PacifiCorp Group Holdings Company ( PGHC ) also participates in an intercompany borrowing agreement ( PGHC Loan Agreement, and collectively, Loan Agreements ) allowing up to \$350 million in loans to be made among PGHC and its subsidiaries, and among PGHC and certain other subsidiaries of PacifiCorp, including PacifiCorp Environmental Remediation Company, PacifiCorp Minerals, Inc. and PacifiCorp Investment Management, Inc. Loans made under the PGHC Loan Agreement are payable on demand and if from PGHC, bear interest at a negotiated rate or at PGHC s short-term borrowing rate if the borrower is PGHC. Descriptions of the terms and conditions of the Loan Agreements are incorporated by reference to Scottish Power Certificates of Notification under File No. 040-00485.

**ITEM 2. ACQUISITION OR SALES OF UTILITY ASSETS.**

On May 27, 2004, PacifiCorp, as buyer entered into an asset purchase and sales agreement with Summit Vineyard LLC and Lake Side Power LLC as sellers/developers for the development and construction of a natural gas fired combined cycle plant with two Westinghouse W501 gas turbines and a related gas pipeline for \$275,000,000. The project is under construction and PacifiCorp anticipates that it will become operational in the summer of 2007.

Pursuant to an Asset Purchase Agreement by and between Price City, Utah and PacifiCorp, dated September 1, 2004, PacifiCorp sold certain electrical distribution facilities operating at nominal 34.5 kV or below, including poles, cross arms, overhead conductors, attachments and supports and other miscellaneous equipment. The purchase price for these assets was \$474,708.86. The exemption claimed is Rule 44(b).

Pursuant to the Skookumchuck Facilities Purchase and Sale Agreement by and among PacifiCorp, Public Utility District No. 1 of Snohomish County, Washington, Puget Sound Energy, Inc., City of Tacoma, Washington, Avista Corporation, City of Seattle, Washington and Public Utility District No. 1 of Grays Harbor County, Washington as Sellers and 2677588 Washington LLC, as Buyer, dated as of November 25, 2003 (closed October 5, 2004), PacifiCorp and other nonassociate companies sold their interests in the Skookumchuck dam, hydroelectric facility, and related assets. PacifiCorp's share of the purchase price for these assets was 47.5 percent or approximately \$3,595,927. The exemption claimed is Rule 44(b).

Long-Term Incentive Plan Awards in the Last Fiscal Year

The following table sets forth information regarding awards made in the year ended March 31, 2005, to each named executive officer under the LTIP. Each LTIP award entitles the executive officer to acquire, at no cost, the number of ScottishPower American Depositary Shares listed in the table, less any withholding for applicable taxes. An award will only vest if the Remuneration Committee is satisfied that certain performance measures related to the sustained underlying financial performance of the ScottishPower group and improvements in customer service standards are achieved over a period of three years commencing with the fiscal year preceding the date an award is made. The number of shares vested depend upon ScottishPower's comparative Total Shareholder Return performance over the three-year performance period. Total Shareholder Return performance is measured against a peer group of major international energy companies. No shares vest unless ScottishPower's Total Shareholder Return performance is at least equal to the median performance of the peer group, at which point 40% of the initial award vests. If ScottishPower's performance is equal to or exceeds the top quartile, 100% of the shares vest. The number of shares that vest for performance between these two points is determined on a straightline basis. Participants may acquire the vested shares at any time after the third anniversary of grant.

A. Richard Walje	6,757	3 years		2,703	6,757
Matthew R. Wright	6,236	3 years		2,494	6,236

(a) Amount to vest if threshold measures and median Total Shareholder Return performance is achieved.

#### Employee Agreements

On September 29, 2003, Ms. Johansen and PacifiCorp executed an employment agreement providing for a base salary of \$700,000 and a maximum annual incentive award of 75% of base salary. Under the agreement, she is eligible for participation in the LTIP, the ExSOP and the Retirement Plan referred to below, in addition to other benefit plans available for senior-level executives of PacifiCorp. The employment agreement continues until March 31, 2012, unless terminated by either party. Ms. Johansen or PacifiCorp may terminate the employment agreement at any time for any reason. However, if Ms. Johansen resigns from PacifiCorp due to a material alteration in compensation or assignment or following a company-initiated relocation, or if PacifiCorp terminates Ms. Johansen without cause, then Ms. Johansen will be entitled to one year's salary, car allowance and bonus (as modified pursuant to the terms of employment agreement). Additionally, Ms. Johansen agreed to standard confidentiality, non-solicitation terms.

On December 9, 2004, Mr. Pittman and PacifiCorp executed an employment agreement providing for a base salary of \$325,000 and a maximum annual incentive award of 100% of base salary (unless otherwise modified by the Remuneration Committee). Under the agreement, he is eligible for participation in the LTIP, the ExSOP and the Retirement Plan, in addition to other benefit plans available for senior level executives of PacifiCorp. The employment agreement continues until Mr. Pittman reaches the age of 65, unless terminated by either party. Mr. Pittman or PacifiCorp may terminate the employment agreement at any time for any reason. However, if Mr. Pittman resigns from PacifiCorp due to a material alteration in compensation or assignment or following a company-initiated relocation, or if PacifiCorp terminates Mr. Pittman without cause, then Mr. Pittman will be entitled to one year's base salary, car allowance and bonus (as modified pursuant to the terms of the employment agreement). Additionally, Mr. Pittman agreed to standard confidentiality, non-competition and no-solicitation terms.

### Severance Arrangements

The Company's Executive Severance Plan provides severance benefits to certain executive-level employees who are designated by the Board, including the executive officers named in the Summary Compensation Table (other than Ms. Johansen).

Severance benefits are payable for voluntary terminations as a result of a material alteration in position that has a detrimental impact on the executive's employment or involuntary terminations (including a Company-initiated resignation) for reasons other than cause. Severance payments generally equal one or two times the executive's annual cash compensation, three months of health insurance benefits and outplacement services.

The Executive Severance Plan also provides enhanced severance benefits in the event of certain terminations during the 24-month period following a qualifying change-in-control transaction. Executives designated by the Board are eligible for change-in-control benefits resulting from either a Company-initiated termination without cause or a resignation generally within two months after a material alteration in position or compensation. If qualified for the enhanced severance benefits, an executive would receive severance pay in an amount equal to either two, two and one-half or three times the annual cash compensation of such executive, depending on the level set by the Board. The Company is required to make an additional payment to compensate the executive for the effect of any excise tax. The executive would also receive continuation of subsidized health insurance from six to 24 months depending on length of service and outplacement services.

### Retirement Plans

The Company has adopted non-contributory defined benefit retirement plans for its employees, other than employees subject to collective bargaining agreements that do not provide for coverage. Certain executive officers, including the executive officers named in the Summary Compensation Table, are also eligible to participate in the Company's nonqualified Supplemental Executive Retirement Plan (the "SERP"). The following description assumes participation in both the Retirement Plan and the SERP. Participants receive benefits at retirement payable for life based on length of service with the Company and average pay in the 60 consecutive months of highest pay out of the last 120 months, and pay for this purpose would include salary and annual incentive plan payments reflected in the Summary Compensation Table above. Benefits are based on 50.0% of final average pay plus 1% of final average pay for each year the Company meets certain performance goals set for each fiscal year by the Board of Directors. The maximum benefit is 65% of final average pay. Participant may also elect actuarially equivalent alternative forms of benefits. Retirement benefits are reduced to reflect social security benefits as well as certain prior employer retirement benefits. Participants are entitled to receive full benefits upon retirement after age 60 with at least 15 years of services. Participants are also entitled to receive reduced benefits upon early retirement after age 55 or after age 50 with at least 15 years service and five years of participation in the SERP.

The following table shows the estimated annual retirement benefit payable upon retirement at age 60 as of March 31, 2005. Amounts in the table reflect payments from the retirement plan and the SERP ( the plans ) combined prior to any offset of projected social security benefits and benefits paid from any prior employer plan.

Estimated Annual Pension At Retirement <sup>(a)</sup>

Annual Pay at Retirement Date	Years of Service <sup>(b)</sup>			
	5	15	25	30
\$ 200,000	\$ 43,333	\$ 130,000	\$ 130,000	\$ 130,000
400,000	86,667	260,000	260,000	260,000
600,000	130,000	390,000	390,000	390,000
800,000	173,333	520,000	520,000	520,000
1,000,000	216,667	650,000	650,000	650,000

(a) The benefits shown in this table assume that the individual will remain in the employ of the Company until retirement at age 60, that the plans will continue in their present form and that the Company achieves its performance goals under the supplemental plan in all years.

