PART I

Acquisition of Assets

On April 2, 2004, Multiband Corporation (the Company), f/k/a Vicom, Incorporated, completed its acquisition of Minnesota Digital Universe, Inc. (MDU) for approximately 7.7 million dollars, half of which was paid for in Multiband Corporation common stock, valued at \$1.75 per share, (\$3,850,000), \$1.1 million paid in cash and the balance in promissory notes due by January 2005. The consideration paid was based on the Company's analysis of likely future net incomes to be generated over a six year period by the acquired company. The cash was provided by funds the company had previously raised in a private placement. The assets were acquired from Pace Electronics. Prior to the

Edgar Filing: MULTIBAND CORP - Form 8-K/A

transaction, there was no material relationship between the owners of MDU and the Company other than the fact that Pace Electronics previously owned a 50% interest in a company subsidiary, Multiband USA, Inc., which Vicom repurchased the remaining 50% of ownership from Pace Electronics in January 2004 for 30,000 shares of the Company's common stock valued at \$39,000.

With this acquisition, the Company became a nationwide agent for DirecTV. MDU services nearly 40,000 video subscribers through a network of private cable operators located throughout the United States. The purchase also permits the Company to receive ongoing residual payments from DirecTV, during the term of the master system operator agreement with DirecTV, which initially had approximately 25 months remaining at the time of purchase. Any required proforma information with regards this transaction will be filed as soon as available.

In accordance with Securities Exchange Commission Staff Accounting Bulletin No. 101, "Revenue Recognition", the Company has estimated the potential charge back of commissions received on activation fees during the past 12 months based on historical percentages of customer cancellations and has included that amount as a reduction of revenue.

Residual income is earned as services are provided by DirecTV through the system operators. As a commissioned sales agent for DirecTV, the Company earns a fixed percentage based on net cash received from DirecTV.

MANAGEMENT'S USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(2) SIGNIFICANT RELATIONSHIP

The Company is a master agent for DirecTV pursuant to a system operator agreement with DirecTV dated May 22, 2003. The initial term of the agreement is for three years and provides for two additional two-year renewals if the Company has a minimum number of paying video subscribers in its system operator network. Termination of the Company's DirecTV agreement would have a material adverse impact on the Company's on-going operations.

MULTIBAND CORPORATION
 UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION
 MAY 31, 2004

1) DESCRIPTION OF THE TRANSACTION

On April 2, 2004, Multiband Corporation (f/k/a Vicom, Incorporated (the Company) completed its acquisition of Minnesota Digital Universe, Inc. (MDU) for approximately 7.7 million dollars, half of which was paid for in Multiband Corporation common stock, valued at \$1.75 per share, \$1.1 million paid in cash and the balance in promissory notes due by January 2005. Promissory notes bear no interest and are to be paid in three installments, the final one to be January 2, 2005. The consideration paid was based on the Company's analysis of likely future net incomes to be generated over a six year period by the acquired company. The cash was provided by funds the Company had previously raised in a private placement. The assets were acquired from Pace Electronics. Prior to the transaction, there was no material relationship between the owners of MDU and the Company other than the fact that Pace Electronics previously owned a 50% interest in a Company subsidiary, Multiband USA, Inc., which interest the Company repurchased from Pace Electronics in January 2004 for 30,000 shares of the Company's common stock valued at \$39,000.

With this acquisition, the Company became a nationwide agent for DirectTV. MDU services nearly 40,000 video subscribers through a network of private cable operators located throughout the United States. The purchase also permits the Company to receive ongoing residual payments from DirectTV, during the term of the master system operator agreement with DirectTV, which initially had approximately 25 months remaining at the time of purchase.

Summary of the purchase transaction is as follows:

	PURCHASE PRICE	FINDER'S FEE	TOTAL
	-----	-----	-----
Cash	1,000,000	100,000	1,100,000
Notes Payable	2,500,000	250,000	2,750,000
Vicom Common Stock	3,500,000	350,000	3,850,000
	-----	-----	-----
Total contract	7,000,000	700,000	7,700,000
	=====	=====	=====

2) DESCRIPTION OF PRO FORMA ADJUSTMENTS

(A) The carrying value assigned to the DirectTV contract (\$9,551,831) intangible assets, net is based on the purchase price over the amounts assigned to the identifiable assets acquired and liabilities assumed. The allocation of the purchase price is as follows:

Total cash / stock consideration	\$	7,000,000
Add: transaction costs		730,000
Add: liabilities assumed		1,912,153

Total consideration	\$	9,642,153
Less: Net tangible assets acquired (**)		90,322
Less: Goodwill		0

Edgar Filing: MULTIBAND CORP - Form 8-K/A

Intangible assets, net \$ 9,551,831
=====

** Total net tangible assets acquired include cash and video subscriber rights. The allocation to cash and video subscriber rights based on fair value is \$30,270 and \$60,052, respectively. The adjustment to cash of \$1,069,730 is the net adjustment for the cash received as part of the assets purchased \$30,720, and the cash paid at closing of \$1,100,000.

(B) The other accrued expenses adjustment represents the accrued estimated transaction costs to be incurred as a result of the purchase agreement. The costs include a 10% finders fee payable in cash, Multiband Corporation stock and short term notes payable as well as \$30,000 for the Company's legal, accounting, printing and similar expenses.

(C) Adjustments related to assets not acquired and liabilities not assumed as part of the transaction.

(D) Amortization expense of \$397,993 included in Seller's General and Administrative is based on the estimated useful life of the intangibles purchased from DirecTV of six years. Interest expense of \$41,250 has been adjusted for the short term notes payable to the former shareholders at an imputed interest rate of 6%.

21

(E) With the purchase of MDU, the Company has entered into an operating agreement with Pace Electronics to provide management and operation of MDU. This agreement calls for a monthly management fee equal to 7.9% of MDU's preceding month's revenues not to be less than \$50,000 per month. No adjustment has been made in the pro forma income statement for the impact of this agreement as it is deemed to be comparable to the existing selling, general and administrative expenses incurred by MDU.
