**PART I**

**ITEM 1. BUSINESS**

Monarch Casino & Resort, Inc. (the Company or we ), through its wholly-owned subsidiary, Golden Road Motor Inn, Inc. ( Golden Road ), owns and operates the tropically-themed Atlantis Casino Resort Spa, a hotel/casino facility in Reno, Nevada (the Atlantis ). Unless otherwise indicated, Monarch or the Company refers to Monarch Casino & Resort, Inc. and its Golden Road subsidiary. Monarch was incorporated in 1993 under Nevada law for the purpose of acquiring all of the stock of Golden Road. The principal asset of Monarch is the stock of Golden Road, which holds all of the assets of the Atlantis. Our principal executive offices are located at 3800 S. Virginia Street; Reno, Nevada 89502; telephone (775) 335-4600.

**AVAILABLE INFORMATION**

Our website address is [www.monarchcasino.com](http://www.monarchcasino.com). We make available free of charge on or through our internet website our annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, as soon as reasonably practicable after we electronically file such material with, or furnish it to, the Securities and Exchange Commission.

**THE ATLANTIS CASINO RESORT SPA**

Through Golden Road, we own and operate the tropically-themed Atlantis Casino Resort Spa, which is located approximately three miles south of downtown in the generally more affluent area of Reno, Nevada. The Atlantis features approximately 61,000 square feet of casino space interspersed with waterfalls, giant artificial palm trees, thatched-roof huts, and other tropical decor; a hotel and a motor lodge with a combined 969 guest rooms; ten food outlets; an enclosed year-round pool with waterfall; an outdoor pool; a health spa; two retail outlets offering clothing and resort gift shop merchandise; a full service salon for men and women; an 8,000 square-foot family entertainment center; and approximately 52,000 square feet of banquet, convention and meeting room space.

In June 2007, we broke ground on an expansion project, several phases of which we completed and opened in the second half of 2008. New space was added to the first floor casino level, the second and third floors and the basement level totaling approximately 116,000 square feet. The existing casino floor was expanded by over 10,000 square feet, or approximately 20%. The first floor casino expansion includes a redesigned, updated and expanded race and sports book of approximately 4,000 square feet and an enlarged poker room. The expansion also included the new Manhattan deli , a New York deli-style restaurant. The second floor expansion created additional ballroom and convention space of approximately 27,000 square feet, doubling the existing facilities. We constructed and opened a pedestrian skywalk over Peckham Lane that connects the Reno-Sparks Convention Center directly to the Atlantis. In January 2009, we opened the final phase of the expansion project, the new Spa Atlantis featuring an atmosphere, amenities and treatments that are unique from any other offering in our market. Additionally, many of the pre-expansion areas of the Atlantis were remodeled to be consistent with the upgraded look and feel of the new facilities. The remodeling work will continue into 2009. The total cost of these capital projects is approximately \$73 million. Through December 31, 2008, the Company had incurred approximately \$68 million of that total.

With the opening of the new skywalk the Atlantis became the only hotel-casino to be physically connected to the Reno-Sparks Convention Center. The Reno-Sparks Convention Center offers approximately 500,000 square feet of leasable exhibition, meeting room, ballroom and lobby space.

Table of Contents

**ATLANTIS CASINO**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

The Atlantis Casino offers approximately 1,500 slot and video poker machines; approximately 38 table games, including blackjack, craps, roulette and others; a sports book; Keno and a poker room.

The Atlantis offers what we believe are higher than average payout rates on slot machines relative to other northern Nevada casinos and has adopted liberal rules for its blackjack games, including the use of single decks of cards at some tables. We seek to attract high-end players through high quality amenities and services and by extension of gaming credit after a careful credit history evaluation.

### **HOTEL AND MOTOR LODGE**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

The Atlantis includes three contiguous high-rise hotel towers with 820 rooms and suites, and a low-rise motor lodge with another 149 rooms, for a total of 969 guest rooms. The first of the three hotel towers contains 160 rooms and suites in 13 stories. The 19-story second hotel tower contains 278 rooms and suites. The third tower contains 382 rooms and suites in 28 stories. The rooms on the top seven floors in the third tower are nearly 20% larger than the standard guest rooms and offer key card elevator access, upscale accommodations and a private concierge service.

The Atlantis hotel rooms feature upbeat, colorful interior decorations and furnishings consistent with the Atlantis tropical theme, as well as nine-foot ceilings (most standard hotel rooms have eight-foot ceilings), which create an open and spacious feel. The third hotel tower features a four-story waterfall with an adjacent year-round swimming pool in a climate controlled, five-story glass enclosure, which shares an outdoor third floor pool deck with a seasonal outdoor swimming pool and year round whirlpool. A full service salon (the Salon at Atlantis) overlooks the third floor sundeck and outdoor seasonal swimming pool and offers salon-grade products and treatments for hair, nails, skincare and body services for both men and women. A health spa is located adjacent to the swimming areas which offers treatments and amenities unique to our market. The hotel rooms on the spa floor are all designated as spa rooms and have décor that is themed consistent with the spa. Certain spa treatments are also available in spa floor hotel rooms. The hotel also features glass elevators rising the full 19 and 28 stories, respectively, of the two taller hotel towers, providing panoramic views of the Reno area and the Sierra Nevada mountain range separating Nevada from California.

The 149-room motor lodge is a two-story structure located adjacent to the hotel. The motor lodge rooms, which are also decorated and furnished with the Atlantis tropical theme, are smaller than the tower hotel rooms and have standard eight-foot ceilings. We believe the motor lodge rooms appeal to value conscious travelers who still want to enjoy the experience and amenities of a first-class hotel-casino resort.

The average occupancy rate and average daily room rate at the Atlantis for the following periods were:

	Years ended December 31,		
	2008	2007	2006
Occupancy rate	84.9%	93.8%	93.3%
Average daily room rate	\$ 65.52	\$ 74.04	\$ 69.87

We continually monitor and adjust hotel room rates based upon demand and other competitive factors. Our average daily room rate was adversely impacted in 2008 by the declining market demand and by rooms sold at discounted rates to select wholesale operators for tour and travel packages.

Table of Contents

**RESTAURANTS AND DINING**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

The Atlantis has eight restaurants, two gourmet coffee bars and one snack bar as described below.

- The 600-seat Toucan Charlie's Buffet & Grill, which offers a wide variety of standard hot food selections, salads and seafood, specialty substations featuring made-to-order items such as Mongolian barbecue, fresh Southwest and Asian specialties, meats roasted in wood-fired rotisserie ovens, two salad stations, and a wide variety of freshly made desserts.
- The 135-seat, aquatic-themed Atlantis Seafood Steakhouse gourmet restaurant.
- The 200-seat, upscale Bistro Napa featuring a centrally located wine cellar.
- The Oyster Bar restaurant in the Sky Terrace offering fresh seafood, soups and bisques made to order.
- The Sushi Bar, also in the Sky Terrace, offering a variety of fresh raw and cooked sushi specialties, including all-you-can-eat lunch and dinner selections. Combined, the Oyster Bar and Sushi Bar can accommodate up to 139 guests.
- The 178-seat 24-hour Purple Parrot coffee shop.
- The 122-seat Cafe Alfresco restaurant serving a full menu, pizzas prepared in a wood-fired, brick oven and a variety of gelato deserts.
- The 170-seat Manhattan deli restaurant specializing in piled-high sandwiches, soups, salads and desserts
- Two gourmet coffee bars, offering specialty coffee drinks, pastries and desserts made fresh daily in the Atlantis bakery.
- A snack bar and soda fountain serving ice cream and arcade-style refreshments.

### **THE SKY TERRACE**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

The Sky Terrace is a unique structure with a diamond-shaped, blue glass body suspended approximately 55 feet, and spanning 160 feet across, South Virginia Street. The Sky Terrace connects the Atlantis with additional parking on our 16-acre site across South Virginia Street from the Atlantis. The structure rests at each end on two 100-foot tall Grecian columns with no intermediate support pillars. The tropically-themed interior of the Sky Terrace contains the Oyster Bar, the Sushi Bar, a video poker bar, banks of slot machines and a lounge area with oversized leather sofas and chairs.

Operations at the Atlantis are conducted 24 hours a day, every day of the year. The Atlantis business is seasonal in nature, with higher revenues during the summer months and lower revenues during the winter months.

### **ATLANTIS IMPROVEMENTS**

We have continuously invested in upgrading the Atlantis. Our capital expenditures at the Atlantis were \$67.9 million in 2008, \$17.3 million in 2007 and, \$5.8 million in 2006.

During 2008 and 2007, capital expenditures primarily consisted of construction costs associated with the expansion, skybridge and remodel capital projects that commenced in June 2007. During 2006, capital expenditures primarily consisted of acquisition of gaming and computer equipment, the installation of a casino high-definition video display system, renovation of our Java Coast Gourmet Coffee and pastry bar, initial design and planning expenditures associated with our expansion and ongoing public area renovations and upgrades.

Table of Contents

**ADDITIONAL EXPANSION POTENTIAL**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

Expansion potential at our current site is twofold. First, we could further expand our existing hotel and casino, thereby giving us more hotel rooms, amenities and additional casino space. Second, we could develop the 16-acre parcel we own across the street from the Atlantis. This site is connected to the Atlantis by the Sky Terrace and is currently used for parking and special events related to the Atlantis. Our 16-acre parcel meets all current Reno zoning requirements in the event we decide to build another resort casino or entertainment facility.

### **MARKETING STRATEGY**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

The Reno/Tahoe region is a major gaming and leisure destination with aggregate gaming revenues of approximately \$830 million.

Our revenues and operating income are principally dependent on the level of gaming activity at the Atlantis casino. Our predominant marketing goal is to utilize all of the Atlantis facilities to generate additional casino play. Our secondary goal is to maximize revenues from our hotel, food and beverage, cocktail lounges, convention and meeting rooms, retail and other amenities.

Our marketing efforts are directed toward three broad consumer groups: leisure travelers, conventioners and northern Nevada residents. We believe the Atlantis location outside of downtown Reno, near the airport, near major freeway arteries and across the street from the Reno-Sparks Convention Center makes the facility appealing to all three groups.

**LEISURE TRAVELERS:** The Reno/Tahoe region is a popular gaming and vacation destination that enjoys convenient air service from cities throughout the United States. The principal segments of Reno's leisure traveler market are independent travelers, package tour and travel guests, guests we reach through the world-wide-web and high-end players. We attempt to maximize our gaming revenues and hotel occupancy through a balanced marketing approach that addresses each market segment.

Independent travelers make reservations directly with hotels of their choice or through independent travel agents. We strive to attract the middle to upper-middle income strata of this consumer segment through advertising and direct marketing. This segment represents a large portion of the Atlantis guests.

The package tour and travel segment consists of visitors who utilize travel packages offered by wholesale operators. We market to this segment through relationships with select wholesalers, primarily to generate guest visits and supplement mid-week occupancy.

We welcome domestic and international reservations on the Atlantis website [www.atlantiscasino.com](http://www.atlantiscasino.com) and are featured on major package tour and travel websites.

We market to high-end players selectively through direct sales. We utilize complimentary rooms, food and beverage, special events and the extension of gaming credit to attract, and maintain patronage from, high-end players.

**CONVENTIONERS:** Convention business, like package tour and travel business, supplements occupancy during lower-demand periods. Conventioneers also typically pay higher average room rates than non-conventioneers. We selectively seek convention and meeting groups that we believe will materially enhance the Atlantis occupancy and daily room rates, as well as those we believe will be more likely to utilize our gaming products. As the only hotel-casino within easy walking distance of the Reno-Sparks Convention Center, the Atlantis is, in our view, uniquely positioned to capitalize on this expanding segment. We believe the Reno-Sparks Convention Center has created, and we expect will

Table of Contents

continue to create, additional guest traffic for the Atlantis within this market segment that is presently underserved in the Reno area. As described in the THE ATLANTIS CASINO RESORT SPA section above, an enclosed pedestrian skybridge over Peckham Lane has been constructed that connects the Atlantis directly into the Reno-Sparks Convention Center facilities.

We market to all guest segments, including conventioners, on the basis of the location, quality and ambiance of the Atlantis facility, gaming values, friendly, efficient service, and the quality and relative value of Atlantis rooms, food and beverage offerings, entertainment and promotions.

Our frequent player club, Club Paradise, allows our guests to be eligible to receive rewards and privileges based on the amount of their play, while allowing us to track their play through a computerized system. We use this information to determine appropriate levels of complimentary awards, and for guiding our direct marketing efforts. We believe that Club Paradise significantly enhances our ability to build guest loyalty and generate repeat guest visits.

**NORTHERN NEVADA RESIDENTS:** We market to northern Nevada residents (referred to from time to time as Locals ) on the basis of the Atlantis location and accessibility; convenient surface parking; gaming values; ambiance; friendly efficient service; quality and relative value of food and beverage offerings.

**COMPETITION**

Competition in the Reno area gaming market is intense. Based on information obtained from the December 31, 2008 Gaming Revenue Report published by the Nevada State Gaming Control Board, there are approximately 10 casinos in the Reno area which generate more than \$12.0 million each in annual gaming revenues.

We believe that the Atlantis primary competition for leisure travelers comes from other large-scale casinos that offer amenities that appeal to middle to upper-middle income guests. We compete for leisure travelers on the basis of the desirability of our location, the quality and ambiance of the Atlantis facility, friendly, efficient service, the quality and relative value of its rooms and food and beverage offerings, entertainment offerings, promotions and gaming values. We believe that our location away from downtown Reno is appealing to newer and more affluent guests.

We believe that the Atlantis primary competition for conventioners comes from other large-scale hotel casinos in the Reno area that actively target the convention market segment, and from other cities in the western United States with large convention facilities and substantial hotel capacity, including Las Vegas. We compete for conventioners based on the desirability of our location, the quality and ambiance of the Atlantis facility, meeting and banquet rooms designed to appeal to conventions and groups, friendly, efficient service, and the quality and relative value of its rooms and food and beverage offerings. We believe that the Atlantis proximity to the Reno-Sparks Convention Center affords us a distinct competitive advantage in attracting conventioners.

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

We believe that the Atlantis competition for northern Nevada residents comes primarily from other large-scale casinos located outside of downtown Reno that offer amenities that appeal to middle to upper-middle income guests, and secondarily with those casinos located in downtown Reno that offer similar amenities. We compete for northern Nevada residents primarily on the basis of the desirability of our location, the quality and ambiance of the Atlantis facility, friendly, efficient service, the quality and relative value of our food and beverage offerings, entertainment offerings, promotions and gaming values. We believe the Atlantis proximity to residential areas in south Reno and its abundant surface parking provide us an advantage over the casinos located in downtown Reno in attracting Locals.

