REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and  
Stockholders of City Network, Inc.

We have audited the accompanying balance sheets of City Network, Inc. (the "Company") as of December 31, 2004 and February 29, 2004, and the related statements of income, stockholders' equity, and cash flows for the ten months ended December 31, 2004 and the year ended February 29, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of City Network, Inc. as of December 31, 2004 and February 29, 2004, and the results of its operations and its cash flows for ten months ended December 31, 2004 and the year ended February 29, 2004 in conformity with accounting principles generally accepted in the United States of America.

### CITY NETWORK, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2004 AND FEBRUARY 29, 2004

#### Note A - ORGANIZATION

City Network, Inc., formerly Investment Agents, Inc., was incorporated on August 8, 1996 under the laws of the State of Nevada. City Network Technology, Inc., formerly Gelcrest Investments Limited, was incorporated under the laws of the British Virgin Islands on March 1, 2002. City Network, Inc. - Taiwan, formerly City Engineering, Inc., was incorporated under the laws of Republic of China on September 6, 1994. City Construction was incorporated under the laws of Republic of China on October, 10, 2003. City Network, Inc. owns 100% of the capital stock of City Network Technology, Inc., and City Network Technology, Inc. owns 100% of the capital stock of City Network, Inc. - Taiwan, and City Construction. Collectively the four corporations are referred to herein as the "Company".

On November 14, 2002, City Network Technology, Inc. became a wholly owned subsidiary of City Network, Inc. through an Exchange Agreement, which was amended on December 4, 2002 whereby City Network, Inc. acquired all of the issued and outstanding capital stock of City Network Technology, Inc. in exchange for 12,000,000 shares of City Network, Inc.

The Company is a provider of internet broadband and wireless infrastructure equipment and service for the rapidly expanding broadband marketplace. The Company intends to be an important provider of these services predicated upon its dedication to delivering user friendly, cost effective, and customer tailored high speed internet access equipment to meet the business needs of the hospitality, residential property and telecommunication industry worldwide.

On December 16, 2004, the Company changed its fiscal year end from February 28 to December 31.

F-7

### CITY NETWORK, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) DECEMBER 31, 2004 AND FEBRUARY 29, 2004

#### Note B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### REVENUE RECOGNITION

Revenue from sales of products to customers is recognized upon shipment or when title passes to customers based on the terms of the sales, and is recorded net of returns, discounts and allowances. Service income is recognized as the related services are provided pursuant to the terms of the service agreement.

##### PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of City Network, Inc., and its wholly owned subsidiaries City Network Technology, Inc. and its wholly owned subsidiaries, City Network, Inc. - Taiwan and City Construction, collectively referred to within as the Company. All material intercompany accounts, transactions and profits have been eliminated in consolidation.

## Edgar Filing: CITY NETWORK INC - Form 10KSB/A

### RISKS AND UNCERTAINTIES

The Company is subject to substantial risks from, among other things, intense competition from the providers of broadband products, services and the telecommunication industry in general, other risks associated with financing, liquidity requirements, rapidly changing customer requirements, limited operating history, and the volatility of public markets.

### CONTINGENCIES

Certain conditions may exist as of the date the financial statements are issued, which may result in a loss to the Company but which will only be resolved when one or more future events occur or fail to occur. The Company's management and legal counsel assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Company or unasserted claims that may result in such proceedings, the Company's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought.

If the assessment of a contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in the Company's financial statements. If the assessment indicates that a potential material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss if determinable and material would be disclosed.

Loss contingencies considered to be remote by management are generally not disclosed unless they involve guarantees, in which case the guarantee would be disclosed.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)  
DECEMBER 31, 2004 AND FEBRUARY 29, 2004

#### Note B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

##### USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include collectibility of accounts receivable, accounts payable, sales returns and recoverability of long-term assets.

##### ALLOWANCE FOR DOUBTFUL ACCOUNTS

The Company has made an allowance for doubtful accounts for trade receivables based on a combination of write-off history, aging analysis, and any specific known troubled accounts.

