating and recommending to the Board of Directors for its approval the director and executive officer compensation plans, policies and programs of the Company.

The Compensation Committee will annually review and evaluate the compensation policies and practices for all of the Company's employees and consider whether risks arising from such policies and practices are likely to have a material adverse effect on the Company.

The Compensation Committee met seven times in 2011. The Compensation Committee is supported in its work by the Senior Vice President, Human Resources Manager, her staff, and an executive compensation consultant, as described below.

The Compensation Committee may receive recommendations from the chairman of the board with respect to the CEO's performance in light of goals and objectives relevant to the compensation of our CEO. The CEO reviews with the Compensation Committee the performance of the other NEOs and, based on that review, the CEO makes recommendations to the Compensation Committee about the total compensation of NEOs (other than the CEO). The CEO does not participate in, and is not present during, deliberations or approvals by the Compensation Committee or the Board of Directors with respect to his own compensation.

The Compensation Committee reviews and approves the total compensation of the NEOs annually. The Compensation Committee makes decisions based on the Company's philosophy of providing a competitive base salary, relative to the peer group, complemented with significant performance-based incentives. After reviewing all of the compensation arrangements discussed below, along with corporate and individual performance, the Compensation Committee believes that the measurement tools, compensation levels and the design of the Company's executive compensation program are appropriate and motivate our NEOs to lead the Company in the best interests of its shareholders.

Compensation Consultant

During 2011, the Compensation Committee engaged the services of McLagan, an Aon Hewitt company, to provide compensation consulting services for both directors and executive management of the Company. McLagan reports directly to the Compensation Committee. The Compensation Committee has the sole authority to hire consultants and set the engagements and the related fees of those consultants.

The following consulting services were provided to the Compensation Committee in 2011:

Recommended and made observations regarding the potential alignment of the Company's executive compensation practices with the Company's overall business strategy and culture relative to the market as defined by the peer group. This included a review of the current performance based programs with respect to the annual cash incentives and annual equity grants and making recommendations for the 2011 and 2012 fiscal year plans.

Reviewed the competitiveness of the compensation elements currently offered by the Company to its top executives, including base salary, annual incentive or bonus, long-term incentives (stock options and restricted stock), all other compensation, and changes in retirement benefits as compared to that of the customized peer group.

Revised the Company's compensation peer group of publicly-traded financial institutions that is comparable to SCBT in asset size (the peer group consists of high performing commercial banking institutions and is presented below).

Assisted the Company in its preparation of compensation disclosures as required under Regulation S-K with respect to this proxy statement including this CD&A and associated tables and disclosures included herein by reference.

Compensation Benchmarking and Compensation Committee Functions

Each year, with assistance from McLagan, the Compensation Committee reviews a survey of the compensation practices of the Company's peers in order to assess the competitiveness of the compensation arrangements of our NEOs. Although benchmarking is an active tool used to measure compensation structures among peers, it is only one of the tools used by the Compensation Committee to determine total compensation. Benchmarking is used by the Compensation Committee primarily to ascertain competitive total compensation levels (including base salary, equity awards, cash incentives, etc.) with comparable institutions. The Compensation Committee uses this data as a reference point, establishes competitive base salaries, and then addresses pay-for-performance (meritocracy) as discussed further in the sections below on cash incentives and long-term retention. A combination of peer performance, market factors, company performance and personal performance are all factors that the Compensation Committee considers when establishing total compensation, including incentives. This practice is in line with the Company's meritocracy philosophy of pay. The Compensation Committee, at its discretion, may determine that it is in the best interest of the Company to negotiate total compensation packages that deviate from regular compensation and incentive levels in order to attract and retain specific talent.

The Compensation Committee reviews the composition of the peer group annually and may change it as a result of mergers, changes to banks within the group, or changes within the Company. The 2011 compensation peer group was selected based on certain current market criteria, including the following:

National banks and thrifts with total assets from \$2.8 billion to \$10 billion

No banks or thrifts located on the West Coast or in metro NYC

ROAA and ROAE > 0%

Core EPS Growth and 1-year return cannot decline > 50% unless ROAE > 10%

Commercial loan portfolio > 40% of total loan performance

NPAs/Assets < 4.0%

The companies that comprised the peer group consisted of the following 20 financial institutions, all of which were also included in the 2010 compensation peer group (one bank was removed from 2010 due to poor performance):

Texas Capital Bancshares Inc.	Flushing Financial Corp.	Tompkins Financial Corporation
First Financial Bancorp.	Heartland Financial USA Inc.	Simmons First National Corp.
BancFirst Corp.	First Financial Bankshares	Southside Bancshares Inc.
NBT Bancorp Inc.	TowneBank	First Bancorp
Independent Bank Corp.	Carter Bank & Trust	Provident New York Bancorp
1st Source Corp.	Great Southern Bancorp Inc.	Washington Trust Bancorp Inc.
WSFS Financial Corp.	Community Trust Bancorp Inc.	

When making compensation determinations for the Company's NEOs, the Compensation Committee focuses on total compensation that is generally competitive with the 60th percentile of the market at target levels of performance. The findings for the Company compared to the peer group during 2011 revealed that for NEOs, salaries ranged from the 11th to 25th percentiles of the peer group and target levels of total compensation ranged from the 42nd to 59th percentiles of the peer group. The Company's strong performance compared to its goals results in actual 2011 compensation for the NEOs expected to fall between the 58th and 71st percentiles of the compensation peer group.

ELEMENTS OF COMPENSATION

The chart below shows the compensation mix for the Company's NEOs both in terms of total opportunities and actual results for 2011. More than half of their compensation is variable based on performance. In addition over half of their incentive opportunities are in the form of long-term equity.

The key elements of compensation for the NEOs are base salary, annual and long-term incentives, and benefits.

Base Salary This fundamental component is determined based on historical and anticipated individual contribution and performance toward accomplishing the Company's stated objectives. It is also reviewed in the context of comparability with the key executives of the peer group. We believe that the annual base salary levels for the NEOs helps us to retain qualified executives and provides a measure of income stability that lessens potential pressures for the NEOs to take risks to achieve performance measures under incentive compensation arrangements.

January 2011, named executive officer annual base salaries were increased to achieve levels that were more in line with the market median (50th percentile). Robert R. Hill received a 10% increase from \$448,800 in 2010 to \$493,680 in 2011. Although he received a 10% increase, his base salary remained below the median for peer group. Other NEOs received increases ranging from 4% to 13% based on their individual performance and peer group data. The Compensation Committee approved the following merit increases, effective January 2012: Mr. Hill to \$520,000 or 5.3% and the other NEOs ranging from 3.8% to 10.4%.

2011 Executive Performance Plan In 2010, the SCBT Financial Corporation Executive Performance Plan ("Performance Plan") was established to replace the Long-term Retention and Incentive Plan in order to establish more reasonable goals and objectives in light of the current economic environment while still motivating and retaining the Company's NEOs and certain other key employees.

The purpose of the Performance Plan is to establish reasonable goals and objectives in light of the economic environment while promoting the long-term growth and financial success of the Company by (1) attracting and retaining key officers and employees of outstanding ability, (2) strengthening the Company's capability to develop, maintain, and direct a competent management team, (3) providing an effective means for selected key officers and employees to acquire and maintain ownership of Company stock, and (4) providing incentive compensation opportunities competitive with those of other major corporations.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

The Performance Plan and its goals are reviewed annually by the Compensation Committee. The 2011 Performance Plan followed a similar structure as 2010. Plan opportunities as a percentage of salary and 2011 results are displayed below:

Name	Position	Total Opportunity as a % of Salary (Cash and Equity Opportunity split 50/50)			Actual Earned

The 2011 executive performance plan was made up of cash, restricted stock, and stock options:

1. *Cash Incentive:* The 2011 Performance Plan paid out 50% in the form of cash. The amount of cash was paid out one-half based upon goals and objectives for 2011 and one-half based upon a "Strategic Initiatives".
2. *Equity Incentive:* In addition to cash, the 2011 Performance Plan paid out 50% in the form of equity. The equity component was made up of both restricted stock and stock options as follows:
 - a. *Restricted Stock:* Of the equity granted, 75% was in the form of restricted stock. Of the total opportunity (cash and equity) for a given level, this represented 37.5% of the total 100% opportunity level. Similar to the cash portion, half of the restricted stock was granted based upon achievement of 2011 goals and objectives. The remaining half was paid out on a based upon achievement of strategic initiatives. Restricted stock vests 100% at the end of four years (i.e., four year cliff vesting).
 - b. *Stock Options:* The remaining equity was granted 25% in the form of stock options; or 12.5% of the total opportunity for a given level. Stock options vest ratably (25% per year) over four years.

Performance-Based Goals

The goals for the formula-based portion of the 2011 Performance Plan are weighted as follows: 40% soundness, 40% profitability, and 20% loan and deposit growth.

Soundness: This component is based on the following measurements: attaining a level of non-performing-assets to total assets ("NPA Level") that ranged from 2.25%-2.75%, and attaining a level of classified assets to capital that ranged from 52% to 47%. This element is weighted to ensure soundness is not sacrificed at the expense of growth or profitability and to ensure appropriate focus is placed on improving credit related issues.

Profitability: This measure is based on growth in net income over prior years. Since growth in net income is a key component in building shareholder value, this element is weighted 40%.

Loan and Deposit Growth: This measure is achieved by growing loans and deposits above last year's levels. This measure is weighted 20% to ensure proper attention is focused on growing the company, but is weighted less than profitability and soundness so that growth is achieved in line with profitability and appropriate risk management.

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

In addition there is both an Overall Plan Trigger and a Specific Soundness Trigger:

Overall Plan Trigger: In order for the formula-based portion of the plan to pay out, net income must be able to provide coverage of the cash dividends paid to the Company's stockholders.

Specific Soundness Trigger: For the Soundness goal to payout, there must be achievement of a prescribed rating from the principal bank regulator that was at least as high as our most recent rating.

