ABOUT THIS PROSPECTUS SUPPLEMENT

This document is in two parts. The first is this prospectus supplement, which describes the specific terms of this offering. The second part, the accompanying prospectus, gives more general information, some of which may not apply to this offering. This prospectus supplement also adds to, updates and changes information contained in the accompanying prospectus. If the description of the offering varies between this prospectus supplement and the accompanying prospectus, you should rely on the information in this prospectus supplement. The accompanying prospectus is part of a registration statement that we filed with the Securities and Exchange Commission ("SEC") using a shelf registration statement. Under the shelf registration process, from time to time, we may offer and sell debt securities, warrants, common stock, preferred stock or depositary shares, or any combination thereof, in one or more offerings.

It is important that you read and consider all of the information contained in this prospectus supplement and the accompanying prospectus in making your investment decision. You should also read and consider the information in the documents to which we have referred you in "Incorporation by Reference" on page S-v of this prospectus supplement and "Where You Can Find More Information" on page ii of the accompanying prospectus.

In this prospectus supplement, unless otherwise indicated herein or the context otherwise indicates the terms "HCP," "we," "us," "our" and the "Company" refer to HCP, Inc., together with its consolidated subsidiaries, except in the "Description of the Notes" or where it is clear from the context that the terms means only the issuer, HCP, Inc.

CAUTIONARY LANGUAGE REGARDING FORWARD-LOOKING STATEMENTS

Statements in this prospectus supplement and the information incorporated by reference in this prospectus supplement and the accompanying prospectus that are not historical factual statements are "forward-looking statements." We intend to have our forward-looking statements covered by the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with those provisions. Forward-looking statements include, among other things, statements regarding our and our officers' intent, belief or expectation as identified by the use of words such as "may," "will," "project," "expect," "believe," "intend," "anticipate," "seek," "forecast," "plan," "estimate," "could," "would," "should" and other comparable and derivative terms or the negatives thereof. In addition, we, through our officers or otherwise, from time to time, make forward-looking oral and written public statements concerning our expected future operations, strategies, securities offerings, growth and investment opportunities, dispositions, capital structure changes, budgets and other developments. Investors are cautioned that, while forward-looking statements reflect our good faith belief and reasonable assumptions based upon current information, we can give no assurance that our expectations or forecasts will be attained. Therefore, investors should be mindful that forward-looking statements are not guarantees of future performance and that they are subject to known and unknown risks and uncertainties that are difficult to predict. As more fully set forth herein under "Risk Factors" in this prospectus supplement and under "Part I, Item 1A. Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, factors that may cause our actual results to differ materially from the expectations contained in the forward-looking statements include:

changes in global, national and local economic conditions, including a prolonged period of weak economic growth;

volatility or uncertainty in the capital markets, including changes in the availability and cost of capital (impacted by changes in interest rates and the value of our common stock); which may adversely impact our ability to consummate transactions or reduce the earnings from potential transactions;

our ability to manage our indebtedness level and changes in the terms of such indebtedness;

the effect on healthcare providers of recently enacted and pending Congressional legislation addressing entitlement programs and related services, including Medicare and Medicaid, which may result in future reductions in reimbursements;

the ability of our operators, tenants and borrowers to conduct their respective businesses in a manner sufficient to maintain or increase their revenues and to generate sufficient income to make rent and loan payments to us and our ability to recover investments made, if applicable, in their operations;

the financial weakness of some operators and tenants, including potential bankruptcies and downturns in their businesses, which results in uncertainties regarding our ability to continue to realize the full benefit of such operators' and/or tenants' leases;

changes in federal, state or local laws and regulations, including those affecting the healthcare industry that affect our costs of compliance or increase the costs, or otherwise affect the operations of our operators, tenants and borrowers;

the potential impact of future litigation matters, including the possibility of larger than expected litigation costs, adverse results and related developments;

competition for tenants and borrowers, including with respect to new leases and mortgages and the renewal or rollover of existing leases;

Table of Contents

our ability to negotiate the same or better terms with new tenants or operators if existing leases are not renewed or we exercise our right to replace an existing operator or tenant upon default;

availability of suitable properties to acquire at favorable prices and the competition for the acquisition and financing of those properties;

the financial, legal, regulatory and reputational difficulties of significant operators of our properties;

the risk that we may not be able to achieve the benefits of investments within expected time-frames or at all, or within expected cost projections;

the ability to obtain financing necessary to consummate acquisitions on favorable terms;

the risks associated with our investments in joint ventures and unconsolidated entities, including our lack of sole decision making authority and our reliance on our joint venture partners' financial condition and continued cooperation; and

changes in the credit ratings on U.S. government debt securities or default or delay in payment by the United States of its obligations.

Except as required by law, we undertake no, and hereby disclaim any, obligation to update any forward-looking statements, whether as a result of new information, changed circumstances or otherwise.

SUMMARY

The information below is a summary of the more detailed information included elsewhere or incorporated by reference in this prospectus supplement and the accompanying prospectus. You should read carefully the following summary together with the more detailed information contained in this prospectus supplement, the accompanying prospectus, any free writing prospectus we may provide you in connection with this offering, and the information incorporated by reference into those documents, including the risk factors described on page S-6 of this prospectus supplement and on page 2 of the accompanying prospectus and the "Risk Factors" section in our Annual Report on Form 10-K for the year ended December 31, 2013. This summary is not complete and does not contain all of the information you should consider when making your investment decision.

