Table of ContentsGRIFFON CORPORATION AND SUBSIDIARIESNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(1) Basis of presentation

The accompanying unaudited condensed consolidated financial statements of Griffon Corporation (the "company") have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the financial statements have been included. Operating results for the three-month and nine-month periods ended June 30, 2008 are not necessarily indicative of the results that may be expected for the year ending September 30, 2008. The condensed consolidated balance sheet at September 30, 2007 has been derived from the audited financial statements at that date. For further information, refer to the consolidated financial statements and notes thereto included in the company's Annual Report on Form 10-K for the year ended September 30, 2007.

Certain amounts in the condensed consolidated financial statements at September 30, 2007 have been reclassified to conform to the current period's presentation.

(2) Inventories

Inventories, stated at the lower of cost (first-in, first-out or average) or market, are comprised of the following:

	June 30, 2008	September 30, 2007
Finished goods	\$ 46,086,000	\$ 48,352,000
Work in process	76,022,000	52,404,000
Raw materials and supplies	43,172,000	43,206,000
	\$ 165,280,000	\$ 143,962,000

(3) Long-term debt

On June 24, 2008, Clopay Building Products Company, Inc. ("BPC") and Clopay Plastic Products Company, Inc. ("PPC"), each a wholly-owned subsidiary of the company, entered into a credit agreement for their domestic operations with JPMorgan Chase Bank, N.A., as administrative

Edgar Filing: GRIFFON CORP - Form 10-Q

agent, and the lenders party thereto, pursuant to which the lenders agreed to provide a five-year, senior secured revolving credit facility of \$100 million. Availability under the credit facility is based upon certain eligible accounts receivable, inventory, cash and cash equivalents and property, plant and equipment. Borrowings under the credit agreement bear interest at rates based upon LIBOR or the prime rate and are collateralized by the stock and assets of BPC and PPC and the stock of their subsidiaries. The credit agreement contains certain restrictive and financial covenants, certain of which are only subject to compliance if borrowing availability falls below a certain level. Upon the occurrence of certain events of default specified in the credit agreement, amounts due under the credit agreement may be declared immediately due and payable.

Proceeds of a \$33 million initial draw under this facility were primarily used to refinance existing maturing lease obligations for certain property, plant and equipment.

Table of Contents

On March 31, 2008, Telephonics Corporation, a wholly-owned subsidiary of the company, entered into a credit agreement with JPMorgan Chase Bank, N.A., as administrative agent, and the lenders party thereto, pursuant to which the lenders agreed to provide Telephonics with a five-year, revolving credit facility of \$100 million. Commitments under the credit agreement may be increased by up to an additional \$50 million under certain circumstances. Borrowings under the credit agreement bear interest at rates based upon LIBOR or the prime rate and are collateralized by the stock and assets of Telephonics and the stock of Telephonics subsidiaries pursuant to a Guarantee and Collateral Agreement made by Gritel Holding Co., Inc., a newly-formed subsidiary of the company, and Telephonics in favor of the lenders. The credit agreement contains certain restrictive and financial covenants. Upon the occurrence of certain events of default specified in the credit agreement, amounts due under the credit agreement may be declared immediately due and payable.

Proceeds of a \$50 million initial draw under this facility, together with internal cash of the company, were used to repay \$62.5 million of outstanding debt under the company's Amended and Restated Credit Agreement, dated as of December 20, 2006, as amended, among the company, Telephonics, JPMorgan Chase Bank, N.A., as administrative agent, and the lenders party thereto, at which time such Amended and Restated Credit Agreement was terminated.

(4) Commitments and Contingencies

On March 16, 2008, Harvey R. Blau notified the company of his intention to retire from his position as Chief Executive Officer of the company effective as of April 1, 2008. Mr. Blau remains as non-executive Chairman of the Board of Directors and, pursuant to the terms of his employment agreement, a consultant to the company.

On March 16, 2008, the Company entered into an Employment Agreement (the "Employment Agreement") with Ronald J. Kramer, pursuant to which he became the Chief Executive Officer of the company effective April 1, 2008 (the "Commencement Date"). Mr. Kramer has been a director of the company since 1993 and Vice Chairman of the Board since November 2003, which positions he has retained. Mr. Kramer is the son-in-law of Mr. Blau.

Pursuant to the terms of the Employment Agreement, Mr. Kramer's term of employment with the company will continue for three years from the date on which either party gives notice that the term of employment will not be further renewed (the "Term"). During the Term, Mr. Kramer will receive an annual base salary of \$775,000 per annum, subject to cost of living and discretionary increases. Mr. Kramer shall also be entitled to a guaranteed bonus of \$581,250 in respect of the company's 2008 fiscal year, and an annual bonus of between 0% and 250% of his base salary, with a target bonus of 150% of base salary, for fiscal years thereafter based upon achievement of performance objectives. Mr. Kramer shall also be entitled to receive severance payments upon termination of his employment under certain circumstances, as more fully set forth in the Employment Agreement.