Overall Plan Trigger	Soundness (40%)		Profitability (40%)	Loan & Deposit Growth (20%)	
	NPA Level (20%)	Classified/Capital (20%)	After-tax Net Income	Loan Growth (10%)	Core Deposits (10%)
	Net income to provide dividend coverage				
Threshold	2.75%	52.00%	\$ 13.4 Million	3.50%	4.00%
Target	2.40%	49.00%	\$ 15.0 Million	4.50%	6.20%
Maximum	2.25%	47.00%	\$ 17.5 Million	5.50%	7.20%
Actual	2.39%(1)	45.79%	22.6 Million	9.76%	25.45%

(1)

Amount differs from the 2.44% NPA level reported externally due to the exclusion of \$2.5 million in branch property that was transferred to NPA from fixed assets. Since branch property is unrelated to loan credit quality, this amount has been excluded for purposes of comparison to the plan target.

Strategic Initiatives

While pre-determined goals dictated 50% of how the 2011 Executive Performance Plan paid out with respect to the Cash Incentive component and Restricted Stock component, 50% was determined on non-formula based Strategic Initiatives for the Cash Incentive component and Restricted Stock component. The Strategic Initiatives are based on implementation of actions to achieve long-term growth and profitability such as achievement and successful integration of acquisitions, improvement in credit practices and measurements and other practices related to risk management, leadership development, succession planning and continuing to build upon company culture.

For 2011, the Compensation Committee determined that the weighting on Strategic Initiatives was appropriate in light of uncertainties related to the economy at the beginning of 2011 and the resulting difficulty in predicting specific multi year financial goals as well as the company's strong emphasis on acquisitions which have a major impact on achievement of long term goals but cannot be predicted with any certainty as to timing or size. Robert Hill received 60% of the strategic initiative opportunity for cash and restricted stock. Other NEOs received 50-70% of the strategic initiative opportunity for cash and restricted stock based upon their individual performance and contributions.

The Compensation Committee granted Incentive Stock Options in 2012 that were in recognition of Mr. Hill's 2011 contributions. He received 9,275 stock options. Other NEOs received between 3,662 and 5,667 stock options in recognition of their 2011 contributions. See "Equity Grant Practices" caption.

2011 Equity Grants

Equity grants shown in the compensation tables reflect restricted stock earned in 2010 due to the achievement of established performance goals and the one-time awards correlated with the

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

results of the merger with CBT. Restricted stock received in 2011 in recognition of the NEOs' 2010 contributions was as follows: Mr. Hill, 5,413; Mr. Pollok, 3,998; Mr. Windley, 2,985; Mr. Burns, 2,308; and Mr. Pickett, 1,740.

Stock options are evaluated each year and motivate a focus on increasing the share price. Stock options only become valuable to the Executive if the stock price increases over a period of time. The Compensation Committee believes that a balancing of restricted stock grants and Incentive Stock Options align their interests with those of the shareholders. Incentive Stock Options received in 2011 in recognition of the NEOs' 2010 contribution are as follows: Mr. Hill, 8,332; Mr. Pollok, 4,848; Mr. Windley, 3,054; Mr. Burns, 2,698; and Mr. Pickett, 1,899.

See the Grants of Plan Based Awards table of equity grants by executive during 2011.

Benefits

During 2011, SCBT maintained various employee benefit plans that constitute a portion of the total compensation package available to the NEOs and all eligible employees of SCBT. These plans consist of the following:

Employees' Pension Plan Four of the five NEOs are participants in a noncontributory defined pension plan which covers substantially all employees of the Company hired before January 1, 2006. Pension benefits are paid based upon age of the employee and years of service. The Plan was frozen in July 2009 and no further benefits are being accrued. See the Pension Benefits table and the accompanying footnotes and narrative for more information.

Employees' Savings Plan 401(k) Each of the NEOs are participants in a defined contribution plan which in 2011 permitted employees to contribute up to 50% of their compensation, on a tax-deferred basis, up to certain IRS compensation deferral amount limits applicable to tax-qualified retirement plan, with SCBT matching 50% up to 4% of their deferrals. In 2012, SCBT will match 50% up to 6% employee deferrals.

See the table in footnote 7 of the Summary Compensation Table.

Health Care provides medical and dental coverage for all eligible employees.

Other Welfare Benefits includes sick leave, vacation, etc.

The employee benefits for the NEOs discussed in the subsection above are determined by the same criteria applicable to all SCBT employees. These benefits help keep SCBT competitive in attracting and retaining employees. SCBT believes that its employee benefits are generally in line with benefits provided by the Peer Group and consistent with industry standards.

Supplemental Executive Retirement Plan The Company provides non-qualified supplemental executive retirement plan (SERP) agreements for Mr. Windley, and certain other executives. The Company elects to offer this type of incentive as a way to retain executives over the long term and to provide a partial offset to shortfalls in the percentage of income provided for retirement by its qualified retirement plans.

On November 1, 2006, the Company approved updated or new supplemental executive retirement agreements with Mr. Windley, and certain other executives.

In 2009, traditional non-qualified supplemental executive retirement plans (SERPs) were replaced with restricted stock grants that vest ratably and that become 100% vested at age 60 for Messrs Hill and Pollok and at age 65 for Mr. Burns. The use of these Long-Term Equity Grants helps to insure the executives' focus is on the long-term interests of the shareholders and motivates retention over a long-term period. In addition, by utilizing the Long-Term

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

Equity Grants, the Company expects to realize lower compensation expense of approximately \$5.5 million over the span of the vesting periods for these executives.

Deferred Compensation Plan We make available to selected members of our senior management group, including all NEOs and /or other selected employees who are highly compensated, the opportunity to elect to defer current compensation for retirement income or other future financial needs. The plan is a nonqualified deferred compensation plan that is designed to be exempt from certain ERISA requirements as a plan that covers a select group of management and certain other highly compensated employees. Each year, participants can choose to have their compensation for the upcoming year reduced by a certain whole percentage amount ranging between 5% and 80%, or by a specific dollar amount (in all cases, subject to a minimum value established by the bank). In addition, the employer may make matching or partially matching contributions for participant deferrals. The employer may also make discretionary contributions for any or all participant (s). Both of these types of employer contributions would be subject to certain vesting requirements. There are also forfeiture provisions, which can result from unvested amounts existing at terminations or from materially incorrect earnings that are subsequently adjusted or corrected. Deferrals may be held by a trustee in a grantor (rabbi) trust and may be invested in funds that mirror deemed investments selected by the participants and offered pursuant to the plan. Such a trust would not isolate assets for the benefit of the participants. Consequently, distributions made under the plan will be made from the general assets of the bank which could be subject to claims of its creditors. Amounts deferred under the plan will generally be subject to income taxes payable by the participant in the year in which received (end of the deferral period), but these deferred amounts are subject to employment taxes in the year of deferral. In 2011, Mr. Hill and Mr. Windley elected to participate. There were no employer contributions made to any plan participants in 2011.

See the discussion entitled Deferred Compensation Plan for additional information.

Perquisites The Company also provides limited perquisites to NEOs that are not available to all employees. Some examples of these include bank-owned automobiles, automobile allowances, club and membership dues. The values of these items are presented in the Summary Compensation Table under the heading All Other Compensation. The value attributable to any personal use of bank-owned automobiles is considered compensation to the executive and represents the aggregate incremental cost to the Company associated with that personal use. The Company and the board believe that the use of each of these perquisites is helpful for the proper performance of the NEOs' duties.

ADDITIONAL POLICIES AND PROCEDURES RELATED TO EXECUTIVE COMPENSATION

Share Ownership Guidelines

The Company's stock ownership guidelines require NEOs to own equity representing a multiple of their salary and to retain this equity throughout their tenure. The specific share ownership requirements are:

Chief Executive Officer 3 times salary

Other NEOs 2 times salary

The Company's NEOs have five years from being named a NEO to comply with the stock ownership guidelines. As of the end of our fiscal year, Messrs. Hill, Pollok, Windley, and Burns have exceeded their required ownership levels. Mr. Pickett is currently progressing toward meeting the required ownership guidelines. Beneficially owned shares include shares held by a named executive officer, directly or indirectly, and unvested shares of restricted stock, as to which the executive officers

have full voting privileges; but excludes vested and unexercised stock options. Until the stock ownership guidelines are achieved, the sale of shares of the Company's common stock is restricted.

Equity Grant Practices

To address volatility concerns, the 30-day moving average of SCBT's stock was utilized to determine the number of restricted shares to be issued under the Executive Performance Plan for 2011. Stock option values were determined based upon Black Scholes Valuation methodology. This value was divided into the dollar amount the executive is expected to receive to quantify the number of options granted to an executive. The calculated number of restricted shares or stock options will continue to be issued with a stock price reflecting the date of the grant.

Employment and Non-Competition Agreements

The purpose of these agreements is to attract and retain high caliber executive officers, recognizing that termination and change in control protections are commonly provided at comparable companies with which we compete for executive talent. In addition, the Compensation Committee believes change in control protections enhance the impartiality and objectivity of the NEOs in the event of a change in control transaction and better ensure that stockholder interests are protected. Finally, these agreements include non-competition provisions that further protect the company should the NEO elect to pursue other employment opportunities. In 2006, the Company approved employment agreements with each of the NEOs. The agreements, which were amended and restated in 2008 to address Internal Revenue Code Section 409(a) matters, provide for the following:

Term of Employment. Each employment agreement has a term of employment of three years from the effective date of the agreement. On each anniversary date of the effective date of the agreement, the term of the agreement is automatically extended for an additional year unless at least 60 days prior to the anniversary date either party gives the other party written notice of non-renewal.

Reimbursement of Expenses. The Company will reimburse the executive all reasonable travel and other business related expenses incurred in performing duties under the agreement.

Vacation and Sick Leave. The Company will provide vacation and sick leave to the executive in accordance with policies and procedures established from time to time.

Employee Benefit Plans. The executive is entitled to participate in the employee benefit plans presently in effect or as these plans may be modified or added from time to time.

