

As of the date of this prospectus supplement, the aggregate market value of our outstanding ordinary shares held by non-affiliates was approximately \$3,543,649 based on 3,981,811 outstanding ordinary shares, of which 1,908,608 are held by non-affiliates, and a per share price of \$5.57, which was the last reported price on the Nasdaq Capital Market of our ordinary shares on November 13, 2013. We have not sold any securities pursuant to General Instruction I.B.6. of Form S-3 during the prior 12 calendar month period that ends on and includes the date of this prospectus supplement.

We have retained FT Global Capital, Inc. to act as the exclusive placement agent to use its best efforts to solicit offers from investors to purchase the securities in this offering. The placement agent has no obligation to buy any securities from us or to arrange for the purchase or sale of any specific number or dollar amount of securities. The placement agent is not purchasing or selling any ordinary shares or warrants in this offering. We will pay the placement agent a fee equal to the sum of 8% of the aggregate purchase price paid by investors placed by the placement agent. Additionally, we will issue to the placement agent warrants to purchase 54,650 ordinary shares on substantially the same terms as the warrants sold in this offering except that they will not be exercisable for a period of six months and will expire three years from the initial exercise date.

Assuming we complete the maximum offering, the net proceeds to us from this offering will be approximately \$2.1 million. We expect to deliver the shares and warrants to the purchasers on or before November 29, 2013.

Investing in our securities involves a high degree of risk. You should purchase our securities only if you can afford a complete loss of your investment. See “Risk Factors” beginning on page S-5 of this prospectus supplement.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

Placement agency fees	\$ 0.344	\$187,996

FT Global Capital, Inc. is acting as the exclusive placement agent in this offering. PROSPECTUS SUPPLEMENT SUMMARY

The following summary highlights selected information contained or incorporated by reference in this prospectus. This summary does not contain all of the information you should consider before investing in the securities. Before making an investment decision, you should read the entire prospectus and any supplement hereto carefully, including the risk factors section as well as the financial statements and the notes to the financial statements incorporated herein by reference.

In this prospectus and any amendment or supplement hereto, unless otherwise indicated, the terms “Recon Technology Ltd.”, “RCON”, the “Company”, “we”, “us”, and “our” refer and relate to Recon Technology Ltd. and its consolidated subsidiaries.

Our Company

We are a provider of hardware, software, and on-site services to companies in the petroleum mining and extraction industry in China (“PRC”). We provide services designed to automate and enhance the extraction of petroleum. To this end, we control by contract the PRC companies of BHD and Nanjing Recon (collectively, the “Domestic Companies”).

We are the center of strategic management, financial control and human resources allocation for the Domestic Companies. Through our contractual relationships with the Domestic Companies, we provide equipment, tools and other hardware related to oilfield production and management, and develop and sell our own specialized industrial automation control and information solutions. However, we do not engage in the production of petroleum or petroleum products.

We believe that one of the most important advancements in China’s petroleum industry has been the automation of significant segments of the exploration and extraction process. The Domestic Companies’ and our automation products and services allow petroleum mining and extraction companies to reduce their labor requirements and improve the productivity of oilfields. The Domestic Companies’ and our solutions allow our customers to locate productive oilfields more easily and accurately, improve control over the extraction process, increase oil yield efficiency in tertiary stage oil recovery, and improve the transportation of crude oil.

Risk factors

Investing in our securities involves a high degree of risk. For a discussion of factors you should consider carefully before deciding to invest in our ordinary shares and warrants, see the information contained in or incorporated by reference under the heading “Risk Factors” beginning on page S-5 of this prospectus supplement, on page 4 of the accompanying prospectus, in our Annual Report on Form 10-K for the fiscal year ended June 30, 2013 and in the other documents incorporated by reference into this prospectus supplement.

- 182,362 ordinary shares reserved for future issuance under our Equity Compensation Plan; and

S-3

RISK FACTORS

Before you make a decision to invest in our securities, you should consider carefully the risks described below, together with other information in this prospectus supplement, the accompanying prospectus and the information incorporated by reference herein and therein. If any of the following events actually occur, our business, operating results, prospects or financial condition could be materially and adversely affected. This could cause the trading price of our common stock to decline and you may lose all or part of your investment. The risks described below are not the only ones that we face. Additional risks not presently known to us or that we currently deem immaterial may also significantly impair our business operations and could result in a complete loss of your investment.

RISKS RELATED TO THIS OFFERING

Since we have some discretion in how we use the proceeds from this offering, we may use the proceeds in ways with which you disagree.