##### FIXED ASSETS

Property and equipment are stated at cost less accumulated depreciation. Expenditures for major additions and improvements are capitalized and minor replacements, maintenance and repairs are charged to expense as incurred. Depreciation is provided on the straight-line method over the estimated

useful lives of the assets, or the remaining term of the lease, as follows:

Furniture and Fixtures	5 years
Equipment	5 years
Computer Hardware and Software	3 years
Building and Improvements	50 years

### INTANGIBLE ASSETS

Effective July 2002, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets." The adoption of SFAS No. 142 required an initial impairment assessment involving a comparison of the fair value of trademarks, patents and other intangible assets to current carrying value. No impairment loss was recognized for the years ended December 31, 2004 and February 29, 2004.

Trademarks and other intangible assets determined to have indefinite useful lives are not amortized. The Company tests such trademarks and other intangible assets with indefinite useful lives for impairment annually, or more frequently if events or circumstances indicate that an asset might be impaired. Trademarks and other intangible assets determined to have definite lives are amortized over their useful lives or the life of the trademark and other intangible asset, whichever is less.

### EXCHANGE GAIN (LOSS)

During year ended December 31, 2004 and February 29, 2004, the transactions of City Network, Inc. - Taiwan and City Construction were denominated in a foreign currency and are recorded in New Taiwan dollars at the rates of exchange in effect when the transactions occur. Exchange gains and losses are recognized for the different foreign exchange rates applied when the foreign currency assets and liabilities are settled.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)  
DECEMBER 31, 2004 AND FEBRUARY 29, 2004

### Note B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### TRANSLATION ADJUSTMENT

As of December 31, 2004 and February 29, 2004, the accounts of City Network, Inc. - Taiwan and City Construction were maintained, and their financial statements were expressed, in New Taiwan Dollars (NTD). Such financial statements were translated into U.S. Dollars (USD) in accordance SFAS No. 52, "Foreign Currency Translation", with the NTD as the functional currency. According to the Statement, all assets and liabilities were translated at the current exchange rate, stockholder's equity are translated at the historical rates and income statement items are translated at the weighted average exchange rate for the period. The resulting translation adjustments are reported under other comprehensive income in accordance with SFAS No. 130, "Reporting Comprehensive Income".

As of December 31, 2004 and February 29, 2004 the exchange rates between NTD and the USD was NTD\$1=USD\$0.03128 and NTD\$1=USD\$0.02994, respectively. The weighted-average rate of exchange between NTD and USD was NTD\$1=USD\$0.02998 and NTD\$1=USD\$0.02617, respectively. Total translation adjustment recognized for the year ended December 31, 2004 and February 29, 2004 is \$153,352 and \$29,663, respectively.

#### FAIR VALUE OF FINANCIAL INSTRUMENTS

Our Company measures its financial assets and liabilities in accordance

## Edgar Filing: CITY NETWORK INC - Form 10KSB/A

with generally accepted accounting principles. For certain of the Company's financial instruments, including accounts receivable (trade and related party), notes receivable and accounts payable (trade and related party), and accrued expenses, the carrying amounts approximate fair value due to their short maturities. The amounts owed for long-term debt and revolving credit facility also approximate fair value because interest rates and terms offered to the Company are at current market rates.

### STATEMENT OF CASH FLOWS

In accordance with SFAS No. 95, "Statement of Cash Flows", cash flows from the Company's operations are based upon the local currencies. As a result, amounts related to assets and liabilities reported on the statement of cash flows will not necessarily agree with changes in the corresponding balances on the balance sheet.

### CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk are accounts receivable and other receivables arising from its normal business activities. The Company has a diversified customer base. The Company controls credit risk related to accounts receivable through credit approvals, credit limits and monitoring procedures. The Company routinely assesses the financial strength of its customers and, based upon factors surrounding the credit risk, establishes an allowance, if required, for un-collectible accounts and, as a consequence, believes that its accounts receivable credit risk exposure beyond such allowance is limited.

### Note B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### INVENTORY

Inventory is valued at the lower of cost or market. Cost is determined on the weighted average method. As of December 31, 2004 and February 29, 2004, inventory consisted only of finished goods.

#### PRODUCT WARRANTIES

The Company estimates its warranty costs based on historical warranty claim experience and applies this estimate to the revenue stream for products under warranty. Future costs for warranties applicable to revenue recognized in the current period are charged to cost of revenue. The warranty accrual is reviewed quarterly to verify that it properly reflects the remaining obligation based on anticipated expenditures over the balance of the obligation period. Adjustments are made when accrual warranty claim experience differs from estimate.

