Option Grants in Fiscal 2003

Edgar Filing: SILICON GRAPHICS INC - Form 10-K/A

The following table provides details regarding all stock options granted to the executive officers named in the Summary Compensation Table in fiscal 2003.

Name	Individual Grants(1)							Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(2)			
	Number of Securities Underlying Options Granted		% of Total Options Granted to Employees in Fiscal Year		Exercise Price (\$/Share)		Expiration Date	5%		10%	
Robert R. Bishop					N/A		N/A				
Warren C. Pratt					N/A		N/A				
Jeffrey V. Zellmer	225,000		2.28%		\$ 1.45		7/31/12	\$ 205,177		\$ 519,958	
Anthony K. Robbins	250,000		2.53%		\$ 1.45		7/31/12	227,974		577,732	
Sandra M. Escher	160,000		1.62%		\$ 1.45		7/31/12	145,904		369,748	

(1) The options in this table were granted under the 1993 Long-Term Incentive Stock Plan. The options become exercisable at a rate of 2% per month over a period of fifty months and expire ten years from the date of grant.

(2) Potential realizable value assumes that the stock price increases from the date of grant until the end of the option term (10 years) at the annual rate specified (5% and 10%). The 5% and 10% assumed annual rates of appreciation are mandated by SEC rules and do not represent SGI's estimate or projection of the future price of its common stock. SGI believes that this method does not accurately illustrate the potential value of stock options.

Option Exercises in Fiscal 2003 and Fiscal Year-End Option Values

Name	Shares Acquired on Exercise	Value Realized	Number of Unexercised Options at June 27, 2003		Value of Unexercised In-the-Money Options at Fiscal Year End(1)

(1) The amounts in this column reflect the difference between the closing market price of the common stock on June 27, 2003, which was \$1.10, and the option exercise price. The actual value of unexercised options fluctuates with the market price of the common stock.

Director Compensation

Edgar Filing: SILICON GRAPHICS INC - Form 10-K/A

Employee directors are not compensated for their service on the Board.

Each non-employee director receives a fee of \$6,000 per quarter and \$2,000 for each Board and committee meeting attended. The chair of each committee receives an additional \$1,000 for each committee meeting attended. The Lead Director receives an additional fee of \$3,000 per quarter.

Each non-employee director is granted an option to purchase 50,000 shares of common stock on the date on which he or she first becomes a director. These options become exercisable in equal installments on the first two anniversary dates following the date of grant, subject to accelerated vesting on a change in control. At the regularly scheduled fall meeting of the Board, each non-employee director who has served on the Board for at least six months also receives an option to purchase 20,000 shares of common stock which is fully exercisable on the date of grant. The exercise price of the initial option grants and the annual option grants to directors is the fair market value of our common stock at the time of grant. Options granted to non-employee directors expire after ten years, and can only be exercised while the optionee is a director, or within three months after service as a director terminates or within one year after a director's service terminates due to death, disability or retirement from the Board with more than 5 years of service at age 65 or above.

Under the Silicon Graphics Non-Qualified Deferred Compensation Plan, non-employee directors may elect in advance to defer all or a portion of their cash compensation. Directors who participate in the deferral plan may direct the investment of the assets in their deferral accounts among a variety of mutual funds or may make an irrevocable election to credit the deferred fees to a stock credit account based on the value of the Company's common stock. Directors may elect to receive payment of their deferred compensation in a lump sum or in annual installments not to exceed ten years, except in the case of amounts in the stock credit account, which are distributed in a lump sum based on the value of the Company's common stock at the time the director's service terminates.

REPORT OF THE COMPENSATION AND HUMAN RESOURCES COMMITTEE OF THE BOARD OF DIRECTORS

Edgar Filing: SILICON GRAPHICS INC - Form 10-K/A

The following Report of the Compensation and Human Resources Committee of the Board shall not be deemed to be soliciting material or to be filed with the SEC nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933 (the Securities Act) or the Securities Exchange Act of 1934 (the Exchange Act), each as amended, except to the extent that SGI specifically incorporates it by reference into such filing.

The Compensation and Human Resources Committee of the Board of Directors reviews and approves executive compensation policies, including compensation of the Chief Executive Officer. The Committee administers SGI's stock incentive plans, approves stock option grants for employees, and reviews management performance and the Company's succession planning. The Committee is currently composed of three independent directors, as defined by the listing standards of the New York Stock Exchange.

Compensation Philosophy

Edgar Filing: SILICON GRAPHICS INC - Form 10-K/A

SGI operates in the highly competitive and rapidly changing high technology industry. The Committee seeks to establish compensation policies that allow SGI flexibility to respond to changes in its business environment. The goals of SGI's compensation program are to align compensation with SGI's overall business objectives and performance, to foster teamwork and to enable SGI to attract, retain and reward employees who contribute to its long-term success.

