The annual retainer fee paid to such directors was \$75,000 and the annual fee for committee chairs was \$10,000 in 2005. Non-employee directors may defer any or all of their fees in the form of Stanley Common Stock or as cash accruing interest at the five-year treasury bill rate; a director is required to defer his or her fees, in the form of Stanley Common Stock, so long as he or she owns fewer than 7,500 shares. On April 27, 2005, each non-employee director of the company received 2,000 Restricted Stock Units with dividend equivalent rights.

Executive Compensation

Report of the Compensation and Organization Committee of the Board of Directors

The Compensation and Organization Committee of the Board of Directors (the "Committee") is composed of four non-employee directors, each of whom qualifies as an independent director under the New York Stock Exchange listing standards, a non-employee director under Rule 16b-3 under the Securities Exchange Act of 1934 and an "outside director" under Section 162(m) of the Internal Revenue Code. Section 162(m) denies a deduction for compensation in excess of \$1 million paid by a public corporation to its chief executive officer and four other mostly highly compensated executive officers if such compensation does not qualify as performance-based compensation. The Committee generally intends that future incentive compensation awarded to executive officers be structured to meet the requirements for performance-based compensation (including shareholder approval) under Section 162(m) of the Internal Revenue Code, although the Committee may in some circumstances determine that it is in Stanley's best interest to provide incentive compensation that does not meet these requirements.

The Committee approves the performance and award under the Management Incentive Compensation Program ("MICP") for the chief executive officer and the other executive officers. The Committee also approves the salaries for executive officers other than the CEO. The CEO's salary is determined in accordance with his employment agreement, which provides for a minimum salary of \$750,000, subject to an annual increase that may be made in the Committee's discretion. The Committee also administers the long-term incentive plans and makes awards under those plans, including stock option grants, restricted stock unit grants and performance awards.

Overview

In addition to providing the benefits under the company's pension and savings plans generally provided to all salaried employees in the United States and supplemental retirement arrangements, Stanley uses a number of elements in compensating its executives: salary, annual incentives, and long-term incentives, including stock options, restricted share units and performance awards. Stanley also provides the chief executive officer and the other four most highly compensated executives the compensation identified in column (i) of the summary compensation table on page 10. The Committee believes that the manner in which it compensates its executives results in a substantial portion of total compensation being at risk and appropriately relates to the achievement of increased shareholder value through profitable growth and efficient capital utilization.

Salaries

Stanley regularly participates in compensation surveys. In 2005, the Committee independently retained a compensation consultant to evaluate the competitiveness of compensation levels of the company's executive officers compared to those of organizations against which the company

competes for executive talent and services. Those organizations include the Peer Group reflected in the line graph on page 15 and similarly-sized general manufacturing companies. The consultant compared Stanley's salary, bonus and long-term incentive compensation levels with those offered by such organizations. Actual base salary approvals for 2006, including that of the CEO, were made on the basis of (a) this survey data, (b) individual performance (as evaluated by the Committee in its

discretion), and (c) other factors that the Committee deemed relevant. The Committee determined that the salaries of our executive officers, including the CEO, in the summary compensation table on page 10 are reasonable and appropriate for their respective positions.

Annual Incentive

In 2005, the Committee used the MICP to compensate executives based on corporate, divisional and individual goals, depending on the participant. MICP awards for corporate participants, including the CEO, were approved by the Committee and based on (a) the achievement of individual goals established through the company's performance management process and (b) the achievement of corporate goals reflective of the company's operating plan. MICP awards for divisional participants were approved by the Committee and based on (a) the achievement of individual goals established through the company's performance management process; (b) the achievement of divisional goals; and (c) the achievement of corporate goals.

In 2005, the corporate goals established by the Committee under the MICP were based upon earnings per share, sales growth and cash flow targets. Divisional goals established by the Committee were based upon earnings per share, sales growth, working capital and pre-tax income targets. The MICP provided for annual incentive awards to approximately 210 key executives in 2005. In 2005, the company met or exceeded target for all of its corporate goals and the bonuses of our executive officers as shown in the summary compensation table on page 10 reflect that achievement. Mr. Garlock's and Mr. McInay's bonuses also reflect performance of their respective divisions.

Long-Term Incentives

In February 2005, Stanley granted performance awards under the company's 2001 Long-Term Incentive Plan. Each performance award represents the right of a participant, including our executive officers, to receive Stanley shares if performance goals are achieved over a three year measurement period ending on December 29, 2007. One-half of the potential award is contingent on the achievement of an earnings per share target and one-half is contingent on the achievement of a return on capital employed target. See Long-Term Incentive Plan Awards in Last Fiscal Year on page 12. Any shares received in respect of these awards will be subject to transferability restrictions if the recipient has not met Stanley's minimum ownership guidelines, which are discussed below.

The Committee uses stock options and restricted stock units to compensate executives based on market appreciation of Stanley's shares, creating for executives an identity of interest with the company's shareholders. In December 2005, the Committee made annual stock option grants to its executive officers, including the CEO, and certain other key employees and made occasional grants to other key employees. Contemporaneous with the stock option grants, the Committee also made restricted stock unit grants to its executive officers, including the CEO, and certain other key employees; occasional grants were made to other key employees at other times during the year. In making its decisions with respect to stock option and restricted stock unit awards, the Committee considered the competitive practices disclosed by the Committee's consultant, prior grant practices, and the demonstrated performance and continuing contribution levels of the award recipients.

In all instances stock options have an exercise price equal to at least the fair market value of Stanley's common shares at the time of grant and have a term of ten years. Generally, stock options and restricted stock unit awards vest, subject to continued service, in equal installments on each of the first four anniversaries of the date of grant. The Committee believes that a mixture of stock options, restricted stock units and performance awards provide an appropriate blend of long-term incentives.

Minimum Stock Ownership Guidelines

The Committee has established guidelines for minimum stock ownership because the Committee believes it is important for executive officers and other senior employees to have a meaningful investment in Stanley. These guidelines provide that over a five-year period stock ownership will reach the following minimum levels, expressed as a multiple of base salary: three times for the chief executive officer; two times for the Executive Vice President and CFO; and one time for the others appearing in the table on page 10, the other executive officers, and all other participants in the company's long-term incentive plans.

Factors Considered in Specific Compensation Decisions

The Committee's decisions with respect to compensation were based primarily upon its assessment of each executive officer's performance, leadership and potential to enhance shareholder value. These decisions are based on judgment and a continuum of factors and not upon rigid formulas or short-term stock price fluctuations. Key factors in the Committee's decisions include company performance as well as the executive's performance, responsibilities, success with respect to specific initiatives and ability to contribute to a culture of integrity and compliance. The Committee also considered the compensation levels of executive officers at other companies the Company competes with in attracting such individuals and the pay practices within the broader general manufacturing community. The Committee believes that it is in the shareholders' best interest to ensure that the overall compensation level of our executives is competitive with the prevailing standards in those communities. The Committee's specific 2005 compensation decisions for executive officers, including the CEO, reflected its consideration of these external practices as provided by the Committee's independently selected executive compensation consultant. In addition, to ensure that the Committee is appropriately informed when making compensation decisions, the Committee has institutionalized a review of tally sheets that disclose aggregate compensation and benefit levels for each of the named executive officers, as well as the Company's obligations for severance payments in the event the employment of any such officer terminates.

Conclusion

Through the programs described above, a very significant portion of the company's executive compensation is linked directly to corporate performance and stock price appreciation. In making future compensation decisions, the Committee intends to continue its policy of combining its judgment with the continuum of factors listed above.

Of the amounts listed in the Bonus column for 2003, \$400,000, \$150,000 and \$100,000 reflect amounts earned in 2003 by Messrs. Loree, Garlock and Davis respectively, under Stanley's 2003 Second Half Incentive Plan. This plan was designed to compensate these and certain other senior executives for the achievement of certain financial targets during the second half of 2003. It also replaced any and all long-term incentive compensation to be paid to such executives in respect of fiscal year 2003. Payment of the portion of each executive's bonus attributable to the 2003 Second Half Incentive Plan was subject to his continued employment with Stanley through the payment date in the first quarter of 2005. Of the amount listed in the Bonus column in 2004 for Mr. McIlnay, \$450,000 was a one-time bonus payable by the company to Mr. McIlnay for his services with respect to the sale of certain of the company's businesses.

Footnote to Column (f) of Summary Compensation Table

The 2005 restricted stock awards identified in this column are restricted stock units awarded on December 12, 2005 that will vest in four equal annual installments on each of the following four anniversaries of the date of grant. At the end of 2005, each of the officers named in the above table held restricted share units on which dividend equivalents are paid. The aggregate number of units held, and value based on the closing price at December 30, 2005 is as follows: Mr. Lundgren: 93,750/\$4,503,750; Mr. Loree: 92,500/\$4,443,700; Mr. Davis: 2,500/\$120,100; Mr. Garlock: 2,500/\$120,100 and Mr. McIlnay: 3,750/\$180,150. With the exception of Mr. Loree's units, 80,000 of which were vested, these units had not vested at year end.

Footnote to Column (i) of Summary Compensation Table

Consists of relocation expenses including gross up for taxes, company contributions to defined contribution plans including contributions to the cornerstone account defined contribution plan, and life insurance premiums as set forth in the table below. Cornerstone Account contributions for Messrs. Lundgren and Loree will offset pension benefits for those executives described on page 13.

- (1) Each performance award represents the right to receive the number of Stanley shares shown in the table, subject to the attainment of performance goals and continued employment. An award recipient must generally remain employed until the time of settlement of performance awards, but pro-rated awards will be paid if the performance goals are met and the participant's employment terminates as a result of retirement, death or disability. One-half of the potential award is contingent on the achievement of earnings per share growth and one-half is contingent on the achievement of return on capital employed.
- (2) The number in this column represents the maximum number of shares that may be issued under the award. The actual number of shares issued is determined by dividing the aggregate annual base salary each executive will earn over the three-year performance period (based on his 2005 annual base salary) by \$45.98 (the closing price of Stanley's stock on February 23, 2005) and multiplying this number by the applicable performance factor: 25-50% in the case of threshold performance, 50-100% in the case of target performance and 100-200% on the case of maximum performance. The number of shares to be issued in respect of a performance goal will be pro-rated in the event performance falls between threshold and target or target and maximum performance, and may be pro-rated, if the Compensation and Organization Committee deems it appropriate, in the event performance falls below threshold.

Retirement Benefits

The following table shows the approximate annual pension provided to a number of executives including Mr. Loree (who, for this purpose, has 6 years of credited service) under Stanley's executive retirement program. This pension includes the cornerstone account defined contribution plan account balance, which balance is also reported in the summary compensation table on page 10, and any benefits the employee may be entitled to receive under Social Security. Average Annual Compensation takes into account salary and bonus, which are the amounts shown in columns (c) and (d) of the summary compensation table on page 10. The aggregate annual pension is based on an unreduced annual benefit payable at age 60. Pensions are payable monthly for life or in a lump sum.

CEO Make-Whole Retirement Arrangement

In connection with Mr. Lundgren's hiring in 2004, Stanley agreed to keep Mr. Lundgren whole in respect of the supplemental retirement benefit he would have reasonably expected to have received from his prior employer had he continued his employment with his prior employer and had his compensation increased at the rate of 5% per year. The prior employer's supplemental retirement benefit provides for a normal retirement benefit, payable annually for life, equal to 50% of the greater of the average of the highest cash compensation paid in the four consecutive years during the last ten years of employment or the average of the last four years of cash compensation ("Average Compensation"). For purposes of calculating the benefits he would have received from the prior employer, it was assumed that Mr. Lundgren's 2003 compensation of \$1,037,192 with his prior employer would have increased at the rate of 5% per year.

The supplemental retirement benefit payable by Stanley to make Mr. Lundgren whole will be determined based on Mr. Lundgren's Average Compensation upon retirement (i.e., \$1,037,192 assuming a compound 5% annual increase), but will be reduced by 4% per year for each year by which Mr. Lundgren elects to receive the benefit prior to age 62. This amount will also be offset by any retirement benefits that Mr. Lundgren receives from his prior employer and by any retirement benefits that Mr. Lundgren accrues under Stanley plans that do not represent his elective contributions (e.g., 401(k) plan contributions). For purposes of applying these offsets, accrued retirement benefits will be treated as payable at the earliest date of eligibility and in the form of a single life annuity. At age 62, Mr. Lundgren will first be eligible to receive a single life annuity of approximately \$124,000 from his prior employer. Based on the foregoing, if Mr. Lundgren retires from Stanley at age 65, he will be entitled to an aggregate annual retirement benefit from Stanley (inclusive of other retirement benefits provided by Stanley that do not represent his elective contributions) of \$910,000, less \$124,000 payable from his prior employer.

Other Retirement Arrangements

In accordance with the provisions of the letter offering Mr. Garlock employment, in the event Mr. Garlock's employment with Stanley continues until he reaches age 62, Stanley will, if necessary, increase his retirement benefit such that he will receive a total lump sum benefit, including benefits under the company's defined contribution plan, of not less than \$2,900,000 upon his retirement.

Supplemental Retirement Plan

Stanley's qualified retirement plans are subject to certain limitations on benefits under the Internal Revenue Code. Stanley's supplemental retirement plan for certain salaried employees is designed to restore these benefits on a non-qualified basis.

