Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On November 2, 2011, Ecolab Inc. (Ecolab) commenced issuing commercial paper to fund the cash component of the merger consideration for the Company's merger with Nalco Holding Company and refinance Nalco's existing credit facility (collectively, approximately \$2.8 billion) upon completion of the merger. Ecolab previously announced that it expects to fund such activities through commercial paper borrowings backed by its new syndicated credit facilities totaling \$3.5 billion, which were announced on September 8, 2011, or by borrowings under such facilities, and through the planned issuance prior to the completion of the merger of \$250 million 3.69% seven year private placement notes and \$250 million 4.32% twelve year private placement notes, which were announced on October 28, 2011.

Ecolab also expects to refinance a substantial portion of Nalco's other outstanding debt (currently estimated at approximately \$1.7 billion) following completion of the merger. Ecolab currently expects to borrow the amounts required to refinance Nalco's other outstanding debt through commercial paper borrowings backed by its syndicated credit facilities, borrowings under such credit facilities, the issuance of publicly or privately held debt securities or a combination of the foregoing.

Ecolab and Nalco currently expect the closing of the merger to occur in the fourth quarter of 2011. However, the merger is subject to various regulatory clearances and the satisfaction or waiver of other conditions as described in the merger agreement, and it is possible that factors outside the control of Ecolab and Nalco could result in the merger being completed at a later time or not at all.
