The presence of a majority of the outstanding Common Shares as of the Record Date, in person or represented by proxy, will constitute a quorum at the Annual Meeting.

This Proxy Statement and the enclosed proxy card are first being sent to Shareholders, together with the Notice of Annual Meeting, on or about February 14, 2007. **Shareholders are requested to complete, date, and sign the accompanying form of proxy and return it promptly in the envelope provided with these materials.** No postage is necessary if the proxy is mailed in the United States in the accompanying envelope.

PROPOSAL I**ELECTION OF DIRECTORS**

Each Nominee has agreed, if elected, to hold office until the 2008 Annual Meeting of Shareholders and until his successor has been duly elected and qualified.

It is intended that the proxies received from Shareholders, unless contrary instructions are given therein, will be voted in favor of the election of the Nominees named below, each of whom has consented to being named herein and have indicated their intention to serve if elected. If any Nominee, for any reason, should become unavailable for election, or if a vacancy should occur before the election, it is intended that the shares represented by the proxies will be voted for such other person, as the Company's Board of Directors shall designate to replace such Nominee. The Board of Directors has no reason to believe that any of the Nominees will not be available or prove unable to serve if so elected.

Director Meetings and Committees

During the fiscal year ended September 30, 2006 ("Fiscal Year 2006"), the Board of Directors of the Company held a total of three (3) regular and three (3) special meetings. Each of the directors attended at least seventy-five percent (75%) of the total number of meetings of the Board of Directors and the various committee meetings. It is the Company's policy that each of the incumbent directors attends the Annual Meetings of Shareholders.

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee, each consisting entirely of independent directors. The Board of Directors has determined, after considering all the relevant facts and circumstances, that Messrs. Cleveland, Freeman and Smith and Drs. Crowninshield, Helderman, Henseler and Turner are independent directors, as "independence" is defined by the listing standards of the American Stock Exchange (the "Exchange"), because they have no material relationship with the Company.

The Board of Directors has adopted charters for the Audit, Compensation and Nominating Committees describing the authority and responsibilities delegated to each committee by the board. The Board of Directors has also adopted Corporate Governance Guidelines and a Code of Ethics. The charters of the Audit, Compensation and Nominating Committees and the Corporate Governance Guidelines and Code of Ethics have been posted on the Company's website at www.tutogen.com. These documents are also available in print to any stockholder requesting a copy in writing from the corporate secretary at the executive offices set forth in this proxy statement.

Audit Committee

The Company has a standing Audit Committee consisting of three (3) members. For Fiscal Year 2006, the members of the Audit Committee were Messrs. Cleveland, Smith and Dr. Henseler. The Committee met seven (7) times during Fiscal Year 2006. Each member of the Audit Committee is a member of the Board of Directors and "independent", as such term is defined in the Exchange listing standards currently in effect and applicable to the Company. Each of the members of the Audit Committee, by virtue of his past employment experience, has considerable knowledge of financial statements, finance, and accounting. Although Dr. Henseler has a professional certification in accounting, Mr. Cleveland and Mr. Smith each has significant employment experience as a Chief Executive Officer with financial oversight responsibilities. The Company believes that Mr. Cleveland, Mr. Smith and Dr. Henseler qualify as "financial experts" under the Securities and Exchange Commission regulations. The background and experience of each of the Audit Committee members is more fully disclosed in their biographies under "Nominees for Director".

The mission of the Company's Audit Committee is to ensure accurate and reliable financial reporting by the Company, and to promote shareholder confidence in the reliability of the Company's financial information. To this end, the Audit Committee independently reviews and oversees the Company's internal reporting process, and helps ensure that management develops and adheres to a sound system of internal controls. The Audit Committee also is responsible for retaining and overseeing the Company's independent auditors, and facilitates the auditors' objective review and assessment of the Company's financial statements and its internal reporting practices. The Audit Committee serves as a forum, separate from management, within which the independent auditors, among others, can candidly address issues of concern. To specify and clarify the duties of the Audit Committee, the Company has adopted a formal written charter. The Audit Committee reviews and reassesses the adequacy of its charter on an annual basis.

