AMERICAN REALTY CAPITAL TRUST, INC.
SUPPLEMENT NO. 13 DATED September 3, 2009
TO THE PROSPECTUS DATED March 18, 2008

This prospectus supplement (this “Supplement No. 13”) is part of the prospectus of American Realty Capital Trust, Inc. (the “REIT” or the “Company”), dated March 18, 2008 (the “Prospectus”) and Supplement No. 12, dated August 27, 2009 (“Supplement No. 12”) and should be read in conjunction with the Prospectus and Supplement No. 12. This Supplement No. 13 supplements, modifies or supersedes certain information contained in our Prospectus and Supplement No. 12 and must be read in conjunction with our Prospectus and Supplement No. 12. This Supplement No. 13 will be delivered with the Prospectus.

The purpose of this Supplement No. 13 is to disclose potential acquisitions of the REIT.

Potential Property Investments

The following information is to replace the section in our Prospectus captioned “Potential Property Investments” on page 90 of the Prospectus.

The acquisition of each such property is subject to a number of conditions. A significant condition to acquiring any one of these potential acquisitions is our ability to raise sufficient proceeds in this offering to pay a portion of the purchase price. An additional condition to acquiring these properties will be our securing debt financing to pay the balance of the purchase price. Such financing may not be available on acceptable terms or at all.

Our evaluation of a property as a potential acquisition, including the appropriate purchase price, will include our consideration of a property condition report; unit-level store performance; property location, visibility and access; age of the property, physical condition and curb appeal; neighboring property uses; local market conditions, including vacancy rates; area demographics, including trade area population and average household income; neighborhood growth patterns and economic conditions; and the presence of demand generators.

We will decide whether to acquire properties generally based upon:

- satisfaction of the conditions to the acquisitions contained in the respective contracts;
- no material adverse change occurring relating to the properties, the tenants or in the local economic conditions;
- our receipt of sufficient net proceeds from the offering of our common stock to the public and financing proceeds to make these acquisitions; and
- our receipt of satisfactory due diligence information including appraisals, environmental reports and tenant and lease information.

Our advisor has identified the properties described below as potential suitable investments for us. The acquisition of the properties is subject to a number of conditions. A significant condition to acquiring the potential acquisition is our ability to raise sufficient proceeds in this offering to pay all or a portion of the purchase price.
