INTERNET AVAILABILITY

We are taking advantage of the Securities and Exchange Commission rules that allow companies to furnish proxy materials to their stockholders through the Internet. This Proxy Statement and our 2012 Annual Report on Form 10-K are available at <http://viewproxy.com/formfactor/2013/>. We believe these rules allow us to provide you with the information you need while lowering the costs of delivery and reducing the environmental impact of the Annual Meeting. On or about April 12, 2013, we mailed to stockholders on the record date a Notice Regarding the Availability of Proxy Materials (the "Notice"). If you received a Notice by mail, you will not receive a printed copy of the proxy materials, unless you specifically request one. Instead, the Notice instructs you on how to access and review all of the important information contained in this Proxy Statement and in our 2012 Annual Report on Form 10-K (which we posted on the Internet on the same date), as well as how to submit your proxy over the Internet. If you received the Notice and would still like to receive a printed copy of our proxy materials, you may request a printed copy of the proxy materials by following the instructions on the Notice.

The specific proposals to be considered and acted upon at the Annual Meeting are:

Proposal No. 1 Election of two Class I directors to our Board of Directors, each to serve on our Board for a term of three years or until his successor has been elected and qualified or until his earlier death, resignation or removal. The director nominees are: Lothar Maier and Michael Zellner;

Proposal No. 2 Advisory approval of the company's executive compensation;

Proposal No. 3 Ratification of the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2013.

We will also consider any other matters that are properly presented for a vote at the Annual Meeting. As of April 12, 2013, we are not aware of any other matters to be submitted for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, the persons named in the enclosed proxy card or voting instruction form will vote the shares they represent using their best judgment.

Q: What do I need to bring with me to attend the Annual Meeting?

A:

If you are a stockholder of record of shares of our common stock, please bring photo identification with you. If you are a beneficial owner of shares of our common stock held in "street name," please bring photo identification and the "legal proxy," which is described below under the question "If I am a beneficial owner of shares held in 'street name,' how do I vote?", or other evidence of stock ownership (e.g., most recent account statement) with you. If you do not provide photo identification or if applicable, evidence of stock ownership, you will not be admitted to the Annual Meeting.

QUESTIONS AND ANSWERS REGARDING VOTING AND ANY PROXY SOLICITATION

Q: Who can vote at the Annual Meeting?

A:

Only stockholders of record of our common stock at the close of business on March 28, 2013, which is the record date, are entitled to notice of, and to vote at, the Annual Meeting. If you own shares of FormFactor common stock as of the record date, then you can vote at the Annual Meeting. At the close of business on the record date, we had 53,941,978 shares of our common stock outstanding and entitled to vote, which were held by 296 stockholders of record.

Table of Contents

Q: How many votes am I entitled per share of common stock?

A:

Holders of our common stock are entitled to one vote for each share held as of the record date.

Q: What is the difference between holding FormFactor shares as a stockholder of record and a beneficial owner?

A:

Most of our stockholders hold their shares of our common stock as a beneficial owner through a broker, bank or other nominee in "street name" rather than directly in their own name. As summarized below, there are some important distinctions between shares held of record and those owned beneficially in "street name."

Stockholder of Record: If your shares of our common stock are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the stockholder of record with respect to those shares, and we delivered the Notice of Internet Availability of Proxy Materials directly to you. As the stockholder of record, you have the right to vote your shares in person or by proxy at the Annual Meeting.

Beneficial Owner: If your shares of our common stock are held in an account with a broker, bank or other nominee, you are considered the beneficial owner of those shares held in "street name," and the broker, bank or other nominee holding your shares on your behalf delivered the Notice of Internet Availability of Proxy Materials to you. The nominee holding your shares is considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to direct your broker, bank or other nominee how to vote your shares being held by them.

Q: If I am a stockholder of record of FormFactor shares, how do I vote?

A:

Voting by Internet. You can vote through the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials that you received. Go to <http://viewproxy.com/formfactor/2013/>, follow the instructions on the screen to log in, make your selections as instructed and vote.