Nominating Committee

The purpose and responsibilities of the Nominating Committee include the identification of individuals qualified to become board members, the recommendation to the Board of Directors of nominees to stand for election as directors at each election of directors, the development and recommendation to the Board of Directors of a set of corporate governance principles applicable to the Company, the oversight of the selection and composition of Committees of the Board of Directors, and the oversight of the evaluations of the Board of Directors and management. During fiscal 2006, the Nominating Committee consisted of Messrs. Smith and Freeman and Drs. Helderman and Henseler. The Nominating Committee met one (1) time during 2006. The Nominating Committee will consider persons recommended by stockholders for inclusion as nominees for election to the Board of Directors if the names, biographical data, and qualifications of such persons are submitted in writing in a timely manner addressed and delivered to the Company's secretary at the address listed herein. The Nominating Committee identifies and evaluates nominees for the Board of Directors, including nominees recommended by stockholders, based on numerous factors it considers appropriate, some of which may include strength of character, mature judgment, career, diversity, and the extent to which the nominee would fill a present need on the Board of Directors. As discussed above, the members of the Nominating Committee are independent, as that term is defined by the listing standards of the Exchange.

Compensation Committee

The Board of Directors has appointed a Compensation Committee, consisting of independent members of the Board of Directors, to review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer, evaluate the performance of the Chief Executive Officer in light of those goals and objectives, and determine and approve the compensation level of the Chief Executive Officer based on this evaluation. For Fiscal Year 2006, the members of the Compensation Committee were Drs. Helderman and Turner and Mr. Freeman. The Compensation Committee also recommends to the Board of Directors with respect to, or, as directed by the Board of Directors, determines and approves, compensation of the other executive officers, and considers the grant of stock options to the executive officers under the 2006 Stock Option Plan. The Compensation Committee makes every effort to ensure that the compensation plan is consistent with the Company's values and is aligned with the Company's business strategy and goals. The Compensation Committee held four (4) meetings during fiscal 2006.

The compensation program for executive officers consists primarily of base salary, incentive bonuses, annual discretionary bonuses, and long-term incentives in the form of stock options. Executives also participate in various other benefit plans, including medical and retirement plans that generally are available to all employees.

The Company's philosophy is to pay base salaries to executives at levels that enable the Company to attract, motivate, and retain highly qualified executives, taking into account the possibility of performance-based bonuses. The bonus program is designed to reward individuals for performance based on the Company's financial results as well as the achievement of personal and corporate objectives that contribute to the long-term success in building stockholder value. Stock option grants are intended to result in minimal or no rewards if the price of the Company's common stock does not appreciate, but may provide substantial rewards to executives as stockholders in general benefit from stock price appreciation.

Shareholder Communications with Directors

The Board recently adopted new policies and procedures relating to shareholder communications with the Company's directors. It provides that shareholders and other interested parties wishing to contact any member (or all members) of the Board of Directors, any committee of the Board, or any chair of any such committee may do so by mail, addressed, either by name or title, to the Board of Directors or to any such individual directors or group or committee of directors, and that all such correspondences should be sent to the Company's principal office. Such shareholder communications to directors will be opened by the Office of the Corporate Secretary for the purpose of determining whether the contents represent a message to the directors before being forwarded to the addressee. In addition, the Corporate Secretary's office will make, if necessary, sufficient copies of the contents to be forwarded to each director who is a member of the group or committee to which the communication is addressed. The new director communications policy will exclude the forwarding to directors of certain kinds of information, such as materials in the nature of advertising, promotions of a product or service, and patently offensive material.

Compensation of Directors

The Company's outside Directors receive a \$6,000 annual retainer, \$1,500 per meeting for attendance at in-person Board meetings, and \$500 per telephonic meeting, \$500 per committee meeting plus reimbursement of out-of-pocket expenses. The Chairman of the Board receives \$1,000 per month for his services as Chairman. Additionally, the Company's outside Directors each receive annually options to purchase 12,000 shares of the Company's common stock.

Section 16(a) Beneficial Ownership Reporting Compliance

The rules of the Securities and Exchange Commission require our directors, officers, and persons who own more than ten percent (10%) of a registered class of our equity securities to file reports of ownership and changes in ownership with the Commission. The regulations also require that such persons to furnish the Company with copies of all such reports they file. The Company believes that the reporting requirements, under Section 16(a) of the Exchange Act, for all its executive officers, directors, and each person who is the beneficial owner of more than 10% of the common stock of a company were satisfied except for the following: Messrs. Helderman and Turner filed one late Form 4 Report, each relating to two transactions and Messrs. Crowninshield, Freeman, Henseler and Smith filed one late Form 4 Report, each relating to one transaction. All of the aforesaid transactions involved the granting or exercise of an option. In addition, Mr. Johnston did not file a Form 3 Report when he became the chief financial officer of the company