Incentive Bonus Plans. The executive is entitled to participate in the incentive bonus plans, applicable to his employment position, in accordance with policies and procedures established from time to time.

Fringe Benefits. The Company will reimburse the executive for the cost of attending required meetings and conventions and will cover membership dues to an approved country club. In addition, Mr. Hill, Mr. Pollok, Mr. Windley, and Mr. Burns are provided the use of a bank-owned automobile.

Termination of Employment. See the discussion below entitled Potential Payments upon Termination or Change in Control for a description of the payments that may be due to each executive upon termination of employment.

Non-compete. The period of non-compete for the executive runs during the period of employment and for a designated period of time following termination of employment. If the executive is found to violate the covenants contained in the agreement, the non-compete period will be extended for a period equal to the amount of time the executive is found to have been in

non-compliance. If Mr. Hill is terminated for cause according to his agreement, the non-compete period is abbreviated and ends 12 months after the date of termination.

See the discussion entitled "Potential Payments upon Termination or Change in Control," which provides the amount of compensation each executive would receive under various termination events based upon the employment agreements.

162(m) Tax Considerations

Internal Revenue Service regulations disallow a tax deduction to public corporations for compensation, other than performance-based compensation, over \$1 million paid to a chief executive officer and the additional three most highly compensated NEOs (excluding the Company's Chief Financial Officer). The Compensation Committee considers the impact of those regulations in connection with its decisions regarding the compensation of our executive officers. The Compensation Committee believes, however, that shareholder interests are best served by not restricting the Compensation Committee's discretion and flexibility in structuring compensation programs, even though such programs may result in certain non-deductible compensation expenses.

Risk Assessment in Compensation Programs

For the second year in a row, the Compensation Committee reviewed and discussed a compensation risk assessment with assistance from human resources, legal and compliance personnel. The conclusion was that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect. This risk assessment process included a review of the design and operation of the Company's nine incentive compensation programs, identifying and evaluating situations or compensation elements that may raise material risks, and an evaluation of other controls and processes designed to identify and manage risk. In addition, the Chief Risk Officer reported to the Compensation Committee that he along with the Chief Financial Officer, General Auditor, and Audit Supervisor will review, test, and report on the following:

The balance between short-and long-term incentives

The presence of meaningful risk mitigators to include longer-term performance periods, recoupment policies, and performance goals that include soundness as well as profitability.

Performance objectives are set with an appropriate level of difficulty that will align individual performance along with the long-term performance of the company.

Transactions in Company Securities

In general, SEC rules prohibit uncovered short sales of shares of the Company's common stock by its executive officers, including the NEOs. Accordingly, the Company's insider trading policy prohibits short sales of shares of the Company's common stock by its executive officers, including the NEOs, and discourages all employees from engaging in any hedging transactions relating to the Company's common stock. The policy also requires all affiliates and insiders to consult with the Company's Treasurer or Chief Executive Officer if they intend to engage in any transactions involving the Company's common stock. In 2011, no executive officer consulted with the Company's Treasurer or Chief Executive Officer regarding hedging transactions.

(1) Consists of total salary compensation, including all amounts that have been deferred at the officers' election. During 2011, Mr. Hill deferred \$19,167 and Mr. Windley deferred \$12,698 into the deferred compensation plan (see description of plan on page 39).

(2) Reflects the transaction cash incentive awarded to the NEOs in conjunction with the material increase in net income during 2010. The Transaction Incentive is further described in the section entitled Compensation Discussion and Analysis.

(3) From time to time, the Company has awarded shares of restricted stock to its executive officers. The shares of restricted stock the Company awarded to the NEOs during 2011 and 2010 cliff vest at 100% on the fourth anniversary of the award, subject to the continued employment of the officer. In 2010, Mr. Hill earned the maximum opportunity for the formula-based restricted stock grants for the 2010 Performance Plan. He requested and the Compensation Committee approved a pay-out of 50% of the maximum opportunity, or 5,413 restricted shares instead of 10,282 restricted shares that were earned. The Company awarded 30,780 shares of restricted stock to Mr. Hill, 28,265 shares of restricted stock to Mr. Pollok, and 10,555 shares of restricted stock to Mr. Burns during 2009 to replace the cash-based SERP agreements which vest on December 31 of each year with final vesting at the end of the month in which Mr. Hill and Mr. Pollok reaches his retirement age of 60 years old, and age of 65 years old for Mr. Burns. The Company awarded 3,627 shares of restricted stock to Mr. Burns on January 22, 2009 that cliff vest at 100% on the seventh anniversary of the award, subject to his continued employment. An officer's interest in any non-vested shares will fully vest if there is a change in control of the Company or the officer dies while employed by the Company. Mr. Burns has the right to vote restricted shares and to receive dividends paid on the shares prior to vesting. The market value of the shares is determined by the closing market price of the Company's Common Stock on the date of grant of stock awards. The value of the restricted stock grants shown above equals the grant date fair value in accordance with FASB ASC Topic 718. See discussion of assumptions

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

used in the valuation of the stock awards in Note 20, "Share-based Compensation" in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

- (4) The value of the stock option awards shown above equals the grant date fair value in accordance with FASB ASC Topic 718. See discussion of assumptions used in the valuation of option awards in Note 20, "Share-based Compensation" in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.
- (5) Reflects the dollar value of all amounts earned during the fiscal year pursuant the performance based non-equity incentive plans.
- (6) Includes the change in pension value to the NEOs with the exception of Mr. Windley. Mr. Windley's includes the change in pension value of \$25,529 and the Supplemental Executive Retirement Plan ("SERP") accrual of \$37,158. It also includes the portion of income earned during the fiscal year in the nonqualified deferred compensation plan exceeding 120% of the applicable long-term federal rate ("AFR"). During 2011, nonqualified deferred compensation plan balances experienced an unrealized loss; therefore, there was no income exceeding 120% of the applicable long-term federal rate ("AFR").

In 2010, the change in pension value for Mr. Hill was incorrectly reported at \$64,980. The corrected amount was \$25,252.

These amounts represent ranges of the possible performance-based cash bonuses that could have been paid in 2012 based on 2011 results pursuant to the Executive Performance Plan. The actual bonuses paid are displayed under Non-Equity Incentive Plan Compensation within the Summary Compensation Table. The threshold amount is currently 26% for Mr. Hill, 25% for Mr. Pollok and 21.6% for all other NEOs, as this is the minimum payout that can occur under the program. The incentive target level is determined as the aggregate dollar amount derived from the executive officers' target bonuses expressed as a percent of annual salary. This target percentage is currently 52% for Mr. Hill, 50% for Mr. Pollok and 43% for all other

NEOs. The maximum incentive is 88% for Mr. Hill, 84% for Mr. Pollok and 73% for all other NEOs. The 2011 Executive Performance Plan is further described in the section entitled Compensation Discussion and Analysis.

- (2) These amounts were the possible equity payouts in 2012 for performance in 2011 pursuant to grants of restricted stock for the Executive Performance Plan. The actual amounts awarded are not included in the Summary Compensation Table because they were granted by the Company in 2012. The 2011 Executive Performance Plan is further explained in the Compensation Discussion and Analysis section of this Proxy Statement.
- (3) Stock award shares granted in 2011 (as equity incentive plan awards earned in 2010) cliff vest at 100% after 4 years.
- (4) The exercise or base price of options and stock awards is established as the closing market price of the Company's Common Stock on the grant date.
- (5) This amount represents the fair market value of all restricted stock and option awards made during the fiscal year 2011. The fair market value for stock awards is based on the closing market price of the stock on the date of grant. The fair value of options is estimated at the date of grant using the Black-Scholes option pricing model. The fair value for the options issued on January 27, 2011 was \$11.85 per share. The following assumptions were used in valuing options issued:

aggregate liability carried on the Company's books for each of the NEOs. Mr. Hill, Mr. Pollok and Mr. Burns were notified on December 30, 2008 that their SERP agreements were terminated effective December 31, 2008. The balance of accrued benefits owed was paid in January 2009. See "Supplemental Executive Retirement Plan" for further reference.

The Defined Benefit Pension Plan is described in Compensation Discussion and Analysis Employee & Executive Benefits Employee's Pension Plan.

Supplemental Executive Retirement Plan

On December 31, 2008, SCBT, N.A. (the "Bank"), the wholly-owned operating subsidiary of the Company, amended its SERP agreements by and between the Bank and Robert R. Hill, Jr., John C. Pollok and Joseph E. Burns, each individually, to allow for a payout of the accrued account balances immediately (or within 30 days) upon termination of the agreements. Effective December 31, 2008, these agreements for these executives were terminated and the balance of accrued benefits owed under these agreements was paid in January 2009. As described in the Compensation Discussion & Analysis, on January 22, 2009, the Company replaced these agreements with a long-term restricted stock grant which are intended to provide similar economic benefit to the executives and more closely align the interests of these executives with the long-term profitability of the Company and its shareholders, and to motivate these officers to remain with the Company. Each restricted stock grant vests on December 31 of each year with final vesting at the end of the month in which the executive reaches his retirement age of 60 years old for Mr. Hill and Mr. Pollok, and age 65 years old for Mr. Burns. Mr. Hill was granted 30,780 shares of restricted stock with final vesting on October 31, 2026. Mr. Pollok was granted 28,265 shares of restricted stock with final vesting on October 31, 2025. Mr. Burns was granted 10,555 shares of restricted stock with final vesting on August 31, 2019. The fair value per share of the stock granted was \$27.57 on January 22, 2009.

As of December 31, 2011, the SERP agreement of Mr. Windley provided for a supplemental executive retirement benefit payout under one of five scenarios: normal retirement, early termination, disability, change in control or early retirement benefit.

