NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

The Company follows the guidance of the Securities and Exchange Commission's Staff Accounting Bulletin 104 for revenue recognition. In general, the Company records revenue when persuasive evidence of an arrangement exists, services have been rendered or product delivery has occurred, the sales price to the customer is fixed or determinable, and collectability is reasonably assured. The following policies reflect specific criteria for the various revenues streams of the Company:

In connection with the development and sale of wireless solutions and web services, which include the development of business-to-business and business-to-consumer wireless applications, and state of the art wireless technology and services, the Company recognizes revenue as services are performed on a pro-rata basis over the contract term or products are delivered. The Company has executed a distribution agreement whereby the distributor may purchase wireless product on consignment. Any sales made to the distributor under this agreement will be recorded as a deferred revenue liability until such time as the distributor has sold the product at which time the Company will recognize the related revenues.

Stock Options

Edgar Filing: CENUCO INC - Form 10QSB

The Company accounts for stock options issued to employees in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. As such, compensation cost is measured on the date of grant as the excess of the current market price of the underlying stock over the exercise price. Such compensation amounts, if any, are amortized over the respective vesting periods of the option grant. The Company adopted the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation" and SFAS 148, "Accounting for Stock-Based Compensation -Transition and Disclosure", which permits entities to provide pro forma net income (loss) and pro forma earnings (loss) per share disclosures for employee stock option grants as if the fair-valued based method defined in SFAS No. 123 had been applied. The Company accounts for stock options and stock issued to non-employees for goods or services in accordance with the fair value method of SFAS 123.

The exercise prices of all options granted by the Company equal the market price at the dates of grant. No compensation expense has been recognized. Had compensation cost for the stock option plan been determined based on the fair value of the options at the grant dates consistent with the method of SFAS 123, "Accounting for Stock Based Compensation", the Company's net loss and loss per share would have been changed to the pro forma amounts indicated below for the three months ended September 30, 2004 and 2003:

Earnings (Loss) Per Common Share

Basic net earnings (loss) per share equals net earnings (loss) divided by the weighted average shares outstanding during the year. For the three months ended September 30, 2003, the computation of diluted net earnings per share does not include dilutive common stock equivalents in the weighted average shares outstanding as they would be antidilutive. Not included in basic shares are 4,126,000 stock options and warrants because they are anti-dilutive in 2003. The reconciliation between the computations is as follows:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
SEPTEMBER 30, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Intangibles and other Long-Lived Assets

The Company reviews the carrying value of intangibles and other long-lived assets for impairment at least annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of long-lived assets is measured by comparison of its carrying amount to the undiscounted cash flows that the asset or asset group is expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the property, if any, exceeds its fair market value. Goodwill represents the excess of the cost of the Company's acquired subsidiaries or assets over the fair value of their net assets at the date of acquisition. Under Statement of Financial Accounting Standards ("SFAS") No. 142, effective the first quarter of the year ended December 31, 2002, goodwill is no longer subject to amortization over its estimated useful life; rather, goodwill is subject to at least an annual assessment for impairment applying a fair-value based test.

Recent Accounting Pronouncements

In March 2004, the Financial Accounting Standards Board (FASB) approved the

Edgar Filing: CENUCO INC - Form 10QSB

consensus reached on the Emerging Issues Task Force (EITF) Issue No. 03-1, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments." The objective of this Issue is to provide guidance for identifying impaired investments. EITF 03-1 also provides new disclosure requirements for investments that are deemed to be temporarily impaired. The accounting provisions of EITF 03-1 are effective for all reporting periods beginning after June 15, 2004, while the disclosure requirements are effective only for annual periods ending after June 15, 2004. The Company has evaluated the impact of the adoption of EITF 03-1 and does not believe the impact will be significant to the Company's overall results of operations, cash flows or financial position.

NOTE 3 - SALE OF SUBSIDIARY

Effective September 30, 2004, the Company entered into a Purchase and Sale Agreement (the "Sale Agreement") and sold substantially all of the assets of its subsidiary, Barrington University, Inc for \$1,000,000, subject to a reduction of \$200,000 if the buyer does not collect 95% of the receivables on the books as of September 30, 2004 prior to September 30, 2005. In connection with the Sale Agreement, the Company is to receive \$300,000 in cash. As of September 30, 2004, the cash was held in escrow and was received by the Company in October 2004. As of September 30, 2004, the Company reflected a receivable from the sale of business on the accompanying balance sheet. The \$15,000 of interest accrued is payable in 5 equal monthly installments beginning December 1, 2004.
- (b) A final balloon payment of \$200,000 due on January 1, 2010. If the purchase price is reduced due to buyer not collecting 95% of the receivables on the books as of September 30, 2004 prior to September 30, 2005, the final balloon payment will be eliminated.

CENUCO, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
SEPTEMBER 30, 2004

NOTE 5 - SUBSEQUENT EVENTS

In October 2004, the Company issued 10,000 common shares previously issuable.

