Proxy Statement

Introduction

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of CUI Global, Inc. (the "Company") for use at the Annual Meeting of Stockholders to be held on Thursday, November 15, 2012, at 9:00 a.m. PT in our corporate offices located at 20050 SW 112th Avenue, Tualatin, Oregon 97062 and for any postponements or adjournments thereof. Please vote your shares of CUI Global, Inc. common stock and preferred stock. Your vote at the Annual Meeting is important to us. Whether or not you plan to attend the Annual Meeting, we encourage you to read this proxy statement and submit your proxy or voting instructions as soon as possible. For specific instructions on how to vote your shares, please refer to the instructions on the Notice of Internet Availability of Proxy Materials (the "Notice") you received in the mail, the section entitled General Information about the Annual Meeting beginning below in this proxy statement or, if you requested to receive printed proxy materials, your enclosed proxy card. The Proxy Statement and the accompanying materials are being made available to the stockholders on or about September 30, 2012.

General Information about the Annual Meeting

Q: Why am I receiving these materials?

A: Our Board of Directors has made these materials available to you on the internet or, upon your request, delivered printed proxy materials to you, in connection with the solicitation of proxies for use at the CUI Global Annual Meeting of Stockholders, which will take place on Thursday, November 15, 2012, at 9:00 a.m. PT in our corporate offices located at 20050 SW 112th Avenue, Tualatin, Oregon 97062. As a stockholder, you are invited to attend the Annual Meeting and you are requested to vote on the item(s) of business described in this proxy statement.

Q: What information is contained in this proxy statement?

A: The information in this proxy statement relates to the proposal(s) to be voted on at the Annual Meeting, the voting process, the compensation award process of our directors and most highly paid executive officers, corporate governance and information on our Board of Directors and certain other required information.

Q: Why did I receive a notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with rules adopted by the Securities and Exchange Commission (the “SEC”), we may furnish proxy materials, including this proxy statement and our 2011 Annual Report on Form 10-K, to our stockholders by providing access to such documents on the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our stockholders, will instruct you as to how you may access and review all of the proxy materials on the internet. The Notice also instructs you as to how you may submit your proxy on the internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions in the Notice for requesting such materials.

Q: I share an address with another stockholder and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called “householding” which the SEC has approved. Under this procedure, we deliver a single copy of the Notice and, if applicable, the proxy materials and the 2011 Annual Report to Stockholders to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces environmental impact as well as our printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written request, we will deliver promptly a separate copy of the Notice and, if applicable, the proxy materials and the Annual Report to Stockholders to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the Notice and, if applicable, these proxy materials or the Annual Report to Stockholders, stockholders may telephone, write or email us as follows: (503) 612-2300; 20050 SW 112th Avenue, Tualatin, Oregon 97062; investors@CUIGlobal.com.

Stockholders who hold shares in street name (as described below) may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

Q: How do I get electronic access to the proxy materials?

A: The Notice will provide you with instructions regarding how to:

- View our proxy materials for the Annual Meeting on our internet website, www.CUIGlobal.com and
- Instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact on the environment of printing and mailing these materials. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Q: Is the Annual Meeting going to be webcast?

A: For your convenience, we are pleased to offer a live webcast of our Annual Meeting on the Investor Relations section of our web site at www.CUIGlobal.com.

Q: Can I participate in the question-and-answer portion of the Annual Meeting without attending the Annual Meeting?

A: No. The live webcast will be only visual and audio; there will be no opportunity to participate in the question-and-answer portion of the Annual Meeting unless you are present at the meeting.

Q: What items of business will be voted on at the 2012 Annual Meeting?

A: The items of business scheduled to be voted on at the Annual Meeting are:

The election of three directors to hold office for two years or until the 2014 Annual Meeting of Stockholders or until their respective successors have been duly elected and qualified;

Ratification of the appointment of Webb & Company, P.A. as the Company's Independent Auditor for the year ending December 31, 2013:

We will also consider any other business that properly comes before the 2012 Annual Meeting.

Q: How can I vote my shares in person at the Annual Meeting?

A: Shares held in your name as the stockholder of record may be voted by you in person at the Annual Meeting. Shares held beneficially in street name may be voted by you in person at the Annual Meeting only if you obtain a legal proxy from the broker, bank, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described herein so that your vote will be counted if you later decide not to attend the meeting.

