INFORMATION CIRCULAR

(Containing information as at January 7, 2003 unless indicated otherwise)

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of **PLATINUM GROUP METALS LTD.** (the "Company") for use at the Annual General Meeting of Members of the Company (and any adjournment thereof) to be held on Tuesday, February 11, 2003 at the time and place and for the purposes set forth in the accompanying Notice of Meeting (the Meeting). While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the regular employees of the Company at nominal cost. All costs of solicitation by management will be borne by the Company.

The contents and the sending of this Information Circular have been approved by the Directors of the Company.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the accompanying form of proxy are the Chief Executive Officer and the Chief Financial Officer, respectively, of the Company. A MEMBER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A MEMBER) TO REPRESENT HIM AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STROKING OUT THE NAMES OF THOSE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON'S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY. A proxy will not be valid unless the completed form of proxy is received by **PACIFIC CORPORATE TRUST COMPANY**, of 10th Floor, 625 Howe Street, Vancouver, British Columbia, V6C 3B8, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment thereof.

A Member who has given a proxy may revoke it by an instrument in writing executed by the Member or by his attorney authorized in writing or, where the Member is a corporation, by a duly authorized officer or attorney of the corporation, and delivered to the registered office of the Company, Suite 2300, 1055 Dunsmuir Street, P.O. Box 49122, Vancouver, British Columbia, V7X 1J1 at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

ADVICE TO BENEFICIAL MEMBERS

Only registered Members or duly appointed proxyholders are permitted to vote at the Meeting. Members who do not hold their shares in their own name (referred to herein as Beneficial Members) are advised that only proxies from Members of record can be recognized and voted at the Meeting. Beneficial Members who complete and return an instrument of proxy must indicate thereon the person (usually a brokerage house) who holds their shares as a registered Member. Every intermediary (broker) has its own mailing procedure, and provides its own return instructions, which should be carefully followed. The instrument of proxy supplied to Beneficial Members is identical to that provided to registered Members. However, its purpose is limited to instructing the registered Member how to vote on behalf of the Beneficial Member.

If common shares are listed in an account statement provided to a Member by a broker, then in almost all cases those shares will not be registered in such Member's name on the records of the Company. Such shares will more likely be registered under the name of the Member's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which company acts as nominee for many Canadian brokerage firms). Common shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Member. Without specific instructions, brokers/nominees are prohibited from voting shares for their clients. The directors and officers of the Company do not know for whose benefit the common shares registered in the name of CDS & Co. are held.

In accordance with National Instrument 54-101 of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the Proxy to the clearing agencies and intermediaries for onward distribution to Beneficial Members. Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Members in advance of Members' meetings unless the Beneficial Members have waived the right to receive Meeting materials. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Members in order to ensure that their common shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Member by its broker is identical to the form of proxy provided by the Company to the registered Members. However, its purpose is limited to instructing the registered Member how to vote on behalf of the Beneficial Member should a Beneficial Member receiving such a form wish to vote at the Meeting, the Beneficial Member should strike out the names of the Management Proxyholders named in the form and insert the non-registered Member's name in the blank space provided and return the proxy form to the intermediary/broker. The majority of brokers now delegate responsibility for obtaining instructions from clients to ADP Investor Communications (ADP). ADP typically applies a special sticker to the proxy forms, mails those forms to the Beneficial Members and asks Beneficial Members to return the proxy forms to ADP. ADP then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. **A Beneficial Member receiving a proxy with an ADP sticker on it cannot use that proxy to vote common shares directly at the Meeting - the proxy must be returned to ADP well in advance of the Meeting in order to have the common shares voted.**

All references to Members in this Information Circular and the accompanying form of Proxy and Notice of Meeting are to Members of record unless specifically stated otherwise.

SUCH SHARES WILL, ON A POLL, BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED, OR FOR WHICH BOTH CHOICES HAVE BEEN SPECIFIED, BY THE MEMBER.

The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. Directors and senior officers may, however, be interested in the general authorization granted to the Company's Board of Directors with respect to "Stock Options to Insiders" as detailed herein.

PARTICULARS OF MATTERS TO BE ACTED UPON

A.

Approval of 2003 Stock Option Plan

Pursuant to Policy 4.4 of the TSXV, implemented during August, 2002, all TSXV listed companies are required to adopt a stock option plan prior to granting incentive stock options. The Board of Directors of the Company has

established such a plan (the "2003 Plan"). The purpose of the 2003 Plan is to attract and motivate directors, officers, employees, consultants and others providing services to the Company and its subsidiaries, and thereby advance the Company's interests, by affording such persons with an opportunity to acquire an equity interest in the Company through the issuance of stock options. The Company is currently listed on Tier 1 of the TSXV and has adopted the 2003 Plan as a fixed number stock option plan.