Executive Compensation Components

Edgar Filing: SILICON GRAPHICS INC - Form 10-K/A

Compensation for SGI's executive officers generally consists of base salary and annual incentive plans, combined with stock option awards. The Committee assesses the past performance and anticipated future contribution of each executive officer in establishing the total amount and mix of each element of compensation.

Salary. The salaries of the executive officers, including the Chief Executive Officer, are determined by the Committee with reference to several surveys of salaries paid to executives with similar responsibilities at comparable companies, primarily in the high technology industry. The peer group for each executive officer is composed of executives whose responsibilities are similar in scope and content. SGI seeks to set executive compensation levels that are competitive with the average levels of peer group compensation. During fiscal 2003, there were no salary increases for executive officers.

Annual Incentive. The Committee annually reviews and approves an executive incentive plan. During fiscal 2003, all executive officers were eligible for target bonuses based on a percentage of their base salary, depending on their positions. The bonus, if awarded, is computed as a percentage of that target based on SGI's performance in achieving specified objectives. For fiscal 2003, these objectives included the achievement by SGI of certain quarterly revenue and EBITDA goals. No payments were made in fiscal 2003 under this plan.

Deferred Compensation Plan. The Non-Qualified Deferred Compensation Plan is a voluntary, non-tax qualified plan available to certain members of management and non-employee directors. Participants in the plan may elect in advance to defer all or a portion of their cash compensation.

Stock Options and Restricted Stock Awards. Stock options and restricted stock awards are designed to align the interests of executives with the long-term interests of the stockholders. The Committee approves option grants subject to vesting periods to retain executives and encourage sustained contributions. The exercise price of most options is the market price on the date of grant. Restricted stock awards are also subject to vesting, based generally on the passage of time. No restricted stock awards were granted to executive officers in fiscal 2003.

Compensation of the Chief Executive Officer. Robert R. Bishop joined the company in the fall of 1999 as Chairman and Chief Executive Officer at an initial annual base salary of \$800,000. Over the four years he has been in this role, his salary has remained unchanged. The Committee set Mr. Bishop's target for participation in the fiscal 2003 executive incentive program at 185% of his base salary, such that his bonus, had it been awarded would have comprised the majority of his total potential annual compensation. Mr. Bishop, who owns about 2% of the Company's outstanding common stock, did not receive a stock option grant in fiscal 2003. No bonus was paid in fiscal 2003, and Mr. Bishop has deferred all of his cash compensation for fiscal 2001, 2002 and 2003.

Section 162(m)

Edgar Filing: SILICON GRAPHICS INC - Form 10-K/A

SGI is subject to Section 162(m) of the U.S. Internal Revenue Code, which limits the deductibility of certain compensation payments to its executive officers. SGI does not have a policy requiring the Committee to qualify all compensation for deductibility under this provision. The Committee's current view is that any non-deductible amounts will be immaterial to SGI's financial or tax position, and that SGI derives substantial benefits from the flexibility provided by the current system, in which the selection and quantification of performance targets are modified from year to year to reflect changing conditions. However, the Committee considers the net cost to SGI in making all compensation decisions and will continue to evaluate the impact of this provision on its compensation programs.

Amended and Restated 1996 Supplemental Non-Executive Equity Incentive Plan

The Board approved the 1996 Supplemental Non-Executive Equity Incentive Plan in April 1996 and amended the plan to increase the number of authorized shares in July 2001. The plan was not submitted to a stockholder vote. Under the plan, stock awards and nonstatutory stock options may be granted to Company employees with a status below vice-president. Subject to certain adjustments upon a change in capitalization, the maximum aggregate number of shares of common stock of the Company issuable under the plan is 22,500,000 shares. As of June 27, 2003, the number of shares of common stock of the Company issuable under the plan was 5,236,063 shares. The plan will remain in effect until terminated by the Board. The Compensation and Human Resources Committee is responsible for administering the plan.

The per share exercise price for the shares issuable is determined by the committee, which has generally been the fair market value of the shares on the date of grant. The options may be exercised for a period of ten years following the date of grant. However, in the event a holder ceases to be an employee of the Company, such holder may be required to exercise the option or right prior to the ten year period. Options generally are granted with monthly vesting over 25 or 50 months, and options granted to newly hired employees generally are not exercisable for 10 months following the date of hire. Unless otherwise determined by the committee at the time of grant, each option provides that in the event of a change in control of the Company, any options will become exercisable in full if, within 24 months after a change in control of the Company, the option holder's employment is terminated without cause or the option holder resigns due to certain involuntary relocations or reductions in compensation.

