The Annual Meeting of Stockholders of Nathan s Famous, Inc. (Nathan s or the Company), will be held on Thursday, September 12, 2013, at our headquarters at One Jericho Plaza, Second Floor Wing A, Jericho, New York 11753, at 10:00 a.m.

Our Board of Directors is soliciting your proxy to vote your shares of common stock at the annual meeting or any adjournments of that meeting. This proxy statement, which was prepared by our management for the Board of Directors, contains information about the matters to be considered at the meeting or any adjournments or postponements of the meeting. All proxies will be voted in accordance with the instructions they contain. If you do not specify your voting instructions on the proxy you submit for the meeting, it will be voted in accordance with the recommendation of the Board of Directors. You may revoke your proxy at any time before it is exercised at the meeting by giving our Secretary written notice to that effect. This proxy statement and our annual report is first being sent to stockholders on or about July 26, 2013.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on September 12, 2013. This proxy statement, the proxy card and annual report are available at <http://phx.corporate-ir.net/phoenix.zhtml?c=113414&p=proxy>.

TABLE OF CONTENTS

ABOUT THE MEETING

What is being considered at the annual meeting?

You will be voting for:

the election of eight directors for a term of one year or until their successors are elected and qualified; and the ratification of the appointment of Grant Thornton LLP as our auditors for fiscal 2014.

In addition, our management will report on our performance during fiscal 2013 and respond to your questions.

The Board of Directors does not intend to present to the meeting any matters not referred to in the form of proxy. If any proposal not set forth in this proxy statement should be presented for action at the meeting, and is a matter which should come before the meeting, it is intended that the shares represented by proxies will be voted with respect to such matters in accordance with the judgment of the persons voting them.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to conduct our meeting, a majority of our outstanding shares as of July 23, 2013, the record date, must be present at the meeting, in person or by proxy. This is referred to as a quorum. On July 23, 2013, we had 4,460,120 shares issued and outstanding, excluding treasury shares.

Who can vote at the meeting?

You may vote if you owned stock as of the close of business on July 23, 2013. Each share of stock is entitled to one vote.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is American Stock Transfer & Trust Company, 800-937-5449.

How do I vote?

If you are a record holder of shares of common stock, you can vote in two ways:

1. By attending the meeting; or
2. By completing, signing and returning the enclosed proxy card.

Can I vote if my shares are held in street name ?

If the shares you own are held in street name by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokers also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your brokerage firm on your vote instruction form.

Will my shares be voted if I do not provide my proxy?

Under the current rules of the NASDAQ Global Market, or NASDAQ, if you do not give instructions to your brokerage firm, it will still be able to vote your shares with respect to certain discretionary items, but it will not be allowed to vote your shares with respect to certain non-discretionary items. The ratification of Grant Thornton LLP as our independent registered public accounting firm (Proposal 2) is considered to be a discretionary item under the NASDAQ rules and your brokerage firm will be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name. The election of directors (Proposal 1) is a non discretionary item. If you do not instruct your broker how to vote with respect to this item (Proposal 1), your broker may not vote with respect to this proposal and those votes will be counted as

TABLE OF CONTENTS

broker non-votes. Broker non-votes are shares that are held in street name by a bank or brokerage firm that indicates on its proxy that it does not have or did not exercise discretionary authority to vote on a particular matter. Please see

What vote is required to approve each of the matters to be considered at the meeting? for information regarding the vote required to approve the matters being considered at the Annual Meeting and the treatment of broker non-votes.

If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy.

If your shares are held in street name, you must bring an account statement or letter from your bank or brokerage firm showing that you are the beneficial owner of the shares as of the record date (July 23, 2013) in order to be admitted to the meeting on September 12, 2013. To be able to vote your shares held in street name at the meeting, you will need to obtain a proxy card from the holder of record.

Can I change my mind after I vote?

Yes, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You can do this by (1) signing another proxy with a later date and returning it to us prior to the meeting, or (2) voting again at the meeting.

What if I return my proxy card but do not include voting instructions?

Proxies that are signed and returned but do not include voting instructions will be voted FOR the election of the nominee directors, and FOR the ratification of the appointment of Grant Thornton LLP.

What vote is required to approve each of the matters to be considered at the meeting?

Proposal 1: Election of Directors. Directors are elected by a plurality of the votes cast. Plurality means that the eight individuals who receive the highest number of votes will be elected as directors. Abstentions will have no effect on the voting outcome with respect to the election of directors. You may vote either FOR or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors. **If you do not instruct your broker how to vote with respect to this item, your broker may not vote your shares with respect to the election of directors.** Any shares not voted by a customer will be treated as broker non-votes, and broker non-votes will have no effect on the results of the election of directors.

Proposal 2: Ratification of Independent Registered Public Accounting Firm. To be approved, this proposal to ratify our selection of an independent registered public accounting firm must receive an affirmative vote from stockholders present in person or represented by proxy at the annual meeting representing a majority of the votes cast on the proposal. Abstentions will have no effect on the results of this vote. For this proposal, brokerage firms have authority to vote shares of their customers that are held in street name. If a broker does not exercise this authority, the resulting broker non-votes will have no effect on the outcome of this proposal.

How will votes be counted?

Each share of common stock will be counted as one vote according to the instructions contained on a proper proxy card, whether submitted in person, by mail, on a ballot voted in person at the meeting or in accordance with the instructions provided by your broker. With respect to all proposals, shares will not be voted in favor of the matter, and

will not be counted as voting on the matter, if they either (1) abstain from voting on a particular matter, or (2) are broker non-votes. Brokers who do not receive instructions with respect to Proposal 1 will not be allowed to vote these shares, and all such shares will be broker non-votes rather than votes for or against. Accordingly, assuming the presence of a quorum, abstentions and broker non-votes for a particular proposal will not be counted as votes cast to determine the outcome of a particular proposal.

Who will count the votes?

Representatives of American Stock Transfer & Trust Company, the transfer agent for our common stock, par value \$.01 per share (Common Stock) will tabulate the votes.

2

TABLE OF CONTENTS

Will my vote be kept confidential?

Yes, your vote will be kept confidential and we will not disclose your vote, unless (1) we are required to do so by law (including in connection with the pursuit or defense of a legal or administrative action or proceeding), or (2) there is a contested election for the Board of Directors. The inspector of elections will forward any written comments that you make on the proxy card to management without providing your name, unless you expressly request disclosure on your proxy card.

How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends that you vote:

FOR the election of each of the eight nominees to serve as directors on the Board of Directors, each for a term of one year (Proposal 1); and

FOR the ratification of the selection of Grant Thornton LLP as our independent registered public accounting firm for the 2014 fiscal year (Proposal 2).

Where can I find the voting results?

We will report the voting results in a Form 8-K within four business days after the end of our annual meeting.

How and when may I submit a stockholder proposal, including a stockholder nomination for director, for the 2014 Annual Meeting?

