Securities registered pursuant to Section 12(b) of the Act:

Title of Each Class	Name of Each Exchange on Which Registered
Common Stock \$0.001 Par Value	NASDAQ Capital Market

Securities registered pursuant to Section 12(g) of the Act: None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes  No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes  No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes  No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained herein, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer <input type="checkbox"/>	Accelerated filer <input checked="" type="checkbox"/>
Non-accelerated filer <input type="checkbox"/>	Smaller reporting company <input type="checkbox"/>

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes  No

As of December 31, 2010, the last business day of the registrant's most recently completed second fiscal quarter, the aggregate market value of the voting stock held by non-affiliates of the registrant was approximately \$162.8 million based on a closing price of \$11.97 per share of common stock as reported on such date.

The registrant had a total of 21,090,948 shares of common stock outstanding as of September 6, 2011.

---

#### EXPLANATORY NOTE

The purpose of this amendment on Form 10-K/A (the “Amendment”) to the registrant’s Annual Report on Form 10-K for the fiscal year ended June 30, 2011, filed with the Securities and Exchange Commission on September 13, 2011 (the “Form 10-K”), is solely to furnish a revised report by Friedman LLP, the registrant’s independent registered public accounting firm (“Friedman”), with respect to the registrant’s financial statements as of and for the fiscal year ended June 30, 2011, and the registrant’s internal control over financial reporting as of June 30, 2011. Friedman’s original report contains a typographical error in its second-to-last paragraph, located on page F-2 of the Form 10-K, with respect to the financial statement year audited by Friedman. Friedman’s revised report corrects such error by replacing “2010” with “2011.”

As required by Rule 12b-15 of the Securities Exchange Act of 1934, as amended, this Amendment contains new certifications by the registrant’s principal executive officer and principal financial and accounting officer, filed as exhibits hereto. The “Exhibit Index” under Part IV, Item 15, has been updated accordingly.

Except for the inclusion of the information described above (including the exhibits filed herewith), this Amendment is not intended to revise any other information presented in the Form 10-K. No other changes have been made to the Form 10-K, which continues to speak as of its original filing date, does not reflect events that may have occurred subsequent to the original filing date and does not modify or update in any way disclosure made in the Form 10-K. Accordingly, this Amendment should be read in conjunction with the registrant’s other filings made with the Securities and Exchange Commission subsequent to the filing of the Form 10-K, including any amendments to such filings. The filing of this Amendment shall not be deemed to be an admission that the Form 10-K, when made, included any untrue statement of a material fact or omitted to state a material fact necessary to make a statement not misleading.

PART II

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders  
SinoCoking Coal and Coke Industries, Inc.

We have audited the accompanying consolidated balance sheet of SinoCoking Coal and Coke Chemical Industries, Inc. as of June 30, 2011, and the related consolidated statements of income and comprehensive income, equity, and cash flows for the year then ended. We also have audited SinoCoking Coal and Coke Chemical Industries, Inc.'s internal control over financial reporting as of June 30, 2011, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). SinoCoking Coal and Coke Chemical Industries, Inc.'s management is responsible for these consolidated financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on these consolidated financial statements and an opinion on the company's internal control over financial reporting based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audit of the consolidated financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. The following material weaknesses have been identified and included in management's assessment as of June 30, 2011:

- a) Inadequate U.S. GAAP expertise - The current staff in the accounting department is inexperienced in applying United States generally accepted accounting principles ("U.S. GAAP") standards and they were primarily engaged in ensuring compliance with PRC accounting and reporting requirements for our operating subsidiaries. The staff needs substantial training to meet the higher demands of being a U.S. public company. The current staff's accounting skills and their understanding as to how to fulfill the requirements of U.S. GAAP-based reporting, including their skills related to subsidiary financial statements consolidation, is inadequate.
-

- b) Inadequate internal audit resources - The Company lacks qualified resources to perform the internal audit functions properly. In addition, the scope and effectiveness of the Company's internal audit function are yet to be developed. The Company was not able to hire sufficient internal audit resources to perform the internal audit functions properly.
- c) Inadequate control on corporate governance - During this fiscal year, the Company conducted several material amount investment activities, such as lending a short-term loan to an unrelated party, acquiring a coal mine company, investing to a local commercial bank, and setting up a joint venture, without proper preapproval process in accordance with the internal control policy over investments.
- d) Lack of internal control documentations - The Company has set up internal control policies over all major business cycles, however, due to lack of internal audit function and employee trainings, those internal control policies were not completely implement at the operation level. Some material amount cash disbursement transactions, such as construction prepayments, raw material purchases, and investment payments, were orally approved without written approval documentations.

- e) Inadequate Segregation Duties - The Company has an inadequate number of personnel to properly implement control procedures.
- f) Lack of internal control over maintaining accounting records - Some external shipping documents were not kept in place due to inadequate management control over maintaining accounting records. The Company was not able to obtain the extra copies from the external carriers; this significant deficiency delayed our monthly closing process.
- g) Lack of timely internal communications - Due to the lack of timely internal communication and approval process, the information and documents of certain material amount transactions were not delivered to the accounting department timely and resulted in delaying on the monthly and annual closing process.

These material weaknesses were considered in determining the nature, timing and extent of audit tests applied in our audit of the 2011 consolidated financial statements, and our opinion regarding the effectiveness of the Company's internal control over financial reporting does not affect our opinion on those consolidated financial statements.

In our opinion, because of the effect of the material weaknesses described above on the achievement of the objectives of the control criteria, SinoCoking Coal and Coke Industries, Inc. has not maintained effective internal control over financial reporting as of June 30, 2011, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Also in our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of SinoCoking Coal and Coke Industries, Inc. as of June 30, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.