**The Board of Directors recommends a vote FOR
the election of all eight (8) Nominees.**

PROPOSAL II

AMENDMENT TO THE 2006 STOCK OPTION PLAN

The Company has a 1996 Stock Option Plan ("1996 Plan") and a 2006 Stock Option Plan (the "2006 Plan") to attract, maintain and develop management by encouraging ownership of the Company's common stock by Directors, Officers and other key employees. The 1996 Plan expired in 2006. The 2006 Plan presently reserves 1,000,000 shares of the Company's common stock for issuance thereunder. As of January 31, 2007, there were options outstanding under the 1996 Plan to purchase 1,756,718 shares and options outstanding under the 2006 Plan to purchase 440,000 shares, leaving 560,000 shares available for issuance under the 2006 Plan. Unless sooner terminated, the 2006 Plan will expire on March 13, 2016.

The Board of Directors of the Company has unanimously approved for submission to a vote of the shareholders a proposal to amend the 2006 Plan to provide for an increase in the number of shares reserved for issuance under the 2006 Plan from 1,000,000 shares of common stock to 1,500,000 shares of common stock. The Board of Directors believes it is in the Company's and its shareholders' best interests to approve the Amendment because it will provide sufficient shares remaining under the Plan to enable the Board to utilize stock based incentive compensation for both current and future employees of the Company.

The proposed amendment will cause Section 3.1 of the Plan to be replaced with the following:

3.1 Shares Subject to Plan. The stock subject to the options granted under the Plan shall be shares of the Company's authorized but unissued common stock, par value \$.01 per share ("Common Stock"). The total number of shares that may be issued pursuant to options granted under the Plan shall not exceed an aggregate of 1,500,000 shares of Common Stock.

The proposed amendment to the 2006 Plan will be adopted upon receiving the affirmative vote of holders of a majority of the shares present or represented by proxy at the Meeting. Except for such amendment, if approved by the shareholders, the 2006 Plan will remain unchanged.

At January 31, 2007 the closing market price of the Company's shares was \$6.50

Summary of the Plan

The following is a summary of the provisions of the 2006 Plan. This summary is qualified in its entirety by reference to the 2006 Plan, a copy of which may be obtained from the Company.

The 2006 Plan authorizes the granting of both incentive stock options, as defined under Section 422 of the Internal Revenue Code of 1986 ("ISO"), and non-statutory stock options ("NSSO") to purchase Common Stock. All employees of the Company and its affiliates are eligible to participate in the 2006 Plan. The 2006 Plan also authorizes the granting of NSSO's to non-employee Directors and consultants of the Company. Pursuant to the 2006 Plan, an option to purchase 12,000 shares of Common Stock shall be granted automatically to each outside Director.

The Board of Directors or the Compensation Committee is responsible for the administration of the 2006 Plan and determines the employees to which options will be granted, the period during which each option will be exercisable, the exercise price, the number of shares of the Common Stock covered by each option, and whether an option will be a non-qualified or an incentive stock option. The exercise price, however, for the purchase of shares subject to such an option, cannot be less than one hundred percent (100%) of the fair market value of the Common Stock on the date the option is granted. The Compensation Committee has no authority to administer or interpret the provisions of the 2006 Plan relating to the grant of options to outside Directors.

No option granted pursuant to the 2006 Plan is transferable otherwise than by will or the laws of descent and distribution. The term of each option granted to an employee under the 2006 Plan is determined by the Board of Directors or the Compensation Committee, but in no event may such term exceed ten (10) years from the date of grant. Each option granted to an outside Director under the 2006 Plan shall be exercisable in whole or in part during the four (4) year period commencing on the date of the grant of such option. Any option granted to an outside Director should remain effective during its entire term, regardless of whether such Director continues to serve as a Director. The purchase price per share of Common Stock under each option granted to a Director will be the fair market value of such share on the date of grant.

The vesting period for options granted under the 2006 Plan is set forth in an option agreement entered into with the optionee. Options granted to an optionee terminate three (3) months after termination of employment except for death or permanent disability. In the event of death or disability, all vested options expire one hundred eighty (180) days from the date of death or termination of employment due to disability. Upon the occurrence of a "change in control" of the Company, the maturity of all options then outstanding under the 2006 Plan will be accelerated automatically, so that all such options will become exercisable in full with respect to all shares that have not been previously exercised or become exercisable. A "change in control" includes certain mergers, consolidation, and reorganization, termination of employment except as a result of death or disability, sales of assets, or dissolution of the Company.