On the Commencement Date, Mr. Kramer received a restricted stock grant of 250,000 shares of common stock, and on or shortly after October 1, 2008 and October 1, 2009, Mr. Kramer shall receive restricted stock grants of 75,000 shares of common stock and 25,000 shares of common stock, respectively, each vesting three years after the Commencement Date. On or shortly after October 1, 2008, Mr. Kramer shall also receive a ten-year option to purchase 350,000 shares of common stock at an exercise price equal to the greater of \$20 per share or the fair market value of the common stock on the date of grant, vesting in three equal installments on each anniversary of the Commencement Date. All equity awards shall immediately vest in the event of termination of Mr. Kramer's employment without Cause, if he leaves for Good Reason, or upon his death, Disability or a Change in Control (as such terms are defined in the Employment Agreement).

Table of Contents(5) Earnings (loss) per share (EPS)

Basic EPS is calculated by dividing income (loss) by the weighted-average number of shares of common stock outstanding during the period. Diluted EPS is calculated by dividing income (loss) by the weighted-average number of shares of common stock outstanding plus additional common shares that could be issued in connection with potentially dilutive securities. Holders of the company's 4% convertible subordinated notes are entitled to convert their notes into the company's common stock upon the occurrence of certain events described in Note 2 of Notes to Consolidated Financial Statements in the company's Annual Report on Form 10-K for the year ended September 30, 2007. Basic and diluted EPS for the three and nine-month periods ended June 30, 2008 and 2007 were determined using the following information:

At June 30, 2008 and 2007 and during the three-month and nine-month periods ended June 30, 2008 and 2007, there were outstanding stock options whose exercise prices were higher than the average market values of the underlying common stock for the period. These options are antidilutive and are excluded from the computation of income per share. The antidilutive stock options outstanding were as follows:

	Three Months Ended June 30,		Nine Months Ended June 30,	
	2008	2007	2008	2007
Antidilutive stock options	1,766,000	115,000	1,766,000	115,000

(6) Business segments

The company's reportable business segments are as follows: Electronic Information and Communication Systems (communication and information systems for government and commercial markets); Garage Doors (manufacture and sale of residential and commercial/industrial garage doors and related products); and Specialty Plastic Films (manufacture and sale of plastic films and film laminates for baby diapers, adult incontinence care products, disposable surgical and patient care products and plastic packaging). The company's Installation Services segment (sale and installation of building products primarily for new construction, such as garage doors, garage door openers, manufactured fireplaces and surrounds, appliances, flooring and cabinets) has been reflected as discontinued operations in the condensed consolidated financial statements for all periods presented and, accordingly, is excluded from segment disclosures.

Unallocated amounts include general corporate expenses not attributable to any reportable segment. Goodwill at June 30, 2008 includes \$18.6 million attributable to the Electronic Information and Communication Systems segment, \$12.9 million attributable to the Garage Doors segment and \$86.0 million attributable to the Specialty Plastic Films segment. The change in goodwill from September 30, 2007 was primarily due to Specialty Plastic Films foreign currency translation adjustments. In December 2007, the Electronic Information and Communication Systems

Edgar Filing: GRIFFON CORP - Form 10-Q

segment acquired certain assets and assumed certain liabilities of a video surveillance systems integration business. The purchase price was approximately \$1.75 million in cash plus performance-based cash payments over a three-year period of up to \$1.75 million. The purchase price has been preliminarily allocated to intangible assets.

(8) Recent accounting pronouncements

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 157, Fair Value Measurements (SFAS 157). SFAS 157 provides a new single authoritative definition of fair value and provides enhanced guidance for measuring the fair value of assets and liabilities and requires additional disclosures related to the extent to which companies measure assets and liabilities at fair value, the information used to measure fair value, and the effect of fair value measurements on earnings. SFAS 157 is effective for the company as of October 1, 2008. The company is currently evaluating the impact that the adoption of SFAS 157 will have on its results of operations and financial position.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Liabilities, Including an amendment of FASB Statement No. 115 (SFAS 159). SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. SFAS 159 is effective for the company as of October 1, 2008. The company is currently evaluating the impact that the adoption of SFAS 159 will have on its results of operations and financial position.

In December 2007, the FASB issued SFAS No. 141 (revised 2007), Business Combinations (SFAS 141R). The purpose of issuing the statement is to replace current guidance in SFAS 141 to better represent the economic value of a business combination transaction. The changes to be effected with SFAS 141R from the current guidance include, but are not limited to: (1) acquisition costs will be recognized separately from the acquisition; (2) known contractual contingencies at the time of the acquisition will be considered part of the liabilities acquired measured at their fair value; all other contingencies will be part of the liabilities acquired measured at their fair value only if it is more likely than not that they meet the definition of a liability; (3) contingent consideration based on the outcome of future events will be recognized and measured at the time of the acquisition; (4) business combinations achieved in stages (step acquisitions) will need to recognize the identifiable assets and liabilities, as well as noncontrolling interests, in the acquiree, at the full amounts of their fair values; and (5) a bargain purchase (defined as a business combination in which the total acquisition-date fair value of the identifiable net assets acquired exceeds the fair value of the consideration transferred plus any noncontrolling interest in the acquiree) will require that excess to be recognized as a gain attributable to the acquirer. The

Edgar Filing: GRIFFON CORP - Form 10-Q

company anticipates that the adoption of SFAS 141R will have an impact on the way in which business combinations will be accounted for compared to current practice. SFAS 141R will be effective for any business combinations that occur after October 1, 2009.