Our Company

We invest primarily in real estate serving the healthcare industry in the United States. We are a Maryland corporation and were organized to qualify as a self-administered real estate investment trust, or REIT, in 1985. We are headquartered in Long Beach, California, with offices in Nashville, Tennessee and San Francisco, California. We acquire, develop, lease, manage and dispose of healthcare real estate, and provide financing to healthcare providers. Our portfolio is comprised of investments in the following five healthcare segments: (i) senior housing, (ii) post-acute/skilled nursing, (iii) life science, (iv) medical office and (v) hospital. We make investments within our healthcare segments using the following five investment products: (i) properties under lease, (ii) debt investments, (iii) developments and redevelopments, (iv) investment management and (v) investments in senior housing operations utilizing the structure permitted by the Housing and Economic Recovery Act of 2008, which is commonly referred to as "RIDEA."

The delivery of healthcare services requires real estate and, as a result, tenants and operators depend on real estate, in part, to maintain and grow their businesses. We believe that the healthcare real estate market provides investment opportunities due to the following:

compelling demographics driving the demand for healthcare services;

specialized nature of healthcare real estate investing; and

ongoing consolidation of a fragmented healthcare real estate sector.

Our principal executive offices are located at 3760 Kilroy Airport Way, Suite 300, Long Beach, California 90806, and our telephone number is (562) 733-5100.

RISK FACTORS

Before purchasing the notes, you should consider carefully the information under the heading "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 and in the accompanying prospectus, and the following risk factors, each of which could materially adversely affect our operating results and financial condition. You should also carefully consider the other information included in this prospectus supplement, the accompanying prospectus and other information incorporated by reference herein. Each of the risks described in our Annual Report on Form 10-K and in the accompanying prospectus and below could result in a decrease in the value of the notes and your investment therein. Although we have tried to discuss what we believe are key risk factors, please be aware that other risks may prove to be important in the future. New risks may emerge at any time, and we cannot predict those risks or estimate the extent to which they may affect our financial performance or the value of the notes. The information contained, and incorporated by reference, in this prospectus supplement and in the accompanying prospectus includes forward-looking statements that involve risks and uncertainties, and we refer you to the "Cautionary Language Regarding Forward-Looking Statements" section in this prospectus supplement and the accompanying prospectus.

Risks Related to HCP

We may become more leveraged.

As of December 31, 2013, we had approximately \$8.7 billion of outstanding indebtedness. After giving effect to the sale of \$350 million of notes offered hereby, we would have had approximately \$9.0 billion of outstanding indebtedness. Our bank line of credit and the various indentures governing our outstanding notes, including the indenture that will govern the notes offered hereby, permit us to incur substantial additional debt, and we may borrow additional funds, which may include secured borrowings. A high level of indebtedness would require us to dedicate a substantial portion of our cash flow from operations to the payment of our indebtedness, thereby reducing the funds available to implement our business strategy and to make distributions to stockholders. A high level of indebtedness could also have the following consequences:

potential limits on our ability to adjust rapidly to changing market conditions and vulnerability in the event of a downturn in general economic conditions or in the real estate and/or healthcare industries;

potential impairment of our ability to obtain additional financing for our business strategy; and

potential downgrade in the rating of our debt securities by one or more rating agencies, which could have the effect of, among other things, increasing our cost of borrowing.

In addition, from time to time we mortgage our properties to secure payment of indebtedness. If we are unable to meet our mortgage payments, then the encumbered properties could be foreclosed upon or transferred to the mortgagee with a consequent loss of income and asset value. A foreclosure on one or more of our properties could have a material adverse effect on us.

Our business operations may not generate the cash needed to service our indebtedness.

Our ability to make payments on our indebtedness, including these notes, and to fund planned capital expenditures will depend on our ability to generate cash in the future. We cannot assure you that our business will generate sufficient cash flow from operations or that future borrowings will be available to us in an amount sufficient to enable us to pay our indebtedness, including these notes, or to fund our other liquidity needs.

Table of Contents

Risks Related to the Notes

Although these notes are referred to as "senior notes," they will be effectively subordinated to our existing and future secured indebtedness and to all liabilities of our subsidiaries.

The notes are unsecured and therefore will be effectively subordinated to our existing and future secured indebtedness to the extent of the value of the assets securing such indebtedness. In the event of a bankruptcy or similar proceeding involving us, our assets which serve as collateral will be available to satisfy the obligations under any secured indebtedness before those assets can be applied to make any payments on the notes.

In addition, most of our assets are held through direct or indirect subsidiaries and, accordingly, the notes will be effectively subordinated to all liabilities of our subsidiaries including any guarantees of new credit facilities that may be issued by our subsidiaries. Our subsidiaries and general and limited partnerships will not guarantee the notes. In the event of a bankruptcy, liquidation or reorganization of any of our subsidiaries or partnerships, creditors of our subsidiaries and partnerships will generally be entitled to payment of their claims from the assets of those subsidiaries and partnerships before any assets are made available for distribution to us, except to the extent we may also have a claim as a creditor.