Q: How shall I sign my name on the proxy card?

A: The following general rules for signing proxy cards may be of assistance to you and avoid the time and expense to CUI Global in validating your vote if you fail to sign your proxy card properly.

Individual Accounts: Sign your name exactly as it appears in the registration on the proxy card.

Joint Accounts: Either party may sign, but the name of the party signing should conform exactly to a name shown in the registration on the proxy card.

All Other Accounts: The capacity of the individual signing the proxy card should be indicated unless it is reflected in the form of registration.

Q: How can I vote my shares without attending the Annual Meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the internet by following the instructions provided in the Notice or, if you requested to receive printed proxy materials, you can also vote by mail or telephone pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may also vote by proxy over the internet by following the instructions provided in the Notice or, if you requested to receive printed proxy materials, you can also vote by telephone or mail by following the voting instruction card provided to you by your broker, bank, trustee or nominee.

Q: May I change my vote?

A: You may change your vote at any time prior to the taking of the vote at the Annual Meeting. If you are the stockholder of record, you may change your vote by: (1) granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), (2) providing a written notice of revocation to CUI Global's Corporate Secretary at CUI Global Inc., 20050 SW 112th Avenue, Tualatin, Oregon 97062 prior to your shares being voted or (3) attending the Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank, trustee or nominee following the instructions they provided or, if you have obtained a legal proxy from your broker, bank, trustee or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within CUI Global or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the votes and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide on their proxy card written comments, which are then forwarded to CUI Global management.

Q: How many shares must be present or represented to conduct business at the Annual Meeting?

A: The presence at the Annual Meeting, in person or by proxy, of the holders of one third of the aggregate voting power of the Common and Preferred Stock outstanding on the record date will constitute a quorum. Each share of common stock and each share of Series A Convertible Preferred Stock is entitled to one vote. As of the Record Date for this Annual Meeting, 10,834,632 shares of common stock and no shares of Series A, Series B and Series C Convertible Preferred Stock were outstanding and entitled to vote at the Annual Meeting. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum. Unless otherwise indicated, all references herein to percentages of outstanding shares of stock are based on such numbers of shares outstanding. Shares entitled to vote are referred to hereafter as "Voting Shares".

Q: What shares can I vote?

A: Each share of CUI Global common stock issued and outstanding as of the close of business on the Record Date for the Annual Meeting is entitled to be voted on all items being voted on at the Annual Meeting. You may vote all shares owned by you as of the Record Date, including: (1) shares held directly in your name as the stockholder of record and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee or other nominee. As of the Record Date, we had 10,834,632 shares of common stock and no shares of preferred stock issued and outstanding.

Q: How many votes am I entitled to per share?

A: Each holder of shares of common stock is entitled to one vote for each share held as of the Record Date.

Q: How may I vote?

A: Regarding the election of directors, you may vote "FOR" all or some of the nominees or your vote may be "WITHHELD" with respect to one or more of the nominees.

Regarding the ratification of the appointment of Webb & Company, P.A. as the Company's Independent Auditor for the year ending December 31, 2013, you may vote "FOR" or "AGAINST" or "ABSTAIN" from voting on this proposal.

Q: What vote is required to approve each item?

A: Election of Directors

The affirmative vote (FOR) of a simple majority of the votes cast at the Annual Meeting is required for the election of each director and ratification of the Webb & Company appointment. A properly executed proxy marked "Withhold"

with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Voting Shares represented by properly executed proxies for which no instruction is given will be voted "FOR" election of the nominee for director and Webb & Company appointment.

Q: Is cumulative voting permitted for the election of directors?

A: No. You may not cumulate your votes for the election of directors.

Q: What is cumulative voting?

A: A system of voting in which each voter is given as many votes as there are positions to be filled and allowed to cast those votes for one candidate or distribute them in any way among the candidates.

Q: What happens if additional matters are presented at the Annual Meeting?