Federal Income Tax Consequences

The holder of an ISO does not realize taxable income upon the grant or upon the exercise of the option (although the option spread is an item of tax preference income potentially subject to the alternative minimum tax). If the stock acquired upon exercise of the options sold or otherwise disposed of within two (2) years from the option grant date or within one year from the exercise date then, in general, gain realized on the sale is treated as ordinary income to the extent of the option spread at the exercise date, and the company receives a corresponding deduction. Any remaining gain is treated as capital gain. If the stock is held for at least two (2) years from the grant date and one year from the exercise date, then gain or loss realized upon the sale will be capital gain or loss and the Company will not be entitled to a deduction. A special basis adjustment applies to reduce the gain for alternative minimum tax purposes.

An optionee does not realize taxable income upon the grant of an NQO. In general, the holder of an NQO realizes ordinary income in an amount equal to the difference between the exercise price and the market value on the date of exercise. The Company is entitled to an expense deduction at the same time and in a corresponding amount.

The Board of Directors recommends a vote FOR this proposal.

PROPOSAL III

APPROVAL AND RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has selected the firm of Deloitte and Touche, L.L.P., independent public accountants, to be the Company's auditors for the fiscal year ending September 30, 2007, and recommends that Shareholders vote to ratify that appointment. Although neither the law nor the governing documents of the Company requires the submission of this matter to a Shareholder vote, in the event of a negative vote, the Board of Directors will reconsider its selection of auditors. Ratification of the appointment of the auditors will require that, at a meeting where a quorum is present, the votes cast in favor of the ratification exceed those votes cast opposing ratification. Deloitte & Touche L.L.P. is expected to have a representative at the Annual Meeting who will be available to respond to appropriate questions from Shareholders.

The Board of Directors recommends a vote FOR this proposal.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of Drs. Turner and Helderman and Mr. Freeman. There are no "interlocks" as defined by the SEC with respect to any member of the committee.

Compensation Committee Report

The following Report of the Compensation Committee and the information under the heading Performance Graph below shall not be deemed incorporated by reference by any general statement incorporating by reference into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934 together, the "Acts"), except to the extent that the Company specifically incorporates the information by reference, and shall not otherwise be deemed filed under the Acts.

The Compensation Committee oversees the Company's compensation program. The goals of the Company's compensation program are to attract, retain, motivate and reward highly qualified management personnel and to provide them with long-term career opportunities. The Company's compensation philosophy is to provide its executives with a competitive total compensation package which motivates superior job performance, the achievement of the Company's business objectives, and the enhancement of shareholder value.

Compensation of the Company's executive officers is reviewed annually by the Board of Directors and the Compensation Committee. Changes proposed for these employees are evaluated and approved by the Compensation Committee on an individual basis. The Company's general approach to compensating executive officers is to pay cash salaries which generally are competitive within ranges of salaries paid to executives of other similar companies, although the Company does not attempt to meet salary levels of such companies. Instead, the Committee sets overall compensation at a level it believes to be fair, based upon a subjective analysis of the individual executive's experience and past and potential contributions to the Company. The Committee also establishes bonus goals for executive officers so as to compensate them on a performance basis. To assist in determining appropriate overall compensation, the Compensation Committee also reviews information regarding the Company's revenues and income.

Stock option grants to employees of the Company, including the Chief Executive Officer, are made at the discretion of the Compensation Committee pursuant to the Company's Option Plans.

Respectfully submitted,

The Compensation Committee

Report of the Audit Committee

In connection with its duty to ensure the independence of the Company's auditors, and consistent with "Independence Standards Board Standard No. 61", the Audit Committee met with the Company's independent public accountants to discuss the auditor's independence. Based on those discussions, the Audit Committee and the independent accountants collectively concluded that there were no relationships between the auditor and its related entities and the Company and its related entities, which in the auditor's professional judgment may reasonably be thought to bear on its independence and no written disclosure of such relationships by the auditors was warranted under such circumstances. The Audit Committee received a confirmation letter from the Company's accountants that, in its professional judgment, the auditor is independent of the Company within the meaning of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee also discussed with the independent public accountants the plans for the audit engagement, approved the services to be performed, determined the range of audit and non-audit fees, and reviewed the Company's system of internal accounting and controls.