Executive Officer Agreements

In February of 2004, Stanley entered into an employment agreement with Mr. Lundgren pursuant to which Mr. Lundgren agreed to serve as Stanley's Chairman and Chief Executive Officer. While employed by Stanley, Mr. Lundgren will receive an annual base salary of at least \$750,000, subject to review for increase annually. Mr. Lundgren is entitled to participate in the MICP with an annual target bonus opportunity equal to 100% of his annual base salary and with a maximum potential award equal to 200% of his annual base salary. Mr. Lundgren also is entitled to participate in all employee benefit plans as are generally made available to Stanley's senior officers and Stanley agreed to reimburse Mr. Lundgren for relocation costs not covered under Stanley's relocation program to a maximum of \$200,000 and reimburse him for up to twelve months of temporary living accommodations in the New Britain, Connecticut area. Pursuant to the employment agreement, Mr. Lundgren received an initial stock option grant to purchase 250,000 shares of common stock. Twenty-five percent of the shares underlying the initial stock option grant vested on March 1, 2005, 25% vested on March 1, 2006, and a further 25% will vest on March 1st of 2007 and 2008, in each case subject to Mr. Lundgren's continued employment. In addition, to replace stock appreciation rights and performance shares provided to Mr. Lundgren by his prior employer that would be forfeited as a result of his leaving said employer to take a position with Stanley, Mr. Lundgren was also granted 75,000 restricted stock units. Fifty percent of the restricted stock units vested and were distributed on March 1, 2006. Subject to Mr. Lundgren's continued employment, the remaining 50% will vest and be distributed to him on March 1, 2007.

Edgar Filing: STANLEY WORKS - Form DEF 14A

If Mr. Lundgren's employment is terminated by Stanley without cause or if Mr. Lundgren terminates his employment as a result of a constructive termination of employment, the employment agreement provides that (i) any of the unvested initial stock options and restricted stock units will vest and, in the case of the restricted stock units, be distributed to Mr. Lundgren; (ii) Mr. Lundgren will receive a monthly payment for each of the first twenty-four months following his termination of employment equal to one-twelfth of the sum of his annual base salary and target annual bonus opportunity; (iii) Mr. Lundgren and his eligible dependents will receive up to twenty-four months of continued health and welfare benefits coverage; (iv) Mr. Lundgren will receive a pro-rata target annual bonus in respect of the year in which the termination of employment occurs; and (v) Mr. Lundgren will be subject to a twenty-four month non-competition and nonsolicitation covenant. As a condition to receiving the payments described above, other than the vesting of equity awards, Mr. Lundgren is required to execute a general release of claims. In addition, upon termination of employment Stanley will provide Mr. Lundgren with access to retiree medical coverage, at his cost, on the same terms and conditions as are generally made available to other Stanley retirees, provided, however, Stanley is not required to provide such access if Mr. Lundgren's employment is terminated for cause. For a discussion of the retirement provisions of the employment agreement, see "CEO Make-Whole Retirement Arrangement" discussed above.

Each of the company's other executive officers named in the summary compensation table on page 10 entered into a change of control severance agreement with the company on May 9, 2003. These agreements continue in effect for two years; provided, however, that on the first anniversary of the date above (and each anniversary thereafter) the term of each agreement will be extended for an additional year unless 90 days' advance notice is given not to extend the term. In addition, if a change in control (as defined in the agreement) occurs during the term, the term of each such agreement will not expire earlier than two years from the date of the change of control. In order to receive benefits under these agreements, an executive officer must incur a qualifying termination of employment during the term of the agreement. A qualifying termination of employment will occur if the executive officer's employment is actually or constructively terminated (i) within two years following a change in control, (ii) in contemplation of a change in control, or (iii) prior to a change in control at the direction of an entity or person who has entered into an agreement which if consummated would constitute a change in control.

If an executive officer incurs a qualifying termination, he will be entitled to, among other things, (i) a payment equal to 3 times (for Messrs. Lundgren and Loree) or 2.5 times his annual base salary; (ii) a cash payment equal to 3 times (for Messrs. Lundgren and Loree) or 2.5 times his average annual bonus over the 3 years prior to termination; (iii) continuation of certain benefits and perquisites for 3 years (for Messrs. Lundgren and Loree) or 2.5 years (or, if shorter, until similar benefits are provided by the executive officer's new employer); and (iv) a payment reflecting the actuarial value of an additional 3 years (for Messrs. Lundgren and Loree) or 2.5 years of service credit for retirement pension accrual purposes under any defined benefit or contribution pension plans maintained by the company. The executive officers will also be entitled to receive additional payments to the extent

necessary to compensate them for any excise taxes payable by them under the federal laws applicable to excess parachute payments.

ITEM 2 APPROVAL OF INDEPENDENT AUDITORS

Independent Auditors

The second item of business to be considered is the approval of independent auditors for the 2006 fiscal year. Subject to the action of the shareholders at the Annual Meeting, the Board of Directors, on recommendation of the Audit Committee, has appointed Ernst & Young LLP, certified public accountants (Ernst & Young), as the independent auditors to audit the financial statements of the company for the current fiscal year. In the event the shareholders fail to ratify the appointment, the Audit Committee will consider it a direction to consider other auditors for the subsequent year. Because it is difficult and not cost effective to make any change in independent auditors so far into the year, the appointment of Ernst & Young would probably be continued for 2006, unless the Audit Committee or the Board of Directors finds additional good reason for making an immediate change. Ernst & Young and predecessor firms have been the company's auditors for the last 62 years. Representatives of Ernst & Young will be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and to respond to appropriate questions.

The Board of Directors unanimously recommends a vote FOR approving Ernst & Young LLP as independent auditors for the year 2006.

Fees of Independent Auditors

General. In addition to retaining Ernst & Young to audit the company's consolidated financial statements for 2005, the company retained Ernst & Young and other accounting and consulting firms to provide advisory, auditing and consulting services in 2005. The Audit Committee has adopted policies and procedures for pre-approving all audit and non-audit services provided by Ernst & Young. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally subject to a specific budget. The Audit Committee may delegate pre-approval authority to one or more of its members. Ernst & Young and management are required to periodically report to the full Audit Committee regarding the extent of services provided by Ernst & Young in accordance with the Committee's policies. Less than 1% of the fees paid to Ernst & Young under the categories audit-related, tax services, and other services were approved by the Audit Committee after services were rendered pursuant to the de minimis exception established by the Securities and Exchange Commission. All other such services were pre-approved by the Audit Committee. The aggregate fees billed to the company by Ernst & Young for professional services in 2004 and 2005 were as follows:

Audit Fees. The aggregate fees billed by Ernst & Young to the company for professional services rendered for the audit of the company's annual financial statements, reviews of the financial statements included in the company's Forms 10-Q, and services rendered in connection with statutory audits for 2004 and 2005 were \$4,882,000 and \$5,609,000 respectively.

Audit Related Fees. The aggregate fees billed by Ernst & Young to the company in 2004 and 2005 for professional services rendered for assurance and related services that are reasonably related to the performance of the audit of the company's annual financial statements were \$2,397,000 and \$274,000 respectively. Audit related services generally include fees for audits of companies acquired and sold, pension audits, accounting related consultations, and filings with the Securities and Exchange Commission.

Tax Fees. The aggregate fees billed by Ernst & Young to the company in 2004 and 2005 for professional services rendered for tax compliance, tax advice and tax planning were \$2,066,000 and \$1,775,000 respectively. Tax services include domestic and foreign tax compliance and consulting.

All Other Fees. There were no fees billed by Ernst & Young to the company for services rendered by Ernst & Young, other than for audit services, audit related services and tax services in either 2004 or 2005.

**ITEM 3 APPROVAL OF THE STANLEY WORKS
2006 MANAGEMENT INCENTIVE COMPENSATION PLAN**

The Stanley Works 2006 Management Incentive Compensation Plan (the Plan) was adopted by Stanley's Board of Directors on December 13, 2005, subject to shareholder approval.

The purpose of seeking shareholder approval of the Plan is to qualify for the performance-based exclusion from the deduction limitations under Section 162(m) of the Internal Revenue Code (Section 162(m)) for bonus compensation payable under the Plan.

Section 162(m) generally does not allow a publicly held company to obtain tax deductions for compensation of more than \$1 million paid in any year to its chief executive officer or to any of its other four most highly compensated executive officers. However, compensation payable solely on account of the attainment of one or more performance goals is not subject to the deduction limitation if: (i) the performance goals are objective, pre-established and determined by a committee comprised solely of two or more outside directors; (ii) the material terms of the performance goals under which the compensation is to be paid are disclosed to the shareholders and approved by a majority vote; and (iii) the committee comprised solely of two or more outside directors certifies that the performance goals and other material terms were in fact satisfied before the compensation is paid.

The Board believes that adoption of the Plan is necessary to meet the company's objectives of securing, motivating and retaining officers and other employees of the company and its subsidiaries. The following description of the material features of the Plan is qualified in its entirety by reference to the terms of the Plan, a copy of which is attached to this Proxy Statement as Appendix A.

Description of the Principal Features of the Plan

Purposes. The purposes of the Plan are to reinforce corporate, organizational and business-development goals, to promote the achievement of year-to-year financial and other business objectives, and to reward the performance of eligible employees in fulfilling their individual responsibilities. An additional purpose of the Plan is to serve as a qualified performance-based compensation program under Section 162(m) in order to preserve the Company's tax deduction for compensation paid under the Plan to the company's chief executive officer and its other four most highly compensated executive officers.

Administration. The Plan will be administered by the Compensation and Organization Committee of the Board (the Committee), which will consist solely of two or more outside directors within the meaning of Section 162(m).

Eligibility. At or prior to the time that performance objectives for a performance period are established, the Committee will designate which employees shall participate in the Plan for such performance period (the Participants). In determining the persons to whom awards shall be granted and the performance goals relating to each award, the Committee shall take into account factors the Committee determines to be relevant in connection with accomplishing the purposes of the Plan. A bonus award that would otherwise be payable to a Participant who is not employed by the company on the last day of a performance period may be prorated in the discretion of the Committee. As of the date of this Proxy Statement, approximately 230 employees are expected to be eligible for participation in the Plan in 2006.

Performance Goals.

The performance period with respect to which bonuses shall be calculated and paid under the Plan will generally be the company's fiscal year but the Committee will have the discretion to designate different performance periods. Within 90 days of the beginning of the performance period and in no event after more than 25% of the performance period has lapsed, the Committee will establish in writing, one or more performance goals, specific target objectives for the performance goals, and an objective formula or method for computing the amount of bonus compensation awardable to each Participant if the performance goals are attained.

The performance goals shall be based on one or more of the following criteria, determined in accordance with generally accepted accounting principles, where applicable: (i) pre-tax income or after-tax income; (ii) earnings including operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or special items; (iii) net income excluding amortization of intangible assets, depreciation and impairment of goodwill and intangible assets; (iv) operating income; (v) earnings or book value per share

(basic or diluted); (vi) return on assets (gross or net), return on investment, return on capital, or return

on equity; (vii) return on revenues; (viii) net tangible assets (working capital plus property, plants and equipment) or return on net tangible assets (operating income divided by average net tangible assets) or working capital; (ix) operating cash flow (operating income plus or minus changes in working capital less capital expenditures); (x) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (xi) sales or sales growth; (xii) operating margin or profit margin; (xiii) share price or total shareholder return; (xiv) earnings from continuing operations; (xv) cost targets, reductions or savings, productivity or efficiencies; (xvi) economic value added; and (xvii) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration or market share, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, financial management, project management, supervision of litigation, information technology, or goals relating to divestitures, joint ventures or similar transactions.

Where applicable, the performance goals may be expressed in terms of attaining a specified level of the particular criterion or the attainment of a percentage increase or decrease in the particular criterion, and may be applied to one or more of the company or a parent or subsidiary of the company, or a division or strategic business unit of the company, all as determined by the Committee. The performance goals may include a threshold level of performance below which no payment will be made (or no vesting will occur), levels of performance at which specified payments will be paid (or specified vesting will occur) and a maximum level of performance above which no additional payment will be made (or at which full vesting will occur).

Maximum Bonuses. No Participant's bonus under the Plan for any twelve month period shall exceed the lesser of 300% of the Participant's annual base salary or \$5,000,000.

Limitation on Committee's Discretion. The Committee does not have the authority to increase the amount of the award payable to an executive officer who is subject to Section 162(m) of the Code upon attainment of a performance goal, but the Committee may, in its discretion, reduce or eliminate the amount payable to any Participant.

Committee Certification of Performance Goal Attainment. As soon as practicable after the end of each performance period (or such sooner time as the performance goals have been met), and before any awards for a particular year can be paid, the Committee shall certify in writing to what extent the company and the Participants have achieved the performance goals for the performance period, including the specific target objectives and the satisfaction of any other material terms of the bonus award, and the Committee shall calculate the amount of each Participant's bonus for the performance period based upon the performance goals, objectives, and computation formulae for the performance period.

Change in Control. Upon a change in control of the company (as defined in the Plan), pro rata awards will be paid as soon as practicable based on the achievement of the applicable performance goal or goals during the performance period prior to the date of the change in control. In addition, any awards payable under the Plan in respect of performance periods completed prior to the change in control will, to the extent not previously paid, be paid as soon as practicable. After the occurrence of a change in control, the Committee shall not be permitted to exercise its discretion to reduce the amount payable in respect of outstanding awards under the Plan.

Amendments; Termination of the Plan. The Plan may be amended or terminated by the Board, provided that no amendment of the Plan may be made without the approval of shareholders if such amendment would require shareholder approval in order for the Plan to continue to comply with Section 162(m) of the Code. In addition, no amendment shall affect adversely any of the rights of any Participant under any award following the end of the performance period to which such award relates, provided that the exercise of the Committee's discretion to reduce the amount of an award shall not be deemed an amendment of the Plan.

Benefits under the Plan. Inasmuch as individual benefits under the Plan will be determined by the Committee, benefits to be paid under the Plan are not determinable at this time. For amounts paid to the company's executive officers named in the Summary Compensation Table under the predecessor to the 2006 MICP, see the Bonus column in the Summary Compensation Table on page 10 of this Proxy Statement.

Board Recommendation. The Board of Directors recommends a vote FOR the Plan. In the event that the company's shareholders do not approve the Plan, the Committee will consider other ways of providing annual incentive compensation to persons who otherwise would have been eligible to participate in the Plan.