A: Other than the proposed election of three directors and the appointment of Webb & Company, P.A. as the Company's Independent Auditor for the year ending December 31, 2013 as described in this proxy statement, we are not aware of any other business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Many CUI Global stockholders hold their shares as a beneficial owner through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the *stockholder of record*, and the Notice was sent directly to you by CUI Global. As the *stockholder of record*, you have the right to grant your voting proxy directly to CUI Global or to vote in person at the Special Meeting. If you requested to receive printed proxy materials, CUI Global has enclosed or sent a proxy card for you to use. You may also vote on the internet or by telephone, as described in the Notice and below under the heading "How can I vote my shares without attending the Special Meeting?"

Beneficial Owner

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust or other similar organization, like the majority of our stockholders, you are considered the *beneficial owner* of shares held *in street name*, and the Notice was forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee or nominee how to vote your shares and you are also invited to attend the Special Meeting.

Since a beneficial owner is not the *stockholder of record*, you may not vote your shares in person at the Special Meeting unless you obtain a "legal proxy" from the broker, bank, trustee or nominee that holds your shares giving you the right to vote the shares at the meeting. If you do not wish to vote in person or you will not be attending the Special Meeting, you may vote by proxy. You may vote by proxy over the internet or by telephone, as described in the Notice

and below under the heading "How can I vote my shares without attending the Special Meeting?"

If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

Q: Who will bear the cost of soliciting votes for the Special Meeting?

A: CUI Global will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the internet, you are responsible for internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities.

Q: Where can I find the voting results of the Special Meeting?

A: We intend to announce preliminary voting results at the Special Meeting and publish final results in our Annual Report on Form 10-K for the year ending December 31, 2012. We also plan to disclose the vote results on our website at www.CUIGlobal.com as soon as possible after the Special Meeting.

In accordance with the requirements of the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated thereunder, the Audit Committee has adopted an informal approval policy that it believes will result in an effective and efficient procedure to pre-approve services performed by the independent registered public accounting firm.

Nominating Committee

The nominating committee consists of all of the members of the Board of Directors who are "independent directors" within the meaning of Rule 5605(a)(2) of the Nasdaq Stock Market. The nominating committee is responsible for the evaluation of nominees for election as director, the nomination of director candidates for election by the stockholders and evaluation of sitting directors. The board has developed a formal policy for the identification and evaluation of nominees, *Charter of the Nominating Committee of the Board of Directors* which can be seen on our website at www.CUIGlobal.com. In general, when the board determines that expansion of the board or replacement of a director is necessary or appropriate, the nominating committee will review, through candidate interviews with members of the board and management, consultation with the candidate's associates and through other means, a candidate's honesty, integrity, reputation in and commitment to the community, judgment, personality and thinking style, willingness to invest in the Company, residence, willingness to devote the necessary time, potential conflicts of interest, independence, understanding of financial statements and issues, and the willingness and ability to engage in meaningful and constructive discussion regarding Company issues. The committee reviews any special expertise, for example, that qualifies a person as an audit committee financial expert, membership or influence in a particular geographic or business target market, or other relevant business experience. To date the Company has not paid any fee to any third party to identify or evaluate, or to assist it in identifying or evaluating, potential director candidates.

The nominating committee considers director candidates nominated by stockholders during such times as the Company is actively considering obtaining new directors. Candidates recommended by stockholders will be evaluated based on the same criteria described above. Stockholders desiring to suggest a candidate for consideration should send a letter to the Company's secretary and include: (a) a statement that the writer is a shareholder (providing evidence if the person's shares are held in street name) and is proposing a candidate for consideration; (b) the name and contact information for the candidate; (c) a statement of the candidate's business and educational experience; (d) information regarding the candidate's qualifications to be director, including but not limited to an evaluation of the factors discussed above which the board would consider in evaluating a candidate; (e) information regarding any relationship or understanding between the proposing shareholder and the candidate; (f) information regarding potential conflicts of interest and (g) a statement that the candidate is willing to be considered and willing to serve as director if nominated and elected. Because of the small size of the Company and the limited need to seek additional directors, there is no assurance that all shareholder proposed candidates will be fully considered, that all candidates will be considered equally or that the proponent of any candidate or the proposed candidate will be contacted by the Company or the board and no undertaking to do so is implied by the willingness to consider candidates proposed by stockholders.

Compensation Committee

The Compensation Committee discharges the board's responsibilities relating to general compensation policies and practices and compensation of our executives. In discharging its responsibilities, the Compensation Committee establishes principles and procedures in order to ensure to the board and the stockholders that the compensation practices of the Company are appropriately designed and implemented to attract, retain and reward high quality executives, and are in accordance with all applicable legal and regulatory requirements. The Board of Directors adopted a charter, *Charter of the Compensation Committee of the Board of Directors* that defines the Company's compensation policy and procedure. This charter may be seen at the company's website, www.CUIGlobal.com. In this context, the Compensation Committee's authority, duties and responsibilities are:

- To annually review the Company's philosophy regarding executive compensation.

- To periodically review market and industry data to assess the Company's competitive position, and to retain any compensation consultant to be used to assist in the evaluation of directors' and executive officers' compensation.

- To periodically review and make recommendations to the board with respect to the compensation of directors, including board and committee retainers, meeting fees, equity-based compensation and such other forms of compensation as the Compensation Committee may consider appropriate.

- To administer and annually review the Company's incentive compensation plans and equity-based plans.

- To review and make recommendations to the board regarding any executive employment agreements, any proposed severance arrangements or change in control and similar agreements/provisions, and any amendments, supplements or waivers to the foregoing agreements, and any perquisites, special or supplemental benefits.

Compensation Committee Members

The Compensation Committee of the Board of Directors is appointed by the Board of Directors to discharge the board's responsibilities with respect to all forms of compensation of the Company's executive officers, to administer the Company's equity incentive plans, and to produce an annual report on executive compensation for use in the Company's Form 10-K. The Compensation Committee, currently and during the preceding fiscal year, consists of two independent board members, Colton Melby and Chairman, Corey Lambrecht. During fiscal years 2011 and 2010, both members were non-employee directors within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended, and an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code. The board has determined that during fiscal year 2011, both members were "independent" within the meaning of Rule 5605(a)(2) of the Nasdaq Stock Market.

Committee Meetings

Our Compensation Committee meets as often as necessary to perform its duties and responsibilities. The Compensation Committee held two informal meetings during fiscal 2011. On an as requested basis, our Compensation Committee receives and reviews materials prepared by management, consultants, or committee members, in advance of each meeting. Depending on the agenda for the particular meeting, these materials may include:

- Minutes and materials from the previous meeting(s);
- Reports on year-to-date Company financial performance versus budget;
- Reports on progress and levels of performance of individual and Company performance objectives;
- Reports on the Company's financial and stock performance versus a peer group of companies;
- Reports from the Committee's compensation consultant regarding market and industry data relevant to executive officer compensation;
- Reports and executive compensation summary worksheets, which sets forth for each executive officer: current total compensation and incentive compensation target percentages, current equity ownership holdings and general partner ownership interest, and current and projected value of each and all such compensation elements, including distributions and dividends there from, over a five year period.

Compensation Philosophy

General Philosophy

Our compensation philosophy is based on the premise of attracting, retaining and motivating exceptional leaders, setting high goals, working toward the common objectives of meeting the expectations of customers and stockholders, and rewarding outstanding performance. Following this philosophy, in determining executive compensation, we consider all relevant factors, such as the competition for talent, our desire to link pay with performance, the use of equity to align executive interests with those of our stockholders, individual contributions, teamwork and performance, each executive's total compensation package and internal pay equity. We strive to accomplish these objectives by compensating all employees with total compensation packages consisting of a combination of competitive base salary and incentive compensation.

Pay for Performance

At the core of our compensation philosophy is our strong belief that pay should be directly linked to performance. We believe in a pay for performance culture that places a significant portion of executive officer total compensation as contingent upon, or variable with, individual performance, Company performance and achievement of strategic goals including increasing shareholder value.

The performance based compensation for our executives may be in the form of (i) annual cash incentives to promote achievement of, and accountability for, shorter term performance plans and strategic goals and (ii) equity grants, designed to align the long-term interests of our executive officers with those of our stockholders, by creating a strong and direct link between executive compensation and shareholder return over a multiple year performance cycle. Long term incentive equity awards are granted in restricted stock. These shares/units generally vest over a two-year to

four-year period. This opportunity for share ownership was provided in order to provide incentive and retain key employees and align their interests with our long term strategic goals.

Base Compensation to be Competitive within Industry

A key component of an executive's total compensation base salary is designed to compensate executives commensurate with their respective level of experience, scope of responsibilities, sustained individual performance and future potential. The goal has been to provide for base salaries that are sufficiently competitive with other similar-sized companies, both regionally and nationally, in order to attract and retain talented leaders.

Compensation Setting Process

Management's Role in the Compensation Setting Process.

Management plays a significant role in the compensation-setting process. The most significant aspects of management's role are:

- Assisting in establishing business performance goals and objectives;
- Evaluating employee and company performance;
- CEO recommending compensation levels and awards for executive officers;
- Implementing the board approved compensation plans; and
- Assistance in preparing agenda and materials for the committee meetings.

The Chief Executive Officer generally attends the Committee meetings; however, the Committee also regularly meets in executive session. The Chief Executive Officer makes recommendations with respect to financial and corporate goals and objectives and makes non CEO executive compensation recommendations to the Compensation Committee based on company performance, individual performance and the peer group compensation market analysis. The Compensation Committee considers and deliberates on this information and in turn makes recommendations to the Board of Directors, for the board's determination and approval of the executives' and other members of senior management's compensation, including base compensation, short-term cash incentives and long-term equity incentives. The Chief Executive Officer's performance and compensation is reviewed, evaluated and established separately by the Compensation Committee and ratified and approved by the Board of Directors.

Setting Compensation Levels

To evaluate our total compensation is competitive and provides appropriate rewards to attract and retain talented leaders, as discussed above, we may rely on analyses of peer companies performed by independent compensation consultants and on other industry and occupation specific survey data available to us. Our general benchmark is to establish both base salary and total compensation for the executive officers not in excess of the 50th percentile of the peer group data, recognizing that a significant portion of executive officer total compensation should be contingent upon, or consistent with, achievement of individual and Company performance objectives and strategic goals, as well as being consistent with stockholder value. Further, while the objective for base salary is up to the 50th percentile of the peer group data, executives' base salaries are designed to reward core competencies and contributions to the Company and may be increased above this general benchmark based on (i) the individual's increased contribution over the preceding year; (ii) the individual's increased responsibilities over the preceding year and (iii) any increase in median competitive pay levels.

Setting Performance Objectives

The Company's business plans and strategic objectives are generally presented by management at the Company's annual board meeting. The board engages in an active discussion concerning the financial targets, the appropriateness of the strategic objectives and the difficulty in achieving same. In establishing the compensation plan, our Compensation Committee then utilizes the primary financial objectives from the adopted business plan, operating cash flow, as the primary targets for determining the executive officers' short-term cash incentives and long term equity incentive compensation. The Committee also establishes additional non-financial performance goals and objectives, the achievement of which is required for funding of a significant portion, twenty five percent, of the executive officers' incentive compensation. In 2011, these non financial performance goals and objectives included achieving accurate financial reporting and timely SEC filings; demonstrating full compliance and superior performance in the Company's environmental, health and safety practices; performing appropriate SOX/404 remediation activities and achieving successful testing of and compliance with SOX requirements; performing all necessary and required actions required to list the company's common stock on a National Exchange; and general and administrative expense management.

Special Evaluation

The Chief Executive Officer recommends the actual incentive award amounts for all other executives based on actual company performance relative to the targets as well as on individual performance and recommends the executives' base salaries levels for the coming year. The Compensation Committee considers these recommendations generally at the end of each fiscal year in determining its recommendations to the Board of Directors for the final short-term cash incentive and long-term equity award amounts for each executive and for the executive's base salary levels. The actual incentive amounts awarded to each executive are ultimately subject to the discretion of the Compensation Committee and the Board of Directors.

Additional equity-based awards may be also granted to executives, as well as other employees, upon commencement of employment, for promotions or special performance recognition, or for retention purposes, based on the recommendation of the Chief Executive Officer. In determining whether to recommend additional grants to an executive, the Chief Executive Officer typically considers the individual's performance and any planned change in functional responsibility.