The TSXV's Policy 4.4 and the terms of the 2003 Plan authorize the Board of Directors to grant stock options to optionees on the following terms:

1.

The maximum aggregate number of common shares to be reserved and authorized to be issued pursuant to options granted under the 2003 Plan will be **2,725,915** common shares or such greater number as may be approved from time to time by the Members of the Company.

2.

The number of shares subject to each option will be determined by the Board of Directors, provided that the aggregate number of shares reserved for issuance pursuant to options granted to:

(a)

Insiders during any 12 month period may not exceed 10% of the issued shares of the Company (unless disinterested shareholder approval has been obtained in accordance with the rules and policies of the TSXV);

(b)

any one individual during any 12 month period may not exceed 5% of the issued shares of the Company (unless the Company is a Tier 1 Issuer and disinterested shareholder approval has been obtained);

(c)

any one Consultant during any 12 month period may not exceed 2% of the issued shares of the Company;

(d)

any one Person employed to provide investor relations activities during any 12 month period may not exceed 2% of the issued shares of the Company;

in each case calculated as at the date of grant of the option, including all other shares under option to such Person at that time.

- 12 -

3.

The exercise price of an option may not be set at less than the minimum price permitted by the TSXV or, if applicable, the senior stock exchange on which the common shares of the Company are listed.

4.

Options may be granted with an exercise period of up to 10 years if the Company is listed on Tier 1 of the TSXV or a more senior stock exchange. Options may be exercisable for a period of up to five years from the date of grant if the Company is listed on Tier 2 of the TSXV.

5.

The options are non-assignable and non-transferable. The options can only be exercised by the optionee as long as the optionee remains an eligible optionee pursuant to the 2003 Plan or within a period of not more than 90 days after ceasing to be an eligible optionee (30 days in the case of a Person engaged in investor relations activities) or, if the optionee dies, within one year from the date of the optionee's death.

6.

On the occurrence of a takeover bid, issuer bid or going private transaction, the Board of Directors will have the right to accelerate the date on which any option becomes exercisable.

A copy of the 2003 Plan (see Schedule A) is attached to and incorporated by reference into this Information Circular.

The 2003 Plan is subject to TSXV acceptance and shareholder approval. Thereafter, notice of options granted under the 2003 Plan must be given to the TSXV. Any amendments to the 2003 Plan must also be approved by the TSXV and, if necessary, by the Members of the Company prior to becoming effective.

Accordingly, Members will be asked to pass an ordinary resolution, in substantially the following form to approve the 2003 Plan:

RESOLVED that the Company's 2003 Plan as described in and attached to the Company's Information Circular dated January 15, 2003, subject to any modifications required by applicable stock exchanges or regulatory authorities, be approved and the grant and issuance of incentive stock options thereunder to purchase up to a maximum of 2,725,915 common shares of the Company, in accordance with the terms of the 2003 Plan and within the rules and policies of applicable stock exchanges or regulatory authorities in effect at the time of granting, be approved.

Upon approval of the 2003 Plan, all **2,099,500** presently outstanding incentive stock options will come under and be governed by the terms and conditions of the 2003 Plan except that, in the case of any inconsistency between the 2003 Plan and the terms and provisions of the agreements relating to such outstanding option, the terms and conditions of the existing agreements will prevail.

B.

Advance Shareholder Approval to the Issuance of a Number of Shares by Private Placement that Exceeds 25% of the Company's Issued Share Capital

Under the rules of certain stock exchanges, the aggregate number of shares of a listed company which are issued or made subject to issuance (i.e. issuable under a share purchase warrant or option or other convertible security) by way of one or more private placement transactions during any particular six-month period must not exceed 25% of the number of shares outstanding (on a non-diluted basis) prior to giving effect to such transactions (the 25% Rule), unless there has been shareholder approval of such transaction.

Should the Company become subject to the 25% Rule, it may restrict the availability to the Company of funds which it may wish to raise in the future by private placement of its securities.

In particular, management of the Company considers it to be in the best interests of the Company to solicit private placement funds for working capital, exploration and development expenditures. Certain stock exchanges have a working practice to accept advance approval by shareholders in anticipation of private placements that may exceed the 25% Rule, provided such private placements are completed within 12 months of the date such advance shareholder approval is given.

During the next 12 month period, the Company wishes to have the flexibility, if required, to conduct one or more private placements in a six month period which could result in an aggregate of up to 13,629,578 common shares being issued or issuable, representing an aggregate of up to 50% of the Company's issued and outstanding common shares as at January 7, 2003 (being 27,259,157 common shares).