**ITEM 4 APPROVAL OF AMENDMENTS TO
THE STANLEY WORKS 2001 LONG-TERM INCENTIVE PLAN AND
THE STANLEY WORKS 1997 LONG-TERM INCENTIVE PLAN**

Stanley is seeking shareholder approval of amendments to each of The Stanley Works 2001 Long-Term Incentive Plan, as amended (the 2001 Plan), and The Stanley Works 1997 Long-Term Incentive Plan, as amended (the 1997 Plan), and together with the 2001 Plan, the LTIP Plans). The purpose of seeking shareholder approval for amendments to the LTIP Plans is to include specified performance goals in the LTIP Plans upon which the vesting and payment of awards may be made contingent. If shareholder approval of the performance goals is obtained, this will enable Stanley to ensure that any award granted under the LTIP Plans will be able to qualify for the performance-based exclusion from the deduction limitations under Section 162(m) of the Internal Revenue Code (Section 162(m)). If shareholder approval is not obtained, awards may continue to be granted under the LTIP Plans, but not all awards granted under the LTIP Plans will be able to qualify for the performance-based exclusion from the deduction limitations under Section 162(m), and Stanley will not be able to fully deduct compensation payable under the LTIP Plans.

As noted under Item 3, Section 162(m) generally does not allow a publicly held company to obtain tax deductions for compensation of more than \$1 million paid in any year to its chief executive officer or to any of its other four most highly compensated executive officers. However, compensation payable solely on account of the attainment of one of more performance goals is not subject to the deduction limitation if: (i) the performance goals are objective, pre-established and determined by a committee comprised solely of two or more outside directors; (ii) the material terms of the performance goals under which the compensation is to be paid are disclosed to the shareholders and approved by a majority vote; and (iii) the committee comprised solely of two or more outside directors certifies that the performance goals and other material terms were in fact satisfied before the compensation is paid.

Stanley is seeking approval of performance goals for inclusion in the LTIP Plans which would be based on one or more of the following criteria, determined in accordance with generally accepted accounting principles, where applicable: (i) pre-tax income or after-tax income; (ii) earnings including operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or special items; (iii) net income excluding amortization of intangible assets, depreciation and impairment of goodwill and intangible assets; (iv) operating income; (v) earnings or book value per share (basic or diluted); (vi) return on assets (gross or net), return on investment, return on capital, or return on equity; (vii) return on revenues; (viii) net tangible assets (working capital plus property, plants and equipment) or return on net tangible assets (operating income divided by average net tangible assets) or working capital; (ix) operating cash flow (operating income plus or minus changes in working capital less capital expenditures); (x) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (xi) sales or sales growth; (xii) operating margin or profit margin; (xiii) share price or total shareholder return; (xiv) earnings from continuing operations; (xv) cost targets, reductions or savings, productivity or efficiencies; (xvi) economic value added; and (xvii) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration or market share, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, financial management, project management, supervision of litigation, information technology, or goals relating to divestitures, joint ventures or similar transactions.

Where applicable, the performance goals may be expressed in terms of attaining a specified level of the particular criterion or the attainment of a percentage increase or decrease in the particular criterion, and may be applied to one or more of Stanley, or a parent or subsidiary of Stanley, or a division or strategic business unit of Stanley, all as determined by the Compensation and Organization Committee (the Committee). The performance goals may include a threshold level of performance below which no payment will be made (or no vesting will occur), levels of performance at which specified payments will be paid (or specified vesting will occur), and a maximum level of performance above which no additional payment will be made (or at which full vesting will occur).

The following description of the material features of the LTIP Plans is qualified in its entirety by reference to the terms of the LTIP Plans, copies of which are attached to this Proxy Statement as Appendices B and C.

Description of the Principal Features of the LTIP Plans

Purpose. The LTIP Plans provide for incentive and other awards that are designed to provide appropriate incentives and rewards to key employees and, in the case of the 2001 Plan, non-employee directors of Stanley.

Edgar Filing: STANLEY WORKS - Form DEF 14A

subsidiaries and other affiliates in which Stanley has a significant equity interest, who contribute to Stanley's future success and prosperity, thus enhancing the value of Stanley for its shareholders and enabling Stanley to attract and retain exceptionally qualified individuals upon whom, in large measure, the continued progress, growth and profitability of Stanley depend.

Types of Awards. The LTIP Plans permit the granting of (i) stock options, including incentive stock options (ISOs) entitling the optionee to favorable tax treatment under Section 422 of the Code, (ii) stock appreciation rights (SARs), (iii) restricted stock and restricted stock units, (iv) performance awards, (v) dividend equivalents, and (vi) other awards valued in whole or in part by reference to or otherwise based on Stanley common stock (Other Stock-Based Awards).

Eligibility. Under the 2001 Plan, awards may be granted until January 24, 2011, and under the 1997 Plan, until September 16, 2007, to the approximately 8,000 salaried employees of Stanley, its subsidiaries, and other affiliates in which Stanley has a significant equity interest.

Shares Available for Awards. The Board has authorized the issuance of ten million shares of Stanley common stock in connection with awards pursuant to the 2001 Plan and four million shares of common stock under the 1997 Plan. Under the 1997 Plan, an additional 1,408,864 shares became available for awards from a predecessor plan to the 1997 Plan, and any shares remaining available under the 1997 Plan upon its termination or that are subject to awards under the 1997 Plan which are not issued will become available under the 2001 Plan. Under the 1997 Plan, the number of shares of common stock available for granting awards in each fiscal year is limited to two percent of Stanley's issued shares (including treasury shares) as of the first day of such year; provided, however, that the number of shares available for granting awards in any year shall be increased in any year by the number of shares available under the 1997 Plan in previous years but not covered by awards granted under the 1997 Plan in previous years.

Restrictions on Awards. Under each of the LTIP Plans, no more than one million shares shall be cumulatively available for delivery pursuant to the exercise of ISOs. Under the 1997 Plan, the number of shares with respect to which options and SARs may be granted to any individual participant in any three-year period shall not exceed three million shares, and under the 2001 Plan, this limitation is four million shares. Under the 2001 Plan, no more than one million shares shall be cumulatively available for granting restricted stock and restricted stock units. Under the LTIP Plans, the maximum fair market value of payments to any executive officer made in connection with any long-term performance awards, other than SARs and stock options, shall not exceed, during any three-year period, two percent of Stanley's shareholder's equity as of the end of the year immediately preceding the commencement of such three-year period.

Administration. The LTIP Plans are administered by the Compensation and Organization Committee of the Board (the Committee), which is constituted in compliance with applicable rules and regulations issued under the federal securities laws and the Internal Revenue Code. (See the description of the Compensation and Organization Committee on page 5.) The Committee may select eligible employees to whom awards are granted, determine the types of awards to be granted and the number of shares covered by awards and set the terms and conditions of awards. The Committee's determinations and interpretations under the LTIP Plans will be binding on all interested parties. The Committee may delegate to officers or managers of Stanley certain authority with respect to the granting, cancellation and modification of awards other than awards to executive officers of Stanley.

Amendment; Termination. The Board may amend, suspend or terminate the LTIP Plans, provided that shareholder approval must be obtained for any amendment that would increase the number of shares available for awards or permit the granting of options, SARs or other stock-based awards including rights to purchase shares at prices below fair market value at the date of the grant of the award, other than as described below.

Stock Options and SARs. A participant granted an option is entitled to purchase a specified number of shares during a specified term at a fixed price, affording the participant an opportunity to benefit from appreciation in the market price of Stanley stock from the date of grant. A participant granted a SAR is entitled to receive the excess of the fair market value of a share of Stanley stock over the grant price of the SAR. The exercise price per share under any stock option and the grant price of any SAR shall not be less than the fair market value of the stock on the date of the grant of the stock option or SAR.

Restricted Stock and Restricted Stock Units. These awards are subject to a risk of forfeiture upon certain kinds of employment terminations, as determined by the Committee, during a restricted period specified by the Committee. Both restricted stock and restricted stock units may be subject to restrictions imposed by the Committee,

including limitations on the right to vote shares of restricted stock and to receive dividends; such restrictions may lapse separately or in combination, in installments or otherwise, as the Committee deems appropriate.

Edgar Filing: STANLEY WORKS - Form DEF 14A

Performance Awards. Performance awards may provide that upon exercise the participant will receive cash, stock, other securities, other awards, other property, or any combination thereof, as the Committee shall determine, and shall be payable (or exercisable) based upon the achievement of such performance goals during such performance periods as the Committee shall establish.

Dividend Equivalents. Dividend equivalents represent rights to receive payments equivalent to dividends or interest with respect to a specified number of shares; the Committee may provide that such amounts shall be deemed to have been reinvested in additional shares or otherwise reinvested.

Other Stock-Based Awards. Other Stock-Based Awards are other awards denominated or payable in, valued by reference to, or otherwise based on or related to shares of Stanley stock; virtually all of the terms and conditions of such awards are established by the Committee.

Change in Control. Generally, any outstanding options and SARs will become immediately exercisable and all restrictions applicable to restricted stock and restricted stock units (whether or not granted as performance awards) will lapse automatically upon a change in control of Stanley (as defined in the LTIP Plans).

Benefits under the LTIP Plans. Because benefits under the LTIP Plans will be determined by the Committee, benefits to be paid under the LTIP Plans are not determinable at this time. For awards made under the LTIP Plans to our executive officers named in the Summary Compensation Table, see pages 10-12. The number of shares of common stock subject to options and number of restricted stock units granted to our executive officers named in the Summary Compensation Table, all current executive officers as a group, all current non-employee directors as a group and all employees (not including executive officers as a group) under the LTIP Plans from inception of each Plan through December 31, 2005 is as follows:

Since the inception of each of the LTIP Plans, no option or RSU has been granted to (i) any associate of any current director who is not an executive officer, (ii) any associate of any executive officer or (iii) any associate of any nominee for election as a director, and no person other than (i) those individuals described above and (ii) the company's former CEO, John M. Trani and two former vice presidents, James J. Roberts and Joseph J. DeAngelo, was granted five percent or more of the total amount of options or RSUs granted under the LTIP Plans since their respective inception dates.

- (a) There is a non-qualified deferred tax savings plan for highly compensated salaried employees which mirrors the qualified plan provisions, but was not specifically approved by security holders. U.S. employees are eligible to contribute from 1% to 15% of their salary to a tax deferred savings plan as described in the Employee Stock Ownership Plan (ESOP) section of Item 15 Note M Employee Benefit Plans to the Consolidated Financial Statements on the Company s Annual Report on Form 10-K. The Company contributes an amount equal to one-half of the employee contribution up to the first 7% of their salary, of which fifty-percent is invested in common stock of the Company for qualified employees. The investment of the remaining fifty-percent is controlled by the employee participating in the plan. The same matching arrangement is provided for highly compensated salaried employees in the non-qualified plan, except that the arrangement for these employees is outside of the ESOP, and is not funded in advance of distributions. Shares of the Company s common stock may be issued at the time of a distribution from the plan. The number of securities remaining available for issuance under the plan at December 31, 2005 is not determinable, since the plan does not authorize a maximum number of shares.

Federal Tax Consequences. The following discussion of certain relevant income tax effects applicable to awards under the LTIP Plans is a brief summary only, and reference is made to the Code and the regulations and interpretations issued thereunder for a complete statement of all relevant federal tax consequences. This summary is not intended to be exhaustive and does not describe state, local or foreign tax consequences.

The grant of an option or SAR under the LTIP Plans will create no tax consequences for the participant or Stanley. A participant will have no taxable income upon exercise of an ISO, except that the alternative minimum tax may apply. Upon exercise of an option other than an ISO, a participant generally must recognize ordinary income equal to the fair market value of the shares acquired minus the exercise price. Upon a disposition of shares acquired by exercise of an ISO before the end of the applicable ISO holding periods, the participant generally must recognize ordinary income equal to the lesser of (i) the fair market value of the shares at the date of exercise minus the exercise price or (ii) the amount realized upon the disposition of the ISO shares minus the exercise price. Otherwise, a participant s disposition of shares acquired upon the exercise of an option (including an ISO for which the ISO holding periods are met) generally will result in only capital gain or loss. Other awards under the LTIP Plans, including nonqualified options and SARs, generally will result in ordinary income to the participant at the later of the time of delivery of cash, shares, or other property, or the time that either the risk of forfeiture or restriction on transferability lapses on previously delivered cash, shares, or other property. Except as discussed below, Stanley generally will be entitled to a tax deduction equal to the amount recognized as ordinary income by the participant in connection with an option, SAR, or other award, but will be entitled to no tax deduction relating to amounts that represent a capital gain to a participant. Thus, Stanley will not be entitled to any tax deduction with respect to an ISO if the participant holds the shares for the ISO holding periods.

The foregoing general tax discussion is intended for the information of shareowners considering how to vote with respect to this proposal and not as tax guidance to participants in the LTIP Plans. Different tax rules may apply to specific participants and transactions under the LTIP Plans.

Board Recommendation: The Board of Directors recommends a vote FOR approval of the amendments to the 2001 LTIP and the 1997 LTIP.

ITEM 5 SHAREHOLDER PROPOSAL

The following proposal was submitted by a shareholder of the company. The company is not responsible for the contents of the proposal. Share holdings of the proposing shareholder, as well as its name and address, will be supplied promptly upon oral or written request.

RESOLVED, that the shareholders of The Stanley Works urge the Board of Directors to take the necessary steps to eliminate the classification of the Board of Directors of the Company and to require that all directors stand for election annually. The Board declassification shall be

completed in a manner that does not affect the unexpired terms of directors previously elected.

Supporting Statement of Proposing Shareholder

We believe the election of directors is the most powerful way Stanley Works' shareholders influence the strategic direction of our company. Currently the Board is divided into three classes of three members each. Each class serves staggered three-year terms. Because of this structure, shareholders may only vote on roughly one third of the directors each year.

The staggered term structure of Stanley Works' Board is not in the best interests of shareholders because it reduces accountability and is an unnecessary anti-takeover device. Shareholders should have the opportunity to vote on the performance of the entire Board of Directors each year. We feel that such annual accountability serves to keep directors closely focused on the performance of top executives and on increasing shareholder value. Annual election of all directors give shareholders the power to either completely replace their board, or replace a majority of directors, if a situation arises which warrants such drastic action.