An active trading market may not develop for the notes.

Prior to this offering, there was no existing trading market for the notes. Although the underwriters have informed us that they currently intend to make a market in the notes after we complete the offering, they have no obligation to do so and may discontinue making a market at any time without notice. We do not intend to apply for listing of the notes on any securities exchange.

The liquidity of any market for the notes will depend on a number of factors, including:

the number of holders of the notes;

our performance;

the market for similar securities;

the interest of securities dealers in making a market in the notes; and

prevailing interest rates.

We cannot assure you that an active market for the notes will develop or, if developed, that it will continue.

USE OF PROCEEDS

We estimate that the net proceeds of this offering, after deducting the underwriting discount and estimated offering expenses payable by us, will be approximately \$344.9 million. We intend to use the net proceeds from this offering to repay \$240 million outstanding under our bank line of credit as of February 11, 2014, which borrowings were used, along with cash on hand, to repay at maturity (i) \$400 million aggregate principal amount of our 2.70% Senior Notes due February 1, 2014 and (ii) \$156 million aggregate principal amount of 5.70% mortgage debt due February 1, 2014. The bank line of credit has a maturity of March 11, 2016, with a one-year extension option. Borrowings under the facility accrue interest at the one-month London Interbank Offered Rate ("LIBOR") plus a margin that depends on our credit ratings. Based on our debt ratings at January 31, 2014, the margin on the facility was 1.075%, and the facility fee was 0.175%. DESCRIPTION OF THE NOTES

Please read the following information concerning the notes in conjunction with the statements under "Description of the Debt Securities" in the accompanying prospectus, which the following information supplements and, if there are any inconsistencies, supersedes. The following description is not complete. The notes will be issued under the Indenture, dated as of November 19, 2012, related to our debt securities, between us and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Base Indenture"), as supplemented by the Third Supplemental Indenture to be dated as of February 21, 2014 (the "Supplemental Indenture"). In this prospectus supplement, we refer to the Base Indenture, as supplemented by the Supplemental Indenture, as the "Indenture." The Base Indenture was filed as Exhibit 4.1 to our Current Report on Form 8-K, filed on November 19, 2012. As used in this section, references to "HCP," the "Company," "we," "us," or "our" do not include any current or future subsidiary of, or other entity controlled by, HCP.

General

The notes will constitute a single series of debt securities under the Indenture, will be initially limited to \$350,000,000 aggregate principal amount and will mature on March 1, 2024. The notes will constitute part of the senior unsecured debt of HCP and will be equal in right of payment to any other existing or future senior unsecured obligations of HCP. The notes have covenants and events of default that vary from certain existing senior unsecured notes of HCP. The Indenture does not limit the aggregate principal amount of debt securities that HCP may issue under the Indenture. The notes will not be subject to any sinking fund payments. The notes will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

Interest Payments and Maturity

The entire principal amount of the notes will mature and become due and payable, together with any accrued and unpaid interest, on March 1, 2024. The notes will bear interest at the annual rate set forth on the cover page of this prospectus supplement beginning on February 21, 2014. The interest will be paid semi-annually on March 1 and September 1 of each year, beginning on September 1, 2014, to the persons in whose names the notes are registered at the close of business on the date that is 15 calendar days prior to such date, whether or not such date is a business day. We will compute the amount of interest payable on the basis of a 360-day year of twelve 30-day months.

If any interest payment date, redemption date or maturity date falls on a day that is not a business day, the required payment of principal, premium, if any, and/or interest may be made on the next succeeding business day as if made on the date such payment was due, and no interest will accrue on such payment for the period from and after such interest payment date, redemption date or maturity date, as the case may be, to the date of such payment on the next succeeding business day. We will maintain at an office in the Borough of Manhattan, The City of New York, and a register for the registration of transfers of debt securities.

Certain Covenants

Limitations on incurrence of debt

HCP shall not, and shall not permit any of its Subsidiaries to, Incur any Debt if, immediately after giving effect to the Incurrence of such additional Debt and any other Debt Incurred since the end of the Latest Completed Quarter and the application of the net proceeds therefrom, the aggregate principal amount of all outstanding Debt would exceed 60% of the sum of (without duplication) (i) Total Assets as of the end of the Latest Completed Quarter and (ii) the purchase price of any Real Estate Assets or mortgages receivable acquired or to be acquired in exchange for proceeds of any securities offering, and the amount of any securities offering proceeds received (to the extent such

Table of Contents

proceeds were not used to acquire Real Estate Assets or mortgages receivable or to reduce Debt), since the end of the Latest Completed Quarter.

HCP shall not, and shall not permit any of its Subsidiaries to, Incur any Secured Debt if, immediately after giving effect to the Incurrence of such additional Secured Debt and any other Secured Debt Incurred since the end of the Latest Completed Quarter and the application of the net proceeds therefrom, the aggregate principal amount of all outstanding Secured Debt would exceed 40% of the sum of (without duplication) (i) Total Assets as of the end of the Latest Completed Quarter and (ii) the purchase price of any Real Estate Assets or mortgages receivable acquired or to be acquired in exchange for proceeds of any securities offering, and the amount of any securities offering proceeds received (to the extent such proceeds were not used to acquire Real Estate Assets or mortgages receivable or to reduce Debt), since the end of the Latest Completed Quarter.