Table of Contents

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements* – an amendment of ARB No. 51 (SFAS 160). SFAS 160 was issued to improve the relevance, comparability, and transparency of financial information provided to investors by requiring all entities to report noncontrolling (minority) interests in subsidiaries in the same way, that is, as equity in the consolidated financial statements. Moreover, SFAS 160 eliminates the diversity that currently exists in accounting for transactions between an entity and noncontrolling interests by requiring they be treated as equity transactions. SFAS 160 is effective for the company as of October 1, 2009. The company is currently evaluating the impact that SFAS 160 will have on its financial statements and disclosures.

In March 2008, the FASB issued SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities - an Amendment of FASB Statement 133* (SFAS 161). SFAS 161 enhances required disclosures regarding derivatives and hedging activities, including enhanced disclosures regarding how: (a) an entity uses derivative instruments; (b) derivative instruments and related hedged items are accounted for under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities* ; and (c) derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. SFAS 161 is effective for the company as of January 1, 2009. The company is currently evaluating the impact that the adoption of SFAS 161 will have on its financial statements and disclosures.

In May 2008, the FASB issued SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles* . SFAS 162 identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles in the United States. It is effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles* . The adoption of this statement is not expected to have a material effect on the company's financial statements.

In May 2008, the FASB issued FASB Staff Position No. APB 14-1 (APB 14-1). APB 14-1 specifies that issuers of convertible debt instruments that permit or require the issuer to pay cash upon conversion should separately account for the liability and equity components in a manner that will reflect the entity's nonconvertible debt borrowing rate when interest cost is recognized in subsequent periods. The company will need to apply the guidance retrospectively to all past periods presented, even to instruments that have matured, converted, or otherwise been extinguished as of the effective date. The FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. The company is currently evaluating the impact that the adoption of APB 14-1 will have on its financial statements and disclosures.

(9) Discontinued operations

As a result of the downturn in the residential housing market and the impact on the Installation Services segment, the company's management initiated a plan during the second quarter of fiscal 2008 to exit certain markets within the Installation Services segment through the sale or disposition of business units. In that quarter, the company closed three units. In May 2008, the company's Board of Directors approved a plan to exit substantially all operating activities of the Installation Services segment in 2008. In the third quarter of fiscal 2008, the company sold nine units to one buyer, closed one unit and merged two units into its Garage Doors segment. In August 2008, the company entered into an agreement to sell its two remaining units in Phoenix and Las Vegas that is expected to close in the fiscal fourth quarter.

The company determined that there was an impairment of the goodwill and intangible assets associated with the Installation Services segment and recorded an

Table of Contents

impairment charge of approximately \$11.4 million during the quarter ended June 30, 2008 to completely write-off these assets.

Net sales of the Installation Services operating units were \$22.6 million and \$61.5 million for the three months ended June 30, 2008 and 2007, respectively, and \$99.4 million and \$188.1 million for the nine months ended June 30, 2008 and 2007, respectively.

The following amounts related to the Installation Services segment have been segregated from the company's continuing operations and are reported as assets and liabilities of discontinued operations in the condensed consolidated balance sheets:

	June 30, 2008		September 30, 2007	
	Current	Long-term	Current	Long-term
Assets of discontinued operations:

(10) Restructuring and other related charges

As a result of the downturn in the residential housing market and the impact on the Garage Doors segment, the company initiated plans to restructure its operations. This restructuring program includes workforce reductions, closure or consolidation of excess facilities and other charges. The company began its restructuring initiative in the latter part of fiscal 2007 with the closure of its Tempe, AZ manufacturing facility.

Table of Contents

The restructuring activities resulted in costs incurred primarily for (1) workforce reduction of approximately 370 employees across certain business functions and operating locations and (2) abandoned or excess facilities relating to lease terminations and non-cancelable lease costs. To determine the lease loss, which is the company's loss after its cost recovery efforts from subleasing such facilities, certain estimates were made related to the (1) time period over which the relevant building would remain vacant, (2) sublease terms, and (3) sublease rates, including common area charges.

A summary of the restructuring and other related charges recognized for the three fiscal quarters ended June 30, 2008 are as follows:

	Workforce Reduction	Excess Facilities	Other Exit Costs	Total
Amounts incurred in:				
Quarter ended December 31, 2007	\$ 393,000	\$	\$ 1,298,000	\$ 1,691,000
Quarter ended March 31, 2008	107,000		594,000	701,000
Quarter ended June 30, 2008	147,000	(11,000)	44,000	180,000
Cumulative amount for the nine months ended June 30, 2008	\$ 647,000	\$ (11,000)	\$ 1,936,000	\$ 2,572,000

At June 30, 2008, the accrued liability associated with the restructuring and other related charges consisted of the following:

	Workforce Reduction	Excess Facilities	Other Exit Costs	Total
Fiscal 2007:				
Accrued liability at September 30, 2007	\$ 639,000	\$ 727,000	\$ 177,000	\$ 1,543,000
Fiscal 2008:				
Charges	647,000	(11,000)	1,936,000	2,572,000
Payments	(1,286,000)	(395,000)	(2,095,000)	(3,776,000)
Accrued liability at June 30, 2008	\$	\$ 321,000	\$ 18,000	\$ 339,000

The remaining accrual as of June 30, 2008 is expected to be paid during calendar 2008.

The restructuring and other related charges are included in the line item **Restructuring and other related charges** in the condensed consolidated statements of operations.

(11) Other income

Other income included approximately \$15,000 and \$478,000 for the three-month periods and \$814,000 and \$1,047,000 for the nine-month periods ended June 30, 2008 and 2007, respectively, of foreign exchange gains in connection with the translation of receivables and payables denominated in currencies other than the functional currencies of the company and its subsidiaries.

Table of Contents

(12) Income taxes

The company's overall effective tax rate, reported as a benefit, when combining results from continuing and discontinued operations for the three months and nine months ended June 30, 2008, was approximately 48.0% and 29.2%, respectively. These rates were different from the 35% U.S. income tax rate primarily due to the reversal of certain reserves of approximately \$5.8 million (see below), foreign income, foreign dividend distributions and, to a lesser extent, state taxes.

On October 1, 2007, the company adopted FASB Interpretation (FIN) No. 48, Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109 (FIN 48). FIN 48 prescribes a recognition criteria and a related measurement model for tax positions taken by companies. FIN 48 prescribes a recognition threshold that a tax position is required to meet before being recognized in the financial statements and provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition rules. The total amount of unrecognized tax benefits as of the date of adoption was \$21.6 million. The adoption of FIN 48 resulted in an adjustment to beginning retained earnings of \$4.7 million and did not have any impact on the company's results of operations. Included in the balance of unrecognized tax benefits at October 1, 2007 are \$20.8 million of tax benefits that, if recognized, would impact the effective tax rate. As a result of concluding a tax examination with a state tax jurisdiction and various statute of limitations expiring during in the third fiscal quarter of 2008, the company reversed previously-established FIN 48 reserves of approximately \$5.8 million related to uncertain tax positions. With regard to the unrecognized tax benefits as of June 30, 2008, the company believes it is reasonably possible that approximately \$1.0 million of such unrecognized tax benefits could be recognized in the next twelve months, which would impact the effective tax rate if recognized.

The company recognizes potential accrued interest and penalties related to unrecognized tax benefits in income tax expense. At October 1, 2007, the combined amount of accrued interest and penalties related to tax positions taken or to be taken on our tax returns and recorded as part of the reserves for uncertain tax positions was \$3.0 million. Approximately \$.9 million related to accrued interest was included in the aforementioned reversal of previously-established FIN 48 reserves during the third quarter of fiscal 2008.

As a result of the company's global operations, Griffon or its subsidiaries file income tax returns in various jurisdictions including U.S. federal, U.S. state and foreign jurisdictions. The company is routinely subject to examination by taxing authorities throughout the world, including such jurisdictions as Germany, Canada, Brazil, Sweden and the U.S. The company's U.S. federal income tax returns are no longer subject to income tax examination for years before 2005 and the company's major U.S., state and foreign jurisdictions are no longer subject to income tax examinations for years before 2000. Various U.S. state and foreign tax audits are currently underway.

(13) Warranty liability

The company offers to its customers warranties against product defects for periods primarily ranging from six months to three years, with certain products having a limited lifetime warranty, depending on the specific product and terms of the customer purchase agreement. The company's typical warranties require it to repair or replace the defective products during the warranty period at no cost to the customer. At the time the product revenue is recognized, the company records a liability for estimated costs under its warranties, which costs are estimated based on historical experience. The company periodically assesses the adequacy of its recorded warranty liability and adjusts the amounts as necessary. While the company believes that its estimated liability for product warranties is adequate, the estimated liability for the product warranties could differ materially from future actual warranty costs.

Table of Contents

Changes in the company's warranty liability, included in accrued liabilities, were as follows:

	Three Months Ended June 30,		Nine Months Ended June 30,	
	2008	2007	2008	2007
Balance, beginning of period	\$ 6,642,000	\$ 9,380,000	\$ 7,868,000	\$ 5,908,000
Warranties issued and changes in estimated pre-existing warranties	(118,000)	471,000	328,000	5,497,000
Actual warranty costs incurred	(824,000)	(550,000)	(2,496,000)	(2,104,000)
Balance, end of period	\$ 5,700,000	\$ 9,301,000	\$ 5,700,000	\$ 9,301,000

(14) Subsequent Event

In August 2008, the company's Board of Directors authorized a 20 million share common stock rights offering to its shareholders in order to raise equity capital for general corporate purposes and to fund future growth. The rights will have an exercise price of \$8.50 per share. In conjunction with the rights offering, GS Direct, L.L.C., an affiliate of Goldman, Sachs & Co., has agreed to back stop the rights offering by purchasing on the same terms any and all shares not subscribed through the exercise of rights. GS Direct will purchase additional shares of common stock at the rights offering price if it does not acquire a minimum of 10 million shares of common stock as a result of its back stop commitment. The transactions are expected to raise gross proceeds of between approximately \$170 and \$255 million.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF

AND RESULTS OF OPERATIONS

QUARTERLY OVERVIEW

Net sales from continuing operations for the third quarter of fiscal 2008 were \$322.3 million, compared to \$337.2 million in the third quarter of fiscal 2007. Income from continuing operations was \$9.4 million, or \$.31 per diluted share, for the quarter compared to \$6.1 million, or \$.20 per diluted share, last year. The income from continuing operations for the third quarter of fiscal 2008 was favorably impacted by a tax benefit of \$.1 million, principally resulting from the reversal of certain previously-established FIN 48 reserves related to uncertain tax positions, versus a tax expense of \$4.1 million in the prior year's comparable quarter. Loss from discontinued operations was \$19.2 million, or \$.64 per diluted share, compared to \$1.7 million, or \$.06 per diluted share, last year. Net loss for the quarter was \$9.8 million, or \$.33 per diluted share, compared to net income of \$4.4 million, or \$.14 per diluted share, last year.

The decline in the Electronic Information and Communication Systems segment's operating results was anticipated due to the completion in late fiscal 2007 of the primary contracts with Syracuse Research Corporation ("SRC"). Excluding the impact of the SRC contracts in the respective third quarter periods, core business sales grew by approximately \$24.6 million, or 39%. The segment had received approximately \$340 million of funding from SRC for turnkey production of a Counter Improvised Explosive Device over the prior two fiscal years.

The company's Garage Doors segment results were consistent with the sustained downturn in the housing market. Although we anticipated that weaker residential construction markets would have a continuing effect on Garage Doors' operating results, it has been difficult to gauge the duration and severity of the impact that weaker housing markets, particularly with respect to resale of existing houses, would have on this segment's repair and renovate business. We believe that our business was further adversely impacted by weakness in the consumer credit markets. The segment's management has focused on cost reduction programs including, but not limited to, reductions in force, reducing or eliminating certain sales and marketing programs and consolidating facilities where possible. Restructuring and other related charges approximated \$.2 million and \$2.6 million for the three and nine-months ended June 30, 2008, respectively. (See Note 10 to Notes to Condensed Consolidated Financial Statements.)

Specialty Plastic Films achieved higher sales in the third quarter resulting primarily from a favorable product mix, primarily in North America, the partial pass-through of higher selling prices from rising resin costs, and the impact of foreign exchange, partially offset by lower selling prices to a major customer and lower unit volumes. Third quarter operating income increased by \$2.6 million as a result of a favorable product mix and the impact of foreign exchange.

RESULTS OF OPERATIONS

THREE MONTHS ENDED JUNE 30, 2008 AND 2007

Operating results by business segment from continuing operations were as follows for the three-month periods ended June 30:

	Net sales		Segment operating profit	
	2008	2007	2008	2007
Electronic Information and Communication Systems	\$ 88,251,000	\$ 120,553,000	\$ 9,173,000	\$ 9,951,000
Garage Doors	114,657,000	124,073,000	2,252,000	4,506,000
Specialty Plastic Films	121,147,000	96,848,000	5,506,000	2,857,000
Sales to discontinued operations	(1,788,000)	(4,280,000)		
	\$ 322,267,000	\$ 337,194,000	\$ 16,931,000	\$ 17,314,000

Electronic Information and Communication Systems

Net sales of the Electronic Information and Communication Systems segment decreased \$32.3 million, or 26.8%, compared to last year. The sales decrease was attributable to the completion of the primary SRC contracts in fiscal 2007. Partially offsetting this decrease was revenue growth of \$24.6 million, or 39%, related to new and expanded programs.

Gross profit of the Electronic Information and Communication Systems segment decreased by \$.6 million compared to last year. However, gross margin percentage increased to 23.7% from 17.8% last year, principally due to a favorable program mix, as the margin on the SRC contracts was lower than the average margin on other contracts. Selling, general and administrative (SG&A) expenses increased \$.2 million compared to last year and increased, as a percentage of sales, to 13.5% compared to 9.7% last year. The increase in SG&A expenses is primarily due to expenditures associated with product engineering and enhancement, as well as increases in expenses related to certain sales and marketing related efforts. These were partially offset by a decrease in certain operating expenses. Operating profit of the Electronic Information and Communication Systems segment decreased \$.8 million, or 7.8%, principally due to the substantial revenue decline attributable to the primary SRC contracts noted above.

Garage Doors

Net sales of the Garage Doors segment decreased by \$9.4 million, or 7.6%, compared to last year primarily due to the effects of the weak housing market. The sales decline was principally due to reduced unit volume (\$13.5 million), offset partially by higher selling prices to pass through rising material and freight costs (\$2.8 million), a favorable product mix (\$1.8 million), and a decrease in customer returns and deductions (\$.5 million).

Edgar Filing: GRIFFON CORP - Form 10-Q

Gross profit of the Garage Doors segment decreased by \$2.7 million compared to last year. Gross margin percentage, however, increased to 29.9% from 29.8% last year, primarily due to the operating efficiencies derived from the closure of the Tempe, AZ facility and other headcount and cost reductions (.7%), lower customer returns and deductions (.3%), partially offset by reduced sales volume and associated plant efficiency loss (.5%) and lower margins from the contracting services business transferred from the Installation Services segment(.4%). SG&A expenses were approximately \$1.2 million higher than last year and, as a percentage of sales, increased to 27.4% from 26.3% last year due to the sales decrease. The operating loss of Garage Doors was further impacted by restructuring and other related charges related to cost reduction programs. Operating profit of the Garage Doors segment decreased by \$2.3 million, or 50.0%, compared to last year.

Table of ContentsSpecialty Plastic Films

Net sales of the Specialty Plastic Films segment increased \$24.3 million, or 25.1%, compared to last year. The increase was principally due to a favorable product mix, primarily in North America (\$5.5 million), the impact of increased selling prices due to the rising cost of resin (\$6.2 million) and the favorable impact of exchange rates on translated foreign sales (\$10.4 million), partially offset by lower selling prices to a major customer associated with a multi-year contract and lower volumes in Europe (\$2.9 million).

Gross profit of the Specialty Plastic Films segment increased by \$3.3 million, or 23.2%, compared to last year. Gross margin percentage decreased to 14.5% from 14.7% last year. The effect of higher resin costs not fully recovered in increased selling prices and lower unit volumes negatively affected margins by 1.2%. These gross margin percentage decreases were partially offset by a favorable product mix in North America and Brazil, including foreign exchange, favorably affecting margins by 1.0%. SG&A expenses increased \$.6 million from last year and, as a percentage of sales, decreased to 10.6% from 12.6% last year due to the sales increase. Operating profit of the Specialty Plastic Films segment increased \$2.6 million, or 92.7%, compared to last year.

Provision (benefit) for income taxes

The company's overall effective tax rate when combining results from continuing and discontinued operations for the third quarter of fiscal 2008 was approximately 48.0%, reported as a benefit, compared to 40.6%, reported as a provision, last year. The rate change was principally due to differences in the mix of foreign earnings and related taxes, as well as the reversal of certain reserves of approximately \$5.8 million, included in the calculation of the estimated annual effective tax rate for fiscal 2008 compared to the prior year.

NINE MONTHS ENDED JUNE 30, 2008 AND 2007

Operating results by business segment from continuing operations were as follows for the nine-month periods ended June 30:

	Net sales		Segment operating profit (loss)	
	2008	2007	2008	2007
Electronic Information and Communication Systems	\$ 262,508,000	\$ 374,567,000	\$ 21,795,000	\$ 35,302,000
Garage Doors	319,396,000	370,618,000	(8,069,000)	4,027,000
Specialty Plastic Films	342,220,000	300,233,000	15,856,000	12,136,000

Edgar Filing: GRIFFON CORP - Form 10-Q

Intersegment revenues	(8,484,000)	(13,099,000)				
	\$ 915,640,000	\$ 1,032,319,000	\$ 29,582,000	\$ 51,465,000		

Electronic Information and Communication Systems

Net sales of the Electronic Information and Communication Systems segment decreased \$112.1 million, or 29.9%, compared to last year. The sales decrease was attributable to the completion of the primary SRC contracts in fiscal 2007. Partially offsetting this decrease was revenue growth of \$41.9 million, or 21%, related to new and expanded programs.

Table of Contents

Gross profit of the Electronic Information and Communication Systems segment decreased by \$9.6 million compared to last year. However, gross margin percentage increased to 21.5% from 17.7% last year, principally due to a favorable program mix, as the margin on the SRC contracts was lower than the average margin on other contracts. SG&A expenses increased \$3.7 million compared to last year and increased, as a percentage of sales, to 13.4% compared to 8.4% last year. The increase in SG&A is primarily due to expenditures associated with product engineering and enhancement, as well as increases in expenses related to certain sales and marketing related efforts. Operating profit of the Electronic Information and Communication Systems segment decreased \$13.5 million, or 38.3%, principally due to the substantial revenue decline attributable to the primary SRC contracts noted above.

Garage Doors

Net sales of the Garage Doors segment decreased by \$51.2 million, or 13.8%, compared to last year primarily due to the effects of the weak housing market. The sales decline was principally due to reduced unit volume (\$56.8 million), offset partially by higher selling prices to pass through rising material and freight costs (\$2.8 million), a favorable product mix (\$1.8 million), and a decrease in customer returns and deductions (\$1.0 million).

Gross profit of the Garage Doors segment decreased by \$13.5 million compared to last year. Gross margin percentage, however, increased to 27.7% from 27.5% last year, primarily due to the operating efficiencies derived from the closure of the Tempe, AZ facility and other headcount and cost reductions (.7%), lower customer returns and deductions (.3%), partially offset by reduced sales volume and associated plant efficiency loss (.5%) and lower margins from the businesses transferred from the Installation Services segment (.3%). SG&A expenses were approximately \$1.7 million higher than last year and, as a percentage of sales, increased to 30.2% from 26.5% last year due to the sales decrease. The operating loss of Garage Doors was further impacted by restructuring and other related charges related to cost reduction programs including, but not limited to, reductions in force, reducing or eliminating certain sales and marketing programs and consolidating facilities where possible. Restructuring and other related charges approximated \$2.6 million, including \$.6 million in one-time termination benefits. Operating profit of the Garage Doors segment decreased by \$12.1 million compared to last year, resulting in an operating loss.