We do not believe destaggering the Board of Stanley Works will be destabilizing to our company or impact the continuity of director service. Our directors, like the directors of the overwhelming majority of other public companies, are routinely elected with over 95% shareholder approval, although last year a significant number of shareholders withheld votes for board members because shareholders requests for annual elections has not been implemented.

There are indications from studies that classified boards and other anti-takeover devices have an adverse impact on shareholder value. A 1991 study by Lilli Gordon of the Gordon Group and John Pound of Harvard University found that companies with restrictive corporate governance structures, including those with classified boards, are significantly less likely to exhibit outstanding long-term performance relative to their industry peers.

A growing number of shareholders agree with our concerns. According to the Investor Responsibility Research Center (IRRC), in 2003, a majority of shareholders supported shareholder proposals asking their boards to repeal classified board structures at 36 companies. In 2004 a majority of shareholders at 34 companies supported similar resolutions.

At our company a majority of shareholders have supported this resolution at the annual meeting in 2003, 2004, and 2005. The Board of Directors of The Stanley Works has not taken any action in response to three consecutive years of majority votes.

A growing number of company boards of directors are joining this consensus, and are taking action to elect all members of their board annually. According to Institutional Shareholder Services (ISS) over 65 companies have recently moved to annual election of all directors.

We believe that adoption of this proposal will be beneficial to the company and its shareholders.

Statement of Board of Directors Recommending A Vote Against This Shareholder Proposal

The Board of Directors has given careful consideration to the shareholder proposal requiring that all members of the Board be elected annually. The Board takes the views of its shareholders seriously and recognizes that a significant number of shares that were voted supported a similar proposal presented at the Annual Meetings in 2003, 2004 and 2005. As a result, in connection with the Board's consideration of this year's proposal, management

consulted outside counsel, the company's investment bankers, and its proxy solicitors. The Board has determined after careful review that this proposal is not in the best interest of Stanley or our shareholders, and unanimously recommends that you vote against it.

Classified boards of directors are very common among large public corporations. According to the 2005 report by the Investor Responsibility Research Center, 54% of the companies in the S&P 500, 65% of the companies in the S&P MidCap 400, and 61% of the companies in the S&P SmallCap 600 have classified boards. Of the companies in Stanley's Peer Group, American Standard Companies Inc., The Black and Decker Corporation, Cooper Industries, Inc., Danaher Corporation, Illinois Tool Works, Ingersoll-Rand Company, Masco Corporation, Newell Rubbermaid Inc., Snap-On Incorporated and The Sherwin-Williams Company, 90% have classified boards of directors.

Edgar Filing: STANLEY WORKS - Form DEF 14A

Stanley currently has three classes of directors with members serving three-year terms. The directors are grouped into three classes approximately equal in number and serve staggered three-year terms. Thus, each year approximately one-third of the Board is up for election. This method of electing directors was adopted in 1983 by the affirmative vote of more than 75% of the outstanding shares of the company.

The Board believes that the classified board has served the company and its shareholders very well over the last twenty-two years and continues to be in the best interests of the shareholders. It provides continuity and stability of leadership to ensure that the majority of directors will always have prior experience as directors of Stanley. The Board believes that a classified board is best suited to maximize both short and long-term shareholder value. For instance, continuity on the Board is critical to developing, refining and executing our long-term strategic goals. The Board also believes that continuity provides directors with a historical perspective of Stanley's business and products and enhances its ability to make fundamental decisions that are best for Stanley—decisions on strategic transactions, significant capital commitments, and careful deployment of financial and other resources.

It is also the Board's opinion that electing directors to three-year terms, rather than one-year terms, enhances the independence of non-management directors. It permits them to act independently and on behalf of shareholders without worrying whether they will be re-nominated by the other members of the Board each year. The freedom to focus on the long-term interests of the company instead of on the renomination process leads to greater independence and better governance.

In the Board's estimation, these beliefs are supported by Stanley's consistent strong performance over both the short-term and the long-term. Several of Stanley's directors have served for at least one three-year term and, over that time, have gained experience with the company's businesses and products and helped to shape and develop its long-term strategic plan. Over the past five fiscal years, for example, Stanley's net income has grown at an average rate of 7% annually, its stock price has grown over 50% and its per share quarterly dividends have increased greater than 25%. Over the past ten fiscal years, net income has grown at an average rate of 16% annually, stock price has grown over 100% and quarterly dividends have increased greater than 60%. The Board believes that its collective experience, familiarity with the company's business and products has contributed substantially to this performance.

The Board believes that the classified board structure also enhances the Board's ability to negotiate the best results for the shareholders in a takeover situation. Absent a classified board, a potential acquirer could gain control of Stanley by replacing a majority of the Board (if not the entire Board) with its own slate of nominees at a single annual meeting by a simple plurality of the votes cast, and without paying any premium to Stanley's shareholders. With a classified board of directors, potential acquirers are forced to negotiate with the Board since at least two annual meetings would be required to effect a change in control of the Board. Therefore, this structure gives the Board the time and leverage necessary to negotiate on behalf of shareholders, to evaluate the adequacy and fairness of any takeover proposal, and to consider alternative methods of maximizing shareholder value. We believe this negotiating ability is very important to ensure that shareholder value is maximized in the short term.

The proponent of the proposal cites a 1991 study by Lilli Gordon and John Pound to support the assertion that classified boards have an adverse impact on shareholder value. Shareholders should be aware that the testing period for the data included in the study ended in 1989, over fifteen years ago. Shareholders should also be aware that other commentators, including Joseph A. Grundfest, in a Stanford Law Review article entitled "Just Vote No," Lawrence A. Mitchell, in a Vanderbilt Law Review article entitled "A Critical Look at Corporate Governance," and Bernard S. Black, in a UCLA Law Review article entitled "The Value of Institutional Investor Monitoring," have noted that the study does not establish a causal relationship between governance structures, including classified

24

boards, and company performance. Accordingly, the Board believes that shareholders should not rely on the study in determining how to vote on the proposal.

The Board of Directors does not believe that the benefits of the current classified board are achieved at the cost of a failure of accountability to shareholders. All directors are required by law to uphold their fiduciary responsibility to the company's shareholders regardless of their term of office. In addition, the new corporate governance requirements under the Sarbanes-Oxley Act of 2002 and the New York Stock Exchange rules increase significantly the Board's responsibilities to shareholders.

Shareholders should be aware that this item is only a recommendation and would not automatically eliminate the classified board.

Accordingly, the Board of Directors recommends a vote AGAINST this proposal.

In order to have a quorum, a majority of the votes entitled to be cast on a matter must be represented in person or by proxy at the Annual Meeting. If a quorum is not present, a majority of shares that are represented may postpone the meeting.

Vote required for approval

As long as holders representing at least a majority of the outstanding shares of Stanley common stock outstanding as of February 28, 2006 are present at the Annual Meeting in person or by proxy, the proposal to appoint Ernst & Young LLP as independent auditors for the year 2006, the proposals to approve The Stanley Works 2006 Management Incentive Compensation Plan and amendments to The Stanley Works 2001 Long-Term Incentive Plan and The Stanley Works 1997 Long-Term Incentive Plan, and the shareholder proposal will be approved if the number of votes cast in favor of each proposal exceeds the number of votes cast against that proposal. Directors will be elected by a plurality of votes cast at the Annual Meeting, provided that a quorum is present.

Voting your shares registered in your name or held in street name

The Board of Directors of the company is soliciting proxies from the shareholders of the company. This will give you the opportunity to vote at the Annual Meeting. When you deliver a valid proxy, the shares represented by that proxy will be voted in accordance with your instructions.

Shareholders of record may vote by any one of the following methods:

- (1) CALL 1-800-652-8683 from the US or Canada (this call is toll free) to vote by telephone any time up to 2:00 a.m. EST on April 26, 2006, and follow the simple instructions provided in the recorded message.
- (2) GO TO THE WEBSITE: <http://www.computershare.com/expressvote> to vote over the Internet any time up to 2:00 a.m. EST on April 26, 2006, and follow the simple instructions provided on that site.
- (3) COMPLETE, SIGN, DATE AND MAIL your proxy card in the enclosed postage-prepaid envelope. Your proxy card must be received by Computershare Investor Services, LLC, Stanley's transfer agent, prior to the commencement of the Annual Meeting at 9:30 a.m., EST, on April 26, 2006, unless you attend the meeting, in which event you may deliver your proxy card, or vote by ballot, at the meeting. If you are voting by telephone or by the Internet, please do not return your proxy card.

If you hold your shares in the name of a bank, broker or other nominee, you should follow the instructions provided by your bank, broker or nominee when voting your shares.

Voting your shares held in the Stanley Account Value (401(k)) Plan

If you hold shares in the company through Stanley's Account Value 401(k) Plan (the 401(k) Plan), you can instruct the trustee (Citibank, N.A.) in a confidential manner, how to vote the shares allocated to you in the 401(k) Plan by one of the following three methods:

- (1) CALL 1-800-652-8683 from the US or Canada (this call is toll free) to vote by telephone any time up to 2:00 a.m. EST on April 24, 2006, and follow the simple instructions provided in the recorded message.
- (2) GO TO THE WEBSITE: <http://www.computershare.com/expressvote> to vote over the Internet any time up to 2:00 a.m. EST on April 24, 2006, and follow the simple instructions provided on that site.

- (3) MARK, SIGN, DATE AND MAIL your instruction card in the enclosed postage-prepaid envelope. Your instruction card must be received by Computershare Investor Services, LLC, Stanley's transfer agent, no later than 2:00 a.m. EST on April 24, 2006, to ensure that the trustee of the 401(k) Plan is able to vote the shares allocated to you in accordance with your wishes at the Annual Meeting. If you are voting by telephone or by the Internet, please do not return your instruction card. In addition, since only the trustee of the 401(k) Plan can vote the shares allocated to you, you will not be able to vote your 401(k) shares at the Annual Meeting.

Please note that the trust agreement governing the 401(k) Plan provides that if the trustee does not receive your voting instructions, the trustee will vote your allocated shares in the same proportion as it votes the allocated shares for which instructions are received from other participants. The trust agreement also provides that unallocated shares are to be voted by the trustee in the same proportion as it votes allocated shares for which instructions are received from participants. Therefore, by providing voting instructions with respect to your allocated shares, you will in effect be providing instructions with respect to a portion of the unallocated shares and a portion of the allocated shares for which instructions were not provided as well. These voting provisions are subject to applicable law, which requires the trustee to act as a fiduciary for 401(k) Plan participants. Therefore, it is possible that the trustee may vote allocated shares for which it does not receive instructions (as well as unallocated shares) in a manner other than on a proportionate basis if it believes that proportionate voting would violate applicable law. **The only way to ensure that the trustee votes shares allocated to you in the 401(k) Plan in accordance with your wishes is to provide instructions to the trustee in the manner set forth above.**

If a participant in the 401(k) Plan has shares of common stock credited to his or her account and also owns other shares of common stock, he or she should receive separate proxy cards for shares credited to his or her account in the 401(k) Plan and any other shares that he or she owns. All such proxy cards should be completed, signed and returned to the transfer agent to register voting instructions for all shares owned by him or her or held for his or her benefit in the 401(k) Plan.

Changing your vote by revoking your proxy

If you have shares registered in your own name:

If you are a registered holder, there are three ways in which you may revoke your proxy and change your vote:

First, you may send a written notice to Stanley's transfer agent, Computershare Investor Services, LLC at 7600 Grant Street, Burr Ridge, IL 60527-7275, stating that you would like to revoke your proxy. This notice must be received prior to commencement of the Annual Meeting at 9:30 a.m. on April 26, 2006.

Second, you may complete and submit a new later-dated proxy by any of the three methods described above under "Voting your shares registered in your name or held in 'street name'". The latest dated proxy actually received by Stanley in accordance with the instructions for voting set forth in this proxy statement prior to the Annual Meeting will be the one that is counted, and all earlier proxies will be revoked.

Third, you may attend the Annual Meeting and vote in person. Simply attending the meeting, however, will not revoke your proxy. You must vote in person at the meeting to revoke your proxy.

If a broker holds your shares in 'street name':

If you have instructed a broker to vote your shares, you must follow the directions you receive from your broker to change or revoke your proxy with respect to those shares.

If you are a 401(k) Plan holder:

There are two ways in which you may revoke your instructions to the trustee and change your vote with respect to voting the shares allocated to you in the 401(k) Plan:

Edgar Filing: STANLEY WORKS - Form DEF 14A

First, you may send a written notice to Stanley's transfer agent, Computershare Investor Services, LLC at 7600 Grant Street, Burr Ridge, IL 60527-7275, stating that you would like to revoke your instructions to Citibank, N.A., the trustee for the 401(k) Plan. This written notice must be received no later than 2:00 a.m. EST on April 24, 2006, in order to revoke your prior instructions.

Second, you may submit new voting instructions under any one of the three methods described above under "Voting your shares held in the Stanley Account Value (401(k)) Plan." The latest dated instructions actually received by Citibank, N.A., the trustee for the 401(k) Plan, in accordance with the instructions for voting set forth in this proxy statement, will be the ones that are counted, and all earlier instructions will be revoked.

How proxies are counted

Shares of the common stock represented by proxies received by the company (whether through the return of the enclosed proxy card, telephone or over the Internet), where the shareholder has specified his or her choice with respect to the proposals described in this Proxy Statement (including the election of directors), will be voted in accordance with the specification(s) so made. If your proxy is properly executed but does not contain voting instructions, or if you vote via telephone or the Internet without indicating how you want to vote with respect to any item, your shares will be voted **FOR** the election of both nominees for the Board of Directors, **FOR** the ratification of the appointment of Ernst & Young LLP as auditors of the company's financial statements for the year ending December 30, 2006, **FOR** The Stanley Works 2006 Management Incentive Compensation Plan, **FOR** the amendments to The Stanley Works 2001 Long-Term Incentive Plan and The Stanley Works 1997 Long-Term Incentive Plan, and **AGAINST** the shareholder proposal urging the Board of Directors to take the necessary steps to require that all members of the Board of Directors be elected annually.

