CYIOS CORPORATION. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2006
(Unaudited)

NOTE 1 - ORGANIZATION, OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION AND BUSINESS

The consolidated financial statements of CYIOS Corporation, includes its subsidiary by the same name CYIOS Corporation, in addition to CKO, Inc. and WorldTeq Corporation. The Company, through its subsidiary CYIOS Corporation does business as a leading systems integrator and Knowledge Management Solutions provider supporting the United States Army. The company contracts its services for single and multiple year awards to different US Army and US Government agencies. CKO Incorporated owns a custom designed online office management tool called eExecutive Officer's Office (www.xooffice.com).

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

CASH EQUIVALENTS

All highly liquid investments purchased with an original maturity of three months or less are considered to be cash equivalents.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial instruments, including cash, receivables and other current assets, are carried at amounts that approximate fair value. Accounts payable, loans and notes payable and other liabilities are carried at amounts that approximate fair value.

PROPERTY AND EQUIPMENT

The Company provides for depreciation of equipment using accelerated and straight-line methods based on estimated useful lives of five years.

CONTRACTS

CYIOS Corporation has contracts extending out until 2010. All contracts are with the DoD and are in good standing. CYIOS Corporation certifies that it is not on the Debarred/Suspended Contractors List. This has been verified by checking the GAO, Excluded Parties List system <http://epls.arnet.gov> and www.pogo.org (Project on Government Oversight). DoD and government contracts are the primary method to bring revenue into the company.

GOODWILL

Goodwill is amortized over the lesser of the useful life of the related assets or ten years.

LONG-LIVED ASSETS

The Company reviews its long-lived assets for impairment whenever changes in circumstances indicate that the carrying amount of an asset may not be recoverable. For purposes of evaluating the recoverability of long-lived assets, the recoverability test is performed using undiscounted net cash flows estimated to be generated by the asset.

REVENUE RECOGNITION

The Company recognizes revenue from government contracts and sales from our product eExecutive Officer's Office.

NET LOSS PER SHARE OF COMMON STOCK

Net loss per share of common stock is based on the weighted average number of shares of common stock outstanding. Common stock equivalents are not included in the weighted average calculation since their effect would be anti-dilutive.

BASIS OF PRESENTATION

The interim financial statements and summarized notes included herein were prepared in accordance with accounting principals generally accepted in the United States of America for interim financial information, pursuant to rules and regulations of the Securities and Exchange Commission. Because certain information and notes normally included in complete financial statements prepared in accordance with accounting principals generally accepted in the United States of America were condensed or omitted pursuant to such rules and regulations, it is suggested that these financial statements be read in conjunction with the Consolidated Financial Statements and the Notes thereto, included in CYIOS Corporations 10KSB filed April 12, 2006. These interim financial statements and notes hereto reflect all adjustments that are, in the opinion of management, necessary for a fair statement of results for the interim periods presented. Such financial results should not be construed as necessarily indicative of future results.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion and analysis of the financial condition and results of operations should be read in conjunction with the financial statements, related notes, and other detailed information included elsewhere in this Form 10QSB. Certain information contained below and elsewhere in this Form 10QSB, including information regarding our plans and strategy for our business, are forward-looking statements. See "Note Regarding Forward-Looking Statements."

OVERVIEW

CYIOS Corporation operates three subsidiaries. The first two, CYIOS Corporation and CKO Incorporated, are the two vehicles the company will be operating its business in, going forward after its merger on September 19, 2005. Through our subsidiary CYIOS Corporation, we provide systems integration and knowledge management solutions to the United States Army, Department of Defense (DoD), and other prospective U.S. Government agencies. As a leading defense contractor we offer service and products that reduce the time frame for achieving mission-critical goals by delivering the right information, in the right context, when employees need it. Our subsidiary CKO Incorporated owns and has developed eExecutive Officer's Office, an online office management tool that has been

Edgar Filing: CYIOS CORP - Form 10QSB

modeled after AKO (Army Knowledge Online), which CYIOS Corporation originally developed. Our niche and advantage is that this model is being adopted by other DoD forces and the executive and judicial branches are looking to use the model as well. We positioned our product eXecutive Officer's Office to work in conjunction with the AKO model so we can expand and grow using our software and in turn get service contracts as well.

RECENT DEVELOPMENTS

DHS has recently announced that they will award contracts in August 2006 to small businesses. The large businesses have been awarded. We have developed a bid and proposal team to continue to respond to DoD and Government RFPs. Currently, our goal has been two proposals a month and we have met this goal since 2QTR 2006.

FINANCIAL CONDITION

We currently have limited financial resources but the company is able to support its 25+ member staff in addition to its investment in operations and products, like the development of eExecutive Officer's Office. Most of the cost incurred is for the bids and proposals team. The bids and proposals team is necessary for growth and is foreseen to not be a burden after an awarded contract or two in the near future.

NOTE: A - from Consolidated Condensed Balance Sheet

Subsidiary company WorldTeq Corporation has the Liabilities in Accounts Payable of \$370,347.78 and Taxes Payable of \$53,177.07. WorldTeq Corporation is a subsidiary that was inherited as part of the merger in September 2005. This debt is static not recurring or growing.

RESULTS OF OPERATIONS

Total sales for the second quarter 2006 were \$375,995 as compared to \$95,228 for the quarter ended June 30, 2005. This sales increase is due to the merger that took place during the third quarter 2005.

Our net loss for the quarter ending June 30, 2006 was \$131,568 or less than \$.01 per share, as compared to \$486.00 for the same period in 2005. This loss is due to our investment in bid and proposal development and it is expected to decrease in the short term future if we continue to win our bids. Currently, we won a contract and will start to recognize additional revenue.

Cost of sales for the second quarter of 2006 was \$112,494 as compared to \$25,963 for the same quarter in 2005. This increase was primarily attributable to additional COGS in CYIOS Corporation's business. In addition, eExecutive Officer's Office is an expense that has not recouped its costs and our profits from services are maintaining the development and sales of the product. eExecutive Officer's Office is a show case of our performance and capabilities when working toward selling services.

NOTE: B - from Consolidated Statement of Operations

Starting July 1, 2006, Cost of sales has been reduced, as we've put some of our overhead on billable contracts.

General expenses for the second quarter of 2006 were \$391,522 as compared to \$63,951 for the same quarter in 2005. Currently we are positioned to take new contracts without any major increase in COGS mainly being additional overhead staff to support contracts.

LIQUIDITY AND CAPITAL RESOURCES

Net cash used in operating activities for the period ended June 30, 2006 and Year End 2005 was (\$371,184) and (\$121,232) respectively. This comparison is different due to the merger 3QTR 2005.

The Company at June 30, 2006 and Year End 2005 had total assets of approximately \$192,959 and \$756,306 respectively. The reduction was due to a receivable of \$525,000 that was not collected.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements with any party.

Critical Accounting Estimates

There have been no material changes in our critical accounting policies or critical accounting estimates since 2000 nor have we adopted an accounting policy that has or will have a material impact on our consolidated financial statements.
