Item 1.01. Entry into a Material Definitive Agreement.

Acquisition of Deluxe Global Media Services Blackburn Limited

On July 21, 2006, Glenayre announced that its subsidiary Entertainment Distribution Company, LLC (EDC) has acquired the shares of Deluxe Global Media Services Blackburn Limited (Blackburn), a subsidiary of The Rank Group, for a purchase price of approximately USD\$6 million in cash, excluding expenses, and subject to an adjustment related to an agreed upon amount of working capital for Blackburn as of the closing. Blackburn, located in Blackburn, England, is the largest CD replicator in the UK. This transaction allows Glenayre to further capitalize on its 10-year agreement with its largest client, Universal Music Group, which is also Blackburn s largest client. Glenayre s news release is furnished as Exhibit 99.1 to this Current Report.

Changes in Certain Compensation

On July 19, 2006, the Compensation and Plan Administration Committee (the Committee) of the Board of Directors of Glenayre Technologies, Inc. (Glenayre) approved certain changes to the current compensation arrangements between Glenayre and Clarke H. Bailey, Chief Executive Officer, and Matthew K. Behrent, Senior Vice President and Chief Acquisitions Officer, of Glenayre. The Committee amended the number of stock options to be awarded to Mr. Bailey and Mr. Behrent upon the closing of acquisitions by Glenayre. As revised, upon the closing of any acquisition, Mr. Bailey and Mr. Behrent will each be entitled to an award of options to purchase common stock in a ratio of one stock option per \$333.33 in transaction value (equivalent to a rate of 30,000 stock options for every \$10 million in transaction value) subject, in each case, to all of the other terms, conditions, limitations, grant dates, caps, vesting periods and other provisions of Mr. Bailey s and Mr. Behrent s current compensation arrangements, as previously disclosed by Glenayre. Prior to such changes, Mr. Bailey was entitled to a grant of 10,000 options per each \$10 million of transaction value, capped to the maximum of 225,000 options, and Mr. Behrent was entitled to one option for each \$500 of transaction value, capped to the maximum of 150,000 options. These aggregate caps on award continue to apply to previous and future option grants under the revised compensation arrangement. The revised option terms apply to all transactions closed after the date of the Committee action. As a result, a grant of stock options pursuant to the revised terms described above was triggered by the closing of the acquisition of Blackburn on July 21, 2006, and Mr. Bailey and Mr. Behrent each received options to purchase 25,530 shares of common stock at an exercise price of \$2.50 per share, based on the closing price of Glenayre s common stock on July 20, 2006. Such options were granted pursuant to Glenayre s 1996 Incentive Stock Plan.
