Marcia B. Behlert, Plan Administrator

Report of Independent Registered Public Accounting Firm

*To the Plan Administrator of the
Represented Employee Savings Plan for Nine Mile Point*

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Represented Employee Savings Plan for Nine Mile Point (the Plan) at December 31, 2006, and the changes in net assets available for benefits for the year ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, effective for plan years ended after December 15, 2006, FASB Staff Position Nos. AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans*, was required to be implemented. Therefore the presentation of the 2005 and 2006 financial statements amounts include the presentation of fair value with an adjustment to contract value for such investments.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report of Independent Registered Public Accounting Firm

To the Plan Administrator of the

Represented Employee Savings Plan for Nine Mile Point

We have audited the accompanying statement of net assets available for benefits of the Represented Employee Savings Plan for Nine Mile Point (the Plan), as of December 31, 2005, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005, and the changes in its net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Note 1. General Description on the Plan

On November 7, 2001, Nine Mile Point Nuclear Station, LLC (Company), a subsidiary of Constellation Energy Group, Inc. (CEG), purchased the Nine Mile Point Nuclear Power Station from the Niagara Mohawk Power Corporation and other owners.

Consequently, a number of the participants' balances in the Niagara Mohawk Represented Employee Savings Fund Plan were spun off to a cloned plan which was named the Represented Employee Savings Plan for Nine Mile Point (Plan).

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants should refer to the Plan document for a more comprehensive description of the Plan provisions.

Termination of Merger with FPL Group, Inc. On October 24, 2006, CEG and FPL Group, Inc. agreed to terminate the Agreement and Plan of Merger the parties had entered into on December 18, 2005. The planned merger, and eventual cancellation, had no effect on the Represented Employee Savings Plan.

Eligibility An employee must be employed by Nine Mile Point Nuclear Station, LLC, be covered by a collective bargaining agreement, and be 21 years of age with one month of service to be eligible to participate in the Plan.

Administration The Plan Administrator is the Director of Benefits, Human Resources Division of Constellation Energy Group, Inc. Effective September 30, 2005, the assets are held and managed by the Trustee, T. Rowe Price Trust Company (TRP). T. Rowe Price Retirement Plan Services, Inc. provides the recordkeeping for the Plan.

Prior to September 30, 2005, the assets were held and managed by the Trustee, Fidelity Management Trust Company. Fidelity Management Trust Company also provided the recordkeeping for the plan.

Although it has not expressed any intent to do so, the Company has the right to amend or terminate the Plan at any time, subject to provisions set forth in ERISA.

Participant Contributions Eligible participants may contribute from 2% to 50% of their eligible pay on a before-tax basis, from 2% to 15% of their eligible pay through an after-tax basis, or a combination thereof through payroll deductions. The maximum combined contribution rate for both the before-tax and the after-tax contributions is 50%. The maximum amount a participant can contribute to the Plan on a before-tax basis is limited per year by the Internal Revenue Service. The limitation for 2006 was \$15,000.

Participants age 50 and older (by year end) and meeting one of the Plan's or IRS pre-tax contribution limits are eligible to make catch-up contributions. The catch-up contributions limit for 2006 was \$5,000.

The Plan accepts rollovers of employees' eligible rollover distributions from other qualified plans.

Participants have the right, on a daily basis, to change the amount of their payroll deductions, effective as of the next pay period. Participants also have the right to change, on a daily basis, the percentage of their future contributions being invested in each of the available investment funds as provided in the Plan.

Company Matching Contributions Effective September 4, 2006, upon completion of one year of service, the Company contributes an amount equal to 50% of the participant's first 6% of contributions. Prior to this date, Company contributions were allocated based on a combination of age and service.

All company matching contributions are fully and immediately vested upon being credited to the participant's account. Company contributions are initially invested in CEG Company Stock. Once credited, the participant has the option to transfer the funds to other available investment options.

Investment Options Except as otherwise indicated, participants can elect to have their contributions invested in the following:

- CEG Common Stock*
- Fidelity Diversified International Fund
- Fidelity Dividend Growth Fund
- Fidelity Low Priced Stock Fund
- PIMCO Total Return Fund Institutional Shares*

* New funds added to the plan October 1, 2005.

** New funds added to the plan December 5, 2006.

*** New fund added to the plan April 1, 2006.

Effective October 1, 2005, the following funds were removed as investment options of the plan.

- National Grid Stock Fund
- Fidelity Freedom 2005 Fund
- Fidelity Freedom 2010 Fund
- Fidelity Freedom 2015 Fund
- Fidelity Freedom 2020 Fund

- Fidelity Freedom 2025 Fund
- Fidelity Freedom 2030 Fund

- Fidelity Freedom 2040 Fund
- Fidelity Freedom Income Fund
- Fidelity Growth Company Fund
- Fidelity Managed Income Portfolio
- Fidelity Small Cap Stock Fund
- Fidelity U.S. Equity Index Commingled Pool
- PIMCO Total Return Fund Administrative Class

CEG Common Stock Participant and company matching contributions are invested in Constellation Energy Group, Inc. common stock.

Interest Income Fund Amounts held in the Interest Income Fund until April 2006 were invested in a combination of the T. Rowe Price Stable Value Common Trust Fund and the Fidelity Managed Income Portfolio.

Effective April, 2006, the final component of the Fidelity Managed Income Portfolio was liquidated and invested in the T. Rowe Price Stable Value Fund.

T. Rowe Price Stable Value Fund As described in FASB Staff Position Nos. FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits was prepared on a fair value basis and reflects the adjustment of net assets from fair value to contract value in the common trust. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Income Dividends and earnings received on all other funds are automatically reinvested in the fund to which those earnings apply.

Transfers Participants whose job status changes from or to represented and non-represented may transfer assets to or from the Represented Employee Savings Plan for Nine Mile Point and the Constellation Energy Group, Inc. Employee Savings Plan. Those transfers are recorded at fair value.

In addition, participants are allowed to initiate, on a daily basis, a transfer of the value of their contributions, including earnings, among the available investment funds.

Participant Loan Provisions Participants may obtain a loan in any amount between a minimum of \$1,000 and a

maximum of \$50,000, but not more than 50% of the participant's account balance. Participants may elect up to five years to repay the loan, unless the loan is used for the purchase of a principal residence, in which case they may elect up to 30 years for repayment. Participants are allowed to have up to two loans outstanding at any time. Principal and interest are repaid through regular payroll deductions or by direct payment. The interest rate for loans is equal to the prime rate plus one percent on the last day of the month preceding the month the loan is initiated. The interest rate on amounts borrowed is set at the time the loan is executed and remains in effect for the duration of the loan and ranges from 5.00% to 10.50% at December 31, 2006. Loan duration ranges from July 2007 to November 2011.

Withdrawals and Distributions A participant may, on a daily basis, elect to withdraw all or part of the stock and cash attributable to their after-tax contributions. Contributions made on a before-tax basis may not be withdrawn until a participant attains age 59 1/2, except for death, disability, retirement, separation from service, or under certain circumstances of hardship, in which case the participant may be subject to tax penalties. Distributions to participants who retire or terminate active employment are automatically deferred until they either reach age 65 or cease active employment, whichever is later, unless they request an earlier or later distribution. Generally, participants who reach age 70 1/2 must begin receiving their Plan distribution by April 1 of the following year. Furthermore, active employees who attain age 59 1/2 may request to receive a distribution of their before-tax account balances. The distribution options include lump sum or installments paid monthly, quarterly, or annually for up to 10 years.

Withdrawals and distributions to participants are recorded when paid.

Vesting All contributions that are held in participants' accounts are immediately 100% vested.

Administrative Costs The Company currently pays all the administrative expenses of the Plan, including those of the Trustee. Brokerage fees, commissions, and transfer taxes associated with the purchase, sale or transfer of shares of CEG Common Stock are borne by the participant. Investment management expenses are deducted from the assets of that fund. Participants are charged a \$50 loan initiation fee and may incur short-term trading fees on some investments.

The Company currently receives a reimbursement for certain plan expenses from Fidelity Investment Institutional Services Company, Inc. This reimbursement will be used to offset plan expenses otherwise paid by the Company.

Note 2. Significant Accounting Policies

The financial statements of the Plan are prepared under the accrual method of accounting. The accounting principles and practices that affect the more significant elements of the financial statements are:

Contributions Receivable represent amounts paid and remitted in January which were attributable to compensation earned in December.

Valuation of Investments Shares of CEG Common Stock held by T. Rowe Price Trust Company are valued as of year-end using the quoted closing market price as reported by the NYSE Composite Transactions published in the eastern edition of The Wall Street Journal. Mutual fund shares held in the plan are valued as of year-end, using the net asset value price of such shares as quoted by the Mutual Fund Quotations for such date in the eastern edition of The Wall Street Journal. Participant loans are valued at cost, which approximates fair value.

The Plan's investments are stated at fair value, except for the T. Rowe Price Stable Value Fund, which consists primarily of fully benefit-responsive investment contracts. In determining the net assets available for benefits, the T. Rowe Price Stable Value Fund is included in the financial statements at contract value, which represents cost plus accrued income minus redemptions.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Shares of CEG common stock are purchased on the open market, through new issuances, or by other acquisition. Mutual fund shares are purchased on the open market, except the Trustee may purchase from time to time a small number of shares at current market value from participants making withdrawals or interfund transfers or obtaining loans from the Plan. The cost of CEG Common Stock and mutual fund shares sold as a result of participant distributions, withdrawals, interfund transfers or loans, is determined under the average cost method.

Purchases and sales of securities are recorded on the trade date. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounting Standards Issued In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements*. SFAS No. 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures for fair value measurements. SFAS No. 157 applies to fair value measurements already required or permitted by existing standards. SFAS No. 157 is effective for all fair value measurements beginning January 1, 2008. The Plan is currently assessing the potential impact of SFAS No. 157.

Note 3. Tax Status

The Company has received the latest favorable determination letter from the Internal Revenue Service (IRS), dated July 21, 2004, with respect to the Plan as restated effective September 13, 2002, qualifying the Plan as a stock bonus plan under Section 401 of the Internal Revenue Code (Code) exempting the Plan from federal income tax under Section 501 of the Code.

Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. As such, no provision for income taxes has been included in the Plan's financial statements.

Note 4. Investments

Investments which exceed 5% of the Plan's net assets as of December 31, 2006 and December 31, 2005, include:

At December 31, 2006

Identity of Issue	Units/Shares	Current Value

Mutual Funds	5,480,440	2,400,052
Total	\$ 7,080,335	\$ 4,604,217

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price, a division of which is also the Plan Trustee, and therefore, these transactions qualify as party-in-interest transactions.

Edgar Filing: CONSTELLATION ENERGY GROUP INC - Form 11-K

Prior to September 30, 2005, certain Plan investments were shares of mutual funds managed by Fidelity Investments, a division of which was also the Plan Trustee, and therefore, these transactions qualified as party-in-interest transactions.

During 2006, the Plan purchased 51,735 common shares of Constellation Energy Group, Inc. for \$3,022,828 and sold 76,232 shares for \$4,381,499. During 2005, the Plan purchased 195,676 common shares for \$8,202,359 and sold 28,522 shares for \$1,177,358.
