Item 2.02. Results of Operations and Financial Condition

On July 21, 2010, Cohen & Steers, Inc. (the “Company”) issued a press release regarding the Company’s earnings and business for the quarter ended June 30, 2010. A copy of the press release issued by the Company is attached as Exhibit 99.1. All information in the press release is furnished, but not filed.

In the attached press release, the Company discloses (i) earnings per share attributable to common shareholders for the three and six months ended June 30, 2010, each adjusted to exclude a gain on the sale of previously impaired securities, and (ii) earnings per share attributable to common shareholders for the three and six months ended June 30, 2009, each adjusted to exclude the effect of other-than-temporary impairment charges recorded on the Company’s available-for-sale securities.

The Company’s management believes that because the aforementioned charges relate to non-core elements of its business, the disclosed non-GAAP earnings per share information enhances understanding of the Company’s operating performance.

A reconciliation of these non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are included in the press release. While the Company’s management believes that this non-GAAP financial information is useful in evaluating the Company’s operations, this information should be considered as supplemental in nature and not as a substitute for the related financial information prepared in accordance with GAAP.

Item 9.01. Financial Statements and Exhibits