Normal and Early Retirement Benefit

The following table provides the normal retirement age, reduced benefit retirement age (if applicable), base benefit amount, and payout period:

Name	Normal Retirement Age	Early Retirement Age	Base Benefit Amount	Payout Period in Years
John F. Windley	65	n/a	\$ 50,000	15

The exact amount of benefits would be generally determined by reference to the number of calendar years after 2002 in which the Company satisfied specified performance measures, namely that the Company's net income after taxes and its total assets grew in the aggregate by an amount that would at least equal to annualized growth of 6% and 7%, respectively. If the named executive officer had retired at normal retirement age as of December 31, 2011, he would have been entitled to 100% of his maximum annual retirement benefit based on this performance measure. A smaller annual benefit, payable over the 15-year period after the executive attains his normal retirement age, will become payable if his employment is terminated prior to attaining retirement age for any reason other than death or for cause.

Benefit at Death

If the executive dies, the Company will be required to pay his beneficiary a lump sum death benefit of \$250,000 plus annual payments as presented below:

Name	Normal Retirement Age	Early Retirement Age	Base Benefit Amount	Payout Period in Years
John F. Windley	65	n/a	\$ 50,000	10

Noncompetition

Mr. Windley will forfeit his retirement benefits under the SERP if he competes with the Company during the 18 months following termination of his employment.

The Company's obligations under the agreements are general unsecured obligations of the Company, although the agreements require the Company to establish a grantor ("rabbi") trust for such benefits following a change in control.

DEFERRED COMPENSATION PLAN

The Company has adopted a deferred compensation plan in which selected members of senior management, including executive officers, and/or other highly compensated employees, have the opportunity to elect to defer current compensation for retirement income or other future financial needs. Only eligible employees, as approved by the Compensation Committee, may participate in the plan. Each year participants can choose to have portions of their compensation for the upcoming year deferred by a certain whole percentage amount ranging between 5% and 100%. Deferrals are recorded in a bookkeeping account which is adjusted to reflect hypothetical investment earnings and losses of investment funds selected by the plan participant among those offered pursuant to the plan. Payments made under the plan will be made from the general assets of SCBT, N.A., and will be subject to claims of its creditors. Amounts payable under the plan are payable at the future times (or over the periods) designated by plan participants upon their enrollment in the plan and their annual renewal of enrollment.

The investment options available to an executive under the deferred compensation plan are listed below along with their annual rate of return for the calendar year ended December 31, 2011, 2010 and

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

2009, as reported by the administrator of the deferred compensation plan. The rates assume that 100% of the participant's contribution was deferred as of the first business day of 2011.

Beginning in 2011, the Company changed the investment options for participants in the deferred compensation plan and moved from Titan Executive Benefit Group to options from Findley Davies (same investment options as the 401(k) plan offered to all employees).

The table below summarizes the amounts in each named executive officer's deferred compensation savings plan:

Name	Executive Contributions in Last FY (\$) (1)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$) (2)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last FYE (\$)

(1) Includes the total compensation to the above NEOs for which payment was deferred in 2011. These amounts also comprise part of the amounts in the Salary column of the Summary Compensation Table.

(2) Includes total loss in 2011 on the aggregate balance in the named executive officer's deferred compensation plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company has entered into certain agreements and maintains certain plans that will require the Company to provide compensation to NEOs of the Company in the event of a termination of employment or a change in control of the Company. Each employment agreement has a term of employment of three years from the effective date of the agreement. On each anniversary date of the effective date of the agreement, the term of the agreement is automatically extended for an additional year unless at 60 days prior to the anniversary date either party gives the other party written notice of non-renewal. The amounts of total compensation payable to each named executive officer upon voluntary termination without good reason, voluntary termination for good reason, termination by Company without cause, termination by Company for cause, normal retirement, early retirement, termination due to disability, termination due to death and termination associated with a change in control are shown in the tables below. The amounts assume that such termination was effective as of December 31, 2011 (the last day of the fiscal year), and thus include amounts earned through such time and are estimates of the amounts that would have been paid out to the executives upon their termination as of such date. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company.

For purposes of each named executive officer's employment agreement, the terms "good reason," "cause," "disability," "change of control" and "total compensation" are defined below:

(a)

"Good reason" means, without Employee's written consent, the occurrence of any of the following circumstances unless such circumstances are fully corrected within 30 days after Employee notifies the Company in writing of the existence of such circumstances as hereinafter provided:

i.

the assignment to Employee of any duties, functions or responsibilities other than those contemplated by the employment agreement or materially inconsistent with the position with the Company that Employee held immediately prior to the assignment of such duties or responsibilities or any adverse alteration in the nature or status of Employee's responsibilities or the condition of Employee's employment from those contemplated in the employment agreement;

ii.

a reduction by the Company in Employee's total compensation or as it may be increased from time to time, except for across-the-board salary reductions similarly affecting all management personnel of the Company;

iii.

the relocation of the Company's headquarters to a location more than fifty miles from its current location in Columbia, South Carolina, or the Company's requiring Employee to be based anywhere other than the Company's offices at such location, except for required travel on Company business;

iv.

the failure by the Company to pay Employee any portion of Employee's compensation within the time guidelines established pursuant to standard Company policies, or any other material breach by the Company of any other material provision of the employment agreement; or

v.

the giving of notice by the Company of non-renewal of the employment agreement.

(b)

"Cause" generally means: (A) the repeated failure of Employee to perform his responsibilities and duties; (B) the commission of an act by Employee constituting dishonesty or fraud against the Company or the Bank; (C) being charged with a felony; (D) habitual absenteeism; (E) Employee is determined to have been on the job while under the influence of alcohol, unauthorized or illegal drugs, prescription drugs that have not been prescribed for the Employee, or other substances that have the potential to impair the Employee's judgment or

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

performance; (F) the commission of an act by Employee involving gross negligence or moral turpitude that brings the Company or any of its affiliates into public disrepute or disgrace or causes material harm to the customer relations, operations or business prospects of the Company or its affiliates; (G) bringing firearms or weapons into the workplace; (H) the Employee's failure to comply with policies, standards, and regulations of Company; (I) the Employee's engagement in conduct which is in material contravention of any federal, state or local law or ordinance other than a minor offense which does not reflect or impact upon the Employer or Bank; (J) the Employee's engagement in conduct which is unbecoming to or inconsistent with the duties and responsibilities of a member of management of the Employer; or (K) the Employee engaging in sexual or other form of illegal harassment.

(c)

"Disability" means disability suffered by Employee for a continuous period of at least three months or any impairment of mind or body that is likely to result in a disability of Employee for more than six months during any twelve-month period.

(d)

"Change of Control" means the occurrence of one of the following:

i.

A change in ownership of the Company occurs on the date that any one person, or more than one person acting as a group (as determined in Paragraph (i)(5)(v)(B) of Treasury Regulation Section 1.409A-3), acquires ownership of more than 50% of the total fair market value or total voting power of the Company or Bank other than (A) with respect to the Bank, the Company (B) a trustee or other fiduciary holding securities under an employee benefit plan of the Company, (C) employee or a group of persons including Employee, and (D) an underwriter or group of underwriters owning shares of common voting stock in connection with a bona fide public offering of such shares and the sale of such shares to the public;

ii.

A change in the effective control of the Company occurs on the date that (a) a person, or more than one person acting as a group (as determined in Paragraph (i)(5)(v)(B) of Treasury Regulation Section 1.409A-3), acquires ownership (or having acquired during the 12-month period ending on the date of his most recent acquisition) of 30% or more of the total voting power of the stock of the Company or Bank, or (b) a majority of the members of the Company's board of directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Company's board of directors prior to the date of appointment or election, provided that the Company is a corporation for which there is no majority shareholder.

iii.

A change in the ownership of a substantial portion of the Company's assets occurs on the date that any one person, or more than one person acting as a group (as determined in Paragraph (i)(5)(v)(B) of Treasury Regulation Section 1.409A-3), acquires (or having acquired during the 12-month period ending on the date of his most recent acquisition) assets from the Company that have a total gross fair market value equal to or more than 40 percent of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition. For purposes of this provision, gross fair market value means the value of the assets of the Company, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets.

This definition of Change in Control is intended to fully comply with the definition of a change in control event as set forth in Treasury Regulation Section 1.409A-3(i)(5).

(e)

"Total Compensation" for each named executive officer includes the employee's base salary, the greater of the employee's annual bonus for the fiscal year preceding the year in which the executive's employment terminates or the average bonus for the five years preceding the year of termination and the amount the Company contributes toward the employee's health and

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

dental insurance premiums. For Mr. Hill, total compensation also includes the value associated with the personal use of a company-owned automobile and reimbursement for country club dues and other such dues and fees as may be approved by the board.

The following table outlines certain differences between each agreement:

Name	Base Salary	Change in Control Payout Multiple	Non-Compete Period (Months)
Robert R. Hill, Jr.	\$ 493,680	.99 times	24
John C. Pollok	\$ 316,000	2.5 times	24
John F. Windley	\$ 265,000	2 times	18
Joseph E. Burns	\$ 240,000	2 times	12
Donald E. Pickett	\$ 235,000	2 times	12

Mr. Hill is the only named executive officer entitled to receive compensation for his noncompete agreement with the Company. His noncompete agreement is set for a 24 month period starting on the termination date. He would be entitled to two years of his Total Compensation package, as defined in the Total Compensation definition (Item e) above, paid in two equal lump sums, the first at time of termination and the second on the first anniversary of termination. Should he violate any of the covenants listed in the noncompetition agreement, no payments that are still due will be paid and the Company has the right to secure an injunction for damages to recover any previous payments made under the agreement.

On January 22, 2009, the Company established an equity based retirement benefit represented by grants of restricted stock to Messrs. Hill, Pollok and Burns. The grants replaced prior SERP agreements and are intended to provide similar economic benefit to the executives and more closely align the interests of these executives with the long-term profitability of the Bank, the Company and its shareholders. Each restricted stock grant vests on December 31 of each year with final vesting at the end of the month in which the executive reaches his retirement age of 60 years old, except in the case of Mr. Burns at age 65. Mr. Hill was granted 30,780 shares of restricted stock with final vesting on October 31, 2026. Mr. Pollok was granted 28,265 shares of restricted stock with final vesting on October 31, 2025. Mr. Burns was granted 10,555 shares of restricted stock with final vesting on August 31, 2019. The fair value per share of the stock granted was \$27.57 on January 22, 2009.