A valid proxy also gives the individuals named as proxies authority to vote in their discretion when voting the shares on any other matters that are properly presented for action at the Annual Meeting.

A properly executed proxy marked **ABSTAIN** will not be voted. However, it may be counted to determine whether there is a quorum present at the Annual Meeting.

If the shares you own are held in "street name" by a broker or other nominee entity, your broker or other nominee entity, as the record holder of your shares, is required to vote your shares according to your instructions. Under the New York Stock Exchange rules, certain proposals, such as the election of directors and the ratification of the appointment of the company's independent auditors, are considered "routine" matters and brokers and other nominee entities generally may vote on such matters on behalf of beneficial owners who have not furnished voting instructions. For "non-routine" matters, such as the approval of the MICP Plan and the LTIP Plan Amendments described in items 3 and 4 and the shareholder proposal set forth in Item 5, brokers and other nominee entities may not vote on such matters unless they have received voting instructions from the beneficial owner. A "broker non-vote" occurs when a broker or other nominee entity does not vote on a particular proposal because it does not have authority under the New York Stock Exchange rules to vote on that particular proposal without receiving voting instructions from the beneficial owner.

Broker non-votes will not be counted with respect to the matters to be acted upon but will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

If you hold shares in the company through the Stanley Account Value (401(k)) Plan, please note that the trust agreement governing the 401(k) Plan provides that if the trustee does not receive your voting instructions, the trustee will vote your allocated shares in the same proportion as it votes the allocated shares for which instructions are received from other participants. The trust agreement also provides that unallocated shares are to be voted by the trustee in the same proportion as it votes allocated shares for which instructions are received from participants. Therefore, by providing voting instructions with respect to your allocated shares, you will in effect be providing instructions with respect to a portion of the unallocated shares and a portion of the allocated shares for which instructions were not provided as well. These voting provisions are subject to applicable law, which requires the trustee to act as a fiduciary for 401(k) Plan participants. Therefore, it is possible that the trustee may vote allocated shares for which it does not receive instructions (as well as unallocated shares) in a manner other than on a

proportionate basis if it believes that proportionate voting would violate applicable law. **The only way to ensure that the trustee votes shares allocated to you in the 401(k) Plan in accordance with your wishes is to provide instructions to the trustee in the manner set forth above under the heading "Voting your shares held in the Stanley Account Value (401(k)) Plan."**

Confidential voting

It is Stanley's policy that all proxies, ballots and tabulations of shareholders who check the box indicated for confidential voting be kept confidential, except where mandated by law and other limited circumstances.

For participants in the 401(k) Plan, your instructions to the trustee on how to vote the shares allocated to you under the 401(k) Plan will be kept confidential. You do not need to request confidential treatment in order to maintain the confidentiality of your vote.

Solicitation of Proxies

Your proxy is solicited on behalf of the Board of Directors. The company will pay all of the expenses of the solicitation. In addition to the mailing of the proxy material, such solicitation may be made in person or by telephone by directors, officers and employees of the company, who will receive no additional compensation therefore. Stanley has retained D.F. King & Co. to aid in the solicitation of proxies; Stanley expects the additional expense of D.F. King's assistance to be approximately \$11,000. Stanley also will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxy materials to beneficial owners. Stanley will, upon request, reimburse these institutions for their reasonable expenses in sending proxies and proxy material to beneficial owners. A copy of the Annual Report on Form 10-K filed by the company with the Securities and Exchange Commission for its latest fiscal year is available without charge to shareholders at the company's website at www.stanleyworks.com or upon written request to The Stanley Works, 1000 Stanley Drive, New Britain, Connecticut 06053, Attention: Investor Relations.

Shareholder proposals for the 2007 Annual Meeting

Shareholder proposals, submitted pursuant to Rule 14a-8 of the Exchange Act, intended to be presented at the company's 2007 Annual Meeting must be received by the Secretary not later than November 22, 2006 for inclusion in the proxy statement and form of proxy relating to such meeting. A shareholder who otherwise intends to present business at the company's 2006 Annual Meeting must comply with the company's bylaws, which state, among other things, that to properly bring business before an annual meeting, a shareholder must give notice to the Secretary in proper written form not less than sixty (60) days nor more than ninety (90) days prior to the anniversary of the date on which the immediately preceding Annual Meeting of shareholders was convened. Thus, a notice of a shareholder proposal for the 2007 Annual Meeting, submitted other than pursuant to Rule 14a-8, will not be timely if received by the Secretary before January 28, 2007 or after February 26, 2006.

The Committee may, in its sole discretion, increase (subject to the maximum amount set forth in this Section 5(b)) or decrease the amounts otherwise payable to Participants upon the achievement of Performance Goals under an Award; *provided, however*, that in no event may the Committee so increase the amount otherwise payable to a Covered Employee pursuant to an Award.
 - (c)

Time and Form of Payment. Unless otherwise determined by the Committee, all payments in respect of Awards granted under this Plan shall be made in cash within 2-1/2 months after the end of the Performance Period.

6. Term. Subject to the approval of the Plan by the holders of a majority of the Common Stock represented and voting on the proposal at the annual meeting of Company's shareholders to be held in 2006 (or any adjournment thereof), the Plan shall be effective as of January 1, 2006 and shall continue in effect until the tenth anniversary of the date of such shareholder approval, unless earlier terminated as provided below.

A-3

7. General Provisions.

- (a) Compliance with Legal Requirements. The Plan and the granting and payment of Awards, and the other obligations of the Company under the Plan shall be subject to all applicable federal and state laws, rules and regulations, and to such approvals by any regulatory or governmental agency as may be required.
- (b) Nontransferability. Awards shall not be transferable by a Participant except upon the Participant's death following the end of the Performance Period but prior to the date payment is made, in which case the Award shall be transferable in accordance with any beneficiary designation made by the Participant in accordance with Section 7(l) below or, in the absence thereof, by will or the laws of descent and distribution.
- (c) No Right To Continued Employment. Nothing in the Plan or in any Award granted pursuant hereto shall confer upon any Participant the right to continue in the employ of the Company or to be entitled to any remuneration or benefits not set forth in the Plan or to interfere with or limit in any way whatever rights otherwise exist of the Company to terminate such Participant's employment or change such Participant's remuneration.
- (d) Withholding Taxes. Where a Participant or other person is entitled to receive a payment pursuant to an Award hereunder, the Company shall have the right either to deduct from the payment, or to require the Participant or such other person to pay to the Company prior to delivery of such payment, an amount sufficient to satisfy any federal, state, local or other withholding tax requirements related thereto.
- (e) Amendment, Termination and Duration of the Plan. The Board or the Committee may at any time and from time to time alter, amend, suspend, or terminate the Plan in whole or in part; provided that, no amendment that requires shareholder approval in order for the Plan to continue to comply with Section 162(m) of the Code shall be effective unless the same shall be approved by the requisite vote of the shareholders of the Company. Notwithstanding the foregoing, no amendment shall affect adversely any of the rights of any Participant under any Award following the end of the Performance Period to which such Award relates, provided that the exercise of the Committee's discretion pursuant to Section 5(b) to reduce the amount of an Award shall not be deemed an amendment of the Plan.
- (f) Participant Rights. No Participant shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment for Participants.
- (g) Termination of Employment.
- (i) Unless otherwise provided by the Committee, and except as set forth in subparagraph (ii) of this Section 7(g), a Participant must be actively employed by the Company or one of its Affiliates at the end of the Performance Period in order to be eligible to receive payment in respect of such Award.
- (ii) Unless otherwise provided by the Committee, if a Participant's employment is terminated as result of death, Disability or Retirement prior to the end of the Performance Period, the Participant's Award shall be cancelled and in respect of his or her cancelled Award the Participant shall receive a pro rata portion of the Award as determined by the Committee.
- (h) Change in Control. Notwithstanding any provision in the Plan to the contrary, upon a Change in Control, unless otherwise determined by the Committee with respect to an Award at the time of its grant, each outstanding Award shall be cancelled and in respect of his or her cancelled Award a Participant shall receive a pro rata portion of the Award. Such portion shall be calculated by extrapolating the achievement of the applicable Performance Goal or Performance Goals during the Performance Period prior to the Change in Control to the end of the Performance Period and then multiplying this amount by a fraction, the numerator of which is the number of days completed in the Performance Period prior to the Change in Control and the denominator of which is the total number of days in the

Performance Period. The pro rata portion of the Award shall be paid in cash as soon as practicable following the Change in Control. In addition, if any Award which a Participant earned under the Plan during any Performance Period which ended prior to the Change in Control has neither been paid to the Participant nor credited to such Participant under a deferred compensation plan maintained or sponsored by the Company or an Affiliate prior to the Change in Control, such Award shall be paid to the Participant as soon as practicable and in no event later than the later of (i) March 1st following the year in respect of which the Award was earned or (ii) the fifteenth day following the Change in Control. After a Change in Control, the Committee may

A-4

not exercise the discretion referred to in Section 5(b) to decrease the amount payable in respect of any Award which is outstanding immediately prior to the occurrence of the Change in Control.

- (i) Unfunded Status of Awards. The Plan is intended to constitute an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company.
- (j) Governing Law. The Plan and all determinations made and actions taken pursuant hereto shall be governed by the laws of the State of Connecticut without giving effect to the conflict of laws principles thereof.
- (k) Effective Date. The Plan shall take effect upon its adoption by the Board; provided, however, that the Plan shall be subject to the requisite approval of the shareholders of the Company in order to comply with Section 162(m) of the Code. In the absence of such approval, the Plan (and any Awards made pursuant to the Plan prior to the date of such approval) shall be null and void.
- (l) Beneficiary. A Participant may file with the Committee a written designation of a beneficiary on such form as may be prescribed by the Committee and may, from time to time, amend or revoke such designation. If no designated beneficiary survives the Participant and an Award is payable to the Participant's beneficiary pursuant to Section 7(b), the Participant's estate shall be deemed to be the grantee's beneficiary.
- (m) Interpretation. The Plan is designed and intended to comply, to the extent applicable, with Section 162(m) of the Code, and all provisions hereof shall be construed in a manner to so comply.

Section 3. Administration

Except as otherwise provided herein, the Plan shall be administered by the Committee. Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations, and other decisions under or with respect to the Plan or any Award shall be within the sole discretion of the Committee, may be made at any time, and shall be final, conclusive, and binding upon all Persons, including the Company, any Affiliate, any Participant, any holder or beneficiary of any Award, any shareholder, and any employee of the Company or of any Affiliate.

Section 4. Shares Available for Awards

- (a) **Shares Available.** Subject to adjustment as provided in Section 4(b):
 - (i) **Calculation of Number of Shares Available.** The number of Shares authorized to be issued in connection with the granting of Awards under the Plan is four million (4,000,000), and the number of Shares available for granting Awards under the Plan in each fiscal year or, in the case of the years 1997 and 2007, part thereof shall be two percent (2%) of the issued Shares (including, without limitation, treasury Shares) as of the first day of such year; provided, however, that the number of Shares available for granting Awards in any year shall be increased in any such year by the number of Shares available under the Plan in previous years but not covered by Awards granted under the Plan in such years. Further, if any Shares covered by an Award granted under the Plan or by an award granted under the 1990 Plan, or to which such an Award or award relates, are forfeited, or if an Award or award otherwise terminates without the delivery of Shares or of other consideration, or if upon the termination of the 1990 Plan there are Shares remaining that were authorized for issuance under

that Plan but with respect to which no awards have been granted, then the Shares covered by such Awards or award, or to which such Award or award relates, or the number of Shares otherwise counted against the aggregate number of Shares available under the Plan with respect to such Award or award, to the extent of any such forfeiture or termination, or which were authorized for issuance

Edgar Filing: STANLEY WORKS - Form DEF 14A

under the 1990 Plan but with respect to which no awards were granted as of the termination of the 1990 Plan shall again be, or shall become available for granting Awards under the Plan. Notwithstanding the foregoing but subject to adjustment as provided in Section 4(b), no more than one million (1,000,000) Shares shall be cumulatively available for delivery pursuant to the exercise of Incentive Stock Options.

- (ii) **Accounting for Awards.** For purposes of this Section 4,
 - (A) if an Award (other than a Dividend Equivalent) is denominated in Shares, the number of Shares covered by such Award, or to which such Award relates, shall be counted on the date of grant of such Award against the aggregate number of Shares available for granting Awards under the Plan; and
 - (B) Dividend Equivalents and Awards not denominated in Shares shall be counted against the aggregate number of Shares available for granting Awards under the Plan, if at all, only in such amount and at such time as the Committee shall determine under procedures adopted by the Committee consistent with the purposes of the Plan;

provided, however, that Awards that operate in tandem with (whether granted simultaneously with or at a different time from), or that are substituted for, other Awards or awards granted under the 1990 Plan may be counted or not counted under procedures adopted by the Committee in order to avoid double counting. Any Shares that are delivered by the Company, and any Awards that are granted by, or become obligations of, the Company through the assumption by the Company or an Affiliate of, or in substitution for, outstanding awards previously granted by an acquired company, shall not be counted against the Shares available for granting Awards under the Plan.

- (iii) **Sources of Shares Deliverable Under Awards.** Any Shares delivered pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares or of treasury Shares.
- (b) **Adjustments.** In the event that the Committee shall determine that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation split-up, spin-off, combination repurchase, or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event affects the Shares such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the number and type of Shares (or other securities or property) which thereafter may be made the subject of Awards, (ii) the number and type of Shares (or other securities or property) subject to outstanding Awards, (iii) the number and type of Shares (or other securities or property) specified as the annual per-participant limitation under Section 6(g)(vi), and (iv) the grant, purchase, or exercise price with respect to any Award, or, if deemed appropriate, make provision for a cash payment to the holder of an outstanding Award; provided, however, in each case, that with respect to Awards of Incentive Stock Options no such adjustment shall be authorized to the extent that such authority would cause the Plan to violate Section 422(b)(1) of the Code or any successor provision thereto; and provided further, however, that the number of Shares subject to any Award denominated in Shares shall always be a whole number.

