Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders of Signet Group plc:

We have audited Signet Group plc's internal control over financial reporting as of February 2, 2008, based on criteria established in *Internal Control ☐ Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Signet Group plc's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying *Management's annual report on internal control over financial reporting*. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Signet Group plc maintained, in all material respects, effective internal control over financial reporting as of February 2, 2008, based on criteria established in *Internal Control ☐ Integrated Framework* issued

by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Signet Group plc and subsidiaries as of February 2, 2008 and February 3, 2007, and the related consolidated income statements, consolidated statements of recognised income and expense and consolidated statements of cash flows for the 52 weeks ended February 2, 2008, the 53 weeks ended February 3, 2007 and the 52 weeks ended January 28, 2006, and our report dated April 9, 2008 expressed an unqualified opinion on those consolidated financial statements.