(b) The number of credited years of service used to compute benefits under the plans are four for Ms Johansen, four for Mr Haller, twenty five for Mr Pittman, nineteen for Mr Walje and seventeen for Mr Wright.

Retention Agreements

To retain executives who would otherwise have had the right to resign for any reason between 12 and 14 months following the ScottishPower Merger and qualify for the enhanced change-in-control supplemental retirement benefits, the Company entered into retention agreements with qualifying executives (Messrs, Pittman and Walje). Those retention agreements provided for the same enhanced supplemental retirement benefits if the qualifying executives satisfied the retention criteria. Qualifying executives were required to waive their rights to unilaterally resign and receive the enhanced supplemental retirement benefits, but they are now eligible to receive these same enhancements since they have continued employment through the established retention date of December 1, 2002.

These retention agreements also require qualifying executives to waive any rights to executive severance benefits, which they may have otherwise claimed due to material alterations in their positions as of the date of the retention agreement. Unless there is a subsequent involuntary termination or material alteration in position as defined in the Severance Plan, this waiver of severance benefits applies to these executives through November 28, 2004. The executives' waiver of severance benefits was in exchange for the enhanced supplemental retirement benefits described above, retention bonuses determined individually in the Company's discretion for each executive and special stock option awards that vest over a three-year retention period at 25.0% for each of the first two years and 50.0% in the third year.

As noted above, the retention agreement for Messrs, Pittman and Walje expired on November 28, 2004. The executives have satisfied the requirements of, and have received the remuneration and benefits payable under, those agreements.

**ITEM 7. CONTRIBUTIONS AND PUBLIC RELATIONS.**

The PacifiCorp Foundation for Learning is a qualified 501(c)(3) non-profit foundation created in 1988 and originally endowed by contributions from PacifiCorp and its subsidiaries. More recently, PacifiCorp made contributions of \$3 million in March 2003 and \$1 million in May 2004. Administrative expenses incurred by the Foundation, including salaries, travel expenses, supplies, etc., are charged to corporate cost center 11758. Each month the Foundation receives an invoice from PacifiCorp for all charges to CC11758, and payment is made to PacifiCorp from the Foundation's checking account at Wells Fargo Bank. However, the Foundation is not charged rent for use of space and computer equipment. The Foundation is charged for time spent by PacifiCorp personnel in accounting, the tax department and occasional administrative assistance.

For fiscal year 2005, the Foundation was charged and paid PacifiCorp for the following:

Labor	-	\$ 184,024
Legal fees	-	\$ 10,090
Prof. fees	-	\$ 22,231

**ITEM 8. SERVICE, SALES AND CONSTRUCTION CONTRACTS**

Excluding (i) transactions included in the annual report on Form U-13-60 of a service company, (ii) the sharing of costs of jointly owned facilities or jointly employed personnel, (iii) contracts for the purchase, sale or interchange of electricity or gas, and (iv) contracts between an exempt wholesale generator or a foreign utility company and a system company, as reported under Item 9, *infra*, provide the following information:

Part I. Furnish the information required by the following table as to contracts for services, including engineering or construction services, or goods supplied or sold by a system company to another system company, and state, in the tabulation or by footnote, the date of the contract and whether it remained in effect at year end.

See Attachment 4 Affiliated Services Detail.

Part II. Does any system company have a contract to purchase services or goods from any affiliate (other than a system company), or from a company in which any officer or director of the receiving company is a partner or owns 5% or more of any class of equity securities?

No

If the answer to Part II is yes, and the contract has not already been reported in Item 6, report such contracts in substantially the same detail as specified for Part I, also describing the affiliation.

Part III. Does any system company employ any other person for the performance on a continuing basis of management, supervisory or financial advisory services?

No

If the answer to Part III is yes, state the name of each such person, describe the contract, and the scope of the services and the annual consideration.

**ITEM 9. WHOLESALE GENERATORS AND FOREIGN UTILITY COMPANIES.**

**ITEM 11. EXECUTIVE COMPENSATION****PACIFICORP BOARD OF DIRECTORS REPORT ON EXECUTIVE COMPENSATION****Introduction**

The PacifiCorp Board of Directors submits this report on executive compensation, which outlines the compensation provided to PacifiCorp's executive officers. The Remuneration Committee of the ScottishPower Board of Directors, assisted by its outside advisors, has the responsibility to approve compensation levels and executive compensation plans for the PacifiCorp Chief Executive Officer and the ScottishPower Human Resources Director, who also serves as a PacifiCorp executive officer, and to review compensation for other executive officers and senior management of PacifiCorp. The Remuneration Committee is composed entirely of independent, non-executive directors. With the exception of any compensation requiring review by the Remuneration Committee, the Compensation Committee of the PacifiCorp Board of Directors, consisting of the ScottishPower Chief Executive Officer, the PacifiCorp Chief Executive Officer and the ScottishPower Human Resources Director, has responsibility for approving compensation levels and executive compensation plans for executive officers of PacifiCorp. The Remuneration Committee must approve any stock-based compensation to PacifiCorp executive officers, all of which is in the form of ScottishPower equity. The following describes the components of PacifiCorp's executive compensation program and the basis upon which recommendations and determinations were made for the year ended March 31, 2005.

**Compensation Philosophy**

PacifiCorp's philosophy is that executive compensation, including that of its Chief Executive Officer, should be linked closely to corporate and operational performance, customer service and increases in shareholder value. PacifiCorp's executive compensation program has the following objectives:

- (i) provide competitive total compensation that enables PacifiCorp to attract and retain key executives;
- (ii) provide variable compensation opportunities that are linked to PacifiCorp, operational area, and individual performance; and
- (iii) establish an appropriate balance between incentives focused on short-term objectives and those encouraging sustained performance improvements and increases in shareholder value.

Qualifying compensation for deductibility under Internal Revenue Code Section 162(m) is one of the factors the PacifiCorp Compensation Committee considers in designing PacifiCorp's incentive compensation arrangements for executive officers. Internal Revenue Code Section 162(m) limits to \$1.0 million the annual deduction by a publicly held corporation of compensation paid to any executive officer, except with respect to certain forms of incentive compensation that qualify for exclusion. Although it is the intent to design and administer compensation programs that maximize deductibility, the Remuneration Committee and the Compensation Committee view the objectives outlined above as more important than compliance with the technical requirements necessary to exclude compensation from the deductibility limit of Internal Revenue Code Section 162(m). Nevertheless, the Remuneration Committee and the Compensation Committee believe that nearly all compensation paid to the executive officers for services rendered in the year ended March 31, 2005, is fully deductible.

**Compensation Program Components**

During the year ended March 31, 2005, the compensation programs were focused on market-based comparisons on the relevant industry for each executive officer. The electric utility industry was utilized as the exclusive basis for market comparison for positions with a principal focus on electric operations. For positions with a corporate-wide focus, the general industry and electric utility industry were used for market comparison. In all cases, compensation is targeted at market median levels, with an assumption that total compensation greater than market median, in any specific time period, anticipates that PacifiCorp and industry performance exceeds the median performance of peer companies.

PacifiCorp's executive compensation programs have three principal elements: base salaries, annual incentive compensation and long-term incentive compensation, as described below.

### **Base Salaries**

Base salaries and target incentive amounts are reviewed for adjustment at least annually based upon competitive pay levels, individual performance and potential, and changes in duties and responsibilities. Base salary and the incentive target are set at a level such that total annual compensation for satisfactory performance would approximate the midpoint of pay levels in the comparison group used to develop competitive data. In the year ended March 31, 2005, the base salary of each executive officer was increased, based on market analysis, to reflect competitive market changes, individual performance and changes in the responsibilities of some officers.

### **Annual Incentive Compensation**

All PacifiCorp executive officers, including those listed in the Summary Compensation Table, participated in PacifiCorp's Annual Incentive Plan (the AIP). Performance goals were based on PacifiCorp performance, operational performance and individual performance, and may include ScottishPower performance based on the level, influence and impact of the officer.

### **Long-Term Incentive Compensation**

Historically, the PacifiCorp Board of Directors annually reviewed and approved grants of restricted stock and stock options under the PSIP until the PSIP was assumed by ScottishPower in connection with its acquisition of PacifiCorp in 1999. On November 29, 2001, the PSIP expired. Restricted stock and stock option awards made under the PSIP on or before April 24, 2001, relate to ScottishPower American Depository Shares or Ordinary Shares ( Ordinary Shares ) and will continue to remain outstanding until such time as they vest, are exercised or expire.

