 - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4 (c))
-

Item 8.01. Other Events.

On October 1, 2015, Axiall Corporation (the Company) issued a press release announcing that it has entered into and consummated the transactions (the Transactions) contemplated by an asset purchase agreement (the Asset Purchase Agreement) with INEOS Americas LLC (INEOS) and Axiall, LLC, a wholly-owned subsidiary of the Company (together with the Company, Axiall). Pursuant to the Asset Purchase Agreement, INEOS acquired certain assets used in Axiall's Aromatics business (the Purchased Assets), including, but not limited to, Axiall's cumene production facility in Pasadena, Texas (the Pasadena Facility). Axiall has retained the land and plant at its phenol, acetone and alphas-methylstyrene production facility in Plaquemine, Louisiana (the Plaquemine Phenol Facility), which constitutes part of a broader set of Axiall facilities located at Plaquemine, and cash and cash equivalents, accounts receivable and inventory associated with Axiall's Aromatics business (other than certain raw materials and work in progress inventory located at the Pasadena Facility), and certain other assets. The Company plans to conduct a safe wind-down of the Plaquemine Phenol Facility by year-end 2015. INEOS acquired the Purchased Assets for approximately \$62.9 million in cash (the Purchase Price), \$52.4 million of which was paid at closing and \$10.5 million of which may be payable by INEOS subject to the satisfaction of certain conditions related to the timing of, and the amount of costs associated with, Axiall's cessation of phenol, acetone and alphas-methylstyrene production at the Plaquemine Phenol Facility.

A copy of the press release announcing the transaction is attached hereto as Exhibit 99.1 and incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.
