**Item 5.02(e) Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers**

On April 25, 2012, the shareholders of Central Pacific Financial Corp. (the Company) approved an amendment (the Amendment) to the Company's 2004 Stock Compensation Plan (the Plan) to permit certain awards to be considered qualified performance-based compensation under the provisions of Section 162(m) of the Internal Revenue Code (the Code), as described in greater detail under Item 5.07 below. The Amendment limits the number of shares of Company Common Stock that may be granted pursuant to any awards under the Plan in any one fiscal year to any one participant under the Plan to 200,000 shares.

As determined at the discretion of the Company's Compensation Committee, the terms and conditions of awards under the Plan may be conditioned upon the attainment of certain performance goals. In the case of awards (other than options and SARs) that are intended to be qualified performance-based compensation to covered employees, as both terms are defined in Section 162(m) of the Code, the Amendment also expands the list of performance measures available under the Plan to include one or more of the following: net sales; gross sales; revenue; net revenue; gross revenue; net income; net income after capital costs, non-interest income compared to net interest income ratio; growth of loans and/or deposits; growth in number of customers, households or assets; cash generation; cash flow; unit volume; market share; cost reduction; EVA®, economic value added; costs and expenses (including expense efficiency ratios and other expense measures); strategic plan development and implementation; customer satisfaction; credit quality measures; full-time equivalency control; allowance for loan losses; operating efficiency; loan chargeoffs; loan writedowns; non-performing or impaired loans; return measures (including, but not limited to, return on assets, risk-adjusted return on capital or return on equity); return on net assets; return on average assets, return on actual or proforma assets; return on capital; return on investment; return on working capital; return on net capital employed; working capital; asset turnover; economic value added; total stockholder return; fee income; net income; net income before capital costs; net income before taxes; operating income; operating profit margin; net income margin; net interest margin; sales margin; market share; inventory turnover; days sales outstanding; sales growth; capacity utilization; increase in customer base; book value; stock price (including, but not limited to, growth measures and total shareholder return); earnings per share (actual or targeted growth); stock price earnings ratio; margins; earnings before interest; taxes; depreciation and amortization expenses (EBITDA); earnings before interest and taxes (EBIT); earnings before interest (EBI); or EBITDA, EBIT, EBI or earnings before taxes and unusual or nonrecurring items as measured either against the annual budget or as a ratio to revenue. In addition, the Compensation Committee may consider the following individual unit/production performance measures: cost per dollar loan growth; cost per dollar deposit growth; revenue per personnel; the operating expense to group budget; service levels (group); and personal performance.

The Amendment, is attached hereto as Exhibit 10.1 and incorporated herein by reference. In addition, forms of Stock Option Grant Agreement and Restricted Stock Unit Agreement to be used in conjunction with the Plan are attached hereto as Exhibit 10.2 and 10.3 respectively.