Following the completion of the auditors' examination of the Company's financial statements, with management present, the Audit Committee reviewed and discussed with the independent auditors the results of the auditors' examination of the financial statements, and the audited financial statements for the fiscal year ended September 30, 2006 ("Fiscal Year 2006"). In addition, the Audit Committee and management engaged in an open and frank discussion with the auditors of such matters as the consistency of the Company's accounting policies and their application, and the clarity, faithfulness, verifiability, neutrality and completeness of the accounting information included in the Company's financial statements, and all other communications required to be addressed by generally accepted auditing standard, including those describe in "Statement on Auditing Standards No. 61 - Communications with Audit Committees". Based on the foregoing reviews and discussions, the Audit Committee recommended to the full Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for Fiscal Year 2006 and filed with the Securities and Exchange Commission. The Audit Committee also recommended the reappointment of the independent auditors for the Company's fiscal year ending September 30, 2007, subject to shareholder approval, and the Board of Directors concurred in such recommendation.

Respectfully submitted,

The Audit Committee

Later on the same day, the Company contacted Zimmer and rejected the Indication of Interest. Subsequently, Zimmer filed an amended 13(d) expressing that they had determined not to pursue an acquisition of the Company at that time, but based on other factors deemed relevant by Zimmer, including, but not limited to, the price and availability of Common Stock, subsequent developments affecting Zimmer and the Company, the business prospects of Zimmer and the Company, general stock market and economic conditions and tax considerations, Zimmer may formulate other plans and/or make other proposals and take other actions with respect to its investment in the company that it deems to be appropriate.

(1) AUDIT FEES. These are fees for professional services for the audit of the Company's annual financial statements, for the review of the financial statements included in the Company's filings on Form 10-Q and for services that are normally provided in connection with statutory and regulatory filings or engagements. For 2006, total audit fees include \$173,000 for fees associated with the restatement of the prior year financial results in the 2005 Form 10-K/A and the results of the quarter ending December 31, 2005 in the Form 10-Q/A, \$199,000 related to the 2005 audit and \$56,000 for interim and planning procedures relating to the 2006 audit.

APPROVAL POLICY FOR AUDIT AND NON-AUDIT SERVICES

The Company's Audit Committee has responsibility for the approval of all audit and non-audit services before the Company engages an accountant. All of the services rendered to the Company by Deloitte & Touche LLP for the fiscal years ended September 30, 2006 and 2005 were approved by the Audit Committee.

The Company and the Audit Committee are working with the Company's legal counsel to establish formal pre-approval policies and procedures for all future engagements of the Company's accountants. In accordance with the rules and regulations of the U.S. Securities and Exchange Commission relating to the independence of auditors, the Company's new pre-approval policies and procedures will be detailed as to particular services, will require that the Audit Committee be informed of each service, and will prohibit the delegation of any pre-approval responsibilities to the Company's management.

The Company's pre-approval policy will expressly provide for the annual pre-approval of all audits, audit-related and all non-audit services proposed to be rendered by the independent auditor for the fiscal year, as specifically described in the auditor's engagement letter, such annual pre-approval to be performed by the Audit Committee. The new policy will also provide that all additional engagements of the auditor that were not approved in the annual pre-approval process, and all engagements that are anticipated to exceed previously approved thresholds, shall be presented by the President or Chief Financial Officer of the Company to the Audit Committee for pre-approval, on a case-by-case basis, before management engages the auditors for any such purposes. The Audit Committee may be authorized to delegate, to one or more of its members, the authority to pre-approve certain permitted services, provided that the estimated fee for any such service does not exceed a specified dollar amount.

All pre-approvals shall be contingent on a finding, by the Audit Committee, or delegates thereof, as the case may be, that the provision of the proposed services by the Company's auditor is compatible with the maintenance of the auditor's independence in the conduct of its auditing functions. In no event shall any non-audit related service be approved that would result in the independent auditor no longer being considered independent under the applicable rules and regulations of the Securities and Exchange Commission.

VOTING SECURITIES

Under the Florida Business Corporation Act ("FBCA"), directors are elected by a plurality of the votes cast at a meeting in which a quorum is present. In connection with an election of directors, votes may be cast in favor of, or withheld from, each nominee. Votes withheld from a nominee will be counted in determining whether a quorum has been reached. However, since directors are elected by a plurality, votes withheld from a nominee or nominees will be excluded entirely and will not be counted as a vote cast in an election of directors.