The Company has individual SERP agreements established on or about November 1, 2006 and amended on December 31, 2008, by and between the Bank and John F. Windley and certain other executives. Although benefits under the SERP arrangements are defined for retirement and early retirement, we do not present these payout estimates in the following tables. None of the named executive officers would be eligible to receive such payments due to the age of the officers on December 31, 2011. The earliest a retirement benefit could be provided to any of the current named executive officers currently Mr. Windley would be in 2018.

The following tables provide the potential payments upon termination for all relevant scenarios as of December 31, 2011.

- (1) The Company shall have no further obligation to the Executive. A noncompetition agreement will be in force for a period of 24 months with no payment due to the Executive.
- (2) The Company shall pay to the Executive his Base Salary for six months following his termination through customary payroll practices. The Company shall also contribute to Executive's COBRA premium by paying the same monthly amount for health and dental insurance coverage as it would if he were an active employee for a period of 6 months.
- (3) Option Awards and Restricted Stock Awards will be fully accelerated based on 100% of remaining non-vested shares.
- (4) The Company (or its successors) shall pay the Executive, or his beneficiary in the event of his subsequent death, an amount equal to two and one-half times Executive's Total Compensation (Change in Control Payment) in effect at the date of termination of employment. Option Awards and Restricted Stock Awards will be fully accelerated based on 100% of remaining non-vested shares. The value of Option Awards is based on the difference between the current market price as of December 31, 2011 and the exercise price for options in-the-money (i.e., options with an exercise price below the current market price). The value of Restricted Stock Awards is based on the market price of \$29.01 as of December 31, 2011.

The Company believes that the structure and timing of Mr. Pollok's payments upon a change in control as of December 31, 2011 would have caused the payments or distributions to be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code. The amount included here is the excise tax which he would receive from the Company on an after-tax basis equal to the federal, state and local income and excise tax imposed.

DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based compensation to attract and retain qualified persons to serve on the Board of Directors. Directors are subject to a minimum share ownership requirement. Each director is required to directly own \$100,000 in SCBT stock by the end of the third anniversary of the first election to the board of directors, and \$150,000 in SCBT stock by the end of the sixth anniversary of the first election to the Board of Directors. Director compensation is recommended by the Compensation Committee after discussion with the compensation consultants, is approved by the Board of Directors, is intended to provide an appropriate level of compensation to attract and retain qualified directors, and is competitive with that of comparable financial institutions.

For the fiscal year ended December 31, 2011, non-employee directors of the Company were paid \$1,000 per regularly scheduled board meeting attended. The Company pays a quarterly cash retainer fee to each director. Directors who are also officers employed by the Company or its bank subsidiary do not receive fees or any other separate cash compensation for serving as a director. Members of the committees are paid additional compensation of \$300 to \$500, for each regularly scheduled meeting attended. The chair of the Audit, Compensation, and Governance Committees received \$1,000, \$1,000, and \$500, respectively, per committee meeting attended in lieu of the corresponding amounts above. For special meetings, the director is paid at the same rates above, except for those attending via telephone who are paid at half the regular rate.

In May 2011, the Company awarded to each non-employee director serving at the time 920 shares of restricted stock except for 1,073 shares awarded to M. Oswald Fogle, 1,073 shares awarded to Thomas E. Suggs, 1,073 shares awarded to Susie H. VanHuss, and 1,073 shares awarded to John W. Williamson, III, who serve as the chair of the Audit, Governance, Compensation and Wealth Management and Trust Committees, respectively. These awards were granted following the Company's annual shareholders' meeting and vested 25% per quarter over a period of one year from the date of grant. The Company intends to grant restricted stock awards annually to its non-employee directors in similar amounts and terms following the shareholders' meeting, under the authorization of the 2012 Plan.

Robert R. Horger, who serves as chairman of the Board of the Company, currently received \$105,500 annually for serving in that capacity. During 2011, the Compensation Committee agreed to pay approximately \$32,000 of salary in the form of immediately vested stock options rather than in cash. In addition, in January 2011, the Company granted to Mr. Horger 583 shares of restricted stock valued at \$32.46 per share at the date of grant and 1,750 stock options at an exercise price per share of \$32.46. The restricted stock cliff vests 100% at the end of four years and the stock options become exercisable in four equal annual installments over the four-year period following the date of grant. In November of 2011, Mr. Horger was granted 3,561 shares of restricted stock valued at \$28.08 per share at the date of grant. This award was recommended by the Compensation Committee and approved by the Board in recognition of Mr. Horger's leadership, vision and contribution to the results of SCBT during the current economic turbulence and market difficulty over the past few years.

- (1) Includes total compensation earned through salary (Chairman Horger only), Board fees, retainers and committee fees, whether paid or deferred. Chairman Horger elected to defer \$15,000 in fees earned during 2011. Refer to the Board of Directors and Committees section of this proxy statement for more information regarding committee membership and fees.
- (2) From time to time, the Company has awarded shares of restricted stock to its directors. All shares of restricted stock that were awarded to the non-employee directors during 2011 vest at 25% per calendar quarter over a period of four quarters. Each director generally has the right to vote restricted shares and to receive dividends paid on the shares prior to vesting. The market value of the shares is determined by the closing market price of the Company's common stock on the date of the grant (\$32.46 and \$28.08 on the dates of grant for Chairman Horger, \$27.79 on the date of grant for Mrs. Hartley, and \$31.45 on the date of grant for the remaining directors). The value of restricted stock grants shown above equals the grant date fair value in accordance with FASB ASC Topic 718.
- (3) These totals reflect the dollar amount of the grant date fair value of the option award in accordance with FASB ASC Topic 718. The valuation assumptions for the Black-Scholes model used to value these option awards is found on page 44. The Black-Scholes price for the option awards granted to Mr. Horger on January 27, 2011 was \$11.85 per option. The Board of Directors' total aggregate amount of stock options outstanding at December 31, 2011 as 56,238.
- (4) Includes the change in pension value of \$14,856 and it includes the portion of income earned during the fiscal year in the nonqualified deferred compensation plan exceeding 120% of the applicable long-term federal rate ("AFR"). During 2011, nonqualified deferred compensation plan balances experienced an unrealized loss; therefore, there was no income exceeding 120% of the AFR.
- (5) Includes a \$0.68 dividend (\$0.17 per quarter) on all unvested restricted stock grants outstanding at the time of the dividend. For Chairman Horger the amount includes an employer matching contribution to an employee savings plan and also life insurance premiums.
- (6) See discussion of Chairman Horger's compensation under *Director Compensation* on page 58 for the further information.

Thomas E. Suggs, a director, is President and Chief Executive Officer of Keenan & Suggs, Inc., an insurance brokerage and consulting firm that the Company used during 2011 and will use during the current fiscal year as an insurance broker for certain policies. In 2011, the Company made payments directly to either, Keenan & Suggs, Inc., as the Company's insurance placement agent, or the insurance carriers. Keenan & Suggs, Inc. recognized \$242,000 in revenue (commission) from the Company as its insurance placement agent. The CFO at Keenan & Suggs, Inc. has verified the amount paid to Keenan & Suggs, Inc. was well below 5% of Keenan & Suggs, Inc.'s total gross revenue for 2011 as set forth by NASDAQ's independence requirements. Based on the facts, the Audit Committee concluded that Mr. Suggs qualified as an independent director and the transactions do not reach the level of a material related party transaction.

During 2011, Gray Holdings, LP, of which Herbert G. Gray is a partner, received \$9,000 in rent payments related to thirty-eight parking spaces at one of our branches on the coast of South Carolina. The governance committee has determined that Mr. Gray does qualify as an independent director and that the receipts his company obtained in this transaction are not a material related transaction as they are well below the 5% of gross revenue standards as established by NASDAQ.

The Company has adopted a Conflict of Interest/Code of Ethics Policy that contains written procedures for reviewing transactions between the Company and its directors and executive officers, their immediate family members, and entities with which they have a position or relationship. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director or executive officer. This policy also requires the Company's bank subsidiary to comply with Regulation O, which contains restrictions on extensions of credit to executive officers, directors, certain principal shareholders, and their related interests. Such extensions of credit (i) must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with third parties and (ii) must not involve more than the normal risk of repayment or present other unfavorable features. The Conflict of Interest/Code of Ethics policy is located on the Company's website at www.scbtonline.com under Investor Relations.

The Company annually requires each of its directors and executive officers to complete a directors' and officers' questionnaire that elicits information about related person transactions. The Company's Governance Committee, which consists entirely of independent directors, annually reviews all relationships and amounts disclosed in the directors' and officers' questionnaires, and the Board of Directors makes a formal determination regarding each director's independence under NASDAQ Stock Market listing standards and applicable SEC rules.

In addition, the Company's bank subsidiary is subject to the provisions of Section 23A of the Federal Reserve Act, which places limits on the amount of loans or extensions of credit to, or

investments in, or certain other transactions with, affiliates and on the amount of advances to third parties collateralized by the securities or obligations of affiliates. Each bank is also subject to the provisions of Section 23B of the Federal Reserve Act which, among other things, prohibits an institution from engaging in certain transactions with certain affiliates unless the transactions are on terms substantially the same, or at least as favorable to such institution or its subsidiaries, as those prevailing at the time for comparable transactions with nonaffiliated companies.