#### LONG-TERM EQUITY INVESTMENTS

Long-term equity investments are accounted for by the equity method when the Company and its subsidiaries owns 20% or more of the investee's voting shares, or less than 20% of investee's voting shares but is able to exercise significant influence over the investee's operation and financial policies, but not more than 50%. All other long-term equity investments are accounted for by either the lower-of-cost-or-market method or cost method. For long-term equity investments accounted for under the equity method related to investee's that are publicly listed companies, unrealized losses resulting from declines in the market value below cost are recorded as a separate component of stockholders' equity.

## Edgar Filing: CITY NETWORK INC - Form 10KSB/A

For long-term equity investments in non-listed companies accounted for under the cost method, investments are stated at original cost. A write-down of the investment balance to earnings is taken only if it is determined that there is a permanent decline in the investment's value. Stock dividends do not result in the recognition of investment income.

For long-term equity investments accounted for by the equity method, the investment is initially recorded at cost, then reduced by dividends and increased or decreased by investor's proportionate share of the investee's net earnings or loss.

### CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments purchased with initial maturities of three months or less to be cash equivalents.

### ADVERTISING

Advertising costs are expensed in the year incurred.

### Note B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### INCOME TAXES

Provisions for income taxes are based on taxes payable or refundable for the current year and deferred taxes on temporary differences between the amount of taxable income and pretax financial income and between the tax bases of assets and liabilities and their reported amounts in the financial statements.

Deferred tax assets and liabilities are included in the financial statements at currently enacted income tax rates applicable to the period in which the deferred tax assets and liabilities are expected to be realized or settled as prescribed in SFAS No. 109, "Accounting for Income Taxes". As changes in tax laws or rates are enacted, deferred tax assets and liabilities are adjusted through the provision for income taxes.

#### EARNINGS PER SHARE

The Company uses SFAS No. 128, "Earnings Per Share", for calculating the basic and diluted earnings (loss) per share. Basic earnings (loss) per share are computed by dividing net income (loss) attributable to common stockholders by the weighted average number of common shares outstanding. Diluted earnings per share are computed similar to basic earnings per share except that the denominator is increased to include common stock equivalents, if any, as if the potential common shares had been issued.

#### IMPAIRMENT OF LONG-LIVED ASSETS AND LONG-LIVED ASSETS TO BE DISPOSED OF

The Company adopted the provision of The Financial Accounting Standards Board ("FASB") No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of". This statement requires that long-lived assets and certain identifiable intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amounts of the

## Edgar Filing: CITY NETWORK INC - Form 10KSB/A

assets exceed the fair values of the assets. In assessing the impairment of these identifiable intangible assets, identifiable goodwill will be allocated on a pro rata basis using fair values of the assets at the original acquisition date. In estimating expected future cash flows for determining whether an asset is impaired and if expected future cash flows are used in measuring assets that are impaired, assets will be grouped at the lowest level (entity level) for which there are identifiable cash flows that are largely independent of the cash flows of other groups of assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. In recording an impairment loss, any related goodwill would be reduced to zero before reducing the carrying amount of any identified impaired asset.

For goodwill not identifiable with an impaired asset, the Company will establish benchmarks at the lowest lever (entity level) as its method of assessing impairment. In measuring impairment, unidentifiable goodwill will be considered impaired if the fair value at the lowest level is less than its carrying amount. The fair value of unidentifiable goodwill will be determined by subtracting the fair value of the recognized net asset at the lowest level (excluding goodwill) from the value at the lowest level. The amount of the impairment loss should be equal to the difference between the carrying amount of goodwill and the fair value of goodwill. In the event that impairment is recognized, appropriate disclosures would be made.

##### NEW ACCOUNTING PRONOUNCEMENTS

In January 2003, FASB issued FASB Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN46"). This interpretation of Accounting Research Bulletin No. 51, requires companies to consolidate the operations of all variable interest entities ("VIE's") for which they are the primary beneficiary. The term "primary beneficiary" is defined as the entity that will absorb a majority of expected losses, receive a majority of the expected residual returns, or both. This interpretation was later revised by the issuance of Interpretation No. 46R ("FIN 46R"). The revision was issued to address certain implementation issues that had arisen since the issuance of the original interpretation and to provide companies with the ability to defer the adoption of FIN46 to period after March 15, 2004. The implementation of FIN46 and FIN 46R, had no material impact on the Company's financial statements.

