As used herein, unless the context requires otherwise, the terms Holdings , Company , we , our , and us refer only to Hawaiian Holdings, Inc., and the term Hawaiian refers only to Hawaiian Airlines, Inc., Holdings primary operating subsidiary.

GENERAL INFORMATION

Solicitation of Proxies

Our Board of Directors is soliciting the enclosed proxy. We will make proxy solicitations by mail, and also by telephone, facsimile transmission or otherwise, as we deem necessary. We will bear the costs of this solicitation. We will request banks, brokerage houses, nominees and other fiduciaries nominally holding shares of our common stock, \$0.01 par value (the Common Stock), to forward the proxy soliciting materials and stockholder questionnaires to the beneficial owners of such Common Stock and to obtain authorization for the execution of proxies. We will, upon request, reimburse such parties for their reasonable expenses in forwarding proxy materials and stockholder questionnaires, to the beneficial owners. We do not currently expect to engage an outside firm to solicit votes.

Record Date, Quorum and Voting Requirements

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

Holders of shares of Common Stock and our Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock (collectively, the Special Preferred Stock) at the close of business on April 16, 2007 (the Record Date), are entitled to notice of, and to vote at, the Annual Meeting. On that date, approximately 46,583,914 shares of Common Stock and one share each of the Series B Special Preferred Stock, the Series C Special Preferred Stock and the Series D Special Preferred Stock were outstanding. Each share of Common Stock and Special Preferred Stock outstanding on the Record Date is entitled to one vote on each matter presented at the Annual Meeting. The presence, in person or by proxy, of stockholders of a majority of the issued and outstanding Common Stock and Special Preferred Stock held of record on the Record Date constitutes a quorum for the transaction of business at the Annual Meeting. The election of directors requires a plurality of the votes cast by the holders of shares of Common Stock and Special Preferred Stock at a meeting at which a quorum is present. Our Common Stock is listed on the American Stock Exchange (AMEX) and the NYSE Arca under the symbol HA. We intend to delist our shares of Common Stock from the NYSE Arca promptly after the filing of this proxy statement.

Shares of Common Stock and Special Preferred Stock represented by all properly executed proxies received in time for the Annual Meeting will be voted, unless revoked, in accordance with the choices specified in the proxy,

1

subject to our receipt of the stockholder questionnaires described below. See **Restriction on Foreign Ownership of Voting Stock**. Unless contrary instructions are indicated on the proxy, the shares will be voted FOR the election of the eight director nominees named in this proxy statement. Representatives of our transfer agent will assist us in the tabulation of the votes. Abstentions and broker non-votes are counted as shares represented at the meeting and entitled to vote for purposes of determining a quorum. Abstentions have the same legal effect as a vote against election of the directors. Brokers do not have the discretionary power to vote with respect to the election of directors, absent the receipt from the beneficial owners of such shares of specific voting instructions, as well as a completed questionnaire as described below.

Restriction on Foreign Ownership of Voting Stock

Our Amended and Restated Certificate of Incorporation (the **Certificate of Incorporation**) prohibits the ownership or control by non-U.S. citizens of more than 25% of our issued and outstanding voting stock, pursuant to the federal Transportation Act. In order to comply with this requirement, we maintain a Foreign Stock Record to keep track of transfers of our voting stock to non-U.S. citizens. At no time will the ownership or control of shares representing more than 25% of our voting stock be registered on the Foreign Stock Record. If, at any time, we determine that the number of shares of our voting stock purportedly registered on the Foreign Stock Record exceeds 25% of the total number of shares of our voting stock, we shall remove sufficient shares from the Foreign Stock Record in reverse chronological order so that the number of shares of our voting stock registered on the Foreign Stock Record does not exceed 25% of the total number of shares of our voting stock. Shares of our voting stock that we know to be owned or controlled by non-U.S. citizens and that are not registered on the Foreign Stock Record shall not be entitled to vote until so registered.

Before any stockholder (including any natural person, as well as any corporation or other entity) of the Company is permitted to vote its shares at the Annual Meeting, that stockholder must complete and return a questionnaire (included on the proxy card) to establish its citizenship. If any stockholder is determined not to be a U.S. citizen, that stockholder's stock will be registered on the Foreign Stock Record and voted in accordance with the Certificate of Incorporation, subject to the limitations and procedures described above.

Special Preferred Stock Designees

As described in greater detail in the section below entitled **Security Ownership of Certain Beneficial Owners and Management** **Special Preferred Stock**, the International Association of Machinists and Aerospace Workers (the **IAM**), the Association of Flight Attendants (the **AFA**) and the Air Line Pilots Association (the **ALPA**) (collectively, the **Unions**) hold one share of the Company's Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock, respectively, that, in accordance with our Amended By-Laws, entitle each Union to nominate one director (each such director, a **Special Preferred Stock Designee**). Mr. Sean Kim (**Mr. Kim**) is the IAM's designee to the Board of Directors, Mr. William S. Swelbar (**Mr. Swelbar**) is the AFA's designee to the Board of Directors and Mr. Eric C.W. Nicolai (**Mr. Nicolai**) is the ALPA's designee to the Board of Directors. The Special Preferred Stock Designees are not elected by the holders of the Common Stock, and their election is, accordingly, not to be considered at the Annual Meeting.

Under Delaware law, you are not entitled to any dissenters' rights with respect to election of directors described in this proxy statement.

Revocability of Proxy

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We are committed to adopting and adhering to sound corporate governance principles. Having such principles is essential to operating our business efficiently and to maintaining our integrity and reputation in the marketplace. Our Board of Directors has been active in corporate governance initiatives. All of the charters of our Board Committees and our Code of Ethics are available on the Investor Relations section of our website at <http://www.hawaiianairlines.com>.

Board Independence

The Board of Directors assesses the independence of its members at least annually. The Board of Directors' assessment is based upon the listing standards of the AMEX, the federal securities laws and the regulations promulgated by the Securities and Exchange Commission (the SEC) thereunder. In addition, the Board of Directors has established guidelines, which are attached as Appendix A to this proxy statement, to assist it in determining director independence, which conform to, or more exacting than, the independence requirements of the AMEX and the SEC. During the annual assessment of director independence, the Board of Directors considers transactions and relationships between the Company or its subsidiaries or affiliates, on the one hand, and each director, members of his or her immediate family, or other entities with which he or she is affiliated, on the other hand. The Board of Directors has affirmatively determined that a majority of its members and each member of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee are independent within the meaning of our, the AMEX's and the SEC's director independence standards. The independent directors are named below under Election of Directors.

Meetings of the Board and Committees

The Board of Directors has established the following committees: the Audit Committee, the Compensation Committee and the Governance and Nominating Committee. The Board of Directors held seven formal meetings and acted by unanimous written consent seven times during the year ended December 31, 2006. Each director attended at least 75% of the meetings of the Board of Directors and Committee meetings that he or she was obligated to attend. Our policy regarding attendance at Board of Directors meetings is that we expect directors to make every effort to attend all Board of Directors meetings, recognizing that scheduling difficulties may at times arise. We do not have a policy with regard to the attendance by directors at the Company's annual meeting of stockholders. The membership and function of each committee during the last fiscal year are described below.

Members acting on the committees of the Board of Directors during the year were:

	Audit Committee	Compensation Committee	Governance and Nominating Committee
Gregory S. Anderson(1)	Member		Chairperson
L. Todd Budge(2)	Member		Member
Donald J. Carty(1)	Chairperson	Member	
Thomas B. Fargo		Chairperson	
Bert T. Kobayashi, Jr.	Member	Member	Member
Crystal K. Rose		Member	Member

(1) Mr. Carty resigned from the Board of Directors and from each committee on which he served in February 2007. Mr. Anderson replaced Mr. Carty as Chairperson of the Audit Committee starting February 2007.

(2) Mr. Budge was appointed to the Audit Committee and Governance and Nominating Committee in June 2006.

(3) Ms. Rose was appointed to the Compensation Committee and Governance and Nominating Committee in June 2006.

Audit Committee

On March 8, 2005, the Board of Directors adopted an Amended and Restated Charter for the Audit Committee, which is attached as Appendix E to our Definitive Proxy Statement filed on June 13, 2005. A copy of this document is also available on our website (www.hawaiianairlines.com), upon written request to the Secretary of Hawaiian Holdings, Inc. at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 or by calling (808) 835-3700. We have a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. Pursuant to the Audit Committee charter, the Audit Committee is responsible for the appointment, compensation, retention, and oversight of the work of our independent registered public accounting firm. Its principal functions are to: (i) oversee the integrity of our financial statements and other financial information provided by us to any governmental body or the public; (ii) oversee our systems of internal controls and procedures regarding finance, accounting, disclosures and legal compliance with applicable laws and regulations; and (iii) monitor the performance of the internal auditors and the independence, qualifications and performance of the independent registered public accounting firm and pre-approve services provided by the independent registered public accounting firm. The Board of Directors has also determined that Mr. Carty and Mr. Anderson (who succeeded Mr. Carty as Chairman of the Audit Committee in February 2007) satisfy the criteria set forth in Item 401(h) of Regulation S-K promulgated under the Exchange Act to serve as the audit committee financial expert on the Audit Committee. The Audit Committee met nine times in 2006 and did not act by unanimous written consent during 2006. The report of the Audit Committee is included on page 36 of this proxy statement.

Compensation Committee

On February 8, 2007, the Board of Directors adopted an Amended and Restated Charter for the Compensation Committee which is attached to this proxy statement as Appendix B. A copy of this document is also available on our website (www.hawaiianairlines.com), upon written request to the Secretary of Hawaiian Holdings, Inc. at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 or by calling (808) 835-3700. The Compensation Committee has overall responsibility for evaluating and approving executive officer and director compensation plans, policies and programs of the Company, as well as all equity-based and incentive compensation plans and policies. The Compensation Committee oversees the annual review and approval of corporate goals and objectives relevant to the compensation of executive officers, the evaluation of the performance of the executive officers in light of those goals and objectives, and the determination and approval of such officers compensation based on the evaluations. The Compensation Committee met six times and acted by unanimous written consent twice during 2006. The report of the Compensation Committee is included on page 18 of this proxy statement.

Governance and Nominating Committee

On May 31, 2007, the Board of Directors adopted an Amended and Restated Charter for the Governance and Nominating Committee, which is attached to this proxy statement as Appendix C. A copy of this document is also available on our website (www.hawaiianairlines.com), upon written request to the Secretary of Hawaiian Holdings, Inc. at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 or by calling (808) 835-3700. The principal functions of the Governance and Nominating Committee are to: (i) monitor and oversee matters of corporate governance, including the evaluation of Board of Director performance and processes and the independence of directors, and (ii) identify, select, evaluate and recommend to the Board of Directors qualified candidates for election or appointment to the Board of Directors.

The Governance and Nominating Committee will consider potential nominees brought to its attention by any director or officer of the Company and will consider such candidates based on their achievement in business, education or public service, experience (including management experience in a public company), background, skills, expertise, accessibility and availability to serve effectively on the Board of Directors. The Governance and Nominating Committee will also consider nominees recommended in good faith by stockholders. As described further herein under the section entitled Stockholder Proposals, stockholders should submit the candidate's name, credentials, contact information and his or her written consent to be considered as a candidate to the Governance and Nominating Committee to the Secretary of the Company at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 no earlier than 120 days or later than 90 days prior to the first anniversary of the Annual Meeting. The proposing stockholder should also include his or her contact information and a statement of his or her share ownership (how many shares owned and for how long). Such stockholder recommended candidates will be evaluated in the same manner as candidates nominated by any other person. We do not pay any fees to any third parties for assisting us with nominations and evaluations of candidates for director, nor do we obtain such services from third parties.

The Governance and Nominating Committee recommends to the Board of Directors the assignment of directors to committees, including the designation of committee chairs. The Governance and Nominating Committee also recommends to the Board of Directors the amount and form of compensation payable to the directors. In addition, the Governance and Nominating Committee is responsible for overseeing the implementation of, and periodically reviewing, our Corporate Governance Guidelines. The Governance and Nominating Committee met once and did not act by unanimous written consent during 2006.

The independent directors meet on a regular basis to review the performance of management and the Company. The presiding director at such sessions is rotated among the independent directors.

The chairman of the Audit Committee receives an annual retainer of \$10,000 and the chairmen of the Compensation Committee and the Governance and Nominating Committee each receive an additional annual retainer of \$2,000. Non-employee directors shall also receive automatic grants of stock options under the terms of the Hawaiian Holdings, Inc. 2005 Stock Incentive Plan, as amended (the 2005 Stock Incentive Plan). EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

We operate in a highly competitive industry and recognize that effective compensation strategies are critical to retain key employees and maximize stockholder value creation. The primary objective of our compensation program, including executive compensation, is to attract, retain and motivate the best people available. Our compensation program is designed to reward the achievement of specific goals set for the Company as well as those set for individual executives. By rewarding executive performance which meets or surpasses these established goals, the interest of executives and stockholders are aligned. We also seek to ensure that total compensation provided to our key executives remains competitive relative to the compensation paid to similarly situated executives of our peer companies. As used herein, the phrase "our executives" refers to the executive officers of Hawaiian and Holdings.

Employment Agreements

The 2006 compensation paid to our named executive officers, i.e., Messrs. Dunkerley, Ingram, Osborne and Davies and Ms. Falvey is set forth in employment agreements that were negotiated at arm's length between the Company and each such executive officer. Each such agreement was reviewed and approved by the Compensation Committee prior to its execution.

On June 2, 2005, the effective date of Hawaiian's joint plan of reorganization, Mr. Dunkerley, who had been serving as Hawaiian's President and Chief Operating Officer, was appointed President and Chief Executive Officer of Holdings and Hawaiian. Shortly thereafter, on August 18, 2005, we entered into a thirty-six (36) month employment agreement (the "Dunkerley Agreement") with Mark B. Dunkerley providing for Mr. Dunkerley's continued service as our President and Chief Executive Officer. Under the Dunkerley Agreement, Mr. Dunkerley is entitled to an annual base salary of \$550,000, and is eligible to receive an annual bonus of one hundred percent (100%) and a maximum of two hundred percent (200%) of his annual base salary, if he achieves certain targets to be established by our Board of Directors. Mr. Dunkerley's annual base salary and target bonus were established, in part, based on the annual base salary and target bonus he received for serving as Hawaiian's President and Chief Operating Officer, through negotiation between us and Mr. Dunkerley and an analysis of the compensation paid to the chief executive officer of peer companies. The Dunkerley Agreement provides for the grant to Mr. Dunkerley of stock options to purchase 1,044,000 shares of our Common Stock. Options to purchase 300,000 shares were granted on June 10, 2005 (the date of the annual grant of stock options to our executive officers) under our 1996 Stock Incentive Plan. Following shareholder approval of our 2005 Stock Incentive Plan in July 2005, the balance of the options was granted to Mr. Dunkerley. Mr. Dunkerley's stock options were granted at exercise prices equal to the fair market value of our Common Stock on the date of grant. The options vest in equal installments on January 1 in each of the years 2006, 2007 and 2008. The Dunkerley Agreement contains certain covenants, including a non-competition covenant covering the term of his employment and an additional period of twelve (12) months thereafter. See also "Potential Payments Upon Termination or Change-in-Control" for a description of various scenarios that would trigger payments to Mr. Dunkerley in the event of his termination of employment.

On November 18, 2005, Hawaiian entered into an employment agreement with Peter R. Ingram (the "Ingram Agreement") providing for Mr. Ingram's service as Executive Vice President and Chief Financial Officer of Hawaiian. The Ingram Agreement provides that either party has the right to terminate the employment relationship at any time for any reason, with or without cause. Under the Ingram Agreement, Mr. Ingram is entitled to receive an annual base salary of \$275,000, subject to annual increases at the discretion of the Board of Directors. On November 1, 2006, Mr. Ingram's base salary was increased to \$300,000. Mr. Ingram is also eligible to receive a target bonus of seventy-five percent (75%) of his annual base salary, subject to the achievement of certain performance targets. Mr. Ingram's base salary and target bonus were established, in part, based upon our review of publicly available information of competing companies of similar size and through negotiation between us and Mr. Ingram. In 2005, Mr. Ingram received a \$50,000 signing bonus and an additional \$50,000 as a prepayment of his fiscal 2006 incentive compensation. In 2005, Mr. Ingram also received a reimbursement of relocation expenses to Hawaii, a housing allowance and a related lump sum payment aggregating approximately \$59,000. On

November 16, 2005 and November 10, 2006, Mr. Ingram was awarded stock options to purchase 100,000 and 100,000 shares of our Common Stock, respectively. The November 16, 2005 grant date was established to coincide with Mr. Ingram's appointment as our Executive Vice President and Chief Financial Officer, and the November 10, 2006 grant date was established to coincide with Mr. Ingram's commencement of employment with Hawaiian. Such options are exercisable, subject to vesting as described below, at the fair market value of our Common Stock as of such award date. The Ingram Agreement provides for Mr. Ingram to be awarded an additional 100,000 options, subject to his continued employment, on the second anniversary of the commencement of his employment. Such future options will be exercisable at the fair market value of our Common Stock as of the award date of such options. Such options will vest at the rate of 33 1/3% per year following the date of grant. The Ingram Agreement contains certain covenants, including a non-competition covenant covering the term of his employment and an additional period of twelve (12) months thereafter. See also [Potential Payments Upon Termination or Change-in-Control](#) for a description of various scenarios that would trigger payments to Mr. Ingram in the event of his termination of employment.

On April 5, 2005, Hawaiian entered into a twenty-four (24) month employment agreement with David J. Osborne (the [Osborne Agreement](#)) providing for Mr. Osborne's service as Senior Vice President and Chief Information Officer of Hawaiian. In November 2006, Mr. Osborne was promoted from Senior Vice President to Executive Vice President, and, in February 2007, the Osborne Agreement was renewed for two years. Under the Osborne Agreement, Mr. Osborne is entitled to an annual base salary of \$225,000, subject to annual increases at the discretion of the Board of Directors. On November 1, 2006, Mr. Osborne's base salary was increased to \$300,000. Mr. Osborne is also eligible to participate in any performance bonus plan, stock option plan and long-term incentive plan established by the Board of Directors of Hawaiian for its senior officers. Mr. Osborne is eligible to receive a target bonus of sixty percent (60%) of his annual base salary, subject to the achievement of certain individual and corporate performance targets. On November 1, 2006, Mr. Osborne's base salary was increased to \$300,000 and his target bonus was increased to seventy-five percent (75%). Mr. Osborne's base salary and target bonus were established, in part, based upon our review of publicly available information of competing companies of similar size and through negotiation between us and Mr. Osborne. The Osborne Agreement contains certain covenants, including a non-competition covenant covering the term of his employment and an additional period of twelve (12) months thereafter. See also [Potential Payments Upon Termination or Change-in-Control](#) for a description of various scenarios that would trigger payments to Mr. Osborne in the event of his termination of employment.

On April 1, 2002, Hawaiian entered into an eighteen (18) month employment agreement with H. Norman Davies, Jr. (the [Davies Agreement](#)) providing for Mr. Davies' service as Executive Vice President-Operations. On May 1, 2002 and on the first day of each calendar month thereafter, the term of the Davies Agreement is automatically extended for an additional month unless either party gives written notice to the other party that it does not wish to extend the term. Under the Davies Agreement, Mr. Davies is entitled to an annual base salary of \$200,000, subject to annual increases at the discretion of the Board of Directors and/or the Compensation Committee. Mr. Davies' base salary during fiscal year 2006 was \$250,000. Mr. Davies is also eligible to participate in any performance bonus plan established by the Board of Directors. Mr. Davies' base salary was established, in part, based upon our review of publicly available information of competing companies of similar size and through negotiation between us and Mr. Davies. The Davies Agreement contains certain covenants, including a non-competition covenant covering the term of his employment and an additional period of eighteen (18) months thereafter. See also [Potential Payments Upon Termination or Change-in-Control](#) for a description of various scenarios that would trigger payments to Mr. Davies in the event of his termination of employment.

On July 11, 2005, Hawaiian entered into an employment agreement with Barbara D. Falvey (the Falvey Agreement) providing for Ms. Falvey's service as Senior Vice President - Human Resources. Under the Falvey Agreement, Ms. Falvey is entitled to an annual base salary of \$250,000, subject to annual increases at the discretion of the Board of Directors. Ms. Falvey is also eligible to participate in any performance bonus plan, stock option plan and long-term incentive plan established by the Board of Directors of Hawaiian for its senior officers. Ms. Falvey is eligible to receive a target bonus of sixty percent (60%) of her annual base salary, subject to the achievement of certain individual and corporate performance targets. Ms. Falvey's base salary was established, in part, based upon our review of publicly available information of competing companies of similar size and through negotiation between us and Ms. Falvey. The Falvey Agreement provides for the grant to Ms. Falvey of stock options to purchase 166,000 shares of our Common Stock. Such options were granted on July 25, 2005 (the date of the annual grant of stock options to our executive officers) and vest at the rate of 33 1/3% per year following the date of grant. Ms. Falvey's stock options were granted at exercise prices equal to the fair market value of our Common Stock on the date of grant. The Falvey Agreement provides Ms. Falvey with a housing allowance in the amount of \$2,500 per month for the first twenty-four (24) months of employment. The Falvey Agreement contains certain covenants, including a non-competition covenant covering the term of her employment and an additional period of twelve (12) months thereafter. See also Potential Payments Upon Termination or Change-in-Control for a description of various scenarios that would trigger payments to Ms. Falvey in the event of her termination of employment.

Objectives and Philosophy of Our Compensation Program

The Compensation Committee works closely with management to design an executive compensation program to assist us in attracting and retaining outstanding executives and senior management personnel. The design and implementation of such program continually evolves as we grow, but is based primarily on two elements: (i) providing compensation opportunities that are competitive with competing companies of similar size; and (ii) linking executives' compensation with our financial performance by rewarding the achievement of our short-term and long-term objectives. Our compensation program is designed to reward individual and corporate performance and to create incentives for both operating performance in the current year and for the long-term benefit of our business so as to align the interests of management with the interests of shareholders.

Elements of Compensation

Currently, the three principal components of our executive compensation program are: (i) annual base salary, (ii) short-term incentive compensation in the form of performance bonuses payable in cash and/or stock units each year, and (iii) long-term incentive compensation in the form of stock options. These programs are structured in accordance with the Compensation Committee's objectives and philosophy.

Determination of the Amount of Each Element of Compensation

We determine the amount of each element of compensation paid to our executives by reviewing publicly available information regarding other companies which are similar to us; by evaluating the compensation appropriate to attract executives to Honolulu, Hawaii; by assessing our overall financial condition and the financial condition of the airline industry in general; by consulting, when appropriate, with compensation consulting firms; and consulting with the Chief Executive Officer with respect to other executives. In determining the amount of compensation paid to our executives, we must consider the fact that our location makes it difficult for us to attract and retain talented executives. Hawaii's relative isolation and high cost of living limits the number of talented executives who are willing to work for us. A portion of each type of compensation paid to our executives is, therefore, attributable to the fact that we need to pay a premium in order to attract talented executives to Honolulu, Hawaii.

Annual Base Salary

Base salary levels for our executives are designed to be reflective of competitive conditions in the marketplace for executives of comparable talent and experience and are based on responsibility and performance. Base salaries for executives (other than the Chief Executive Officer) are recommended by the Chief Executive Officer for the review and approval of the Compensation Committee and the Board of Directors (subject to applicable employment agreements). The base salary of the Chief Executive Officer is reviewed annually by the Chairman of the Compensation Committee with the Compensation Committee and the Board of Directors and may be increased by the Compensation Committee in its sole and absolute discretion.

During 2006, we retained the services of an independent compensation consultant to review the appropriateness and competitiveness of the annual base salaries paid to our executives, except the Chief Executive Officer. The compensation consultant evaluated compensation data from a group of companies in the airline industry, including Midwest Air Group, Inc., Frontier Airline Holdings, Inc., AirTran Holdings, Inc., JetBlue Airways Corp., Alaska Air Group, Inc., Northwest Airlines, United Airlines and AMR Corp. The compensation

consultant also evaluated compensation data from other large Hawaii-based organizations. The compensation consultant used the data from its peer analysis, together with other information, including the economic challenges and instability of the airline industry and our location in Honolulu, Hawaii, to recommend a salary range for each of our executives, except the Chief Executive Officer.

As previously described in greater detail under Compensation Discussion and Analysis Employment Agreements, we entered into employment agreements with five of our named executive officers, Mark B. Dunkerley, Peter R. Ingram, Barbara D. Falvey, David J. Osborne and H. Norman Davies, Jr. which provide for, among other things, a set annual base salary and an annual target bonus for each executive. The compensation consultant evaluated the annual base salaries provided for under the Ingram Agreement, the Falvey Agreement, the Osborne Agreement and the Davies Agreement in order to review the appropriateness and competitiveness of such salaries, as well as providing guidance in determining compensation levels for other executives. The compensation consultant determined that such salaries are appropriate and competitive and fall within the salary range that they recommended. Mr. Dunkerley's salary was not evaluated by the compensation consultant. Mr. Dunkerley's salary was established, in part, based upon the annual base salary he received for serving as Hawaiian's President and Chief Operating Officer, through negotiation between us and Mr. Dunkerley, and an analysis of the compensation paid to the chief executive officer of peer companies.

Short-Term Incentive Compensation

Short-term incentive compensation consists of annual performance bonuses. Annual performance bonuses are awarded under our 2006 Management Incentive Plan (the 2006 Incentive Plan), which was approved by our shareholders at our last annual shareholders meeting. The 2006 Incentive Plan is administered by the Compensation Committee. The Compensation Committee has the authority to select the executives to participate in the 2006 Incentive Plan (after consideration of the recommendations of the Chief Executive Officer), to establish the length of the annual and long-term performance periods, to establish the performance goals and to determine the amounts of incentive compensation bonus payable to any participant, and to make all determinations and take all other actions necessary or appropriate for proper administration and operation of the 2006 Incentive Plan. Prior to the adoption of the 2006 Incentive Plan, we operated under a similar plan, but such plan had not been submitted to our shareholders for approval.

Annual performance bonuses are based upon an assessment of corporate performance, as well as an assessment of the individual executive's performance, subject to the executive's employment agreement, if applicable. In August 2006, the Compensation Committee approved a formula for calculating bonuses for fiscal year 2006 whereby each executive's bonus is based upon a combination of factors which gives equal weighting to an assessment of corporate performance relative to specific objectives and an assessment of individual performance based on individual performance reviews conducted throughout the year. In August 2006, the Compensation Committee approved certain objectives upon which to measure corporate performance and assigned a weighting factor to each objective based upon its relative importance as determined by the Compensation Committee. In 2006, these corporate objectives included new aircraft and aircraft lease targets; the execution of a company-wide expense review; the alignment of our corporate culture; the resolution of certain issues relating to our collective bargaining agreements; the completion of a substantial portion of our IT development initiatives; the maintenance of our position in the intra-island market; meeting our operating budget; and meeting our operating performance objectives. Each executive's individual achievement is measured by comparing his or her performance against objectives related to the corporate functions for which such executive is responsible. Bonuses are then calculated based upon a target bonus for each executive and a multiplier tied to a combination of the individual executive's performance and corporate performance. In August 2006, the Compensation Committee approved the target bonuses and the multipliers to be used by the Compensation Committee in arriving at its determination with respect to bonuses for fiscal year 2006. At a meeting held in February 2007, the Compensation Committee evaluated the Company's performance for fiscal year 2006. The Compensation Committee determined that the Company achieved all of the corporate objectives established in August 2006, except with respect to new aircraft targets and operational performance. The Compensation Committee (after consideration of the Chief Executive Officer's recommendation) then set the corporate component of the multiplier for fiscal 2006. The Compensation Committee then evaluated each executive's performance for fiscal year 2006, and (after consideration of the Chief Executive Officer's recommendation, other than for his own performance) set a multiplier for each individual executive.

Long-Term Incentive Compensation

Long-term incentive compensation consists of stock options exercisable to purchase shares of our Common Stock, which may be granted to executives under the Company's 2005 Stock Incentive Plan. The exercise price of stock options represents the fair market value of our Common Stock on the date of grant, which is the closing sale price of our Common Stock on the American Stock Exchange. Generally, the stock options become exercisable in equal yearly increments over three years and expire ten years from the date of grant. The deferred vesting provisions of the stock options are designed to reward long-term contributions and create an incentive for executives to remain with us. The Compensation Committee believes that granting stock options creates an incentive to promote our long-term interests and aligns the economic benefit to be derived therefrom by our executives with those of the shareholders. Stock options are granted by the Compensation Committee to key employees based on recommendations of the Chief Executive Officer, and levels of participation in the plan generally vary based upon the employee's position with the Company. The Stock Incentive Plan also authorizes the issuance of restricted stock, none of which has been issued by us under the Stock Incentive Plan to date.

The number of stock options granted to our executives (other than Messrs. Dunkerley and Ingram) in fiscal year 2006 were recommended by Mr. Dunkerley for the review and approval of the Compensation Committee and were generally based on performance and responsibility. Mr. Ingram was granted stock options to purchase 100,000 shares of our Common Stock in fiscal year 2006 in accordance with the terms of his employment agreement.

On March 9, 2007, the Compensation Committee approved the grant of 50,000 deferred stock units (the Units), which are payable on the applicable Delivery Date (as defined below) in an equal number of shares of Common Stock, to Mr. Dunkerley, in partial satisfaction of the discretionary portion of Mr. Dunkerley's 2006 annual bonus. The Units are subject to the terms and conditions of the 2005 Stock Incentive Plan. The Units are fully vested as of the date of grant, subject to forfeiture only in the event that Mr. Dunkerley's employment is terminated with

Cause (as defined in Dunkerley Agreement). The value of the Units is \$220,500. The shares of Common Stock underlying the Units will be delivered on the earlier of (i) January 2, 2008; (ii) Mr. Dunkerley's death or disability; (iii) Mr. Dunkerley's voluntary termination of employment; or (iv) a change in control of the Company (such date, the Delivery Date). Mr. Dunkerley shall not be entitled to vote the shares of Common Stock underlying the Units until such shares of Common Stock are delivered to Mr. Dunkerley on the Delivery Date. Any dividends or distributions paid to our stockholders prior to the Delivery Date will be credited to the Units and added to the number of shares of Common Stock delivered to Mr. Dunkerley on the Delivery Date.

Allocating Between Long-Term/Short-Term and Cash/Non-Cash Compensation

The Compensation Committee considers various factors in order to design a compensation program that provides the appropriate mix of short-term/long-term and cash/non-cash compensation. These factors include the value our executives place on the various forms of compensation; the economic and financial impact associated with providing the various forms of compensation; and whether providing the various forms of compensation will help us achieve our long-term corporate objectives. In determining the appropriate mix of compensation, the Compensation Committee assesses the value our executives assign to the various forms of compensation, and their preferences for each type of compensation. This allows us to direct our resources to the incentives that are most likely to retain top executives and motivate desired behaviors—improving the likelihood of enhanced financial performance and shareholder value creation. We award long-term incentive compensation in order to achieve a variety of long-term objectives, including retaining talented executives, aligning executives' financial interests with the interests of shareholders, rewarding the achievement of our long-term corporate goals and lengthening executives' time horizons and focusing their attention on creating shareholder value. In determining the appropriate mix of compensation, the Compensation Committee also considers the accounting costs and dilutive impact of the various forms of compensation, as well as our ability to pay compensation in cash, as opposed to stock options, restricted shares, or other forms of non-cash compensation.

Specific Items of Corporate Performance We Consider in Making Compensation Decisions

As previously described in greater detail under Compensation Discussion and Analysis Determination of the Amount of Each Element of Compensation Short-Term Incentive Compensation, in August 2006, the Compensation Committee approved the specific corporate objectives to be used to measure corporate performance. These corporate objectives include new aircraft and aircraft lease targets; the execution of a company-wide expense review; the alignment of our corporate culture; the resolution of certain issues relating to our collective bargaining agreements; the completion of a substantial portion of our IT development initiatives; the maintenance of our position in the inter-island market; meeting our operating budget; and meeting our operating performance objectives.

Compensation Committee Discretion

Under the 2006 Incentive Plan, the Compensation Committee retains discretion (i) to select the executives to participate in the 2006 Incentive Plan, (ii) to establish performance goals, (iii) to establish the length of time over which to measure whether an executive has satisfied his or her performance goals, (iv) to establish the amount of incentive compensation bonus payable to any executive, and (v) to make all determinations and take all other actions necessary or appropriate for the proper administration and operation of the 2006 Incentive Plan.

Under the Stock Incentive Plan, the Compensation Committee retains discretion (i) to select the participants who will receive awards pursuant to the Stock Incentive Plan, (ii) to determine the type or types of awards to be granted to each participant, (iii) to determine the number of shares of stock to which an award will relate, the terms and conditions of any award granted under the Stock Incentive Plan and all other matters to be determined in connection with an award; (iv) to determine whether, to what extent, and under what circumstances an award may be settled, or the exercise price of an award may be paid, in cash, stock, other awards or other property, or an award may be canceled, forfeited, or surrendered; (v) to determine whether, and to certify that, performance goals to which the settlement of an award is subject are satisfied; (vi) to correct any defect or supply any omission or reconcile any inconsistency in the Stock Incentive Plan, and to adopt, amend and rescind such rules and regulations as, in its opinion, may be advisable in the administration of the Stock Incentive Plan; and (vii) to make all other determinations as it may deem necessary or advisable for the administration of the Stock Incentive Plan.

During fiscal year 2006, the Compensation Committee exercised the discretion available to it when awarding incentive compensation to our executives under the 2006 Incentive Plan and the Stock Incentive Plan.

Determination of Stock Option Grant Dates

The Compensation Committee generally grants stock options at the following times: (i) on the date the executive receiving the stock option grant is hired, and (ii) once annually under the Stock Incentive Plan. Stock options granted under the Stock Incentive Plan are recommended by the Chief Executive Officer for the review and approval of the Compensation Committee. In certain circumstances, the Compensation Committee may grant stock options at other times during the year. The Compensation Committee endeavors to avoid granting stock options in advance of the release of news which might impact the price of our Common Stock. See Compensation Discussion and Analysis Determination of the Amount of Each Element of Compensation Long-Term Incentive Compensation.

Tax and Accounting Treatment

Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for non-performance-based compensation over \$1 million paid for any fiscal year to each of the individuals who were, at the end of the fiscal year, the corporation's chief executive officer and the four other most highly compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The Stock Incentive Plan and the 2006 Bonus Plan have been structured to comply with the requirements of Section 162(m) regarding qualifying performance-based compensation to provide for the deductibility of compensation payable thereunder. All stock awards granted during fiscal year 2006 under the Stock Incentive Plan qualify as performance-based compensation. None of the bonuses awarded during fiscal year 2006 under the 2006 Incentive Plan qualify as performance-based compensation. The Compensation Committee believes

that tax deductibility is an important consideration in determining compensation for our executive officers. However, it retains the flexibility to pay compensation to senior executives based on other considerations if it believes that doing so is in the stockholders' interests.

Accounting Treatment

In December 2004, the Financial Accounting Standards Board issued SFAS No. 123 (revised 2004), Share Based Payment (SFAS 123R), which replaces SFAS 123, and supersedes APB 25. SFAS 123R requires that all stock-based payments to employees, including grants of employee stock options, be recognized as compensation expense in the financial statements based on their fair values. SFAS 123R also requires that tax benefits associated with these stock-based payments be classified as financing activities in the statement of cash flows rather than operating activities as currently permitted.

We adopted SFAS 123R effective January 1, 2006. It is effective for all awards granted after that date. For stock option awards granted prior to January 1, 2006 but for which the vesting period was not complete, we adopted the modified prospective transition method permitted by SFAS 123R. Under this method, we accounted for such awards on a prospective basis, with expense recognized in our statement of operations beginning in the first quarter of 2006 using the grant-date fair values. We recognize the related compensation cost not previously recognized in the SFAS 123 pro forma disclosures over the remaining vesting period.

Security Ownership Guidelines; Policies Regarding Hedging the Risk of Security Ownership

While the Compensation Committee encourages equity ownership by our executives, we currently do not have any requirements or guidelines with respect to our equity or security ownership. We do not have any policies regarding hedging the economic risk of such ownership, although our code of ethics strictly prohibits trading while in the possession of material, non-public information regarding the Company.

The Role of Executive Officers in the Compensation Process

The Chief Executive Officer makes recommendations to the Compensation Committee as to the base salary and incentive compensation of all executive officers other than himself. The Compensation Committee annually reviews the base salary of the Chief Executive Officer and the base salary of the Chief Executive Officer may be increased by the Compensation Committee in its sole and absolute discretion. Other than the Chief Executive Officer, no executive officer participates in the determination of compensation.

Compensation Recovery Policy (Clawback)

Other than complying with the applicable provisions of the Sarbanes-Oxley Act of 2002, we do not have a policy providing for the return of compensation or benefits previously made to our executives. The Compensation Committee intends to reexamine the circumstances under which compensation may be denied or withheld or may be required to be returned in the event of certain conduct or other circumstances.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis, which appears in this proxy statement, with the Company's management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's proxy statement.

- (1) Mr. Dunkerley's employment agreement provides him with severance payments upon (1) termination of employment by the Company without Cause and (2) termination of employment by Mr. Dunkerley for Good Reason. Under the Dunkerley Agreement: (a) Cause means (i) a material breach by Mr. Dunkerley of his obligations under the Dunkerley Agreement, after Mr. Dunkerley has been given written notice specifying the breach and has been provided a thirty day opportunity to cure, including, without limitation, willful neglect of Mr. Dunkerley's duties or Mr. Dunkerley's willful failure (other than any such failure resulting from the termination of Mr. Dunkerley's employment for death, disability, retirement or Good Reason) to implement or adhere to policies established by, or directives of, the Board of Directors, (ii) Mr. Dunkerley is convicted of, or pleads guilty or no contest to a felony, or written evidence is presented to the Board of Directors that Mr. Dunkerley engaged in a crime that may have an adverse impact on the Company's reputation and standing in the community, and (iii) Mr. Dunkerley has committed fraud in connection with the business affairs of the Company, regardless of whether such conduct is designed to defraud the Company or others; and (b) Good Reason means (i) the assignment to Mr. Dunkerley of any duties that are materially inconsistent with, or reflect a material reduction of, Mr. Dunkerley's powers and responsibilities, or a change of Mr. Dunkerley's reporting responsibilities, or a negative change of Mr. Dunkerley's title and responsibilities, (ii) the Company's material breach of any of the provisions of the Dunkerley Agreement, or a material change in the conditions of Mr. Dunkerley's employment, including, without limitation, a failure by the Company to provide Mr. Dunkerley with incentive compensation and benefit plans that provide comparable benefits and amounts as such type of programs in effect as of the effective date of the Dunkerley Agreement as provided to other Company executive officers, (iii) the relocation of the Company's principal executive offices to a location outside of the Honolulu area or the Company's requiring that Mr. Dunkerley be based anywhere other than the Company's principal executive offices, except for travel on Company business to an extent substantially consistent with Mr. Dunkerley's position and responsibilities, (iv) a Change in Control of the Company (as defined in note 4 below) or (v) a failure by the Company to maintain Directors' and Officers' insurance as set forth in the Dunkerley Agreement.
- (2) This column covers termination of Mr. Dunkerley's employment under his employment agreement under any circumstances not described in note 1 above.

- (3) Regardless of the manner in which Mr. Dunkerley's employment terminates, he is entitled to receive any portion of his base salary accrued, but not paid, prior to the termination date.
- (4) In the event of a Change in Control, Mr. Dunkerley has the right, on written notice to the Company given at any time within sixty days after such Change of Control, to elect to terminate his employment with the Company, which termination will be deemed a termination by Mr. Dunkerley for Good Reason. The dollar value in the table assume that Mr. Dunkerley has elected to terminate his employment for Good Reason on December 31, 2006.

Under the Dunkerley Agreement, a Change in Control means any of the following (a) any person or persons acting together that would constitute a group for purposes of Section 13(d) of the Securities Exchange Act of 1934, beneficially own 30% or more of the total voting power of the stock of the Company entitled to vote for the Board of Directors (the Voting Stock) or economic interests in the Company, (b) the sale, transfer, assignment or other disposition (including by merger or consolidation) by the shareholders of the Company, in one transaction or a series of related transactions, with the result that the beneficial owners of the Voting Stock of or economic interests in the Company immediately prior to the transaction (or series) do not, immediately after such transaction (or series) beneficially own Voting Stock representing more than 50% of the voting power of all classes of Voting Stock of the Company or any successor entity of the Company or economic interests in the Company representing more than 50% of the economic interests in the Company or any successor entity of the Company; (c) the approval by the shareholders of the Company of any sale or other transfer (in one or a series of transactions) of all or substantially all of the assets of the Company, (d) the dissolution or liquidation of the Company or (e) a change in the composition of the Board of Directors, as a result of which, fewer than one-half of the incumbent directors (without including directors who are appointed as part of the union contract) are directors who either (i) had been directors, other than directors who are appointed as part of the union contract, of the Company on the effective date of the Dunkerley Agreement (the Original Directors) or (ii) were elected, or nominated for election, to the Board of Directors with the affirmative votes of at least a majority of the aggregate of the Original Directors who were still in office at the time of the election or nomination or directors whose election or nomination was previously so approved.

- (5) Pursuant to the Dunkerley Agreement, if Mr. Dunkerley's employment is terminated by the Company without Cause or by Mr. Dunkerley for Good Reason, Mr. Dunkerley shall be entitled to receive a performance/incentive bonus for services rendered during the year in which Mr. Dunkerley's employment is terminated. The dollar value in the table represents the bonus earned by Mr. Dunkerley for fiscal 2006.
- (6) Pursuant to the Dunkerley Agreement, all unvested equity benefits granted to Mr. Dunkerley become immediately fully vested and exercisable upon a termination without Cause or Good Reason. The dollar values in the table assume that the benefit of acceleration of stock options equals the difference between the closing sales price of the Company's Common Stock on December 31, 2006 (\$4.90) and the exercise price of the unvested options, multiplied by the number of shares of Common Stock underlying the unvested stock options held by Mr. Dunkerley at December 31, 2006.
- (7) The Company is self-insured with respect to the life insurance covering Mr. Dunkerley. The Company will be required to pay \$300,000 in a lump sum in the event of Mr. Dunkerley's death.
- (8) These premiums are paid by us when due for one year after termination. The numbers in the table are based on the premiums paid in fiscal 2006.

Special Preferred Stock

The IAM, the AFA and the ALPA hold one share of Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock, respectively, that entitle each Union to nominate one director. If such vacancy is not filled by the Board of Directors within 30 days of such nomination, such vacancy may be filled by the written consent of the applicable holder of Special Preferred Stock. In addition to the rights described above, each series of the Special Preferred Stock, unless otherwise specified: (1) ranks senior to the Common Stock and ranks pari passu with each other such series of Special Preferred Stock with respect to the liquidation, dissolution and winding up of the Company and will be entitled to receive \$0.01 per share before any payments are made, or assets distributed to holders of any stock ranking junior to the Special Preferred Stock; (2) has no dividend rights unless a dividend is declared and paid on the

Common Stock, in which case the Special Preferred Stock would be entitled to receive a dividend in an amount per share equal to two times the dividend per share paid on the Common Stock; (3) is entitled to one vote per share of such series and votes with the Common Stock as a single class on all matters submitted to holders of the Common Stock; and (4) automatically converts into the Common Stock on a 1:1 basis at such time as such shares are transferred or such holders are no longer entitled to nominate a representative to our Board of Directors pursuant to their respective collective bargaining agreements.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Ernst & Young as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007. The Company's financial statements for the 2006 fiscal year were audited and reported upon by Ernst & Young.

(As Adopted by the Board of Directors, February 8, 2007)

Purpose

The Compensation Committee is appointed by the Board of Directors (the **Board**) of Hawaiian Holdings, Inc. (the **Company**) to discharge the Board's responsibilities relating to the compensation of the Company's executive officers and other key officers (as determined by the Compensation Committee).