In addition to the annual review, the Company has appointed a corporate ethics officer to implement and monitor compliance with the Conflict of Interest/Code of Ethics Policy. The corporate ethics officer reports to the Company's general auditor who passes this information to the board's Audit Committee and Chief Executive Officer quarterly and also advises the Company's executive committee and management with respect to potential conflicts of interest. The related party transactions described above were approved by the Company.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

As required by Section 16(a) of the Securities Exchange Act of 1934, the Company's directors and executive officers are required to report periodically their ownership of the Company's stock and any changes in ownership to the SEC. Based on written representations made by these affiliates to the Company and a review of Forms 3, 4 and 5, it appears that all such reports for these persons were filed in a timely fashion in 2011, except for a late Form 4 filing by James W. Roquemore on November 15, 2011 for four direct open market purchases, two indirect open market purchases, a direct open market sale, and three indirect open market sales, some of which were broker sales in a managed account and not directed by Mr. Roquemore.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Dixon Hughes Goodman LLP, certified public accountants, as the independent registered public accounting firm for the Company and its subsidiary for the current fiscal year ending December 31, 2012, subject to ratification by the Company's shareholders. Dixon Hughes Goodman LLP has advised the Company that neither the firm nor any of its partners has any direct or material interest in the Company and its subsidiary except as independent registered auditors and certified public accountants of the Company. Representatives of Dixon Hughes Goodman LLP are expected to be at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

financial statements. The Audit Committee discussed with the independent registered public accounting firm the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and discussed with them their independence from the Company and its management. The Audit Committee also has considered whether the independent registered public accounting firm's provision of non-audit services, as set forth in the section entitled Audit and Other Fees below, is compatible with the auditor's independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on SEC Form 10-K for the year ended December 31, 2011 for filing with the SEC.

This report is provided by the following independent directors, who comprise the Audit Committee:

3.2

Procedures.

(a)

The Committee may act only by a majority of its members then in office, except that the Committee may, except to the extent prohibited by applicable law or the listing standards of the Applicable Exchange and subject to Section 12.3, allocate all or any portion of its responsibilities and powers to any one or more of its members and may delegate all or any part of its responsibilities and powers to any person or persons selected by it. Any such allocation or delegation may be revoked by the Committee at any time.

(b)

Any authority granted to the Committee may be exercised by the full Board. To the extent that any permitted action taken by the Board conflicts with action taken by the Committee, the Board action shall control.

3.3

Discretion of the Committee. Any determination made by the Committee with respect to any Award shall be made in the sole discretion of the Committee at the time of the Award or, unless in contravention of any express term of the Plan, at any time thereafter. All decisions made by the Committee pursuant to the provisions of the Plan shall be binding and conclusive on all persons, including the Company, the Participants and Eligible Individuals.

**ARTICLE IV
TERMS OF AWARDS**

4.1

Eligibility. Any Eligible Individual may receive one or more Awards as determined by the Committee.

4.2

Awards. Each Award shall be subject to such conditions, restrictions and contingencies as the Committee shall determine. The Committee shall specify the number of Shares subject to each Award and the Exercise Price (if applicable). All Awards granted under this Plan shall be evidenced by Agreements which shall be subject to applicable provisions of this Plan and to such other provisions as the Committee may adopt. The effectiveness of an Award shall be subject to the Agreement's being signed by the Company and the Participant receiving the Award unless otherwise provided in the Agreement. Agreements may be amended only in accordance with Section 14.6 hereof.

4.3

Nontransferability. In addition to any other restrictions set forth in this Plan or imposed by the Committee, all Awards shall be nontransferable except by will or by the laws of descent and distribution. At the discretion of the Committee, an Award may be forfeited immediately upon such instrument becoming subject to any obligation or liability of the Participant or any lien, charge or encumbrance.

**ARTICLE V
STOCK SUBJECT TO PLAN**

5.1

Plan Maximums. The total number of Shares available for delivery pursuant to Awards granted under this Plan is 1,684,000. Delivery of Shares pursuant to a Full-Value Grant shall reduce the number of Shares available for delivery pursuant to Awards under this Plan by 2.06 times the number of Shares delivered pursuant to such Full-Value Grant, and delivery of Shares pursuant to an Option or SAR shall reduce the number of Shares available under this Plan by one Share for each such Share delivered. The maximum number of Shares that may be granted pursuant to

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

Options intended to be Incentive Stock Options shall be 1,684,000 Shares. Such maximum numbers of shares of Common Stock is subject to adjustment as provided in Article XI.

5.2

Individual Limits. No Participant may be granted Qualified Performance-Based Awards (other than Options and SARs) covering in excess of 100,000 Shares during any calendar year. No Participant may be granted Options and SARs covering in excess of 200,000 Shares during any calendar year.

5.3

Rules for Calculating Shares Delivered. To the extent that any Award is forfeited, terminates or fails to vest before the Participant receives the full and unrestricted benefits of ownership of the underlying Common Stock (other than voting rights and the right to receive dividends with respect to Restricted Stock), or if any Option or SAR terminates without being exercised or any Award is settled for cash, the Shares subject to such Awards not delivered as a result thereof shall again be available for issuance in connection with other Awards under the Plan. If the Exercise Price of any Option or SAR and/or if the tax withholding obligations relating to any Award are satisfied by delivering Shares (either actually or through attestation) or withholding Shares relating to such Award, the gross number of Shares subject to the Award shall nonetheless be deemed to have been granted for purposes of the first sentence of Section 5.1.

ARTICLE VI OPTIONS AND STOCK APPRECIATION RIGHTS

6.1

Grants. The Committee may designate Eligible Individuals to whom Options or SARs may be granted and will specify the number of Shares covered by the Options or SARs and the Exercise Price thereof in the applicable Agreement. An Option may be granted with or without a related SAR. A SAR may be granted with or without a related Option.

6.2

Incentive Stock Options and Non-Qualified Stock Options. The Committee shall designate at the time an Option is granted, and the applicable Agreement shall indicate, whether the Option is intended to be treated as an Incentive Stock Option or a Non-Qualified Stock Option. No Option that is intended to be an Incentive Stock Option shall be invalid for failure to qualify as an Incentive Stock Option under Section 422 of the Code, and any such Option that fails to so qualify as an Incentive Stock Option shall be treated as a Non-Qualified Stock Option. For purposes of determining the applicability of Section 422 of the Code, or in the event that the terms of any Option provide that it may be exercised only during employment or within a specified period of time after termination of employment, the Committee may decide to what extent leaves of absence for governmental or military service, illness, temporary disability, or other reasons shall not be deemed interruptions of continuous employment.

6.3

Additional Rules for Incentive Stock Options. Notwithstanding anything contained herein to the contrary, no Option which is intended to qualify as an Incentive Stock Option may be granted to an Eligible Employee who at the time of such grant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of any Subsidiary, unless at the time such Option is granted the Exercise Price is at least 110% of the Fair Market Value of a Share and such Option by its terms is not exercisable after the expiration of five years from the date such Option is granted. In addition, the aggregate Fair Market Value of the Shares (determined at the time the Option to acquire Shares is granted) for which Incentive Stock Options are exercisable for the first time by an optionee during any calendar year, under all of the incentive stock option plans of the Company and of any Subsidiary, may not exceed \$100,000. To the extent an Option that by its terms was intended to be an Incentive Stock Option exceeds this \$100,000 limit, the portion of the Option in excess of such limit shall be treated as a Non-Qualified Stock Option.

6.4

Vesting. The Committee may prescribe that a Participant's rights in Options or SARs shall be forfeitable or otherwise restricted for a period of time and/or until certain financial performance objectives are satisfied as determined by the Committee in its sole discretion and set forth in the applicable Agreement.

6.5

Exercise. The period in which an Option or SAR may be exercised shall be determined by the Committee on the Date of Grant, but no Option or SAR shall be exercisable after the expiration of 10 years from the Date of Grant of such Option or SAR. Subject to the terms of this Plan, a vested Option or SAR may be exercised in whole at any time or in part from time to time at such times and in compliance with such requirements as the Committee shall determine and as reflected in the corresponding Agreement; *provided, however,* that a SAR that is related to an Option may be exercised only to the extent that the related Option is exercisable and when the Fair Market Value per Share exceeds the Exercise Price per Share of the related Option. A partial exercise of an Option or SAR shall not affect the right of the Participant thereafter to exercise the Option or SAR from time to time in accordance with the Plan and the corresponding Agreement with respect to remaining Shares subject to the Option or SAR. The exercise of an Option shall result in the termination of a related SAR to the extent of the number of Shares with respect to which the Option is exercised, and the exercise of a SAR shall result in the termination of a related Option to the extent of the number of Shares with respect to which the SAR is exercised.

6.6

Method of Exercise. Subject to the provisions of this Article VI, vested Options and vested SARs may be exercised, in whole or in part, by giving written notice of exercise to the Company specifying the number of Shares subject to the Option or SAR to be purchased. In the case of the exercise of an Option, such notice shall be accompanied by payment in full of the aggregate purchase price (which shall equal the product of such number of Shares subject to such Options multiplied by the applicable Exercise Price) by certified or bank check or such other instrument or process as the Committee may permit in its sole discretion. If approved by the Committee, payment in full or in part may be made as follows:

(a)

In the form of unrestricted Shares (by delivery of such Shares or by attestation) already owned by the Participant of the same class as the Common Stock subject to the Option (based on the Fair Market Value of the Common Stock on the date the Option is exercised); *provided, however,* that, in the case of an Incentive Stock Option, the right to make a payment in the form of already owned shares of Common Stock of the same class as the Common Stock subject to the Option may be authorized only at the time the Option is granted;

(b)

To the extent permitted by applicable law, by delivering a properly executed exercise notice to the Company, together with a copy of irrevocable instructions to a broker to deliver promptly to the Company the amount of sale or loan proceeds necessary to pay the purchase price, and, if requested, by the amount of any federal, state, local or foreign withholding taxes. To facilitate the foregoing, the Company may, to the extent permitted by applicable law, enter into agreements for coordinated procedures with one or more brokerage firms; or

(c)

By instructing the Company to withhold a number of such shares having a Fair Market Value (based on the Fair Market Value of the Common Stock on the date the applicable Option is exercised) equal to the product of (A) the Exercise Price multiplied by (B) the number of Shares in respect of which the Option shall have been exercised.

6.7

Delivery; Shareholder Rights. No Shares will be delivered pursuant to the exercise of an Option until the Exercise Price therefor has been fully paid and applicable taxes have been withheld. No

Participant shall have any rights as a shareholder with respect to Shares subject to an Option or a SAR until such Option or SAR is exercised and such Shares are issued.