Voting by Mail. You can vote by mail by requesting a printed set of the proxy materials, which will contain a proxy card, and then completing, dating, signing and returning the proxy card in the postage-paid envelope (to which no postage need be affixed if mailed in the United States) accompanying the proxy card.

Voting in Person. If you plan to attend the Annual Meeting and vote in person, we will give you a proxy card at the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you also to vote by Internet or mail as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

Q: If I am a beneficial owner of shares held in "street name," how do I vote?

A:

Voting by Internet. You can vote through the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials that you received. Go to <http://viewproxy.com/formfactor/2013/>, follow the instructions on the screen to log in, make your selections as instructed and vote.

Voting by Mail. You can vote by mail by requesting a printed set of the proxy materials, which will contain a voting instruction form, and by completing, dating, signing and returning the voting instruction form in the postage-paid envelope (to which no postage need be affixed if mailed in the United States) accompanying the voting instruction form.

Table of Contents

Voting in Person. If you plan to attend the Annual Meeting and vote in person, you must obtain a "legal proxy" giving you the right to vote the shares at the Annual Meeting from the broker, bank or other nominee that holds your shares. Even if you plan to attend the Annual Meeting, we recommend that you also vote by Internet or mail as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

Q: What if I submit a proxy but I do not give specific voting instructions?

A:

Stockholder of Record: If you are a stockholder of record of shares of our common stock and if you indicate when voting through the Internet that you wish to vote as recommended by our Board of Directors, or if you sign and return a proxy without giving specific voting instructions, then the proxy holders designated by our Board, who are officers of our company, will vote your shares FOR the Class I nominees for director, FOR advisory approval of the Company's executive compensation, and FOR the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2013, all as recommended by our Board of Directors and as presented in this Proxy Statement.

Beneficial Owner: If you are a beneficial owner of shares of our common stock held in "street name" and do not present the broker, bank or other nominee that holds your shares with specific voting instructions, then the nominee may generally vote your shares on "routine" proposals but cannot vote on your behalf for "non-routine" proposals under the rules of various securities exchanges. If you do not provide specific voting instructions to the nominee that holds your shares with respect to a non-routine proposal, the nominee will not have the authority to vote your shares on that proposal. When a broker indicates on a proxy that it does not have authority to vote shares on a particular proposal, the missing votes are referred to as "broker non-votes."

Q: Which ballot measures are considered "routine" or "non-routine"?

A:

The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal 2013 (Proposal No. 3) is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal No. 3. The election of directors (Proposal No. 1) and the advisory approval of the company's executive compensation (Proposal No. 2) are matters considered non-routine under applicable rules. A bank, broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal Nos. 1 and 2.

Q: What is the quorum requirement for the Annual Meeting?

A:

A quorum is required for our stockholders to conduct business at the Annual Meeting. A majority of the outstanding shares of our common stock entitled to vote on the record date must be present in person or represented by proxy at the Annual Meeting in order to hold the meeting and conduct business. We will count your shares for purposes of determining whether there is a quorum if you are present in person at the Annual Meeting, if you have voted through the Internet, if you have voted by properly submitting a proxy card or if the nominee holding your shares submits a proxy card. We will also count broker non-votes for the purpose of determining if there is a quorum.

Table of Contents

Q: What is the voting requirement to approve each of the proposals?

A:

For Proposal No. 1, the two Class I directors will be elected by a plurality of the votes cast by the holders of shares of our common stock entitled to vote who are present in person or represented by proxy at the Annual Meeting. You may not cumulate votes in the election of directors.

Approval of Proposal No. 2 requires the affirmative vote of a majority of the votes cast by the holders of shares of our common stock entitled to vote that are present in person or represented by proxy at the Annual Meeting.

Approval of Proposal No. 3 requires the affirmative vote of a majority of the votes cast by the holders of shares of our common stock entitled to vote that are present in person or represented by proxy at the Annual Meeting.

The effectiveness of any of the proposals is not conditioned upon the approval by our stockholders of any other proposal by our stockholders.

Q: How are abstentions treated?