On October 29, 2004, the Company issued 100,000 shares of common stock upon the exercise of 100,000 warrants for proceeds of \$100,000

On October 25, 2004, the Company announced that it has entered into an Asset Purchase Agreement, dated as of October 21, 2004 (the "Purchase Agreement"), with Omni Point Marketing, LLC, a Florida limited liability company ("Omni Point"), pursuant to which the Company agreed to acquire substantially all of the assets of Omni Point for an aggregate purchase price of \$22,500,000, payable in a combination of \$5,400,000 in cash and \$17,100,000 in shares of the Company's common stock, valued at \$4.00 per share. In addition, pursuant to the

Edgar Filing: CENUCO INC - Form 10QSB

Purchase Agreement, the Company will assume all of Omni Point's obligations, duties and liabilities with respect to its customer contracts, equipment leases, real property leases, and the liabilities of Omni Point as reflected on its balance sheet at closing, including tax accruals for sales, employee withholding and payroll taxes.

The Company will defer payment of 10% of the purchase price for a period of one year after the closing to secure indemnity obligations of Omni Point for any breach of the Purchase Agreement, and as an offset against any adjustments resulting from a post-closing audit of Omni Point's financial statements. The deferred amount will be payable in the Company's common stock.

At the closing, the Company will also issue warrants to purchase up to 750,000 shares of its common stock each to Michael Brauser and Scott Hirsch, affiliates of Omni Point as follows: 500,000 warrants issued at closing at an exercise price of \$4.00 per share; 500,000 warrants issued at closing at an exercise price of \$5.00 per share; and 500,000 warrants issued at closing at an exercise price of \$6.00 per share. In addition, the Company may issue warrants to purchase up to 1,500,000 shares of its common stock to each of Messrs. Brauser and Hirsch as earn-out consideration over the next three years.

The closing is conditioned on, among other things, the Company's stockholders' approval to issue shares of the Company's common stock in connection with the acquisition. Because the number of shares of the Company's common stock to be issued in connection with the acquisition will exceed 20% of the Company's current outstanding shares, the Company is required to seek stockholder approval of the issuance of such shares, in accordance with Section 712 of the Listing Standards, Policies and Requirements of the American Stock Exchange.

In the event the Purchase Agreement is terminated as a result of a material breach by either party, which is not cured within 5 days of receipt of written notice from the non-breaching party, the breaching party will be required to pay the non-breaching party \$1,000,000.

The development and cultivation of wireless applications has served as the focal point for our initiatives. Our wireless segment has produced viable

solutions for the security monitoring markets. In addition, we launched our line of wireless video monitoring solutions, Mobile Monitor, MommyTrack(TM) and Cenuco Transmitter. The products offer truly mobile surveillance monitoring solution for the consumer and business market.

We are engaged in a wireless application technology business, primarily related to the transmission of secure and non-secured video onto cellular platforms via proprietary technologies. This is also known as remote video monitoring via cellular device. In this wireless segment, Cenuco provides cellular carriers, Internet Service Providers, resellers, and distributors a host of wireless video streaming products which generate an increase in subscriber adoption of wireless data services, as well as broadband Internet services. The business model provides additional recurring monthly service revenue models for carriers, ISPs, resellers and distributors. We are currently in deployment negotiations and/or testing relationships with a number of international and national cellular carriers, retail chains, major distribution providers, resellers, and potential technology licensees on a global basis.

Additionally, in March 2004, we consummated a capital raise through a private placement offered to accredited investors. We offered, through a placement agent, investment units consisting of 5,000 shares of its common stock offered at \$4.00 per share with a callable warrant to purchase 5,000 shares of its common stock at \$4.50 per share. The private placement was originally to be for a maximum amount of \$5,000,000, but was subsequently increased to a maximum of \$6,000,000. In fiscal 2004, we sold 30,000 units under the private placement aggregating 1,500,000 shares of common stock and 1,500,000 warrants for net proceeds of approximately \$5,300,184. In the future, we plan on raising additional funds to expand our operations or to pursue acquisition opportunities or other expansion opportunities.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS (Continued)

During the three months ended September 30, 2004, we invested substantial time and resources developing and evaluating products and opportunities for our wireless solutions segment. We will continue to develop new wireless solutions for both of our segments and may consider acquisitions, business combinations, or start up proposals, which could be advantageous to our product lines or business plans, although the Company expects to be profitable in the future there can be no assurance.

Net cash used in operations was \$499,193 for the three months ended September 30, 2004 as compared to net cash used in operations of \$165,707 for the three months ended September 30, 2003. For the three months ended September 30, 2004, we used cash in continuing operations of \$840,794 offset by cash provided by discontinued operations of \$341,601. For the three months ended September 30, 2003, we used cash in continuing operations of \$360,832 offset by cash provided by discontinued operations of \$195,125. We feel that our current cash balance is sufficient to sustain our operations over the ensuing 12-month period, including the expected growth during this period.