If you are interested in submitting a proposal for inclusion in our proxy statement for the 2014 Annual Meeting, you need to follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934, or the Exchange Act. To be eligible for inclusion, we must receive your stockholder proposal for our proxy statement for the 2014 Annual Meeting of stockholders at our principal corporate offices in Jericho, New York no later than March 28, 2014.

In addition, our bylaws require that we be given advance written notice for nominations for election to our Board of Directors and other matters that stockholders wish to present for action at an annual meeting other than those to be included in our proxy statement under Rule 14a-8.

Any stockholder who wants to nominate a candidate for election to the Board must deliver timely notice to our Secretary at our principal executive offices. Pursuant to our bylaws, in order to be timely, the notice must be delivered:

in the case of an annual meeting, not later than 60 days and not earlier than 90 days prior to the anniversary date of the immediately preceding annual meeting of stockholders, although if we did not hold an annual meeting or the annual meeting is called for a date that is more than 30 days before or more than 60 days after the anniversary date of the prior year's annual meeting, the notice must be received no earlier than 90 days prior to the meeting and not later than the close of business on the later of (i) the 60th day prior to the meeting or (ii) the 10th day following the day on which we publicly announce the date of the meeting; and

in the case of a special meeting of stockholders called for the purpose of electing directors, the notice must be received not earlier than the close of business on the 90th day prior to such special meeting and not later than the close

of business on the later of the 60th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the board of directors to be elected at such meeting.

The stockholder's notice to the Secretary must set forth (1) as to each person whom the stockholder proposes to nominate for election as a director (a) his name, age, business address and residence address, (b) his principal occupation and employment, (c) the number of shares of common stock of Nathan's which are owned beneficially or of record by him and (d) any other information relating to the nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, and the rules and

TABLE OF CONTENTS

regulations promulgated thereunder; and (2) as to the stockholder giving the notice (a) his name and record address and (b) the number of shares of Nathan's common stock which are owned beneficially or of record by him. The notice delivered by a stockholder must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected. The stockholder must be a stockholder of record on the date on which he gives the notice described above and on the record date for the determination of stockholders entitled to vote at the meeting.

Pursuant to our bylaws, if notice of any stockholder proposal is received before June 14, 2014, or after July 14, 2014, then the notice will be considered untimely and we are not required to present such proposal at the 2014 Annual Meeting. Additionally, if the Board of Directors chooses to present a proposal submitted after July 14, 2014, at the 2014 Annual Meeting, then the persons named in proxies solicited by the Board of Directors for the 2014 Annual Meeting may exercise discretionary voting power with respect to such proposal.

These requirements are separate from and in addition to the requirements of the Securities and Exchange Commission (the SEC) that a stockholder must meet in order to have a stockholder proposal included in our proxy statement.

Any proposals, nominations or notices should be sent to:

Nathan's Famous, Inc.
One Jericho Plaza
Second Floor Wing A
Jericho, New York 11573
Attention: Corporate Secretary

What are the costs of soliciting these proxies and who will pay?

We will bear the costs of mailing the proxy statement and solicitation of proxies, which we estimate to be approximately \$25,000. In addition to solicitations by mail, our directors, officers and regular employees may solicit proxies by telephone, email and personal interviews without additional remuneration. We will request brokers, custodians and fiduciaries to forward proxy soliciting material to the owners of shares of our Common Stock that they hold in their names. We will reimburse banks and brokers for their reasonable out-of-pocket expenses incurred in connection with the distribution of our proxy materials. To the extent necessary in order to assure sufficient representation, our officers and regular employees may request the return of proxies personally, by telephone or email. The extent to which this will be necessary depends entirely upon how promptly proxies are received, and stockholders are urged to send in their proxies without delay.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. This means that only one copy of our proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household unless we have received contrary instructions from one or more stockholders. We will promptly deliver a separate copy of either document to you if you contact us at the following address or telephone number: Nathan's Famous, Inc., One Jericho Plaza, Jericho, New York 11573, telephone: (516) 338-8500. If you want to receive separate copies of the proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address or telephone number.

The Board of Directors recommends a vote **FOR** each of the directors listed above.

TABLE OF CONTENTS

CORPORATE GOVERNANCE

Board Leadership

The Executive Chairman of the Board is Howard Lorber. The Chairman and Chief Executive Officer roles are split, and Eric Gatoff serves as Chief Executive Officer. As the former Chief Executive Officer, the Executive Chairman of the Board provides guidance to the Chief Executive Officer with respect to strategic initiatives. The Executive Chairman also approves the agenda for Board meetings and leads the Board in its discussions. The Chief Executive Officer is responsible for implementing the Company's strategic and operating objectives and day-to-day decision-making related to such implementation. The Board believes that the separation of the offices of Executive Chairman and Chief Executive Officer is appropriate at this time as it allows Mr. Gatoff to focus primarily on his management responsibilities. Unless invited, none of our management directors (consisting of Messrs. Lorber, Gatoff, Norbitz and Perlyn) participates in sessions of non-management directors. Our non-management directors generally meet once or twice annually in a formal executive session without management. Typically, our non-management directors also have informal meetings without management in conjunction with our regular Audit or Board meetings. In addition, we have designated a Lead Independent Director (A.F. Petrocelli), who is expected to lead sessions of, and facilitate communications among, our non-employee directors.

The Board currently has three standing committees (Audit, Compensation and Nominating) that are chaired and composed entirely of directors who are independent under NASDAQ rules. Given the role and scope of authority of these committees, and that a majority of the Board is composed of independent directors, the Board believes that its leadership structure, with the Executive Chairman of the Board leading Board discussions, and the Lead Independent Director leading non-management executive sessions, is appropriate.

Our Board of Directors is our Company's ultimate decision-making body except with respect to those matters reserved to the stockholders. Our Board selects our senior management team, which is charged with the conduct of our business. Having selected our senior management team, our Board acts as an advisor and counselor to senior management and oversees its performance.

Code of Ethics

Our Board of Directors has adopted a Financial Officer Code of Ethics applicable to the Company's Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and all other members of the Company's Finance Department. This Code of Ethics is posted on the Company's website, within a broader Code of Business Conduct and Ethics, at www.nathansfamous.com in the Investor Relations section. We intend to satisfy the disclosure requirement under Item 10 of Form 8-K regarding an amendment to, or a waiver from, the provision of our Code of Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions and that relates to any element of such provision of our Code of Ethics by posting such information on our website within four business days of the date of such amendment or waiver. In the case of a waiver, the nature of the waiver, the name of the person to whom the waiver was granted and the date of the waiver will also be disclosed.

Risk Oversight

As part of its oversight functions, the Board of Directors is responsible for oversight of risk management at the Company. Responsibility for oversight of risk management is delegated from the Board to the Audit Committee. Management has provided the Audit Committee with its assessment of the Company's major risk exposures and the steps management has taken to monitor and control such exposures. The Compensation Committee, as described in the Compensation Discussion and Analysis, separately reviewed the compensation program with respect to incentives for risk-taking by employees.

