Andrew Cosslett, Chief Executive of InterContinental Hotels Group PLC, said:

"We delivered a strong set of results in the first quarter. Global revenue per available room (RevPAR) grew 6.9%, with 18.8% growth in Greater China and 8.4% in the US, the highest growth in the US since the second quarter 2006. Underlying revenue growth of 6% was converted to 23% operating profit growth, reflecting good use of our scale and the efficiency of our business model.

"Our strategy to free up capital to drive growth for our brands is on track. Post quarter end we sold two hotels in the US, with proceeds substantially above book value. We have recently committed to enter into a joint venture with Duet Hotels to take Holiday Inn Express into India, developing 19 new hotels by 2016.

"During the quarter, we welcomed The Venetian and The Palazzo Las Vegas into our system as our first InterContinental Alliance Resorts, boosting room supply by almost 7,000 and we continue to look for further opportunities of this kind.

"We remain confident about the outlook for the rest of the year. Demand for our brands continues to strengthen with both guests and hotel owners. This is driving our performance and reinforcing our industry leading pipeline. We are well positioned to take advantage of the gathering rate momentum we now see around the world.

"My time with IHG comes to a close on 30 June and I would like to thank all the people I've worked with over the past six years. I now hand over the reins to Richard Solomons, confident that he and the excellent team we have in place will lead IHG to a bright future."

Driving Market Share

- First quarter global RevPAR growth of 6.9%, including rate growth of 1.9%.
 - Americas 7.7%; (includes US 8.4%); EMEA 3.0%; Asia Pacific 9.9%.
- Total system size of 652,456 rooms (4,422 hotels), up 0.1% year on year.
 - 15,153 rooms (53 hotels) added, including 6,986 rooms (2 hotels) from the first InterContinental Alliance Resorts; and 9,858 rooms (68 hotels) removed.
 - Signings of 8,399 rooms (63 hotels) were ahead of Q1 2010 and almost half were conversions. Total pipeline of 191,182 rooms (1,236 hotels) of which 26% are in Greater China.
 -

2011 net system growth will be modest as previously disclosed due to the final Holiday Inn relaunch exits.

- Holiday Inn relaunch delivering strong results.
 - Relaunch driving continued RevPAR outperformance, with the wider benefits clear as global core brand hotel signings are up 27% year on year.

Growing Margins

- Continued cost control.
 - Regional and central costs of \$61m increased \$2m on 2010 at constant currency (\$4m as reported).
 - At constant currency, and reflecting the current trading outlook, full year 2011 regional and central costs still expected to be in the region of \$250m to \$260m compared to \$258m in 2010.

Current trading update

- April global RevPAR up 4.9%, up 6.1% excluding Bahrain, Egypt and Japan.
 - Americas 6.4%; (includes US 7.2%); EMEA 0.5%; Asia Pacific 5.3%.

³excluding \$10m of significant liquidated damages receipts in 2011.

Regional Highlights

Americas - good growth in franchise profits

RevPAR increased 7.7%, including rate growth of 1.6%. US RevPAR was up 8.4%, including rate growth of 2.0%.

Revenue increased 9% to \$194m and operating profit increased 35% to \$97m. After adjusting for the owned hotel disposals in 2010 and excluding the impact of a \$10m liquidated damages receipt in the managed business in 2011, revenue was up 9% and operating profit up 23% primarily driven by an 11% increase in franchise royalties. A \$3m decline in regional costs was due to timing of costs related to our self-insured healthcare benefit plan.

We signed 6,059 rooms (50 hotels) in the first quarter. This was almost 1,300 rooms more than the same period in 2010, driven by Holiday Inn signings, demonstrating the continuing benefits of the relaunch. 11,812 rooms (42 hotels) were opened into the system, including 6,986 rooms at the Las Vegas Sands Venetian and Palazzo InterContinental Alliance Resorts, and the 513 room Holiday Inn Toronto, the brand's biggest hotel in Canada.

EMEA - continued strength in signings

RevPAR increased 3.0%, including rate growth of 1.6%. RevPAR grew 4.2% excluding Egypt (10 hotels) and Bahrain (2 hotels) where the political unrest resulted in significant declines. In other Middle East markets RevPAR continued to grow, including 7.5% in Saudi Arabia and 2.4% in the United Arab Emirates.

Revenue increased 6% (4% at CER) to \$95m and operating profit increased 10% (5% at CER) to \$23m. This was driven by good RevPAR growth at both the owned and leased and franchised hotels. Managed operating profit declined \$2m as the impact of unrest in the Middle East offset good growth in fees across Europe.