A:

Abstentions are counted for the purposes of determining whether a quorum is present at the Annual Meeting. Abstentions will not be counted either in favor of or against any of the proposals.

Q: Can I change my vote or revoke my proxy after I have voted?

A:

You may change your vote or revoke your proxy at any time before the final vote at the Annual Meeting. You may vote again on a later date (a) through the Internet (only your latest Internet proxy submitted prior to the Annual Meeting will be counted), (b) by signing and returning a new proxy card with a later date if you are a stockholder of record, or (c) by attending the Annual Meeting and voting in person if you are a stockholder of record or if you are a beneficial owner and have obtained a proxy from the nominee holding your shares giving you the right to vote your shares. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the Annual Meeting or specifically request in writing that your prior proxy be revoked.

Q: What happens if there are insufficient votes in favor of the proposals?

A:

In the event that sufficient votes in favor of the proposals are not received by the date of the Annual Meeting, the proxy holders, who are officers of our company, may propose one or more adjournments of the Annual Meeting to permit further solicitations of proxies. Any such adjournment would require the affirmative vote of holders of the majority of the shares of common stock present in person or represented by proxy at the Annual Meeting.

Q: What happens if additional matters are presented at the Annual Meeting?

A:

Other than Proposal Nos. 1, 2 and 3, we are not aware of any other matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the proxy holders, who are officers of our company, will have the authority in their discretion to vote your shares on any other matters that are properly presented for a vote at the Annual Meeting. If for any reason any of the Class I nominees are not available as a candidate for director, the proxy holders will vote your proxy for such other candidate or candidates as may be recommended by our Board of Directors.

Table of Contents

Q: Is my vote confidential?

A:

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within our company or to third parties, except (a) as necessary to meet applicable legal requirements, (b) to allow for the tabulation and certification of votes, and (c) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy cards, which we may forward to our company's Corporate Secretary.

Q: Who is paying for the cost of this proxy solicitation?

A:

We will pay the entire cost for soliciting proxies to be voted at the Annual Meeting. We will pay brokers, banks and other nominees representing beneficial owners of shares of our common stock held in "street name" certain fees associated with delivering the Notice of Internet Availability of Proxy Materials, delivering printed proxy materials by mail to beneficial owners who request them and obtaining beneficial owners' voting instructions. In addition, our directors, officers and employees may also solicit proxies on our behalf by mail, telephone or in person. We will not pay any compensation to our directors, officers and employees for their proxy solicitation efforts, but we may reimburse them for reasonable out-of-pocket expenses in connection with any solicitation.

QUESTIONS AND ANSWERS REGARDING THE VOTING RECOMMENDATIONS OF FORMFACTOR'S BOARD OF DIRECTORS AND VOTING RESULTS

Q: What are the voting recommendations of our Board of Directors?

A:

Our Board of Directors recommends a vote FOR each of Proposal Nos. 1, 2 and 3. Specifically, our Board recommends a vote:

FOR the election of Lothar Maier and Michael Zellner to our Board of Directors as Class I directors;

FOR the advisory approval of company's executive compensation;

FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm for fiscal year 2013.

Q: Where can I find the voting results of the Annual Meeting?

A:

We intend to announce the voting results at the Annual Meeting and to report the results on a Form 8-K that we file with the U.S. Securities and Exchange Commission.

Table of Contents**PROPOSAL NO. 1****ELECTION OF CLASS I DIRECTORS**

The first proposal is to elect two Class I directors to our Board of Directors. The Class I nominees are Lothar Maier and Michael Zellner, who are both current directors of FormFactor. Maier and Zellner, unless otherwise instructed. Proxies may not be voted for more than two directors. Stockholders may not cumulate votes in the election of directors. Board Leadership Structure

The company separates the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. Board's Role in Risk Oversight

The Board exercises its risk oversight function both directly and indirectly through its various committees. The Board reviews and approves the company's annual strategic plan. At its meetings, it receives reports of the chairpersons of each of its committees, of the Chief Executive Officer, of the Chief Financial Officer, and of other operational aspects of the company, such as manufacturing and sales and marketing.