Section 5. Eligibility

Any Salaried Employee, including any officer or employee-director of the Company or of any Affiliate, and any Non-Employee Director, who is not a member of the Committee shall be eligible to be designated a Participant.

B-3

Section 6. Awards

- (a) **Options.** The Committee is hereby authorized to grant Options to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:
 - (i) **Exercise Price.** The purchase price per Share purchasable under an Option shall be determined by the Committee; provided, however, that such purchase price shall not be less than the Fair Market Value of a Share on the date of grant of such Option (or, if the Committee so determines, in the case of any Option retroactively granted in tandem with or in substitution for another Award or any outstanding award granted under any other plan of the Company, on the date of grant of such other Award or award).

- (ii) **Option Term.** The term of each Option shall be fixed by the Committee.
- (iii) **Time and Method of Exercise.** The Committee shall determine the time or times at which an Option may be exercised in whole or in part, and the method or methods by which, and the form or forms, including, without limitation, cash, Shares, other Awards, or other property, or any combination thereof, having a Fair Market Value on the exercise date equal to the relevant exercise price, in which, payment of the exercise price with respect thereto may be made or deemed to have been made.
- (iv) **Incentive Stock Options.** The terms of any Incentive Stock Option granted under the plan shall comply in all respects with the provisions of Section 422 of the Code, or any successor provision thereto, and any regulations promulgated thereunder. No Incentive Stock Option shall be granted to any Non-Employee Director who is not otherwise an employee of the Company or any of its Affiliates.
- (v) **Transferability.** An Option shall not be transferable other than by will or the laws of descent and distribution or pursuant to a qualified domestic relations order, as defined in the Code, and, during the Participant's lifetime, shall be exercisable only by the Participant, except that the Committee may:
 - (A) permit exercise, during the Participant's lifetime, by the Participant's guardian or legal representative; and
 - (B) permit transfer, upon the Participant's death, to beneficiaries designated by the Participant in a manner authorized by the Committee, provided that the Committee determines that such exercise and such transfer are consonant with requirements for exemption from Section 16(b) of the Exchange Act and, with respect to an Incentive Stock Option, the requirements of Section 422(b)(5) of the Code; and
 - (C) grant Non-Qualified Stock Options that are transferable, or amend outstanding Non-Qualified Stock Options to make them so transferable, without payment of consideration, to immediate family members of the Participant or to trusts or partnerships for such family members.
- (b) **Stock Appreciation Rights.** The Committee is hereby authorized to grant Stock Appreciation Rights to Participants. Subject to the terms of the Plan and any applicable Award Agreement, a Stock Appreciation Right granted under the Plan shall confer on the holder thereof a right to receive, upon exercise thereof, the excess of (i) the Fair Market Value of one Share on the date of exercise or, if the Committee shall so determine in the case of any such right other than one related to any Incentive Stock Option, at any time during a specified period before or after the date of exercise over (ii) the grant price of the right as specified by the Committee, which shall not be less than the Fair Market Value of one Share on the date of grant of the Stock Appreciation Right (or, if the Committee so determines, in the case of any Stock Appreciation Right retroactively granted in tandem with or in substitution for another Award or any outstanding award granted under any other plan of the Company, on the date of grant of such other Award or award). Subject to the terms of the Plan and any applicable Award Agreement, the grant price, term, methods of exercise, methods of settlement, and any other terms and conditions of any Stock Appreciation Right shall be as determined by the Committee. The Committee may impose such conditions or restrictions on the exercise of any Stock Appreciation Right as it may deem appropriate.

B-4

- (c) **Restricted Stock and Restricted Stock Units.**
 - (i) **Issuance.** The Committee is hereby authorized to grant Awards of Restricted Stock and Restricted Stock Units to Participants.
 - (ii) **Restrictions.** Shares of Restricted Stock and Restricted Stock Units shall be subject to such restrictions as the Committee may impose (including, without limitation, any limitation on the right to vote a Share of Restricted Stock or the right to receive any dividend or other right or property), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate.
 - (iii) **Registration.** Any Restricted Stock granted under the Plan may be evidenced in such manner as the Committee may deem appropriate, including, without limitation, book-entry registration or issuance of a stock certificate or certificates. In the event any stock certificate is issued in respect of Shares of Restricted Stock granted under the Plan, such certificate shall be registered in the name of the Participant and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

- (iv) **Forfeiture.** Except as otherwise determined by the Committee, upon termination of employment (as determined under criteria established by the Committee) for any reason during the applicable restriction period, all Shares of Restricted Stock and all Restricted Stock Units still, in either case, subject to restriction shall be forfeited and reacquired by the Company; provided, however, that the Committee may, when it finds that a waiver would be in the best interests of the Company, waive in whole or in part any or all remaining restrictions with respect to Shares of Restricted Stock or Restricted Stock Units. Unrestricted Shares, evidenced in such manner as the Committee shall deem appropriate, shall be delivered to the holder of Restricted Stock promptly after such Restricted Stock shall become Released Securities.
- (d) **Performance Awards.** The Committee is hereby authorized to grant Performance Awards to Participants. Subject to the terms of the Plan and any applicable Award Agreement, a Performance Award granted under the Plan (i) may be denominated or payable in cash, Shares (including without limitation, Restricted Stock), other securities, other Awards, or other property and (ii) shall confer on the holder thereof rights valued as determined by the Committee and payable to, or exercisable by, the holder of the Performance Award, in whole or in part, upon the achievement of such performance goals during such performance periods as the Committee shall establish.

Performance goals shall be based on one or more of the following criteria, determined in accordance with generally accepted accounting principles, where applicable: (i) pre-tax income or after-tax income; (ii) earnings including operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or special items; (iii) net income excluding amortization of intangible assets, depreciation and impairment of goodwill and intangible assets; (iv) operating income; (v) earnings or book value per share (basic or diluted); (vi) return on assets (gross or net), return on investment, return on capital, or return on equity; (vii) return on revenues; (viii) net tangible assets (working capital plus property, plants and equipment) or return on net tangible assets (operating income divided by average net tangible assets) or working capital; (ix) operating cash flow (operating income plus or minus changes in working capital less capital expenditures); (x) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (xi) sales or sales growth; (xii) operating margin or profit margin; (xiii) share price or total shareholder return; (xiv) earnings from continuing operations; (xv) cost targets, reductions or savings, productivity or efficiencies; (xvi) economic value added; and (xvii) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration or market share, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, financial management, project management, supervision of litigation, information technology, or goals relating to divestitures, joint ventures or similar transactions.

Where applicable, the performance goals may be expressed in terms of attaining a specified level of the particular criterion or the attainment of a percentage increase or decrease in the particular criterion, and may be applied to one or more of Stanley or a parent or subsidiary of Stanley, or a division or strategic

B-5

business unit of Stanley, all as determined by the Compensation and Organization Committee (the Committee). The performance goals may include a threshold level of performance below which no payment will be made (or no vesting will occur), levels of performance at which specified payments will be paid (or specified vesting will occur) and a maximum level of performance above which no additional payment will be made (or at which full vesting will occur).

Subject to the terms of the Plan and any applicable Awards Agreement, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award granted, and the amount of any payment or transfer to be made pursuant to any Performance Award shall be determined by the Committee.

- (e) **Dividend Equivalents.** The Committee is hereby authorized to grant to Participants Awards under which the holders thereof shall be entitled to receive payments equivalent to dividends or interest with respect to a number of Shares determined by the Committee, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional Shares or otherwise reinvested. Subject to the terms of the Plan and any applicable Awards Agreement, such Awards may have such terms and conditions as the Committee shall determine.
- (f) **Other Stock-Based Awards.** The Committee is hereby authorized to grant to Participants such other Awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Shares (including, without limitation, securities convertible into Shares), as are deemed by the Committee to be consistent with the purposes of the Plan, provided, however, that such grants must comply with applicable law. Subject to the terms of the Plan and any applicable Award Agreement, the Committee shall determine the terms and conditions of such Awards. Shares or other securities delivered pursuant to a purchase right granted under this Section 6(f) shall be purchased for such consideration, which may be paid by such method or methods and in such form or forms, including, without limitation, cash, Shares, other securities, other Awards, or other property, or any combination thereof, as the Committee shall determine, the value of which consideration, as established by the Committee, shall not be less than the Fair

Edgar Filing: STANLEY WORKS - Form DEF 14A

Market Value of such Shares or other securities as of the date such purchase right is granted (or, if the Committee so determines, in the case of any such purchase right retroactively granted in tandem with or in substitution for another Award or any outstanding award granted under any other plan of the Company, on the date of grant of such other Award or award).

(g) General.

(i) No Cash Consideration for Awards. Awards shall be granted for no cash consideration or for such minimal cash consideration as may be required by applicable law.

(ii) Awards May Be Granted Separately or Together. Awards may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution for any other Award or any awards granted under any other plan of the Company or any Affiliate. Awards granted in addition to or in tandem with other Awards, or in addition to or in tandem with awards granted under any other plan of the Company or any Affiliate, may be granted either at the same time as or at a different time from the grant of such other Awards or awards.

(iii) Forms of Payment Under Awards. Subject to the terms of the Plan and of any applicable Award Agreement, payments or transfers to be made by the Company or an Affiliate upon the grant, exercise, or payment of an Award may be made in such form or forms as the Committee shall determine, including, without limitation, cash, Shares, other securities, other Awards, or other property, or any combination thereof, and may be made in a single payment or transfer, in installments, or on a deferred basis, in each case in accordance with rules and procedures established by the Committee. Such rules and procedures may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents in respect of installment or deferred payments.

(iv) Limits on Transfer of Awards. Except as provided in Section 6(a) above regarding Options, no Award (other than Released Securities), and no right under any such Award, shall be assignable, alienable, saleable, or transferable by a Participant otherwise than by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order, as defined in the Code (or, in the

B-6

case of an Award of Restricted Securities, to the Company); provided, however, that, if so determined by the Committee, a Participant may, in the manner established by the Committee, designate a beneficiary or beneficiaries to exercise the rights of the Participant, and to receive any property distributable, with respect to any Award upon the demand of the Participant. Each Award, and each right under any Award, shall be exercisable, during the Participant's lifetime, only by the Participant or, if permissible under applicable law, by the Participant's guardian or legal representative. No Award (other than Released Securities), and no right under any such Award, may be pledged, alienated, attached, or otherwise encumbered, and any purported pledge, alienation, attachment, or encumbrance thereof shall be void and unenforceable against the Company or any Affiliate.

(v) Terms of Awards. The Term of each Award shall be for such period as may be determined by the Committee; provided, however, that in no event shall the term of any Incentive Stock Option exceed a period of ten years from the date of its grant.

(vi) Per-Person Limitation on Options and SARs. The number of Shares with respect to which Options and SARs may be granted under the Plan to an individual Participant in any three-year period from September 17, 1997 through the end of the term shall not exceed 3,000,000 Shares, subject to adjustment as provided in Section 4(b).

(vii) Share Certificates. All certificates for Shares or other securities delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which such Shares or other securities are then listed, and any applicable Federal or state securities laws, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(viii) Maximum Payment Amount. The maximum fair market value of payments to any executive officer made in connection with any long-term performance awards (except for payments made in connection with Options or Stock Appreciation Rights) granted under the 1997 Plan shall not, during any three-year period, exceed two percent of Stanley's shareholders' equity as of the end of the year immediately preceding the commencement of such three-year period.

Section 7. Amendment and Termination

Except to the extent prohibited by applicable law and unless otherwise expressly provided in an Award Agreement or in the Plan:

- (a) **Amendments to the Plan.** The Board of Directors of the Company may amend, alter, suspend, discontinue, or terminate the Plan, including, without limitation, any amendment, alteration, suspension, discontinuation, or termination that would impair the rights of any Participant, or any other holder or beneficiary of any Award theretofore granted, without the consent of any shareholder, Participant, other holder or beneficiary of an Award, or other Person; provided, however, that, notwithstanding any other provision of the Plan or any Award Agreement, without the approval of the shareholders of the Company no such amendment, alteration, suspension, discontinuation, or termination shall be made that would:
 - (i) increase the total number of Shares available for Awards under the Plan, except as provided in Section 4 hereof; or
 - (ii) permit Options, Stock Appreciation Rights, or other Stock-Based Awards encompassing rights to purchase Shares to be granted with per Share grant, purchase, or exercise prices of less than the Fair Market Value of a Share on the date of grant thereof, except to the extent permitted under Sections 6(a), 6(b), or 6(f) hereof.
- (b) **Adjustments of Awards Upon Certain Acquisitions.** In the event the Company or any Affiliate shall assume outstanding employee awards or the right or obligation to make future such awards in connection with the acquisition of another business or another corporation or business entity, the Committee may make such adjustments, not inconsistent with the terms of the Plan, in the terms of Awards as it shall deem appropriate in order to achieve reasonable comparability or other equitable relationship between the assumed awards and the Awards granted under the Plan as so adjusted.

B-7

- (c) **Adjustments of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events.** The Committee shall be authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4(b) hereof) affecting the Company, any Affiliate, or the financial statements of the Company or any Affiliate, or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits to be made available under the Plan.
- (d) **Correction of Defects, Omissions and Inconsistencies.** The Committee may correct any defect, supply any omission, or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem desirable to carry the Plan into effect.

Section 8. General Provisions

- (a) **No Rights to Awards.** No Salaried Employee, Participant or other Person shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Salaried Employees, Participants, or holders or beneficiaries of Awards under the Plan. The terms and conditions of Awards need not be the same with respect to each recipient.
- (b) **Delegation.** The Committee may delegate to one or more officers or managers of the Company or any Affiliate, or a committee of such officers or managers, the authority, subject to such terms and limitations as the Committee shall determine, to grant Awards to, or to cancel, modify, waive rights with respect to, alter, discontinue, suspend or terminate Awards held by, Salaried Employees who are not officers of the Company for purposes of Section 16 of the Exchange Act.
- (c) **Withholding.** The Company or any Affiliate shall be authorized to withhold from any Award granted or any payment due or transfer made under any Award or under the Plan the amount (in cash, Shares, other securities, other Awards, or other property) of withholding taxes due in respect of an Award, its exercise, or any payment or transfer under such Awards or under the Plan and to take such other action as may be necessary in the opinion of the Company or Affiliate to satisfy all obligations for the payment of such taxes.
- (d) **No Limit on Other Compensation Arrangements.** Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.