Director Independence

The Board of Directors has determined that each of Messrs. Eide, Genson, Leistner, Petrocelli and Raich are independent in accordance with NASDAQ rules. To determine independence, the Board of Directors adopted and applied the categorical standards of independence included in NASDAQ Listing Rule 5605(a)(2), which include a series of objective tests, such as that the director is not an employee of the company and has not engaged in various types of business dealings with the company. The Board considered the Company's

TABLE OF CONTENTS

relationship with Raich Ende Malter & Co., LLP, an accounting firm that provides tax services to Nathan's and of which Charles Raich is Co-Managing Partner and determined that the relationship is on arms-length terms and is not material to either Nathan's or Mr. Raich.

Stock Ownership Guidelines

We have established stock ownership guidelines for our directors and executive officers. Under our guidelines, each officer and director is required to retain 33 1/3% of the total number of option shares then-issued upon exercise. In addition, officers and directors are required to retain 33 1/3% of the shares owned on June 1, 2009 (the date that the stock ownership guidelines were adopted), although the Board may determine to waive the requirement that shares be retained under certain circumstances.

Board of Directors and Committee Meetings

There were seven meetings of the Board of Directors during the fiscal year ended March 31, 2013. All Directors, other than Mr. Eide, attended at least 75% of the meetings of the Board of Directors and the committees thereof on which he served.

Our Board of Directors currently has three standing committees: the Audit Committee (established in accordance with Section 3(a) (58)(A) of the Exchange Act), the Compensation Committee and the Nominating Committee. Each director who served on these committees during fiscal 2013 met the criteria for independence, as that term is defined by the SEC and NASDAQ Listing Rules. We select independent directors as members of these committees with the expectation that they will be free of relationships that might interfere with their exercise of independent judgment.

Audit Committee

For the fiscal year ended March 31, 2013, there were four meetings of the Audit Committee. Each of the members of the Audit Committee attended at least 75% of the meetings of the Audit Committee. Our Audit Committee is involved in:

discussions with our independent public accountants with respect to the scope and results of our year-end audit, our internal accounting controls and the professional services furnished to us by the independent auditors the review of the adequacy and effectiveness of our internal controls over financial reporting. See Audit Committee Report.

In addition, our Audit Committee focuses on the qualitative aspects of our financial reporting to stockholders and on our processes to manage business and financial risk. Our independent registered public accounting firm reports directly and is held accountable to the Audit Committee in connection with the audit of our annual financial statements and related services. Our Audit Committee has sole authority over the appointment, compensation and oversight of the work of the independent registered public accounting firm, and where appropriate, the replacement of the independent registered public accounting firm.

The members of our Audit Committee are Robert Eide (Chairman), Brian Genson and Barry Leistner. A copy of our Audit Committee Charter is available on our website at www.nathansfamous.com.

We currently do not have an audit committee financial expert. Nevertheless, the Audit Committee has available to it the financial education and experience of Charles Raich, an independent director under NASDAQ listing standards, to

perform the functions of an audit committee financial expert. Mr. Raich has the financial education and experience necessary to qualify as an audit committee financial expert ; however, Mr. Raich is ineligible to serve on the Audit Committee because, as the Founding Partner of Raich Ende Malter & Co., LLP, an independent public accounting firm which received fees from Nathan s in respect of tax services (an aggregate of approximately \$136,000 in fiscal 2013), Mr. Raich is deemed to receive indirect compensation from Nathan s. Due to his receipt of indirect compensation, Mr. Raich is not independent for the purposes of Securities Exchange Act Rule 10A-3 and so cannot serve on the Audit Committee.

Compensation Committee

For the fiscal year ended March 31, 2013, there were three meetings of the Compensation Committee. Each of the members of the Compensation Committee attended all of the Compensation Committee meetings except for one Compensation Committee member who missed one meeting of the Compensation Committee. Our Compensation Committee:

reviews the performance of our executive officers;
reviews compensation programs for our officers and key employees, including cash bonus levels and grants under our stock option and incentive plans. See Compensation Discussion and Analysis and Compensation Committee Report ;
and

reviews director compensation.

Pursuant to its charter, the Compensation Committee has the ability to delegate its authority to subcommittees, although to date it has not done so.

The members of the Compensation Committee are Robert Eide (Chairman), Brian Genson and Barry Leistner. A copy of our Compensation Committee Charter is available on our website at www.nathansfamous.com.

Nominating Committee

For the fiscal year ended March 31, 2013, there was one meeting of the Nominating Committee. Each of the members of the Nominating Committee attended the meeting. Our Nominating Committee is responsible for:

reviewing suggestions of candidates for director made by directors, stockholders and management;
making recommendations to the Board regarding the composition of the Board;
nominating individual candidates for election to the Board; and
considering nominee recommendations made by stockholders provided that the names of such nominees, accompanied by relevant biographical information, are submitted in accordance with the procedures set forth above under How and when may I submit a stockholder proposal, including a stockholder nomination for director, for the 2014 Annual Meeting?

In fulfilling its responsibilities for identifying and evaluating nominees for director, the Nominating Committee takes into account the prior experience of director nominees and its application to their responsibilities as a director of Nathan s; however, there are no stated minimum qualifications for director nominees.

The Company does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but the Nominating Committee strives to nominate directors with a variety of complementary skills so that, as a group, the Board will possess the appropriate talent, skills, and expertise to oversee the Company s businesses. In addition to considering a candidate s background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of our businesses. The Company s policy is to have at least a majority of directors qualify as independent under the listing requirements of NASDAQ.

In the event of a vacancy on the Board, the Nominating Committee intends to identify and evaluate candidates by making requests of Board members and others for recommendations, requesting input from director search firms for identification and evaluation of candidates, meeting from time to time to evaluate biographical information and background material relating to potential candidates and having members of the Nominating Committee and the Board interview selected candidates. Assuming that appropriate biographical and background material is provided for candidates recommended by stockholders on a timely basis, and that any such nomination accompanied by a written

consent of the candidate to being named as a nominee and to serve as a director if elected, the Nominating Committee will evaluate director candidates recommended by stockholders by following substantially the same process, and applying substantially the same criteria, as it follows for director candidates submitted by Board members.

Stockholders also have the right to directly nominate director candidates, without any action or recommendation on the part of the Nominating Committee or the Board, by following the procedures set forth in Nathan's bylaws and described in the response to the question "How and when may I submit a stockholder proposal, including a stockholder nomination for director, for the 2014 Annual Meeting?" above.

The members of the Nominating Committee are A.F. Petrocelli (Chairman), Brian Genson, Robert Eide and Charles Raich. A copy of our Nominating Committee Charter is available on our website at www.nathansfamous.com.

In addition, our independent directors met informally in conjunction with each regularly scheduled Board of Directors meeting and also met in a formal executive session twice during our fiscal year ended March 31, 2013.

Director Attendance at Annual Meetings

Our Board of Directors encourages director attendance at our Annual Meetings of Stockholders. Eight of the Company's nine directors attended last year's Annual Meeting.

