(1) MAJOR TRANSACTION

**IN RELATION TO THE PURCHASE OF SEVENTY
AIRBUS A320NEO AIRCRAFT**

AND

(2) VOLUNTARY DISCLOSURE

IN RELATION TO THE SALE OF SEVEN AIRBUS A300-600 AIRCRAFT

MAJOR TRANSACTION

On 28 February 2014, the Company (as the purchaser) entered into the Purchase Agreement with Airbus SAS (as the seller) regarding the Acquisition.

The Acquisition constitutes a major transaction of the Company under the Listing Rules as applied by the Stock Exchange and is subject to the approval of the shareholders of the Company.

CEA Holding, which directly or indirectly holds approximately 64.35% of the issued share capital of the Company, does not have any interest or benefit under the Acquisition. No shareholder of the Company (including CEA Holding) would be required to abstain from voting at any general meeting of the Company, if convened, to approve the Acquisition.

The Acquisition has accordingly been approved in writing by CEA Holding pursuant to Rule 14.44 of the Listing Rules, and no general meeting of the Company is required to be convened.

The Company will issue and despatch to its shareholders the Circular as soon as possible but no later than 25 April 2014.

VOLUNTARY DISCLOSURE

This section is a voluntary disclosure made by the Company.

On 28 February 2014, the Company (as the seller) entered into the Disposal Agreement with Airbus SAS (as the purchaser) regarding the Disposal. The Disposal does not constitute a notifiable transaction under Chapter 14 of the Listing Rules.

THE PURCHASE AGREEMENT

On 28 February 2014, the Company (as the purchaser) entered into the Purchase Agreement with Airbus SAS (as the seller) regarding the Acquisition.

To the best knowledge, information and belief of the Directors having made all reasonable enquiry, Airbus SAS and its ultimate beneficial owner(s) are third parties independent of the Company and connected persons (as defined in the Listing Rules) of the Company, and are not connected persons of the Company.

Aircraft to be acquired : The Airbus Aircraft (i.e. seventy brand new Airbus A320NEO aircraft)

Consideration : The aircraft basic price of the Airbus Aircraft in aggregate is approximately USD6.37 billion (equivalent to approximately RMB38.984 billion) based on the relevant price catalog in 2012. Such aircraft basic price comprises the airframe price, engine price and optional features price.

The Purchase Agreement was negotiated and entered into in accordance with customary business and industry practice, under which Airbus SAS has granted to the Company substantive price concessions with regard to the Airbus Aircraft. Such price concessions were determined after arm's length negotiations between the Company and Airbus SAS and as a result, the Consideration is significantly lower than the aircraft basic price of the Airbus Aircraft mentioned above.

Based on the Consideration, the relevant "percentage ratio" calculated under Rule 14.07 of the Listing Rules at the material time is above 25% but less than 100%. Accordingly, the Acquisition constitutes a major transaction of the Company under the Listing Rules as applied by the Stock Exchange.

In respect of the Acquisition, the Company understands its disclosure obligations normally required under Chapter 14 of the Listing Rules, and has therefore on a number of occasions raised the issue with Airbus SAS in order to seek its consent to the Company's disclosing certain otherwise required information (including the Consideration) in this announcement and the Circular. Nonetheless, Airbus SAS, for business reasons and from a commercial perspective, did not accede to the Company's request in this respect, and insisted on the preservation of the confidentiality carried with such information to the extent possible. The Company has made an application to the Stock Exchange for, and has obtained from the Stock Exchange, a waiver from strict compliance with the relevant provisions (including Listing Rules 14.58(4) and 14.66(4)) under the Listing Rules in respect of the disclosure of the Consideration.

The Company confirms that the extent of the price concessions granted to the Company under the Purchase Agreement is comparable to price concessions granted to the Company under the 2012 Agreement. The price concessions granted to the Company under the Purchase Agreement will mainly affect the depreciation of aircraft in the future operation cost of the Company. The Company believes that the price concessions obtained by the Company under the Purchase Agreement have no material impact on the Company's future operating costs taken as a whole.

The Company has also taken into account the current economic environment, the industry performance and the Company's financial position, and considers that the extent of the price concessions granted to the Company under the Purchase Agreement are fair and reasonable and in the interests of its shareholders.