In connection with the proposals to approve the Company's Incentive and Non Statutory Stock Option Plan and to ratify the Company's auditors, votes may be cast "For" or "Against" a proposal, or a Shareholder may "Abstain" from voting on the proposal or proposals. Under the FBCA, at a meeting where a quorum is present, all matters submitted to Shareholders (other than an election of directors) are approved if the vote's cast in favor of the action exceeds the vote's cast in opposition to the matter presented (unless the Articles of Incorporation or state law requires a greater number of votes). Accordingly, with respect to any proposal coming before the Annual Meeting, other than the election of Directors, all abstentions and broker non-votes will be counted as present for purposes of determining the existence of a quorum, but since they are neither a vote cast in favor of, or a vote cast against, a proposed action, abstentions and broker non-votes will not be counted as a vote cast on any matter coming before the meeting. A broker non-vote generally occurs when a broker, who holds shares in street name for a customer, does not have authority to vote on certain non-routine matters because its customer has not provided any voting instructions on the matter.

Each Common Share outstanding on the Record Date entitles the record holder thereof to cast one vote with respect to each matter to be voted upon.

DEADLINE FOR SUBMITTING SHAREHOLDER PROPOSALS FOR THE 2008 ANNUAL MEETING

Under the applicable laws of the Securities and Exchange Commission, Shareholder proposals may be eligible for inclusion in the Company's proxy statement and form of proxy that are mailed to all Shareholders in advance of the annual meeting. A Shareholder is eligible to submit a proposal for inclusion in the Company's proxy materials, if at such time the Shareholder owns at least one percent (1%) or \$2,000 in market value of the Company's Common Stock. In addition, the Shareholder must have held such shares for at least one (1) year, and must continue to own such shares through the date of the 2008 Annual Meeting. Eligible Shareholders who wish to submit a proposal for inclusion in the Company's proxy materials for the 2008 Annual Meeting of Shareholders should submit the proposal(s), in writing, to the Office of the Secretary of the Company at the address set forth on the first page of this Proxy Statement. All such proposals must be received at the Office of the Secretary no later than October 15, 2007. The proposal must be in the form required by applicable rules of the Commission.

Alternatively, Shareholders who wish to have a proposal presented at the 2008 Annual Meeting, but are not seeking to include the proposals in the Company's written proxy materials mailed to shareholders prior to the meeting, should submit the proposals to the Office of the Secretary of the Company between December 15, 2007 and January 31, 2008. There are no shareholder eligibility requirements for Shareholders who not seeking to include their proposals in the Company's written proxy materials. However, the proposals must include (i) a brief description of the matter to be brought before the Annual Meeting and the reasons therefore, (ii) the name and record address of the Shareholder

proposing the matter, (iii) the class and number of shares beneficially owned by the Shareholder, (iv) any material interest of the Shareholder, an immediate family member of the Shareholder, or an affiliate of the Shareholder in the proposed matter; and (v) any other information which is reasonably required in order to make the proposal not materially misleading. If the Chairman of the 2008 Annual Meeting determines that a matter has not been properly brought before the meeting in accordance with the foregoing procedures, such matter will not be presented and no action will be taken thereon at the Annual Meeting.

ANNUAL REPORT

The Company's annual report for the year ended September 30, 2006 (the "Annual Report") accompanies this proxy statement. The Annual Report contains a copy of the Company's Form 10-K Report for the year then ended.

SOLICITATION COSTS

The Company will bear the costs of preparing, assembling and mailing the Proxy Statement, the proxy card, and the 2006 Annual Report in connection with the Annual Meeting. In addition to the use of the mail to solicit proxies for the Annual Meeting, certain employees of the Company may be utilized by the Company to solicit Shareholders' proxies by telephone, telegraph or in person. Such employees will not receive additional compensation for such services to the Company. Arrangements may be made with banks, brokerage houses, and other institutions, nominees, and fiduciaries, to forward the proxy materials to beneficial owners and to obtain authorization from beneficial owners for the execution of proxies. The Company will, upon request, reimburse those persons and entities for expenses incurred in forwarding proxy materials to beneficial owners.

OTHER MATTERS

At the time of the preparation of this Proxy Statement, the Board of Directors of the Company had not been informed of any matters which would be presented for action at the 2007 Annual Meeting, other than the proposals specifically identified in the Notice of Annual Meeting of Shareholders and described above. If any other matters are properly submitted for action at the Annual Meeting, it is intended that the persons named in the accompanying proxy card will vote or refrain from voting on such matters in accordance with their best judgment, after consultation with the Board of Directors.