Restricted stock awards under the PSIP are subject to terms, conditions and restrictions consistent with the PSIP and the best interests of the shareholders. In general, restricted stock awards vest over a four-year period from the date of grant, subject to compliance with the stock ownership and other terms of the grant. The restrictions include stock transfer restrictions and forfeiture provisions designed to facilitate the participants' achievement of specified stock ownership goals. Participants are also required to invest their own personal resources in ScottishPower American Depository Shares or Ordinary Shares in order to meet the vesting requirements associated with these grants.

In April 2004, the Remuneration Committee approved grants of stock options and performance share awards under ScottishPower's Executive Share Option Plan 2001 (the ExSOP) and the Long-Term Incentive Plan (the LTIP), respectively, for a select group of executive officers and other senior managers. ExSOP and performance share grants were awarded to PacifiCorp senior managers in May 2004. See below for the LTIP awards. The May 2004 grants were the last stock options awarded under the ExSOP. Stock options granted under the ExSOP on or before May 27, 2004, will continue to remain outstanding until such time as they are exercised or expire.

All stock options awarded to executive officers and senior management of PacifiCorp in the years ended March 31, 2005, 2004 and 2003 are non-statutory, non-discounted options with a three-year vesting requirement and a 10-year term from the date of the grant. The stock options awarded during the year ended March 31, 2003, included two separate grants. The first was a standard grant of options, each of which has a three-year vesting schedule starting on the first anniversary of the grant date, and the second was a onetime enhanced grant of options, each of

## Edgar Filing: SCOTTISH POWER PLC - Form U5S

which vests three years after the grant date based on performance.

In May 2004, the Remuneration Committee approved a new program to replace the ExSOP, called the Deferred Share Program, which is part of the AIP for executive officers and senior management. Eligible employees will receive an increase to their AIP maximum target incentive payment, with the increase paid in ScottishPower American Depository Shares. The Deferred Share Program is effective beginning with the year ended March 31, 2006.

The LTIP provides for awards of performance shares that link the rewards closely between management and shareholders and focus on long-term corporate performance. The awards will vest only if the Remuneration Committee is satisfied that certain threshold customer service and financial performance measures are achieved. The number of shares that actually vest depends upon ScottishPower's comparative Total Shareholder Return performance over a three-year performance period. Vested shares are released to participants only after the conclusion of the performance period.

The PacifiCorp Board of Directors report on executive compensation detailed above has been submitted by all the members of the PacifiCorp Board of Directors, as listed below:

Ian M. Russell, Chairman

Judith A. Johansen

Barry G. Cunningham

Nolan E. Karras

Andrew N. MacRitchie

Michael J. Pittman

A. Richard Walje

### **Executive Compensation**

The following table sets forth information concerning compensation for services in all capacities to PacifiCorp for the years ended March 31, 2005, 2004, and 2003 of the Chief Executive Officer of PacifiCorp and the next four other most highly compensated executive officers of PacifiCorp who were serving as executive officers at the end of the last completed fiscal year.

Amounts deferred are invested in ScottishPower American Depository Shares or a cash account on which interest is paid at a rate equal to the Moody's Intermediate Corporate Bond Yield for AA-rated Public Utility Bonds.
- (b) Salary includes foreign housing benefits paid to Mr. Wright. These amounts were \$39,380 for the year ended March 31, 2004, and \$53,961 for the year ended March 31, 2003.
- (c) Amounts in this column for the year ended March 31, 2003, include a promotion bonus in the amount of \$41,556 for Ms. Johansen.
- (d) Amounts shown for the year ended March 31, 2005, include:
- (i) Company contributions to the PacifiCorp Employee Savings and Stock Ownership Plan (the Savings Plan) of \$12,073 for Ms. Johansen, \$10,354 for Mr. Pittman, \$10,508 for Mr. Haller, \$10,315 for Mr. Walje and \$12,197 for Mr. Wright.
- (ii) Portions of premiums on term life insurance policies that PacifiCorp paid in the amounts of \$2,238 for Ms. Johansen, \$975 for Mr. Pittman, \$1,007 for Mr. Haller, \$955 for Mr. Walje and \$880 for Mr. Wright. These benefits are available to all employees.
- (iii) Annual vehicle allowances paid to Ms. Johansen and Messrs. Pittman, Haller, Walje and Wright in the amounts of \$9,000 each. The amount of annual vehicle allowance for Mr. Wright was \$10,350 for the year ended March 31, 2004, and \$10,800 for the year ended March 31, 2003.
- (iv) Relocation benefits paid to Mr. Walje of \$62,849 for the year ended March 31, 2004.
- (v) Additional international assignment payments to Mr. Wright of \$27,739 for the year ended March 31, 2005, \$45,299 for the year ended March 31, 2004, and \$56,656 for the year ended March 31, 2003, for cost of living and foreign service premium. Also includes international assignee localization payments to Mr. Wright of \$101,609 for the year ended March 31, 2005.
- (e) On March 31, 2005, the aggregate value of all restricted stock holdings, based on the market value of ScottishPower American Depository Shares at March 31, 2005, without giving effect to the diminution of value attributed to the restrictions on such stock, was \$38,220 for Ms. Johansen, \$14,352 for Mr. Pittman, \$30,420 for Mr. Haller and \$14,352 for Mr. Walje. The aggregate number of restricted share holdings was 1,225 for Ms. Johansen, 460 for Mr. Pittman, 975 for Mr. Haller and 460 for Mr. Walje. Regular quarterly dividends are paid on the restricted stock. Participants may defer receipt of restricted stock awards to their stock accounts under the Compensation Reduction Plan.
- (f) Represents the dollar value of restricted stock shares awarded under the PSIP prior to PacifiCorp's acquisition by ScottishPower that vested and were distributed to the named officer in the form of ScottishPower American Depository Shares.
- (g) Represents the number of ScottishPower American Depository Shares contingently granted in 2005, 2004 and 2003 that can be earned under the terms of the LTIP.

**Option Grants in Last Fiscal Year**

The following table sets forth information regarding options to purchase ScottishPower American Depository Shares granted during the year ended March 31, 2005, to each named executive officer under the ExSOP. All options become exercisable for one-third of the shares covered by the option on each of the first three anniversaries of the grant date.

### **Long-Term Incentive Plan Awards in the Last Fiscal Year**

The following table sets forth information regarding awards made in the year ended March 31, 2005, to each named executive officer under the LTIP. Each LTIP award entitles the executive officer to acquire, at no cost, the number of ScottishPower American Depository Shares listed in the table, less any withholding for applicable taxes. An award will only vest if the Remuneration Committee is satisfied that certain performance measures related to the sustained underlying financial performance of the ScottishPower group and improvements in customer service standards are achieved over a period of three years commencing with the fiscal year preceding the date an award is made. The number of shares that vest depend upon ScottishPower's comparative Total Shareholder Return performance over the three-year performance period. Total Shareholder Return performance is measured against a peer group of major international energy companies. No shares vest unless ScottishPower's Total Shareholder Return performance is at

least equal to the median performance of the peer group, at which point 40% of the initial award vests. If ScottishPower's performance is equal to or exceeds the top quartile, 100% of the shares vest. The number of shares that vest for performance between these two points is determined on a straightline basis. Participants may acquire the vested shares at any time after the third anniversary of grant.

### Employment Agreements

On September 29, 2003, Ms. Johansen and PacifiCorp executed an employment agreement providing for a base salary of \$700,000 and a maximum annual incentive award of 75.0% of base salary. Under the agreement, she is eligible for participation in the LTIP, the ExSOP and the Retirement Plan referred to below, in addition to other benefit plans available for senior-level executives of PacifiCorp. The employment agreement continues until March 31, 2021, unless terminated by either party. Ms. Johansen or PacifiCorp may terminate the employment agreement at any time for any reason. However, if Ms. Johansen resigns from PacifiCorp due to a material alteration in compensation or assignment or following a company-initiated relocation, or if PacifiCorp terminates Ms. Johansen without cause, then Ms. Johansen will be entitled to one year's base salary, car allowance and bonus (as modified pursuant to the terms of the employment agreement). Additionally, Ms. Johansen agreed to standard confidentiality, non-competition and non-solicitation terms.