Elements of Executive Compensation

Total Compensation

Total compensation for our executives consists of three elements: (i) base salary; (ii) incentive cash award based on achieving specific performance targets as measured by cash flow and other objectives and (iii) equity incentive award, which is also performance based and paid out over a future period in the form of restricted stock or options. Base salaries are the value upon which both the incentive compensation percentage targets are measured against. For evaluation and comparison of overall compensation of the executives, and to assist it in making its compensation decisions, the Compensation Committee reviews an executive compensation summary, which sets forth for each executive: current compensation and current equity ownership holdings as well as the projected value of each and all

such compensation elements, including distributions and dividends therefrom.

Base Salaries

Base salaries are designed to compensate executives commensurate with their respective level of experience, scope of responsibilities, and to reward sustained individual performance and future potential. The goal has been to provide for base salaries that are sufficiently competitive with other similar-sized companies, both regionally and nationally, in order to attract and retain talented leaders.

Incentive Compensation

Incentive compensation is intended to align compensation with business objectives and performance and enable the company to attract, retain and reward high quality executive officers whose contributions are critical to short and long-term success of the Company. The executives' incentive awards are based upon three key performance metrics: 1) the Company's operating cash flow; 2) achievement of agreed-upon strategic and corporate performance goals and 3) each executive's departmental and individual goals and performance. The actual incentive amounts awarded to each executive are ultimately subject to the discretion of the Compensation Committee and the Board of Directors

Incentive Plan Compensation

Incentive awards are paid out in cash, restricted common stock or option awards. The incentive award targets for the executives are established at the beginning of the year generally as a percentage of their base salary and the actual awards are determined at the following year's Annual Board of Directors meetings based on actual company performance relative to established goals and objectives, as well as on evaluation of the executive's relevant departmental and individual performance during the past year. The award of restricted common stock generally vests over a two to four year term in equal three to six months tranches. The award of restricted common stock purchased through options generally vests immediately upon issuance of the option which generally has a validity of three to ten years and a per share purchase price of the fair market value of our common stock on the date of grant. The awards are intended to serve as a means of incentive compensation for performance.

Retirement Plans

The Company has no retirement plan for our employees or executives. Our wholly owned subsidiary, CUI, Inc., maintains a 401(k) plan.

Change in Control Agreements

Our executives are awarded protection upon a change in control.

Perquisites

The Company does not provide for any perquisites or any other benefits for its senior executives that are not generally available to all employees.

2009 Equity Incentive Plan (Executive)

On January 5, 2009 the Company Board of Directors received and approved a written report and recommendations of the Compensation Committee which included a detailed executive equity compensation report and market analysis and recommendations of Compensia, Inc., a management consulting firm that provides executive compensation advisory services to compensation committees and senior management of knowledge-based companies. The Compensation Committee used the report and analysis as a basis for its formal written recommendation to the board. Pursuant to January 8, 2009 and October 11, 2010 board resolutions, the 2009 Equity Incentive Plan (Executive), a Non-Qualified Stock Option Plan, was created and funded with 4,200,000 shares and 3,060,382 shares, respectively, of \$0.001 par value common stock. The Compensation Committee was appointed as the Plan Administrator to manage the plan.

The 2009 Equity Incentive Plan (Executive) provides for the issuance of Incentive Non Statutory Options to attract, retain and motivate executive and management employees and directors and to encourage these individuals to acquire an equity interest in the Company, to make monetary payments to certain management employees and directors based upon the value of the Company's stock and to provide these individuals with an incentive to maximize the success of the Company and further the interest of the shareholders. The Administrator of the plan is authorized to determine the exercise price per share at the time the option is granted, but under the terms of the 2009 Plan, the exercise price shall not be less than the fair market value on the date the option is granted. Stock options granted under the 2009 Plan have a maximum duration of 10 years.

DIRECTOR COMPENSATION

The written report and recommendations of Compensia, Inc., as noted above in the section, *2009 Equity Incentive Plan (Executive)*, upon which the Compensation Committee relied, also included a detailed director and committee compensation report and market analysis. The 2009 Equity Incentive Plan (Executive) provides for the issuance of stock options to attract, retain and motivate directors as well as other management personnel.

The Compensation Committee concluded that, after giving consideration to the directors' obligation in representation of the shareholders, the high standard of ethics and talent required, increasing workloads, greater exposure, more stringent director independence standards and the SEC's disclosure rules, directors and committee members should be compensated fairly for time and value delivered and the compensation should be sufficient to attract and retain qualified competent individuals to serve on our board. The Compensation Committee adopted the recommendations of Compensia and approved a director and committee compensation plan.