Payment terms and source of funding

The Consideration is payable by cash in United States dollars in installments, and is, as currently contemplated, being funded through the Company's working capital, bank loans from commercial banks and other sources of financing available to the Company.

Delivery

The Airbus Aircraft are expected to be delivered to the Company in stages from 2018 to 2020.

Reasons for entering into the Purchase Agreement and benefits expected to accrue to the Company

The Airbus Aircraft will primarily be used to satisfy the increasing demand for medium and short-haul passenger air transportation routes, to increase the Company's capacity in medium and short-haul passenger air transportation routes, and to enhance the routes network of the Company. The purchase of the Airbus Aircraft will further optimise the Company's fleet, reduce unit jet fuel consumption and unit operating cost of the Company and strengthen the Company's competitiveness in the civil aviation market.

Without considering the adjustments to be made to the aircraft fleet of the Company as a result of the market conditions and the age of the aircraft, the Acquisition will increase the ATKs of the Company by approximately 12.65% (based on the ATKs of the Company as at 31 December 2012).

As mentioned above, part of the Consideration is, as currently contemplated, being funded through bank loans from commercial banks. The Acquisition may therefore result in an increase in the Company's debt-to-equity ratio, but as the Consideration is payable by installments, it is not expected to have substantial impact on the Company's cash-flow position or its business operations.

The Acquisition has been approved by the Directors at the fifth ordinary meeting of the seventh session of the Board, and is subject to approval by the shareholders of the Company. The Acquisition is also subject to approval(s) by the relevant regulatory authority(ies) in the PRC in compliance with relevant regulatory requirements.

The Directors believe that the terms of the Purchase Agreement (including the price concessions under the Purchase Agreement) are fair and reasonable and in the interests of the Company's shareholders as a whole.

Major transaction : The Acquisition constitutes a major transaction of the Company under the Listing Rules as applied by the Stock Exchange and is subject to the approval of the shareholders of the Company.

CEA Holding, which directly or indirectly holds approximately 64.35% of the issued share capital of the Company, does not have any interest or benefit under the Acquisition. No shareholder of the Company (including CEA Holding) would be required to abstain from voting at any general meeting of the Company, if convened, to approve the Acquisition.

The Acquisition has accordingly been approved in writing by CEA Holding pursuant to Rule 14.44 of the Listing Rules, and no general meeting of the Company is required to be convened.

VOLUNTARY DISCLOSURE

This section is a voluntary disclosure made by the Company.

At the fifth ordinary meeting of the seventh session of the Board, the proposal in relation to the Disposal was considered and approved by the Directors. On 28 February 2014, the Company (as the seller) entered into the Disposal Agreement with Airbus SAS (as the purchaser) regarding the Disposal. The Disposal does not constitute a notifiable transaction under Chapter 14 of the Listing Rules.

The ATKs of the seven Airbus A300-600 aircraft in 2012 was approximately 406.89 million tonne kilometers, representing approximately 2.06% of the ATKs of the Company as of 31 December 2012. The Company expects to eliminate the seven Airbus A300-600 aircraft from its operation in 2014.

FURTHER INFORMATION

The Company and Airbus SAS : The Company is principally engaged in the business of civil aviation.

Airbus SAS, to the knowledge of the Directors, is principally engaged in the business of aircraft manufacturing and selling aircraft.

The Company will issue and despatch to its shareholders the Circular as soon as possible but no later than 25 April 2014. Under Rule 14.41(a) of the Listing Rules, the Company is required to despatch the Circular within 15 business days after publication of this announcement. The Company has made an application to the Stock Exchange for, and has obtained from the Stock Exchange, a waiver from strict compliance with the requirements under Rule 14.41(a) of the Listing Rules for the following key reasons:

1. The Company is heavily engaged in the preparation of the 2013 annual results of the Company in the next few weeks;

The Company expects to incur additional time in collating and finalising certain information (including financial information) for insertion in the Circular. Given that the Company has a large number of overseas offices, the work required to prepare the statement of indebtedness, working capital sufficiency statement and certain financial information in the Circular is expected to be time-consuming and extensive. As such, to require the Company to undertake this work within 15 business days after publication of this announcement would cause undue burden to the Company in terms of time, labour and cost, which would not be in the best interests of the Company and its shareholders;

Responses from certain parties to the Company's queries are expected to be delayed, such responses being needed to prepare certain information (such as the statement of indebtedness and working capital sufficiency statement) in the Circular.
