NOTES TO THE FINANCIAL STATEMENTS

FOR THE THREE MONTHS ENDED MARCH 31, 2004 AND 2003

(UNAUDITED)

NOTE 1. BASIS OF PRESENTATION

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and the instructions to Form 10-QSB. Accordingly, they do not include all information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2004 are not necessarily indicative of results that may be expected for the year ending December 31, 2004. For further information, refer to the audited financial statements and footnotes thereto included in the Company's Form 10-KSB for the year ended December 31, 2003.

NOTE 2. GOING CONCERN

The accompanying financial statements have been prepared in conformity with U.S. generally accepted accounting principles, which contemplates continuation of the Company as a going concern. However, the Company has incurred recurring losses resulting in a stockholders' deficit of (\$170,198) and working capital deficit of (\$217,025) at March 31, 2004. In addition, the Company's cash account is \$0. These factors raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event the Company cannot continue in existence.

Edgar Filing: MAGIC COMMUNICATIONS INC - Form 10QSB

In view of these matters, the continued existence of the Company is dependent upon its ability to meet its financing requirements and, ultimately, the success of its planned future operations. There can be no assurance that the Company will obtain the necessary financing nor that the planned future operations will be successful.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Three Months Ended March 31, 2004 vs. Three Months Ended March 31, 2003

Net sales decreased from \$25,630 in the three months ended March 31, 2003 to \$363 in the three months ended March 31, 2004. This decrease is attributable to a reduction in telephones, an unusually bitter winter and continued increase in cell phone usage. Operating expenses increased from \$33,041 to \$43,319. The change in operating expenses was due to the following items: (i) an increase in salaries from \$6,000 in 2003 to \$6,200 in 2004; (ii) a decrease in lease payments for phone equipment (leases expired in March 2002) of \$1,154 from \$1,559 for the three months ended March 31, 2003 to \$405 for the three months ended March 31, 2004; (iii) an increase in general and administrative expenses of \$15,391 from \$11,253 for the three months ended March 31, 2003 to \$26,644 for the three months ended March 31, 2004; and (v) an decrease in professional fees of \$4,159 from \$9,909 in the three months ended March 31, 2003 to \$5,750 in the three months ended March 31, 2004. Since sales decreased and operating expenses increased, the Company's net loss increased from (\$7,411) in the three months ended March 31, 2003 to (\$42,956) in the three months ended March 31, 2004. The numbers of pay telephones in service was approximately 150 telephones during the three months ended March 31, 2003 and 100 telephones during the three months ended March 31, 2004.

Liquidity and Capital Resources

On March 31, 2004 the Company had a cash overdraft of \$8,642. It was the opinion of Management that the lack of funds would not enable the Company to affect its registration under the Exchange Act and file periodic reports until such time as it is able to generate revenues/cash flow from its operations. Current funds having been expended and with managements' assumption that the Company may not generate sufficient revenues from operations, the Company will (a) be dependent upon management to fund operations and/or (b) be dependent upon some form of debt or equity financing, if available, and if available, under terms deemed reasonable to management. The management of the Company has orally committed to fund the Company on an "as needed" basis. The Company's auditors have included a "going concern" opinion in their report on the Company's financial statements contained in the Company's 10-KSB for the year ended December 31, 2003.

Need for Additional Financing

The Company believes that its existing capital will be insufficient to meet the Company's cash needs, including costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended. The Company may rely upon issuance of its securities to pay for services necessary to meet reporting requirements.

Off -Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements that have or are

reasonably likely to have a current or future effect on its financial condition, changes in its financial condition, revenues

or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

Forward-Looking Statements

When used in this form 10-QSB, or in any document incorporated by reference herein, the words or phrases "will likely result", "are expected to," "will continue," "is anticipated," "estimate," "project," or similar expressions are intended to identify "forward looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject to certain risks and uncertainties including changes in economic conditions in the Company's market area, changes in policies by regulatory agencies, fluctuations in interest rates, demand for loans in the Company's market area and competition, that could cause actual results to differ materially from historical earnings, if any, and those presently anticipated or projected. The Company wishes to caution readers not to place undue reliance on any such Forward- looking statements, which speak only as to the date made. The Company wishes to advise readers that the factors listed above, or in its 10-SB Registration Statement Risk Factor Section, could affect the Company's financial performance and could cause the Company's actual results for future periods to differ materially from any opinions or statements expressed with respect to future periods in any current statements. The Company does not undertake, and specifically disclaims any obligation, to publicly release the result of any revisions, which may be made to any forward-looking statements to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

Item 3. CONTROLS AND PROCEDURES

Our management, Stephen D. Rogers, our chief executive officer and chief accounting officer, conducted an evaluation of our "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 (the "Exchange Act") Rules 13a-14(c)).