The Compensation Committee concluded that the appropriate compensation for calendar year 2009 should be in the form of options granted in an amount equal to the 50th percentile for similar companies, but discounted by a factor of 10% at an option strike price of \$7.50 per share. This price reflected the true value of the directors' work, provides adequate incentive to each director and does not unfairly penalize the directors for current market conditions. Moreover, the \$7.50 strike price reflects the price at which much of the underlying funding and CUI transaction was originally priced.

In keeping with this original compensation structure, the Compensation Committee concluded that the appropriate compensation for calendar year 2010 should continue to be in the form of options granted in an amount equal to the 50th percentile for similar companies, but discounted by a factor of 10% at an option strike price of \$9.00 per share. In furtherance of this compensation plan, October 11, 2010, the Board of Directors authorized an additional 3,060,382 options under the 2009 Equity Incentive Plan (Executive). All options granted are presented at post-reverse quantities. On October 11, 2010, 3,300 options (number of options represents post reverse of 30:1) were granted to each director of the Company with an exercise price of \$9.00 per share and that vest one year after the October 11, 2010 date of grant. The \$9.00 option price reflects a stock price fair to both the director and the Company.

Effective July 1, 2011 the director compensation plan, in summary, provides:

Board of Directors Members

· Cash Retainer - \$23,750 annually for board members and \$33,750 for the Chairman.

· Initial, one time only, option to purchase 4,800 common shares at an exercise price that is not less than the fair market value per share. The option vests over four years, 25% after the first year, thereafter equally each month for the balance of the four year term.

· Annual Option to purchase 3,300 common shares at an exercise price that is not less than the fair market value per share. The option vests in full after one year.

· No options were granted in 2011 to the directors.

· Meeting fee: none.

Financing of the CUI Asset Acquisition and Related Matters

The 2008 acquisition of the CUI, Inc. assets was financed through the following obligations:

- \$6,000,000 cash loan from Commerce Bank of Oregon that was satisfied in full in 2010.
- \$14,000,000 promissory note to International Electronic Devices, Inc. (IED). Matthew McKenzie, COO and Daniel Ford, CFO each were partial owners in CUI, Inc. prior to the acquisition and they each, along with James McKenzie, are shareholders in IED. Effective September 1, 2010, the Company and the holder of the promissory note agreed to reduce balance of the note principal and accrued interest and to restructure the interest rate and payment terms. With this amendment, the Company agreed to pay \$1,200,000 of the principal balance during the fourth quarter of 2010 and an additional \$487,208 of the principal balance during the first quarter of 2011. The new terms set the interest rate at 6% per annum with monthly interest payments and a May 15, 2018 balloon payment. During the first quarter of 2012, the Company paid to IED \$3,000,000 in principal. As of June 30, 2012, the balance on this note is \$7,303,683.
- \$17,500,000 convertible promissory note to IED. On April 1, 2010, the Company satisfied this promissory note for a one-time payment of \$50,000 and the conversion of \$70,000 of the principal into 33,333 shares of the company's common stock at the stated conversion rate of \$2.10 per share.

IED and Other Affiliates Related Matters

During 2011 and 2010, \$1,110,809 and \$1,616,180, respectively, in principal and interest payments were made in relation to the promissory notes issued to IED. The 2011 payment includes a note receivable balance of \$192,508 held by CUI Global that was conveyed to IED, Inc. and applied towards the promissory note balance in accordance with a settlement agreement. Also, during 2010, \$70,000 of principal was converted to 33,333 shares of CUI Global common stock at \$2.10 per share in accordance with the convertible note terms and \$200,000 of principal was converted to 33,333 shares of CUI Global common stock at \$6.00 per share in accordance with a settlement agreement.

McKenzie, as shareholders in IED, an entity that owns Company promissory notes, received 1,010 shares of common stock in a negotiated satisfaction of a promissory note and in December 2010 these two individuals also received 1,020 shares of common stock at \$6.00 per share as their portion of the conversion of an additional \$200,000 of Company debt owed to IED.

As a part of the CUI asset acquisition, the CUI Global, Inc. corporate offices were relocated to the CUI location at 20050 SW 112th Avenue, Tualatin, Oregon 97062.