We have not allocated specific amounts of the net proceeds from this offering for any specific purpose. Accordingly, subject to any agreed upon contractual restrictions under the terms of the SPA, our management will have some flexibility in applying the net proceeds of this offering. You will be relying on the judgment of our management with regard to the use of these net proceeds, and subject to any agreed upon contractual restrictions under the terms of the purchase agreement, you will not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately. It is possible that the net proceeds will be invested in a way that does not yield a favorable, or any, return for us. The failure of our management to use such funds effectively could have a material adverse effect on our business, financial condition, operating results and cash flow.

There is no minimum offering amount required to consummate this offering.

There is no minimum offering amount which must be raised in order for us to consummate this offering. Accordingly, the amount of money raised may not be sufficient for us to meet our business objectives. Moreover, if only a small amount of money is raised, all or substantially all of the offering proceeds may be applied to cover the offering expenses and we will not otherwise benefit from the offering. In addition, because there is no minimum offering amount required, investors will not be entitled to a return of their investment if we are unable to raise sufficient proceeds to meet our business objectives.

You will experience immediate dilution in the book value per share of the common stock you purchase.

Because the price per share of our common stock being offered is substantially higher than the book value per share of our common stock, you will suffer substantial dilution in the net tangible book value of the common stock you purchase in this offering. After giving effect to the sale by us of 546,500 shares of common stock in this offering, and based on a public offering price of \$4.30 per ordinary share and a net tangible book value per share of our common stock of \$3.68 as of September 30, 2013, without giving effect to the potential exercise of the warrants being offered by this prospectus supplement, if you purchase securities in this offering, you will suffer immediate and substantial dilution of \$0.58 per share in the net tangible book value of the common stock purchased. See “Dilution” on page S-5 for a more detailed discussion of the dilution you will incur in connection with this offering.

There is no public market for the warrants to purchase common stock in this offering.

There is no established public trading market for the warrants being offered in this offering, and we do not expect a market to develop. In addition, we do not intend to apply to list the warrants on any securities exchange. Without an active market, the liquidity of the warrants will be limited.

S-4

USE OF PROCEEDS

We intend to use the net proceeds from this offering for working capital and other general corporate purposes, including working capital and other general corporate purposes, including acquisition of complementary assets or businesses, provided that none of such proceeds will be used, directly or indirectly, (i) for the satisfaction of any of our debt (other than (I) payment of trade payables incurred after the date hereof in our ordinary course of business and consistent with prior practices and (II) the purchase of any of the securities sold in this offering), (ii) for the redemption of any of our securities; or (iii) with respect to any litigation involving us (including, without limitation, (x) any settlement thereof or (y) the payment of any costs or expenses related thereto).

DILUTION

Purchasers of our ordinary shares offered by this prospectus supplement and the accompanying prospectus will experience an immediate dilution in the net tangible book value of their ordinary shares from the offering price of the ordinary shares. The net tangible book value of our ordinary shares as of September 30, 2013 was approximately \$14,562,882 or \$3.68 per share. Net tangible book value per share of our ordinary shares is equal to our net tangible assets (tangible assets less total liabilities) divided by the number of ordinary shares issued and outstanding as of September 30, 2013.

Dilution per share represents the difference between the public offering price per share of our ordinary shares and the adjusted net tangible book value per share of our ordinary shares after giving effect to this offering. After reflecting the sale of 546,500 ordinary shares offered by us at the public offering price of \$4.30 per share, less placement agent fee and estimated offering expenses, our adjusted net tangible book value per share of our ordinary shares as of September 30, 2013 would have been \$16,865,832 or \$3.72 per share. The change represents an immediate increase in net tangible book value per share of our ordinary shares of \$0.04 per share to existing stockholders and an immediate dilution of \$0.58 per share to new investors purchasing the ordinary shares in this offering. The following table illustrates this per share dilution:

Public offering price per share	\$4.30
Net tangible book value per share as of September 30, 2013	\$3.68
Increase per share attributable to new investors	\$0.04
Adjusted net tangible book value per share as of September 30, 2013	\$3.72
Dilution per share to new investors	\$0.58

Unless specifically stated otherwise, the information in this prospectus supplement excludes:

- 608,000 ordinary shares issuable upon the exercise of outstanding stock options under our Equity Compensation Plan with a weighted-average exercise price of \$3.925 per share;

- 182,362 ordinary shares reserved for future issuance under our Equity Compensation Plan; and

218,600 ordinary shares issuable upon the exercise of warrants to be issued in this offering (including warrants issued to the placement agent), at a per share exercise price of \$5.38.

To the extent that any of these outstanding options or warrants are exercised, there will be further dilution to new investors.

S-5

DESCRIPTION OF SECURITIES TO BE REGISTERED

Ordinary Shares

For a description of the Ordinary Shares being offered hereby, please see “Description of Shares Capital” in the accompanying prospectus.