Policy For Stockholder Communications

Mail can be addressed to directors in care of the Office of the Secretary, Nathan's Famous, Inc., One Jericho Plaza, Second Floor - Wing A, Jericho, New York 11753. At the direction of the Board of Directors, all mail received will be opened and screened for security purposes. The mail will then be logged in. All mail, other than junk mail or obscene items, will be forwarded. Mail addressed to a particular director will be forwarded or delivered to that director. Mail addressed to Outside Directors or Non Management Directors will be forwarded or delivered to each of the non-employee directors. Mail addressed to the Board of Directors will be forwarded or delivered to the Executive Chairman of the Board.

Certain Relationships and Related Persons Transactions

In July 2007, the Board adopted written Related Person Transaction Policies and Procedures, which were revised in July 2009 (as revised, the Related Person Policy). The Related Person Policy covers transactions with the Company where the Related Person (a term that includes executive officers, directors, director nominees, holders of 5% or more of the Company's stock (a Significant Stockholder) and immediate family members of the foregoing) had, has or will have a direct or indirect material interest and the amount involved meets or exceeds the minimum threshold for disclosure in the Company's proxy statement under relevant SEC rules, which is currently \$120,000. Pursuant to the Related Person Policy, all transactions that are subject to the policy must be approved or ratified by our Audit Committee.

The Audit Committee will determine whether the terms of a covered transaction are fair to the Company and no less favorable to the Company than would be generally available absent the relationship with the Related Person, whether there are business reasons for the transaction, whether the transaction impairs the independence of an outside director and whether the transaction is material, among other considerations. Under the Related Person Policy, the Audit Committee has considered and exempted certain transactions from the application of the Related Person Policy, as follows: (1) Interests arising only from the Related Person's position as a director of another corporation or organization that is a party to the transaction; (2) Interests arising only from the direct or indirect ownership by the Related Person and all other Related Persons in the aggregate of less than a 10% equity interest (other than a general partnership interest) in another entity which is a party to the transaction; (3) Interests arising from both the position

and ownership level described in (1) and (2) above; (4) Interests arising solely from the Related Person's position as an executive officer or employee of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (a) the Related Person and all other Related Persons own in the aggregate less than a 10% equity interest in such entity, (b) the Related Person and his or her immediate family members are not involved in the negotiation of the terms of the transaction with the Company and do not receive any special benefits as a result of the transaction and (c) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual consolidated net sales of the recipient; (5) Interests arising solely from the ownership of a class of the Company's equity securities if all holders of that class of equity securities receive the same benefit on a pro rata basis; (6) A transaction that involves compensation to an

TABLE OF CONTENTS

executive officer if the compensation has been approved by the Compensation Committee of the Board or recommended to the Board for approval by the Compensation Committee of the Board and then approved by the Board; (7) A transaction that involves compensation to a director for services as a director of the Company if such compensation will be reported pursuant to Item 402(k) of Regulation S-K; (8) A transaction that is specifically contemplated by provisions of the certificate of incorporation or bylaws of the Company; (9) Interests arising solely from indebtedness of a Significant Stockholder or an immediate family member of a Significant Stockholder to the Company; (10) A transaction where the rates or charges involved in the transaction are determined by competitive bids; (11) A transaction that involves the rendering of services as a common or contract carrier or public utility at rates or charges fixed in conformity with law or governmental authority; or (12) A transaction that involves services as a bank depository of funds, transfer agent registrar, trustee under a trust indenture, or similar services in accordance with certain SEC rules, including the employment of executive officers on terms approved by the Compensation Committee and the payment of compensation to a director if the compensation is required to be reported in the Company's proxy statement under Item 402 of Regulation S-K promulgated by the SEC.

In the event that prior approval is not feasible, the Related Person Policy provides that a transaction may be ratified by the Audit Committee as soon as reasonably practicable following the date of the transaction. On an annual basis, the Audit Committee is required to review all subsequent and previously approved or ratified related-party transactions that remain ongoing to determine whether they should continue.

To identify related-party transactions, each year we require our directors and officers to complete Director and Officer Questionnaires which, among other things, require each of them to identify any transactions with us in which the officer or director or their family members have an interest; we post the Related Person Policy on our website; we will periodically distribute the Related Person Policy to our executive officers, directors and nominees; and we will periodically make internal inquiries regarding Company relationships with known entities that qualify as related parties. In fiscal 2013, Raich Ende Malter & Co., LLP, of which Mr. Raich is Founding Partner, provided tax services resulting in fees of approximately \$136,000. The Audit Committee has ratified the continuing retention of Raich Ende Malter & Co., LLP, as well as the resulting fees incurred during fiscal 2013. In addition, in connection with amending the employment agreement of Donald Perlyn to address Mr. Perlyn's retirement as an employee of the Company effective February 12, 2014, the Company agreed to purchase from Mr. Perlyn 67,619 shares of Common Stock at a purchase price of \$36.87 per share which was the closing price of the Company's Common Stock as reported on the Nasdaq Global Market on February 13, 2013.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF GRANT THORNTON LLP AS AUDITORS FOR FISCAL 2014

Our Audit Committee charter provides that the Audit Committee shall appoint annually a firm of independent registered public accountants to serve as auditors. The Audit Committee has appointed Grant Thornton LLP to act as auditors for our fiscal year ending March 30, 2014.

If this proposal is not approved at the annual meeting, our Audit Committee will reconsider the selection of Grant Thornton LLP for the ensuing fiscal year, but may determine that continued retention of Grant Thornton LLP is in our Company's and our stockholders' best interests. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our Company's and our stockholders' best interests.

We expect representatives of Grant Thornton LLP to be present at the annual meeting. They will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

Board Recommendation

Our Board of Directors recommends that our stockholders vote FOR ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending March 30, 2014.

The Committee has also determined to require pre-approval by the Audit Committee or its Chairman of the compensation and terms of service for any permitted non-audit services provided by the independent registered public accounting firm.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Company's Board of Directors in overseeing and monitoring the integrity of the Company's financial reporting process, compliance with legal and regulatory requirements related to financial reporting and the quality of internal and external audit processes. The Audit Committee's roles and responsibilities are set forth in a written charter, which is available on the Company's website www.nathansfamous.com under Investor Relations Corporate Governance. Among its duties, the Audit Committee is responsible for recommending to the Company's Board of Directors that the Company's financial statements be included in the Company's Annual Report on Form 10-K. As a basis for that recommendation, the Audit Committee engaged in the following activities. The Audit Committee reviewed and discussed the audited financial statements with Nathan's management and discussed with Grant Thornton LLP, Nathan's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee also received from Grant Thornton the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Grant Thornton's communications with the Audit Committee concerning independence, and has discussed with Grant Thornton that firm's independence. The Audit Committee has also reviewed and discussed the fees paid to Grant Thornton during the last fiscal year for audit services, which are set forth above under Audit Fees.

Management of the Company is responsible for the consolidated financial statements and reporting process, including establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a 15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a 15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. The independent registered public accounting firm is responsible for expressing an opinion on the conformity of these consolidated financial statements with accounting principles generally accepted in the United States, as well as expressing an opinion on the effectiveness of internal control over financial reporting.

