Independent Auditors' Report

The Employee Welfare Benefits Plan

Committee of FMC Technologies, Inc.:

We have audited the accompanying statements of net assets available for benefits of the FMC Technologies, Inc. Savings and Investment Plan (the Plan) as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the year ended December 31, 2002 and the period from September 28, 2001 (date of inception) to December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 and the period from September 28, 2001 (date of inception) to December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. This supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Notes to Financial Statements**

**December 31, 2002 and 2001**

**(1) Description of the Plan**

The following description of the FMC Technologies, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan text for a more complete description of the Plan's provisions.

The Plan was adopted effective September 28, 2001 in conjunction with the spin off from the FMC Corporation Savings and Investment Plan and the FMC Corporation Savings and Investment Plan for Bargaining Unit Employees (collectively, the FMC Corporation Plans).

During the year ended December 31, 2002, there were two amendments to the Plan. The first amendment eliminated the FMC Stock Fund as an Investment Fund in the Plan. The second amendment conformed the Plan with the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

**(a) General**

The Plan is a qualified salary-reduction plan under Section 401(k) of the Internal Revenue Code, which covers substantially all full-time employees and certain eligible part-time employees of FMC Technologies, Inc. (the Company) (other than employees who generally reside or work outside of the United States). Such employees are eligible to participate in the Plan immediately upon commencement of their employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA). The Plan is administered by the FMC Technologies, Inc. Employee Welfare Benefits Plan Committee.

**(b) Contributions**

Participants may elect to have their annual compensation reduced by up to \$11,000 (\$12,000 beginning in 2003), subject to adjustments to reflect changes in the cost of living, but not by more than 20% of their total compensation in the aggregate. The aggregate amount of such reductions is contributed to the Plan trust on a pretax basis. Participants may also elect to make after-tax contributions, either as an alternative to pretax contributions, or in addition to the maximum pretax contributions of \$11,000 (\$12,000 beginning in 2003) (but not more than 20% of their total compensation in the aggregate). The Company makes matching contributions for all the active participants, except for certain bargaining unit employees, ranging from 40% to 100% of the portion of those contributions not in excess of 5% of each participant's compensation, regardless of the \$11,000 (\$12,000 beginning in 2003) limit on pretax contributions. At December 31, 2002, 5,413 current and former employees participated in the Plan.

*(c) Trust and Record Keeping*

The Company and Fidelity Management Trust Company (the Trustee ) established a trust (the Trust ) for investment purposes as part of the Plan. The Trustee is also the Plan's record keeper.

The Freedom Income Fund, designed for those already in retirement, emphasizes bond and money market mutual funds.

Prior to December 31, 2001, all Company contributions to the Plan were invested in the FMC Stock Fund and were credited to the respective accounts of the employees participating in the Plan. On December 31, 2001, the FMCTI Stock Fund was created as a result of the distribution of the Company's stock by FMC Corporation (Note 6). Effective January 1, 2002, Company contributions to the Plan are invested by the Trustee in the FMCTI Stock Fund and credited to the respective accounts of the employees participating in the Plan. While investments may generally be transferred among funds, amounts contributed by the Company to the FMCTI Stock Fund are not eligible for fund transfer.

Prior to February 26, 2001, participants could change their investment options and move their account balances within the funds as frequently as they chose except with respect to employee Basic Contributions to the FMC Stock Fund, where the value of the account could be moved once a year after a participant reached age 50, and Company contributions, which could not be moved to other funds. Effective February 26, 2001, participants were given the ability to move account balances with respect to employee Basic Contributions to and from the FMC Stock Fund at any time.

***(e) Vesting***

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the Company's contributions and related earnings is based on years of service. A participant is 100 percent vested after five years of service.

***(f) Payment of Benefits and Forfeitures***

elect to defer their lump sum distribution or receive annual installments. Such forfeitures are used to pay certain administrative expenses of the Plan and to reduce future Company contributions to the Plan.

*(g) Expenses*

Certain administrative expenses of the Plan are paid by the Trustee out of the assets of the Plan and constitute a charge upon the respective investment funds or upon the individual participants' accounts. Certain other Plan sponsor expenses may be paid by the Plan sponsor from the forfeitures balance.

*(h) Withdrawals and Loans*

The Plan allows participants to make hardship cash withdrawals (subject to income taxation and IRS penalties) of some or all of their vested account balances. Eligible participants may also receive money from the Plan in the form of loans. The minimum that may be borrowed is \$1,000. The maximum that may be borrowed is the lesser of \$50,000, as adjusted, or 50 percent of the participant's vested account balance. Loans, which are secured by the participant's vested account balance, must be repaid over not more than 60 months with interest at a reasonable rate as determined by the Plan administrator.

*(i) Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Plan and ERISA. In the event of plan termination, participants will become 100 percent vested in their account balances.

**(2) Summary of Significant Accounting Policies**

The following are the significant accounting policies followed by the Plan:

*(a) Basis of Accounting*

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

*(b) Investment Transactions and Income Recognition*

Security transactions are recorded in the financial statements on a settlement-date basis, which does not differ materially from a trade-date basis. Dividends are recorded as earned on the record date. Interest is recorded as earned on the accrual basis.

*(c) Valuation of Investments*

Quoted or estimated market prices are used to value investments except for certain contracts, held at December 31, 2001, with banks and insurance companies, which guarantee repayment of principal with interest at a fixed or fixed minimum rate for a specified period of time. These contracts are valued at contract value, which approximates market value.

*(d) Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates, but the Plan administrator does not believe such differences will materially affect the Plan's financial position or results of operations.

**(5) Income Taxes**

In September 2002, the Company filed an application for favorable determination from the Internal Revenue Service that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and that the related trust will be exempt from income taxes.

The Company receives a Federal income tax deduction for its contributions to the Plan. Participating employees are not currently subject to Federal income tax on their elective contributions, Company contributions, investment income, or other items allocated to their individual accounts. Individual participants are taxed on such items at the time of distribution from the Plan.

**(6) Plan Merger and Asset Transfers**