Specialty Plastic Films

Net sales of the Specialty Plastic Films segment increased \$42.0 million, or 14.0%, compared to last year. The increase was principally due to a favorable product mix, primarily in North America (\$18.8 million), the impact of increased selling prices due to the rising cost of resin (\$9.1 million) and the favorable impact of exchange rates on translated foreign sales (\$26.5 million), partially offset by lower selling prices to a major customer associated with a multi-year contract and lower volumes in Europe (\$13.7 million).

Gross profit of the Specialty Plastic Films segment increased by \$2.6 million, or 5.5%, compared to last year. Gross margin percentage decreased to 14.5% from 15.6% last year. The effect of higher resin costs not fully recovered in increased selling prices and lower unit volumes negatively affected margins by 3.5%.

These gross margin percentage decreases were partially offset by a favorable product mix in North America and Brazil, favorably affecting margins by 2.2%, and manufacturing efficiencies in Europe and Brazil, favorably affecting margins by .9%. SG&A expenses decreased \$1.5 million from last year and, as a percentage of sales, decreased to 10.5% from 12.2% last year due to the sales increase. Operating profit of the Specialty Plastic Films segment increased \$3.7 million, or 30.6%, compared to last year.

Provision (benefit) for income taxes

The company's overall effective tax rate when combining results from continuing and discontinued operations was approximately 29.2%, reported as a benefit, compared to 41.6%, reported as a provision, last year. The rate change was principally due to differences in the mix of foreign earnings and related taxes, as well as the reversal of certain reserves of approximately \$5.8 million, included in the calculation of the estimated annual effective tax rate for fiscal 2008 compared to the prior year.

LIQUIDITY AND CAPITAL RESOURCES

Cash flows generated by continuing operations for the nine-month period ended June 30, 2008 were \$49.5 million compared to \$12.8 million last year and working capital was \$326.9 million at June 30, 2008. Operating cash flows from continuing operations were principally the result of decreased accounts receivable and increased accounts payable, partially offset by increased inventories and increased prepaid expenses and other current assets.

During the nine months ended June 30, 2008, the company had capital expenditures of approximately \$49.1 million, primarily related to the refinancing of existing maturing lease obligations for certain property, plant and equipment (see below).

During the nine months ended June 30, 2008, the company used cash from financing activities of continuing operations of \$1.8 million. Financing cash flows also included treasury stock purchases of \$579,000 to acquire approximately 41,000 shares of the company's common stock. Approximately 1.4 million shares of common stock are available for purchase pursuant to the company's stock buyback program, and additional purchases under the plan or a 10b5-1 plan may be made, depending upon market conditions and other factors, at prices deemed appropriate by management.

In May 2008, the company's Board of Directors approved a plan to exit substantially all operating activities of the Installation Services segment in 2008. In the third quarter of fiscal 2008, the company sold nine units to one buyer, closed one unit and merged two units into its Garage Doors segment. In August 2008, the company entered into an agreement to sell its two remaining units in Phoenix and Las Vegas that is expected to close in the fiscal fourth quarter. The company recorded aggregate disposal costs of \$23.3 million and \$36.2 million for the three and nine months ended June 30, 2008. The company presently estimates that it may incur additional total disposal costs of up to \$17 million for the remainder of fiscal 2008, of which \$5 million to \$10 million is estimated to be cash-related.

During the nine months ended June 30, 2008, the company used cash from operating activities of discontinued operations of \$3.8 million. During the nine months ended June 30, 2008, cash from provided from investing activities of discontinued operations was \$3.9 million, primarily from the proceeds from the sale of certain assets.

On June 24, 2008, Clopay Building Products Company, Inc. (BPC) and Clopay Plastic Products Company, Inc. (PPC), each a wholly-owned subsidiary of the company, entered into a credit agreement for their domestic operations with JPMorgan Chase Bank, N.A., as administrative agent, and the lenders party thereto, pursuant to which the lenders agreed to provide a five-year, senior secured revolving credit facility of \$100 million. Availability under the credit facility is based upon certain eligible accounts receivable, inventory, cash and cash equivalents and property, plant and equipment. Borrowings under the credit agreement bear interest at rates based upon LIBOR or the prime rate and are collateralized by the stock and assets of BPC and PPC and the stock of their subsidiaries. The credit agreement contains certain restrictive and financial covenants, certain of which are only subject to compliance if borrowing availability falls below a certain level. Upon the occurrence of certain events of default specified in the credit agreement, amounts due under the credit agreement may be declared immediately due and payable.

Table of Contents

Proceeds of a \$33 million initial draw under this facility were primarily used to refinance existing maturing lease obligations.

On March 31, 2008, Telephonics Corporation, a wholly-owned subsidiary of the company, entered into a Credit Agreement with JPMorgan Chase Bank, N.A., as administrative agent, and the lenders party thereto, pursuant to which the lenders agreed to provide the Borrower with a five-year, revolving credit facility of \$100 million. Commitments under the Credit Agreement may be increased by up to an additional \$50 million under certain circumstances. Borrowings under the Credit Agreement bear interest at rates based upon LIBOR or the prime rate and are collateralized by the stock and assets of the Borrower and the stock of Telephonics subsidiaries pursuant to a Guarantee and Collateral Agreement made by Gritel Holding Co., Inc., a newly-formed subsidiary of the company, and Telephonics in favor of the lenders. The Credit Agreement contains certain restrictive and financial covenants. Upon the occurrence of certain events of default specified in the Credit Agreement, amounts due under the Credit Agreement may be declared immediately due and payable.

Proceeds of a \$50 million initial draw under this facility, together with internal cash of the company, were used to repay \$62.5 million of outstanding debt under the company's Amended and Restated Credit Agreement, dated as of December 20, 2006, as amended, among the company, Telephonics, JPMorgan Chase Bank, N.A., as administrative agent, and the lenders party thereto, at which time such Amended and Restated Credit Agreement was terminated.

The company has outstanding \$130 million of 4% convertible subordinated notes due 2023 (the Notes). Holders of the Notes may require the company to repurchase all or a portion of their Notes on July 18, 2010, 2013 and 2018, and upon a change in control.

In August 2008, the company's Board of Directors authorized a 20 million share common stock rights offering to its shareholders in order to raise equity capital for general corporate purposes and to fund future growth. The rights will have an exercise price of \$8.50 per share. In conjunction with the rights offering, GS Direct, L.L.C., an affiliate of Goldman, Sachs & Co., has agreed to back stop the rights offering by purchasing on the same terms any and all shares not subscribed through the exercise of rights. GS Direct will purchase additional shares of common stock at the rights offering price if it does not acquire a minimum of 10 million shares of common stock as a result of its back stop commitment. The transactions are expected to raise gross proceeds of between approximately \$170 and \$255 million.

Anticipated cash flows from operations, together with existing cash, bank lines of credit and lease line availability, should be adequate to finance presently anticipated working capital and capital expenditure requirements and to repay long-term debt as it matures.

CRITICAL ACCOUNTING POLICIES AND RECENT ACCOUNTING PRONOUNCEMENTS

The company's significant accounting policies are set forth in Note 1 of Notes to Consolidated Financial Statements in the company's Annual Report on Form 10-K for the year ended September 30, 2007. A discussion of those policies that require management judgment and estimates and are most important in determining the company's operating results and financial condition are discussed in Management's Discussion and Analysis of Financial Condition and Results of Operations contained in the 2007 Annual Report. The Financial Accounting Standards Board issues, from time to time, new financial accounting standards, staff positions and emerging issues task force consensus. See Note 8 of Notes to condensed consolidated financial statements for a discussion of these

matters.

FORWARD-LOOKING STATEMENTS

All statements other than statements of historical fact included in this report, including without limitation statements regarding the company's financial position, business strategy, and the plans and objectives of the company's management for future operations, are forward-looking statements. When used in this report, words such as "anticipate," "believe," "estimate," "expect," "intend" and similar expressions, as they relate to the company or its management, identify forward-looking statements. Such forward-looking statements are based on the beliefs of the company's management, as well as assumptions made by and information currently available to the company's management. Actual results could differ materially from those contemplated by the forward-looking statements as a result of certain factors, including, but not limited to, business, financial market and economic conditions, including, but not limited to, the credit market, the housing market, results of integrating acquired businesses into existing operations, competitive factors and pricing pressures for resin and steel, capacity and supply constraints and the ability to consummate the rights offering. Such statements reflect the views of the company with respect to future events and are subject to these and other risks, uncertainties and assumptions relating to the operations, results of operations, growth strategy and liquidity of the company as previously disclosed in the company's SEC filings. Readers are cautioned not to place undue reliance on these forward-looking statements. The company does not undertake any obligation to release publicly any revisions to these forward-looking statements to reflect future events or circumstances or to reflect the occurrence of unanticipated events.

ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Management does not believe that there is any material market risk exposure with respect to derivative or other financial instruments that is required to be disclosed.

ITEM 4 - CONTROLS AND PROCEDURES

Under the supervision and with the participation of our Chief Executive Officer (CEO) and Chief Financial Officer (CFO), the company's disclosure controls and procedures were evaluated as of the end of the period covered by this report. Based on that evaluation, the company's CEO and CFO concluded that the company's disclosure controls and procedures were effective.

During the period covered by this report, there were no changes in the company's internal control over financial reporting which materially affected, or are reasonably likely to materially affect, the company's internal control over financial reporting.

Limitations on the Effectiveness of Controls

The company believes that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all controls issues and instances of fraud, if any, within a company have been detected. The company's disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives and the company's CEO and CFO have concluded that such controls and procedures are effective at the reasonable assurance level.