- (e) **No Right to Employment.** The grant of an Award shall not be construed as giving a Participant the right to be retained in the employ of the Company or any Affiliate. Further, the Company or an Affiliate may at any time dismiss a Participant from employment, free from any liability, or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Award Agreement.
- (f) **Governing Law.** The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the laws of the State of Connecticut and applicable Federal law.
- (g) **Severability.** If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction, or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, Person, or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.
- (h) **No Trust or Fund Created.** Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.
- (i) **No Fractional Shares.** No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash, other securities, or other property shall be paid

B-8

or transferred in lieu of any fractional Shares, or whether such fractional Shares or any rights thereto shall be canceled, terminated, or otherwise eliminated.

- (j) **Headings.** Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

Section 9. Change in Control

- (a) Upon the occurrence of a Change in Control (as hereinafter defined), unless otherwise determined by the Committee and set forth in an Award Agreement,
 - (i) all Options and Stock Appreciation Rights, whether granted as performance awards or otherwise, shall become immediately exercisable in full for the remainder of their terms, and Grantees shall have the right to have the Company purchase all or any number of such Options or Stock Appreciation Rights for cash for a period of thirty (30) days following a Change in Control at the Option Acceleration Price (as hereinafter defined); and

- (b)(i) The Restricted Stock Acceleration Price is the highest of the following on the date of a Change in Control:

 - (C) the highest tender offer price paid for a share of the Common Stock, and

- (D) any cash merger or similar price paid for a share of the Common Stock.
- (ii) The Option Acceleration Price is the excess of the Restricted Stock Acceleration Price over the exercise price of the award, except that for Incentive Stock Options, the Option Acceleration Price is limited to the spread between the Fair Market Value on the date of exercise and the option price.
- (c) A Change in Control shall be deemed to have occurred if the event set forth in any one of the following paragraphs shall have occurred:
- (I) any Person, as hereinafter defined, is or becomes the Beneficial Owner, as hereinafter defined, directly or indirectly, of securities of the Company, as hereinafter defined, (not including in the securities beneficially owned by such Person any securities acquired directly from the Company or its Affiliates) representing 25% or more of the combined voting power of the Company's then outstanding securities, excluding any Person who becomes such a Beneficial Owner in connection with a transaction described in clause (i) of paragraph (III) below; or
- (II) the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who, on the date hereof, constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose appointment or election by the Board or nomination for election by the Company's shareholders was approved or recommended by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors on December 17, 2003 or whose appointment, election or nomination for election was previously so approved or recommended;

B-9

- (III) there is consummated a merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation or other entity, other than (i) a merger or consolidation which results in the voting securities of the Company outstanding immediately prior to such merger or consolidation continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or any parent thereof) at least 50% of the combined voting power of the securities of the Company or such surviving entity or any parent thereof outstanding immediately after such merger or consolidation or (ii) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no Person is or becomes the Beneficial Owner, directly or indirectly, of securities of the Company (not including in the securities Beneficially Owned by such Person any securities acquired directly from the Company or its Affiliates) representing 25% or more of the combined voting power of the Company's then outstanding securities; or
- (IV) the shareholders of the Company approve a plan of complete liquidation or dissolution of the Company or there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of the Company's assets to an entity, at least 50% of the combined voting power of the voting securities of which are owned by shareholders of the Company in substantially the same proportions as their ownership of the Company immediately prior to such sale.
- (d) Solely for purposes of Section 9(c) and (d), and notwithstanding anything to the contrary in any other provision of this Plan, the following terms shall have the meanings indicated below:
1. **Beneficial Owner** shall have the meaning set forth in Rule 13d-3 under the Exchange Act.

Section 10. Effective Date of the Plan

The Plan shall be effective as of September 17, 1997.

Section 3. Administration

Except as otherwise provided herein, the Plan shall be administered by the Committee. Subject to the terms of the Plan and applicable law, the Committee shall have full power and authority to: (i) designate Participants; (ii) determine the type or types of Awards to be granted to each Participant under the Plan; (iii) determine the number of Shares to be covered by or with respect to which payments, rights, or other matters are to be calculated in connection with Awards; (iv) determine the terms and conditions of any Award; (v) determine whether, to what extent, and

under what circumstances Awards may be settled or exercised in cash, Shares, other securities, other Awards, or other property, or canceled, forfeited, or suspended, and the method or methods by which Awards may be settled, exercised, canceled, forfeited, or suspended; (vi) determine whether, to what extent, and under what circumstances cash, Shares, other securities, other Awards, other property and other amounts payable with respect to an Award under the Plan shall be deferred either automatically or at the election of the holder thereof or of the Committee; (vii) interpret and administer the Plan and any instrument or agreement relating to, or Award made under, the Plan; (viii) establish, amend, suspend, or waive such rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan; and (ix) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan. Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations, and other decisions under or with respect to the Plan or any Award shall be within the sole discretion of the Committee, may be made at any time, and shall be final, conclusive, and binding upon all Persons, including the Company, any Affiliate, any Participant, any holder or beneficiary of any Award, any shareowner, and any employee of the Company or of any Affiliate.

Section 4. Shares Available for Awards

(a) **Shares Available.** Subject to adjustment as provided in Section 4(b):

(i) **Calculation of Number of Shares Available.** The number of Shares authorized to be issued in connection with the granting of Awards under the Plan is ten million (10,000,000). If any Shares covered by an Award granted under the Plan or by an award granted under the 1997 Plan, or to which such an Award or award relates, are forfeited, or if an Award or award otherwise terminates without the delivery of Shares or of other consideration, or if upon the termination of the 1997 Plan there are Shares remaining that were authorized for issuance under that Plan but with respect to which no awards have been granted, then the Shares covered by such Awards or award, or to which such Award or award relates, or the number of Shares otherwise counted against the aggregate number of Shares available under the Plan with respect to such Award or award, to the extent of any such forfeiture or termination, or which were authorized for issuance under the 1997 Plan but with respect to which no awards were granted as of the termination of the 1997 Plan shall again be, or shall become

C-2

available for granting Awards under the Plan. Notwithstanding the foregoing but subject to adjustment as provided in Section 4(b), (A) no more than one million (1,000,000) Shares shall be cumulatively available for delivery pursuant to the exercise of Incentive Stock Options and (B) no more than one million (1,000,000) Shares shall be cumulatively available for granting as Restricted Stock or Restricted Stock Units.

(ii) **Accounting for Awards.** For purposes of this Section 4,

(A) if an Award (other than a Dividend Equivalent) is denominated in Shares, the number of Shares covered by such Award, or to which such Award relates, shall be counted on the date of grant of such Award against the aggregate number of Shares available for granting Awards under the Plan; and

(B) Dividend Equivalents and Awards not denominated in Shares shall be counted against the aggregate number of Shares available for granting Awards under the Plan, if at all, only in such amount and at such time as the Committee shall determine under procedures adopted by the Committee consistent with the purposes of the Plan; provided, however, that Awards that operate in tandem with (whether granted simultaneously with or at a different time from), or that are substituted for, other Awards or awards granted under the 1997 Plan may be counted or not counted under procedures adopted by the Committee in order to avoid double counting. Any Shares that are delivered by the Company, and any Awards that are granted by, or become obligations of, the Company through the assumption by the Company or an Affiliate of, or in substitution for, outstanding awards previously granted by an acquired company, shall not be counted against the Shares available for granting Awards under the Plan.

(iii) **Sources of Shares Deliverable Under Awards.** Any Shares delivered pursuant to an Award may consist, in whole or in part, of authorized and unissued Shares or of treasury Shares.

(b) **Adjustments.** In the event that the Committee shall determine that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation split-up, spin-off, combination repurchase, or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event affects the Shares such that

an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the number and type of Shares (or other securities or property) which thereafter may be made the subject of Awards, (ii) the number and type of Shares (or other securities or property) subject to outstanding Awards, (iii) the number and type of Shares (or other securities or property) specified as the annual per-participant limitation under Section 6(g)(vi), and (iv) the grant, purchase, or exercise price with respect to any Award, or, if deemed appropriate, make provision for a cash payment to the holder of an outstanding Award; provided, however, in each case, that with respect to Awards of Incentive Stock Options no such adjustment shall be authorized to the extent that such authority would cause the Plan to violate Section 422(b)(1) of the Code or any successor provision thereto; and provided further, however, that the number of Shares subject to any Award denominated in Shares shall always be a whole number.

Section 5. Eligibility

Any Salaried Employee, including any officer or employee-director of the Company or of any Affiliate, and any Non-Employee Director, who is not a member of the Committee shall be eligible to be designated a Participant.

Section 6. Awards

- (a) **Options.** The Committee is hereby authorized to grant Options to Participants with the following terms and conditions and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:
- (i) **Exercise Price.** The purchase price per Share purchasable under an Option shall be determined by the Committee; provided, however, that such purchase price shall not be less than the Fair Market Value

C-3

of a Share on the date of grant of such Option (or, if the Committee so determines, in the case of any Option retroactively granted in tandem with or in substitution for another Award or any outstanding award granted under any other plan of the Company, on the date of grant of such other Award or award).

- (ii) **Option Term.** The term of each Option shall be fixed by the Committee.
- (iii) **Time and Method of Exercise.** The Committee shall determine the time or times at which an Option may be exercised in whole or in part, and the method or methods by which, and the form or forms, including, without limitation, cash, Shares, other Awards, or other property, or any combination thereof, having a Fair Market Value on the exercise date equal to the relevant exercise price, in which, payment of the exercise price with respect thereto may be made or deemed to have been made.
- (iv) **Incentive Stock Options.** The terms of any Incentive Stock Option granted under the plan shall comply in all respects with the provisions of Section 422 of the Code, or any successor provision thereto, and any regulations promulgated thereunder. No Incentive Stock Option shall be granted to any Non-Employee Director who is not otherwise an employee of the Company or any of its Affiliates.
- (v) **Transferability.** An Option shall not be transferable other than by will or the laws of descent and distribution or pursuant to a qualified domestic relations order, as defined in the Code, and, during the Participant's lifetime, shall be exercisable only by the Participant, except that the Committee may:
- (A) permit exercise, during the Participant's lifetime, by the Participant's guardian or legal representative; and
- (B) permit transfer, upon the Participant's death, to beneficiaries designated by the Participant in a manner authorized by the Committee, provided that the Committee determines that such exercise and such transfer are consonant with requirements for exemption from Section 16(b) of the Exchange Act and, with respect to an Incentive Stock Option, the requirements of Section 422(b)(5) of the Code; and
- (C) grant Non-Qualified Stock Options that are transferable, or amend outstanding Non-Qualified Stock Options to make them so transferable, without payment of consideration, to immediate family members of the Participant or to trusts or partnerships for

such family members.

(b) **Stock Appreciation Rights.** The Committee is hereby authorized to grant Stock Appreciation Rights to Participants. Subject to the terms of the Plan and any applicable Award Agreement, a Stock Appreciation Right granted under the Plan shall confer on the holder thereof a right to receive, upon exercise thereof, the excess of (i) the Fair Market Value of one Share on the date of exercise or, if the Committee shall so determine in the case of any such right other than one related to any Incentive Stock Option, at any time during a specified period before or after the date of exercise over (ii) the grant price of the right as specified by the Committee, which shall not be less than the Fair Market Value of one Share on the date of grant of the Stock Appreciation Right (or, if the Committee so determines, in the case of any Stock Appreciation Right retroactively granted in tandem with or in substitution for another Award or any outstanding award granted under any other plan of the Company, on the date of grant of such other Award or award). Subject to the terms of the Plan and any applicable Award Agreement, the grant price, term, methods of exercise, methods of settlement, and any other terms and conditions of any Stock Appreciation Right shall be as determined by the Committee. The Committee may impose such conditions or restrictions on the exercise of any Stock Appreciation Right as it may deem appropriate.

(c) **Restricted Stock and Restricted Stock Units.**

(i) **Issuance.** The Committee is hereby authorized to grant Awards of Restricted Stock and Restricted Stock Units to Participants.

(ii) **Restrictions.** Shares of Restricted Stock and Restricted Stock Units shall be subject to such restrictions as the Committee may impose (including, without limitation, any limitation on the right to vote a Share of Restricted Stock or the right to receive any dividend or other right or property), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate.

C-4

(iii) **Registration.** Any Restricted Stock granted under the Plan may be evidenced in such manner as the Committee may deem appropriate, including, without limitation, book-entry registration or issuance of a stock certificate or certificates. In the event any stock certificate is issued in respect of Shares of Restricted Stock granted under the Plan, such certificate shall be registered in the name of the Participant and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

(iv) **Forfeiture.** Except as otherwise determined by the Committee, upon termination of employment (as determined under criteria established by the Committee) for any reason during the applicable restriction period, all Shares of Restricted Stock and all Restricted Stock Units still, in either case, subject to restriction shall be forfeited and reacquired by the Company; provided, however, that the Committee may, when it finds that a waiver would be in the best interests of the Company, waive in whole or in part any or all remaining restrictions with respect to Shares of Restricted Stock or Restricted Stock Units. Unrestricted Shares, evidenced in such manner as the Committee shall deem appropriate, shall be delivered to the holder of Restricted Stock promptly after such Restricted Stock shall become Released Securities.

(d) **Performance Awards.** The Committee is hereby authorized to grant Performance Awards to Participants. Subject to the terms of the Plan and any applicable Award Agreement, a Performance Award granted under the Plan (i) may be denominated or payable in cash, Shares (including without limitation, Restricted Stock), other securities, other Awards, or other property and (ii) shall confer on the holder thereof rights valued as determined by the Committee and payable to, or exercisable by, the holder of the Performance Award, in whole or in part, upon the achievement of such performance goals during such performance periods as the Committee shall establish.