On July 16, 2004 the FASB ratified the Emerging Issues Task Force ("EITF") consensus of Issue 02-14, "Whether the Equity Method of Accounting Applies when an Investor Does Not Have an Investment in Voting Stock of an Investee but Exercises Significant Influence through Other Means" ("EITF 02-14"). The consensus concluded that an investor should apply the equity method of accounting when it can exercise significant influence over an entity through a means other than holding voting rights. The consensus is effective for reporting periods beginning after September 2004. The adoption of EITF 02-14 did not have a material impact on the Company's financial statements.

On December 16, 2004, the FASB issued SFAS No. 123 (revised 2004), "Share-Based Payment" ("SFAS 123R"), which replaces SFAS No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123") and supercedes APB

## Edgar Filing: CITY NETWORK INC - Form 10KSB/A

Opinion No. 25, "Accounting for Stock Issued to Employees." SFAS 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values, beginning with the first interim or annual period after June 15, 2005. The pro forma disclosures previously permitted under SFAS 123 no longer will be an alternative to financial statement recognition. The Company is required to adopt SFAS 123R in its three months ending September 30, 2005. Under SFAS 123R, The Company must determine the appropriate fair value model to be used for valuing share-based payments, the amortization method for compensation cost and the transition method to be used at date of adoption. The transition methods include prospective and retroactive adoption options. Under the retroactive options, prior periods may be restated either as of the beginning of the year of adoption or for all periods presented. The prospective method requires that compensation expense be recorded for all unvested stock options and restricted stock at the beginning of the first quarter of adoption of SFAS 123R, while the retroactive methods would record compensation expense for all unvested stock options and restricted stock beginning with the first period restated. The Company is evaluating the requirements of SFAS 123, and it expects that the adoption of SFAS 123R will have no material impact on the Company's financial statements.

In September 2004, the EITF Issue No. 04-08, "The Effect of Contingently Convertible Debt on Diluted Earnings per Share" ("EITF 04-08") was issued stating that contingently convertible debt should be included in diluted earnings per share computations regardless of whether the market price trigger has been met. EIFT 04-08 is effective for reporting periods ending after December 15, 2004. EITF 04-08 will have no material impact on the Company's financial statements.

## NOTE L - RELATED PARTY TRANSACTIONS

Throughout the history of the Company, certain members of the Board of Directors and general management have made loans to the Company to cover operating expenses or operating deficiencies.

Andy Lai - As of December 31, 2004 and February 29, 2004, the Company has a non interest-bearing loan from Andy Lai, the Company's President, in the amount of \$73,827 and \$334,812, respectively. Mr. Lai has also personally guaranteed a note payable of the Company in the amount of \$477,953. As of December 31, 2004, the balance for the note was \$256,496.

Huang Hui Maio - As of December 31, 2004, the Company has a non interest-bearing loan from Huang Hui Maio, a shareholder of the Company, in the amount of \$6,256.

## NOTE M - FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts of cash and cash equivalents, accounts receivable, deposits and accounts payable approximate their fair value because of the short maturity of those instruments.

The carrying amounts of the Company's long-term debt approximate their fair value because of the short maturity and/or interest rates which are comparable to those currently available to the Company on obligations with similar terms.

## NOTE N - STOCK

On February 14, 2003 the Board of Directors of the Company approved and recommended that Company's Articles of Incorporation be amended to increase the number of authorized shares of common stock, par value \$0.001 of the Company, from 25,000,000 shares to 100,000,000; and to authorize 50,000,000 shares of preferred stock, par value \$0.001.

On February 17, 2003, the holders of approximately 52% of the outstanding shares of common stock of City Network executed a written consent adopting and approving the Charter Amendment. The Charter Amendment was filed with the Secretary of State of the State of Nevada in March 2003.

In May 2004, the Company issued 2,500,000 shares of its common stock as consideration for the conversion in full of a note and short term debt payable to third parties in the aggregate of \$1,680,329. The note and short term debt payable were converted into shares of common stock at a price of approximately \$0.672 per share.