6.8

Dividends and Dividend Equivalents. Dividends and dividend equivalents shall not be paid or accrued on Options or SARs, and provided further with respect to any Full-Value Grant Award that is subject to Performance Goals, will only be paid to the Participant upon vesting of the underlying Full-Value Grant Award.

ARTICLE VII RESTRICTED STOCK

7.1

Administration. Shares of Restricted Stock are actual Shares issued to a Participant and may be awarded alone or in addition to other Awards granted under this Plan. The Committee may designate Eligible Individuals to whom an Award of Restricted Stock is to be made, will specify the number of Shares covered by such Award, the conditions for vesting, the time or times within which such Awards may be subject to forfeiture and any other terms and conditions of the Awards in the applicable Agreement, in addition to those contained in Section 7.3.

7.2

Awards and Certificates. Awards shall be evidenced in such manner as the Committee may deem appropriate, including book-entry registration or issuance of one or more stock certificates. Any certificate issued in respect of Restricted Stock shall be registered in the name of such Participant and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award, substantially in the following form:

"The transferability of this certificate and the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) of the SCBT 2012 Stock Incentive Plan and the applicable Agreement, dated as of _____, _____. Copies of such Plan and Agreement are on file at the offices of SCBT, 520 Gervais St., Columbia, SC 29201."

7.3

Terms and Conditions. Shares or Restricted Stock shall be subject to the following terms and conditions:

(a)

The Committee shall, prior to or at the time of grant, condition (A) the vesting of an Award of Restricted Stock upon the continued service of the applicable Participant, or (B) the grant or vesting of an Award of Restricted Stock upon the attainment of Performance Goals or the attainment of Performance Goals and the continued service of the applicable Participant. In the event that the Committee conditions the grant or vesting of an Award of Restricted Stock upon the attainment of Performance Goals or the attainment of Performance Goals and the continued service of the applicable Participant, the Committee may, prior to or at the time of grant, designate an Award of Restricted Stock as a Qualified Performance-Based Award. The conditions for grant or vesting and the other provisions of Restricted Stock Awards (including without limitation any applicable Performance Goals) need not be the same with respect to each Participant.

(b)

Subject to the provisions of this Plan and the applicable Agreement, during the period, if any, set by the Committee, commencing with the Date of Grant of such Restricted Stock Award for which such vesting restrictions apply (the "*Restriction Period*"), and until the expiration of the Restriction Period, the Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber Shares of Restricted Stock.

(c)

Subject to the provisions of the applicable Agreement, if and when any applicable Performance Goals are satisfied and the Restriction Period expires without a prior forfeiture of the Shares of Restricted Stock for which legended certificates have been issued, unlegended certificates for such Shares shall be delivered to the Participant upon surrender of the legended certificates.

7.4

Shareholder Rights. Prior to the time that Shares of Restricted Stock have fully vested and become transferable, a Participant shall have all rights of a shareholder with respect to such Shares of Restricted Stock, including the right to receive dividends (which, with respect to Shares of Restricted Stock that are subject to Performance Goals, will only be paid to the Participant when such Shares of Restricted Stock relating to the dividend vest) and vote the Shares; *provided, however*, that (i) a Participant may not sell, transfer, pledge, exchange, hypothecate, or otherwise dispose of such Shares of Restricted Stock, (ii) the Company shall retain custody of the certificates evidencing such Shares of Restricted Stock, and (iii) the Participant will deliver to the Company a stock power, endorsed in blank, with respect to each Award of Restricted Stock.

**ARTICLE VIII
RESTRICTED STOCK UNITS**

8.1

Award. Restricted stock units and deferred share rights (together, "*Restricted Stock Units*") are awards denominated in Shares that will be settled, subject to the terms and conditions of the Restricted Stock Units, in an amount in cash, Shares, or a combination of both, based upon the Fair Market Value of a specified number of Shares.

8.2

Terms and Conditions. Restricted Stock Units shall be subject to the following terms and conditions:

(a)

The Committee shall, prior to or at the time of grant, condition (A) the vesting of Restricted Stock Units upon the continued service of the applicable Participant, or (B) the grant or vesting of Restricted Stock Units upon the attainment of Performance Goals or the attainment of Performance Goals and the continued service of the applicable Participant. In the event that the Committee conditions the grant or vesting of Restricted Stock Units upon the attainment of Performance Goals or the attainment of Performance Goals and the continued service of the applicable Participant, the Committee may, prior to or at the time of grant, designate the Restricted Stock Units as a Qualified Performance-Based Award. The conditions for grant or vesting and the other provisions of Restricted Stock Units (including without limitation any applicable Performance Goals) need not be the same with respect to each Participant. An Award of Restricted Stock Units shall be settled as and when the Restricted Stock Units vest, or at a later time specified by the Committee in the applicable Agreement, or, if the Committee so permits, in accordance with an election of the Participant.

(b)

Subject to the provisions of this Plan and the applicable Agreement, during the Restriction Period, if any, set by the Committee, the Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber Restricted Stock Units.

8.3

Shareholder Rights. A Participant who has received an Award of Restricted Stock Units shall have no rights as a shareholder with respect to such Restricted Stock Units. However, an Agreement with respect to Restricted Stock Units may provide for the crediting of a Participant's Restricted Stock Unit account with cash or stock dividends declared with respect to the Common Stock represented by such Restricted Stock Unit.

**ARTICLE IX
PERFORMANCE UNITS**

Performance Units may be issued hereunder to Eligible Individuals, for no cash consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under this Plan. The Performance Goals to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Unit. The Committee may, in connection with the grant of Performance Units, designate them as Qualified Performance-Based Awards. The conditions for grant or vesting and the other provisions of Performance Units (including without limitation any applicable Performance Goals) need not be the same with respect to each recipient. Performance Units may be paid in cash, Shares, other property or any combination thereof, in the sole discretion of the Committee as set forth in the applicable Agreement. The maximum value of the property, including cash, that may be paid or distributed to any Participant pursuant to a grant of Performance Units made in any one calendar year shall be \$2,500,000.

**ARTICLE X
OTHER STOCK-BASED AWARDS; CASH AWARDS**

10.1 *Other Stock-Based Awards.* Other Stock-Based Awards may be granted either alone or in conjunction with other Awards granted under this Plan.

10.2 *Cash Awards.* The Committee may grant cash awards ("Cash Awards") to any Participant. The Committee shall determine the terms and conditions of such Cash Awards, including, without limitation, performance criteria which must be satisfied and the applicable Performance Period, if any. The maximum value of Cash Awards that may be paid or payable to any Participant in one calendar year shall be \$2,500,000.

**ARTICLE XI
ADJUSTMENT UPON CHANGE IN COMMON STOCK**

11.1 *Adjustment.* In the event of a merger, consolidation, acquisition of property or shares, stock rights offering, liquidation, disposition for consideration of the Company's direct or indirect ownership of a Subsidiary (including by reason of a Disaffiliation), or similar event affecting the Company or any of its Subsidiaries (each, a "*Corporate Transaction*"), the Committee or the Board may in its discretion make such substitutions or adjustments as it deems appropriate and equitable to (a) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under this Plan; (b) the various maximum limitations set forth in Article V upon certain types of Awards and upon the grants to individuals of certain types of Awards; (c) the number and kind of Shares or other securities subject to outstanding Awards; and (d) the Exercise Price of outstanding Awards. In the event of a stock dividend, stock split, reverse stock split, reorganization, share combination, or recapitalization or similar event affecting the capital structure of the Company, or a Disaffiliation, separation or spinoff, in each case without consideration, or other extraordinary dividend of cash or other property to the Company's shareholders (each, a "*Share Change*"), the Committee or the Board shall make such substitutions or adjustments as it deems appropriate and equitable to (i) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under this Plan; (ii) the various maximum limitations set forth in Article V upon certain types of Awards and upon the grants to individuals of certain types of Awards; (iii) the number and kind of Shares or other securities subject to outstanding Awards; and (iv) the Exercise Price of outstanding Awards. In the case of Corporate Transactions, such adjustments may include, without limitation, (A) the cancellation of outstanding Awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Awards, as determined by the

Committee or the Board in its sole discretion (it being understood that in the case of a Corporate Transaction with respect to which shareholders of Common Stock receive consideration other than publicly traded equity securities of the ultimate surviving entity, any such determination by the Committee that the value of an Option or SAR shall for this purpose be deemed to equal the excess, if any, of the value of the consideration being paid for each Share pursuant to such Corporate Transaction over the Exercise Price of such Option or SAR shall conclusively be deemed valid); (B) the substitution of other property (including, without limitation, cash or other securities of the Company and securities of entities other than the Company) for the Shares subject to outstanding Awards; and (C) in connection with any Disaffiliation, arranging for the assumption of Awards, or replacement of Awards with new awards based on other property or other securities (including, without limitation, other securities of the Company and securities of entities other than the Company), by the affected Subsidiary or division or by the entity that controls such Subsidiary or division following such Disaffiliation (as well as any corresponding adjustments to Awards that remain based upon Company securities). The Committee may adjust the Performance Goals applicable to any Awards to reflect any unusual or non-recurring events and other extraordinary items, impact of charges for restructurings, discontinued operations, and the cumulative effects of accounting or tax changes, each as defined by generally accepted accounting principles or as identified in the Company's financial statements, notes to the financial statements, management's discussion and analysis or other the Company's filings with the Securities and Exchange Commission, provided that in the case of Performance Goals applicable to any Qualified Performance-Based Awards, such adjustment does not violate Section 162(m) of the Code.

11.2

Section 409A of the Code; Incentive Stock Options. Notwithstanding the foregoing: any adjustments made pursuant to Section 11.1 to (a) Incentive Stock Options shall be made in accordance with Section 424(h) of the Code unless the Committee determines otherwise; (b) Awards that are considered "deferred compensation" within the meaning of Section 409A of the Code shall be made in compliance with the requirements of Section 409A of the Code; and (c) Awards that are not considered "deferred compensation" subject to Section 409A of the Code shall be made in such a manner as intended to ensure that after such adjustments, either (i) the Awards continue not to be subject to Section 409A of the Code or (ii) there does not result in the imposition of any penalty taxes under Section 409A of the Code in respect of such Awards.