The Compensation Committee shall develop and oversee the implementation of the Company's philosophy with respect to the compensation of the Company's executive officers and other selected key officers that will (i) reflect the financial performance of the Company and achievement of financial and other performance objectives, (ii) align the interests of such officers with the interests of its stockholders and (iii) provide long-term incentives for such officers to contribute to the overall success of the Company. The Compensation Committee shall seek to set compensation at levels that are sufficiently competitive so that the Company may attract, retain and motivate high quality executive officers and other key officers who will contribute to the Company's success. In assessing overall compensation for executive officers and other key officers, the Compensation Committee shall consider the Company's performance and industry position, general industry data and the recommendations of third-party consultants and such analytical tools as the Compensation Committee deems appropriate.

Committee Membership and Meetings

The Compensation Committee shall consist of no fewer than three members. Each member of the Compensation Committee shall satisfy the independence requirements established by any exchange on which the Company's securities may be traded, meet the definitions of "non-employee director" for purposes of Rule 16b-3 promulgated by the Securities and Exchange Commission (the **SEC**) under the Securities Exchange Act of 1934, as amended (the **Exchange Act**), and qualify as an "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the **Code**).

The members of the Compensation Committee shall be appointed by the Board based on the recommendation of the Governance and Nominating Committee. Compensation Committee members may be replaced by the Board. Any action duly taken by the Compensation Committee shall be valid and effective, whether or not the members of the Compensation Committee at the time of such action are later determined not to have satisfied the requirements for membership provided herein. The Board shall designate one member of the Compensation Committee to serve as its chair.

The Compensation Committee shall meet at least twice annually, or more frequently as circumstances dictate. Special meetings may be convened as the Compensation Committee deems necessary or appropriate. The Compensation Committee may invite to any of its meetings other directors, members of Company management and such other persons as it deems appropriate in order to carry out its responsibilities.

The affirmative vote of a majority of the members of the Compensation Committee present at the time of such vote shall be required to approve any action of the Compensation Committee. Subject to the requirements of any applicable law, regulation or rule, any action required or permitted to be taken at a meeting of the Compensation Committee may be taken without a meeting if a consent in writing, setting forth the action so taken, is signed by all members of the Compensation Committee. Those Compensation Committee members present in person or by means of telephone conference or other communications equipment through which all persons participating in the meeting can hear each other shall be counted to determine whether a quorum is present.

B-1

The Compensation Committee shall keep regular minutes of its proceedings, which minutes shall be recorded in the Minute Book of the Company. The Secretary or Assistant Secretary of the Company may act as Secretary of the Compensation Committee, if requested, or the Compensation Committee may appoint one of its members to act as Secretary of a meeting.

When the Compensation Committee meets to evaluate and recommend to the Board the compensation of the Company's Chief Executive Officer (the CEO), the Compensation Committee shall meet in executive session without the presence of the CEO. The CEO may be present during deliberations to determine the compensation of all other officers of the Company, but may not vote.

Committee Authority and Resources

1. The Compensation Committee shall have the sole authority to retain at the expense of the Company any compensation consultant used to assist the Company, the Board or the Compensation Committee in the evaluation of the compensation of executive officers and other key officers and shall have sole authority to approve such consultant's fees and other retention terms.
2. The Compensation Committee also shall have the authority, to the extent it deems necessary or appropriate to carry out its responsibilities, to retain at the expense of the Company, independent legal, accounting, actuarial or other advisors. The Compensation Committee shall have the sole authority to approve such advisors' fees and other retention terms. The Compensation Committee may also utilize the services of the Company's regular legal counsel or other advisors to the Company.

Committee Responsibilities and Duties

1. The Compensation Committee shall, at least annually, review and approve performance goals and objectives relevant to the compensation of executive officers and other selected key officers, evaluate the performance of such officers in light of those goals and objectives, determine and approve such officers' compensation levels based on this evaluation and certify whether and to what extent performance goals have been attained, all in keeping with the Company's compensation philosophy. In determining the long-term incentive component of compensation for executive officers and other key officers, the Compensation Committee may consider the Company's performance and relative stockholder returns, the value of similar incentive awards at comparable companies, the awards given to such officers in past years and other factors that the Compensation Committee deems appropriate in connection with its review.
2. The Compensation Committee shall interpret, implement, administer, review and approve all aspects of remuneration to the Company's executive officers and other key officers, including their participation in incentive compensation plans and equity-based compensation plans.
3. The Compensation Committee shall review and approve for the Company's executive officers and other selected key officers all employment agreements, consulting agreements, severance arrangements and change in control agreements or provisions.
4. The Compensation Committee shall develop, approve, administer and recommend to the Board and the Company's stockholders for their approval (to the extent such approval is required by applicable law, regulation or relevant securities exchange rule) all stock ownership, stock option and other equity-based or incentive

compensation plans of the Company, and all related policies and programs.

B-2

5. The Compensation Committee shall make individual determinations and grant any shares, stock options, or other awards under all equity-based or incentive compensation plans, and exercise such other power and authority as may be required or permitted under such plans, other than with respect to non-employee directors, which determinations shall be subject to the approval of the Board.

The Compensation Committee shall review and discuss with the CEO and the Company's Chief Financial Officer the Compensation Discussion and Analysis required in the Company's annual report or proxy statement and determine whether to recommend to the Board that the Compensation Discussion and Analysis be included in the Company's annual report or proxy statement for the annual meeting of stockholders.

11. The Compensation Committee shall provide, over the names of the members of the Compensation Committee, the required Compensation Committee report for the Company's annual report or proxy statement for the annual meeting of shareholders.

12. The Compensation Committee shall have this Charter posted on the Company's website and/or published in accordance with applicable SEC regulations.

13. The Compensation Committee may delegate its authority to subcommittees or individuals as the Compensation Committee may deem appropriate, except to the extent such delegation would violate an applicable tax or securities law, regulation or the rules of any exchange upon which the Company's securities are then listed.

In addition to the activities described above, the Compensation Committee shall perform such other functions as necessary or appropriate in its or the Board's opinion under applicable law, the Company's Certificate of Incorporation or Bylaws or the resolutions and other directives of the Board.

- *Skilled and diverse background* All candidates must possess the aptitude or experience to understand fully the legal responsibilities of a director and the governance processes of a public company, as well as the personal qualities to be able to make a substantial active contribution to Board deliberations, including intelligence and wisdom, self-assuredness, interpersonal and communication skills, courage and inquisitiveness. Consideration will also be given to financial management, reporting and control expertise or other experience that would qualify the candidate as a financial expert under established standards, and international experience. Selection and Nomination Process Whenever a newly created directorship or vacancy occurs on the Board, the Committee is responsible for identifying one or more candidates to fill such position or vacancy in accordance with the Company's Amended By-Laws in effect at such time, investigating each candidate, evaluating his or her suitability for service on the Board and recommending a candidate to the full Board.
