Board of Directors Meetings, Compensation and Committees

The Board of Directors is charged by the shareholders with managing the business affairs and exercising the corporate power of the Company. The Board of Directors relies on the following standing committees to assist in carrying out the Board of Directors' responsibilities: the Audit Committee, the Compensation Committee, and the Corporate Governance Committee. Each of the committees has a written charter approved by the Board of Directors and such charters are available on WD-40 Company's Investor Relations web site at www.wd40.com under the Officers & Directors section. There were four scheduled meetings and five special meetings of the Board of Directors during the last fiscal year. All directors serving for the full fiscal year attended at least 75 percent of the aggregate of the total number of meetings of the Board and of all committees on which the director served.

Board of Directors Compensation

Each non-employee director receives an annual fee of \$23,000 for services provided from the date of the Company's annual meeting to the next annual meeting. The annual fee is payable in March. The Chairman of the Board receives an additional annual fee of \$12,000. Non-employee directors receive additional cash compensation for service on committees. The Chairman of the Audit Committee receives \$14,000 and each other member of the Audit Committee receives \$7,000. Each Chairman of the Compensation Committee and the Corporate Governance Committee receives \$6,250 and each other member of those committees receives \$3,750. Non-employee directors also receive non-qualified stock options to purchase 2,000 shares of the Company's common stock. The options are to be granted on the date of the Company's annual meeting pursuant to the Company's 1990 Incentive Stock Option Plan, immediately exercisable with a termination date ten years from the grant date. The exercise price for options granted to the directors is equal to the closing price of the Company's shares as of the day of the annual meeting.

The Company maintains a Non-Employee Director Restricted Stock Plan providing for the issuance of shares of restricted common stock of the Company to each non-employee member of the Board of Directors. Shares are issued in lieu of cash compensation according to an election to be made by the director prior to November 30th of the year prior to the year of service. A director who holds shares of the Company having a value of at least \$50,000 may elect to receive the entire annual director's fee in cash. Otherwise, directors receive restricted stock in lieu of \$5,500 of cash compensation and they may elect to receive restricted stock in lieu of the balance of their annual fee in increments of \$5,500 up to the amount of \$16,500 or in lieu of the entire amount of the annual fee of \$23,000. The restricted shares are to be issued in accordance with a director's election as soon as practicable after the first day of March. The number of shares to be issued is equal to the amount of compensation to be paid in shares divided by 90% of the closing price of the Company's shares as of the first business day of March.

Restricted shares issued to a director do not become vested for resale for a period of five years or until the director's retirement from the Board following the director's 65th birthday. Unless a director has reached age 65, the shares are subject to forfeiture if, during the five year vesting period, the director resigns from service as a director.

Corporate Governance Committee

The Corporate Governance Committee is comprised of Kenneth E. Olson (Chairman), John C. Adams, Jr., Neal E. Schmale, Edward J. Walsh, and Linda A. Lang. The Corporate Governance Committee also functions as the Company's nominating committee and is comprised exclusively of independent directors as defined in Rule 4200 of the Marketplace Rules of the Nasdaq Stock Market, Inc. (the "Nasdaq Rules"). The Corporate Governance Committee met five times during the last fiscal year.

The Corporate Governance Committee acts in conjunction with the Board of Directors to ensure that a regular evaluation is conducted of succession plans, performance, independence, and of the qualifications and integrity of the Board of Directors. The Corporate Governance Committee also reviews the applicable skills and characteristics required of nominees for election as directors. The objective is to balance the composition of the Board of Directors to achieve a combination of individuals of different backgrounds and experiences. In evaluating the suitability of nominees, the Corporate Governance Committee takes into account many factors, including the following: whether the candidate is currently or has recently been an executive officer at a publicly traded company; whether the candidate has substantial background in matters related to the Company's products or markets, in particular, supply chain management, information technology and marketing; and whether the candidate has substantial international business experience, a substantial financial background or is serving as a director at one or more publicly traded companies.