As prescribed in its charter, the Audit Committee oversees the company's accounting and financial reporting processes and audits of the company's financial statements, including oversight of the company's systems of internal controls and disclosure controls and procedures, compliance with legal and regulatory requirement, internal audit function and the appointment, compensation and evaluation of the company's independent auditors. Our directors, officers and employees are also subject to our Statement of Policy Regarding Insider Trading and our Statement of Policy Regarding Related Person Transactions. We provide training to our employees regarding our codes and various company policies, which all employees are required to complete. In addition, we have adopted a Statement of Policy Regarding Corporate Code Violations (Complaints, Concerns and Whistleblowers) that is designed to ensure that all of our directors, officers and employees observe high standards of personal and business ethics consistent with the Code of Business Conduct, the Code of Ethics and our other company policies, and to provide a forum to which our directors, officers and employees may report violations or suspected violations of our company policies without fear of harassment, retaliation or adverse employment consequences. In addition, we have adopted Governance Guidelines, which identify various corporate policies and practices we have implemented. Stock Ownership Guidelines

In an effort to more closely align the company's non-management directors' and executives' financial interests with those of our stockholders, the Board of Directors has established stock ownership guidelines for non-management directors and executive officers. Our Corporate Governance Guidelines state that (i) each independent director should hold at least the greater of (a) 5,000 shares or (b) shares equal in value to three times the annual cash retainer for service as a director; (ii) the chief executive officer of the company shall hold at least the greater of (a) 10,000 shares or (b) shares equal in value to three times the chief executive officer's annual base salary; and (iii) each "executive officer" other than the chief executive officer of the company (as determined by the Board) should hold at least the greater of (a) 10,000 shares or (b) shares equal in value to two times the executive officer's annual base salary. Shares counted for this purpose shall include shares owned by the director or executive officer, shares owned jointly with, or separately by spouse and/or minor children, including shares held in trusts, and vested, unreleased restricted stock units. Beginning April 2011, members of the Board and executive officers have five years to meet these ownership guidelines. On a going forward basis, new Board members will have five years, and new executive officers will have five years, from the time they become Board members or executive officers, as applicable, to meet the ownership guidelines. In the event the requisite number of shares is increased by the Board after April 2011, Board members and executive officers, as applicable, will have the later of (i) three years from the time of the increase, or (ii) five years from April 2011, to acquire any additional shares needed to meet such revised guidelines.

As of December 29, 2012, two of our directors, Messrs. DeLateur and Everett have met these stock ownership guidelines and the remaining directors are within the required time period(s) to meet these guidelines.

Director Compensation

The form and amount of compensation paid to our non-executive directors for serving on our Board and its committees is designed to be competitive in light of industry practices and the obligations imposed by such service. In order to align the long-term interests of our directors with those of our stockholders, a portion of director compensation is provided in equity-based compensation. The value of total annualized compensation of our non-executive directors is targeted to be at approximately the median of our peer group of companies, which is described below under the "Compensation Discussion and Analysis" section in this Proxy Statement. The compensation practices of this peer group of companies were the benchmark used when considering the competitiveness of our independent director compensation in fiscal year 2012. Our independent outside compensation consultant, Radford, an Aon Consulting Company, or Radford, collected and developed the competitive data and analyses for benchmarking independent director compensation.

The following table presents the compensation earned or paid to our non-executive directors for fiscal year 2012. Compensation paid to Mr. St. Dennis for fiscal year 2012 is described under the "Compensation Discussion and Analysis" and "Executive Compensation and Related Information"

In selecting director nominees, our Board of Directors considers candidates based on the need to satisfy the applicable rules and regulations of the SEC and the rules of the NASDAQ Stock Market, including the requirements for independent directors and an audit committee financial expert. Our Board also evaluates candidates by assessing a number of factors, including demonstrated outstanding achievement in the prospective board member's personal career, breadth of experience, soundness of judgment, ability to make independent, analytical inquiries, diversity of viewpoints and experience, and willingness to devote adequate time. The Board of Directors uses the same standards to evaluate nominees proposed by our directors and management and will use the same standards to evaluate nominees, if any, proposed by stockholders, but has no formal policy with respect to consideration of candidates recommended by stockholders.

PROPOSAL NO. 2

ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934, we are requesting your advisory approval of the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the narrative discussion set forth on pages 21 to 34 of this Proxy Statement. This non-binding advisory vote is commonly referred to as a "say on pay" vote. At our 2011 Annual Meeting of Stockholders, our stockholders indicated their preference to hold this non-binding advisory vote annually. The next non-binding advisory vote on executive compensation will occur at our 2014 Annual Meeting of Stockholders.

In 2012, based on business results and consistent with our pay for performance philosophy, we paid annual cash incentives equaling 5.84% of the targeted annual incentive to each of our named executive officers and all other employees participating in this plan. Our actual total direct compensation (base salary, annual cash incentives and grant value of long term equity incentives) for each named executive officer was approximately the 50th percentile of our peer group. In addition, in 2012, we introduced performance based RSU's for at least 50% of the number of awards granted to executives. Consistent with our broader growth objectives while conserving cash, our 2012 executive compensation program was designed to meet the following objectives:

1. Minimizing cash compensation to the extent possible, by avoiding cash-consuming practices such as tax gross-ups, generous severance and retirement packages or guaranteed bonuses;
2. Setting aggressive targets for cash incentive compensation to encourage performance; and
3. Emphasizing equity compensation to align the interests of our named executive officers with those of our stockholders and incentivize them to work toward our turnaround, including by granting performance based restricted stock unit awards.

We encourage you to carefully review the "Compensation Discussion and Analysis" beginning on page 21 of this Proxy Statement for additional details on FormFactor's executive compensation, including FormFactor's compensation philosophy and objectives, as well as the processes our Compensation Committee used to determine the structure and amounts of the compensation of our named executive officers in fiscal year 2012.

We are asking you to indicate your support for the compensation of our named executive officers as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking you to vote "FOR" the approval, on an advisory basis, of the following resolution at the Annual Meeting:

"RESOLVED, that the compensation paid to FormFactor, Inc.'s named executive officers, as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussion set forth on pages 22 to 35 of the Proxy Statement, is hereby approved."

While the results of this advisory approval are not binding, the Compensation Committee will consider the outcome of the vote in deciding whether to take any action as a result of the vote and when making future compensation decisions for named executive officers.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

FISCAL YEAR 2013**

However, our Board of Directors is submitting the selection of KPMG to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify this selection, our Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, our Audit Committee in its discretion may direct the selection of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and stockholders.

Pre-Approval of Audit and Non-Audit Services of Auditor

Our Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Our independent registered public accounting firm and management are required to periodically report to our Audit Committee regarding the extent of services provided by our independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. Our Audit Committee may also pre-approve particular services on a case-by-case basis. All of the services described above with respect to audit fees, audit-related fees and tax fees were pre-approved by our Audit Committee pursuant to its pre-approval policy.

Change in Accountants

As previously disclosed in a Current Report on Form 8-K filed with the SEC on April 8, 2013, on April 2, 2013, we dismissed PwC after reviewing our alternatives, including the continued engagement of PwC.

The audit reports of PwC on the consolidated financial statements of the Company and its subsidiaries as of and for the years December 29, 2012 and December 31, 2011, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. The decision to change accountants was approved by our Audit Committee.

During the two fiscal years ended December 31, 2011 and December 29, 2012 and the subsequent interim period through April 2, 2013, there were no (1) disagreements between us and PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference thereto in their reports on the consolidated financial statements for such years, or (2) "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

On April 5, 2013, our Audit Committee engaged KPMG to serve as our principal independent accountant for the fiscal year ending December 28, 2013, effective immediately.

During the two fiscal years ended December 31, 2011 and December 29, 2012 and the subsequent interim period through April 5, 2013, (i) we did not both (a) consult with KPMG as to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements and (b) receive a written report or oral advice that KPMG concluded was an important factor considered by us in reaching a decision as to such accounting, auditing or financial reporting issue; and (ii) we did not consult KPMG on any matter that was either the subject of a "disagreement," as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a "reportable event," as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

We provided PwC with a copy of the abovementioned Form 8-K and requested PwC to furnish us with a letter addressed to the SEC stating whether it agreed with the above statements. A copy of such letter, dated April 8, 2013, was filed as Exhibit 16.01 to the Form 8-K.

Beneficial Ownership of our Securities

The following table presents information regarding the beneficial ownership of our common stock as of March 28, 2013 for:

each person or entity known by us to own beneficially more than 5% of our common stock;

each of our directors;

each of our named executive officers; and

all of our directors and executive officers as a group.

The percentage of beneficial ownership for the following table is based on 53,941,978 shares of our common stock outstanding as of March 28, 2013. Beneficial ownership is determined under the rules and regulations of the Securities and Exchange Commission and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder has sole or shared voting or investment power. It also includes shares of common stock that the stockholder has a right to acquire within 60 days of March 28, 2013 through the exercise of any option, unit or other right. The percentage ownership of the outstanding common stock, however, is based on the assumption, expressly required by the rules and regulations of the Securities and Exchange Commission, that only the person or entity whose ownership is being reported has exercised options, units or other rights into shares of our common stock.

To our knowledge, except under community property laws or as otherwise noted, the persons named in the table below have sole voting and sole investment power with respect to all equity beneficially owned. Unless otherwise indicated, each director, officer and 5% stockholder listed below maintains a mailing address of c/o FormFactor, Inc., 7005 Southfront Road, Livermore, California 94551.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees FormFactor's accounting and financial reporting processes on behalf of our Board of Directors. FormFactor's management has primary responsibility for the preparation and integrity of our company's consolidated financial statements, for implementing systems of internal control over financial reporting and for other financial reporting-related functions. The company's independent registered public accounting firm for its fiscal 2012, PricewaterhouseCoopers LLP, is responsible for performing an independent audit of FormFactor's consolidated financial statements, expressing an opinion, based upon its audit, as to the conformity of such financial statements with generally accepted accounting principles in the United States and attesting to the effectiveness of FormFactor's internal control over financial reporting.

In discharging its oversight responsibility, the Audit Committee has reviewed and discussed, with our management and PricewaterhouseCoopers LLP, the audited consolidated financial statements of FormFactor as of and for the year ended December 29, 2012, including a discussion of the quality of FormFactor's financial reporting and internal control over financial reporting, as well as the selection, application and disclosure of critical accounting policies. In addition, the Audit Committee has reviewed and discussed the reports of FormFactor's internal audit function and the performance of the internal audit function during fiscal year 2012.

The Audit Committee has discussed with PricewaterhouseCoopers LLP, with and without the company's management present, the matters required to be discussed by Statement on Auditing Standards No. 114, "The Auditor's Communication With Those Charged With Governance," which supersedes Statement on Auditing Standards No. 61 as amended, "Communication with Audit Committees," including the judgment of PricewaterhouseCoopers LLP as to the quality of our company's financial reporting, effectiveness of internal control over financial reporting and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee also discussed with PricewaterhouseCoopers LLP the remediated material weakness regarding the failure to maintain effective controls over the valuation of inventory and the related cost of revenues accounts, which was previously identified in our company's internal control over financial reporting, and the remediation steps our company's management took to address the material weakness.

The Audit Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with PricewaterhouseCoopers LLP the independent accountant's independence.

Based on the above-mentioned reviews and discussions, the Audit Committee has recommended to our Board of Directors that FormFactor's consolidated financial statements as of and for the year ended December 29, 2012 be included in the company's Annual Report on Form 10-K for the year ended December 29, 2012.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This compensation discussion and analysis describes and analyzes FormFactor's compensation program for its named executive officers. FormFactor's named executive officers for fiscal year 2012 include our Chief Executive Officer or CEO, Chief Financial Officer or CFO, and our Senior Vice President, General Counsel.

Executive Summary

Compensation Governance

Perquisites. There were no special benefits, perquisites or tax gross-ups for our named executive officers.

Independence. The Compensation Committee is comprised solely of independent directors. Additionally, the Compensation Committee's independent compensation consultant is retained directly by the Compensation Committee and performs no other services for our company's management. No work performed by our independent compensation consultant in 2012 raised a conflict of interest.

Stock Ownership Guidelines have been adopted for our named executive officers and directors.

Hedging. Our insider trading policy prohibits hedging of company stock or the use of company stock as collateral of any loan.

Clawback Policy. The Compensation Committee has approved a clawback policy that will comply with the applicable sections of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Repricing. Our Equity Incentive Plan, as amended, prohibits repricings without the approval of stockholders.

Risk Analysis. Compensation programs are structured to avoid inappropriate risk taking by our executives, and all employees, by having the appropriate pay philosophy, peer group and market positioning to support reasonable business objectives. As a result, the Compensation Committee and its independent consultant have concluded that the risks arising from our company's employee compensation program are reasonable, in the best interest of our stockholders, and not likely to have a material adverse effect on our company.

Executive Compensation Philosophy. The Compensation Committee of our Board of Directors oversees our company's executive compensation program and ensures that our named executive officers are compensated in a manner consistent with our business strategy, competitive market practice, sound corporate governance principles and stockholder interests. The core of our executive compensation philosophy is to pay-for-performance.

In determining executive compensation for fiscal year 2012, the Compensation Committee considered the stockholder support for the "Say on Pay" proposals from our meeting of stockholders in 2011 and 2012. As a result the Compensation Committee continued to apply the same effective principles and philosophy it had used in previous years in determining executive compensation and will continue to consider stockholder concerns and feedback in the future. Our Compensation Committee did, in consultation with our independent compensation consultant, reduce the target bonuses of two of our three named executive officers. See also "Fiscal 2013 Compensation Approach", below, for a description of additional employee compensation principles.

Table of Contents

Elements of Executive Compensation. The three major elements of our executive compensation program for fiscal year 2012 were:

base salary targeted at approximately the median 60th percentile of our peer companies;

semi-annual performance-based cash incentive award target levels are such that target total cash compensation is targeted between the 60th 75th percentiles of our peer companies, based on performance; and

long-term, performance-based equity incentive awards targeted between the median and 75th percentile of our peer companies, based on performance.

Fiscal Year 2012 Performance and Executive Compensation. During fiscal year 2012, we saw revenues increase from fiscal year 2011. Revenues for fiscal year 2012 were \$178.5 million, an increase of 5% from \$169.3 million in fiscal year 2011. This increase in revenues is attributable to our acquisition of MicroProbe in the fourth quarter of fiscal 2012. Absent the acquisition, fiscal 2012 revenues would have decreased 6% compared to fiscal 2011 due to continued deteriorating conditions in the DRAM industry. Due to continued improvement in execution, the continued reduction of our operating structure and a \$25.5 million tax benefit resulting from the acquisition of MicroProbe, loss on a GAAP basis for fiscal year 2012 was down to \$35.5 million compared to a net loss for fiscal year 2011 of \$66.0 million. In addition, the new management team continues to lead the company to develop new products, improve business execution and focus on achieving profitable growth.

Based on the above performance, we paid annual cash incentives equaling 5.84% of the targeted annual incentive to each of our named executive officers. The actual annual cash incentive paid in 2012 is included under the "Executive Compensation And Related Information Summary Compensation" table under the header "Non-Equity Incentive Plan Compensation". Our Actual Total Direct Cash compensation (base salary and annual cash incentives) for each named executive officer was at approximately the 25th percentile of our peer group for 2012.

Compensation Philosophy and Framework

Compensation Objectives

We are committed to a compensation philosophy that is market-competitive and ensures that our named executive officers and other employees share in our company's success. Our executive compensation plans, policies and programs are designed to achieve three primary objectives:

Attract, retain and motivate highly skilled individuals based upon their contribution to the success of our company, and that of our stockholders,

Drive outstanding achievement of business objectives and reinforce our company's strong pay-for-performance culture, and

Align our named executive officers' interests and value creation opportunities with the long-term interests and value creation opportunities of our stockholders.