HCP shall not, and shall not permit any of its Subsidiaries to, Incur any Debt if, immediately after giving effect to the Incurrence of such additional Debt and any other Debt Incurred since the end of the Latest Completed Quarter and the application of the net proceeds therefrom, the ratio of Annualized Consolidated EBITDA to Annualized Interest Expense for the Latest Completed Quarter would be less than 1.50 to 1.00 on a pro forma basis and calculated on the assumption (without duplication) that:

(1) the additional Debt and any other Debt Incurred by HCP or any of its Subsidiaries since the first day of the Latest Completed Quarter to the date of determination, which was outstanding at the date of determination, had been Incurred at the beginning of that period and continued to be outstanding throughout that period, and the application of the net proceeds of such Debt, including to refinance other Debt, had occurred at the beginning of such period; provided that in determining the amount of Debt so Incurred, the amount of Debt under any revolving credit facility shall be computed based upon the average daily balance of such Debt during such period;

(2) the repayment or retirement of any other Debt repaid or retired by HCP or any of its Subsidiaries since the first day of the Latest Completed Quarter to the date of determination had occurred at the beginning of that period; provided that in determining the amount of Debt so repaid or retired, the amount of Debt under any revolving credit facility shall be computed based upon the average daily balance of such Debt during such period; and

(3) in the case of any acquisition or disposition of any asset or group of assets (including, without limitation, by merger, or stock or asset purchase or sale) or the placement of any assets in service or removal of any assets from service by HCP or any of its Subsidiaries since the first day of the Latest Completed Quarter to the date of determination, the acquisition, disposition, placement in service or removal from service and any related repayment or refinancing of Debt had occurred as of the first day of such period, with the appropriate adjustments to Annualized Consolidated EBITDA and Annualized Interest Expense with respect to the acquisition, disposition, placement in service or removal from service being included in that pro forma calculation.

Maintenance of total unencumbered assets

HCP and its Subsidiaries shall maintain at all times Total Unencumbered Assets of not less than 150% of the aggregate principal amount of all outstanding Unsecured Debt.

We may not consolidate or merge with or into or sell, convey, transfer or lease all or substantially all of our assets to another entity unless we are the continuing entity or the successor, transferee or lessee entity (if other than us) is organized and existing under the laws of the United States or any State thereof and expressly assumes our obligations under the Indenture and the debt securities under the Indenture and, immediately after giving effect to the transaction, we or the successor, transferee or lessee entity (if other than us) would not be in default in the performance of any covenant or condition of the Indenture or the debt securities and no event of default would have occurred and be continuing.

Optional Redemption

We may redeem all or part of the notes at any time at our option at a redemption price equal to the greater of: (1) 100% of the principal amount of the notes to be redeemed, or (2) the sum of the present values of the remaining scheduled payments of principal and interest thereon (exclusive of interest accrued to, but excluding, the date of redemption) discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 25 basis points, plus accrued and unpaid interest on the amount being redeemed to, but excluding, the date of redemption; *provided, however*, that if we redeem the notes 90 days or fewer prior to their maturity date, the redemption price will equal 100% of the principal amount of the notes to be redeemed plus accrued and unpaid interest on the amount being redeemed to, but excluding, the date of redemption; *provided, further*, that installments of interest that are due and payable on any interest payment dates falling on or prior to a redemption date shall be payable on such interest payment dates to the persons who were registered holders of the notes at the close of business on the applicable record dates.

if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Table of Contents

The Treasury Rate will be calculated by the Independent Investment Banker on the third business day preceding the date fixed for redemption.

"*Comparable Treasury Issue*" means the U.S. Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term ("remaining life") of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes.

"*Comparable Treasury Price*" means (1) if the Independent Investment Banker obtains five Reference Treasury Dealer Quotations for such redemption date, the average of such Reference Treasury Dealer Quotations, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such quotations.

"*Independent Investment Banker*" means one of the Reference Treasury Dealers appointed by us to act as the "Independent Investment Banker."

"*Reference Treasury Dealers*" means (i) Goldman, Sachs & Co. and J.P. Morgan Securities LLC and their respective successors; *provided, however*, that if either of the foregoing shall cease to be a primary U.S. Government securities dealer in the United States (a "Primary Treasury Dealer"), we shall substitute therefor another nationally recognized investment banking firm that is a Primary Treasury Dealer and (ii) up to three other Primary Treasury Dealers selected by us.

"*Reference Treasury Dealer Quotations*" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

We may redeem the notes in increments of \$1,000 so long as, in the case of any note redeemed in part, the unredeemed principal amount thereof is \$2,000 or an integral multiple of \$1,000 in excess thereof. If we are redeeming less than all of the notes, the trustee will select the notes to be redeemed in accordance with the procedures of DTC. We will cause notices of redemption to be delivered at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address. If a series of notes has been issued in global form through the Depository Trust Company, or DTC, as depository, notice may be instead provided by delivery to DTC for posting through its Legal Notice Service, or LENS, or a successor system thereof.