In determining whether to recommend a director for re-election, the Corporate Governance Committee considers the director's past attendance at meetings, results of annual evaluations and the director's participation in and anticipated future contributions to the Board of Directors. A director who will have reached the age of 72 prior to the date of the next annual meeting of stockholders will not be recommended for re-election at that meeting.

The Corporate Governance Committee reviews new Board of Director nominees through a series of internal discussions, reviewing available information, and interviewing selected candidates. Generally, candidates for nomination to the Board of Directors have been suggested by directors or employees. Linda A. Lang, the Company's newest director, was initially suggested as a candidate by an independent director. The Company does not currently employ a search firm or third party in connection with seeking or evaluating candidates.

The Corporate Governance Committee will consider director candidates recommended by security holders under the same criteria as other candidates described above. Nominations may be submitted by letter addressed to: WD-40 Company Corporate Governance Committee, Corporate Secretary, 1061 Cudahy Place, San Diego, CA 92110.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised of John C. Adams, Jr. (Chairman), Mario L. Crivello, Richard A. Collato, Edward J. Walsh and Linda A. Lang, all of whom are independent directors as defined under the Nasdaq Rules. The Compensation Committee met four times during the last fiscal year.

The function of the Compensation Committee is to provide guidance to the Board of Directors and oversight for all executive compensation and benefit programs. The Committee provides recommendations for base salary and incentive compensation awards for the CEO and executive officers. The Compensation Committee also serves as the Stock Option Committee with authority to grant options and administer the Company's Incentive Stock Option Plan. The Compensation Committee Report on Executive Compensation appears on page 14 below.

Audit Committee

The Audit Committee is comprised of Giles H. Bateman (Chairman), Gary L. Luick, Kenneth E. Olson, and Richard A. Collato. Six meetings were held during the last fiscal year to review quarterly financial reports, to consider the annual audit and other audit services and to review the audit with the independent auditors after its completion. The Board of Directors has determined that Mr. Bateman is an audit committee financial expert as defined by regulations adopted by the Securities and Exchange Commission. Mr. Bateman and each of the other members of the Audit Committee is an independent director as defined in the Nasdaq Rules. The Audit Committee also has responsibility for the selection, appointment and oversight of independent accountants for the Company. The responsibilities and activities of the Audit Committee are further described in the Audit Committee Report below.

AUDIT COMMITTEE REPORT

Each year the Board of Directors appoints an Audit Committee to review the Company's financial matters. Each member of the Audit Committee meets the independence requirements set by the Nasdaq Stock Market. The responsibilities of the Audit Committee include the selection and appointment of a public accounting firm to be hired as the Company's independent accountants. The Audit Committee is

also responsible for recommending to the Board that the Company's financial statements be included in its annual report on Form 10-K. The Audit Committee has taken the following steps in making its recommendation that the Company's financial statements be included in its annual report on Form 10-K:

1. The Audit Committee discussed with PricewaterhouseCoopers LLP, the Company's independent accountants for fiscal year ended August 31, 2004, those matters required to be discussed by Statement on Auditing Standards No. 61, including information concerning the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process.
2. The Audit Committee discussed with PricewaterhouseCoopers LLP its independence and received from PricewaterhouseCoopers LLP a letter concerning independence as required under applicable independence standards for auditors of public companies. This discussion and disclosure helped the Audit Committee in evaluating such independence.
3. The Audit Committee reviewed and discussed with the Company's management and PricewaterhouseCoopers LLP, the Company's audited consolidated balance sheet at August 31, 2004, and consolidated statements of income, cash flows and stockholders' equity for the fiscal year ended August 31, 2004.

Based on the reviews and discussions explained above, the Audit Committee recommended to the Board that the Company's financial statements be included in its annual report on Form 10-K for its fiscal year ended August 31, 2004. PricewaterhouseCoopers LLP has been selected to serve as the Company's independent auditors for the fiscal year ending August 31, 2005.

Supplemental Death and Retirement Benefit Plans

The Company maintains Supplemental Death Benefit Plans for certain key employees. Under the Death Benefit Plan agreements, a participating employee's designated beneficiary or the employee's estate will receive a death benefit equal to the employee's then current base salary in the event of death prior to retirement from the Company. No death benefit is payable if retirement benefits become due upon the employee's retirement under the Retirement Benefit Plan agreement.