Table of Contents

Station Casinos, Inc., a casino operator operating primarily in the Las Vegas market, has acquired several parcels in the Reno area and has announced plans to build two casinos, one of which would be located within one mile of our Atlantis Casino Resort Spa. Station is a dominant casino operator catering to tourists and local residents in the Las Vegas market. Should Station proceed with its plans to build one or more facilities in Reno, Station will create additional competition for us and could have a material adverse impact on our business. We also believe, however, that Station's plans could create a "mini strip" concentration of casinos near the Atlantis which could draw gaming patrons away from the downtown Reno casinos to properties in this "mini strip" area.

The Atlantis also competes for gaming guests with hotel casino operations located in other parts of Nevada, especially Las Vegas and Lake Tahoe, and with hotel casinos, Indian casinos, and riverboat casinos located elsewhere throughout the United States and the world. We believe that the Atlantis also competes to a lesser extent with state-sponsored lotteries, off-track wagering, card parlors, and other forms of legalized gaming, particularly in northern California and the Pacific Northwest.

The constitutional amendment approved by California voters in 2000 allowing the expansion of Indian casinos in California has had an adverse impact on casino revenues in Nevada in general, and many analysts have continued to predict the impact will be more significant on the Reno-Lake Tahoe market. The extent of this continued impact is difficult to predict, but we believe that the impact on us will continue to be mitigated to some extent by the revenue generated from the Reno area residents and our proximity to the Reno-Sparks Convention Center. However, if other Reno area casinos continue to suffer business losses due to increased pressure from California Indian casinos, they may intensify their marketing efforts to Reno-area residents as well. However, we believe our numerous amenities, such as a wide array of restaurants, a video arcade, banquet facilities and surface parking are key advantages in our ability to attract Locals that competitor facilities cannot easily match without major capital expenditures.

Certain experienced Nevada gaming operators have agreements to build and manage Indian casino facilities near San Francisco, one of Reno's key feeder markets. Once these facilities receive all the required permits and are built, they could provide an alternative for drive market guests to Reno area casinos, especially during certain winter periods when auto travel through the Sierra Nevada mountain passes is hampered. One major facility near Sacramento has been operating since June 2003 and a second Sacramento area facility opened in 2008. Both have been very successful, adversely impacting many hotel casinos in Reno.

We also believe that the legalization of unlimited land-based casino gaming in or near any major metropolitan area in the Atlantis' feeder markets, such as San Francisco or Sacramento, could have a material adverse impact on our business.

In June 2004, five California Indian tribes signed compacts with the state that allow the tribes to increase the number of slot machines beyond the previous 2,000-per-tribe limit in exchange for higher fees from each of the five tribes. In February 2008, the voters of the State of California approved compacts with four tribes located in Southern California that increases the limit of Native American operated slot machines in the State of California.

**REGULATION AND LICENSING**

The ownership and operation of casino gaming facilities in Nevada are subject to the Nevada Gaming Control Act and the regulations promulgated thereunder, referred to as the Nevada Act, and various local regulations. Our gaming operations are subject to the licensing and regulatory control of the Nevada Gaming Commission, the Nevada State Gaming Control Board, and the Reno City Council, referred to collectively as the Nevada Gaming Authorities.

Table of Contents

The laws, regulations and supervisory procedures of the Nevada Gaming Authorities are based upon declarations of public policy that are concerned with, among other things:

- the prevention of unsavory or unsuitable persons from having a direct or indirect involvement with gaming at any time or in any capacity;
- the establishment and maintenance of responsible accounting practices and procedures;
- the maintenance of effective controls over the financial practices of licensees, including the establishment of minimum procedures for internal fiscal affairs and the safeguarding of assets and revenues, providing reliable record keeping and requiring the filing of periodic reports with the Nevada Gaming Authorities;
- the prevention of cheating and fraudulent practices; and
- providing a source of state and local revenues through taxation and licensing fees.

Changes in such laws, regulations and procedures could have an adverse effect on our gaming operations.

Golden Road, our subsidiary which operates the Atlantis, is required to be licensed by the Nevada Gaming Authorities. The gaming license requires the periodic payment of fees and taxes and is not transferable. We are registered by the Nevada Gaming Commission as a publicly traded corporation, or Registered Corporation. As such, we are required periodically to submit detailed financial and operating reports to the Nevada Gaming Commission and furnish any other information that the Nevada Gaming Commission may require. No person may become a stockholder of, or receive any percentage of profits from, Golden Road without first obtaining licenses and approvals from the Nevada Gaming Authorities. Golden Road and Monarch have obtained from the Nevada Gaming Authorities the various registrations, approvals, permits and licenses required in order to engage in gaming activities in Nevada.

The Nevada Gaming Authorities may investigate any individual who has a material relationship to, or material involvement with, Golden Road or Monarch in order to determine whether that individual is suitable or should be licensed as a business associate of a gaming licensee. Officers, directors and key employees of Golden Road must file applications with the Nevada Gaming Authorities and may be required to be licensed or found suitable by the Nevada Gaming Authorities. Our officers, directors and key employees who are actively and directly involved in gaming activities of Golden Road may be required to be licensed or found suitable by the Nevada Gaming Authorities. The Nevada Gaming Authorities may deny an application for licensing for any cause that they deem reasonable. A finding of suitability is comparable to licensing, and both require submission of detailed personal and financial information followed by a thorough investigation. Applicants for licensing or a finding of suitability must pay all costs of the investigation. Changes in licensed positions must be reported to the Nevada Gaming Authorities. In addition to their authority to deny an application for a finding of suitability or licensure, the Nevada Gaming Authorities also have jurisdiction to disapprove a change in a corporate position.

If the Nevada Gaming Authorities were to find an officer, director or key employee unsuitable for licensing or unsuitable to continue having a relationship with Golden Road or us, the companies involved would have to sever all relationships with that person. In addition, the Nevada Gaming Commission may require that we terminate the employment of any person who refuses to file appropriate applications. Determinations of suitability or of questions pertaining to licensing are not subject to judicial review in Nevada.

We are required to submit detailed financial and operating reports to the Nevada Gaming Commission. Substantially all material loans, leases, sales of securities and similar financing transactions by us must be reported to, or approved by, the Nevada Gaming Commission.

Table of Contents

If it were determined that we violated the Nevada Act, our gaming licenses and registrations with the Nevada Gaming Commission could be limited, conditioned, suspended or revoked, subject to compliance with certain statutory and regulatory procedures. In addition, we and the persons involved could be subject to substantial fines for each separate violation of the Nevada Act at the discretion of the Nevada Commission. Further, the Nevada Gaming Commission could appoint a supervisor to operate our gaming properties and, under certain circumstances, earnings generated during the supervisor's appointment (except for the reasonable rental value of our gaming properties) could be forfeited to the State of Nevada. The limitation, conditioning or suspension of any gaming license or the appointment of a supervisor could (and revocation of any gaming license would) materially adversely affect our gaming operations.

Any beneficial holder of our voting securities, regardless of the number of shares owned, may be required to file an application, be investigated, and have his suitability as a beneficial holder of our voting securities determined if the Nevada Gaming Commission has reason to believe that such ownership would otherwise be inconsistent with the declared policies of the State of Nevada. The applicant must pay all costs of investigation incurred by the Nevada Gaming Authorities in conducting any such investigation.

The Nevada Gaming Act requires any person who acquires more than 5% of Monarch's voting securities to report the acquisition to the Nevada Gaming Commission. The Nevada Act requires that beneficial owners of more than 10% of our voting securities apply to the Nevada Gaming Commission for a finding of suitability within 30 days after the Chairman of the Nevada Gaming Control Board mails the written notice requiring such filing. Under certain circumstances, an institutional investor, as defined in the Nevada Act, which acquires more than 10%, but not more than 15%, of our voting securities may apply to the Nevada Gaming Commission for a waiver of such finding of suitability if the institutional investor holds the voting securities for investment purposes only. An institutional investor is not deemed to hold voting securities for investment purposes unless they were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of our board of directors, any change in our corporate charter, bylaws, management, policies or operations, or any of our gaming affiliates, or any other action that the Nevada Gaming Commission finds to be inconsistent with holding our voting securities for investment purposes only. Activities that are not deemed to be inconsistent with holding voting securities for investment purposes only include:

- voting on all matters voted on by stockholders;
- making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in its management, policies or operations; and
- such other activities as the Nevada Gaming Commission may determine to be consistent with such investment intent.

If the beneficial holder of voting securities who must be found suitable is a corporation, partnership or trust, it must submit detailed business and financial information including a list of beneficial owners. The applicant is required to pay all costs of investigation.

Any person who fails or refuses to apply for a finding of suitability or a license within 30 days after being ordered to do so by the Nevada Gaming Commission or the Chairman of the Nevada State Gaming Control Board may be found unsuitable. The same restrictions apply to a record owner if the record owner, after request, fails to identify the beneficial owner. Any stockholder found unsuitable and who holds, directly or indirectly, any beneficial ownership of the common stock of a Registered Corporation beyond such period of time as may be prescribed by the Nevada Gaming Commission may be guilty of a criminal offense. We are subject to disciplinary action if, after we receive notice that a person is unsuitable to be a stockholder or to have any other relationship with us, we:

Table of Contents

- pay that person any dividend or interest upon voting securities,
- allow that person to exercise, directly or indirectly, any voting right conferred through securities held by that person,
- pay remuneration in any form to that person for services rendered or otherwise, or
- fail to pursue all lawful efforts to require such unsuitable person to relinquish his voting securities for cash at fair market value.

The Nevada Gaming Commission may, in its discretion, require the holder of any debt security of a Registered Corporation to file applications, be investigated and be found suitable to own the debt security of a Registered Corporation. If the Nevada Gaming Commission determines that a person is unsuitable to own such security, then pursuant to the Nevada Act, the Registered Corporation can be sanctioned, including the loss of its approvals if, without the prior approval of the Nevada Gaming Commission, it:

- pays to the unsuitable person any dividend, interest, or any distribution;
- recognizes any voting right by such unsuitable person in connection with such securities;
- pays the unsuitable person remuneration in any form; or
- makes any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation or similar transaction.

We are required to maintain a current stock ledger in Nevada, and the Nevada Gaming Authorities may examine the ledger at any time. If any securities are held in trust by an agent or a nominee, the record holder may be required to disclose the identity of the beneficial owner to the Nevada Gaming Authorities. A failure to make such disclosure may be grounds for finding the record holder unsuitable. We are also required to render maximum assistance in determining the identity of the beneficial owner. The Nevada Gaming Commission has the power to require our stock certificates to bear a legend indicating that the securities are subject to the Nevada Act.

We may not make a public offering of our securities without the prior approval of the Nevada Gaming Commission if the securities or proceeds there from are intended to be used to construct, acquire or finance gaming facilities in Nevada, or to retire or extend obligations incurred for purposes of constructing, acquiring or financing gaming facilities. Any approval, if granted, does not constitute a finding, recommendation or approval by the Nevada Gaming Commission or the Nevada Gaming Control Board as to the accuracy or adequacy of the prospectus or the investment merits of the securities offered. Any representation to the contrary is unlawful.

Changes in our control through merger, consolidation, stock or asset acquisitions, management or consulting agreements, or any act or conduct by a person whereby that person obtains control (including foreclosure on the pledged shares), may not occur without the prior approval of the Nevada Gaming Commission. Entities seeking to acquire control of a Registered Corporation must satisfy the Nevada State Gaming Control Board and Nevada Gaming Commission in a variety of stringent standards prior to assuming control of such Registered Corporation. The Nevada Gaming Commission may also require controlling stockholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control, to be investigated and licensed as part of the approval process relating to the transaction.

The Nevada legislature has declared that some corporate acquisitions opposed by management, repurchases of voting securities and corporate defense tactics affecting Nevada gaming licensees, and Registered Corporations that are affiliated with those operations, may be injurious to stable and productive corporate gaming. The Nevada Gaming Commission has established a regulatory scheme to ameliorate the potentially adverse effects of these business practices upon Nevada's gaming industry and to further Nevada's policy to:

Table of Contents

- assure the financial stability of corporate gaming operators and their affiliates;
- preserve the beneficial aspects of conducting business in the corporate form; and
- promote a neutral environment for the orderly governance of corporate affairs.

We are, in certain circumstances, required to receive approval from the Nevada Gaming Commission before we can make exceptional repurchases of voting securities above their current market price and before we can consummate a corporate acquisition opposed by management. The Nevada Act also requires prior approval of a plan of recapitalization proposed by our board of directors in response to a tender offer made directly to a Registered Corporation's stockholders for the purposes of acquiring control of the Registered Corporation.

Licensee fees and taxes, computed in various ways depending on the type of gaming or activity involved, are payable to the State of Nevada and to the counties and cities in which the Nevada licensee's respective operations are conducted. Depending upon the particular fee or tax involved, these fees and taxes are payable monthly, quarterly or annually and are based upon either:

- a percentage of the gross revenues received;
- the number of gaming devices operated; or
- the number of table games operated.

A live entertainment tax is also paid where entertainment is furnished in connection with the selling of food or refreshments. Nevada licensees that hold a license as an operator of a slot route, a manufacturer or a distributor also pay certain fees and taxes to the State of Nevada.

Any person who is licensed, required to be licensed, registered, required to be registered, or is under common control with such persons, referred to as Licensees, and who is or proposes to become involved in a gaming venture outside of Nevada is required to deposit with the Nevada State Gaming Control Board, and thereafter maintain, a revolving fund in the amount of \$10,000 to pay the expenses of investigation by the Nevada State Gaming Control Board of their participation in foreign gaming. The revolving fund is subject to increase or decrease in the discretion of the Nevada Gaming Commission. Thereafter, Licensees are required to comply with certain reporting requirements imposed by the Nevada Act. Licensees are also subject to disciplinary action by the Nevada Gaming Commission if they knowingly violate any laws of the foreign jurisdiction pertaining to the foreign gaming operation, fail to conduct the foreign gaming operation in accordance with the standards of honesty and integrity required of Nevada gaming operations, engage in activities that are harmful to the State of Nevada or its ability to collect gaming taxes and fees, or employ a person in the foreign operation who has been denied a license or finding of suitability in Nevada on the ground of personal unsuitability.

**EMPLOYEES**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

As of March 9, 2009, we had approximately 1,810 employees. None of our employees are covered by collective bargaining agreements. We believe that our relationship with our employees is good.