On December 9, 2004, Mr. Pittman and PacifiCorp executed an employment agreement providing for a base salary of \$325,000 and a maximum annual incentive award of 100.0% of base salary (unless otherwise modified by the Remuneration Committee). Under the agreement, he is eligible for participation in the LTIP, the ExSOP and the Retirement Plan, in addition to other benefit plans available for senior level executives of PacifiCorp. The employment agreement continues until Mr. Pittman reaches the age of 65, unless terminated by either party. Mr. Pittman or PacifiCorp may terminate the employment agreement at any time for any reason. However, if Mr. Pittman resigns from PacifiCorp due to a material alteration in compensation or assignment or following a company-initiated relocation, or if PacifiCorp terminates Mr. Pittman without cause, then Mr. Pittman will be entitled to one year's base salary, car allowance and bonus (as modified pursuant to the terms of the employment agreement). Additionally, Mr. Pittman agreed to standard confidentiality, non-competition and non-solicitation terms.

### Severance Arrangements

PacifiCorp's Executive Severance Plan provides severance benefits to certain executive-level employees who are designated by the PacifiCorp Board of Directors, including the executive officers named in the Summary Compensation Table (other than Ms. Johansen).

Severance benefits are payable by PacifiCorp for voluntary terminations as a result of a certain material alterations in position or compensation that have a detrimental impact on the executive's employment or involuntary terminations (including a PacifiCorp-initiated resignation) for reasons other than cause. Severance payments generally equal one or two times the executive's annual cash compensation, three months of health insurance benefits and outplacement services.

The Executive Severance Plan also provides enhanced severance benefits in the event of certain terminations during the 24-month period following a qualifying change-in-control transaction. Executives designated by the PacifiCorp Board of Directors are eligible for change-in-control benefits resulting from either a PacifiCorp-initiated termination without cause or a resignation generally within two months after certain material alterations in position or compensation. If qualified for the enhanced severance benefits, an executive would receive severance pay in an amount equal to either two, two and one-half or three times the annual cash compensation of the executive, depending on the level set by the PacifiCorp Board of Directors. PacifiCorp is required to make an additional payment to compensate the executive for the effect of any excise tax. The executive would also receive continuation of subsidized health insurance from six to 24 months, depending on length of service, and outplacement services.

## Retirement Plans

PacifiCorp has adopted non-contributory defined benefit retirement plans for its employees, other than employees subject to collective bargaining agreements that do not provide for coverage. Certain executive officers, including the executive officers named in the Summary Compensation Table, are also eligible to participate in PacifiCorp's non-qualified Supplemental Executive Retirement Plan (the SERP). The following description assumes participation in both the Retirement Plan and the SERP. Participants receive benefits at retirement payable for life based on length of service with PacifiCorp and average pay in the 60 consecutive months of highest pay out of the last 120 months, and pay for this purpose would include salary and AIP payments reflected in the Summary Compensation Table above. Benefits are based on 50.0% of final average pay plus 1.0% of final average pay for each year that PacifiCorp meets certain performance goals set for each fiscal year by the PacifiCorp Board of Directors. The maximum benefit is 65.0% of final average pay. Participants may also elect actuarially equivalent alternative forms of benefits. Retirement benefits are reduced to reflect social security benefits as well as certain prior employer retirement benefits. Participants are entitled to receive full benefits upon retirement after age 60 with at least 15 years of service. Participants are also entitled to receive reduced benefits upon early retirement after age 55 or after age 50 with at least 15 years of service and five years of participation in the SERP.

The following table shows the estimated annual retirement benefit payable upon retirement at age 60 as of March 31, 2005. Amounts in the table reflect payments from the Retirement Plan and the SERP combined, prior to any offset of projected social security benefits and benefits paid from any prior employer plan.

### Estimated Annual Pension at Retirement <sup>(a)</sup>

Final Average Pay at Retirement Date	Years of Service <sup>(b)</sup>			
	5	15	25	30
\$200,000	\$ 43,333	\$ 130,000	\$ 130,000	\$ 130,000
400,000	86,667	260,000	260,000	260,000
600,000	130,000	390,000	390,000	390,000
800,000	173,333	520,000	520,000	520,000
1,000,000	216,667	650,000	650,000	650,000

(a) The benefits shown in this table assume that the individual will remain in the employ of PacifiCorp until retirement at age 60, that the Retirement Plan and the SERP will continue in their present form and that PacifiCorp achieves its performance goals under the SERP in all years.

(b) The number of credited years of service used to compute aggregate benefits under the Retirement Plan and the SERP are four for Ms. Johansen, four for Mr. Haller, 25 for Mr. Pittman, 19 for Mr. Walje and 17 for Mr. Wright.

## Retention Agreements

To retain executives who would otherwise have had the right to resign for any reason between 12 and 14 months following the merger with ScottishPower and qualify for the enhanced change-in-control supplemental retirement benefits, PacifiCorp entered into retention agreements with qualifying executives (Messrs. Pittman and Walje). Those retention agreements provided for the same enhanced supplemental retirement benefits if the qualifying executives satisfied the retention criteria. Qualifying executives were required to waive their rights to unilaterally resign and receive the enhanced supplemental retirement benefits, but they are now eligible to receive these same enhancements since they have continued employment through the established retention date of December 1, 2002.

These retention agreements also required qualifying executives to waive any rights to executive severance benefits, which they may have otherwise claimed due to material alterations in their positions as of the date of the retention agreement. Unless there was a subsequent involuntary termination or material alteration in position as defined in the Severance Plan, this waiver of severance benefits applied to these executives through November 28, 2004. The executives' waiver of severance benefits was in exchange for the enhanced supplemental retirement benefits described above, retention bonuses determined individually in PacifiCorp's discretion for each executive and special stock option awards that vested over a three-year retention period at 25.0% for each of the first two years and 50.0% in the third year.

As noted above, the retention agreements for Messrs. Pittman and Walje expired on November 28, 2004. The executives have satisfied the requirements of, and have received the remuneration and benefits payable under, those agreements.

**ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS**

All common shares of PacifiCorp are indirectly owned by Scottish Power plc, 1 Atlantic Quay, Glasgow, G2 8SP, Scotland. PacifiCorp has no compensation plans under which equity securities of PacifiCorp are authorized to be issued.

The following table sets forth certain information as of March 31, 2005, regarding the beneficial ownership of Ordinary Shares by (1) each of the executive officers named in the Summary Compensation Table under Item 11. Executive Compensation above, (2) each director of PacifiCorp as detailed under Item 10. Directors and Executive Officers of the Registrant, and (3) all executive officers and directors of PacifiCorp as a group. As of March 31, 2005, each of the directors and executive officers identified above and all directors and executive officers of PacifiCorp as a group owned less than 1% of the outstanding Ordinary Shares.

## Remuneration Report of the Directors

- 1 Ø **Consideration of Remuneration Matters by the Directors**
- 2 Ø **Statement of Remuneration Policy**
- 3 Ø **Elements of the Remuneration Package 2004/05**

### 1 Consideration of Remuneration Matters by the Directors

The ScottishPower Board is responsible for determining the remuneration policy for the ScottishPower group. The Remuneration Committee, with delegated authority from the Board, determines the detail of remuneration arrangements for the Executive Team, including the executive directors, and reviews proposals in respect of other senior executives. The relationship between the Board and the Committee is based on formal Terms of Reference, which are available on the company's website, and are regularly reviewed to ensure that they reflect best practice.

The Remuneration Committee consists solely of independent non-executive directors. Its members are Nolan Karras (Chairman), Euan Baird, Donald Brydon, Philip Carroll, Nick Rose and Nancy Wilgenbusch (the latter two directors were both appointed to the Committee on 1 June 2004). Sir Peter Gregson was Chairman of the Committee, and Mair Barnes was a member, until their retirement from the Board at the AGM on 23 July 2004. These members have no personal financial interest, other than as shareholders, in the matters considered by the Committee. Details of the payments made to all non-executive directors are set out in Table 48 (page 101).

The Chairman of the company, Charles Miller Smith, and the Chief Executive, Ian Russell, are invited to attend meetings and may provide guidance on the impact of remuneration policy and advise, as appropriate, on the performance of senior executives. They are not present during any discussion of their own remuneration. The Terms of Reference contain conflict of interest provisions to ensure that no directors are involved in any decision relating to their own remuneration.

The Committee is able to draw on advice from independent remuneration consultants and internal expertise. Towers, Perrin, Forster & Crosby, Inc., ( Towers Perrin ) act as remuneration consultant and independent advisor to the Committee. Towers Perrin's appointment by the Committee followed a competitive tendering exercise. Towers Perrin also provides remuneration and other human resources consultancy services directly to some ScottishPower companies within parameters established by the Committee. The Terms of Reference of the independent remuneration advisors are available on the company's website. Company executives whom the Committee may consult include the Group Company Secretary, (who acts as Secretary to the Committee), the Group Director, Human Resources, the Director Group Talent Management and Reward, and the Head of Group Reward. The Terms of Reference of the Remuneration Committee empower it to avail itself of external legal and professional advice at the expense of the company.

The Committee met on two occasions during the year ended 31 March 2005.

During the year, the Board accepted all of the recommendations from the Committee without significant amendment.

## Remuneration Report of the Directors

### 2 Statement of Remuneration Policy

#### Philosophy and Policy

ScottishPower seeks to ensure that remuneration and incentive schemes are in line with best practice, provide a strong link to individual and company performance and promote a community of interest between employees and shareholders.

Rewards for executives and directors are designed to attract and retain individuals of high quality, who have the requisite skills and are incentivised to achieve levels of performance which exceed that of competitor companies. As such, remuneration packages must be market-competitive and capable of rewarding exceptional performance. All senior management remuneration packages are set according to a mid-market position, with packages above the mid-market level provided only where supported by demonstrably superior personal performance. Remuneration packages are developed to reflect the prevailing market practice in each business environment.

Annual bonus arrangements have been structured so that stretching targets are based on corporate, business unit and individual performance.

The company operates a Personal Shareholding Policy ( PSP ), requiring executives and key senior managers to build-up and retain a shareholding in the company in proportion to their annual salaries. These proportions are three times base salary for the Chief Executive and two times base salary for other executive directors. The Committee expects PSP participants to have accumulated their respective shareholding targets within eight years of the introduction of the Policy, that is by the end of May 2008, or eight years after the first award under any discretionary share plan for external appointees to the Board. The Committee reviews this policy regularly to ensure that it is in line with evolving best practice and in the interests of shareholders.

In setting remuneration levels, the Committee commissions an independent evaluation of the roles of the Executive Team. The Committee takes independent advice from Towers Perrin on market-level remuneration, based on comparisons with other companies of similar size and complexity, including the major utility companies, with which the company competes for executive talent.

The Committee recognises the importance of linking rewards to business and personal performance and believes that the arrangements detailed below provide an appropriate focus on performance and balance between short- and long-term incentives. The annual bonus plan and long-term incentive arrangements are expected to provide 51% of total reward for the achievement of stretching target objectives. Higher proportions of performance-based reward are available for the delivery of exceptional personal and business performance resulting in enhanced shareholder value.

The Committee constantly monitors market practice in order to remain competitive, to ensure that reward policy supports company strategy and to reflect good corporate governance practice. The Long Term Incentive Plan will expire at the 2006 AGM having reached the end of its ten-year lifespan. The Committee will, therefore, design an appropriate new long-term incentive plan for shareholder approval at the 2006 AGM. Prior to this the Committee will consult with major shareholders. At this time, no other substantial changes to the company's policies with regard to directors' remuneration are envisaged over the next year and in subsequent years. However, the Committee may develop policy and, should it determine any changes to be appropriate, will report such changes to shareholders through established channels of consultation and reporting.

### 3 Elements of the Remuneration Package 2004/05

#### Base Salaries

The Committee sets base salaries for the Executive Team by reference to individual performance through a formal appraisal system applied to all management employees, and to external market data, reflecting similar roles in comparable companies. Account is also taken of salary increases and employment conditions across the company.

#### Annual Performance-Related Bonus

Executive directors and senior management participate in the company's performance-related annual incentive plans. Any payments to UK executives under the plans are non-pensionable and are determined by the Committee following assessment against stretching pre-determined targets. In line with US market practice, a proportion of bonus paid to US senior executives, including Judi Johansen the CEO of PacifiCorp, is pensionable.

The maximum annual incentive payment available to executive directors is 100% of base salary. 75% of any award is paid immediately in cash and 25% is deferred into company shares that are released to the individual after 3 years.

The 2004/05 annual incentive plan for the Chief Executive was based 45% on the achievement of key company financial targets, including Earnings per Share (EPS), interest cover, cash flow and return on capital. A further 45% was based on the achievement of key strategic objectives (including appropriate pre-determined targets in relation to customer service and health and safety, amongst others) and 10% was based on cultural and leadership behaviours.

For the other four executive directors, 25% of bonus was based on the achievement of key company financial targets, 25% was based on the achievement of key strategic objectives, 40% on the achievement of the appropriate function/division balanced scorecard targets (with financial metrics and performance targets relating to the function/division, including, where appropriate, customer service and health and safety metrics) and 10% was based on cultural and leadership behaviours.

Objectives are set annually by the Committee and performance against these is reviewed by the Committee at the half year and year end. In determining annual incentive payments for 2004/05, the Remuneration Committee gave detailed consideration to outturn against target in relation to company, divisional/functional and personal performance.

Payments made to executive directors were within the range of 53% to 96% of the maximum available opportunity.

### **Executive Share Plans**

The company currently operates a performance share plan, known as the Long Term Incentive Plan ( LTIP ) for executive directors and other senior managers. In May 2004, the company made the final award under the Executive Share Option Plan 2001 ( ExSOP ).

Under the LTIP, awards to acquire shares in ScottishPower at nil or nominal cost are made to the participants up to a maximum value, at the time of grant, equal to 75% of base salary. The award will vest only if the Committee is satisfied that there has been sustained underlying performance of the company and, to this end, certain gateway performance targets are measured and the Committee reviews performance against these measures when determining if awards vest. The measures relate to the key financial performance indicators of the company and customer service standards. These measures provide a mechanism to safeguard stakeholder interests and provide an overview of the financial and operational success of the business.

The number of shares which actually vest is dependent upon the company's comparative Total Shareholder Return ( TSR ) performance, over a three-year performance period. TSR measures ScottishPower's comparative performance against key competitors and only provides rewards if ScottishPower is at least equal to the median performance of appropriate comparators. The Committee chose TSR as the performance measure for the LTIP as it believes that it provides a clear link to the creation of shareholder value.

LTIP awards were granted to 54 directors and senior executives during the year (Award 9). TSR performance is measured against an international comparator group of 37 major energy companies, as identified below.

AES Corp; American Electric Power Inc; Calpine Corp; Centrepont Energy Inc; Centrica; Chubu Electric Power Co Inc; CLP Holdings Limited; Constellation Energy Group Inc; Dominion Resources Inc; Duke Energy Corp; Dynegy Inc; Edison International; El Paso Corp; Electrabel SA; Electricidade de Portugal SA; Endesa SA; Ente Nazionale per l'Energia Elettrica SpA (Enel); Entergy Corp; Exelon; FirstEnergy Corp; FPL Group Inc; Gas Natural SDG SA; Iberdrola SA; Kansai Electric Power Co Inc; National Grid Transco plc; PPL Corp; Progress Energy Inc; Public Service Enterprise Group Inc; RWE AG; Scottish and Southern Energy plc; Southern Company Inc; Tenaga Nasional Bhd; Tokyo Electric Power Co Inc; TXU Corp; Union Fenosa; Williams Companies Inc; and Xcel Energy Inc.

No shares vest unless the company's TSR performance is at least equal to the median performance of the comparator group, at which point 40% of the initial award vests. 100% of the shares vest if the company's performance is equal to or exceeds the top quartile. The number of shares that vest for performance between these two points is determined on a straight-line basis.

For LTIP Award 6, which had the potential to vest during the year, TSR performance was measured against a similar composition of international energy companies over the three-year period to 31 March 2004. After careful consideration, the Committee determined that the gateway measures relating to the financial and customer service performance of the company had been achieved. As the company was ranked at

## Edgar Filing: SCOTTISH POWER PLC - Form U5S

the median TSR performance level against the comparator group, 40% of the initial award vested. This meant that at the maximum level of participation whereby awards were made over shares with an initial value of 75% of base salary at May 2001, an award equal to 30% of base salary at May 2001, became available for exercise by participants in May 2004.

The Committee has approved the operation of the LTIP for 2005/06 and will continue to focus on performance and potential in determining LTIP participation. As an additional incentive and retention tool, the Committee will include selected key high potential/high performance individuals in the LTIP as identified by the talent management process (if not already at a level that qualifies for participation). The Committee has also agreed that participants who would normally receive an LTIP award as a result of their level in the company will only do so if they achieve a certain pre-determined level of performance as determined by the company's performance management system. No significant changes to the operation of the LTIP have been implemented for 2005/06 and this will be the final grant under this plan as it will reach the end of its 10-year lifespan.