The Company also maintains Supplemental Retirement Benefit Plans for certain key employees. Under the Retirement Benefit Plan agreements, participating employees will receive retirement benefits in the event of the participant's retirement on or after a designated retirement date. The annual retirement benefit for participating employees will be equal to twenty-five percent (25%) of the employee's then current base salary, payable in quarterly installments over a period of fifteen years.

All benefits under the plans will be subject to payroll taxes and required withholding for state and federal income taxes as deferred compensation. The benefits are funded by key man life insurance policies purchased and owned by the Company. The Board of Directors determines which key employees will participate in the plans and the amount of benefits payable for each participant. Non-employee directors do not participate in the plans.

Based upon current (2005) base salaries, the death benefits and annual retirement benefits to be provided under the plans to the executive officers named in the Summary Compensation Table above are set forth below. The retirement benefit will not be payable unless the executive officer retires with the Company on or after reaching the specified retirement age. In such event, the actual amount of the annual benefit will be dependent upon the executive's then current annual salary.

Name	Death Benefit	Annual Retirement Benefit	Retirement Age
Garry O. Ridge	484,000	121,000	65
Michael J. Irwin	239,000	59,800	65

Employment Agreements

The Company has entered into employment agreements with Mr. Ridge, Mr. Irwin, Mr. Milner, Mr. Freeman and Mr. Noble for three year terms. Mr. Ridge's contract term ends on August 1, 2005 and each of the other officers have contracts for terms ending July 9, 2007. Each employment contract is subject to renewal for an additional three year term unless otherwise provided by the Board of Directors. Mr. Ridge's contract provides for an annual base salary of not less than \$275,000. The contracts for Mr. Irwin, Mr. Milner, Mr. Freeman and Mr. Noble provide for minimum annual base salaries of \$180,000, \$174,000, \$165,000 and 120,000 British Pounds, respectively. Each contract provides for review of the executive's base salary at least annually, to be increased at the discretion of the Board of Directors upon evaluation of factors including job performance, Company profitability and the general rate of inflation. Each of the officers will receive such incentive bonuses as may be awarded from time to time by the Board of Directors based upon the Company's annually established bonus formula. In the event of a termination of employment without cause following a change of control of the Company (defined as the acquisition by tender offer, or other means of change of ownership, of 15% of the outstanding shares of the Company by a single entity, group or person), each executive officer would be entitled to receive an amount equal to three times their average annual gross salary, including bonuses, for the five years immediately prior to such termination of employment. In no event will the payments exceed the limitations of Internal Revenue Code Section 280G(d)(2) which limit the deductibility of certain payments to executives upon changes in control. In the event of the termination of Mr. Ridge's employment without cause, he will receive severance in an amount equal to one year's salary, payable in twelve monthly installments, together with any incentive compensation according to the Company's annually established bonus formula, prorated for the portion of the Company's fiscal year up to the date of such termination of employment.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation philosophy of the Company is to be competitive in the marketplace to attract, retain, and motivate a highly qualified workforce. The Company uses compensation surveys, conducted by independent consultants, to provide data to support the development of competitive compensation plans that reinforce this philosophy. The Compensation Committee of the Board of Directors (the Committee) determines compensation for the CEO and executive officers. The Committee also serves as the Stock Option Committee under the Company's 1990 Incentive Stock Option Plan. In evaluating the performance of the CEO and executive officers, the Committee measures the year's results against the

specific goals set forth in the annual business plan. In addition to financial performance, the Committee considers factors important to the Company such as individual leadership, promotion of a strong corporate culture, demonstrated business ethics and the attainment of personally identified goals for the year..

The Committee is responsible for setting and administering the policies that govern executive compensation and the stock ownership programs for employees of the Company. The members of the Committee are John C. Adams, Jr. (Chairman), Mario L. Crivello, Richard A. Collato, Edward J. Walsh and Linda A. Lang.

