SRM Networks, Inc. (the "Company") is an Internet solutions company that specializes in website hosting and development services. The Company was incorporated in the state of Nevada on June 8, 2001 is headquartered in Glendale, California.

### NOTE 2 - BASIS OF PRESENTATION

The unaudited financial statements included herein have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Item 310(b) of Regulation S-B. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2002 and 2001 are not necessarily indicative of the results that may be expected for the years ended December 31, 2002 and 2001. These financial statements and the related notes should be read in conjunction with the Company's audited financial statements for the period ended December 31, 2001 included in the Company's annual report on Form 10-KSB.

### NOTE 3 - COMMON STOCK

On June 9, 2001, the Company issued 2,500,000 shares of its common stock to its officers for cash of \$10,000. On February 8, 2002, the Company's Board of Directors authorized the splitting of the Company's common stock on an eleven-to-one (11:1) basis for stockholders of record on February 14, 2002 and the resulting shares from the split were distributed on February 15, 2002. On February 15, 2002, there were 35,475,000 shares issued and outstanding.

5

Accordingly, occupancy costs have been allocated to the Company based on the square foot percentage assumed multiplied by the officer's total monthly costs. These amounts are shown in the accompanying statement of operations for the period June 8, 2001 (inception) through June 30, 2001 and are considered additional contributions of capital by the officer and the Company.

in the following information are accurate, and we assume no obligation to update any such forward-looking statements.

Our current business plan has been to provide Internet solutions including website hosting and development services to small and medium size businesses. To date, we have not been successful in fully implementing our business plan due to lack of funds. Accordingly, we have been researching potential acquisitions or other suitable business partners which may assist us in realizing our business objectives. In that regard, on June 5, 2002, we entered into a Letter of Intent to acquire all of the outstanding common stock of weComm, Ltd., a U.K. corporation, ("weComm") in a tax-free reverse merger in exchange for 24,000,000 shares of our common stock. The Letter of Intent is not legally binding on either party and the transaction will not close until a definitive agreement is reached, and after we complete a private placement of our common stock, both parties complete due diligence and weComm has fulfilled certain other contractual conditions. There can be no assurance that the acquisition of weComm will be consummated.

For the six months ended June 30, 2002.

**Liquidity and Capital Resources.** Our total current assets are \$703,769 as of June 30, 2002, which is represented by \$2,388 in cash, \$1,381 in interest receivable and \$700,000 in an 8% note receivable. We had no other assets as of June 30, 2002.

Our total current liabilities were approximately \$723,578 as of June 30, 2002, which is represented by accounts payable and accrued expenses of \$23,578, and \$700,000 in an 8% convertible note payable. We had no other commitments or contingencies as of June 30, 2002.

**Results of Operations.**

**Revenues.** For the six month period ended June 30, 2002, we realized revenues of approximately \$40 from providing web hosting and development services, in comparison to \$720 in revenues generated during the same period ending June 30, 2001. If we are not able to complete the transaction with weComm described above, of which there can be no assurance, we will attempt to generate more revenues by expanding our customer base for our website hosting and development business.

7

**Operating Expenses.** For the six months ended June 30, 2002, our total expenses were approximately \$38,655. The majority of those expenses were represented by legal and professional fees of \$37,172. We also had expenses for occupying our offices in the amount of \$1,190, and for office supplies in the amount of \$293. For the six months ended June 30, 2002, we experienced a net loss of approximately \$38,615. In comparison to the same period ended June 30, 2001, our total expenses were approximately \$2,855, and our net loss from operations was \$2,135. The increase in operating expenses was due to increased legal and professional fees. In connection with the completing the transaction with weComm, we anticipate that we will continue to incur significant general and administrative expenses.

**Our Plan of Operation for the Next Twelve Months.** We expect to complete the transaction with weComm described above during the third quarter of 2002. We cannot guarantee that we will acquire or merge with weComm or any other third party, or that in the event we acquire or merge weComm, or another third party, such acquisition or merger will increase the value of our common stock.

## Edgar Filing: SRM NETWORKS INC - Form 10QSB

We had cash of \$2,388 as of June 30, 2002. In the opinion of management, available funds will satisfy our working capital requirements through October 2002. Our forecast for the period for which our financial resources will be adequate to support our operations involves risks and uncertainties and actual results could be different as a result of a number of factors. If we are not able to complete the transaction with weComm, we anticipate that we may need to raise additional capital to continue operations. Such additional capital may be raised through public or private financing as well as borrowings and other sources. We cannot guaranty that additional funding will be available on favorable terms, if at all. If adequate funds are not available, then our ability to expand our existing operations may be adversely affected. If adequate funds are not available, we anticipate that our officers and directors will contribute funds to pay for our expenses, although we cannot guarantee that our officers will p ay those expenses.

We are not currently conducting any research and development activities and do not anticipate conducting such activities in the near future. We do not anticipate hiring additional employees or independent contractors unless we are able to expand our current operations. We are focusing our efforts on completing the transaction with weComm, of which there can be no assurance. We do not anticipate that we will purchase or sell any significant equipment.