ExSOP awards were granted at market value to 300 senior executives including the Executive Directors in May 2004. Executive directors in post at May 2004 received an award of options with a value equivalent to 200% of base salary. Options granted to UK executives under the ExSOP are subject to the performance criterion that the average annual percentage increase in the company's EPS be at least 3% (adjusted for any increase in the Retail Price Index). The Committee believes that EPS is an appropriate measure for the purposes of testing the ExSOP because it is based on the underlying financial performance of the company. This criterion is assessed at the end of the third financial year, the first year being the financial year starting immediately before the date of grant. If not satisfied on the third anniversary, the criterion may be retested, from the same base, on the fourth and fifth anniversaries of grant. Unvested options lapse at the fifth anniversary. The Company will make no further awards under the ExSOP.

### **Performance Graph**

The Directors' Remuneration Report Regulations require that a graph be presented showing the company's TSR performance against the TSR performance of a broad equity market index over a five-year period. The FTSE 100 has been chosen because

## Remuneration Report of the Directors

it is the principal index in which the company's shares are quoted. The graph below presents the comparative TSR performance of the company during the period 1 April 2000 – 31 March 2005. The graph shows that ScottishPower has outperformed the index over this period.

This graph looks at the value (net of withholding tax), at 31 March 2005, of £100 invested in ScottishPower on 31 March 2000 compared with that of £100 invested in the FTSE 100 Index. The other points plotted are the values at intervening financial year ends.

## All-Employee Share Plans

To facilitate high levels of share ownership by employees, the company operates three savings-related share ownership plans. These are all-employee Inland Revenue or Internal Revenue Service approved plans and are not subject to performance conditions. Participation is available to executive directors on the same basis as to all other eligible employees.

## Sharesave

Employees domiciled in the UK are eligible to participate in the ScottishPower all-employee Sharesave plan. Under this plan, options are granted over ScottishPower shares at a discount of 20% from the prevailing market price at the time of grant to eligible employees who commit to save up to £250 per month over a period of three or five years.

## Employee Share Ownership Plan ( ESOP )

The company operates an ESOP (also known as a Share Incentive Plan) for all UK domiciled employees. The ESOP enables employees to purchase shares in the company from pre-tax income up to the limits specified in the legislation. The value of these shares is at risk as they are not normally released until the legislation allows. The company matches these shares at no cost to the employee on a one-for-one ratio.

## Defined Contribution Savings Plan ( 401(k) )

Employees domiciled in the US are eligible to participate in a tax-beneficial savings plan (known as a 401(k) plan) provided for all US employees. The Plan provides for employee contributions up to statutory limits, which are matched by the company at 50% of the employee contribution up to the first 6% of pay (i.e. a 3% match). The company also makes an additional contribution of 2% of eligible pay for all participants. All contributions to the Plan are invested in a range of investment funds, including ScottishPower American Depositary Shares ( ADS ), at the discretion of the participant.

## Pension

The UK domiciled executive directors, and other UK senior managers of the company, are provided with pension benefits through the company's main pension scheme, and through an executive top-up pension plan which provides a maximum pension of two-thirds of final salary on retirement at age 63, reduced where service to age 63 is less than 20 years. Pensionable salary is normally base salary in the 12 months prior to leaving the company although there are prescribed mechanisms for calculating pensionable salary by averaging base salary over a period of up to three out of the last 10 years' service. The employee contributes 5% of salary to the scheme. Life assurance provision of four times pensionable salary and a widow's pension of half the executive's pension on death are provided.

UK domiciled individuals who joined the company on or after 1 June 1989 are subject to the Inland Revenue earnings cap, introduced by the Finance Act 1989. Entitlement to pension benefits above the cap cannot be provided through the company's approved pension scheme, and therefore arrangements on an unapproved basis have been made to provide total benefits for executives affected by the legislation as though there was no cap. The total liability calculated on an FRS 17 basis in respect of executives and senior employees arising in relation to unapproved benefits accrued for service for the year to 31 March 2005 was £1,520,900. The Trustee body of the Executive Top Up Plan is chaired by the Company Secretary.

The Committee has considered, at length, the company's response to the government's simplification of the pensions taxation regime to take effect on 6 April 2006 (A-day). In determining future executive pensions policy, the Committee ensured that no additional benefit would accrue to executive directors as a result of the taxation reform. The Committee has decided that the unapproved promise will remain the sole vehicle for providing executive pensions above the new Life Time Allowance.

The US domiciled executive director and other US senior managers of the company participate in a qualified defined benefit pension plan and a Supplemental Executive Retirement Plan. The defined benefit plan is a non-contributory retirement plan. Benefits vest after five years of service and are determined

by each employee's years of service with the company, final average pay (the highest 60 consecutive months of eligible pay over the last 120 months of employment) and age at retirement. Pay includes base pay plus annual incentive plan payments up to 10% of annual base pay. The amount of pay considered under the plan is further limited by statute. Benefits under the plan, plus benefits payable from the US Social Security system, at age 65 (normal retirement) are targeted to replace 60%-70% of final average pay after a full career (defined as 30 years) with the company.

As a US domiciled executive director, Judi Johansen participates in the PacifiCorp Supplemental Executive Retirement Plan (SERP) which provides additional retirement benefits to a select group of management or highly compensated employees as a means to attract and retain highly effective individuals. Participants receive benefits at retirement based on length of service with the company and average pay in the 60 consecutive months of highest pay out of the last 120 months, and pay for this purpose would include salary and annual incentive plan payments. Benefits are based on 50% of final average pay plus 1% of final average pay for each year that the Company meets certain performance goals set for each fiscal year by the Company. The maximum benefit is 65% of final average pay. Retirement benefits are reduced to reflect Social Security benefits as well as certain prior employer retirement benefits and other retirement benefits from the company's qualified retirement plan. Participants are entitled to receive full benefits upon retirement after age 60 with at least 15 years of service. Participants are also entitled to receive reduced benefits upon early retirement after age 55 or after age 50 with at least 15 years of service and 5 years of participation in the supplemental plan.

The Committee has reported the pension expense in accordance with the requirements of the UK Listing Authority and Directors' Remuneration Report Regulations. Pension costs detailed in the Accounts are calculated as the cost of providing benefits accrued in the 2004/05 year, in accordance with appropriate accounting standards.

### **Benefits**

Executive directors are eligible for a range of benefits on which they are assessed for tax. These include the provision of a company car or a cash allowance in lieu of a car, fuel, private medical provision and permanent health insurance. The provision and level of benefits is reviewed regularly to ensure that practice is in line with the market.

The US domiciled executive director participates in post-retirement healthcare plans, subject to the eligibility criteria at termination from the company. Currently, those criteria are termination after age 55 with five or more years of service.

### **Service Contracts**

Ian Russell, Charles Berry and David Nish entered into revised service contracts with the company dated 3 June 2003. On appointment to the Board, Simon Lowth and Judi Johansen entered into new service contracts with the company on 1 September 2003 and 1 October 2003 respectively.

These are rolling contracts terminable by either party on no more than 12 months' notice. They contain a payment in lieu of notice provision that allows the company to terminate the contract immediately and a liquidated damages provision which provides for a payment to the director if the company terminates the contract unlawfully. The payment in lieu of notice and liquidated damages provisions are calculated by reference to 12 months' basic salary and contractual benefits (except bonus, pension and share-related incentives as set out below). With the exception of the US director, Judi Johansen, the company has the discretion to pay these amounts in full on termination of employment or, in line with emerging best practice, in instalments. If instalments are paid, an initial payment will be made in respect of six months' loss only. Further instalments may be

## Edgar Filing: SCOTTISH POWER PLC - Form U5S

paid if the director has not started alternative employment within six months of the termination date. The director will only receive payment in respect of 12 months' loss should he or she fail to start alternative employment within nine months of termination. If the director starts alternative employment within nine months of termination, the instalments will be reduced by the basic salary received by the director in his alternative employment. In line with US market practice any payments to be paid to the US director on unlawful termination of the contract shall be paid on regular Company pay dates or as otherwise agreed by both parties. If the director commences other employment within six months following termination of employment, severance pay and benefits will not be offset by any salary received from an alternative employer. If other employment commences after six months following termination of employment, any remaining severance pay due will be reduced by any salary or bonus received from alternative employment for the remainder of the severance pay period.