Compensation of the CEO and the CEO's recommendations for the executive officers is reviewed annually by the Committee. The CEO's compensation and compensation changes proposed for the executive officers are evaluated on an individual basis by the Committee and recommended to the Board of Directors for final consideration and approval. As management responsibilities increase, a greater portion of compensation is driven by financial performance measures.

There are four primary components in the Company's executive compensation program:

- i. Base Salary
- ii. Performance Incentive
- iii. Pension and Profit Sharing
- iv. Long-term Stock Options

Base Salary

Base salaries for the CEO and executive officers are established at the beginning of each fiscal year. Detailed position descriptions, scope and complexity of the position as well as external market factors are used to determine base salary levels. Independent compensation surveys, including Watson Wyatt Data Services, Mercer and Capital Global are the basis for these comparables, and base salary levels are targeted at the 25-75th percentile for similar companies. The companies included in these surveys do not necessarily include any of the companies included in the Peer Group identified with reference to the Stock Performance Graph that follows this report. Salary changes are based on guidelines established for all employees using individual performance and comparable adjustments from midpoint levels for the various job classifications. The CEO's base salary for fiscal year 2004 was \$484,000. For fiscal year 2005 there will be no change in the CEO's base salary of \$484,000.

Performance Incentive

The Performance Incentive is that portion of the annual compensation for each executive officer that is related to and contingent upon specific performance measures. Depending upon performance results, the Performance Incentive bonus can range from 0-100% of base salary for the CEO and from 0-60% of base salaries for other executive officers. For fiscal year 2004, the CEO received no Performance Incentive bonus.

Pension and Profit Sharing Plans

Since 1963 the Company has maintained tax qualified Pension and Profit Sharing Plans for the benefit of all full time employees, including executive officers. The Company's present WD-40 Company Profit Sharing/401(k) Plan provides for mandatory employer contributions for participating employees equal to 10% of their covered compensation and permits discretionary employer contributions up to 5% of their covered compensation. The Plan also allows employees, with 401(k) tax treatment, to defer up to the

allowable IRS limits for each calendar year and provides a matching contribution equal to one-half of such amounts deferred, up to a maximum of 3.3% of their covered compensation. In calendar year 2004, covered compensation includes all salary and bonus compensation up to \$205,000 and the maximum amount permitted to be contributed to the Plan for an employee, including 401(k) deferrals and employer matching contributions, is \$41,000. The Plan serves to provide Company employees with tax-advantaged retirement savings and to focus the attention of employees on profits and the effective use of assets. The Company's contributions to the Plan may be invested by employees in a Company Stock Fund invested in shares of the Company's common stock.

Long-Term Stock Options

The Company has employed stock options for many years as a means of providing long-term compensation to its key employees. Options are granted at the beginning of each fiscal year to executive officers and to other employees based upon the level of management responsibility. The Company's Stock Option Plan has been established to:

- a. Focus attention on corporate strategic business direction; and
- b. Increase ownership and retention in the Company's stock, thereby aligning the interests of the participant employees with those of the Company's stockholders.

For fiscal year 2005, the Stock Option Committee granted options to purchase a total of 243,800 shares to 126 Company employees, including the CEO and executive officers who, as a group, received 54,000 of the total options granted. The options were granted on October 19, 2004 with an exercise price of \$27.67 per share. The number of stock options granted to the executive officers and other employees have been determined in part on the basis of individual performance. In 1997 the Board of Directors expanded the scope of the Plan to include a broader level of management employees. The Board of Directors believes that wider participation further enhances employee productivity, loyalty and commitment as well as providing more employees with an opportunity to benefit from stock ownership.

On October 19, 2004, the CEO received options to purchase 12,000 shares. Options granted in September 2003 to the CEO and other executive officers are set forth in the Stock Option Table included on page 12 above.

The Committee believes that the Company's compensation program is consistent with its philosophy and goals for success.

The Audit Committee may also pre-approve particular services on a case-by-case basis. The possible effect on the independence of the accountants is considered by the Audit Committee.