### **ITEM 1A. RISK FACTORS**

Our business prospects are subject to various risks and uncertainties that impact our business. You should carefully consider the following discussion of risks, and the other information provided in this annual report on Form 10-K. The risks described below are not the only ones facing us. Additional risks that are presently unknown to us or that we currently deem immaterial may also impact our business.

Table of Contents

**RECENT INSTABILITY IN THE FINANCIAL MARKETS MAY HAVE AN IMPACT ON OUR BUSINESS**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

Recently, the residential real estate market in Reno and the U.S. has experienced a significant downturn due to declining real estate values, substantially reducing mortgage loan originations and securitizations, and precipitating more generalized credit market dislocations and a significant contraction in available liquidity globally. These factors, combined with declining business and consumer confidence and increased unemployment, have precipitated an economic recession. Individual consumers are experiencing higher delinquency rates on various consumer loans and defaults on indebtedness of all kinds have increased. Further declines in real estate values in Reno and the U.S. or elsewhere and continuing credit and liquidity concerns could have an adverse affect on our results of operations.

**OUR BUSINESS MAY BE ADVERSELY IMPACTED BY WEAKENED ECONOMIC CONDITIONS IN CALIFORNIA AND THE PACIFIC NORTHWEST**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

Because California and the Pacific Northwest are significant markets for our leisure traveler and conventioner guests, our business may be adversely impacted in the event of further weakened economic conditions in those geographical markets.

### **LIMITATIONS OR RESTRICTIONS ON OUR CREDIT FACILITY COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR LIQUIDITY**

Any renegotiation or refinancing of our Credit Facility would likely result in the amendment of material provisions of the Credit Facility, such as the interest rate charged and other material covenants. Our Credit Facility is an important component of our liquidity. Any material restriction on our ability to use our Credit Facility or the failure to obtain a new credit facility upon either the maturity of the existing Credit Facility or the depletion of funds remaining under the existing Credit Facility could adversely impact our operations and future growth options.

### **OUR BUSINESS MAY BE ADVERSELY IMPACTED IF THE RENO ECONOMY DECLINES**

**We market to and rely upon business from Reno area residents. In recent years, Reno has enjoyed robust business growth and has attracted a number of technology, product distribution and marketing companies. These businesses have created jobs and helped fuel residential development, including the southwest Reno metropolitan area near the Atlantis. Adverse changes in the business and employment conditions in Reno brought on by the recent economic downturn have adversely impacted our business. Additional erosion in business and employment conditions in Reno could adversely impact our business.**

**THE GAMING INDUSTRY IS HIGHLY COMPETITIVE AND INCREASED COMPETITION COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR FUTURE OPERATIONS**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

The gaming industry is highly competitive. As competitive pressures from California Native American casinos increase, other Reno area casinos may intensify their targeting of the Reno area resident market, which is one of our key markets. Increased competitive pressures in the local market could adversely impact our ability to continue to attract local residents to the Atlantis or require us to use more expensive, and therefore, less profitable promotions to compete more efficiently.

Several Native American casinos have opened in Northern California since passage of the 2000 constitutional amendment. Certain experienced Nevada gaming operators manage Indian casino facilities

Table of Contents

near Sacramento, one of Reno's key feeder markets. One major facility near Sacramento has been operating since June 2003 and a second facility near Sacramento opened in 2008. Both have been very successful, adversely impacting many hotel casinos in Reno. Central and Northern California gaming facilities could provide an alternative to Reno area casinos, especially during certain winter periods when auto travel through the Sierra Nevada mountain passes is hampered. This loss of California drive-in guests could adversely affect our operations.

We also believe that the legalization of unlimited land-based casino gaming in or near any major metropolitan area in the Atlantis key non-Reno marketing areas, such as San Francisco or Sacramento, could have a material adverse impact on our business.

In June 2004, five California Indian tribes signed compacts with the state that allow the tribes to increase the number of slot machines beyond the previous 2,000-per-tribe limit in exchange for higher fees from each of the five tribes. In February 2008, the voters of the State of California approved compacts with four tribes located in Southern California that increase the limit of Native American operated slot machines in the State of California.

Other states are also considering legislation that would enable the development and operation of casinos or casino-like operations.

In addition, Native American gaming facilities in California and other jurisdictions in some instances operate under regulatory requirements less stringent than those imposed on Nevada licensed casinos, which could provide them a competitive advantage in our markets. Moreover, there is a possibility of competition from internet and other account wagering gaming services, which would allow their guests to wager on a wide variety of sporting events and play Las Vegas-style casino games from home, and this could have a material adverse effect on our business, financial condition, operating results and prospects.

**OUR BUSINESS MAY BE ADVERSELY IMPACTED BY THE ENTRY OF STATION CASINOS IN THE RENO MARKET**

Station Casinos, Inc., a casino operator operating primarily in the Las Vegas market and catering mainly to Las Vegas area residents, has acquired several parcels in the Reno area and has announced plans to build two casinos, one of which would be located within one mile of our Atlantis Casino Resort Spa. Station Casinos is the dominant casino operator catering to local residents in the Las Vegas market. Should Station Casinos proceed with its plans, it will create additional competition for us in the Reno area resident, conventioner and tour and travel markets and could have a material adverse impact on our business.

**OUR BUSINESS MAY BE ADVERSELY IMPACTED IF WE ARE UNABLE TO ADEQUATELY STAFF OUR OPERATIONS**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

During periods of robust business growth in Reno, the competition for employees increases. During such times, new and growing business in the area may create job opportunities that at times have exceeded the area's supply of qualified employees. If we are unable to attract and retain qualified employees, or if competition for employees results in materially increased wages, our ability to maintain and grow our business could be adversely impacted.

### **OUR BUSINESS MAY BE ADVERSELY IMPACTED BY DOMESTIC AND INTERNATIONAL EVENTS**

The terrorist attacks that took place in the United States on September 11, 2001, were unprecedented events that created economic and business uncertainties, especially for the travel and

Table of Contents

tourism industry. The potential for future terrorist attacks, the national and international responses, and other acts of war or hostility, including the ongoing conflicts in Iraq and Afghanistan, have created economic and political uncertainties that could materially adversely affect our business, results of operations and financial condition in ways we cannot predict.

**AN OUTBREAK OF HIGHLY INFECTIOUS DISEASE COULD ADVERSELY AFFECT THE NUMBER OF VISITORS TO OUR FACILITIES AND DISRUPT OUR OPERATIONS, RESULTING IN A MATERIAL ADVERSE EFFECT ON OUR FINANCIAL CONDITION, RESULTS OF OPERATIONS AND CASH FLOWS**

There have been recent fears concerning the spread of an avian flu and cruise ships have reported other highly infectious virus outbreaks. Potential future outbreaks of highly infectious diseases may adversely affect the number of visitors to our property and our business and prospects. Furthermore, an outbreak might disrupt our ability to adequately staff our business and could generally disrupt our operations. If any of our guests or employees is suspected of having contracted certain highly contagious diseases, we may be required to quarantine these customers or employees or the affected areas of our facilities and temporarily suspend part or all of our operations at affected facilities. Any new outbreak of such a highly infectious disease could have a material adverse effect on our financial condition, results of operations and cash flows.

**FAILURE OF THE RENO-SPARKS CONVENTION CENTER TO BOOK AND ATTRACT CONVENTION BUSINESS COULD ADVERSELY IMPACT OUR BUSINESS**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

The Atlantis is the closest hotel-casino to the Reno-Sparks Convention Center. If the Reno-Sparks Convention Center does not succeed in booking the anticipated level of conventions, our future results of operations could be adversely impacted.

**BECAUSE WE ARE CURRENTLY DEPENDENT UPON A SINGLE PROPERTY IN A SINGLE MARKET FOR ALL OF OUR CASH FLOW, WE ARE SUBJECT TO GREATER RISKS THAN A GAMING COMPANY WITH MORE OPERATING PROPERTIES OR THAT OPERATES IN MORE MARKETS**

We currently do not have material assets or operations other than the Atlantis. As a result, we are entirely dependent upon the Atlantis property for all of our cash flow until we develop other properties.

**OUR BUSINESS IS SUBJECT TO RESTRICTIONS AND LIMITATIONS IMPOSED BY GAMING REGULATORY AUTHORITIES THAT COULD ADVERSELY AFFECT US**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

The ownership and operation of casino gaming facilities are subject to extensive state and local regulation. The State of Nevada and the applicable local authorities require various licenses, registrations, permits and approvals to be held by us and our subsidiary. The Nevada Gaming Commission may, among other things, limit, condition, suspend, revoke or decline to renew a license or approval to own the stock of our Nevada subsidiary for any cause deemed reasonable by such licensing authority. If we violate gaming laws or regulations, substantial fines could be levied against us, our subsidiary and the persons involved, and we could be forced to forfeit a portion of our assets. The suspension, revocation or non-renewal of any of our licenses or the levy on us of substantial fines or forfeiture of assets would have a material adverse effect on our business, financial condition and results of operations.

To date, we have obtained all governmental licenses, findings of suitability, registrations, permits and approvals necessary for the operation of our current gaming activities. However, gaming licenses and related approvals are deemed to be privileges under Nevada law. We cannot assure you that our existing licenses, permits and approvals will be maintained or extended.

Table of Contents

**OUR INSURANCE COVERAGE MAY NOT BE ADEQUATE TO COVER ALL POSSIBLE LOSSES THAT OUR PROPERTY COULD SUFFER. IN ADDITION, OUR INSURANCE COSTS MAY INCREASE AND WE MAY NOT BE ABLE TO OBTAIN THE SAME INSURANCE COVERAGE IN THE FUTURE**

Although we have general property insurance covering damage caused by a casualty loss (such as fire and natural disasters), each such policy has certain exclusions. In addition, our property insurance is in an amount that may be less than the expected replacement cost of rebuilding the complex if there was a total loss. Our level of insurance coverage may not be adequate to cover all losses in the event of a major casualty. In addition, certain casualty events, such as labor strikes, nuclear events, acts of war, loss of income due to cancellation of room reservations or conventions due to fear of terrorism, deterioration or corrosion, insect or animal damage and pollution, might not be covered at all under our policies. Therefore, certain acts could expose us to heavy, uninsured losses.

In addition, although we currently have insurance coverage for occurrences of terrorist acts and for certain losses that could result from these acts, our terrorism coverage is subject to the same risks and deficiencies as those described above for our general property coverage. The lack of sufficient insurance for these types of acts could expose us to heavy losses in the event that any damages occur, directly or indirectly, as a result of terrorist attacks or otherwise, which could have a significant negative impact on our operations.

In addition to the damage caused to our property by a casualty loss (such as fire, natural disasters, acts of war or terrorism), we may suffer business disruption as a result of these events or be subject to claims by third parties injured or harmed. While we carry business interruption insurance and general liability insurance, this insurance may not be adequate to cover all losses in such event.

We renew our insurance policies on an annual basis. The cost of coverage may become so high that we may need to reduce our policy limits or agree to certain exclusions from our coverage. Among other factors, it is possible that the situation in Iraq, homeland security concerns, other catastrophic events or any change in government legislation governing insurance coverage for acts of terrorism could materially adversely affect available insurance coverage and result in increased premiums on available coverage (which may cause us to elect to reduce our policy limits) and additional exclusions from coverage. Among other potential future adverse changes, in the future we may elect not to, or may not be able to, obtain any coverage for losses due to acts of terrorism.

Our debt instruments and other material agreements require us to maintain a certain minimum level of insurance. Failure to satisfy these requirements could result in an event of default under these debt instruments or material agreements, which would have a material adverse effect on our financial condition, results of operations or cash flows.

**IF THE STATE OF NEVADA OR THE CITY OF RENO INCREASES GAMING TAXES AND FEES, OUR RESULTS OF OPERATIONS COULD BE ADVERSELY AFFECTED**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

State and local authorities raise a significant amount of revenue through taxes and fees on gaming activities. From time to time, legislators and officials have proposed changes in tax laws, or in the administration of such laws, affecting the gaming industry. In addition, worsening economic conditions could intensify the efforts of state and local governments to raise revenues through increases in gaming taxes or other fees. If the State of Nevada or the City of Reno were to increase gaming taxes and fees, our results of operations could be adversely affected.

Table of Contents

**IF WE LOSE OUR KEY PERSONNEL, OUR BUSINESS COULD BE MATERIALLY ADVERSELY AFFECTED**

We depend on the continued performances of John Farahi and Bob Farahi, our Chief Executive Officer and our President, respectively, and their management team. If we lose the services of the Farahi brothers, or other senior Atlantis management personnel, and cannot replace such persons in a timely manner, our business could be materially adversely affected.

**ADVERSE WINTER WEATHER CONDITIONS IN THE SIERRA NEVADA MOUNTAINS AND RENO-LAKE TAHOE AREA  
COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR RESULTS OF OPERATIONS AND FINANCIAL CONDITION**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

Adverse winter weather conditions, particularly snowfall, can prevent customers from traveling or make it difficult for them to drive to the Atlantis. Adverse winter weather would most significantly affect our drive-in customers from northern California and the Pacific Northwest. If the Reno area itself were to experience prolonged adverse winter weather conditions, our results of operations and financial condition could also be materially adversely affected.

### **CLAIMS HAVE BEEN BROUGHT AGAINST US AND OUR SUBSIDIARY IN VARIOUS LEGAL PROCEEDINGS, AND ADDITIONAL LEGAL AND TAX CLAIMS ARISE FROM TIME TO TIME**

It is possible that our cash flows and results of operations could be affected by the resolution of legal and other claims. We believe that the ultimate disposition of current matters will not have a material impact on our financial condition or results of operations. Please see the further discussion under Legal Proceedings in Item 3 of this Form 10-K.

### **ENERGY PRICE INCREASES MAY ADVERSELY AFFECT OUR COST OF OPERATIONS AND OUR REVENUES**

Our facility uses significant amounts of electricity, natural gas and other forms of energy. While no shortages of energy or fuel have been experienced to date, increases in energy and fuel prices in the United States may negatively affect our operating results. The extent of the impact is subject to the magnitude and duration of the energy and fuel price increases, but this impact could be material. In addition, energy and gasoline price increases in cities that constitute a significant source of customers for our properties could result in a decline in disposable income of potential customers and a corresponding decrease in visitation and spending at our properties, which would negatively impact revenues.

### **CHANGES IN REGULATIONS ON LAND USE REQUIREMENTS COULD ADVERSELY IMPACT OUR BUSINESS**

A change in regulations on land use requirements with regard to development of new hotel casinos in the proximity of the Atlantis could have an adverse impact on our business, results of operations, and financial condition. A relaxation in such regulations could make it easier for competitors to enter our immediate market. A tightening of such regulations could adversely impact our future expansion opportunities.

### **OUR RESULTS OF OPERATIONS MAY BE ADVERSELY AFFECTED BY HIGH-END PLAYERS' WINNINGS**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

Although not the major focus of our marketing efforts, we have selectively targeted high-end players. Should one or more of these high-end players win large sums in our casino, or should a material amount of credit extended to such players not be repaid, our results of operations could be adversely impacted.

Table of Contents

**WE HAVE THE ABILITY TO ISSUE ADDITIONAL EQUITY SECURITIES, WHICH WOULD LEAD TO DILUTION OF OUR ISSUED AND OUTSTANDING COMMON STOCK**

The issuance of additional equity securities or securities convertible into equity securities would result in dilution of our existing stockholders equity interests in us. Our Board of Directors has the authority to issue, without vote or action of stockholders, preferred stock in one or more series, and has the ability to fix the rights, preferences, privileges and restrictions of any such series. Any such series of preferred stock could contain dividend rights, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences or other rights superior to the rights of holders of our common stock. If we issue convertible preferred stock, a subsequent conversion may dilute the current common stockholders interest.

**WE DO NOT INTEND TO PAY CASH DIVIDENDS. AS A RESULT, STOCKHOLDERS WILL BENEFIT FROM AN INVESTMENT IN OUR COMMON STOCK ONLY IF IT APPRECIATES IN VALUE**

We have never paid a cash dividend on our common stock, and we do not plan to pay any cash dividends on our common stock in the foreseeable future. We currently intend to retain any future earnings to finance our operations and further expansion and growth of our business, including acquisitions. As a result, the success of an investment in our common stock will depend upon any future appreciation in its value. We cannot guarantee that our common stock will appreciate in value or even maintain the price at which stockholders have purchased their shares.

**ITEM 1B. UNRESOLVED STAFF COMMENTS**

There were no unresolved comments from the SEC staff at the time of filing this Form 10-K.

**ITEM 2. PROPERTIES**

Our properties consist of:

(a) An approximately 13-acre site in Reno, Nevada on which the Atlantis is situated, including the hotel towers, casino, restaurant facilities and surrounding parking.

(b) An approximately 16-acre site, adjacent to the Atlantis and connected to the Atlantis by the Sky Terrace, which includes approximately 11 acres of paved parking used for customer, employee and valet parking. The remainder of the site is undeveloped. This site is compliant with all casino zoning requirements and is suitable and available for future expansion of the Atlantis facilities, parking, or complementary resort casino and/or entertainment amenities. We have not determined the ultimate use of this site.

(c) An approximately 2.6-acre site across Virginia Street from the Atlantis which is expected to be utilized as administrative offices ( the Administrative Site ) for Atlantis staff.

(d) Leased land consisting of 37,368 square-feet next door to the Atlantis serving as a driveway entrance to the Atlantis. The lease term ends in 2019. For a further description of the lease terms, see Item 8, FINANCIAL STATEMENTS, Notes to Consolidated Financial Statements, Notes 4 and 10 .

(e) Leased land consisting of approximately 2.3 acres adjacent to the Administrative Site utilized for storage and administrative offices. The lease term ends in December 2009. For a further description of the lease terms, see Item 8, FINANCIAL STATEMENTS, Notes to Consolidated Financial Statements, Notes 4 and 10 .

Our credit facility is secured by liens on all of our real property.

Table of Contents

**ITEM 3. LEGAL PROCEEDINGS**

Litigation was filed against Monarch on January 27, 2006, by Kerzner International Limited ( "Kerzner" ) owner of the Atlantis, Paradise Island, Bahamas in the United States District Court, District of Nevada. The case number assigned to the matter is 3:06-cv-00232-ECR (RAM). The complaint seeks declaratory judgment prohibiting Monarch from using the name "Atlantis" in connection with offering casino services other than at Monarch's Atlantis Casino Resort Spa located in Reno, Nevada, and particularly prohibiting Monarch from using the "Atlantis" name in connection with offering casino services in Las Vegas, Nevada; injunctive relief enforcing the same; unspecified compensatory and punitive damages; and other relief. Monarch believes Kerzner's claims to be entirely without merit and is defending vigorously against the suit. Further, Monarch has filed a counterclaim against Kerzner seeking to enforce the license agreement granting Monarch the exclusive right to use the Atlantis name in association with lodging throughout the state of Nevada; to cancel Kerzner's registration of the Atlantis mark for casino services on the basis that the mark was fraudulently obtained by Kerzner; and to obtain declaratory relief on these issues. Litigation is in the discovery phase.

We are party to other claims that arise in the normal course of business. Management believes that the outcomes of such claims will not have a material adverse impact on our financial condition, cash flows or results of operations.

**ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS**

There were no matters submitted to a vote of our security holders during the fourth quarter of 2008.

**PART II**

**ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES**

(a) Our common stock trades on The NASDAQ Stock Market under the symbol MCRI. The following table sets forth the high and low bid prices of our common stock, as reported by the NASDAQ Stock Market, during the periods indicated.

	2008		2007	
	High	Low	High	Low
First quarter	\$ 24.47	\$ 15.89	\$ 27.32	\$ 23.18
Second quarter	\$ 19.23	\$ 11.52	\$ 28.93	\$ 24.59
Third quarter	\$ 14.53	\$ 10.20	\$ 31.20	\$ 22.00
Fourth quarter	\$ 11.81	\$ 5.16	\$ 31.39	\$ 23.50

As of February 27, 2009, there were approximately 85 holders of record of our common stock, and approximately 2,033 beneficial stockholders.

We have never paid dividends. We presently intend to retain earnings and use free cash flow to finance our operating activities, for maintenance capital expenditures and to pay down our debt. We do not anticipate declaring cash dividends in the foreseeable future. Our bank loan agreement also contains provisions that require the achievement of certain financial ratios before we can pay or declare dividends to our stockholders. See Item 8, FINANCIAL STATEMENTS, Notes to Consolidated Financial Statements, Note 5.

For information relating to securities authorized for issuance under equity compensation plans, see Part III, Item 12 - Security Ownership of Certain Beneficial Owners and Management.

Table of Contents**STOCK PERFORMANCE GRAPH**

The following chart reflects the cumulative total return (change in stock price plus reinvested dividends) of a \$100 investment in the Company's Common Stock from the five-year period from January 1, 2004 through December 31, 2008, in comparison to the Standard & Poor's 500 Composite Stock Index and an industry peer group index. The comparisons are not intended to forecast or be indicative of possible future performance of the Company's Common Stock.

(F7) Includes amounts financed with debt or capitalized lease obligations.

(F8) We paid no dividends during the five year period ended December 31, 2008.

Table of Contents**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

Monarch Casino & Resort, Inc., through its wholly-owned subsidiary, Golden Road Motor Inn, Inc. ( Golden Road ), owns and operates the tropically-themed Atlantis Casino Resort Spa, a hotel/casino facility in Reno, Nevada (the Atlantis ). Monarch's other wholly owned subsidiary, High Desert Sunshine, Inc., owns a parcel of land located adjacent to the Atlantis. Monarch was incorporated in 1993 under Nevada law for the purpose of acquiring all of the stock of Golden Road. The principal asset of Monarch is the stock of Golden Road, which holds all of the assets of the Atlantis.

Our sole operating asset, the Atlantis, is a hotel/casino resort located in Reno, Nevada. Our business strategy is to maximize the Atlantis revenues, operating income and cash flow primarily through our casino, our food and beverage operations and our hotel operations. We capitalize on the Atlantis location for tour and travel visitors, conventioners and Locals by offering exceptional service, value and an appealing theme to our guests. Our hands-on management style focuses on customer service and cost efficiencies.

Unless otherwise indicated, Monarch, Company, we, our and us refer to Monarch Casino & Resort, Inc. and its Golden Road and High Desert Sunshine, Inc subsidiaries.

**OPERATING RESULTS SUMMARY**

Below is a summary of our results for the twelve month periods ended December 31 for 2008, 2007 and 2006, respectively:

Amounts in millions, except per share amounts	2008	2007	2006	Percentage Increase / (Decrease)	
				08 vs 07	07 vs 06
Casino revenues	\$ 100.9	\$ 110.3	\$ 103.3	(8.5)%	6.8%
Food and beverage revenues	39.5	42.4	41.0	(6.8)%	3.4%
Hotel revenues	22.3	27.9	26.4	(20.1)%	5.7%
Other revenues	5.0	4.9	4.9	2.0%	
Net revenues	141.4	159.9	152.0	(11.6)%	5.2%

Our results for the twelve months ended December 31, 2008 reflect the effects of the challenging operating environment that began in the three month period ended December 31, 2007. As in many other areas around the country, the economic downturn in northern Nevada in the fourth quarter of 2007 has deepened throughout 2008. Other factors causing negative financial impact that continued from the fourth quarter of 2007 were disruption from construction related to capital projects through the third quarter of 2008 (see CAPITAL SPENDING AND

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

DEVELOPMENT below) and aggressive discounting programs by our competitors. In response to these challenges, we increased marketing and promotional expenditures to attract and retain guests. We also continued to incur legal expenses associated with the ongoing and previously disclosed Kerzner litigation (see LEGAL PROCEEDINGS

Table of Contents

below). We anticipate that downward pressure on profits will persist as long as we continue to experience the adverse effects of the negative macroeconomic environment, the aggressive marketing programs of our competitors and the legal defense costs associated with the Kerzner lawsuit.

These factors were the primary drivers of:

- Decreases of 8.5%, 6.8% and 20.1% in our casino, food and beverage and hotel revenues, respectively, resulting in a net revenue decrease of 11.6%.
- A decrease in our 2008 operating margin by 11.9 points or 53.4%.

**CAPITAL SPENDING AND DEVELOPMENT**

We seek to continuously upgrade and maintain the Atlantis facility in order to present a fresh, high quality product to our guests.

In June 2007, we broke ground on an expansion project several phases of which we completed and opened in the second half of 2008. New space was added to the first floor casino level, the second and third floors and the basement level totaling approximately 116,000 square feet. The existing casino floor was expanded by over 10,000 square feet, or approximately 20%. The first floor casino expansion includes a redesigned, updated and expanded race and sports book of approximately 4,000 square feet and an enlarged poker room. The expansion also included the new Manhattan Deli, a New York deli-style restaurant. The second floor expansion created additional ballroom and convention space of approximately 27,000 square feet, doubling the existing facilities. We constructed and opened a pedestrian skywalk over Peckham Lane that connects the Reno-Sparks Convention Center directly to the Atlantis. In January 2009, we opened the final phase of the expansion project, the new Spa Atlantis featuring an atmosphere, amenities and treatments that are unique from any other offering in our market. Additionally, many of the pre-expansion areas of the Atlantis were remodeled to be consistent with the upgraded look and feel of the new facilities. The remodeling work will continue into 2009. The total cost of these capital projects is approximately \$73 million. Through December 31, 2008, the Company had incurred approximately \$68 million of that total.

With the opening of the new skywalk the Atlantis became the only hotel-casino to be physically connected to the Reno-Sparks Convention Center. The Reno-Sparks Convention Center offers approximately 500,000 square feet of leasable exhibition, meeting room, ballroom and lobby space.

Capital expenditures at the Atlantis were \$67.9 million in 2008, \$17.3 million in 2007 and, \$5.8 million in 2006. During 2008 and 2007, capital expenditures primarily consisted of construction costs associated with the expansion, skybridge and remodel capital projects that commenced in June 2007. During 2006, capital expenditures primarily consisted of acquisition of gaming and computer equipment, the installation of a casino high-definition video display system, renovation of our Java Coast Gourmet Coffee and pastry bar, initial design and planning expenditures associated with our expansion and ongoing public area renovations and upgrades.

Future cash needed to finance ongoing capital expenditures is expected to be available from operating cash flow, the Credit Facility (see THE CREDIT FACILITY below) and, if necessary, additional borrowings.

**CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

We prepare our consolidated financial statements in conformity with accounting principles generally accepted in the United States. Certain of our policies, including the estimated lives assigned to

## Table of Contents

our assets, the determination of bad debt reserves, self insurance reserves, concentration of credit risk, and the calculation of income tax liabilities, require that we apply significant judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. Our judgments are based on historical experience, terms of existing contracts, observations of trends in the industry, information provided by customers and information available from other outside sources, as appropriate. There can be no assurance that actual results will not differ from our estimates. To provide an understanding of the methodologies applied, our significant accounting policies are discussed where appropriate in this discussion and analysis and in the Notes to Consolidated Financial Statements.

The consolidated financial statements include the accounts of Monarch and Golden Road. Intercompany balances and transactions are eliminated.

## Self-insurance Reserves

The Company reviews self-insurance reserves at least quarterly. The reserve is determined by reviewing the actual expenditures for the previous twelve-month period and reports prepared by the third party plan administrator for any significant unpaid claims. The reserve is an amount estimated to pay both reported and unreported claims as of the balance sheet date, which management believes are adequate.

## Casino Revenues

Casino revenues represent the net win from gaming activity, which is the difference between wins and losses. Additionally, net win is reduced by a provision for anticipated payouts on slot participation fees, progressive jackpots and any pre-arranged marker discounts.

## Promotional Allowances

The retail value of hotel, food and beverage services provided to customers without charge is included in gross revenue and deducted as promotional allowances.

## Income Taxes

Income taxes are recorded in accordance with the liability method specified by SFAS No. 109, Accounting for Income Taxes. Under the asset and liability approach for financial accounting and reporting for income taxes, the following basic principles are applied in accounting for income taxes at the date of the financial statements: (a) a current liability or asset is recognized for the estimated taxes payable or refundable on taxes for the current year; (b) a deferred income tax liability or asset is recognized for the estimated future tax effects attributable to temporary differences and carryforwards; (c) the measurement of current and deferred tax liabilities and assets is based on the provisions of the enacted tax

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

law; the effects of future changes in tax laws or rates are not anticipated; and (d) the measurement of deferred income taxes is reduced, if necessary, by the amount of any tax benefits that, based upon available evidence, are not expected to be realized.

The Company also applies the requirements of FIN 48 which prescribes minimum recognition thresholds a tax position is required to meet before being recognized in the financial statements. FIN 48 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. Implementation has resulted in no material impact on the Company's financial position or results of operations.

Table of Contents

**RESULTS OF OPERATIONS**

2008 Compared with 2007

For the year ended December 31, 2008, we earned net income of \$9.5 million, or \$0.56 per diluted share, on net revenues of \$141.4 million, compared to net income of \$24.5 million, or \$1.27 per diluted share, on net revenues of \$159.9 million for the year ended December 31, 2007. Income from operations totaled \$14.7 million for 2008, a 58.8% decrease when compared to \$35.7 million for 2007.

Casino revenues totaled \$100.9 million in 2008, a decrease of 8.5% from the \$110.3 million reported in 2007, driven by decreases in slot, table games, poker and keno win due to the decrease in discretionary spending, disruption from construction and competitor promotional programs. Casino operating expenses were 36.9% of casino revenues in 2008 compared to 32.6% in 2007. The increase was primarily due to the decreased casino revenue combined with the cost of increased complimentary food, beverages and other services provided to casino patrons.

**Food and beverage revenues decreased 6.8% to \$39.5 million in 2008 from \$42.4 million in 2007, due primarily due to a 3.7% increase in average revenue per cover combined with a 10.2% decrease in the number of covers served. Food and beverage operating expenses as a percentage of food and beverage revenue increased to 48.6% in 2008 from 47.9% in 2007 primarily related to higher commodity costs and a 12% increase in the legal minimum wage in July 2008.**

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

Hotel revenues totaled \$22.3 million in 2008, a decrease of 20.1% from \$27.9 million in 2007. The decrease reflects decreases in both the average daily room rate ( ADR ) and occupancy rate during the twelve month period of 2008 compared to the same period in 2007. The Atlantis ADR was \$65.52 in 2008 compared to \$74.04 in 2007. The average occupancy rate at the Atlantis was 84.9% in 2008 compared to 93.8% in 2007. Hotel operating expenses increased to 35.4% of hotel revenues in 2008, compared to 30.0% in 2007. This increase in operating expenses as a percentage of hotel revenues resulted primarily from the decreased revenue partially offset by lower direct hotel operating expenses.

Promotional allowances increased to \$26.2 million in 2008 compared to \$25.5 million in 2007. As a percentage of gross revenue, the amount in 2008 increased to 15.6% as compared to 13.8% for 2007. The increase is attributable to continued promotional efforts to maintain existing, and generate additional, revenues.

Other revenues in 2008 increased slightly to \$5.0 million as compared to \$4.9 million in 2007.

Selling, general and administrative ( SG&A ) expenses totaled \$51.2 million, or 36.2% of net revenues, in 2008 compared to \$50.0 million, or 31.3% of net revenues, in 2007 for a year over year increase of \$1.2 million or 2.4%. The primary drivers of this increase are: i) higher marketing and promotional expense primarily related to our efforts to mitigate the negative effects of the disruption our guests experienced related to construction of our expansion project (see additional discussion above under CAPITAL SPENDING AND DEVELOPMENT ), aggressive marketing discount programs by our nearest competitor to promote the grand opening of its major expansion project and negative macroeconomic trends experienced in Reno, our feeder markets and the nation as a whole and ii) higher bad debt expense partially offset by iii) lower legal expense and iv) lower payroll and benefits expense related to lower headcount in 2008 as compared to 2007.

Depreciation and amortization expense was \$9.9 million in 2008, an increase of 21.6% compared to \$8.1 million in 2007.

Interest expense increased to \$539,000 in 2008 from \$152,000 in 2007 due to increased borrowings under our credit facility (see THE CREDIT FACILITY below). Interest income derived

Table of Contents

from investment of surplus cash in short-term, interest bearing instruments decreased to \$371,000 from \$1.9 million in 2007. This increase was driven primarily by lower surplus cash invested in 2008 as compared to 2007. The surplus cash was used in 2007 and through the second quarter of 2008 for our capital projects (see CAPITAL SPENDING AND DEVELOPMENT above) and share repurchases.

2007 Compared with 2006

For the year ended December 31, 2007, we earned net income of \$24.5 million, or \$1.27 per diluted share, on net revenues of \$159.9 million, compared to net income of \$22.1 million, or \$1.15 per diluted share, on net revenues of \$152.0 million for the year ended December 31, 2006. Net revenue for 2007 is the highest in Company history. Income from operations totaled \$35.7 million for 2007, a 6.6% increase when compared to \$33.5 million for 2006. Net income for the year 2007 represents a record high for our Company. We believe that for much of 2007, the Atlantis continued to benefit from the increasing popularity of the Atlantis with visitors to the Reno area, from our commitment to ongoing property upgrades and renovations and from the rapid growth occurring in the residential and commercial areas south of the Atlantis in Reno.

Casino revenues totaled \$110.3 million in 2007, up 6.8% from \$103.3 million in 2006, driven by increases in slot, table games, poker and Keno win. Revenue from slot and video poker machines ( slot machines ) increased approximately 7.3% in 2007 compared to 2006. We believe that increased slot machine play was due to continued effective marketing and continuous upgrade of facilities and equipment. Table game win increased approximately 2.4% in 2007 compared to 2006. Keno and poker room revenues combined increased approximately 11.0% in 2007 over 2006 due to continued effective marketing and the quality of the product and service offering at the Atlantis. Casino operating expenses were 32.6% of casino revenues in 2007, a slight improvement from 33.0% in 2006.

**Food and beverage revenues increased 3.4% to \$42.4 million in 2007 from \$41.0 million in 2006, primarily due to a 3.5% increase in average revenue per cover. Food and beverage operating expenses as a percentage of food and beverage revenue increased slightly to 47.9% in 2007 from to 47.6% in 2006.**

Food and beverage revenues increased 3.4% to \$42.4 million in 2007 from \$41.0 million in 2006, primarily due to a

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

Hotel revenues totaled \$27.9 million in 2007, an increase of 5.7% from \$26.4 million in 2006. The increase reflects an increase in both the average daily room rate ( ADR ) and occupancy rate during the twelve month period of 2007 compared to the same period in 2006. The Atlantis ADR was \$74.04 in 2007, compared to \$69.87 in 2006. The average occupancy rate at the Atlantis was 93.8% in 2007 compared to 93.3% in 2006. Hotel operating expenses decreased slightly to 30.0% of hotel revenues in 2007, compared to 31.7% in 2006. This decrease in operating expenses as a percentage of hotel revenues resulted primarily from the revenue impact of the increased ADR partially offset by increased direct hotel operating expenses.

Promotional allowances increased to \$25.5 million in 2007 compared to \$23.7 million in 2006. As a percentage of gross revenue, the amount in 2007 increased slightly to 13.8% as compared to 13.5% for 2006. The dollar increase is attributable to continued efforts to generate additional revenues and reflects efforts to ensure that promotional costs are directed toward gaming guests.

Other revenues in 2007 remained flat at \$4.9 million when compared to 2006. Other operating expenses were 30.5% of other revenues in 2007, an increase from 29.7% in 2006.

Selling, general and administrative ( SG&A ) expenses totaled \$50.0 million, or 31.3% of net revenues, in 2007 compared to \$46.3 million, or 30.5% of net revenues, in 2006 for a year over year increase of \$3.7 million or 8.0%. The primary drivers of this increase are: i) higher legal expense related to the ongoing Kerzner litigation (see ITEM 3. LEGAL PROCEEDINGS above); ii) higher marketing and promotional expense primarily related to our efforts to mitigate the negative effects of disruption our guests experienced related to construction of our expansion project (see additional discussion below

Table of Contents

under Capital Spending and Development), aggressive marketing programs by our nearest competitor to promote the grand opening of its major expansion project and negative macroeconomic trends experienced in the Reno, our feeder markets and the nation as a whole and iii) higher payroll and benefits expense primarily related to increased headcount related to our expansion project (see additional discussion below under Capital Spending and Development), higher health care benefits expense and an increase in the minimum wage all partially offset by the impact of a \$1.2 million non-cash charge in the second quarter of 2006, which did not recur in 2007, related to early vesting of stock options for the Company's former Co-Chairman and Chief Financial Officer who resigned in 2006.

Depreciation and amortization expense was \$8.1 million in 2007, a decrease of 5.8% compared to \$8.6 million in 2006.

Interest expense, reflecting amortization of various one-time fees and other loan costs required to open our credit facility (see THE CREDIT FACILITY below), totaled \$152,000 in 2007 as compared to \$98,000 in 2006. Interest income derived from investment of surplus cash in short-term, interest bearing instruments was \$1.9 million in 2007 compared to \$466,000 in 2006. This increase was driven primarily by higher average surplus cash invested in 2007 as compared to 2006.

## **LIQUIDITY AND CAPITAL RESOURCES**

We have historically funded our daily hotel and casino activities with net cash provided by operating activities and borrowings under our credit facility (see THE CREDIT FACILITY below). For the years ended December 31, 2008, 2007 and 2006, net cash provided by operating activities totaled \$23.0 million, \$30.1 million and \$35.2 million, respectively.

Net cash used in investing activities, which consisted of acquisitions of property and equipment, totaled \$64.4 million, \$15.3 million and \$5.8 million in 2008, 2007 and 2006, respectively. Total capital expenditures, including amounts financed, were \$67.9 million, \$17.3 million and \$5.8 million in 2008, 2007 and 2006, respectively.

Net cash provided by financing activities totaled \$14.3 million in 2008 as compared to net cash used by financing activities of \$13.0 million in 2007 and \$5.4 million in 2006. Cash provided by financing activities in 2008 was principally related to proceeds from borrowings under our credit facility (see THE CREDIT FACILITY below) partially offset by repurchases of our stock in 2008. At March 9, 2009, we had \$53.5 million of borrowings outstanding, and \$6.5 million available, under our credit facility. Cash used by financing activities in 2007 was primarily related to repurchases of our stock and was primarily related to the paydown of our outstanding debt in 2006.

Table of Contents**COMMITMENTS AND CONTINGENCIES**

Our contractual cash obligations as of December 31, 2008 and the next five years and thereafter are as follows:

Contractual Cash Obligations	Total	Payments Due by Period			
		less than 1 year	1 to 3 years	4 to 5 years	more than 5 years
Operating Leases(1)	\$ 4,220,000	\$ 613,000	\$ 740,000	\$ 740,000	\$ 2,127,000
Current Maturities of Borrowings Under Credit Facility (2)	50,000,000	2,500,000	20,000,000	27,500,000	
Purchase Obligations(3)	9,427,000	9,427,000			
Total Contractual Cash Obligations	\$ 63,647,000	\$ 12,540,000	\$ 20,740,000	\$ 28,240,000	\$ 2,127,000

(1) Operating leases include \$370,000 per year in lease and common expense payments to the shopping center adjacent to the Atlantis (see Capital Spending and Development) and \$243,000 per year in lease payments to Triple J (see Note 10 to the Consolidated Financial Statements).

(2) The amount represents outstanding draws against our credit facility (see THE CREDIT FACILITY below) as of December 31, 2008.

(3) Our open purchase order commitments total approximately \$9.4 million. Of the total purchase order commitments, approximately \$1.9 million are cancelable by the Company upon providing a 30-day notice.

We believe that our existing cash balances, cash flow from operations, equipment financing, and borrowings available under the New Credit Facility (see THE CREDIT FACILITY below) will provide us with sufficient resources to fund our operations, meet our debt obligations and fulfill our capital expenditure requirements; however, our operations are subject to financial, economic, competitive, regulatory, and other factors, many of which are beyond our control. If we are unable to generate sufficient cash flow, we could be required to adopt one or more alternatives, such as reducing, delaying or eliminating planned capital expenditures, selling assets, restructuring debt or obtaining additional equity capital.

**THE CREDIT FACILITY**

Until February 20, 2004, we had a reducing revolving term loan credit facility with a consortium of banks (the First Credit Facility). On February 20, 2004, the Original Credit Facility was refinanced (the Second Credit Facility) for \$50 million. The maturity date of the Second Credit Facility was to be April 18, 2009; however, on January 20, 2009, the Second Credit Facility was amended and refinanced (the New Credit Facility) for \$60 million. The New Credit Facility may be utilized by us for working capital needs, general corporate purposes and for ongoing capital expenditure requirements.

The maturity date of the New Credit Facility is January 20, 2012. Borrowings are secured by liens on substantially all of the real and personal property of the Atlantis and are guaranteed by Monarch.

Table of Contents

The New Credit Facility contains covenants customary and typical for a facility of this nature, including, but not limited to, covenants requiring the preservation and maintenance of our assets and covenants restricting our ability to merge, transfer ownership of Monarch, incur additional indebtedness, encumber assets and make certain investments. The New Credit Facility contains covenants requiring that we maintain certain financial ratios and achieve a minimum level of Earnings-Before-Interest-Taxes-Depreciation and Amortization (EBITDA) on a two-quarter rolling basis. It also contains provisions that restrict cash transfers between Monarch and its affiliates and contains provisions requiring the achievement of certain financial ratios before we can repurchase our common stock or pay dividends. Management does not consider the covenants to restrict normal functioning of day-to-day operations.

The maximum principal available under the New Credit Facility is reduced by \$2.5 million per quarter beginning on December 31, 2009. We may permanently reduce the maximum principal available at any time so long as the amount of such reduction is at least \$500,000 and a multiple of \$50,000.

We may prepay borrowings under the New Credit Facility without penalty (subject to certain charges applicable to the prepayment of LIBOR borrowings prior to the end of the applicable interest period). Amounts prepaid may be reborrowed so long as the total borrowings outstanding do not exceed the maximum principal available.

We paid various one-time fees and other loan costs upon the closing of the refinancing of the New Credit Facility that will be amortized over the facility's term using the straight-line method.

At December 31, 2008, we had \$50 million outstanding under the First Credit Facility. At that time our leverage ratio was such that pricing for borrowings under the First Credit Facility was LIBOR plus 1.25%. At December 31, 2007 and 2006, we had no outstanding borrowings; however, our leverage ratio was such that the pricing for borrowings would have been the Base Rate plus 0.00 percent or LIBOR plus 1.00 percent. At December 31, 2008, the one-month LIBOR rate was 0.44%. At March 9, 2009, we had \$53.5 million of borrowings outstanding, and \$6.5 million available, under our credit facility.

**SHORT-TERM DEBT**

At December 31, 2008, we had \$2.5 million of short-term debt outstanding which represents the mandatory principal reduction required under the New Credit Facility on December 31, 2009.

**STATEMENT ON FORWARD LOOKING INFORMATION**

Certain information included herein contains statements that may be considered forward-looking, such as statements relating to projections of future results of operations or financial condition, expectations for our casino and expectations of the continued availability of capital resources. Any forward-looking statement made by us necessarily is based upon a number of estimates and assumptions that, while considered reasonable by us, is inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

control, and are subject to change. Actual results of our operations may vary materially from any forward-looking statement made by us or on our behalf. Forward-looking statements should not be regarded as representation by us or any other person that the forward-looking statements will be achieved. Undue reliance should not be placed on any forward-looking statements. Some of the contingencies and uncertainties to which any forward-looking statement contained herein are subject to include, but are not limited to, those set forth above in the heading ITEM 1A. Risk Factors.

Table of Contents

**RECENTLY ISSUED ACCOUNTING STANDARDS**

In February 2008, the FASB issued FASB Staff Position No. FAS 157-2, *Effective Date of SFAS 157* ( FSP FAS 157-2 ). The FSP amends SFAS 157, to delay the effective date of SFAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). The FSP defers the effective date of SFAS 157 to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years for items within the scope of the FSP. The adoption of SFAS 157-2 is not expected to have a material impact on our financial position, results of operations or cash flows.

In September 2006, the FASB issued SFAS 157, Fair Value Measurements. SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements, accordingly, this Statement does not require any new fair value measurements. However, for some entities, the application of this Statement will change current practice. This Statement is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The adoption did not have a material impact our financial position or results of operations.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115. SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value, with unrealized gains and losses related to these financial instruments reported in earnings at each subsequent reporting date. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. The adoption did not have a material impact our financial position or results of operations.

In December 2007, the FASB issued SFAS No. 141 (revised 2007) (SFAS 141(R)), Business Combinations, which is a revision of SFAS 141, Business Combinations. The primary requirements of SFAS 141(R) are as follows: (i.) Upon initially obtaining control, the acquiring entity in a business combination must recognize 100% of the fair values of the acquired assets, including goodwill, and assumed liabilities, with only limited exceptions even if the acquirer has not acquired 100% of its target. As a consequence, the current step acquisition model will be eliminated. (ii.) Contingent consideration arrangements will be fair valued at the acquisition date and included on that basis in the purchase price consideration. The concept of recognizing contingent consideration at a later date when the amount of that consideration is determinable beyond a reasonable doubt, will no longer be applicable. (iii.) All transaction costs will be expensed as incurred. SFAS 141 (R) is effective as of the beginning of an entity's first fiscal year beginning after December 15, 2008. Adoption is prospective and early adoption is not permitted.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interest in Consolidated Financial Statements, an amendment of ARB No. 51. This statement establishes accounting and reporting standards for ownership interest in subsidiaries held by parties other than the parent and for the deconsolidation of a subsidiary. It also clarifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. SFAS No. 160 changes the way the consolidated income statement is presented by requiring consolidated net income to be reported at amounts that include the amount attributable to both the parent and the noncontrolling interests. The statement also establishes reporting requirements that provide sufficient disclosure that clearly identify and distinguish between the interest of the parent and those of the noncontrolling owners. This statement is effective for fiscal years beginning on or after December 15, 2008. The adoption of SFAS No. 160 is not expected to have a material impact on our financial position, results of operations or cash flows.

Table of Contents

In March 2008, the FASB issued SFAS 161, *Disclosures about Derivative Instruments and Hedging Activities* an amendment of FASB Statement No. 133. SFAS 161 changes the disclosure requirements for derivative instruments and hedging activities. Under SFAS 161, entities are required to provide enhanced disclosures about how and why they use derivative instruments, how derivative instruments and related hedged items are accounted for and the affect of derivative instruments on the entity's financial position, financial performance and cash flows. SFAS 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. We will adopt SFAS 161 in the first quarter of 2009. The adoption of SFAS No. 161 is not expected to have a material impact on our financial position, results of operations or cash flows.

In May 2008, the FASB issued SFAS 162, *The Hierarchy of Generally Accepted Accounting Principles*, which identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles. SFAS 162 will become effective sixty days following the Securities and Exchange Commission's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles*. The adoption of SFAS 162 is not anticipated to materially impact our financial position, results of operations or cash flows.

In October 2008, the FASB issued FASB Staff Position No. FAS 157-3, *Determining the Fair Value of a Financial Asset When the Market for That Asset is Not Active* (FSP 157-3 or the FSP). FSP 157-3 clarifies the application of SFAS 157, *Fair Value Measurements* (Statement 157), in a market that is not active. The FSP amends Statement 157 to include an example that illustrates key considerations when applying the principles in Statement 157 to financial assets when the market for these instruments is not active. The adoption of FSP 157-3 is not anticipated to materially impact our financial position, results of operations or cash flows.

**ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Market risk is the risk of loss arising from adverse changes in market risks and prices, such as interest rates, foreign currency exchange rates and commodity prices. We do not have any cash or cash equivalents as of December 31, 2008 that are subject to market risk. As of December 31, 2008 we had \$50 million of outstanding debt under our Second Credit Facility that was subject to credit risk. A 1% increase in the interest rate on the balance outstanding under the Second Credit Facility at December 31, 2008 would result in a change in our annual interest cost of approximately \$500,000.

Table of Contents

**ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA**

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**The Board of Directors and Stockholders of Monarch Casino & Resort, Inc.:**

We have audited the accompanying consolidated balance sheets of Monarch Casino & Resort, Inc. and subsidiaries (the Company) as of December 31, 2008 and 2007, and the related consolidated statements of income, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2008. Our audits also included the financial statements schedule listed in the index at Item 15(2). These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Monarch Casino & Resort, Inc. and subsidiaries at December 31, 2008 and 2007, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2008, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statements schedule, when considered in relation to the basic financial statements taken as a whole, present fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 12, 2009 expressed an unqualified opinion thereon.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**The Board of Directors and Stockholders of Monarch Casino & Resort, Inc.:**

We have audited Monarch Casino & Resort, Inc. and subsidiaries (the Company) internal control over financial reporting as of December 31, 2008 based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). The Company's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Monarch Casino & Resort, Inc. and subsidiaries maintained, in all material respects, effective internal control over financial reporting as of December 31, 2008, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets as of December 31, 2008 and 2007, and the related consolidated statements of income, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2008 of Monarch Casino & Resort, Inc. and subsidiaries and our report dated March 12, 2009 expressed an unqualified opinion thereon.

Table of Contents

**MONARCH CASINO & RESORT, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Monarch Casino & Resort, Inc. ( Monarch ), a Nevada corporation, was incorporated in 1993. Monarch 's wholly-owned subsidiary, Golden Road Motor Inn, Inc. ( Golden Road ), operates the Atlantis Casino Resort Spa (the Atlantis ), a hotel/casino facility in Reno, Nevada. Monarch 's other wholly owned subsidiary, High Desert Sunshine, Inc., owns a parcel of land located adjacent to the Atlantis. Unless stated otherwise, the Company refers collectively to Monarch and its Golden Road subsidiary.

The consolidated financial statements include the accounts of Monarch and Golden Road. Intercompany balances and transactions are eliminated.

Use of Estimates

In preparing financial statements in conformity with U.S. generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the year. Actual results could differ from those estimates.

Self-insurance Reserves

The Company reviews self-insurance reserves at least quarterly. The reserve is determined by reviewing the actual expenditures for the previous twelve-month period and reports prepared by the third party plan administrator for any significant unpaid claims. The reserve is accrued at an amount that approximates amounts needed to pay both reported and unreported claims as of the balance sheet date, which management believes are adequate.

Capitalized Interest

The Company capitalizes interest costs associated with debt incurred in connection with major construction projects. When no debt is specifically identified as being incurred in connection with a construction project, the Company capitalizes interest on amounts expended on the project at the Company 's average borrowing cost. Interest capitalization is ceased when the project is substantially complete. The Company

capitalized interest of \$499,990 during the year ended December 31, 2008. The Company did not capitalize interest during the years ended December 31, 2007 and 2006.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, as well as investments purchased with an original maturity of 90 days or less.

Inventories

Inventories, consisting primarily of food, beverages, and retail merchandise, are stated at the lower of cost or market. Cost is determined on a first-in, first-out basis.

Table of Contents

Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation and amortization. Property and equipment is depreciated principally on a straight line basis over the estimated service lives as follows:

Land improvements	15-40 years
Buildings	30-40 years
Building improvements	15-40 years
Furniture	5-10 years
Equipment	5-20 years

In accordance with Statement of Financial Accounting Standards ( SFAS ) No. 144, Accounting for the Impairment and Disposal of Long-Lived Assets, the Company evaluates the carrying value of its long-lived assets for impairment at least annually or whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable from related future undiscounted cash flows. Indicators which could trigger an impairment review include legal and regulatory factors, market conditions and operational performance. Any resulting impairment loss, measured as the difference between the carrying amount and the fair value of the assets, could have a material adverse impact on the Company's financial condition and results of operations. All recognized impairment losses, whether for assets to be disposed or for assets to be held and used, are recorded as operating expenses.

Casino Revenues

Casino revenues represent the net win from gaming activity, which is the difference between wins and losses. Additionally, net win is reduced by a provision for anticipated payouts on slot participation fees, progressive jackpots and any pre-arranged marker discounts.

Promotional Allowances

The Company's frequent player program, Club Paradise, allows members, through the frequency of their play at the Company's casino, to earn and accumulate points which may be redeemed for a variety of goods and services at the Atlantis. Points may be applied toward room stays at the hotel, food and beverage consumption at the food outlets, gift shop items as well as goods and services at the spa and beauty salon. Points earned may also be applied toward off-property events such as concerts, shows and sporting events. Points may not be redeemed for cash.

Awards under our frequent player program are recognized as promotional expenses at the time of redemption.

The retail value of hotel, food and beverage services provided to customers without charge is included in gross revenue and deducted as promotional allowances. The estimated departmental costs of providing such promotional allowances are included in casino costs and expenses as follows:

	Years ended December 31,		
	2008	2007	2006
Food and beverage	\$ 13,979,386	\$ 12,735,942	\$ 11,706,382
Hotel	2,948,354	2,143,988	2,004,909
Other	623,766	460,099	504,945
	\$ 17,551,506	\$ 15,340,029	\$ 14,216,236

Table of Contents

Advertising Costs

All advertising costs are expensed as incurred. Advertising expense, which is included in selling, general and administrative expense, was \$4,368,908, \$3,657,712 and \$3,533,057 for the years ended December 31, 2008, 2007 and 2006, respectively.

Income Taxes

Income taxes are recorded in accordance with the liability method specified by SFAS No. 109, Accounting for Income Taxes. Under the asset and liability approach for financial accounting and reporting for income taxes, the following basic principles are applied in accounting for income taxes at the date of the financial statements: (a) a current liability or asset is recognized for the estimated taxes payable or refundable on taxes for the current year; (b) a deferred income tax liability or asset is recognized for the estimated future tax effects attributable to temporary differences and carryforwards; (c) the measurement of current and deferred tax liabilities and assets is based on the provisions of the enacted tax law; the effects of future changes in tax laws or rates are not anticipated; and (d) the measurement of deferred income taxes is reduced, if necessary, by the amount of any tax benefits that, based upon available evidence, are not expected to be realized.

The Company also applies the requirements of FIN 48 which prescribes minimum recognition thresholds a tax position is required to meet before being recognized in the financial statements. FIN 48 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. Implementation, effective January 2007, has resulted in no material impact on the Company's financial position or results of operations.

Allowance for Doubtful Accounts

The Company extends short-term credit to its gaming customers. Such credit is non-interest bearing and due on demand. In addition, the Company also has receivables due from hotel guests which are primarily secured with a credit card at the time a customer checks in. An allowance for doubtful accounts is set up for all Company receivables based upon the Company's historical collection and write-off experience, unless situations warrant a specific identification of a necessary reserve related to certain receivables. The Company charges off its uncollectible receivables once all efforts have been made to collect such receivables. The book value of receivables approximates fair value due to the short-term nature of the receivables.

Stock Based Compensation

The Company accounts for stock-based compensation in accordance with the provisions of SFAS No. 123(R), Share-Based Payments, requiring the compensation cost relating to share-based payment transactions be recognized in the Company's consolidated statements of income. The cost is measured at the grant date, based on the calculated fair value of the award using the Black-Scholes option pricing model for stock options, and based on the closing share price of the Company's stock on the grant date for restricted stock awards. The cost is recognized as an expense over the employee's requisite service period (the vesting period of the equity award). The Company's stock-based employee compensation plan is more fully discussed in Note 8 - Share-Based Compensation.

Table of ContentsEarnings Per Share

The Company reports basic earnings per share and diluted earnings per share in accordance with the provisions of SFAS No. 128, Earnings Per Share. Basic earnings per share is computed by dividing reported net earnings by the weighted-average number of common shares outstanding during the period. Diluted earnings per share reflect the additional dilution for all potentially dilutive securities such as stock options.

The following is a reconciliation of the number of shares (denominator) used in the basic and diluted earnings per share computations (shares in thousands):

	2008		Years ended December 31, 2007		2006	
	Shares	Per Share Amount	Shares	Per Share Amount	Shares	Per Share Amount
Net income						
Basic	16,958	\$ 0.56	19,058	\$ 1.28	18,990	\$ 1.16
Effect of dilutive stock options	60		271	(0.01)	285	(0.01)
Diluted	17,018	\$ 0.56	19,329	\$ 1.27	19,275	\$ 1.15

The following options were not included in the computation of diluted earnings per share because the options exercise prices were greater than the average market price of the common shares and their inclusion would be antidilutive:

	Years ended December 31,		
	2008	2007	2006
Options to purchase shares of common stock (in thousands)	861	232	122

Fair Value of Financial Instruments

As required by SFAS No. 107 Disclosures About Fair Value of Financial Instruments. The estimated fair value of the Company's financial instruments has been determined by the Company, using available market information and valuation methodologies. However, considerable judgment is required to develop the estimates of fair value; thus, the estimates provided herein are not necessarily indicative of the amounts that the Company could realize in a current market exchange.

The carrying amounts of cash, receivables, accounts payable and accrued expenses approximate fair value because of the short-term nature of these instruments.

Concentrations of Credit Risk

Financial instruments which potentially subject the Company to concentrations of credit risk consist principally of bank deposits and trade receivables. The Company maintains its surplus cash in bank accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. Concentrations of credit risk with respect to trade receivables are limited

Table of Contents

due to the large number of customers comprising the Company's customer base. The Company believes it is not exposed to any significant credit risk on cash and accounts receivable.

Impact of Recently Issued Accounting Standards

In February 2008, the FASB issued FASB Staff Position No. FAS 157-2, *Effective Date of SFAS 157* (FSP FAS 157-2). The FSP amends SFAS 157, to delay the effective date of SFAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). The FSP defers the effective date of SFAS 157 to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years for items within the scope of the FSP. The adoption of SFAS 157-2 is not expected to have a material impact on the Company's financial position, results of operations or cash flows.

In September 2006, the FASB issued SFAS 157, *Fair Value Measurements*. SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements, accordingly, this Statement does not require any new fair value measurements. However, for some entities, the application of this Statement will change current practice. This Statement is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The adoption did not have a material impact our financial position or results of operations.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115*. SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value, with unrealized gains and losses related to these financial instruments reported in earnings at each subsequent reporting date. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. The adoption did not have a material impact our financial position or results of operations.

In December 2007, the FASB issued SFAS No. 141 (revised 2007) (SFAS 141(R)), *Business Combinations*, which is a revision of SFAS 141, *Business Combinations*. The primary requirements of SFAS 141(R) are as follows: (i.) Upon initially obtaining control, the acquiring entity in a business combination must recognize 100% of the fair values of the acquired assets, including goodwill, and assumed liabilities, with only limited exceptions even if the acquirer has not acquired 100% of its target. As a consequence, the current step acquisition model will be eliminated. (ii.) Contingent consideration arrangements will be fair valued at the acquisition date and included on that basis in the purchase price consideration. The concept of recognizing contingent consideration at a later date when the amount of that consideration is determinable beyond a reasonable doubt, will no longer be applicable. (iii.) All transaction costs will be expensed as incurred. SFAS 141 (R) is effective as of the beginning of an entity's first fiscal year beginning after December 15, 2008. Adoption is prospective and early adoption is not permitted.

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interest in Consolidated Financial Statements*, an amendment of ARB No. 51. This statement establishes accounting and reporting standards for ownership interest in subsidiaries held by parties other than the parent and for the deconsolidation of a subsidiary. It also clarifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. SFAS No. 160 changes the way the consolidated income statement is presented by requiring consolidated net income to be reported at amounts that include the amount attributable to both the parent and the noncontrolling interests. The statement also establishes reporting requirements that provide sufficient disclosure that clearly identify and distinguish between the interest of the parent and those of the noncontrolling owners. This statement is effective for fiscal years beginning on or after

Table of Contents

December 15, 2008. The adoption of SFAS No. 160 is not expected to have a material impact on the Company's financial position, results of operations or cash flows.

In March 2008, the FASB issued SFAS 161, Disclosures about Derivative Instruments and Hedging Activities an amendment of FASB Statement No. 133. SFAS 161 changes the disclosure requirements for derivative instruments and hedging activities. Under SFAS 161, entities are required to provide enhanced disclosures about how and why they use derivative instruments, how derivative instruments and related hedged items are accounted for and the affect of derivative instruments on the entity's financial position, financial performance and cash flows. SFAS 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The Company will adopt SFAS 161 in the first quarter of 2009. The adoption of SFAS No. 161 is not expected to have a material impact on the Company's financial position, results of operations or cash flows.

In May 2008, the FASB issued SFAS 162, The Hierarchy of Generally Accepted Accounting Principles, which identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles. SFAS 162 will become effective sixty days following the Securities and Exchange Commission's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles. The adoption of the provisions of SFAS 162 is not anticipated to have a material impact on the Company's financial position, results of operations or cash flows.

In October 2008, the FASB issued FASB Staff Position No. FAS 157-3, Determining the Fair Value of a Financial Asset When the Market for That Asset is Not Active (FSP 157-3 or the FSP). FSP 157-3 clarifies the application of SFAS No. 157, Fair Value Measurements (Statement 157), in a market that is not active. The FSP amends Statement 157 to include an example that illustrates key considerations when applying the principles in Statement 157 to financial assets when the market for these instruments is not active. FSP 157-3 is not anticipated to have a material impact on the Company's financial position, results of operations or cash flows.

NOTE 2. ACCOUNTS RECEIVABLE

Accounts receivable consist of the following:

	December 31,	
	2008	2007
Casino	\$ 4,686,816	\$ 4,135,884
Hotel	403,830	665,079
Other	141,991	751,255
	5,232,637	5,552,218
Less allowance for doubtful accounts	(1,888,196)	(1,418,119)
	\$ 3,344,441	\$ 4,134,099

The Company recorded bad debt expense of \$1,225,145, \$554,891 and \$903,426 in 2008, 2007 and 2006, respectively.

Table of ContentsNOTE 3. ACCRUED EXPENSES

Accrued expenses consist of the following:

	December 31,	
	2008	2007
Accrued salaries, wages and related benefits	\$ 3,336,069	\$ 4,022,526
Progressive slot machine and other gaming accruals	3,132,586	2,785,054
Accrued gaming taxes	365,093	374,754
Accrued interest	146,205	25,534
Other accrued liabilities	1,960,157	2,022,289
	\$ 8,940,110	\$ 9,230,157

NOTE 4. LEASE COMMITMENTS

In 2004, a driveway was constructed that is being shared between the Atlantis and the adjacent Sierra Marketplace Shopping Center that is owned and controlled by affiliates of the Company's principal stockholders (the Shopping Center). A traffic signal was erected at mid-block on South Virginia Street, serving the driveway. As part of this project, the Company is leasing a 37,368 square-foot corner section of the Shopping Center for a minimum lease term of 15 years at an annual rent of \$300,000, subject to increase every 60 months based on the Consumer Price Index. The Company is also using part of the common area of the Shopping Center and pays its proportional share of the common area expense of the Shopping Center. The Company has the option to renew the lease for 3 five-year terms, and at the end of the extension periods, the Company has the option to purchase the leased section of the Shopping Center at a price to be determined based on an MAI appraisal. The Company uses the leased driveway space for pedestrian and vehicle access to the Atlantis, and the Company has use of a portion of the parking spaces at the Shopping Center. The total cost of the project was \$2.0 million; the Company was responsible for two thirds of the total cost, or \$1.35 million. The project was completed, the driveway was put into use and the Company began paying rent on September 30, 2004. The cost of the driveway is being depreciated over the initial 15-year lease term; some components of the driveway are being depreciated over a shorter period of time.

On December 24, 2007, the Company entered into a lease with Triple J Plus, LLC (Triple J) for the use of a facility on 2.3 acres of land (jointly the Property), across Virginia Street from the Atlantis, that the Company plans to utilize for administrative offices and storage space for Atlantis staff. The managing partner of Triple J is a first-cousin of John and Bob Farahi, the Company's Chief Executive Officer and President, respectively. The term of the lease is two years requiring monthly rental payments of \$20,256. Commensurate with execution of the lease, the Company entered into an agreement that provides the Company with a purchase option on the Property at the expiration of the lease period while also providing Triple J with a put option to cause the Company to purchase the Property during the lease period. The purchase price of the Property has been established by a third party appraisal company. Lastly, as a condition of the lease and purchase option, the Company entered into a promissory note (the Note) with Triple J whereby the Company advanced a \$2.7 million loan to Triple J. The Note requires interest only payments at 5.25% and matures on the earlier of i) the date the Company acquires the Property or ii) January 1, 2010. At December 31, 2008, the fair value of the loan approximated book value.

The Company accounts for its rental expense using the straight-line method over the original lease term. Rental increases based on the change in the CPI are contingent and accounted for prospectively.

Table of Contents

Following is a summary of future minimum payments under operating leases that have initial or remaining noncancelable lease terms in excess of one year at December 31, 2008:

Year ending December 31,	Operating Leases
2009	613,000
2010	370,000
2011	370,000
2012	370,000
2013	370,000
Thereafter	2,127,000
Total minimum lease payments	\$ 4,220,000

Rental expense for operating leases amounted to \$1,316,835, \$1,043,415 and \$837,968 in 2008, 2007 and 2006, respectively, as reported in selling, general and administrative expenses in the statements of income.

NOTE 5. LONG-TERM DEBT

## THE CREDIT FACILITY

Until February 20, 2004, the Company had a reducing revolving term loan credit facility with a consortium of banks (the First Credit Facility ). On February 20, 2004, the Original Credit Facility was refinanced (the Second Credit Facility ) for \$50 million. The maturity date of the Second Credit Facility was to be April 18, 2009; however, on January 20, 2009, the Second Credit Facility was amended and refinanced (the New Credit Facility ) for \$60 million. The New Credit Facility may be utilized by the Company for working capital needs, general corporate purposes and for ongoing capital expenditure requirements.

The maturity date of the New Credit Facility is January 20, 2012. Borrowings are secured by liens on substantially all of the real and personal property of the Atlantis and are guaranteed by Monarch.

The New Credit Facility contains covenants customary and typical for a facility of this nature, including, but not limited to, covenants requiring the preservation and maintenance of Company assets and covenants restricting the Company's ability to merge, transfer ownership of Monarch, incur additional indebtedness, encumber assets and make certain investments. The New Credit Facility contains covenants requiring that the Company maintain certain financial ratios and achieve a minimum level of Earnings-Before-Interest-Taxes-Depreciation and Amortization (EBITDA) on a two-quarter rolling basis. It also contains provisions that restrict cash transfers between Monarch and its affiliates and contains provisions requiring the achievement of certain financial ratios before the Company can repurchase its common stock or pay dividends. Management does not consider the covenants to restrict normal functioning of day-to-day operations.

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

As of December 31, 2008, the Company was required to maintain a leverage ratio, defined as consolidated debt divided by EBITDA, of no more than 2.875:1 and a fixed charge coverage ratio (EBITDA divided by fixed charges, as defined) of at least 1.25:1. As of December 31, 2008, the Company's leverage ratio and fixed charge coverage ratios were 1.86:1 and 21.6:1, respectively. As of December 31, 2007, the Company was required to maintain a leverage ratio of no more than 2.25:1 and a fixed charge coverage ratio of at least 1.10:1. As of December 31, 2007 the Company's leverage ratio and fixed charge coverage ratio were 0.0:1 and 4.26:1, respectively.

Table of Contents

The maximum principal available under the New Credit Facility is reduced by \$2.5 million per quarter beginning on December 31, 2009. The Company may permanently reduce the maximum principal available at any time so long as the amount of such reduction is at least \$500,000 and a multiple of \$50,000. Maturities of the Company's borrowings for each of the next five years and thereafter as of December 31, 2008 are as follows (amounts in thousands):

Year	Maturities	
2009	\$	2,500
2010		10,000
2011		10,000
2012		27,500
2013		
	\$	50,000

The Company may prepay borrowings under the New Credit Facility without penalty (subject to certain charges applicable to the prepayment of LIBOR borrowings prior to the end of the applicable interest period). Amounts prepaid may be reborrowed so long as the total borrowings outstanding do not exceed the maximum principal available.

The Company paid various one-time fees and other loan costs upon the closing of the refinancing of the New Credit Facility that will be amortized over the facility's term using the straight-line method.

At December 31, 2008, the Company had \$50 million outstanding under the First Credit Facility. At that time its leverage ratio was such that pricing for borrowings under the First Credit Facility was LIBOR plus 1.25%. At December 31, 2008 the one-month LIBOR interest rate was 0.44%. At December 31, 2007 and 2006, the Company had no outstanding borrowings; however, its leverage ratio was such that the pricing for borrowings would have been the Base Rate plus 0.00 percent or LIBOR plus 1.00 percent.

NOTE 6. INCOME TAXES

Income tax provision (benefit) consists of the following:

	Years ended December 31,		
	2008	2007	2006
Current provision	\$ 5,790,922	\$ 14,494,634	\$ 13,157,285
Deferred provision (benefit)	(814,141)	(1,510,974)	(1,377,695)
	\$ 4,976,781	\$ 12,983,660	\$ 11,779,590

Income tax benefits were recognized through stockholders' equity of \$0, \$292,757 and \$519,752 during the years of 2008, 2007 and 2006, respectively, as compensation expense for tax purposes in excess of amounts recognized for financial reporting purposes.

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

The difference between the Company's provision for federal income taxes as presented in the accompanying Consolidated Statements of Income, and the provision for income taxes computed at the statutory rate is comprised of the items shown in the following table as a percentage of pre-tax earnings.

Table of Contents

	Years ended December 31,		
	2008	2007	2006
Income tax at the statutory rate	35.00%	35.00%	35.00%
Tax credits	-0.70%	-0.30%	-0.20%
	34.30%	34.70%	34.80%

The components of the deferred income tax assets and liabilities at December 31, 2008 and 2007, as presented in the Consolidated Balance Sheets, are as follows:

	2008	2007
<b>DEFERRED TAX ASSETS</b>		
Share based compensation	\$ 2,236,090	\$ 1,375,644
Compensation and benefits	418,222	337,275
Bad debt reserves	660,869	496,342
Accrued gaming liabilities	599,064	489,910
Accrued interest	8,937	8,937
Accrued other	198,654	216,455
Deferred income tax asset	\$ 4,121,836	\$ 2,924,563
<b>DEFERRED TAX LIABILITIES</b>		
Impairment of assets	\$ (72,260)	\$ (72,260)
Depreciation	(4,193,760)	(4,059,567)
Land basis	(285,706)	(285,706)
Prepaid expenses	(895,758)	
Real estate taxes	(360,423)	(248,179)
Deferred income tax liability	\$ (5,807,907)	\$ (4,665,712)
<b>NET DEFERRED INCOME TAX LIABILITY</b>	\$ (1,686,071)	\$ (1,741,149)

The January 1, 2007 adoption of FASB Interpretation 48, Accounting for Uncertainty in Income Taxes, did not affect the Company's financial position. The Company is required to file a federal tax return only. As of December 31, 2008, tax years 2005 through 2008 were subject to examination by the Internal Revenue Service. The Company's accounting policy with respect to interest and penalties arising from income tax settlements is to recognize them as part of the provision for income taxes. The Company does not anticipate that the amount of unrecognized tax benefits will significantly increase or decrease through the twelve month period ending December 31, 2009.

NOTE 7. BENEFIT PLANS

Savings Plan - Effective November 1, 1995, the Company adopted a savings plan, which qualifies under Section 401(k) of the Internal Revenue Code. Under the plan, participating employees may defer up to 15% of their pre-tax compensation, but not more than statutory limits. Prior to 2007, the Company contributed twenty five cents for each dollar contributed by a participant, with a maximum contribution of 4% of a participant's compensation. Effective January 1, 2007, the Company increased its contribution to fifty cents for each dollar contributed by a participant. The Company's matching contributions were approximately \$236,869, \$238,510 and \$59,774 in for years ended December 31, 2008, 2007 and 2006, respectively.

Table of ContentsNOTE 8. SHARE-BASED COMPENSATION

The Company's three stock option plans, consisting of the Directors' Stock Option Plan, the Executive Long-term Incentive Plan and the Employee Stock Option Plan (the Plans), which collectively provide for the granting of options to purchase up to 3,250,000 common shares. The exercise price of stock options granted under the Plans is established by the respective plan committees, but the exercise price may not be less than the market price of the Company's common stock on the date the option is granted. The Company stock options typically vest on a graded schedule, typically in equal, one-third increments, although the respective stock option committees have the discretion to impose different vesting periods or modify existing vesting periods. Options expire ten years from the grant date. By their amended terms, the Plans will expire in June 2013 after which no options may be granted.

A summary of the stock option activity as of and for the year ended December 31, 2008 is presented below:

Options	Shares	Exercise Price	Weighted Average		Aggregate Intrinsic Value
			Remaining Contractual Term		
Outstanding at beginning of period	1,295,426	\$	19.04		
Granted	284,614		9.81		
Exercised					
Forfeited	(20,000)		9.23		
Expired					
Outstanding at end of period	1,560,040	\$	18.01	7.2 yrs.	\$ 8,778,325
Exercisable at end of period	733,036	\$	9.85	4.5 yrs.	\$ 1,936,090

A summary of the status of the Company's nonvested shares as of, and for the year ended, December 31, 2008 is presented below:

Nonvested Shares	Shares	Weighted-Average Grant Date Fair Value	
Nonvested at January 1, 2008	782,676	\$	10.43
Granted	284,614		9.81
Vested	(220,286)		10.33
Forfeited	(20,000)		9.23
Nonvested at December 31, 2008	827,004	\$	8.90

## Expense Measurement and Recognition:

On January 1, 2006, the Company adopted the provisions of SFAS 123R requiring the measurement and recognition of all share-based compensation under the fair value method. The Company implemented SFAS 123R using the modified prospective transition method. Accordingly, for the years ended December 31, 2008, 2007 and 2006, the Company recognized share-based compensation for all current award grants and for the unvested portion of previous award grants based on grant date fair values. Unrecognized costs related to all share-based awards outstanding at December 31, 2008 totaled approximately \$2.6 million and is expected to be recognized over a weighted average period of 1.03 years.

Table of Contents

The Company uses historical data and projections to estimate expected employee, executive and director behaviors related to option exercises and forfeitures.

The Company estimates the fair value of each stock option award on the grant date using the Black-Scholes valuation model incorporating the assumptions noted in the following table. Option valuation models require the input of highly subjective assumptions, and changes in assumptions used can materially affect the fair value estimate. Option valuation assumptions for options granted during each year were as follows:

	Years ended December 31,		
	2008	2007	2006
Expected volatility	111.7%	50.3%	38.0%
Expected dividends			
Expected life (in years)			
Directors Plan	2.5	2.5	2.5
Executive Plan	4.5	4.5	6.9
Employee Plan	3.1	3.1	2.9
Weighted average risk free rate	4.1%	4.1%	4.6%
Weighted average grant date fair value per share of options granted	\$ 5.30	\$ 11.24	\$ 10.64
Total intrinsic value of options exercised	\$	\$ 747,770	\$ 2,238,390
Cash received for all stock option exercises	\$	\$ 602,636	\$ 2,213,489
Tax benefit realized for tax return deductions	\$	\$ 292,757	\$ 519,752

The risk-free interest rate is based on the U.S. treasury security rate in effect as of the date of grant. The expected lives of options are based on historical data of the Company. In 2006, the Company determined that an implied volatility is more reflective of market conditions and a better indicator of expected volatility.

Reported stock based compensation expense was classified as follows:

	For the years ended December 31,	
	2008	2007
Casino	\$ 80,148	\$ 72,509
Food and beverage	72,424	53,542
Hotel	31,536	38,071
Selling, general and administrative	2,124,929	2,106,935
Total stock-based compensation, before taxes	2,309,037	2,271,057
Tax benefit	(808,163)	(794,870)
Total stock-based compensation, net of tax	\$ 1,500,874	\$ 1,476,187

NOTE 9. COMMITMENTS AND CONTINGENCIES

Self Insurance - The Company is self-insured for health care claims for eligible active employees. Benefit plan administrators assist the Company in determining its liability for self-insured claims, and such claims are not discounted. The Company is also self-insured for workers compensation.

Table of Contents

Both plans limit the Company's maximum liability through a benefit limitation in the case of the health plan and through a stop-loss insurance agreement in the case of the worker's compensation plan. The maximum liability for health care claims is \$500,000 per calendar year, and \$1 million over the lifetime, for each eligible employee. The maximum liability for workers' compensation under the stop-loss agreement is \$500,000 per claim.

On September 28, 2006, the Company's Board of Directors (the Board) authorized a stock repurchase plan (the Repurchase Plan). Under the Repurchase Plan, the Board authorized a program to repurchase up to 1,000,000 shares of our common stock in the open market or in privately negotiated transactions from time to time, in compliance with Rule 10b-18 of the Securities and Exchange Act of 1934, subject to market conditions, applicable legal requirements and other factors. The Repurchase Plan did not obligate the Company to acquire any particular amount of common stock.

On March 11, 2008, the Board increased its initial authorization by 1,000,000 shares and on April 22, 2008, the Board increased its authorization a third time by 1,000,000 shares which increased the shares authorized to be repurchased to a total of 3,000,000 shares. During the first and second quarters of 2008, the Company purchased 2,444,492 shares of the Company's common stock pursuant to the Repurchase Plan at a weighted average purchase price of \$14.59 per share, which increased the total number of shares purchased pursuant to the Repurchase Plan to 3,000,000 at a weighted average purchase price of \$16.52 per share. As of June 30, 2008, the Company had purchased all shares under the three million share Repurchase Plan authorization.

As previously disclosed, litigation was filed against Monarch on January 27, 2006, by Kerzner International Limited (Kerzner) owner of the Atlantis, Paradise Island, Bahamas in the United States District Court, District of Nevada. The case number assigned to the matter is 3:06-cv-00232-ECR (RAM). The complaint seeks declaratory judgment prohibiting Monarch from using the name Atlantis in connection with offering casino services other than at Monarch's Atlantis Casino Resort Spa located in Reno, Nevada, and particularly prohibiting Monarch from using the Atlantis name in connection with offering casino services in Las Vegas, Nevada; injunctive relief enforcing the same; unspecified compensatory and punitive damages; and other relief. Monarch believes Kerzner's claims to be entirely without merit and is defending vigorously against the suit. Further, Monarch has filed a counterclaim against Kerzner seeking to enforce the license agreement granting Monarch the exclusive right to use the Atlantis name in association with lodging throughout the state of Nevada; to cancel Kerzner's registration of the Atlantis mark for casino services on the basis that the mark was fraudulently obtained by Kerzner; and to obtain declaratory relief on these issues. Litigation is in the discovery phase.

The Company is a defendant in various pending legal proceedings. In the opinion of management, all pending claims in such litigation will not, in the aggregate, have a material adverse effect on the Company's financial position, cash flows or results of operations.

NOTE 10. RELATED PARTY TRANSACTIONS

On July 26, 2006, the Company submitted a formal offer to Biggest Little Investments, L.P. (BLI), formulated and delivered by a committee comprised of the Company's independent directors (the Committee), to purchase the 18.95-acre shopping center (the Shopping Center) adjacent to the Atlantis Casino Resort Spa. On October 16, 2006, the Committee received a letter from counsel to BLI advising the Company that BLI, through its general partner, Maxum, L.L.C. (Maxum), had decided that such offer is not in the best interest of the Partnership's limited partners and, therefore, will not be entering into negotiations with Monarch. While there have been subsequent communications between BLI and the Company from time to time regarding our interest in the Shopping Center, nothing has resulted. The Board of Directors continues to consider expansion alternatives.

## Edgar Filing: MONARCH CASINO & RESORT INC - Form 10-K

### Table of Contents

John Farahi and Bob Farahi each individually own non-controlling interests in BLI and Maxim. John Farahi is Co-Chairman of the Board, Chief Executive Officer, Chief Operating Officer and a Director of Monarch. Bob Farahi is Co-Chairman of the Board, President, Secretary and a Director of Monarch. Ben Farahi formerly was the Co-Chairman of the Board, Secretary, Treasurer, Chief Financial Officer and a Director of Monarch. Monarch's board of directors accepted Ben Farahi's resignation from these positions on May 23, 2006.

The Company currently rents various spaces in the Shopping Center which it uses as office, storage space and guest parking and paid rent of approximately \$194,800 plus common area expenses in the year ended December 31, 2008. The Company paid rent of approximately \$262,700 and \$95,520 plus common area expenses in the years ended December 31, 2007 and 2006, respectively.

In addition, a driveway that is being shared between the Atlantis and the Shopping Center was completed on September 30, 2004. As part of this project, in January 2004, the Company leased a 37,368 square-foot corner section of the Shopping Center for a minimum lease term of 15 years at an annual rent of \$300,000, subject to increase every 60 months based on the Consumer Price Index. The Company began paying rent to the Shopping Center on September 30, 2004. The Company also uses part of the common area of the Shopping Center and pays its proportional share of the common area expense of the Shopping Center. The Company has the option to renew the lease for 3 five-year terms, and at the end of the extension periods, the Company has the option to purchase the leased driveway section of the Shopping Center at a price to be determined based on an MAI Appraisal. The leased space is being used by the Company for pedestrian and vehicle access to the Atlantis, and the Company may use a portion of the parking spaces at the Shopping Center. The total cost of the project was \$2.0 million; the Company was responsible for two thirds of the total cost, or \$1.35 million. The Company paid approximately \$300,000 plus common area charges in each of the years ended December 31, 2008, 2007 and 2006 for its leased driveway space at the Shopping Center.

The Company leased sign space from the Shopping Center through July 2008. The Company paid \$7,460, \$12,420 and \$12,000 for the years ended December 31, 2008, 2007 and 2006, respectively.

The Company is currently leasing billboard advertising space from affiliates of its principal stockholders for a total cost of \$42,000, \$49,000 and \$42,000 for the years ended December 31, 2008, 2007 and 2006, respectively.

Until December 2006, the Company rented office and storage space from a company affiliated with Monarch's principal stockholders and paid rent of approximately \$26,000 in the year ended December 31, 2006 and did not incur any such expense in the years ended December 31, 2008 or 2007. Effective December 2006, Monarch's principal stockholders sold this building and, through April 15, 2007, the Company continued to rent space from the new owner which is not a related party to Monarch.

On December 24, 2007, the Company entered into a lease with Triple J Plus, LLC (Triple J) for the use of a facility on 2.3 acres of land (jointly the Property) across Virginia Street from the Atlantis that the Company plans to utilize for administrative staff offices. The managing partner of Triple J is a first-cousin of John and Bob Farahi, the Company's Chief Executive Officer and President, respectively. The term of the lease is two years requiring monthly rental payments of \$20,256. Commensurate with execution of the lease, the Company entered into an agreement that provides the Company with a purchase option on the Property at the expiration of the lease period while also providing Triple J with a put option to cause the Company to purchase the Property during the lease period. The purchase price of the Property has been established by a third party appraisal company. Lastly, as a condition of the lease and purchase option, the Company entered into a promissory note (the Note) with Triple J whereby the Company advanced a \$2.7 million loan to Triple J. The Note requires interest only payments at 5.25% and matures on the earlier of i) the date the Company acquires the Property or ii) January 1, 2010.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURESDisclosure Controls and Procedures

As of the end of the period covered by this Annual Report on Form 10-K, (the Evaluation Date ), an evaluation was carried out by our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined by Rule 13a-15(e) under the Securities Exchange Act of 1934). Based upon the evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report. No changes were made to our internal control over financial reporting (as defined by Rule 13a-15(e) under the Securities Exchange Act of 1934) during the last fiscal quarter that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control system was designed to provide reasonable assurance to our management and Board of Directors regarding the preparation and fair presentation of published financial statements.

Table of Contents

All internal control systems, no matter how well designed, have inherent limitations, including the possibility of human error and the circumvention or overriding of controls. Accordingly, even effective internal controls can provide only reasonable assurances with respect to financial statement preparation. Further, because of changes in conditions, the effectiveness of internal controls may vary over time.

Management assessed the effectiveness of our internal control over financial reporting as of December 31, 2008. In making this assessment, it used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework. Based on our assessment we believe that, as of December 31, 2008, the Company's internal control over financial reporting is effective based on those criteria.

The Company's independent registered public accounting firm has issued an audit report on our assessment of the Company's internal control over financial reporting. This report appears in Item 8 of this Form 10-K.

**ITEM 9B. OTHER INFORMATION**

None.

**PART III**

**ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT**

This information is incorporated by reference from the Company's Proxy Statement to be filed with the Commission in connection with the Annual Meeting of Stockholders to be held on May 22, 2009.

**PART IV**

**ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES**

## 1. Financial Statements

Included in Part II of this report:

a) Report of Independent Registered Public Accounting Firm

b) Consolidated Statements of Income for the years ended December 31, 2008, 2007 and 2006.

c) Consolidated Balance Sheets at December 31, 2008 and 2007.

d) Consolidated Statements of Stockholders' Equity for the years ended December 31, 2008, 2007 and 2006.

e) Consolidated Statements of Cash Flows for the years ended December 31, 2008, 2007 and 2006.

f) Notes to Consolidated Financial Statements.

## 2. Financial Statements Schedules

## Schedule II - VALUATION AND QUALIFYING ACCOUNTS

Year ended December 31, <u>2006</u>	Balance at beginning of year	Charged to costs and expenses	Deductions (F1)	Other	Balance at end of year
Allowance for doubtful accounts	\$ 1,081,747	\$ 903,426	\$ (731,876)	\$	\$ 1,253,297
<u>2007</u>					
Allowance for doubtful accounts	\$ 1,253,297	\$ 554,891	\$ (390,069)	\$	\$ 1,418,119
<u>2008</u>					
Allowance for doubtful accounts	\$ 1,418,119	\$ 1,225,145	\$ (755,068)	\$	\$ 1,888,196

(F1) The Company reviews receivables monthly and, accordingly, adjusts the allowance for doubtful accounts monthly. The Company records write-offs annually. The amount charged to Costs and Expenses reflects the bad debt expense recorded in the consolidated statements of income, while the amount recorded for Deductions reflects the adjustment to actual allowance for doubtful accounts reserve at the end of the period.