The director's entitlement under any performance related pay scheme for the period prior to termination will be unaffected as will any entitlement under any executive share scheme. In addition, the company will pay to the director an amount representing a proportion of his or her maximum annual bonus for the notice period based on the company's performance against its pre-determined financial objectives. This will be paid at the same time as annual bonuses are paid to other employees providing the director has complied with confidentiality obligations and any restrictive covenants and may be reduced if the director obtains alternative employment.

The service contract does not provide for any additional benefits where termination of a director is as a result of a change in control of the company.

If not otherwise terminated, the service contracts terminate automatically at Normal Retirement Age.

The company's policy is that all new directors will be offered service contracts on the terms outlined above.

### **Remuneration Report of the Directors**

The Committee's policy on early termination is to emphasise the duty to mitigate to the fullest extent practicable. Senior managers within the company have notice periods ranging from six months to one year.

The Chairman, Charles Miller Smith, does not have a service contract with the company.

The Remuneration Committee, in light of the expected timetable for obtaining regulatory approvals for PacifiCorp's sale to MidAmerican, approved a cash retention award for PacifiCorp's Chief Executive Officer, Judi Johansen, equal to one times base salary, which is contingent on the closing of PacifiCorp's sale to MidAmerican and also on her continued employment and her satisfactory performance of duties in the period through the sale's closing. She will receive 80% of the retention award upon the closing of the sale and the remaining 20% of the award 365 days from the date of the closing, provided there have been no breach of warranty claims against ScottishPower or PacifiCorp Holdings, Inc. under the Stock Purchase Agreement with MidAmerican.

### **External Non-Executive Appointments**

The company encourages its Executive Directors to become non-executive directors of other companies, provided that these appointments are not with competing companies, are not likely to lead to any conflicts of interest, and do not require extensive commitments of time which would prejudice their roles within the company. This serves to add to their personal and professional experience and knowledge, to the benefit of the company. Any fees derived from such appointments may be retained by the executives.

In this respect, during 2004/05 Charles Berry received a fee of £1,135 from the Securities Trust of Scotland in his position as non-executive director. No other Executive Director receives remuneration from their respective external non-executive roles.

### **Remuneration Policy for Non-Executive Directors**

The remuneration of non-executive directors is determined by the Chairman and the executive directors of the Board and consists of a base fee of £31,000 p.a., a committee membership fee of £5,000 p.a. (not paid to a committee chairman), a fee of £15,000 p.a. for chairing the Audit Committee and the Remuneration Committee, and an international travel fee of £1,000 for attending a tranche of meetings that involve a Transatlantic journey.

With effect from 1 April 2004, the Board introduced a fee of £10,000 p.a. for chairing the Group Finance Committee of the Board and £3,000 p.a. to be a member. Such fees are only paid to the independent non-executive directors who serve on the Group Finance Committee.

Effective from 1 August 2004, the Board introduced a fee of £10,000 p.a. for the role of Senior Independent Director.

## Edgar Filing: SCOTTISH POWER PLC - Form U5S

In line with best practice, the independent non-executive directors do not have service contracts, but are appointed under standard letters of appointment. They are not members of the company's pension schemes and do not participate in any bonus, share option or other profit or long-term incentive plan. Full details of the remuneration of the non-executive directors are contained in Table 48.

### **Compensation of Directors and Officers**

For US reporting purposes, it is necessary to provide information on compensation and interests for directors and officers. The aggregate amount of compensation paid by the group to all directors and officers of the company, as a group, was £7,488,467.

During 2004/05 the cost to the group to provide pension, retirement or similar benefits for directors and officers of the company pursuant to any existing plan provided or contributed to by the group was £4,720,784 (calculated in accordance with Statement of Standard Accounting Practice 24 Accounting for pension costs).

### **Interest of Management in Certain Transactions**

There have been no material transactions during the group's three most recent financial years, nor are there presently proposed to be any material transactions to which the company or any of its subsidiaries was or is a party and in which any director or officer, or 10% shareholder, or any relative or spouse thereof or any relative of such a spouse, who had the same home as such person or who is a director or officer of any subsidiary of the company has or is to have a direct or indirect material interest.

During the group's three most recent financial years there has been no, and at present there is no, outstanding indebtedness to the company or any of its subsidiaries owed or owing by any director or officer of the group or any associate thereof.

### **Directors' Interests**

Other than as disclosed, none of the directors had a material interest in any contract of significance with the company and its subsidiaries during or at the end of the financial year. The directors' interests, all beneficial, in the ordinary shares of the company, including interests in options under the company's ExSOP and Sharesave Scheme and awards under the LTIP, are shown on pages 102 to 105.

### **Directors' Emoluments**

Table 48 provides a breakdown of the total emoluments of the Chairman and all the directors in office during the year ended 31 March 2005.

### **Directors' Pension Benefits**

## Edgar Filing: SCOTTISH POWER PLC - Form U5S

Details of pension benefits earned by the executive directors during the year are shown in Table 49.

The following tables provide details of the remuneration, pensions and share interests of the directors and the information is audited.

## Other emoluments

\* Conversion rate used for Judi Johansen is £1 = \$1.846, being the average exchange rate during the year.

\*\* Nolan Karras and Nancy Wilgenbusch received emoluments in the US of £8,667 (2004 £9,637) and £2,709 respectively. These amounts relate to services to the Utah and Pacific regional advisory boards and are paid in the form of cash and shares. The amounts are included within Fees in the above table.

## Edgar Filing: SCOTTISH POWER PLC - Form U5S

(i) The emoluments of the highest paid director (Ian Russell) excluding pension contributions were £1,380,079 (2004 £1,097,144). Details of share related incentives are contained in Tables 50 and 51.

(ii) Ian Russell has an entitlement under the unapproved pension benefits described further in Table 49.

\* Part of Judi Johansen's benefits are provided in defined contribution form, through a company 401(k) plan. The figures in the table do not include any 401(k) element. The company contribution payable to the 401(k) plan in respect of Judi Johansen for the period 1 April 2004 to 31 March 2005 was £6,540. See also note (xi) regarding her potential entitlement to post-retirement healthcare benefits. The conversion rate used is £1=\$1.846 being the average exchange rate during the year.

- (i) The accrued entitlement of the highest paid director (Ian Russell) was £246,803 (2004 £208,489). During the year, retirement benefits were accrued under the defined benefits pension scheme in respect of five directors (2004 five directors).
- (ii) The transfer value of the increases after inflation (A) represents the current capital sum which would be required, using demographic and financial assumptions, to produce an equivalent increase in accrued pension and ancillary benefits, excluding the statutory inflationary increase, and after deduction of members' contributions. Although the transfer value represents a liability to the Pension Scheme in respect of approved benefits and to the company in respect of any unapproved benefits, it is not a single sum paid or due to be paid to the individual director and cannot therefore meaningfully be added to the annual remuneration. Instead, this value would not be payable until the director's retirement date, and thereafter would be spread over the remainder of his/her lifetime (and also covering the cost of dependants' benefits after his/her death).
- (iii) The total change in value (B) in the last column of the table above reflects the following elements:
1. changes to the economic and demographic assumptions underlying the transfer value basis over the year
  2. any increases in pensionable salary received during the year
  3. the completion of another year of pensionable service during the year

## Edgar Filing: SCOTTISH POWER PLC - Form U5S

4. the directors are a year closer to drawing their pensions, which increases their pension value (all other things being equal).

The change in the amount of the transfer values over the year includes the effect of fluctuations in factors that are beyond the control of the company and its directors, such as stockmarket movements and long-term interest rates.

- (iv) The accrued pension shown is that which would be paid annually on retirement based upon service to the end of the year. Members of the company's schemes have the option of paying additional voluntary contributions; neither the contributions nor the resulting benefits are included in the above table.
- (v) Directors who joined the UK pension scheme on or after 1 June 1989 are subject to the earnings cap, introduced in the Finance Act 1989. Pension entitlements which cannot be provided through the company's approved schemes, due to the earnings cap, are provided through unapproved pension arrangements, details of which are included in the Remuneration Report. The pension benefits disclosed above include approved and unapproved pension arrangements.
- (vi) The increase in UK accrued pension during the year excludes the increase due to RPI inflation as measured at December 2004 (3.5%).
- (vii) The value of directors' UK entitlements has been calculated on the basis of actuarial advice in accordance with Actuarial Guidance note GN11, in two parts: the approved element being based upon the normal cash equivalent transfer value assumptions; the unapproved element being calculated in line with FRS 17 assumptions. The value of the US director's entitlement has been calculated in line with FRS 17 assumptions.
- (viii) Transferred-in plan benefits represent pension rights accrued in respect of previous employments. The accrued pension shown at the end of the year includes transferred-in benefits.
- (ix) The total liabilities, calculated on a FRS17 basis, arising in relation to UK unapproved benefits for all executives and senior employees for service in the year to 31 March 2005 was £1,520,900 (2004 £934,100). This figure relates only to the cost of benefits accruing over the year but does not include any finance items. It therefore differs from the full FRS17 charge for unapproved benefits over the same period.
- (x) All benefits above are provided on a defined benefit basis.
- (xi) Judi Johansen may also be eligible to participate in the company's post-retirement healthcare plans, providing that she meets the eligibility criteria at the time she terminates or retires from the company. Currently that criteria is termination after age 55 with five or more years of service.

Between 31 March 2005 and 19 May 2005, Ian Russell, Charles Berry and David Nish each acquired 60 Partnership shares and 60 Matching shares as part of the regular monthly transactions of the Employee Share Ownership Plan; and Judi Johansen, Nolan Karras and Nancy Wilgenbusch acquired 394.0877, 30.8167 and 30.8167 ScottishPower ADSs (1,577, 123 and 123 Ordinary shares) respectively as part of the PacifiCorp Compensation Reduction Plan. Additionally, 1,225 ADSs (4,900 ordinary shares) held by Judi Johansen in the form of Unvested Restricted Stock in the PacifiCorp Stock Incentive Plan, vested and became non-forfeitable on 24 April 2005 and, in accordance with the deferral election executed by Judi Johansen, were all immediately transferred into the PacifiCorp Compensation Reduction Plan. Otherwise, there have been no changes to the directors' interests between 31 March 2005 and 19 May 2005.

# During the year, the performance period for the awards granted under the Long Term Incentive Plan on 4 May 2001 ended and, on the basis of the company's total shareholder return, 40% of shares under awards vested. These awards became exercisable either immediately or at any other time until the seventh anniversary of grant. The market price of ScottishPower ordinary shares at the date of grant of these awards was 432.35 pence and on 27 May 2004, being the date of vesting, was 396.75 pence. Long Term Incentive Plan awards granted before 2001 became exercisable on the fourth anniversary of grant. Awards granted in 2001 and subsequently became exercisable on the third anniversary of grant, as approved by shareholders.

Awards granted during the year were granted for no consideration. The market value of a ScottishPower shares at the date of grant was 396.75 pence.

\* Denotes options granted under a three year scheme.

\*\* The exercise of Executive Share Option Plan 2001 options by Judi Johansen on 1 June 2004 was over 30,912 ADSs at US\$23.55 per ADS and 20,491 ADSs at US\$24.40 per ADS. The exercise of PacifiCorp Stock Incentive Plan options by Judi Johansen on 1 June 2004 was over 57,350 ADSs at US\$25.06 per ADS and 43,850 ADSs at US\$25.70 per ADS. On 1 June 2004 the market value of a ScottishPower ADS was US\$29.51.

(i) The market price of the shares at 31 March 2005 was 409.0 pence and the range during 2004/05 was 377.5 pence to 446.75 pence.

(ii) The Long Term Incentive Plan makes annual awards to acquire shares in ScottishPower at nil or nominal cost to the plan participants up to a maximum value equal to 75% of base salary. The award will vest only if the Remuneration Committee is satisfied that certain performance measures related to the sustained underlying financial performance of the company and sustained underlying performance in certain Customer Service Standards are achieved over a period of three financial years commencing with the financial year preceding the date an award is made. Assuming that such targets have been achieved, the number of shares that can be acquired under awards granted before May 2001 was dependent upon how the company ranked in terms of its total shareholder return performance over a three year period, in comparison to the constituent companies of the FTSE 100 index and the Electricity and Water sectors. A percentage of each half of the award would vest depending upon the company's ranking within each of the comparator groups. For awards granted in May 2001 and subsequently, the company's total shareholder return performance is compared over a three year period against an international comparator group of major energy companies. A percentage of the award vests dependent upon the company's ranking within the comparator group. The plan participant may acquire the shares in respect of the percentage of the award which has vested at any time after the third year (or fourth year for awards granted before 2001) up to the seventh year after the grant of the award. No dividends accrue to participants prior to vesting.

- (iii) The company has granted options annually for the last four years under the Executive Share Option Plan 2001 to relevant executives and senior managers at nil or nominal cost. The exercise of options granted to UK executives and senior managers, and of those granted to Judi Johansen since her appointment to the board of ScottishPower, is subject to the performance criterion that the percentage increase in the company's annualised earnings per share be at least 3% (adjusted for any increase in the RPI). This criterion is assessed at the end of the third financial year, the first year being the financial year starting immediately before the date of grant. If the criterion is not satisfied over this period, it is tested again at the end of the fourth financial year. If the criterion is not satisfied over this period, it is tested again at the end of the fifth financial year. If the criterion is not satisfied over this period, then the options lapse. The exercise of options granted to US participants is not normally subject to the satisfaction of performance criteria, and they normally become exercisable as follows: one-third of the options from the first anniversary of the date of grant, a further one-third from the second anniversary and the final one-third from the third anniversary of the date of grant. In 2002, an additional, conditional share option award was made to some senior managers, including Judi Johansen, under the Executive Share Option Plan 2001. The exercise of these additional, conditional options is subject to the same exercise period and performance criterion as options granted to UK participants.
- (iv) On 21 August 2004, options granted on 21 August 2001 to Ian Russell, Charles Berry and David Nish under the Executive Share Option Plan 2001 vested following testing against the performance criterion and became exercisable immediately. The market price of ScottishPower ordinary shares on 21 August 2001 and 20 August 2004 (being the last trading date before 21 August 2004) was 475.99 pence and 390.25 pence respectively.
- (v) Options granted to Judi Johansen under the PacifiCorp Stock Incentive Plan and the Executive Share Option Plan 2001 are granted over ScottishPower ADSs. For the purposes of the above table, these options, in the case of Judi Johansen, have been converted to ordinary shares as follows: one ScottishPower ADS equals four ScottishPower ordinary shares. The US\$ ADS option prices were converted so that they may be represented in terms of ScottishPower ordinary shares. The prices were further converted at the closing exchange rate on 31 March 2005 of £1 = \$1.890 so as to be quoted in pence in the above table.

61,824 options granted to Judi Johansen on 2 May 2002 and a further 81,968 options granted on 10 May 2003 under the Executive Share Option Plan 2001 became exercisable on 2 May 2004 and 10 May 2004 respectively. The market price of ScottishPower ordinary shares on 2 May 2002, 9 May 2003 (being the last trading date before 10 May 2003), 30 April 2004 (being the last trading date before 2 May 2004) and 10 May 2004 was 411.5 pence, 376.25 pence, 383.25 pence and 378.00 pence respectively. 76,468 options granted on 24 April 2001 to Judi Johansen under the PacifiCorp Stock Incentive Plan became exercisable on 24 April 2004. The market price of ScottishPower ordinary shares on 24 April 2001 and 23 April 2004 (being the last trading date before 24 April 2004) was 477.00 pence and 391.75 pence respectively.

- (vi) The option price for Sharesave options is calculated by reference to the middle-market quotation on the day immediately preceding the date of invitation and discounted by 20% in accordance with the Inland Revenue rules for such schemes.

The number of options granted to a director under the Sharesave Scheme is calculated by reference to the total amount which the director agrees to save for a period of either three or five years under an Inland Revenue approved savings contract, subject to a current maximum.

- (vii) Total gains made on exercise of directors' share options and awards during the year were £623,361 (2004 £60,442). The conversion rate for gains made by Judi Johansen is £1 = \$1.846, being the average exchange rate during the year.

None of the directors has an interest in ordinary shares which is greater than 1% of the issued share capital of the company.

<sup>1</sup> Includes options granted under the Executive Share Option Plan 2001 and, where applicable, the PacifiCorp Stock Incentive Plan.

\* These shares represent, in each case, the maximum number of shares which the directors may receive, dependent on the satisfaction of performance criteria as approved by shareholders in connection with the Long Term Incentive Plan.

\*\* These shares represent the number of shares the directors are entitled to receive when the LTIP award becomes exercisable calculated according to the performance criteria measured over the three-year performance period.

These shares include the number of shares which the directors hold in the Employee Share Ownership Plan, shown below.