We signed 1,425 rooms (8 hotels) in the quarter, including Hotel Indigo Hamburg. Crowne Plaza hotels accounted for half of the region's signings as well as three of its five hotel openings in the quarter. These were in the key locations of Dubai (the third for the brand in the city), Geneva and also in Istanbul where we now have two Crowne Plaza hotels open and expect to add a further three by year end. This reinforces the strength of the brand across the EMEA region.

Asia Pacific - growth in rooms and RevPAR drives profits

RevPAR increased 9.9%, including rate growth of 4.8%. Excluding Japan (33 hotels) where the earthquake and resultant events negatively impacted March growth, RevPAR grew 13.6%. Greater China continues to be our strongest market with RevPAR up 18.8%, including rate growth of 9.9%.

Revenue increased 16% (13% at CER) to \$80m and operating profit increased 39% to \$25m. This was predominantly driven by RevPAR growth and the contribution from a 6% year on year increase in rooms.

We signed 915 rooms (5 hotels) in the quarter, three of which were in Thailand including an InterContinental resort on the West coast of Koh Samui and a Hotel Indigo on Phuket Naithon beach. In April we signed a further 7 deals, including three in India and three in Indonesia. Key openings included the InterContinental Kuala Lumpur and Crowne Plaza West Hanoi, the first hotels opened under those brands in Malaysia and Vietnam respectively.

Capital recycling strategy driving growth

During 2011 we have started the initial marketing for sale of the InterContinental New York Barclay. Post quarter end we completed the disposal of Staybridge Suites Denver Cherry Creek and Holiday Inn Atlanta-Gwinnett Place to Summit Hotel Properties Inc for \$17m, retaining the hotels under a long term license agreement and a management agreement respectively.

In line with our strategy to recycle capital to drive growth in our brands, we entered into a joint venture partnership with Duet India Hotels Group to develop 19 new Holiday Inn Express hotels across India (c.3,300 rooms) by 2016. We will invest through a 24% equity stake, making a multi-year investment of \$30 million into the partnership.

Interest, tax and net debt

The interest charge for the period was \$16m (Q1 2010: \$15m). Based on the position at the end of the quarter, the tax charge has been calculated using an estimated annual tax rate of 28% (Q1 2010: 27%). Net debt was \$846m at the end of the quarter (including the \$207m finance lease on the InterContinental Boston). This is down from \$1.1bn at 31 March 2010 but up \$103m on the year end position due to seasonal working capital movements including incentive payments. This is expected to reverse for the full year 2011.

Adjusted earnings per ordinary share is disclosed in order to show performance undistorted by exceptional items, to give a more meaningful comparison of the Group's performance.

13. Capital commitments and contingencies

At 31 March 2011, the amount contracted for but not provided for in the financial statements for expenditure on property, plant and equipment and intangible assets was \$18m (2010 31 December \$14m, 31 March \$3m).

At 31 March 2011, the Group had contingent liabilities of \$1m (2010 31 December \$8m, 31 March \$15m) mainly relating to litigation claims.

INDEPENDENT REVIEW REPORT TO INTERCONTINENTAL HOTELS GROUP PLC

Introduction

We have been engaged by the Company to review the condensed set of financial statements in the interim financial report for the three months ended 31 March 2011 which comprises the Group income statement, Group statement of comprehensive income, Group statement of changes in equity, Group statement of financial position, Group statement of cash flows and the related notes 1 to 13. We have read the other information contained in the interim financial report and considered whether it contains any apparent misstatements or material inconsistencies with the information in the condensed set of financial statements.

This report is made solely to the Company in accordance with guidance contained in ISRE 2410 (UK and Ireland) 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Auditing Practices Board. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company, for our work, for this report, or for the conclusions we have formed.

Directors' Responsibilities

The interim financial report is the responsibility of, and has been approved by, the Directors. The Directors are responsible for preparing the interim financial report in accordance with the Disclosure and Transparency Rules of the United Kingdom's Financial Services Authority.

As disclosed in note 1, the annual financial statements of the Group are prepared in accordance with IFRSs as adopted by the European Union. The condensed set of financial statements included in this interim financial report has been prepared in accordance with International Accounting Standard 34, 'Interim Financial Reporting', as adopted by the European Union.

Our Responsibility

Our responsibility is to express to the Company a conclusion on the condensed set of financial statements in the interim financial report based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements (UK and Ireland) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Auditing Practices Board for use in the United Kingdom. A review of interim financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (UK and Ireland) and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed set of financial statements in the interim financial report for the three months ended 31 March 2011 is not prepared, in all material respects, in accordance with International Accounting Standard 34 as adopted by the European Union and the Disclosure and Transparency Rules of the United Kingdom's Financial Services Authority.