Performance goals shall be based on one or more of the following criteria, determined in accordance with generally accepted accounting principles, where applicable: (i) pre-tax income or after-tax income; (ii) earnings including operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or special items; (iii) net income excluding amortization of intangible assets, depreciation and impairment of goodwill and intangible assets; (iv) operating income; (v) earnings or book value per share (basic or diluted); (vi) return on assets (gross or net), return on investment, return on capital, or return on equity; (vii) return on revenues; (viii) net tangible assets (working capital plus property, plants and equipment) or return on net tangible assets (operating income divided by average net tangible assets) or working capital; (ix) operating cash flow (operating income plus or minus changes in working capital less capital expenditures); (x) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (xi) sales or sales growth; (xii) operating margin or profit margin; (xiii) share price or total shareholder return; (xiv) earnings from continuing operations; (xv) cost targets, reductions or savings, productivity or efficiencies; (xvi) economic value added; and (xvii) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration or market share, geographic business expansion, customer satisfaction,

Edgar Filing: STANLEY WORKS - Form DEF 14A

employee satisfaction, human resources management, financial management, project management, supervision of litigation, information technology, or goals relating to divestitures, joint ventures or similar transactions.

Where applicable, the performance goals may be expressed in terms of attaining a specified level of the particular criterion or the attainment of a percentage increase or decrease in the particular criterion, and may be applied to one or more of Stanley or a parent or subsidiary of Stanley, or a division or strategic business unit of Stanley, all as determined by the Compensation and Organization Committee (the Committee). The performance goals may include a threshold level of performance below which no payment will be made (or no vesting will occur), levels of performance at which specified payments will be paid (or specified vesting will occur) and a maximum level of performance above which no additional payment will be made (or at which full vesting will occur).

Subject to the terms of the Plan and any applicable Awards Agreement, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award granted, and the amount of any payment or transfer to be made pursuant to any Performance Award shall be determined by the Committee.

C-5

-
- (e) **Dividend Equivalents.** The Committee is hereby authorized to grant to Participants Awards under which the holders thereof shall be entitled to receive payments equivalent to dividends or interest with respect to a number of Shares determined by the Committee, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional Shares or otherwise reinvested. Subject to the terms of the Plan and any applicable Awards Agreement, such Awards may have such terms and conditions as the Committee shall determine.
- (f) **Other Stock-Based Awards.** The Committee is hereby authorized to grant to Participants such other Awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Shares (including, without limitation, securities convertible into Shares), as are deemed by the Committee to be consistent with the purposes of the Plan, provided, however, that such grants must comply with applicable law. Subject to the terms of the Plan and any applicable Award Agreement, the Committee shall determine the terms and conditions of such Awards. Shares or other securities delivered pursuant to a purchase right granted under this Section 6(f) shall be purchased for such consideration, which may be paid by such method or methods and in such form or forms, including, without limitation, cash, Shares, other securities, other Awards, or other property, or any combination thereof, as the Committee shall determine, the value of which consideration, as established by the Committee, shall not be less than the Fair Market Value of such Shares or other securities as of the date such purchase right is granted (or, if the Committee so determines, in the case of any such purchase right retroactively granted in tandem with or in substitution for another Award or any outstanding award granted under any other plan of the Company, on the date of grant of such other Award or award).
- (g) **General.**
- (i) **No Cash Consideration for Awards.** Awards shall be granted for no cash consideration or for such minimal cash consideration as may be required by applicable law.
- (ii) **Awards May Be Granted Separately or Together.** Awards may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution for any other Award or any awards granted under any other plan of the Company or any Affiliate. Awards granted in addition to or in tandem with other Awards, or in addition to or in tandem with awards granted under any other plan of the Company or any Affiliate, may be granted either at the same time as or at a different time from the grant of such other Awards or awards.
- (iii) **Forms of Payment Under Awards.** Subject to the terms of the Plan and of any applicable Award Agreement, payments or transfers to be made by the Company or an Affiliate upon the grant, exercise, or payment of an Award may be made in such form or forms as the Committee shall determine, including, without limitation, cash, Shares, other securities, other Awards, or other property, or any combination thereof, and may be made in a single payment or transfer, in installments, or on a deferred basis, in each case in accordance with rules and procedures established by the Committee. Such rules and procedures may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents in respect of installment or deferred payments.
- (iv) **Limits on Transfer of Awards.** Except as provided in Section 6(a) above regarding Options, no Award (other than Released Securities), and no right under any such Award, shall be assignable, alienable, saleable, or transferable by a Participant otherwise than by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order, as defined in the Code (or, in the case of an Award of Restricted Securities, to the Company); provided, however, that, if so determined by the Committee,

a Participant may, in the manner established by the Committee, designate a beneficiary or beneficiaries to exercise the rights of the Participant, and to receive any property distributable, with respect to any Award upon the death of the Participant. Each Award, and each right under any Award, shall be exercisable, during the Participant's lifetime, only by the Participant or, if permissible under applicable law, by the Participant's guardian or legal representative. No Award (other than Released Securities), and no right under any such Award, may be pledged, alienated, attached, or otherwise encumbered, and any purported pledge, alienation, attachment, or encumbrance thereof shall be void and unenforceable against the Company or any Affiliate.

C-6

-
- (v) **Terms of Awards.** The Term of each Award shall be for such period as may be determined by the Committee; provided, however, that in no event shall the term of any Incentive Stock Option exceed a period of ten years from the date of its grant.
 - (vi) **Per-Person Limitation on Options and SARs.** The number of Shares with respect to which Options and SARs may be granted under the Plan to an individual Participant in any three-year period from January 24, 2001 through the end of the term shall not exceed 4,000,000 Shares, subject to adjustment as provided in Section 4(b).
 - (vii) **Share Certificates.** All certificates for Shares or other securities delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which such Shares or other securities are then listed, and any applicable Federal or state securities laws, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.
 - (viii) **Maximum Payment Amount.** The maximum fair market value of payments to any executive officer made in connection with any long-term performance awards (except for payments made in connection with Options or Stock Appreciation Rights) granted under the Plan shall not, during any three-year period, exceed two percent of Stanley's shareowners' equity as of the end of the year immediately preceding the commencement of such three-year period.

Section 7. Amendment and Termination

Except to the extent prohibited by applicable law and unless otherwise expressly provided in an Award Agreement or in the Plan:

- (a) **Amendments to the Plan.** The Board of Directors of the Company may amend, alter, suspend, discontinue, or terminate the Plan, including, without limitation, any amendment, alteration, suspension, discontinuation, or termination that would impair the rights of any Participant, or any other holder or beneficiary of any Award theretofore granted, without the consent of any shareowner, Participant, other holder or beneficiary of an Award, or other Person; provided, however, that, notwithstanding any other provision of the Plan or any Award Agreement, without the approval of the shareowners of the Company no such amendment, alteration, suspension, discontinuation, or termination shall be made that would:
 - (i) increase the total number of Shares available for Awards under the Plan, except as provided in Section 4 hereof; or
 - (ii) permit Options, Stock Appreciation Rights, or other Stock-Based Awards encompassing rights to purchase Shares to be granted with per Share grant, purchase, or exercise prices of less than the Fair Market Value of a Share on the date of grant thereof, except to the extent permitted under Sections 6(a), 6(b), or 6(f) hereof.
- (b) **Adjustments of Awards Upon Certain Acquisitions.** In the event the Company or any Affiliate shall assume outstanding employee awards or the right or obligation to make future such awards in connection with the acquisition of another business or another corporation or business entity, the Committee may make such adjustments, not inconsistent with the terms of the Plan, in the terms of Awards as it shall deem appropriate in order to achieve reasonable comparability or other equitable relationship between the assumed awards and the Awards granted under the Plan as so adjusted.
- (c) **Adjustments of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events.** The Committee shall be authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4(b) hereof) affecting the Company, any Affiliate, or the financial statements of the Company or any Affiliate, or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential

benefits to be made available under the Plan.

-
- (d) **Correction of Defects, Omissions and Inconsistencies.** The Committee may correct any defect, supply any omission, or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem desirable to carry the Plan into effect.

Section 8. General Provisions

- (a) **No Rights to Awards.** No Salaried Employee, Participant or other Person shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Salaried Employees, Participants, or holders or beneficiaries of Awards under the Plan. The terms and conditions of Awards need not be the same with respect to each recipient.
- (b) **Delegation.** The Committee may delegate to one or more officers or managers of the Company or any Affiliate, or a committee of such officers or managers, the authority, subject to such terms and limitations as the Committee shall determine, to grant Awards to, or to cancel, modify, waive rights with respect to, alter, discontinue, suspend or terminate Awards held by, Salaried Employees who are not officers of the Company for purposes of Section 16 of the Exchange Act.
- (c) **Withholding.** The Company or any Affiliate shall be authorized to withhold from any Award granted or any payment due or transfer made under any Award or under the Plan the amount (in cash, Shares, other securities, other Awards, or other property) of withholding taxes due in respect of an Award, its exercise, or any payment or transfer under such Awards or under the Plan and to take such other action as may be necessary in the opinion of the Company or Affiliate to satisfy all obligations for the payment of such taxes.
- (d) **No Limit on Other Compensation Arrangements.** Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.
- (e) **No Right to Employment.** The grant of an Award shall not be construed as giving a Participant the right to be retained in the employ of the Company or any Affiliate. Further, the Company or an Affiliate may at any time dismiss a Participant from employment, free from any liability, or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Award Agreement.
- (f) **Governing Law.** The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the laws of the State of Connecticut and applicable Federal law.
- (g) **Severability.** If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction, or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, Person, or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.
- (h) **No Trust or Fund Created.** Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.
- (i) **No Fractional Shares.** No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash, other securities, or other property shall be paid or transferred in lieu of any fractional Shares, or whether such fractional Shares or any rights thereto shall be canceled, terminated, or otherwise eliminated.
- (j) **Headings.** Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

Section 9. Change in Control

- (a) Upon the occurrence of a Change in Control (as hereinafter defined), unless otherwise determined by the Committee and set forth in an Award Agreement:
- (i) all Options and Stock Appreciation Rights, whether granted as performance awards or otherwise, shall become immediately exercisable in full for the remainder of their terms, and Grantees shall have the right to have the Company purchase all or any number of such Options or Stock Appreciation Rights for cash for a period of thirty (30) days following a Change in Control at the Option Acceleration Price (as hereinafter defined); and
- (ii) all restrictions applicable to all Restricted Stock and Restricted Stock Units, whether such Restricted Stock and Restricted Stock Units were granted as performance awards or otherwise, shall immediately lapse and have no effect, and Grantees shall have the right to have the Company purchase all or any number of such Restricted Stock Units and shares of Restricted Stock for cash for a period of thirty (30) days following a Change in Control at the Restricted Stock Acceleration Price (as hereinafter defined).
- (b)(i) The Restricted Stock Acceleration Price is the highest of the following on the date of a Change in Control:

- (C) the highest tender offer price paid for a share of the Common Stock, and
- (D) any cash merger or similar price paid for a share of the Common Stock.
- (ii) The Option Acceleration Price is the excess of the Restricted Stock Acceleration Price over the exercise price of the award, except that for Incentive Stock Options, the Option Acceleration Price is limited to the spread between the Fair Market Value on the date of exercise and the option price.
- (c) A Change in Control shall be deemed to have occurred if the event set forth in any one of the following paragraphs shall have occurred:
- (I) any Person, as hereinafter defined, is or becomes the Beneficial Owner, as hereinafter defined, directly or indirectly, of securities of the Company, as hereinafter defined, (not including in the securities beneficially owned by such Person any securities acquired directly from the Company or its Affiliates) representing 25% or more of the combined voting power of the Company's then outstanding securities, excluding any Person who becomes such a Beneficial Owner in connection with a transaction described in clause (i) of paragraph (III) below; or
- (II) the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who, on the date hereof, constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose appointment or election by the Board or nomination for election by the Company's shareowners was approved or recommended by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors on December 17, 2003 or whose appointment, election or nomination for election was previously so approved or recommended; or
- (III) there is consummated a merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation or other entity, other than (i) a merger or consolidation which results in the voting securities of the Company outstanding immediately prior to such merger or consolidation continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or any parent thereof) at least 50% of the combined voting power of the securities of the Company or such surviving entity or any parent thereof

outstanding immediately after such merger or consolidation, or (ii) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no Person is or becomes the Beneficial Owner, directly or indirectly, of securities of the Company (not including in the securities Beneficially Owned by such Person any securities acquired directly from the Company or its Affiliates) representing 25% or more of the combined voting power of the Company's then outstanding securities; or

(IV) the shareowners of the Company approve a plan of complete liquidation or dissolution of the Company or there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of the Company's assets to an entity, at least 50% of the combined voting power of the voting securities of which are owned by shareowners of the Company in substantially the same proportions as their ownership of the Company immediately prior to such sale.

(d) Solely for purposes of Section 9(c) and (d), and notwithstanding anything to the contrary in any other provision of this Plan, the following terms shall have the meanings indicated below:

1. **Beneficial Owner** shall have the meaning set forth in Rule 13d-3 under the Exchange Act.
2. **Company** shall mean The Stanley Works.
3. **Person** shall have the meaning given in Section 3(a)(9) of the Exchange Act, as modified and used in Sections 13(d) and 14(d) thereof, except that such term shall not include (i) the Company or any of its subsidiaries, (ii) a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any of its Affiliates, (iii) an underwriter temporarily holding securities pursuant to an offering of such securities, or (iv) a corporation owned, directly or indirectly, by the shareowners of the Company in substantially the same proportions as their ownership of stock of the Company.

Section 10. Effective Date of the Plan

The Plan shall be effective as of January 25, 2001.

Section 11. Term of the Plan

No Award shall be granted under the Plan after January 24, 2011.
