ANNOUNCEMENT

The Board of Directors of the Company has noted the recent conditions relating to the public concerns over the outbreak of atypical pneumonia in Hong Kong and Far East regions. The Board would like to state that it has taken a number of precautionary measures to tackle the potential spread of atypical pneumonia on its airlines and at all contact points with its passengers, in accordance with the guidelines issued by the Hygiene Department of the Chinese Government. As of today, although there is a reduction in demand by passengers, there is no significant cancellation of flights of the Group as a result of the atypical pneumonia incident.

The Board of Directors will continuously monitor the development of the Recent Incident and its impact on the Group's business performance, and will ensure that a press announcement will be made if further developments relating to the Recent Incident result in price sensitive information that needs to be disclosed pursuant to paragraph 2 of the Listing Agreement.

The Directors of China Southern Airlines Company Limited (the "Company", and together with its subsidiaries, the "Group") note the recent conditions relating to the public concerns over the outbreak of atypical pneumonia in Hong Kong and Far East regions (the "Recent Incident").

The Board of Directors would like to state that:

1. in accordance with the general guidelines issued by the Hygiene Department of the Chinese Government, the Company has implemented a number of precautionary measures to tackle the potential spread of atypical pneumonia on its airlines and at all contact points with its passengers. These precautionary measures include: (i) the setting up of a contingency working committee to liaise with the relevant Government authorities in tackling the spread of atypical pneumonia, (ii) regular sanitization of all contact points with the passengers, (iii) provision of face masks, protective gloves and relevant medication on its airlines for use by its passengers and working staff; (iv) requiring on duty staff to enquire the passengers whether they have any similar symptoms of atypical pneumonia before boarding the airlines; (v) dissemination of brochures to passengers and working staff regarding precautionary measures to be taken by individuals to prevent contracting with atypical pneumonia;
2. as of today, although there is a reduction in demand by passengers, there is no significant cancellation of flights of the Group as a result of the Recent Incident;
3. continued persistence of the Recent Incident could have a negative impact on the Group's business operations and financial position;
4. given the rapidly changing conditions of the Recent Incident, the Board of Directors is currently unable to assess with certainty the extent of its negative impact on the Group's business operations and financial position;
5. the Board of Directors will continuously monitor the development of the Recent Incident and its impact on the Group's business performance, and will ensure that a press announcement will be made if further developments relating to the Recent Incident result in price sensitive information that needs to be disclosed pursuant to paragraph 2 of the Listing Agreement.