During fiscal 2013, management tested and evaluated the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee reviewed the report of management contained in the Company's Annual Report on Form 10-K for the year ended March 31, 2013 filed with the SEC, as well as Grant Thornton's Reports of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K. The latter reports relate to Grant Thornton's audit of (i) the consolidated financial statements and (ii) the effectiveness of internal control over financial reporting.

Based on the discussions with Grant Thornton concerning the audit, the independence discussions, and the discussions with the Company's management and Grant Thornton concerning the financial statement review and discussions, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Company's Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2013, for filing with the SEC.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

In considering our executive compensation policies and practices, we seek to balance our interest in limiting operating expenses and minimizing stockholder dilution with our interest in using compensation to attract, retain and motivate employees. In reconciling these competing concerns, we strive to act in the long-term best interests of the Company and our stockholders. The elements of our executives' total compensation are base salary, cash incentive awards, stock incentive awards, retirement and other employee benefits and, for certain NEOs, severance protection for certain actual or constructive terminations of employment and other post-termination benefits payable upon retirement, death or disability.

The Compensation Committee has worked directly with an independent compensation consultant from time to time to assist in certain compensation determinations. The Compensation Committee has in the past retained GK Partners, an independent compensation consulting firm, to advise it with respect to the compensation of its executive officers.

Most recently, the Compensation Committee again retained GK Partners in June 2011 and GK Partners advised the Compensation Committee that the Company's compensation programs appropriately link pay to performance and that the total amount of incentive (bonus) compensation it paid to its NEOs during fiscal 2011, relative to Nathan's revenue and pre-tax income is in line with that paid at other small public companies of similar size and scope. Because the bonuses paid for fiscal 2013 and the increase in salaries for fiscal 2014 were not deemed by the Compensation Committee to be materially different from the prior year's compensation arrangements, GK Partners was not retained and did not advise the Compensation Committee regarding these changes to executive compensation. The Compensation Committee may continue to retain outside executive compensation consulting firms (which historically have provided no other services to the Company) to provide general compensation expertise.

Advisory Vote on Executive Compensation

We conducted our first non-binding advisory vote on executive compensation at our 2011 Annual Meeting, which our stockholders voted should be held every three years. At the 2011 Annual Meeting of Stockholders, 98.69% of the votes cast on the advisory vote on executive compensation proposal were in favor of our NEO compensation as disclosed in the 2011 proxy statement. The Compensation Committee reviewed these final vote results and determined that, given the significant level of support, fundamental changes to our executive compensation policies were not necessary. Despite the affirmative vote, however, the Compensation Committee believes that continual review of our executive compensation programs and their alignment to Company and stock price performance is in the best interests of our stockholders.

Risk Considerations

The Compensation Committee has considered whether our executive compensation program creates risks that are reasonably likely to have a material adverse effect on the Company and concluded that it does not. In reaching its conclusion, the Committee considered the Company's strategic goals and operational practices and evaluated the design of its compensation programs to assess whether these programs foster a business environment that might drive inappropriate decision-making or behavior. While a significant portion of certain executives' compensation may be performance-based, historically, the majority of our NEOs' cash compensation typically consists primarily of base

salary, which we believe mitigates inappropriate or excessive risk-taking that could harm stockholder value. To the extent that executives receive equity incentive awards, historically such awards have been long-term awards that were intended to align executives' interests with those of our stockholders.

Executive Compensation Program Objectives and Overview

The Company's current executive compensation programs are intended to achieve three fundamental objectives: (1) attract and retain qualified executives; (2) motivate performance to achieve specific short and long-term strategic and operating objectives of Nathan's; and (3) align executives' interests with the long-term interests of Nathan's stockholders.

TABLE OF CONTENTS

We believe that each element of our executive compensation program helps us to achieve one or more of our compensation objectives. The material elements of our executive compensation program consist of:

base salary;
bonus;
equity based compensation (i.e., stock options and restricted stock);
retirement benefits (i.e., 401(k));
perquisites; and
severance and other benefits payable upon certain termination events.

Base salaries, perquisites, retirement benefits and severance and other termination benefits are all primarily intended to attract and retain qualified executives. These are the elements of our current executive compensation program where the value of the benefit in any given year is not dependent on performance (although base salary amounts and benefits determined by reference to base salary may increase from year to year depending on cost-of-living or performance, among other things). We believe that in order to attract and retain top-caliber executives, we need to provide executives with predictable benefit amounts that reward their continued service. Some of the elements, such as base salaries and perquisites, are generally paid out on a short-term or current basis. Retirement or severance benefits are paid out on a longer-term basis upon retirement or other termination of employment. We believe that this mix of long-term and short-term elements allows us to achieve our dual goals of attracting and retaining executives (with the longer-term benefits geared toward retention and the short-term awards focused on recruitment).

Annual bonuses payable to our NEOs are intended to motivate their performance to achieve specific financial, strategic and operating objectives. Each bonus is in an amount determined by the Compensation Committee. We believe the bonuses paid to our NEOs, under their respective employment agreements and otherwise, also help us to attract and retain executives. Each executive's annual bonus is paid out on an annual short-term basis and is designed to reward performance for the applicable fiscal year, taking into consideration historical performance and whether or not the executive has taken steps in that period to achieve Nathan's long-term strategic and operating objectives, including objectives that may not be realized until succeeding fiscal periods.

Our equity-based compensation is primarily intended to align our executives' long-term interests with stockholders' long-term interests. We believe that the way to increase stockholder value is to increase the trading price of our Common Stock. Through the use of stock awards, an increase in stock price will result in an increase in value for the grantee, thereby aligning the interests of the NEOs and other executives with those of our stockholders. We believe that the foregoing is an effective link between an increase in stockholder value and our executives' compensation.

We also believe equity-based compensation awards help us retain executives, as well as motivate performance to achieve specific strategies and operating objectives. Equity-based compensation is not necessarily awarded each year. Equity-based compensation is earned on a longer-term basis than cash compensation and is designed to reward the achievement of our strategic and operating objectives for the applicable fiscal year, taking into consideration historical performance, and induce the executives to remain in our employ over the vesting period of the award.

The Compensation Committee's general philosophy is that bonus and equity compensation should be consistent with sound corporate governance principles, as well as competitive compensation practices. The Compensation Committee believes incentive compensation fluctuates with the Company's success in achieving financial and other goals, and that Nathan's should continue to use long-term compensation such as periodic grants of stock awards to align stockholder and executives' interests. In June 2011, the Compensation Committee granted options to its NEOs in recognition of their performance during fiscal 2011 and prior years and to incentivize them to remain in our employ during the ensuing four-year option vesting period.

The Company has not established fixed quantitative goals for any of the objectives or metrics evaluated for the purpose of determining the amount of any bonus or equity-based compensation to be awarded.