Net cash provided by investing activities for the three months ended September 30, 2004 was \$184,801 as compared to net cash used in investing activities of \$(20,128) for three months ended September 30, 2003 and primarily related to our investment in (decrease in) certificate of deposits during the three months ended September 30, 2004 of \$186,801 and \$(3,330), respectively. Additional we acquired property and equipment of \$(2,000) and \$(16,768) for the three months ended September 30, 2004 and 2003, respectively.

Net cash provided by financing activities for the three months ended September 30, 2004 was \$105,500 and related to cash proceeds received from the

Edgar Filing: CENUCO INC - Form 10QSB

exercise of stock options and warrants.

On October 25, 2004, we announced that we have entered into an Asset Purchase Agreement, dated as of October 21, 2004 (the "Purchase Agreement"), with Omni Point Marketing, LLC, a Florida limited liability company ("Omni Point"), pursuant to which we agreed to acquire substantially all of the assets of Omni Point for an aggregate purchase price of \$22,500,000, payable in a combination of \$5,400,000 in cash and \$17,100,000 in shares of the Company's common stock, valued at \$4.00 per share. The payment of the cash portion of the purchase price will substantially decrease our current cash balance.

Other than the Asset Purchase Agreement discussed above, we have no material commitments for capital expenditures. Our future growth is dependent on our ability to raise capital for expansion, and to seek additional revenue sources. If we decide to pursue any acquisition opportunities or other expansion opportunities, we may need to raise additional capital, although there can be no assurance such capital-raising activities would be successful.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS (Continued)

CRITICAL ACCOUNTING POLICIES

A summary of significant accounting policies is included in Note 1 to the audited financial statements included in our Annual Report on Form 10-KSB for the year ended June 30, 2004. We believe that the application of these policies on a consistent basis enables us to provide useful and reliable financial information about our operating results and financial condition.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

We account for stock options issued to employees in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. As such, compensation cost is measured on the date of grant as the excess of the current market price of the underlying stock over the exercise price. Such compensation amounts, if any, are amortized over the respective vesting periods of the option grant. We adopted the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation" and SFAS 148, "Accounting for Stock-Based Compensation - Transition and Disclosure", which permits entities to provide pro forma net income (loss) and pro forma earnings (loss) per share disclosures for employee stock option grants as if the fair-valued based method defined in SFAS No. 123 had been applied. We account for stock options and stock issued to non-employees for goods or services in accordance with the fair value method of SFAS 123.

In connection with the development and sale of wireless solutions and web services, which include the development of business-to-business and business-to-consumer wireless applications, and state of the art wireless technology and services, we recognize revenue as services are performed on a pro-rata basis over the contract term or products are delivered. We have executed a distribution agreement whereby the distributor may purchase wireless product on consignment. Any sales made to the distributor under this agreement will be recorded as a deferred revenue liability until such time as the distributor has sold the product at which time we will recognize the related

Edgar Filing: CENUCO INC - Form 10QSB

revenues.

RECENT ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board has recently issued the following new accounting pronouncement:

In March 2004, the Financial Accounting Standards Board (FASB) approved the consensus reached on the Emerging Issues Task Force (EITF) Issue No. 03-1, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments." The objective of this Issue is to provide guidance for identifying impaired investments. EITF 03-1 also provides new disclosure requirements for investments that are deemed to be temporarily impaired. The accounting provisions of EITF 03-1 are effective for all reporting periods beginning after June 15, 2004, while the disclosure requirements are effective only for annual periods ending after June 15, 2004. We have evaluated the impact of the adoption of EITF 03-1 and do not believe the impact will be significant to our overall results of operations, cash flows or financial position.

ITEM 3. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, we conducted an evaluation, under the supervision and with the participation of the Chief Executive Officer and Principal Accounting Officer, of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based on this evaluation, the Chief Executive Officer and Principal Accounting Officer concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms. There was no change in the Company's internal control over financial reporting during the Company's most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Changes in Internal Controls

There have been no significant changes (including corrective actions with regard to significant deficiencies or material weaknesses) in our internal controls or in other factors that could significantly affect these controls subsequent to the Evaluation Date set forth above.

ITEM 5. OTHER INFORMATION

On October 25, 2004, we announced that it has entered into an Asset Purchase Agreement, dated as of October 21, 2004 (the "Purchase Agreement"), with Omni Point Marketing, LLC, a Florida limited liability company ("Omni Point"), pursuant to which we agreed to acquire substantially all of the assets of Omni Point for an aggregate purchase price of \$22,500,000, payable in a combination of \$5,400,000 in cash and \$17,100,000 in shares of the Company's common stock, valued at \$4.00 per share. In addition, pursuant to the Purchase Agreement, we will assume all of Omni Point's obligations, duties and liabilities with respect to its customer contracts, equipment leases, real property leases, and the liabilities of Omni Point as reflected on its current balance sheet, including tax accruals for sales, employee withholding and payroll taxes.

We will defer payment of 10% of the purchase price for a period of one year after the closing to secure indemnity obligations of Omni Point for any breach of the Purchase Agreement, and as an offset against any adjustments resulting from a post-closing audit of Omni Point's financial statements. The deferred amount will be payable in the Company's common stock.