If any of the notes are to be redeemed in part only, the notice of redemption that relates to the relevant note will state the portion of the principal amount thereof to be redeemed. We will issue a note in principal amount equal to the unredeemed portion of the original note in the name of the holder thereof upon cancellation of the original note. Any notes called for redemption will become due on the date fixed for redemption. On or after the redemption date, interest will cease to accrue on the notes or portions of them called for redemption.

Events of Default

The following are "events of default" under the Indenture with respect to the notes:

failure to pay principal of or any premium on the notes when due;

failure to pay any interest on the notes when due, continued for 30 days;

failure to perform any other of our covenants or agreements in the Indenture (other than a covenant or agreement included in the Indenture solely for the benefit of one or more series of

Table of Contents

debt securities other than the notes) or in the notes, continued for 60 days after written notice by the trustee to us or by the holders of at least 25% in aggregate principal amount of the outstanding notes to us and the trustee as provided in the Indenture;

certain specified events under bankruptcy, insolvency or other similar laws with respect to us; and

if any event of default as defined in any mortgage, indenture or instrument under which there may be issued, or by which there may be secured or evidenced, any debt (including obligations under capitalized leases) of the Company (including an event of default with respect to any outstanding securities of any series issued under the Indenture other than the notes) in an aggregate amount in excess of \$50,000,000, whether such debt now exists or shall hereafter be created, shall happen and shall result in such debt becoming or being declared due and payable prior to the date on which it would otherwise become due and payable, and such acceleration shall not have been rescinded or annulled within ten days after there shall have been given, by registered or certified mail, to us by the trustee or to us and the trustee by holders of at least 25% in aggregate principal amount of the outstanding notes, a written notice specifying such event of default and requiring us to cause such acceleration to be rescinded or annulled.

If an event of default with respect to the notes (other than an event of default relating to certain specified events under bankruptcy, insolvency or similar laws) occurs and is continuing, either the trustee or the holders of at least 25% in aggregate principal amount of the outstanding notes may declare the principal amount of all the outstanding notes to be due and payable immediately. If an event of default relating to certain specified events under bankruptcy, insolvency or similar laws occurs and is continuing, then the principal amount of all the outstanding notes shall automatically become due and payable immediately without any declaration or other action on the part of the trustee or the note holders. At any time after a declaration of acceleration with respect to the notes has been made, but before a judgment or decree for payment of the money due has been obtained, the holders of a majority in aggregate principal amount of the outstanding notes may, under certain circumstances, rescind and annul the acceleration.

The Indenture provides that within 90 days after the occurrence thereof, and if known to the trustee, the trustee will give the holders of the notes notice of each event which is or, after notice or lapse of time or both, would become an event of default with respect of the notes known to the trustee, unless such default has been cured or waived before the giving of such notice. Except in the case of default in the payment of principal, premium, if any, or interest, if any, on any notes, the trustee shall be protected in withholding the notice if the trustee in good faith determines that the withholding of the notice is in the interest of the holders of outstanding notes.

The Indenture provides that, subject to the duty of the trustee during the continuance of an event of default to act with the required standard of care, the trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders of notes, unless the holders shall have offered to the trustee security or indemnity reasonably satisfactory to the trustee. Subject to such provisions for the indemnification of the trustee and subject to certain other limitations, the holders of a majority in aggregate principal amount of the outstanding notes will have the right to direct the time, method and place of conducting any proceedings for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the notes.

We are required to furnish to the trustee annually a statement as to our compliance with all conditions and covenants under the Indenture and as to any default in our performance.

Table of Contents

Modification of the Indenture

The Indenture provides that we and the trustee may, without the consent of any holders of the notes or the holders of any other debt securities issued under the Indenture, enter into supplemental indentures for the purposes, among other things, of:

curing ambiguities or inconsistencies in the Indenture, correcting or supplementing any provision which may be defective or inconsistent with any other provision, and conforming the terms of the Indenture applicable to the debt securities of any series to the description of the terms of such debt securities in the applicable offering memorandum, prospectus or other offering document;

providing for the appointment of a successor trustee under the Indenture;

making any change in any series of debt securities that does not adversely affect in any material respect the rights of holders of such debt securities;

complying with amendments to the Trust Indenture Act of 1939; or

establishing the form and terms of the debt securities of any series as permitted by the Indenture and authorizing the issuance of additional debt securities of a series previously authorized.

With specific exceptions, the Indenture or the rights of the holders of the notes may be modified by us and the trustee with the consent of the holders of a majority in aggregate principal amount of the notes, but no modification may be made without the consent of the holder of each outstanding note that, among other things, would:

extend the maturity of any payment of principal of or any installment of interest on any notes;

reduce the principal amount of any note, or the interest thereon, or any premium payable on any note;

Edgar Filing: HCP, INC. - Form 424B5

change any place of payment where, or the currency in which, any note or any premium or interest is denominated or payable;

Satisfaction and Discharge of Indenture

The Indenture, with respect to the notes (except for certain surviving obligations specified therein), will cease to be of further effect upon the satisfaction of certain conditions, including the payment in full of the principal of and premium, if any, and interest on the notes or the deposit with the trustee of an amount of cash sufficient for the payment or redemption of the notes, in accordance with the Indenture.