ARTICLE XII
QUALIFIED PERFORMANCE-BASED AWARDS;
SECTION 16(B)

12.1

The provisions of this Plan are intended to ensure that all Options and SARs granted hereunder to any Participant who is or may be a "covered employee" (within the meaning of Section 162(m)(3) of the Code) in the tax year in which such Option or SAR is expected to be deductible to the Company qualify for the Section 162(m) Exemption, and, unless otherwise determined by the Committee, all such Awards shall therefore be considered Qualified Performance-Based Awards and this Plan shall be interpreted and operated consistent with that intention (including, without limitation, to require that all such Awards be granted by a committee composed solely of members who satisfy the requirements for being "outside directors" for purposes of the Section 162(m) Exemption ("*Outside Directors*")). When granting any Award other than an Option or SAR, the Committee may designate such Award as a Qualified Performance-Based Award, based upon a determination that (i) the recipient is or may be a "covered employee" (within the meaning of Section 162(m)(3) of the Code) with respect to such Award, and (ii) the Committee wishes such Award to qualify for the Section 162(m) Exemption, and the terms of any such Award (and of the grant thereof) shall be consistent with

such designation (including, without limitation, that all such Awards be granted by a committee composed solely of Outside Directors). To the extent required to comply with the Section 162(m) Exemption, no later than 90 days following the commencement of a Performance Period or, if earlier, by the expiration of 25% of a Performance Period, the Committee will designate one or more Performance Periods, determine the Participants for the Performance Periods and establish the Performance Goals for the Performance Periods.

- 12.2 Each Qualified Performance-Based Award (other than an Option or SAR) shall be earned, vested and/or payable (as applicable) upon the achievement of one or more Performance Goals, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate.
- 12.3 The full Board shall not be permitted to exercise authority granted to the Committee to the extent that the grant or exercise of such authority would cause an Award designated as a Qualified Performance-Based Award not to qualify for, or to cease to qualify for, the Section 162(m) Exemption.
- 12.4 The provisions of this Plan are intended to ensure that no transaction under this Plan is subject to (and not exempt from) the short-swing recovery rules of Section 16(b) of the Exchange Act ("*Section 16(b)*"). Accordingly, the composition of the Committee shall be subject to such limitations as the Board deems appropriate to permit transactions pursuant to this Plan to be exempt (pursuant to Rule 16b-3 promulgated under the Exchange Act) from Section 16(b), and no delegation of authority by the Committee shall be permitted if such delegation would cause any such transaction to be subject to (and not exempt from) Section 16(b).

**ARTICLE XIII
COMPLIANCE WITH LAW AND
APPROVAL OF REGULATORY BODIES**

No Award shall be exercisable, no Common Stock shall be issued, no certificates for Shares shall be delivered, and no payment shall be made under this Plan except in compliance with all applicable Federal and state laws and regulations (including, without limitation, withholding tax requirements) and the rules of any Applicable Exchange. The Company may rely on an opinion of its counsel as to such compliance. Any share certificate issued to evidence Common Stock for which an Award is exercised or issued may bear such legends and statements as the Committee may deem advisable to assure compliance with Federal and state laws and regulations. No Award shall be exercisable (to the extent applicable), no Common Stock shall be issued, no certificate for Shares shall be delivered, and no payment shall be made under this Plan until the Company has obtained such consent or approval as the Committee may deem advisable from regulatory bodies having jurisdiction over such matters.

**ARTICLE XIV
GENERAL PROVISIONS**

- 14.1 *Limitations on Participant Rights.* Neither a Participant nor any other person shall, by reason of participation in the Plan, acquire any right in or title to any assets, funds or property of the Company or any Subsidiary whatsoever, including, without limitation, any specific funds, assets, or other property which the Company or any Subsidiary, in its sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to the Common Stock or amounts, if any, payable under the Plan, unsecured by any assets of the Company or any Subsidiary, and nothing contained in the Plan shall constitute a guaranty that the assets of the Company or any Subsidiary shall be sufficient to pay any benefits to any person. The Plan does not constitute a contract of employment, and selection as a Participant shall not give such Participant the right to be retained in the employ of the Company or any Subsidiary,

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

nor any right or claim to any benefit under the Plan, unless such right or claim has specifically accrued under the terms of the Plan.

14.2

Tax Withholding. All issuances, payments and distributions under the Plan are subject to withholding of all applicable taxes, and the Committee may condition the delivery of any shares or other benefits under the Plan on satisfaction of applicable withholding obligations. The Committee, in its discretion, and subject to such requirements as the Committee may impose prior to the occurrence of such withholding, may permit such withholding obligations to be satisfied through cash payment by the Participant, through the surrender of Shares which the Participant already owns, or through the surrender of Shares to which the Participant is otherwise entitled under the Plan.

14.3

Unfunded Plan. No Award issued or made hereunder, to the extent it requires the payment of cash, shall be required to be funded prior to being due and payable, and the Company shall not be required to segregate any assets that may at any time be represented by an Award under this Plan.

14.4

Change of Control. Unless otherwise determined by the Committee, immediately prior to consummation of a Change of Control, (i) all outstanding Options and SARs shall become fully vested and exercisable and (ii) all restrictions on any Restricted Stock, Restricted Stock Units, Cash Awards or Other Stock-Based Awards that are not subject to Performance Goals shall lapse, and such Awards shall become free of all restrictions and become fully vested and transferable to the full extent of the original grant and (iii) all restrictions on any Restricted Stock, Restricted Stock Units, Cash Awards or Other Stock-Based Awards that are subject to Performance Goals shall lapse, and such Awards shall become free of all restrictions and become fully vested and transferable, in each case, to the extent set forth in the applicable Agreement. The Committee shall, in its sole and absolute discretion, establish such terms and conditions as may be required to permit a Participant to exercise an Option or SAR that shall terminate in connection with a Change of Control.

14.5

Rules of Construction. Headings are given to the articles and sections of this Plan for ease of reference. The reference to any statute, regulation, or other provision of law shall be construed to refer to any amendment to or successor of such provision of law.

14.6

Amendment. The Board or the Committee may amend or terminate this Plan at any time and from time to time; *provided, however,* that no amendment may become effective until shareholder approval is obtained if (a) the amendment would permit the Company to reprice any outstanding Option or SAR (by reducing the Exercise Price thereof or canceling such Award in exchange for cash, other Awards or Options or SAR with an Exercise Price that is less than the Exercise Price of the pre-cancellation Option or SAR) (b) such approval is required by applicable law or the listing standards of the Applicable Exchange as in effect as of or after the date hereof, (c) the amendment materially increases the aggregate number of Shares that may be issued pursuant to Awards, (d) the amendment materially increases the benefits to Participants under the Plan, or (e) the amendment materially changes the class of Eligible Individuals. In addition, no amendment of this Plan may become effective until shareholder approval is obtained if such approval is required by the rules and regulations of the stock exchange or market on which Shares are then traded or by applicable law (including the Code). No amendment shall, without a Participant's consent, adversely affect any rights of such Participant under any Award outstanding at the time such amendment is made, except such an amendment made to comply with applicable law, including without limitation Section 409A of the Code, to qualify for the exemption provided by Rule 16b-3, Applicable Exchange listing requirements, accounting rules or to qualify for the exemption provided by Rule 16b-3. No amendment shall be made if it would disqualify Awards under the Plan from the exemption provided by Rule 16b-3. The Committee

Edgar Filing: SCBT FINANCIAL CORP - Form DEF 14A

may amend the terms of any Award theretofore issued under this Plan, prospectively or retrospectively, and include in such amendment the right of the Company to pay a Participant cash in lieu of shares of Common Stock upon the termination (by exercise or otherwise) or settlement of an Award, but no such amendment shall impair the rights of any Participant without the Participant's consent except such an amendment made to cause the Plan, or any Award, to qualify for the exemption provided by Rule 16b-3.

14.7

Effective Date. The Plan shall become effective when adopted by the Board, but the effectiveness of each Award made or issued prior to the approval of this Plan by the Company's shareholders shall be contingent on such shareholder approval. Additionally, no Incentive Stock Option shall be deemed to have been granted unless and until this Plan is approved by the Company's shareholders.

14.8

Governing Law and Interpretation. The Plan and all Awards made and actions taken thereunder shall be governed by and construed in accordance with the laws of the State of South Carolina, without reference to principles of conflict of laws.

14.9

Duration of Plan. No Award may be issued under this Plan before April 24, 2012, or after April 24, 2022 (the "*Expiration Date*"). All Awards outstanding as of the Expiration Date shall continue to have full force and effect in accordance with the provisions of this Plan and the documents evidencing such Awards.

14.10

Section 409A of the Code. The Plan is intended to comply with the requirements of Section 409A of the Code or an exemption or exclusion therefrom and, with respect to amounts that are subject to Section 409A of the Code, it is intended that this Plan be administered in all respects in accordance with Section 409A of the Code. Each payment under any Award shall be treated as a separate payment for purposes of Section 409A of the Code. In no event may a Participant, directly or indirectly, designate the calendar year of any payment to be made under any Award. Notwithstanding any provision of this Plan or any Agreement to the contrary, in the event that a Participant is a "specified employee" within the meaning of Section 409A of the Code (as determined in accordance with the methodology established by the Company), amounts that constitute "nonqualified deferred compensation" within the meaning of Section 409A of the Code that would otherwise be payable during the six-month period immediately following a Participant's "separation from service" shall instead be paid or provided on the first business day following the date that is six months following the Participant's "separation from service." If the Participant dies following the "separation from service" and prior to the payment of any amounts delayed on account of Section 409A of the Code, such amounts shall be paid to the personal representative of the Participant's estate within 30 days following the date of the Participant's death.
