Item 7.01. Regulation FD Disclosure.

On December 21, 2015, Enbridge Energy Partners, L.P.'s ("**Enbridge**") and Enbridge Inc. issued a joint press release regarding the December 17, 2015 hearing in which the Minnesota Public Utilities Commission ("**Commission**") voted on several matters regarding the process to review the applications for a certificate of need and route permit for Enbridge's proposed Sandpiper pipeline and the Line 3 pipeline replacement project. The outcome of one of the Commission's votes, however, seems to contemplate the need to finalize an environmental impact statement for the Enbridge pipeline projects prior to, rather than contemporaneously with, the Commission addressing other required matters. If upheld in the final order, this requirement could potentially delay the completion dates of the pipelines beyond the dates originally anticipated by Enbridge.

Enbridge will not be in a position to fully assess the potential impact of the Commission votes until it has had an opportunity to review the formal written order, which is not expected to be released for approximately 30 to 60 days.

The above description of the press release is qualified in its entirety by reference to the complete text of the press release furnished as Exhibit 99.1 hereto, which is hereby incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.