Discharge and Defeasance

At our option, either (a) we shall be discharged from our obligations with respect to the notes (subject to survival of certain limited provisions in the Indenture) or (b) we will cease to be under any obligation to comply with the covenants described above under " Certain Covenants" with respect to the notes, in either case by depositing in trust with the trustee cash or U.S. government obligations (or combination thereof) sufficient to pay the principal of and premium, if any, and interest on the notes to their maturity or redemption date in accordance with the terms of the Indenture and the notes.

Forms and Denominations

The notes will be issued as permanent global securities in the name of a nominee of DTC and will be available only in book-entry form except in certain limited circumstances described below. See " Book-Entry System." The notes will be issued in fully registered form without coupons and are available for purchase only in denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof.

Book-Entry System

The following are summaries of certain rules and operating procedures of DTC that affect the payment of principal and interest and the transfers of interests in the global notes (the "global notes"). Upon issuance, the notes will be issued only in the form of one or more definitive global securities which will be deposited with, or on behalf of, DTC and registered in the name of Cede & Co., as nominee of DTC. Unless and until it is exchanged in whole or in part for notes in definitive form under the limited circumstances described below, a global note may not be transferred except as a whole (1) by DTC to a nominee, (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

Ownership of beneficial interests in a global note will be limited to persons that have accounts with DTC for such global note ("participants"), including Clearstream Banking, S.A. or Euroclear Bank S.A./N.V., or persons that may hold interests through participants. Upon the issuance of a global note, DTC will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal amounts of the notes represented by such global note beneficially owned by such participants. Ownership of beneficial interests in the global notes will be shown on, and the transfer of such ownership interests will be effected only through, records maintained by DTC (with respect to interests of participants) and records maintained by DTC's direct and indirect participants (with respect to the interests of beneficial owners). The laws of some states may require that certain purchasers of securities take physical delivery of such securities in definitive form. Such laws may limit or impair the ability to own, transfer or pledge beneficial interests in the global notes.

So long as DTC or its nominee is the registered owner of a global note, DTC or its nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such global note for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in a global note will not be entitled to have notes represented by such global note registered in their names, will not receive or be entitled to receive physical delivery of such notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture. Accordingly, each person

Table of Contents

owning a beneficial interest in a global note must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the Indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a global note desires to give or take any action that a holder is entitled to give or take under the Indenture, DTC would authorize the participants holding the relevant beneficial interests to give or take such action, and such participants would authorize beneficial owners owning through such participants to give or to take such action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal and interest payments on interests represented by a global note will be made to DTC or its nominee, as the case may be, as the registered owner of such global note. None of the trustee, us or any other agent of the trustee or agent of ours will have any responsibility or liability for any facet of the records relating to or payments made on account of beneficial ownership of interests. We expect that DTC, upon receipt of any payment of principal or interest in respect of a global note, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in such global note as shown on the records of DTC. We also expect that payments by participants to owners of beneficial interests in the global notes held through such participants will be governed by standing customer instructions and customary practice, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such participants.

If DTC is at any time unwilling or unable to continue as depository for the notes or if DTC shall cease to be a clearing agency registered under the Exchange Act, and we fail to appoint a successor depository registered as a clearing agency under the Exchange Act within 90 days, we will issue notes in definitive form in exchange for the respective global notes. In addition, the owner of a beneficial interest in a global note will be entitled to receive notes in definitive certificated form in exchange for such beneficial interest if an event of default with respect to the notes has occurred and is continuing. Any notes issued in definitive form in exchange for the global notes will be registered in such name or names, and will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, as DTC shall instruct the Trustee. It is expected that such instructions will be based upon directions received by DTC from participants with respect to ownership of beneficial interests in the global notes.

DTC is a limited purpose trust company organized under the Banking Law of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold the securities of its participants and to facilitate the clearance and settlement of transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of which (and/or their representatives) own DTC. Access to the DTC book-entry system is also available to others, such as banks, brokers and dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Same-Day Settlement and Payment

Settlement for the notes will be made by the underwriters in immediately available funds. So long as the notes are evidenced by one or more global notes in book-entry form, all payments of principal and interest in respect of the notes will be made by us in immediately available funds.

So long as the notes are evidenced by one or more global notes in book-entry form, the notes will trade in DTC's Same-Day Funds Settlement System until maturity and secondary market trading

activity in the notes will settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the notes.

Further Issuances

We may, without the consent of the holders of the notes, create and issue additional notes ranking equally with the notes offered by this prospectus supplement in all respects, including having the same CUSIP number, so that such additional notes would be consolidated and form a single series with the notes offered hereby and would have the same terms as to status, redemption or otherwise as the notes offered hereby. No additional notes may be issued if an Event of Default has occurred and is continuing with respect to the notes.

Governing Law; Waiver of Trial by Jury

The Indenture and the notes will be governed by and construed in accordance with the laws of the State of New York. The Indenture provides that we, the trustee and the holders of the notes waive, to the extent permitted by applicable law, the right to trial by jury in respect of any litigation in connection with the Indenture.

This summary of material federal income tax considerations is for general information only and is not tax advice. This discussion does not purport to deal with all aspects of taxation that may be relevant to particular holders of the notes in light of their personal investment or tax circumstances.