Warrants

The material terms and provisions of the warrants being offered pursuant to this prospectus supplement and being issued to the investors and placement agent (with some exceptions noted below) are summarized below. The form of warrant will be provided in this offering and will be filed as an exhibit to a Current Report on Form 8-K with the SEC in connection with this offering.

The warrants to be issued to the investors will have an exercise price of \$5.38 per share of our ordinary shares. The warrants are exercisable on or after the date of issuance and will terminate on the third anniversary of the date of issuance. The exercise price and number of ordinary shares issuable upon exercise is subject to appropriate adjustment upon the occurrence of certain events, including, but not limited to, stock dividends or splits, business combination, sale of assets, similar recapitalization transactions, or other similar transactions. In addition, the exercise price of the warrants is subject to an adjustment in the event that we issue or are deemed to issue ordinary shares for less than the applicable exercise price of the warrant.

There is no established public trading market for the warrants, and we do not expect a market to develop. We do not intend to apply to list the warrants on any securities exchange. Without an active market, the liquidity of the warrants will be limited.

Holders of the warrants may exercise their warrants to purchase ordinary shares on or before the termination date by delivering an exercise notice, appropriately completed and duly signed. Following each exercise of the warrants, the holder is required to pay the exercise price for the number of shares for which the warrant is being exercised in cash. A holder of the warrants also will have the right to exercise its warrants on a cashless basis if the registration statement or prospectus contained therein is not available for the issuance of the ordinary shares issuable upon exercise thereof. Warrants may be exercised in whole or in part, and any portion of a warrant not exercised prior to the termination date shall be and become void and of no value. The absence of an effective registration statement or applicable exemption from registration does not alleviate our obligation to deliver ordinary shares issuable upon

exercise of a warrant.

Upon the holder's exercise of a warrant, we will issue the ordinary shares issuable upon exercise of the warrant within three trading days of our receipt of notice of exercise, subject to receipt of payment of the aggregate exercise price therefor.

The ordinary shares issuable on exercise of the warrants are duly and validly authorized and will be, when issued, delivered and paid for in accordance with the warrants, issued and fully paid and non-assessable. We will authorize and reserve at least that number of ordinary shares equal to the number of ordinary shares issuable upon exercise of all outstanding warrants.

If, at any time a warrant is outstanding, we consummate any fundamental transaction, as described in the warrants and generally including any consolidation or merger into another corporation, or the sale of all or substantially all of our assets, or other transaction in which our ordinary shares is converted into or exchanged for other securities or other consideration, the holder of any warrants will thereafter receive, the securities or other consideration to which a holder of the number of ordinary shares then deliverable upon the exercise or exchange of such warrants would have been entitled upon such consolidation or merger or other transaction. Additionally, in the event of a fundamental transaction, each warrant holder will have the right to require us, or our successor, to repurchase the warrants for an amount equal to the Black-Scholes value of the remaining unexercised portion of the warrant on the terms set forth in the warrant.

S-6

The exercisability of the warrants may be limited in certain circumstances if, after giving effect to such exercise, the holder or any of its affiliates would beneficially own (as determined pursuant to Section 13(d) of the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder) more than 4.9% of our ordinary shares.

THE HOLDER OF A WARRANT WILL NOT POSSESS ANY RIGHTS AS A STOCKHOLDER UNDER THAT WARRANT UNTIL THE HOLDER EXERCISES THE WARRANT. THE WARRANTS MAY BE TRANSFERRED INDEPENDENT OF THE ORDINARY SHARES WITH WHICH THEY WERE ISSUED, SUBJECT TO APPLICABLE LAWS.

PLAN OF DISTRIBUTION

Placement Agency Agreement and SPA

FT Global Capital, Inc., which we refer to as the placement agent, has agreed to act as the exclusive placement agent in connection with this offering subject to the terms and conditions of a placement agency agreement dated as of October 18, 2013. The placement agent is not purchasing or selling any securities offered by this prospectus supplement, nor is it required to arrange the purchase or sale of any specific number or dollar amount of securities, but it has agreed to use its reasonable efforts to arrange for the sale of all of the securities offered hereby.

We have entered into a Securities Purchase Agreement on November 25, 2013 (the “Original Securities Purchase Agreement”) and will enter into an Amendment and Release which will amend the Original Securities Purchase Agreement on November 29, 2013 (together with the Original Securities Purchase Agreement, the “SPA”). Pursuant to the SPA, we will sell to the purchasers 546,500 ordinary shares of our common stock and warrants to initially purchase up to 163,950 ordinary shares, at a price of \$4.30 per ordinary share. No securities were sold pursuant to the Original Securities Purchase Agreement. We negotiated the price for the securities offered in this offering with the purchasers. The factors considered in determining the price included the recent market price of our common stock, the general condition of the securities market at the time of this offering, the history of, and the prospects, for the industry in which we compete, our past and present operations, and our prospects for future revenues.