TABLE OF CONTENTS

In addition, the importance of the particular objective or metric to a specific executive's compensation depends on the responsibilities of an executive's position. Further, the specific objectives or metrics considered for a particular executive may be afforded greater or lesser weight in any fiscal year, depending on a variety of factors such as the Company's overall results, the emphasis of any particular component of the Company's business during a particular fiscal year, the Company's performance in each area relative to its prior years' performance, the then-current competitive and economic environment, the implementation of strategic plans whose benefits may not be immediate, any extraordinary event, such as the sale or purchase of a company, brand or line of business, which may impact the Company positively or negatively and taking into account that the Company does not want to incentivize inappropriate or excessive risk taking that could harm stockholder value. As a result, an executive's success or failure as it relates to any one of the Company's objectives may determine whether or not that executive is awarded a bonus, as well as the amount of any bonus that is awarded. If, following its evaluation of the foregoing, the Compensation Committee determines that an executive has helped the Company achieve, or make progress toward achieving, one or more of the Company's objectives, a bonus and/or grant of equity-based compensation may be awarded.

The Committee has not engaged in benchmarking to establish the compensation payable to its executive officers in part because the Company's business model has evolved to become more entrepreneurial and is no longer that of a traditional restaurant and franchise business. A large portion of the Company's revenue and operating profit is generated by its Branded Product and retail licensing programs. Consequently, the Compensation Committee does not believe that traditional restaurant and franchise companies are actual peers for the purpose of performing a benchmark analysis and does not currently intend to engage in benchmarking in the future for the purpose of evaluating or establishing the compensation payable to its NEOs.

Nevertheless, although the Compensation Committee did not engage in benchmarking in establishing the compensation payable to the NEOs, in carrying out its responsibilities, in fiscal 2007, the Compensation Committee sought the advice of GK Partners regarding the compensation of Eric Gatoff and Howard Lorber, both of whom entered into employment agreements on December 15, 2006, effective January 1, 2007. In establishing the initial base salary to be paid to Mr. Gatoff pursuant to his employment agreement, the Compensation Committee relied on the consulting firm's opinion that Mr. Gatoff's compensation and benefits arrangements, as set forth in his employment agreement, were within the range of Chief Executive Officer compensation, benefit and perquisite practices then found in other public companies. In June 2011, the Compensation Committee again retained GK Partners. GK Partners evaluated the Company's compensation program to determine whether the Company adequately links pay to performance and concluded that it does. Subsequently, the Compensation Committee increased Mr. Gatoff's annual base compensation to \$350,000 based on its view that Mr. Gatoff's compensation and benefits arrangements were within the range of Chief Executive Officer compensation, benefit and perquisite practices then found in other public companies as well as the overall performance of the Company. On November 1, 2012 the Company amended its employment agreement with Mr. Lorber by extending the term of the employment agreement from December 31, 2012 to December 31, 2017 and increasing the base compensation of Mr. Lorber to \$600,000 per annum. In addition, Mr. Lorber received a grant of 50,000 shares of restricted stock subject to vesting. In establishing the increase in the base salary to be paid to Mr. Lorber pursuant to his employment agreement and granting the restricted stock, the Compensation Committee was of the view that Mr. Lorber's compensation and benefits arrangements, as set forth in his employment agreement, were within the range of executive compensation, benefit and perquisite practices then found in other public companies. The Compensation Committee then evaluated the amount of the short-term components of our executive compensation program for the other NEOs by determining the compensation payable to the other NEOs and other executives relative to that payable to Messrs. Gatoff and Lorber and taking into consideration that the base salary for certain NEOs is established by contract.

Current Executive Compensation Program Elements

We currently have employment agreements in place for four of our NEOs Eric Gatoff, Howard M. Lorber, Wayne Norbitz and Donald L. Perlyn each of which is described in further detail below in the context of this section. There is no employment agreement in effect for Ronald G. DeVos.

Eric Gatoff. On December 15, 2006, the Company entered into an employment agreement with Eric Gatoff pursuant to which Mr. Gatoff was appointed as Chief Executive Officer effective January 1, 2007.

TABLE OF CONTENTS

Under the terms of the agreement, Mr. Gatoff agreed to serve as Chief Executive Officer effective from January 1, 2007, until December 31, 2008, which period shall extend for additional one-year periods unless either party delivers notice of non-renewal no less than 180 days prior to the end of the term then in effect. No such non renewal notice has been delivered to date.

Howard M. Lorber. On December 15, 2006, the Company entered into an employment agreement with Howard M. Lorber (the Lorber Agreement) pursuant to which Mr. Lorber was appointed as Executive Chairman of the Board of the Company effective January 1, 2007 through December 31, 2012. The agreement superseded Mr. Lorber's previous employment agreement. On November 1, 2012, the employment agreement with Mr. Lorber was extended to December 31, 2017.

Wayne Norbitz. In December 1992, we entered into an employment agreement with Wayne Norbitz for a term expiring on December 31, 1996. The employment agreement was extended through December 31, 1997, on the original terms and automatically renews for successive one year periods, unless 180 days prior written notice is delivered to Mr. Norbitz. No such non extension notice has been delivered to date.

Donald L. Perlyn. On November 16, 2007, the Company and Donald L. Perlyn entered into an employment agreement for a term expiring on September 30, 2008. The term of the agreement automatically extends for successive one-year periods unless 180 days prior written notice is delivered by one party to the other. No such non extension notice has been delivered to date. On February 13, 2013, Mr. Perlyn advised the Company that he was retiring as an employee of the Company effective February 12, 2014. As a result, the Company and Mr. Perlyn agreed to amend Mr. Perlyn's employment contract to extend the expiration of Mr. Perlyn's employment term from September 30, 2013 until February 12, 2014.

Base Salaries

Salary is one of the main components of cash compensation and fits into our overall compensation objectives by providing a base for attracting and retaining significant contributors to the Company and by establishing a stable level of compensation upon which our executives may rely. Our goal is to pay to our executives a base salary that is sufficient to attract and retain them. The Compensation Committee has determined that structuring the Company's compensation program to place a significant emphasis on base salaries, which are fixed, mitigates the potential for inappropriate or excessive risk-taking by executive officers.

For the four NEOs with employment agreements, base salaries are determined in accordance with the terms of such agreements. The base salaries reflected in the employment agreements for Messrs. Gatoff and Lorber were initially established by the Compensation Committee in consultation with the Company's outside compensation consulting firm. The base salary initially payable to each of Messrs. Norbitz and Perlyn pursuant to his respective employment agreement was the product of arms-length negotiations at the time his employment commenced, which base salary has been increased by the Compensation Committee in consultation with our Executive Chairman and our Chief Executive Officer. The base salary of Mr. DeVos is determined annually by the Compensation Committee in consultation with our Executive Chairman and our Chief Executive Officer, taking into consideration his role and responsibility within our Company, as well as his experience and prior performance. In addition, the base salaries of all of our NEOs are reviewed annually by the Compensation Committee, which may make adjustments for cost-of-living increases and to reward performance.

The base salary that was paid to each NEO in fiscal 2013 is the amount reported for such officer in the designated column of the Summary Compensation Table.

Annual Bonuses

In determining the amount of any annual bonus payable to each of our NEOs, the Compensation Committee evaluates such NEO's performance measured against Nathan's achievement of its financial and operating objectives.