EACH PROSPECTIVE HOLDER IS ADVISED TO CONSULT HIS OR HER TAX ADVISOR REGARDING THE SPECIFIC FEDERAL, STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES TO HIM OR HER OF ACQUIRING, HOLDING, EXCHANGING OR OTHERWISE DISPOSING OF THE NOTES AND OF THE COMPANY'S ELECTION TO BE TAXED AS A REAL ESTATE INVESTMENT TRUST, AND OF POTENTIAL CHANGES IN APPLICABLE TAX LAWS.

Table of Contents**UNDERWRITING**

Under the terms and subject to the conditions contained in an underwriting agreement, we have agreed to sell to the underwriters named below for whom Goldman, Sachs & Co., J.P. Morgan Securities LLC and Wells Fargo Securities, LLC are acting as representatives of the underwriters, the following principal amounts of the notes shown in the following table:

Underwriters	Principal Amount of Notes
Goldman, Sachs & Co.	\$ 81,655,000
J.P. Morgan Securities LLC	81,655,000
Wells Fargo Securities, LLC	81,690,000
BNY Mellon Capital Markets, LLC	17,500,000
KeyBanc Capital Markets Inc.	17,500,000
PNC Capital Markets LLC	17,500,000
Scotia Capital (USA) Inc.	17,500,000
SunTrust Robinson Humphrey, Inc.	17,500,000
U.S. Bancorp Investments, Inc.	17,500,000
Total	\$ 350,000,000

The underwriting agreement provides that the underwriters are obligated to purchase all of the notes if any are purchased. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of notes may be terminated.

The underwriters propose to offer the notes initially at the public offering price set forth on the cover page of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at discounts from the public offering price of up to 0.400% of the principal amount of the notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at discounts from the public offering price of up to 0.250% of the principal amount of the notes. If all the notes are not sold at the public offering price, the underwriters may change the public offering price and the other selling terms. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The following table shows the underwriting discount that we are to pay to the underwriters in connection with this offering.

	Paid by Us
Per note	0.650%
Total	\$ 2,275,000

We estimate that our total expenses for this offering, excluding the underwriting discount, will be approximately \$1.25 million and will be payable by us.

The notes are a new issue of securities with no established trading market. The underwriters have advised us that they currently intend to make a secondary market for the notes. However, they are not obligated to do so and may discontinue making a secondary market for the notes at any time without notice. No assurance can be given as to how liquid the trading market for the notes will be.

We have agreed to indemnify the several underwriters against liabilities under the Securities Act of 1933, as amended, or contribute to payments which the underwriters may be required to make in that respect.

Table of Contents

In connection with the offering, the underwriters may engage in stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act.

stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.

syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover syndicate short positions.

penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the notes originally sold by the syndicate member are purchased in a stabilizing transaction or a syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of the notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

Conflicts of Interest

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, corporate trust, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Certain of the underwriters and/or their respective affiliates have provided, and in the future may provide, a variety of these services to us and to persons and entities with relationships to us for which they have received, and in the future may receive, customary fees and expenses, and may have entered into, and in the future may enter into, other transactions with us.

Certain of the underwriters or their respective affiliates are lenders and/or agents under our bank line of credit. J.P. Morgan Securities LLC serves as a joint lead arranger and a joint bookrunner, JPMorgan Chase Bank, N.A., an affiliate of J.P. Morgan Securities LLC, serves as syndication agent and a lender, Goldman Sachs Bank USA, an affiliate of Goldman, Sachs & Co., serves as a senior managing agent and a lender, and Wells Fargo Bank, N.A., an affiliate of Wells Fargo Securities, LLC, serves as co-documentation agent and a lender, in each case under our bank line of credit. Since a portion of the net cash proceeds from this offering will be applied to repay borrowings under our bank line of credit, these entities and/or their respective affiliates will receive, and certain of the other underwriters and/or their affiliates may receive, a portion of the net proceeds so applied through the repayment of borrowings under our bank line of credit.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates, officers, directors and employees may purchase, sell, make or hold a broad array of investments and actively trade debt and equity securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment, trading and securities activities may involve or relate to assets, securities and/or instruments of ours (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with us. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters and their respective affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their respective affiliates may also

Table of Contents

make or communicate investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or financial instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

Notice to Prospective Investors in the European Economic Area

This prospectus supplement is not a prospectus for the purposes of the European Union's Directive 2003/71/EC (and any amendments thereto) as implemented in member states of the European Economic Area. Neither we nor the underwriters have authorized, nor do we or they authorize, the making of any offer of the notes through any financial intermediary, other than offers made by underwriters which constitute the final placement of the notes contemplated in this prospectus supplement.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of the notes which are the subject of the offering contemplated by this prospectus supplement to the public in that Relevant Member State other than:

to any legal entity which is a qualified investor as defined in the Prospectus Directive;

to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant underwriter or underwriters nominated by us for any such offer; or

in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of the notes shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer to the public" in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe to the notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State, and the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto including the 2010 PD Amending Directive), and includes any relevant implementing measure in the Relevant Member State; and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Notice to Prospective Investors in the United Kingdom

Each underwriter has represented and agreed that:

it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000, as amended (the "FSMA")) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to us; and

it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Delayed Settlement

We expect that delivery of the notes will be made to investors on or about the 6th business day following the date of this prospectus supplement (such settlement being referred to as "T+6"). Under Rule 15c6-1 under the Securities Exchange Act of 1934, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes prior to the delivery of the notes hereunder will be required, by virtue of the fact that the notes initially settle in T+6, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to their date of delivery hereunder should consult their advisors.