The placement agent may be deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act, and any fees or commissions received by it and any profit realized on the resale of securities sold by it while acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. As an underwriter, the placement agent is required to comply with the requirements of the Securities Act and the Exchange Act, including, without limitation, Rule 415(a)(4) under the Securities Act and Rule 10b-5 and Regulation M under the Exchange Act. These rules and regulations may limit the timing of purchases and sales of ordinary shares and

warrants by the placement agent. Under these rules and regulations, the placement agent:

- may not engage in any stabilization activity in connection with our securities; and
- may not bid for or purchase any of our securities or attempt to induce any person to purchase any of our securities, other than as permitted under the Exchange Act, until it has completed its participation in the distribution.

From time to time in the ordinary course of their respective businesses, the placement agent or its affiliates have in the past or may in the future engage in investment banking and/or other services with us and our affiliates for which it has or may in the future receive customary fees and expenses.

Under the SPA, we will be precluded from engaging in equity or equity-linked securities offerings for a period of 60 trading days from closing of the offering, subject to certain exceptions.

In addition, we also agreed with the purchasers that while the warrants are outstanding, we will not effect or enter into an agreement to effect a “Variable Rate Transaction,” which means a transaction in which we:

issue or sell any convertible securities either (A) at a conversion, exercise or exchange rate or other price that is based upon and/or varies with the trading prices of, or quotations for, the shares of our common stock at any time after the initial issuance of such convertible securities, or (B) with a conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such convertible securities or upon the occurrence of specified or contingent events directly or indirectly related to our business or the market for our common stock, other than pursuant to a customary “weighted average” anti-dilution provision; or

enter into any agreement (including, without limitation, an “equity line of credit”) whereby we may sell securities at a future determined price (other than standard and customary “preemptive” or “participation” rights).

We agreed with the purchasers that, subject to certain exceptions, if we issue securities within the 12 months following the closing of this offering, the purchasers shall have the right to purchase 50% of the securities on the same terms, conditions and price provided for in the proposed issuance of securities.

We also agreed to indemnify the purchasers against certain losses resulting from our breach of any of our representations, warranties, or covenants under agreements with the purchasers as well as under certain other circumstances described in the SPA.

Placement Agent Fees

We have agreed to pay the placement agent upon the closing of this offering (1) a cash fee equal to 8% of the aggregate purchase price of the securities offered under this prospectus supplement and accompanying prospectus; and (2) to the extent permitted pursuant to FINRA Rule 5110(f)(K), a cash fee equal to 8% of the cash proceeds received from a cash exercise of the warrants offered under this prospectus supplement and accompanying prospectus. In addition, we agreed to pay additional compensation in the form of warrants to purchase 54,650 ordinary shares. Under the placement agent agreement, the placement agent is also entitled to additional tail compensation for any financings consummated within the twelve month period following the closing date of this offering to the extent that such financing is provided to us by investors that the placement agent had introduced to us.

The warrant issuable to the placement agent shall generally be on the same terms and conditions as the warrants sold in this offering, except that the placement agent warrants shall not be exercisable for a period of six months and shall expire on the third anniversary after the warrants are first exercisable. Pursuant to FINRA Rule 5110(g), with limited exceptions, neither the placement agent warrants nor any of the ordinary shares issued upon exercise of the placement agent warrants shall be sold, transferred, assigned, pledged, or hypothecated, or be the subject of any hedging, short sale, derivative, put, or call transaction that would result in the effective economic disposition of the securities by any person for a period of 180 days immediately following the date of effectiveness or commencement of sales in this offering.

Because there is no minimum offering amount in this offering, the actual total placement agent fees are not presently determinable.

We have agreed to indemnify the placement agent and certain other persons against certain liabilities, including liabilities under the Securities Act of 1933, as amended. We also have agreed to contribute to payments the placement agent may be required to make in respect of such liabilities.

After deducting fees due to the placement agent and our estimated offering expenses, we expect the net proceeds from this offering to be approximately \$2.1 million assuming completion of the maximum offering.

DISCLOSURE OF COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES LAW VIOLATIONS

Cayman Islands law and our Memorandum of Association and Articles of Association provide that we may indemnify our directors, officers, advisors and trustee acting in relation to any of our affairs against actions, proceedings, costs, charges, losses, damages and expenses incurred by reason of any act done or omitted in the execution of their duty in

their capacities as such. Under our Memorandum of Association and Articles of Association and Cayman Islands common law, indemnification is not available, however, if those events were incurred or sustained by or through their own dishonesty, fraud, gross negligence, willful neglect or default. While our Memorandum of Association and Articles of Association explicitly prohibit indemnification in cases involving willful neglect or default, the Cayman Island common law extends this prohibition to cases involving dishonesty, fraud and gross negligence.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