Any private placement proceeded with by the Company under the advance approval being sought at the Meeting will be subject to the following additional restrictions:

(1)

it must be substantially with parties at arm's length to the Company;

(2)

it cannot materially affect control of the Company;

(3)

it must be completed within a twelve month period following the date the advance shareholder approval is given; and

(4)

it must comply with the private placement pricing rules of the senior exchange on which the Company's common shares are listed which currently require that the issue price per common share must not be lower than the closing market price of the common shares on the trading day prior to the date notice of the private placement is given to the exchange (the Market Price) less the applicable discount, as follows:

<i>Market Price</i>	<i>Maximum Discount</i>
\$0.50 or less	25%
\$0.51 to \$2.00	20%
Above \$2.00	15%

(For these purposes, a private placement of unlisted convertible securities is deemed to be a private placement of the underlying listed securities at an issue price equal to the lowest possible price at which the securities are convertible by the holders thereof).

In any event, the stock exchanges on which a company's shares are listed generally retain the discretion to decide whether or not a particular private placement is substantially at arm's length or will materially affect control, in which case specific shareholder approval may be required.

In order that the Company may have the option of entering into one or more private placements in a six month period falling within the next 12 months that will result in it issuing and/or make issuable such number of its common shares, taking into account any shares that may be issued upon exercise of

- 14 -

any warrants, options or other rights granted in connection with the private placements, as will exceed the 25% Rule, the Company requests its Members to pass an ordinary resolution in the following terms:

RESOLVED that the issuance by the Company in one or more private placements during a six month period falling within the twelve month period commencing February 11, 2003 of such number of securities as would result in the Company issuing or making issuable in such six month period a number of common shares aggregating up to 50% of the number of issued and outstanding common shares as at January 7, 2003 is hereby approved.

The directors of the Company believe the passing of the ordinary resolution is in the best interests of the Company and recommend that Members vote FOR the resolution. In the event the resolution is not passed, the Company may be unable to complete any private placements that result in the issuance or possible issuance of a number of shares which exceed the 25% Rule without specific shareholder approval. Such restriction could impede the Company's timely access to required funds.

ANY OTHER MATTERS

Management of the Company knows of no matters to come before the Meeting other than those referred to in the Notice of Meeting accompanying this Information Circular. However, if any other matters properly come before the Meeting, it is the intention of the persons named in the form of proxy accompanying this Information Circular to vote the same in accordance with their best judgment of such matters.

DRILLING HAS COMMENCED ON THE ELANDSFONTEIN PROPERTY

WESTERN BUSHVELD SOUTH AFRICA

Platinum Group Metals Ltd. (PTM: TSX-V) is pleased to announce the commencement of drilling on the Elandsfontein property immediately adjoining Anglo Platinum's Bafokeng Rasimone mine. Initial drilling is targeted on the projected extension of the UG2 reef, which was earlier mined up to the property boundary by Anglo American Platinum. The PTM drill program will consist of several lines of short drill holes ranging from 10 to 50 meters in depth. The objective of the program is to outline a near-surface open pit resource. The program will consist of up to 35 holes totaling approximately 1,050 metres. Further drilling is planned to target UG2 and Merensky reef potential at depth. The projected strike length of the favorable stratigraphy on the property is approximately 1,200 metres.

PTM has an option agreement to purchase 100% of the mineral rights of portions of Elandsfontein under terms announced December 16, 2002.

The Company also announces the successful acquisition of an option to purchase a 50% interest in two portions of Onderstepoort 98JQ property (131 hectares) and 100% of one portion of 64 hectares for total consideration of 3,562,000 Rand (approximately C\$669,300) payable over three years. Prospecting fees of R62,000 (~C\$11,700) are due over the three years of the agreement. The property interest may be purchased by the Company at any time within three years for 1 million Rand (~C\$188,000) plus a second payment of 2.5 million Rand (~C\$470,000) due two years after the exercise of the purchase right by the Company. Onderstepoort is located 4 km northwest of Elandsfontein.

PTM now holds options to purchase mineral rights on 3 properties, Elandsfontein, Onderstepoort, and Ledig in the Western Bushveld Complex area totaling 1914 hectares (1422 ha Ledig, 297 ha Elandsfontein, 195ha Onderstepoort).

The Company also reports that a planned \$500,000 private placement announced on December 23, 2002, and set to close on January 15, 2003, did not close and has now been cancelled. The placement was to be taken by Africa Wide Investment Holdings Pty Ltd., pending financing and banking approvals for the placement. PTM was unable to hold the window of participation open beyond January 15, 2003 deadline.

PTM is based in Vancouver BC, Canada and has active exploration programs in Canada and South Africa. PTM is a significant mineral rights holder in the northern Bushveld and is planning to continue its acquisition of mineral rights in South Africa and the Bushveld Complex. The Company is the largest mineral rights holders in the area surrounding Canada's only PGE mine near Thunder Bay, Ontario and has an active drilling joint venture with Anglo Platinum near Sudbury, Ontario.