The Board may amend, alter, suspend or terminate the plan at any time. However, no amendment, alteration, suspension or termination of the plan shall impair the rights of any holder of an option or right, unless mutually agreed otherwise between the holder and the Company.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Arrangements with Executive Officers

Employment Continuation Agreements. SGI has entered into employment continuation agreements with each of its executive officers with the goal of encouraging the continued employment of key executives in the event of a potential change in control of SGI. Under the agreements, each executive officer is entitled to a termination payment equal to two years of his or her compensation if employment with SGI is terminated within 24 months after a change in control, and is granted full vesting of options and restricted stock effective after a change in control.

Executive Loans. During fiscal 2001 and 2002, the Company extended loans to several executive officers. The loans were intended to provide a retention incentive and were approved by the Compensation and Human Resources Committee of the Board. Since the loans were extended, federal legislation has been enacted prohibiting such extensions of credit to executive officers and accordingly, no future extensions of credit will be made by the Company, although the Company continues to honor its contractual obligations under pre-existing extensions of credit.

Dr. Pratt was made Chief Operating Officer in April 2001. Under his amended employment agreement entered into at that time, the Company committed to extend credit of \$5 million to Dr. Pratt, to be paid in annual installments through May 2004 subject to his continued employment with the Company. Pursuant to this agreement, the Company advanced funds of \$2 million in May 2001, \$1 million in May 2002, and \$1 million in May 2003, and is required to advance funds of an additional \$1 million in May 2004 if Dr. Pratt continues to be employed with the Company. The loan is interest free and will be settled at May 2005, or earlier in the event of a change in control or the termination of Dr. Pratt's employment by the Company without cause or by him for good reason. At the settlement date, Dr. Pratt will repay the outstanding principal amount of the loan up to an amount equal to (i) the value of his vested stock options and restricted stock held or sold from May 2000 through the settlement date and (ii) any change in control payments he receives. Any remaining amount of the loan will be forgiven. On a termination for cause or resignation without good reason before a change in control, the principal amount of the loan will be repayable in full. To the extent that Dr. Pratt is subject to income tax as a result of income being imputed to him due to the interest free nature of the loan, the Company agreed to pay Dr. Pratt an amount equal to (x) an amount, which after the imposition of taxes on such amount, will equal the amount of such income tax arising due to the interest free nature of the loan less (y) the amount of the actual after-tax income received by Dr. Pratt as a result of investing the proceeds of the loan.

In September 2000, the Company also made Dr. Pratt two five-year relocation loans secured by his California residence. Dr. Pratt received a \$250,000 loan with an annual interest rate of 6.75% to be repaid in September 2005 or on the earlier sale of the residence or termination of his employment and a \$500,000 loan at no interest to be forgiven in monthly installments over five years subject to continued employment with the Company. To the extent that Dr. Pratt is subject to income tax as a result of the forgiveness of the loan or the interest free nature of the loan, the Company agreed to pay Dr. Pratt an amount, which after the imposition of taxes on the amount, will equal the amount of the income taxes arising. Dr. Pratt's maximum aggregate indebtedness to the Company during fiscal 2003 under these loans was \$591,875, and at September 30, 2003 was \$504,119. During fiscal 2003, Dr. Pratt also received tax equalization benefits in the amount of \$44,263 in connection with his service in fiscal 1999 and 2000 as President of the Company's Alias Systems subsidiary in Toronto, Ontario.

The Company loaned Ms. Escher \$280,000 in October 2001. The loan was interest free and, in accordance with its terms, has been forgiven in quarterly installments beginning in December 2001 over two years. The maximum amount of Ms. Escher's indebtedness to the Company during fiscal 2003 was \$175,000. As of September 30, 2003, the loan has been fully forgiven. To the extent that Ms. Escher was subject to income tax as a result of the interest free nature of the loan, the Company agreed to pay Ms. Escher an amount, which after the imposition of taxes on the amount, was equal to the amount of the income taxes arising due to the interest free nature of the loan.

Mr. Zellmer was made Chief Financial Officer in July 2001. As part of his compensation arrangement, the Company loaned Mr. Zellmer \$500,000. The loan was interest free and, in accordance with its terms, has been forgiven in quarterly installments since October 2001 over two years. The maximum amount of Mr. Zellmer's indebtedness to the Company during fiscal 2003 was \$250,000. As of September 30, 2003, the loan has been fully forgiven. To the extent that Mr. Zellmer was subject to income tax as a result of the interest free nature of the loan, the Company agreed to pay Mr. Zellmer an amount, which after the imposition of taxes on such amount, was equal to the amount of such income taxes.
