State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR or the transition report or portion thereof, could not be filed within the prescribed time period.

Francesca's Holdings Corporation (the "Company") requires additional time to complete its year-end closing procedures because the Company cannot timely complete its year-end closing procedures without unreasonable effort or expense while simultaneously undergoing its previously announced review of strategic and financial alternatives. Accordingly, the Company is not able to complete the preparation, review and filing of its Annual Report on Form 10-K for the fiscal year ended February 2, 2019 (the "Form 10-K") within the prescribed time period without unreasonable effort or expense. The Company expects to file its Form 10-K on or before May 3, 2019, which is the prescribed due date pursuant to this Form 12b-25.

☒ Yes ☐ No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal
year will be reflected by the earnings statements to be included in the subject report or portion thereof?

☒ Yes ☐ No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state
the reasons why a reasonable estimate of the results cannot be made.

Until the completion by the Company of its normal quarterly and year-end closing procedures for the quarter and
year ended February 2, 2019, the Company is unable to provide a reasonable estimate of its detailed results of
operations for the fourth quarter and fiscal year ended February 2, 2019. The Company is providing the following
preliminary estimated results, or range of estimated results, for the fourth quarter ended February 2, 2019:

Estimated net sales for the fourth quarter decreased 14% to \$119.3 million from \$138.5 million in the fourth quarter last year, reflecting a comparable sales decrease of 14% primarily resulting from boutique traffic declines in the low-teens.

Estimated adjusted diluted net loss per share for the fourth quarter is expected to be between (\$0.03) and (\$0.01). Estimated adjustments to diluted net loss per share include non-cash asset impairment charges and expenses associated with the Company's review of strategic and financial alternatives and the turnaround plan commenced in January 2019. The turnaround plan involves all functional areas of the Company and focuses on enhancements to its merchandise offerings, continued cost disciplines, improved productivity in its boutiques and the optimization of the lease expense structure for our existing boutiques. The estimated adjustments also include the stock-based compensation expense reversal associated with the resignation of the former Chief Executive Officer in February 2019. "See Non-GAAP Financial Information" below for more information.

- As of February 2, 2019, it is estimated that cash and cash equivalents were approximately \$20.1 million and the Company had \$10.0 million outstanding under its asset based lending ("ABL") revolving credit facility. As of April 6, 2019, it is estimated that cash and cash equivalents were approximately \$14.2 million and the Company had \$15.0 million outstanding under its ABL revolving credit facility with an estimated additional \$9.0 million in availability. Additionally, the Company expects to receive an IRS refund of \$8.4 million before the end of fiscal May 2019.

The foregoing estimated results will be furnished to the Securities and Exchange Commission (the "SEC") pursuant to Item 2.02 in the Company's Current Report on Form 8-K filed on April 18, 2019.

The Company's preliminary estimated results for its fiscal fourth quarter ended February 2, 2019 are preliminary and may change. As noted above, the Company has not completed its normal quarterly and year-end closing procedures for the quarter and year ended February 2, 2019 and there can be no assurance that final results for the quarter and year-end will not differ from the preliminary estimated results included herein, including as a result of year-end closing procedures and adjustments. In addition, these preliminary estimated results should not be viewed as a substitute for full interim or audited financial statements prepared in accordance with generally accepted accounting principles in the U.S. ("GAAP") that have been reviewed and/or audited by the Company's auditors.

Non-GAAP Financial Information

This Form 12b-25 includes estimated non-GAAP adjusted diluted loss per share, a non-GAAP financial measure. The Company believes this non-GAAP financial measure not only provides the Company's management with comparable financial data for internal financial analysis but also provides meaningful supplemental information to investors. Specifically, this non-GAAP financial measure allows investors to better understand the performance of the business and facilitate a meaningful evaluation of the Company's preliminary estimate for diluted loss per share for the fourth

quarter of fiscal year 2018. This non-GAAP measure should be considered a supplement to, and not as a substitute for or superior to, financial measures calculated in accordance with GAAP. No reconciliation of estimated non-GAAP adjusted diluted loss per share is provided in this Form 12b-25 because some of the excluded information is not yet ascertainable or accessible and the Company is unable to quantify certain amounts that would be required to be included in the most directly comparable GAAP financial measure without unreasonable efforts.

The Company undertakes no obligation to publicly update or revise any forward-looking statement.