Target Pay Position/Mix of Pay

Our compensation program is comprised of a combination of base salary, semi-annual variable pay-for-performance cash incentive payments, and long-term equity grants. Each of these components is discussed in greater detail below under "Compensation Decisions." We target our pay, both for the individual components and in the aggregate, to be competitive with the practices of our peer companies. Our strategy

has been to examine peer group compensation practices, and with an understanding of those practices, create a highly leveraged, variable compensation opportunity for our named executive officers. The Compensation Committee believes this approach best supports the

Table of Contents

pay-for-performance culture, and in turn, the creation of stockholder value. Our emphasis on variable, or at-risk, compensation ensures that our named executive officers, absent retention needs, receive target or above-target compensation only to the extent that our company's performance goals have been achieved or exceeded.

Compensation Benchmarking

The Compensation Committee examines the compensation practices of a peer group of companies, supplemented by various survey data, to assess the competitiveness of all elements of our executive officer compensation programs. In January 2012, the Compensation Committee, with the assistance of its independent compensation consultant, Radford, an Aon Hewitt Company, completed its annual review of our peer group. Based on the Compensation Committee's review and advice of Radford, our updated "core" peer group for fiscal years 2012 consisted of 14 companies for purposes of determining the competitiveness of our named executive officer compensation in 2012.

The 2012 peer companies were selected using the Global Industry Classification Standard codes and the objective criteria shown in the table below:

Global Industry Classification Standard Code	Trailing 12-Months Revenue Range	Market Capitalization Range
Semiconductor 45301020 and Semiconductor equipment 45301010	\$150 million - \$700 million	\$100 million - \$1.5 billion

The companies that were part of our "core" peer group for 2012 include:

ATMI	Cymer	Nanometrics
Axcelis Technologies	Electro Scientific Industries	Photronics
Brooks Automation	Entegris	Rudolph Technologies
Cabot Microelectronics	Emcore	Tessera Technologies
COHU	LTX-Credence	

As explained in "Fiscal 2013 Compensation Approach", below, Radford recommended to the Compensation Committee changes to the objective peer group criteria and, consequently, the Company peer group.

Compensation Decisions

The Compensation Committee retains all rights to determine all matters of executive compensation and benefits, but has delegated, to our Chief Executive Officer and the company's Human Resources department, the responsibility of issuing equity grants to new hires based on a pre-approved schedule and grant guideline.

The independent compensation consultant hired by the Compensation Committee, Radford, is retained directly by the Compensation Committee and currently serves as its independent compensation consultant. Radford worked directly with the Compensation Committee, and not on behalf of our company's management, to provide advice and recommendations on competitive market practices and specific compensation decisions. In 2012, Radford did not provide our company's management with any services. The Compensation Committee determined that their retention of Radford did not raise a conflict of interest.

Table of Contents

Compensation Components

Base Salary

Base salaries are designed to provide market-competitive, fixed compensation, which allows us to attract and retain the highly skilled executive officers required to drive business results and stockholder value.

The Compensation Committee typically reviews base salary rates for our named executive officers annually. Salary rates and any annual adjustments are determined by the Committee based on a number of factors, including level of responsibility, expertise, and experience of the individual, internal equity, individual and company performance, competitive conditions in the industry, and salary norms for individuals in comparable positions at comparable companies. 2012 base salaries for named executive officers were targeted to be between the median and the 60th percentile of our peer group although actual average base salary levels approximate the 25th percentile. The Committee also considers recommendations made by our Chief Executive Officer regarding salary rate adjustments for his direct reports. Discussions regarding the compensation of each named executive officer, including our Chief Executive Officer, are held outside of his presence.

For our named executive officers, and other executive staff, the Compensation Committee approved the reduction of base salaries by 10% effective with the October 18, 2012 payroll. The base salaries for our named executive officers in fiscal year 2012 were as follows:

Named Executive Officer	Position	Annual Base Salary Before October 18, 2012	Annual Base Salary Effective October 18, 2012
--------------------------------	-----------------	---	--