21

TABLE OF CONTENTS

Nathan's financial objectives include:

increasing each of revenues, profits from continuing operations, pre-tax cash flow, net income and earnings per share;
managing cash balances; and
controlling corporate general and administrative expenses.

There are also operating objectives that are specific to the Company's individual revenue centers (i.e., Company-owned restaurants, franchising, the Branded Product Program and retail licensing), all of which are designed to increase revenue and profit, as follows:

the level of sales at and cash contribution from Company-owned restaurants;
the number of new franchised and Branded Menu locations;
the amount of franchise fees and royalties earned from franchised and Branded Menu locations;
the level of sales and tonnage of products sold through the Branded Product Program;
the number of new Branded Product locations;
controlling the cost of goods sold through the Branded Product Program;
the amount of license royalties earned through the retail licensing program; and
the ability to control revenue-center specific overhead expenses.

Pursuant to Mr. Gatoff's employment agreement, as amended, the amount of his bonus is established by the Compensation Committee after considering the recommendation of the Executive Chairman of the Board based on Mr. Gatoff's performance measured against the Company's financial, strategic and operating objectives, including objectives that may not be realized until future periods, as described above. The Compensation Committee also takes into consideration Mr. Gatoff's efforts related to the Company's risk management.

Mr. Lorber's current employment agreement does not provide for a contractually-required bonus. Nevertheless, since Mr. Lorber is eligible for participation in the Company's executive bonus program, the Compensation Committee may award bonuses to Mr. Lorber from time to time as it deems appropriate.

The payment and amount of any bonus paid to the other NEOs is discretionary and is based on a determination of the Compensation Committee following its evaluation of the NEO's performance. In making its determination regarding the amount of the bonus payable to Messrs. Norbitz, Perlyn and DeVos, the Compensation Committee considers the recommendations of our Executive Chairman and our Chief Executive Officer, as well as any factors that it deems to be appropriate. In arriving at the bonuses paid in respect of fiscal 2013, the Compensation Committee took into consideration Nathan's performance in light of current economic conditions. In the case of Mr. Norbitz, the Compensation Committee also considered the performance of the Company-owned restaurants and the amount of franchise fees and royalties earned from franchised locations as well as his efforts on behalf of the Company in the aftermath of Hurricane Sandy in arriving at the bonus paid in respect of fiscal 2013. In the case of Mr. Perlyn, the Compensation Committee considered the performance of the Branded Product Program in arriving at the bonus paid in respect of fiscal 2013. In the case of Mr. DeVos, in arriving at the bonus paid in respect of fiscal 2013, in addition to the Company's financial objective of managing general and administrative expense, the Compensation Committee considered Mr. DeVos' efforts related to risk management and the implementation and maintenance of internal controls, including those controls required in connection with the Company's compliance with the Sarbanes-Oxley Act of 2002 (SOX).

Equity-Based Compensation

The Compensation Committee has periodically granted equity awards under Nathan's stock incentive and stock option plans. The Compensation Committee does not use constant criteria in the granting of equity compensation. The Compensation Committee makes a subjective determination of the effectiveness of each NEO and the extent of his

contributions to our success, taking into consideration each NEO's responsibilities,

TABLE OF CONTENTS

his performance during prior years and his expected future contribution to Nathan's performance and, based on that determination, may reward an executive through an award of equity compensation. Grants of equity awards are also designed to link an increase in stockholder value to compensation. Through the use of stock awards, an increase in stock price will result in an increase in value for the grantee, which ties an increase in stockholder value to our executives' compensation.

Historically, the form of stock awards available for grant was limited to stock options or restricted stock. However, under the 2010 Stock Incentive Plan, employees may receive grants of stock options, restricted stock, or restricted stock units, stock appreciation rights and other stock-based awards. At March 31, 2013, an aggregate of 343,500 shares were available for grants of options or stock appreciation rights or 244,844 shares were available for grants of restricted stock or restricted stock units under the Nathan's 2010 Stock Incentive Plan. In addition, in the event that option or restricted stock grants under the 2001 Stock Option Plan or the 2002 Stock Incentive Plan that were outstanding as of July 19, 2010 subsequently expire unexercised, or are otherwise forfeited, Nathan's may also grant awards under the 2010 Stock Incentive Plan for up to a maximum 100,000 additional options or 31,250 additional restricted stock or restricted stock units. Restricted stock and restricted stock units will be subject to such restrictions as the Board or Compensation Committee may impose. Under the terms of the 2010 Stock Incentive Plan, the term of any stock options may be no more than five years. The term of an option is determined at the time of grant. The purchase price of the shares of common stock subject to each option granted is not less than 100% of the fair market value of our Common Stock at the date of grant.

In addition to the 2010 Stock Incentive Plan, which is the only equity incentive plan under which awards may be issued, the Company currently has two other stock option plans (the 2001 Stock Option Plan and the 2002 Stock Incentive Plan) under which options are outstanding. All of our stock plans provide that the Compensation Committee may adjust the number of shares under outstanding awards and for which future awards may be granted in the event of reorganization, stock split, reverse split, stock dividend, exchange or combination of shares, merger or any other change in capitalization. The participants in these plans are officers, directors and employees of, or consultants to, Nathan's and its subsidiaries or affiliates. See Equity Plan Information.

In reviewing the form of stock compensation granted to any or all eligible participant(s), the Compensation Committee has historically considered a variety of important administrative and technical factors, including, but not limited to: (1) the overall availability of shares under the stock compensation plan; (2) the additional stockholder dilution effects of shares granted under the plan; (3) the number of stock options and restricted shares currently outstanding under the current plans and all previous plans (individually and in the aggregate); (4) the number of options or restricted shares previously vested and/or exercised (individually and in the aggregate); (5) the overall compensation expense and current accounting impact to Nathan's of any past or future grants; and (6) the applicable Company and employee tax implications of any such grant. The Compensation Committee intends to consider the same administrative and technical factors in determining the form of stock compensation (options, stock appreciation rights, restricted stock or restricted stock units) to be used for future grants.

In November 2012, the Compensation Committee awarded 50,000 shares of restricted stock to Howard M. Lorber, both to recognize Mr. Lorber's efforts during fiscal 2013 and prior years and to induce Mr. Lorber to remain as the Company's Executive Chairman during the restricted stock options' four-year vesting period. On June 4, 2013, the Compensation Committee awarded 25,000 shares of restricted stock to Eric Gatoff both to recognize Mr. Gatoff's efforts during fiscal 2013 and prior years and to induce Mr. Gatoff to remain as the Company's Chief Executive Officer during the restricted stock five-year vesting period. The Compensation Committee believes that the use of these awards encourages executives to continue to use their best professional skills and to remain in Nathan's employ.

