Acquisition of the 550 King Street Building

On April 1, 2010, Wells Real Estate Investment Trust II, Inc. (the "Registrant") purchased two three-story office buildings containing approximately 490,000 rentable square feet (the "550 King Street Building") for approximately \$88.5 million, exclusive of closing costs, plus an obligation to fund tenant improvements of \$5.5 million. The 550 King Street Building is located on an approximate 40.7-acre parcel of land at 550 King Street, Littleton, Massachusetts. The 550 King Street Building was purchased from AG/ND King, LLC (the "Seller"), which is not affiliated with the Registrant, its subsidiaries or Wells Capital, Inc. The acquisition was funded with net proceeds raised from the Registrant's ongoing public offering.

The 550 King Street Building, which was completed in 1984, is entirely leased to International Business Machines Corporation ("IBM"). IBM is one of the world's largest providers of computer products and services. IBM reported a net worth, as of December 31, 2009, of approximately \$22.8 billion.

The Registrant does not intend to make significant renovations or improvements to the 550 King Street Building in the near term. Management of the Registrant believes that the 550 King Street Building is adequately insured.

Since the 550 King Street Building is leased to a single tenant on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, management of the Registrant believes that the financial condition and results of operations of the tenant, IBM, is more relevant to investors than financial statements of the property acquired. Such summarized financial information for IBM is attached hereto as Exhibit 99.1.