CAUTIONARY LANGUAGE REGARDING FORWARD-LOOKING STATEMENTS

Statements in this prospectus and the information incorporated by reference in this prospectus or any prospectus supplement that are not historical factual statements are "forward-looking statements." We intend to have our forward-looking statements covered by the safe harbor provisions of the Private

Table of Contents

Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with those provisions. Forward-looking statements include, among other things, statements regarding our and our officers' intent, belief or expectations as identified by the use of words such as "may," "will," "project," "expect," "believe," "intend," "anticipate," "seek," "forecast," "plan," "estimate," "could," "would," "should" and other comparable and derivative terms or the negatives thereof. In addition, we, through our officers, from time to time, make forward-looking oral and written public statements concerning our expected future operations, strategies, securities offerings, growth and investment opportunities, dispositions, capital structure changes, budgets and other developments. Readers are cautioned that, while forward-looking statements reflect our good faith belief and reasonable assumptions based upon current information, we can give no assurance that our expectations or forecasts will be attained. Therefore, readers should be mindful that forward-looking statements are not guarantees of future performance and that they are subject to known and unknown risks and uncertainties that are difficult to predict. As more fully set forth herein under "Risk Factors" and under "Part I, Item 1A. Risk Factors" in our most recent Annual Report on Form 10-K, factors that may cause our actual results to differ materially from the expectations contained in the forward-looking statements include:

- (a) Changes in global, national and local economic conditions, including a prolonged period of weak economic growth;
- (b) Continued volatility in the capital markets, including changes in interest rates and the availability and cost of capital;
- (c) Our ability to manage our indebtedness level and changes in the terms of such indebtedness;
- (d) Changes in federal, state or local laws and regulations, including those affecting the healthcare industry that affect our costs of compliance or increase the costs, or otherwise affect the operations of our operators, tenants and borrowers;
- (e) The potential impact of future litigation matters, including the possibility of larger than expected litigation costs, adverse results and related developments;
- (f) Competition for tenants and borrowers, including with respect to new leases and mortgages and the renewal or rollover of existing leases;
- (g) Our ability to negotiate the same or better terms with new tenants or operators if existing leases are not renewed or we exercise our right to replace an existing operator or tenant upon default;
- (h) Availability of suitable properties to acquire at favorable prices and the competition for the acquisition and financing of those properties;
- (i) The financial, legal, regulatory and reputational difficulties of significant operators of our properties;
- (j) The risk that we may not be able to achieve the benefits of investments within expected time-frames or at all, or within expected cost projections;
- (k) The ability to obtain financing necessary to consummate acquisitions on favorable terms;
- (l) Changes in the reimbursement available to our operators, tenants and borrowers by governmental or private payors (including the July 2011 Centers for Medicare & Medicaid Services final rule reducing Medicare skilled nursing facility Prospective Payment System payments in fiscal year 2012 by 11.1% compared to fiscal year 2011) and other potential changes in Medicare and Medicaid payment levels, which, among other effects, could negatively impact the value of our approximately 10% equity interest in the operations of HCR ManorCare, Inc. ("HCR");

Table of Contents

- (m) The risks associated with our investments in joint ventures and unconsolidated entities, including our lack of sole decision-making authority and our reliance on our joint venture partners' financial condition and continued cooperation;
- (n) The ability of our operators, tenants and borrowers to conduct their respective businesses in a manner sufficient to maintain or increase their revenues and to generate sufficient income to make rent and loan payments to us and our ability to recover investments made, if applicable, in their operations; and
- (o) The financial weakness of some operators and tenants, including potential bankruptcies and downturns in their businesses, which results in uncertainties regarding our ability to continue to realize the full benefit of such operators' and/or tenants' leases.

Except as required by law, we undertake no, and hereby disclaim any, obligation to update any forward-looking statements, whether as a result of new information, changed circumstances or otherwise.

RATIOS OF EARNINGS TO FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our ratios of earnings to fixed charges and our ratios of earnings to combined fixed charges and preferred stock dividends for the periods indicated. In computing the ratios of earnings to fixed charges, earnings have been based on consolidated pre-tax income from continuing operations before fixed charges (exclusive of capitalized interest). Fixed charges consist of interest on debt, including amounts capitalized, an estimate of interest in rental expense, and interest expense related to the guaranteed debt of the partnerships and limited liability companies in which we hold an interest. In computing the ratios of earnings to combined fixed charges and preferred stock dividends, preferred stock dividends consist of dividends on our 7.25% Series E Cumulative Redeemable Preferred Stock and 7.10% Series F Cumulative Redeemable Preferred Stock. In April 2012, we redeemed all of our 7.25% Series E Cumulative Redeemable Preferred Stock and 7.10% Series F Cumulative Redeemable Preferred Stock.