Retirement Benefits and Deferred Compensation Opportunities

401(k) Savings Plan

We sponsor a retirement plan intended to be qualified under Section 401(k) of the Internal Revenue Code of 1986. Our NEOs participate in this program on the same terms as our other employees. All non union employees over age 21 who have been employed by us for at least one year are eligible to participate in the

23

TABLE OF CONTENTS

plan. Employees may contribute to the plan on a tax-deferred basis up to 20% of their total annual salary, but in no event more than the maximum permitted by the Internal Revenue Code (\$23,000 in calendar 2013), including \$5,500 catch up contributions for employees 50 and over). Company contributions are discretionary. For the plan year ended December 31, 2012, we elected to make matching contributions at the rate of \$.25 per dollar contributed by each employee on up to 3% of the employee's total salary, vesting at the cumulative rate of 20% per year of service starting one year after commencement of service and, accordingly, after six years of an employee's service with us, matching contributions are fully vested. As of March 31, 2013, approximately 49 employees had elected to participate in the plan. For the fiscal year ended March 31, 2013, we contributed approximately \$31,000 to the 401(k) plan, of which \$2,237 was a matching contribution for Mr. Norbitz and \$1,618 was a matching contribution for Mr. DeVos.

Deferred compensation, through both employer and employee contributions to the Nathan's 401(k) plan, is a tax-advantaged means of providing the NEOs with additional compensation that supplements their base salaries and bonus opportunities.

Perquisites

In addition to base salaries and annual bonus opportunities, Nathan's provides the NEOs with certain perquisites. We believe that certain perquisites are often a tax-advantaged way to provide the NEOs with additional annual compensation that supplements their base salaries and bonus opportunities. When determining each NEO's base salary, either by contract or otherwise, we take into consideration the value of each NEO's perquisites. Perquisites did not constitute a material portion of the compensation paid to our NEOs for fiscal 2013. We provide our NEOs with limited perquisites and personal benefits that we and the Compensation Committee believe are consistent with our executive compensation philosophy and objectives.

The Compensation Committee believes the perquisites provided to our NEOs for fiscal 2013—which included auto and gas allowances and insurance, as reported in the All Other Compensation column of the Summary Compensation Table below, and are further described in the All Other Compensation table following the Summary Compensation Table—are reasonable and consistent with our past practices.

Severance and Other Benefits Upon Termination of Employment

The Company's policy is to provide certain NEOs with employment agreements with certain payments in the event of the termination of their employment prior to the end of their current employment term due to death, disability or other than for cause (as defined in their respective employment agreements). Nathan's selected such events because they are standard termination triggers in employment contracts. Nathan's determined that its failure to provide such standard termination provisions would adversely affect its ability to attract and retain those NEOs and achieve its compensation objectives.

Please see the Potential Payments Upon Termination or Change-in-Control section below for a description of the potential payments that may be made to the NEOs in connection with their termination of employment on a change in control.

Stock Ownership Guidelines

In June 2009, the Board of Directors adopted a Stock Retention Plan. Pursuant to the Stock Retention Plan, at the time that any officer or director exercises a stock option, he will be required to retain 33 1/3% of the total number of option shares then-issued. In addition, officers and directors are required to retain 33 1/3% of the shares owned on the date of

adoption of the Stock Retention Plan. Notwithstanding the terms of the Stock Retention Plan, the Board may determine to waive the requirement that shares be retained under certain circumstances.

Tax and Accounting Implications

Section 162(m) of the Internal Revenue Code limits the deductibility by Nathan's of cash compensation in excess of \$1 million paid to the Chief Executive Officer and the four highest compensated executive officers during any taxable year, unless such compensation meets certain requirements. Base compensation paid to executive officers for fiscal 2013 was within the \$1 million Section 162(m) threshold and should, therefore, also be deductible by Nathan's.

24

TABLE OF CONTENTS

Stock incentives granted under Nathan's existing plans are intended to comply with the rules under Section 162(m) for treatment as performance-based compensation. Nathan's should be allowed to deduct compensation related to options granted under each of its stock incentive plans and the formula portion of the cash bonuses.

The Lorber Agreement has contained an excise tax gross-up provision since 2006, the time that Company first entered into that agreement. The Compensation Committee's current policy is that executives should be responsible for the taxes payable by them with respect to their compensation. However, the Lorber Agreement has contained an excise tax gross-up provision since 2006, the time the Company first entered into that agreement, and accordingly, the Compensation Committee deemed it appropriate to continue such provision when it approved the amendment to Mr. Lorber's employment contract. In addition, in unusual circumstances where the Compensation Committee believes that accommodations have to be made to recruit or retain an executive to become or remain employed by the Company, as the case may be, reimbursement for taxes payable may be included in contracts; but even in those circumstances, the gross ups will be limited to payments triggered by both a change in control and termination of employment and will be subject to a three-year sunset provision.

Compensation Committee Report

Nathan's Compensation Committee has certain duties and powers as described in its charter. SUMMARY COMPENSATION TABLE

Our fiscal year ends on the last Sunday in March, which results in a 52 or 53 week year. The fiscal year ended March 31, 2013 was on the basis of a 53 week period. Each of the fiscal years ended March 25, 2012 and March 27, 2011 were on the basis of a 52 week reporting period. Salaries reflect the number of weeks in the reporting period.

(2) On June 6, 2011, the Compensation Committee granted options to the NEOs as follows:

Name and Title	Number of Shares under Option
Eric Gatoff, <i>Chief Executive Officer</i>	50,000
Ronald G. DeVos, <i>VP Finance and CFO</i>	12,500
Howard M. Lorber, <i>Executive Chairman</i>	25,000
Wayne Norbitz, <i>President and COO</i>	15,000
Donald L. Perlyn, <i>Executive Vice President</i>	10,000

These options were granted pursuant to our 2010 Stock Incentive Plan in recognition of the recipient's performance during fiscal 2011 and prior years and to incentivize them to remain in our employ during the ensuing four-year option vesting period. The vesting of the options is not subject to any performance conditions, but the recipients must be employed by us at the time of vesting in order for the options to vest. The amounts shown represent the aggregate grant date fair value of stock options granted during fiscal 2012, determined in accordance with FASB ASC Topic 718. The valuation assumptions used in determining such amounts are described in Note K to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended March 31, 2013.

TABLE OF CONTENTS

The amounts set forth in this column represent the dollar amount of compensation paid or accrued in fiscal year 2013 by each of our NEOs which is not reported in any of the columns of this Summary Compensation Table to the left of this column. Please see the All Other Compensation Table below for a more detailed explanation of the compensation earned by each NEO which comprises the aggregate amounts disclosed in this column.

(4) On November 1, 2012, the Compensation Committee granted 50,000 shares of restricted stock to Mr. Lorber. The restricted stock was granted pursuant to our 2010 Stock Incentive Plan in recognition of Mr. Lorber's performance during fiscal 2013 and prior years and to incentivize him to remain as our Executive Chairman during the ensuing four-year option vesting period. The vesting of the restricted stock is not subject to any performance conditions, but the recipient must be employed by us at the time of vesting in order for the options to vest. The amounts shown represent the aggregate grant date fair value of stock options granted during fiscal 2013, determined in accordance with FASB ASC Topic 718. The valuation assumption used in determining such amounts is based on a closing price of \$29.29 per share on the date of grant.
