Notification of Transactions of  
Directors and Persons Discharging Managerial Responsibility

Vesting of Conditional Share Awards

This notification sets out information relating to the vesting of conditional share awards under the GlaxoSmithKline 2009 Performance Share Plan (the "Performance Share Plan") and the 2009 Deferred Annual Bonus Plan (the "Deferred Annual Bonus Plan").

This announcement covers vesting of awards made to Corporate Executive Team members in 2012. It also covers vesting of awards made to senior executives in 2012 who have subsequently been designated as Persons Discharging Managerial Responsibility.

2012 Performance Share Plan Awards

The awards made to the individuals listed in the table below were subject to the following performance conditions measured over the three year performance period from 1 January 2012 to 31 December 2014:

- a) 25% of the award was subject to an adjusted free cash flow target. The Company did not meet the threshold level of performance for adjusted free cash flow for the three year period and therefore the Remuneration Committee has confirmed that this element of the award lapsed in full.
- b) 25% of the award was subject to a TSR measure. For the three years ending 31 December 2014, the Company's TSR ranked 10th (i.e. below median) against a comparator group of 10 global pharmaceutical companies including GSK and therefore the Remuneration Committee has confirmed that this element of the award lapsed in full.
- c) 25% of the award was subject to an R&D New Products sales measure. The Company achieved New Product Sales above threshold for the three year period and the Remuneration Committee has confirmed that 27% of this element of the award vested, i.e. 6.75% of the total award.
- d) 25% of the award was subject to a Business Diversification measure, measuring sales in Vaccines, Consumer Healthcare, Dermatology and Emerging Markets Asia Pacific and Japan. The Company achieved sales above threshold for the three year period and the Remuneration Committee has confirmed that 27% of this element of the award vested, i.e. 6.75% of the total award.

Therefore 13.5% of the total award vested.

The table below shows the proportion of these Performance Share Plan awards that vested and lapsed on 12 February 2015. This does not include dividends reinvested since the date of grant. These will be subject to a later announcement once the final number of dividend shares has been determined:

2012 Deferred Annual Bonus Awards

In 2012, the following individuals elected to defer part of their 2011 annual bonus into shares under the Deferred Annual Bonus Plan (Deferred Shares). These awards are matched up to one-for-one depending on the achievement of performance measures (Matching Shares). The performance measures were the same as for the 2012 Performance Share Plan awards described above and were measured over the same three years to 31 December 2014.

Individuals could elect whether to defer part of their bonus on a pre or post tax basis. For awards to UK-based individuals, Deferred and Matching shares were granted as nil-cost options over Ordinary Shares. For awards to US-based individuals, awards of Deferred and Matching shares were granted as conditional awards of ADSs (co-investment shares in the case of post tax Deferred Shares for US-based individuals).

The table below shows the pre tax Deferred Shares that will vest on the third anniversary of grant, 9 March 2015. This does not include dividends reinvested since the date of grant. These will be subject to a later announcement once the final number of dividends has been determined:
