With net income reaching new highs, the directors of PFSC voted to increase the regular quarterly dividend by .02 (cent) per share to .19 (cent), an increase of 11.7%. Dividend will be payable on August 15, 2001 to shareholders of record as of July 31, 2001.

PFSC President and CEO, Jack Ord, said that he is very pleased with the net income figures as well as the growth of the company in these uncertain economic times. Asset quality continues to be a bright spot and that helps sustain net income growth. Ord said that as net income grows, it is the stated plan of the company's Board of Directors to share that growth with shareholders in the form of increased dividends.
