The Preferred Shares included in row (11) exclude the Preferred Shares held by the other parties to the Lock-Up Agreement described in Item 4. The aggregate Preferred Shares held by the parties to the Lock-Up Agreement as of the date of this filing is 809,771, which represents 86.4% of the outstanding Preferred Shares (see Item 4). The calculation of percentage ownership of the Preferred Shares excludes the Preferred Shares that were purchased by the issuer in the Total Return Swap transactions, which should be treated as redeemed or otherwise not eligible to vote. This calculation also excludes the 400,000 Preferred Shares that were recently issued by the issuer to an affiliated trust as part of the issuer's scheme to control the vote of the Preferred Shares for the purpose of stripping the Preferred Shares of its rights and preferences. If the Preferred Shares repurchased by the issuer in the Total Return Swap transactions and the Preferred Shares issued to the affiliated trust were treated as outstanding, then the aggregate beneficial ownership of the parties to the Lock-Up Agreement would represent 28.7% of the Preferred Shares.

Edgar Filing: EMMIS COMMUNICATIONS CORP - Form SC 13D/A

The Preferred Shares held by the parties to the Lock-Up Agreement are, in the aggregate, convertible into 1,975,841 shares of Class A Common Stock, which represents 5.48% of the outstanding shares of Class A Common Stock. Including the 692,259 shares of Class A Common Stock owned by Corre Opportunities Fund the aggregate ownership percentage is 7.40%.

The foregoing percentage is based on 34,077,279 shares of Class A Common Stock outstanding as of May 31, 2012, as disclosed in the Issuer's most recent Form 10Q filed with the SEC on July 12, 2012, plus 1,975,841 Class A Common Stock that would be issued upon conversion of the 809,771 Preferred Shares beneficially held by the parties to the Lock-Up Agreement.

The Reporting Persons acquired beneficial ownership and continue to beneficially hold the shares reported herein for investment purposes. The Reporting Person may from time to time engage the Issuer, its representatives or other relevant parties in discussions regarding matters relevant to the Reporting Persons' investment in the Issuer. Depending on market conditions and other factors that the Reporting Persons may deem material to its investment decisions, the Reporting Persons may sell all or a portion of its shares, or may purchase additional securities of the Issuer, on the open market or in a private transaction, in each case as permitted by the Lock-up Agreement. Except as set forth in this Schedule 13D, the Reporting Persons have no present plans or proposals that relate to or that would result in any of the actions specified in clauses (b) through (j) of Item 4 of Schedule 13D of the Exchange Act.

Item 5. Interest in Securities of the Issuer

(a) The Reporting Persons beneficially own 184,951 shares of 6.25% Series A Cumulative Convertible Preferred Stock ("Preferred Shares"), representing approximately 6.55% of the outstanding Preferred Shares, which is based upon 2,822,320 outstanding Preferred Shares as of May 31, 2012 as disclosed in the Issuer's most recent 10-Q dated July 12, 2012. The Issuer's assertion that there are 2,822,320 outstanding Preferred Shares assumes that the shares

purchased by the Issuer pursuant to the Total Return Swap Transactions and Employee Retention Plan remain outstanding, which may not be the case. If the Preferred Shares that were purchased by the Issuer in the Total Return Swap Transactions and Issued to the Employee Retention Plan are treated as redeemed or otherwise not eligible to be voted, then the Reporting Persons' beneficial ownership in the Preferred Shares would represent 19.73% of the Class represented in Row 11. Because the Preferred Shares are currently convertible into shares of Common Stock, the Reporting Persons also are deemed under Rule 13-d-3(d)(1)(i)(B) of the Exchange Act to have beneficial ownership of the shares of Common Stock issuable upon conversion of the Preferred Shares. Each Preferred Share currently is convertible into 2.44 shares of Common Stock. Accordingly, as of the date of this Schedule 13D, the 184,951 Preferred Shares beneficially owned by the Reporting Persons are convertible into approximately 451,280 shares of Common Stock. These shares combined with the 692,259 shares of Common Stock owned represent 3.31% of the 34,528,559 shares of Common Stock deemed outstanding pursuant to Rule 13d-3(d)(1)(i) of the Exchange Act (based on 34,077,279 shares outstanding as of May 31, 2012, as disclosed in the Issuer's most recent Form 10Q filed with the SEC on July 12, 2012, plus the shares issuable upon conversion of the Reporting Persons' Preferred Shares).

(b) The Reporting Persons have sole voting and dispositive power with regard to the Preferred Shares that are beneficially held by the Reporting Persons.

(c) During the past 60 days, the Reporting Persons acquired no Preferred Shares in the secondary market but did purchase Common Shares as follows:

Trade Date	Unit		
	Date	Quantity	Price Amount
8/31/2012	692,259	2.229	\$1,543,045.31

(d) Not applicable.

(e) Not applicable.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer

Other than the Lock-Up Agreement, none of the Reporting Persons have any contracts, arrangements, understandings or relationships (legal or otherwise) with respect to any securities of the Issuer.
